from **CITY HIGHWAY GENRAL BUSINESS (HGB) to CITY PLANNED UNIT DEVELOPMENT – RESIDENTIAL (PUD-R)** +/- 8.823 acres with stipulations below:

ZONING CONDITIONS

1. The rezoning of the Subject Property to the Planned Unit Development–Residential (PUD-R) district shall be consistent with the technical and conceptual site plans submitted with the application and shall comply with the proposed minimum front, side, and rear setbacks, as well as the overall density of 10.08 units per acre.

2. The Subject Property shall be developed as maximum of eighty-nine (89) 'For Sale" Fee Simple Townhomes.

3. Applicant agrees the minimum floor area of all residential units shall be 1,400 sq. ft. Applicant also agrees that the maximum height of the overall development will adhere to the development standards outlined in the Unified Development Code.

4. The architectural style and composition of the buildings to be constructed on the Subject Property shall be in reasonable conformity to the architectural renderings/elevations submitted with the rezoning application and should include a mixture of components consisting of brick, stacked stone, and other cementitious components including Hardie plank and Hardie plank shake and similar products.

5. Compliance with the recommendations from the City Engineer and/or the City's Public Works Director with respect to stormwater management, hydrology and water quality requirements as outlined in the Unified Development Code.

6. Prior to issuance of a land disturbance permit, the applicant shall coordinate with a qualified geotechnical firm and civil engineer to design and implement measures to capture any groundwater encountered on-site associated with the spring ,subject to review and approval by the City Engineer and/or the City's Public Works Director.

7. Subject to review and approval by the City Engineer and the Public Works Department, all stormwater management components shall comply with the recommendations of the City of Kennesaw's Stormwater Management Division, including requirements related to stormwater management, hydrology, and water quality.

8. Applicant agrees to the protection of all required stream buffers affecting the Property; any potential impact to the stream(s) due to revisions to the site plans will require a variance.

9. Applicant shall create a mandatory Homeowners Association ("HOA") and prepare and file a Declaration of Covenant, Conditions and Restrictions ("CCRs") to be made applicable to the Property, which shall include, among other components, a restriction on the total number of units that may be rented at any one time to no

more than five percent (5%) of the total number of units.

10. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, stormwater management systems, driveways and parking lot.

11. Landscaping for the entrance area, signage areas, amenity and courtyard areas and all other common areas immediately surrounding the proposed buildings shall be professionally designed, implemented and maintained, which shall include the installation of an irrigation system in areas where appropriate.

12. The applicant agrees to the installation of a privacy fence constructed of solid weather resistant materials such as wood, wrought iron, with a height no greater than 8 ft along the portion of the rezoned parcel adjacent to existing commercial properties.

13. The developer agrees to construct all of the necessary roadways and infrastructure improvements as more particularly shown and reflected on the site plan. Additionally, the developer agrees to comply in all respects with the City's specifications concerning such infrastructure improvements which are interior to the subdivision.

14. The proposed development shall include amenities for use and enjoyment of its residents as follows:
    a) Community courtyards, gathering places
    b) Pedestrian connectivity
    c) A dog park

15. Sidewalks shall be provided throughout the subdivision, with all amenity areas connected to the nearest internal sidewalk to ensure continuous pedestrian access.

16. The proposed community shall utilize the City or Cobb County; utility services as is typical for such residential development.

17. Compliance with recommendations from Cobb County Fire Marshal's Office with respect to Life Safety and Fire Prevention issues. The development shall also comply with all applicable guest parking regulations, consistent with the parking layout and quantities depicted on the submitted site plan.

18. Entrance signage shall be ground based, monument-style signage with finish, materials and colors being in substantial conformity to the architectural style embodied in the subdivision.

19. All utilities servicing the residences with the proposed community shall be underground.

20. The applicant agrees that construction will begin in 24 months of the approval date of the rezoning. If no land development activity is initiated, then the subject property will automatically revert back to the original zoning.

SECTION 3. BE IT FURTHER ORDAINED THAT it is hereby declared to be the intention of this Ordinance that its sections, paragraphs, sentences, clauses, and phrases are severable, and if any section, paragraph, sentence, clause, and phrase is declared to be unconstitutional or invalid, it shall not affect any of the remaining sections, paragraphs, sentences, clauses, and phrases of this Ordinance.

SECTION 4. BE IT FURTHER ORDAINED THAT this Ordinance shall become effective from and after its adoption and execution by the Mayor, pursuant to Section 2.11 of the City Charter of the City of Kennesaw.

PASSED AND ADOPTED by the Kennesaw City Council on this ____ day of February, 2026.

The parcel is currently zoned Highway General Business (HGB) and is bordered by residentially zoned properties to the south, designated as Fee Simple Townhouse (FST), and to the west, designated as Mobile Home Park (MHP). Parcels located directly to the north and east are also zoned Highway General Business (HGB), creating a transition between commercially oriented frontage and established residential neighborhoods. This zoning pattern reflects a mix of uses in the immediate area and underscores the suitability of introducing a residential planned development that can serve as an appropriate buffer between these differing land-use contexts.

AERIAL MAP

LOCATION:

The 8.823 +/- acre tract is located off Cobb Parkway and is surrounded by a diverse mix of commercial and residential uses. To the west is the mobile home community known as The Woodlands of Kennesaw. To the north is the Kings Crossing shopping center, which includes a variety of retail and office uses such as Bank of America, Cricket Mobile, Omega Family Dentistry, and a hair salon. To the east are office suites with multiple professional uses, including Innovation Compounding, a pharmacy, and a State Farm Insurance office. To the south is the established residential subdivision known as The Village at Pine Mountain.

BACKGROUND

In 2006, the Mayor and Council approved the rezoning of the adjacent parcel (Parcel #20014001470), consisting of approximately 2.88 +/- acres, from General Commercial (GC) and R-20, Single Family Residential to Highway General Business (HGB) to support the development of a business office complex now known as the Cedar Creek Professional Center. At that time, the subject parcel was under the same ownership, with the intent to expand the office complex onto the site. The first office building was completed in 2008 and is currently occupied by a multi-tenant office suite development offering a variety of professional services, including a pharmacy and a State Farm Insurance office. The remaining 8.823 +/- acres were left undeveloped and subsequently sold in 2009.

In 2018, the Community Development department received a permit applications for the construction of a nursing home, identified as “Devi Manor Home for Life, LLC”. The proposed facility included approximately 81,115 square feet of building area. Construction commenced shortly thereafter but stalled in 2019, leaving the property in its current partially developed condition.

UNIFIED DEVELOPMENT CODE

***Section 2.01.03.07* - Lot size, setback and building height requirements for developments within the Planned Unit Development – Residential (PUD-R) zoning district**

Lot size and setback requirements	Lot by Lot setbacks shall not apply in the PUD-R district; however, no primary structure shall be closer than 15 ft. to another primary
Landscape buffer and screening requirements	Unless otherwise noted within this district's requirements, any property within a PUD-R district which abuts a more restrictively zoned residentially zoned property shall have a minimum of ten-foot landscaped screening buffer. Additionally, during the construction phase, a 40-foot undisturbed buffer shall be maintained except for access points, required detention/retention facilities or utilities. Required buffers may be included within required setbacks; however, in such case that the required buffer is greater than the required setback, the required buffer shall be adhered to. Additionally, necessary private utilities and access drives may be allowed through, over or across a landscaped buffer. Any such uses which are proposed through, over or across a designated undisturbed buffer must be approved pursuant to an original site plan or site plan modification.

FUTURE LAND USE ANALYSIS

The Comprehensive Plan designates the properties fronting Cobb Parkway as a Community Activity Center (CAC), an area intended to accommodate a balanced mix of commercial, civic, and residential uses. The inclusion of residential units within the Community Activity Center (CAC) is consistent with the Comprehensive Plan's intent to create vibrant, mixed-use environments that support a blend of commercial, civic, and residential uses. Introducing housing into the CAC strengthens the activity center by increasing the local population base, which in turn supports nearby retail, dining, and service establishments. This added residential presence helps sustain businesses throughout the day and evening, contributing to a more active and economically resilient center.

Residential development also promotes land-use efficiency by utilizing underperforming or underutilized parcels and encouraging redevelopment that aligns with the long-term vision for a walkable, mixed-use district. Housing diversity within the CAC provides options for residents seeking proximity to employment, services, and transit, reducing vehicle trips and supporting multimodal transportation goals creating the overall sense of place within the activity center.

ADDITIONAL COMMENTS REGARDING PROJECT:

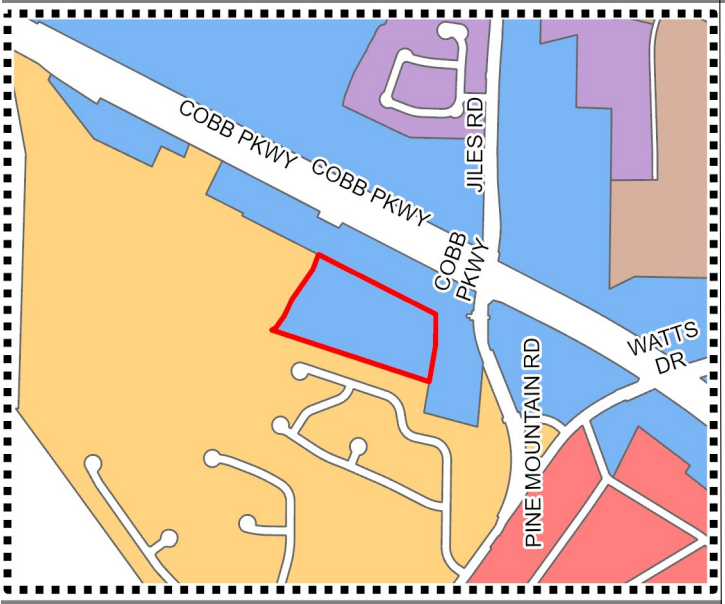

The west portion of the site is identified as having a 0.2% annual chance flood hazard. The proposed development avoids any disturbance within this area, and all required stream buffers mandated by the City and the State consistent with *Chapter 46, Article VII* Stream Buffer Ordinance of the Code of Ordinances will be fully maintained. Preservation of this buffer ensures continued protection of natural drainage functions, supports water quality, and maintains compliance with applicable environmental regulations.

Applicant will be responsible to meet all City of Kennesaw Development & Zoning Ordinance Standards, State, County and applicable Federal regulations as part of the plan review approval process. All conceptual representations submitted with the application and acted on by Mayor and Council does not relieve applicant and property owners from meeting all development standards.

AREA DESIGNATION

COBB PARKWAY COMMERCIAL CORRIDOR

The Cobb Parkway Commercial Corridor is the most significant commercial corridor in Kennesaw. This approximately two-mile-long section of highway runs southeast to northwest through the lower third of the city limits. The corridor's appearance and function has been affected by vacant structures or structures that are in disrepair. Generally, there are no unifying architectural features, gateways or impressionable spaces or buildings that identify this corridor with a unique sense of place that is characteristic of Kennesaw; however, several segments of this corridor show promise.

AREA DESIGNATION ANALYSIS

The site is located within the Cobb Parkway Commercial Corridor. According to the Area Policy Matrix in the Comprehensive Plan, development within this corridor should prioritize improved pedestrian mobility and safety, particularly as surrounding neighborhoods continue to revitalize. The policy framework also calls for inter-parcel access connectivity and shared access points to help manage traffic flow and reduce the number of individual driveways along major roadways. In addition, the Cobb Parkway Commercial Corridor encourages a diverse mix of products and services and emphasizes the importance of transitional buffers to ensure compatibility between commercial development and adjacent residential areas.

TRAFFIC ANALYSIS

The applicant completed a traffic impact study for the proposed residential development to evaluate how the project would affect traffic conditions in the surrounding roadway network. The study's purpose was to quantify the additional vehicle trips generated by the development, assess how those trips would influence intersection operations during peak travel periods, and determine whether any improvements or mitigation measures would be necessary to maintain acceptable traffic flow.

Conclusion:

The traffic impact study indicates that the main intersection at Cobb Parkway and Jiles Road/Pine Mountain Road will still operate at Level of Service D in the morning and Level of Service E in the evening, meaning it will continue to be congested during peak hours either way. The smaller intersections with stop signs will also function about the same, with most approaches staying at Level of Service D or better. The only movement that continues to experience heavy delays is the westbound approach from Pine Mountain Way, which struggles today and will continue to do so as many drivers use it as a cut through route to avoid the main signal.

In short, the additional traffic from 89 townhomes does not significantly change the overall performance of the nearby intersections.

RE: Cedar Creek Professional Office Association, Inc.'s Opposition to Rezoning Application #RZ2025-3 for 6095 Pine Mountain Road, Kennesaw, GA 30152

Dear Ms. Campbell,

This law firm and the undersigned represent Cedar Creek Professional Office Association, Inc. ("CCPOA"). Since May 17, 2010, CCPOA has owned the common area of the Cedar Creek Professional Center located at 6095 Pine Mountain Road, Kennesaw, GA 30152. (**Exhibit 1**). CCPOA submits this letter to formally express its opposition to Rezoning Application #RZ2025-3 submitted by DRB Group Georgia, LLC for the purpose of constructing an 89-unit townhome community on the property owned by AP Real Estate Georgia, LLC, situated immediately adjacent to the Cedar Creek Professional Center.

The City of Kennesaw recently updated and approved its Future Land Use Map in 2023. (**Exhibit 2**). The proposed townhome development contradicts the Community Activity Center designation established by the City less than three (3) years ago, and it is not in harmony with the single-family detached homes situated adjacent to the property. The proposed townhome development also violates no less than five (5) of the express stipulations set forth in City of Kennesaw Ordinance No. 2006-20, 2006 (the "Ordinance," (**Exhibit 3**)). The Ordinance contains multiple stipulations that specifically apply to and restrict the manner in which DRB may develop the subject property. DRB's proposed townhome development cannot be constructed as shown on the plans submitted by DRB because it would violate the express zoning requirements set forth in Ordinance 2006-20.

The ~2.84-acre parcel on which CCPOA's property and Building 100 lie was originally part of a larger ~11.7-acre development project involving three (3) small office buildings. In 2006, as part of its acquisition of the ~11.7 acres from King's Crossing Management, LLC (**Exhibit 4**), Pebblebrook Development, LLC rezoned (#RZ2006-11) the ~2.84-acre parcel from GC (General Commercial) and R-20 to match the HGB (Highway General Business) zoning designation that

already existed for the other ~8.83 acres "for the purpose of a general business/office development" encompassing all ~11.7 acres "with reference to that Rezoning Drawing prepared for Pebblebrook Development, LLC dated April 24, 2006." (Ordinance, Stipulation #2; see also Rezoning Drawing (**Exhibit 5**)). As noted throughout the Ordinance, the "proposed development" referred to "a general business/office development" including "all proposed office buildings" located not only on the rezoned ~2.84-acre parcel, but also on the adjoining ~8.83-acre property. (See e.g. Ordinance, Stipulation #2, #4, #5, #6, #7, #8, #11, #14, and #15).

The City approved Pebblebrook's rezoning application following extensive negotiations with adjacent property owners and residents, which resulted in numerous stipulations being imposed upon the proposed development on the subject property "and the adjacent property also to be developed," referring to the ~8.83 acres on which Pebblebrook intended to construct Buildings 200 and 300, and on which DRB now seeks to construct 89 townhomes. (See Kennesaw Planning Commission meeting minutes for July, 10, 2006 (**Exhibit 6**); Mayor and Council meeting minutes for September 5, 2006 (**Exhibit 7**); Mayor and Council Agenda Packet for September 5, 2006 (**Exhibit 8**)).The Ordinance's zoning stipulations specifically reference "the proposed buildings, both within the Subject Property and on adjoining property, which will be part of the proposed development." (Ordinance, Stipulation #7).

As depicted on its rezoning application materials, DRB's proposed 89-unit townhome development would violate at least the following five (5) zoning stipulations set forth in the Ordinance:

Stipulation #4:

Applicant agrees that the architectural style for the proposed development shall be consistent with all architectural photographs submitted to City staff during the zoning process and presented to the City of Kennesaw during the respective public hearings. In that regard, the exterior elevations of the proposed buildings shall consist of brick, stone, stacked stone, stucco, and other masonry materials.

The 89 townhomes proposed by DRB are not consistent with the three (3) small office buildings shown on the development plan that Pebblebrook submitted to the City during the zoning process. Not only does DRB intend to change the entire character of the proposed development from three (3) office buildings to 89 townhomes, but the proposed townhomes do not comply with any of the Ordinance's exterior elevation requirements. The elevation details submitted by DRB indicate the townhomes will consist of lapped panel siding and board and

batten siding, not brick, stone, stacked stone, stucco, and other masonry materials as required by the ordinance. As such, the proposed development is in direct violation of this stipulation.

Stipulation #6:

Applicant agrees to establish and maintain a permanent, minimum forty (40) foot buffer along the entire southern boundary of the Subject Property, as well as, the adjacent property also to be developed, which buffer shall be adjacent to a development known as "The Village at Pine Lake Mountain." Such forty foot buffer shall not include any drives or other paved areas; but rather, shall be utilized for landscaping, screening materials, and fencing subject to a landscape plan to incorporate such features subject to City of Kennesaw staff approval during the plan review process.

According to the materials submitted by DRB, the proposed townhome development would only have a 20-foot landscape strip on the southern boundary. This is only half of the minimum 40-foot landscape buffer required by the Ordinance. Moreover, the site plan submitted by Pebblebrook for the original zoning, with which the "proposed development shall be consistent" (Ordinance, Stipulation #4 and #11), provided for a 35-foot rear setback for the buildings, compared to the only 25-foot setback specified for DRB's proposed townhomes. Because the townhomes lack the minimum required landscaped buffer and the minimum required setback, the proposed development is in violation of this stipulation.

Stipulation #11:

Applicant agrees that the future development shall be consistent with the general layout and design as shown and reflected on the submitted site plan.

As noted above, the Ordinance provides that the adjoining property "will be part of the proposed development" (Stipulation #7). The "future development" in this stipulation references Buildings 200 and 300, identified as Tract 2 on the Rezoning Drawing submitted by Pebblebrook and relied upon by the City, Pebblebrook, and the local residents as the basis for the prior zoning approval. (**Exhibit 5**). The 89 townhomes proposed by DRB are in no way consistent with what is shown on the Rezoning Drawing. As such, the proposed development is in violation of this stipulation.

Stipulation #13:

Applicant agrees to coordinate and seek approval from the City of Kennesaw on final layout of access drive to the proposed development from Pine Mountain Road that will reduce stacking and promote better traffic flow for egress and ingress.

As noted in this stipulation, traffic congestion on Pine Mountain Road was already a concern for the City and the local businesses and residents when the zoning Ordinance was passed back in 2006. The proposed development consisting of 89 townhomes is contrary to the City's directive to reduce stacking and promote better traffic flow to and from Pine Mountain Road.

DRB's site plan shows two (2) points of ingress/egress. The first is to Hwy 41 (Cobb Parkway) to the north via King Crossing Court. The second is to Pine Mountain Road to the east via the unnamed private drive serving the CCPOA property. As part of its zoning application, DRB submitted a Traffic Impact Study[1] which relied upon the assumption that the future townhome residents would have two (2) points of ingress/egress. However, in a meeting with the City and CCPOA on January 12, 2026, DRB represented to the City and to CCPOA that it is "landlocked" and is seeking an easement of necessity through CCPOA's private drive because the current owner does not have the legal right to use King Crossing Court as shown on DRB's site plan and as indicated in its Traffic Impact Study. DRB makes this assertion despite the fact that the current owner's deed, and all relevant prior deeds, specifically include an easement appurtenant granting the owner "all right, title and interest in real estate [King Crossing Court] by virtue of the Reciprocal Easement Agreement" recorded by the original owner of the full ~11.7-acre parcel. (See **Exhibit 4**; AP Real Estate Georgia, LLC's Limited Warranty Deed (**Exhibit 9**); and Reciprocal Easement Agreement (**Exhibit 10**)). It is noteworthy that the current owner of the proposed development property has used King Crossing Court as its exclusive point of ingress/egress since 2019. It is also noteworthy that the Rezoning Drawing submitted by Pebblebrook in 2006 as part of its acquisition and future development of the ~11.7 acre property, as well as its rezoning of the ~2.84-acre parcel, specifically shows that that grantor of the Reciprocal Easement Agreement intended to have the future development access Hwy 41 via King Crossing Court. (**Exhibit 5**). It is also noteworthy that DRB acknowledges that no one claiming an ownership or other interest in King Crossing Court has objected to its proposed use

[1] CCPOA questions the validity of the traffic study submitted by DRB. It seems highly unlikely that an 89-unit residential townhome community would only generate 28 exit trips during the peak morning hours of 7:00 am – 9:00 am.

of King Crossing Court to access the proposed development or has otherwise claimed that the current owner lacks the legal right to do so.

CCPOA disputes DRB's position that it is landlocked or that the current owner has no legal right to use King Crossing Court. The recorded Reciprocal Easement Agreement was created for the specific purpose of providing "a perpetual and non-exclusive permanent easement and right of way appurtenant" to give access to the development property. (**Exhibit 10**). Moreover, the current owner's deed specifically references that same Reciprocal Easement Agreement as "Appurtenant Easement Area No. 3" benefiting the subject property. (**Exhibit 9**; see also **Exhibit 4**). In light of DRB's representations to the City in its site plan and Traffic Impact Study that the proposed development will access Hwy 41 via King Crossing Court, the fact that the current owner's deed specifically references the Reciprocal Easement Agreement over King Crossing Court as an easement appurtenant benefitting the development property, and the fact that the current owner has exclusively used King Crossing Court to access the development property since 2019, it appears that DRB's current position is merely a strategy to support its effort to seize access to CCPOA's private drive and secure a second access point for its proposed townhomes.

However, assuming *arguendo* that the proposed development truly has no legal right to use King Crossing Court, that would mean that DRB's site plan falsely represents that the 89-unit townhome development would have two (2) points of ingress/egress. Moreover, it would also mean that, contrary to what is represented in DRB's Traffic Impact Study, 100% of the traffic to/from the proposed 89-unit townhome development would be forced to use CCPOA's private drive. Relying upon DRB's own traffic calculations, that would mean the proposed townhome development would result in 584 additional vehicles passing through CCPOA's private drive every day, and 584 additional vehicles attempting to enter and exit a highly congested section of Pine Mountain Road every day. This would be incredibly harmful to the interests of CCPOA, its unit owners, their customers, and the general public. In addition, this would be incredibly harmful to the local businesses and residents in the community since this increased traffic would overwhelm the already problematic traffic situation on Pine Mountain Road.

Although the Ordinance requires CCPOA's private drive to be designed in a manner that would reduce stacking and promote better traffic flow for ingress and egress, the proposed townhome development would do the opposite. As such, the proposed development is in direct violation of this stipulation.

Stipulation #14:

Interparcel access and shared access drive shall be designed with adjoining vacant property once future development of adjoining parcel is pursued.

DRB relies upon this stipulation to support its contention that the Ordinance requires CCPOA to allow the residents of its proposed 89-unit townhome development to use CCPOA's private drive as a secondary (or primary, as it now alleges) point of ingress/egress. However, the Ordinance and this stipulation were based on the assumption that the future development would be two (2) additional office buildings, as specifically shown on Pebblebrook's Rezoning Drawing. Neither Pebblebrook, nor the City, nor the residents who collectively negotiated the terms and stipulations of the Ordinance contemplated that the adjoining property would be developed into 89 townhomes. CCPOA is confident that Pebblebrook and the local residents would never have agreed to this stipulation if it were possible for the adjoining property to be developed in a completely different manner than what was shown in Pebblebrook's Rezoning Drawing, such as replacing the two (2) office buildings with 89 townhomes all using the private drive to access Pine Mountain Road. In light of DRB's intent to change the nature of the development on the adjacent property, CCPOA has submitted a rezoning application contemporaneously with this letter in which it requests that the City remove this Stipulation #14 from the Ordinance.

CCPOA strongly objects to DRB's rezoning application for the reasons stated above. The site plan submitted by DRB does not accurately reflect the access road(s) DRB's application and proposed development project rely upon. DRB seeks to use CCPOA's private drive for a purpose that was not contemplated or approved in the Ordinance and that will result in irreparable harm to CCPOA and the community who already struggle with traffic problems on Pine Mountain Road. Moreover, the proposed townhome development violates no less than five (5) stipulations within the existing Ordinance that expressly apply to the proposed development property. For these reasons, CCPOA respectfully requests that the City of Kennesaw deny DRB's rezoning request.

In the event the City is inclined to grant DRB's rezoning request despite its many violations of an existing Ordinance, CCPOA respectfully requests that the City impose the following conditions on its approval:

1. Require DRB to modify its site plan to eliminate the proposed use of CCPOA's private drive as an access road and delete Condition #14 from City of Kennesaw Ordinance 2006-20.

BENDIN SUMRALL & LADNER, LLC

January 16, 2026
Page 7

2. Restrict development to single-family detached homes in harmony with the adjacent subdivisions.

3. Require DRB to establish and maintain a permanent, minimum 40-foot landscape buffer along the entire southern and eastern boundaries of the subject property.

4. Require DRB to install a continuous, eight (8) foot tall wood privacy fence along the entire southern and eastern boundaries of the subject property.

5. If DRB is permitted to proceed with the construction of single-family attached homes, require DRB to include a deed restriction preventing future unit owners from renting or leasing their units.

We appreciate the opportunity to submit this formal objection to Rezoning Application #RZ2025-3. If you need any further information or documentation related to this matter, please do not hesitate to contact me.

Sincerely,

Stephen T. Snow

STAFF ANALYSIS REPORT

ZONING CASE #: RZ2025-03

STAFF ANALYSIS - **REZONING**

The applicant, DRB Group Georgia, LLC represented by Adam Rozen of Rozen, Rozen and Reilly, LLP is requesting to rezone the property located at 6095 Pine Mountain Road from Highway General Business (HGB) to Planned Unit Development-Residential (PUD-R) for the development of eighty nine (89) 'For Sale' Fee Simple townhomes. Staff has analyzed the request to rezone based on the standard for decision outlined in *section 10.01.02* Rezoning Procedures for Amending the Official Zoning Map and the requirement outline in *section 2.01.03.07* for the Planned Unit Development - Residential (PUD-R) district with the following observations:

The City's adopted land use policy documents and Comprehensive Plan support the requested rezoning. The proposed development aligns with the purpose and intent of the Planned Unit Development–Residential (PUD-R) district, as outlined in Unified Development Code *section 2.01.03.07*, which is designed to allow flexible site planning and coordinated development under a unified master plan rather than traditional lot-by-lot regulation. The PUD-R district is not intended to increase density beyond what is appropriate for the surrounding area; instead, it promotes creative and efficient land planning that incorporates open space, recreational amenities, and high-quality design to achieve a more desirable residential environment.

The proposed site plan includes residential units with a minimum floor area of 1,000 square feet and an overall density of 10.08 units per acre, arranged in buildings containing six units each. The development program also incorporates on-site amenities, including a dog park and other shared open-space features designed to support resident recreation and enhance the overall livability of the community.

The development will also include a call system at the Pine Mountain Road access point, as well as a residents only access point off Cobb Parkway, to support controlled entry and enhance overall site security. This feature supports orderly traffic flow at the entry points and contributes to the safety and management of the residential community.

Per the parking standards per use as outlined in *section 6.06.00* Off Street Parking Facilities requires:

Type of Use	Required Parking Spaces
Townhouse Dwelling Units (attached)	2 space per dwelling unit plus 0.35 parking spaces per unit for overall new development

Required Parking Spaces Analysis:

- 89 units X 2 = 178 parking spaces required
- 89 units X 0.35 = 31 parking spaces required

According to the requirements outlined in section 6.06.00 of the Unified Development Code, the proposed project is required to provide a minimum of two hundred and nine (209) parking spaces. The submitted site plan demonstrates compliance with this standard by providing a two-car garage and a minimum 22' L x 18' W driveway for each unit, supplemented by forty-five (45) additional surface parking spaces. This configuration exceeds the minimum parking requirement for the proposed residential use and ensures adequate on-site parking capacity for residents and visitors.

STAFF ANALYSIS REPORT

ZONING CASE #: RZ2025-03

STAFF ANALYSIS - **REZONING**

Given the site's lack of direct frontage on a major roadway and its limited visibility from the street network, the development of a townhome subdivision represents an efficient and appropriate use of the property. The residential character of the proposal is compatible with the established development pattern, including The Woodlands mobile home community to the east and The Village at Pine Mountain townhome subdivision to the south, constructed in 1993.

Within the Community Activity Center (CAC) future land use designation, the PUD-R zoning provides an appropriate mechanism to introduce residential uses that complement nearby commercial activity while ensuring that overall density remains compatible with surrounding neighborhoods. The proposed townhomes create a logical transition between existing residential areas and the broader CAC designation, resulting in a well-integrated and suitable infill development that supports the City's long-term land use objectives.

Staff recommends approval of the request, as the proposed development is consistent with the Comprehensive Plan designation of the site as a Community Activity Center and supports the corridor's long-term vision for mixed-use redevelopment. The development also advances policy objectives for the Cobb Parkway Commercial Corridor by introducing housing diversity, supporting nearby commercial uses, and promoting efficient use of an underutilized site. The project aligns with corridor guidelines encouraging pedestrian mobility improvements, inter-parcel connectivity, and appropriate transitions to adjacent residential areas.

Based on the project's consistency with adopted land-use policies, its limited traffic impact, and its contribution to corridor revitalization, staff finds the request appropriate and supportive of the City's long-term planning goals.

STAFF ANALYSIS REPORT

ZONING CASE #: RZ2025-03

ZONING ADMINISTRATOR'S RECOMMENDATION: **APPROVAL WITH CONDITIONS**

Based on the findings outlined in the analysis section of the staff report, City Staff recommends **approval with conditions** of case #RZ2025-03.

PROPOSED ZONING CONDITIONS:

1. The rezoning of the Subject Property to the Planned Unit Development–Residential (PUD-R) district shall be consistent with the technical and conceptual site plans submitted with the application and shall comply with the proposed minimum front, side, and rear setbacks, as well as the overall density of 10.08 units per acre.

2. The Subject Property shall be developed as maximum of eighty-nine (89) 'For Sale" Fee Simple Town-homes.

3. Applicant agrees the minimum floor area of all residential units shall be 1,400 sq. ft. Applicant also agrees that the maximum height of the overall development will adhere to the development standards outlined in the Unified Development Code.

4. The architectural style and composition of the buildings to be constructed on the Subject Property shall be in reasonable conformity to the architectural renderings/elevations submitted with the rezoning application and should include a mixture of components consisting of brick, stacked stone, and other cementitious components including Hardie plank and Hardie plank shake and similar products.

5. Compliance with the recommendations from the City Engineer and/or the City's Public Works Director with respect to stormwater management, hydrology and water quality requirements as outlined in the Unified Development Code.

6. Prior to issuance of a land disturbance permit, the applicant shall coordinate with a qualified geotechnical firm and civil engineer to design and implement measures to capture any groundwater encountered on-site associated with the spring ,subject to review and approval by the City Engineer and/or the City's Public Works Director.

7. Subject to review and approval by the City Engineer and the Public Works Department, all stormwater management components shall comply with the recommendations of the City of Kennesaw's Stormwater Management Division, including requirements related to stormwater management, hydrology, and water quality.

8. Applicant agrees to the protection of all required stream buffers affecting the Property; any potential impact to the stream(s) due to revisions to the site plans will require a variance.

9. Applicant shall create a mandatory Homeowners Association ("HOA") and prepare and file a Declaration of Covenant, Conditions and Restrictions ("CCRs") to be made applicable to the Property, which shall include, among other components, a restriction on the total number of units that may be rented at any one time to no more than five percent (5%) of the total number of units.

10. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, stormwater management systems, driveways and parking lot.

11. Landscaping for the entrance area, signage areas, amenity and courtyard areas and all other common areas immediately surrounding the proposed buildings shall be professionally designed, implemented and maintained, which shall include the installation of an irrigation system in areas where appropriate.

12. The applicant agrees to the installation of a privacy fence constructed of solid weather resistant materials such as wood, wrought iron, with a height no greater than 8 ft along the portion of the rezoned parcel adjacent to existing commercial properties.

13. The developer agrees to construct all of the necessary roadways and infrastructure improvements as more particularly shown and reflected on the site plan. Additionally, the developer agrees to comply in all respects with the City's specifications concerning such infrastructure improvements which are interior to the subdivision.

14. The proposed development shall include amenities for use and enjoyment of its residents as follows:
    a) Community courtyards, gathering places
    b) Pedestrian connectivity
    c) A dog park

15. Sidewalks shall be provided throughout the subdivision, with all amenity areas connected to the nearest internal sidewalk to ensure continuous pedestrian access.

16. The proposed community shall utilize the City or Cobb County; utility services as is typical for such residential development.

17. Compliance with recommendations from Cobb County Fire Marshal's Office with respect to Life Safety and Fire Prevention issues. The development shall also comply with all applicable guest parking regulations, consistent with the parking layout and quantities depicted on the submitted site plan.

18. Entrance signage shall be ground based, monument-style signage with finish, materials and colors being in substantial conformity to the architectural style embodied in the subdivision.

19. All utilities servicing the residences with the proposed community shall be underground.

20. The applicant agrees that construction will begin in 24 months of the approval date of the rezoning. If no land development activity is initiated, then the subject property will automatically revert back to the original zoning.

Re: Rezoning Application of DRB Group Georgia, LLC to rezone from HGB to PUD for fee simple residential townhomes on an approximately 8.828 acre tract known as 6095 Pine Mountain Road, City of Kennesaw, Cobb County, Georgia

Dear Darryl:

This firm represents DRB Group Georgia, LLC ("DRB") as it relates to its Rezoning Application regarding the above-captioned property ("Subject Property") (hereinafter collectively the "Application"). On behalf of DRB, please accept and find the Application and the following:

1. Application forms signed by the Property Owner and Applicant.

2. Application fee to be submitted electronically following receipt of City electronic invoice after filing.

3. Copies of the deed reflecting the record titleholder and a current legal description of the subject property.

4. Copies of the paid tax receipt for 2024.

5. Copy of the site plan drawn to scale and survey of the property.

6. A Constitutional Challenge.

REZONING WRITTEN DESCRIPTION/LETTER OF INTENT

The Subject Property is zoned HGB in a commercialized corridor of the City of Kennesaw along US Hwy 41 near its intersection with Jiles Road/Pine Mountain Road. The Subject Property is one parcel removed from and without frontage on US Hwy 41 situated behind retail commercial parcels fronting on the highway on one side and situated behind additional retail and professional office uses fronting on Pine Mountain Road. The Subject Property is partially developed for an assisted living facility but left incomplete after horizontal development was halted due to bankruptcy.

The Applicant proposes rezoning to PUD for the development of fee simple residential townhomes providing an additional and needed residential development alongside an existing residential townhome development and mobile home park before transitioning to additional residential uses zoned R-10 and R-20. The development is proposed under the maximum allowed PUD density of 12 UPA at 10.08 UPA yielding 89 units.

For these reasons, the intent and purpose of the Ordinance and applicable Sections are not frustrated by the Applicant's request, but their strict application and retention of the existing HGB zoning district would create a hardship for the Applicant without gain or benefit to the public for strict enforcement.

For all the reasons stated herein above and with all of the information and documentation which is before you, we respectfully request that the Rezoning Application be approved. Prior to the final hearing of the Application, I will be providing you and your staff with any necessary additional information, documentation and stipulations in order to facilitate the approval of this Application.

Thank you.

Sincerely,

ROZEN, ROZEN & REILLY, LLP

ZONING STANDARDS RESPONSE AND ZONING IMPACT STATEMENT FOR THE REZONING APPLICATION OF DRB GROUP GEORGIA, LLC

COMES NOW, APPLICATION OF DRB GROUP GEORGIA, LLC, and pursuant to Section 1908 of the Kennesaw Zoning Code, files this its Zoning Impact Statement and Zoning Standards Response, as follows:

(1) Would the proposed amendment be consistent and compatible with the City's land use and development, plans, goals and objectives? *Yes, the Subject Property is within a Community Activity Center ("CAC") without frontage but one parcel removed from US Hwy 41 and adjoining existing residential ranging from townhomes to single family detached homes of varying zoning districts and a mobile home park.*

(2) Would the proposed amendment tend to increase, decrease, or have no impact on traffic safety and congestion in the streets? *The proposed amendment would increase traffic in its provision of additional homes but would do so in an appropriate manner and without congestion through US Hwy 41 access and additional access to Pine Mountain Road.*

(3) Would the proposed amendment tend to increase, decrease, or have no relationship to safety from fire and other dangers? *The amendment would increase by providing occupied homes on an otherwise vacant and partially developed parcel and will be developed with implementation and adherence to current fire safety standards.*

(4) Would the proposed amendment tend to promote, diminish, or have no influence on the public health and general welfare of the city? *The proposed amendment will promote public health and welfare by providing active*

development on an otherwise partially developed parcel and provide needed housing opportunities.

(5) Would the proposed amendment tend to increase, decrease, or have no influence on the adequate (provisions) of light or air? *The proposed amendment will not negatively impact provisions of light and air being developed alongside similar residential uses and adjacent to existing retail commercial uses.*

(6) Would the proposed amendment tend to cause, prevent or have no influence on the overcrowding of land? *The proposed amendment will not overcrowd land being below the maximum allowed density but provide an efficient use of the land in its provision of an additional 89 residential homes.*

(7) Would the proposed amendment tend to cause, prevent or have no relationship on the population distribution within the city creating any area as dense in population as to adversely affect the health, safety, and general welfare of the city? *The proposed amendment will have a positive relationship on population distribution being below the maximum allowed density but provide an efficient use of the land in its provision of an additional 89 residential homes.*

(8) Would the proposed amendment tend to impede, facilitate, or have no impact on the adequate provision of transportation, water, sewage, other public services, utilities or facilities? *The proposed amendment will facilitate the aforementioned utilities and facilities by efficiently providing 89 residential homes developed with and served by such utilities.*

(9) Would the proposed amendment tend to be compatible with environmental conditions in light of surrounding developments? If compatible, what factors, if any, would diminish the value, use and enjoyment of surrounding properties? *The proposed amendment will be compatible with and enhance environmental conditions through best management practices stormwater facilities, erosion and environmental controls.*

(10) Would the proposed amendment tend to require only reasonable expenditures of public funds, or would the amendment tend to require an excessive or premature expenditure of public funds? *The proposed amendment would only require a reasonable expenditure of public funds.*

(11) Would the proposed amendment tend to promote, diminish or have no influence upon the aesthetic effect of existing and future uses of property and the surrounding area? *The proposed amendment will promote the aesthetics of the existing and future uses by eliminating a blighted and partially developed site but provide residential homes to support the existing adjacent and nearby retail and professional uses.*

(12) Would the proposed amendment have measurable adverse economic effect of on the value of the surrounding or adjacent properties? The proposed amendment *promote a positive economic effect on surrounding properties by eliminating a blighted and partially developed site and instead provide residential homes to support the existing adjacent and nearby retail and professional uses.*

Respectfully submitted, this the 17th day of October, 2025.

Notice of Chapter 7 Bankruptcy Case -- No Proof of Claim Deadline

10/20

For the debtor listed above, a case has been filed under chapter 7 of the Bankruptcy Code. An order for relief has been entered.

This notice has important information about the case for creditors, debtors, and trustees, including information about the meeting of creditors and deadlines.

The filing of the case imposed an automatic stay against most collection activities. This means that creditors generally may not take action to collect debts from the debtor or the debtor's property. For example, while the stay is in effect, creditors cannot sue, assert a deficiency, repossess property, or otherwise try to collect from the debtor. Creditors cannot demand repayment from debtors by mail, phone, or otherwise. Creditors who violate the stay can be required to pay actual and punitive damages and attorney's fees.
To protect your rights, consult an attorney. All documents filed in the case may be inspected at the bankruptcy clerk's office at the address listed below or through PACER (Public Access to Court Electronic Records at https://pacer.uscourts.gov). Copy fees or access charges may apply. A free automated response system is available at 866-222-8029 (Georgia Northern). You must have case number, debtor name, or SSN when calling.

The staff of the bankruptcy clerk's office cannot give legal advice.

Do not file this notice with any proof of claim or other filing in the case.

ORDER GRANTING TRUSTEE'S MOTION FOR ENTRY OF AN ORDER AUTHORIZING THE SALE OF DEBTOR'S PROPERTY FREE AND CLEAR OF LIENS, CLAIMS, INTERESTS, AND ENCUMBRANCES

Upon the *Trustee's Motion for Entry of an Order Authorizing the Sale of Debtor's Property Free and Clear of Liens, Claims, Interests, and Encumbrances* (Doc. No. 89)(the "Sale Motion")[1] filed by Kathleen Steil in her capacity as Chapter 7 Trustee (the "Trustee"), in the above-captioned case, pursuant to sections 105, 362, 363, and 365 of the Bankruptcy Code, seeking authorization to sell the estate's interest in and to that certain tract of land containing approximately 8.82 acres and located in Land Lot 140 of the 20 District, Cobb County, Georgia with Cobb County tax parcel identification number 20014001380 (the "Property"), and to pay certain items at the sale closing as set forth in the Motion, as all more fully set forth in the Sale Motion; and the Court having jurisdiction over the matters raised in the Sale Motion pursuant to 28 U.S.C. § 1334; and the Court having found that this is a core proceeding pursuant to 28 U.S.C. § 157(b)(2) and that the Court may enter a final order consistent with Article III of the United States Constitution; and the Court having found that venue of this proceeding and the Sale Motion in this district is proper pursuant to 28 U.S.C. §§ 1408 and 1409; and the Court having found that proper and adequate notice of the Sale Motion and hearing thereon has been given and no response to the Motion was filed prior to the hearing scheduled for March 27, 2025.

The Motion came before the Court for a hearing on March 27, 2025 (the "Hearing"). Attorney Tamara Ogier of Ogier, Rosenfeld & Steil, P.C. appeared on behalf of the Trustee, Attorney Marshall Kent of Fox Rothschild, LLP appeared on behalf of Optum Construction Group, LLC, and Attorney Ian Falcone of The Falcone Law Firm, P.C. appeared on behalf of the Debtor and Harshad Patel in his individual capacity. The Trustee Kathleen Steil and Harshad Patel also appeared at the Hearing. The Court heard arguments from the parties,

[1] A capitalized term used but not defined herein shall have the meaning ascribed to it in the Sale Motion (as defined herein) or the REPA.

including Harshad Patel. The Court has considered the Motion, oral arguments, lack of filed objections to the Motion, and all other matters of record, and based on the foregoing and for the reasons set forth on the record, finds that good cause exists to grant the relief requested in the Motion.

Accordingly,

THE COURT HEREBY FINDS AND CONCLUDES THAT:

1. The Trustee has provided proper, timely, adequate, and sufficient notice with respect to the Sale Motion and the relief sought therein, including the entry of this Order and the transfer and sale of the Property as set forth in the Real Estate Purchase Agreement attached as Exhibit "A" to Sale Motion (the "REPA") and the Sale Hearing; and no other or further notice of the Sale Motion, the relief requested in the Sale Motion, or the Sale Hearing is required. A reasonable opportunity to object and be heard regarding the relief provided herein has been afforded to all parties-in-interest.

2. The REPA and other documents and instruments (the "Transaction Documents") related to and connected with the Sale to the Purchaser and the consummation thereof have been negotiated and entered into by the Trustee and the Purchaser without collusion, in good faith, and through an arms'-length bargaining process. Neither the Purchaser nor its affiliates or representatives is an "insider" of the Debtor (as such term is defined in section 101(31) of the Bankruptcy Code). The Purchaser has proceeded in good faith and without collusion in all respects in connection with the sale process and, accordingly, is entitled to all of the benefits and protections provided to a good faith Purchaser under section 363(m) of the Bankruptcy Code.

3. The consideration to be provided by the Purchaser pursuant to the REPA (i) is fair and reasonable; (ii) is the highest or otherwise best offer for the Property; and (iii) constitutes reasonably equivalent value and fair consideration for the Property.

4. If the Trustee did not sell the Property free and clear of all Encumbrances (as hereinafter defined), the Purchaser would not have been willing to purchase the Property, thus adversely affecting the Debtor, its estate, its creditors, and holders of equity interests.

5. The Trustee has demonstrated compelling circumstances and a good, sufficient, and sound business purpose for: (i) the sale of the Property outside of the ordinary course of business pursuant to Bankruptcy Code section 363(b) because of the Debtor's current financial position; (ii) a restriction on the Trustee pursuing, considering, or accepting any further offers for the purchased Property from and after the entry of this Order through the earlier of the consummation of the Sale or termination of the REPA in accordance with its terms; and (iii) the immediate consummation of the REPA. Such circumstances and purposes include:(a) the Trustee, through a Broker, conducted a robust marketing process to sell the Property and the REPA constitutes the best offer for the Property; (b) there is risk of deterioration of the value of the Property if the Sale is not consummated in accordance with the terms of the REPA and this Order; and (c) the REPA and the sale of the Property to the Purchaser provide greater value to the Debtor's estate than would be provided by any other presently available alternative that has a substantial likelihood of closing. To maximize the value of the purchased Property and preserve the viability of the Property, it is essential that the Sale occur within the time constraints set

forth in the REPA and this Order and that the Purchaser be protected against any further offers for the purchased Property.

6. As of the Closing, pursuant and subject to the terms of the REPA and this Order, the transfer of the Property and the Sale will affect a legal, valid, enforceable, and effective transfer of the Property and will vest the Purchaser with all of the Trustee's rights, title, and interests in the Property free and clear of all Encumbrances.

7. Time is of the essence in consummating the Sale. The consummation of the Sale as soon as practicable is necessary to preserve and maximize the value of the Debtor's assets and to provide the means for the Trustee to minimize administrative expenses. Accordingly, there is cause to waive the stays contemplated by Bankruptcy Rules 6004 and 6006.

IT IS HEREBY ORDERED, ADJUDGED AND DECREED THAT:

8. The Sale Motion is granted as set forth herein.

9. All objections to the entry of this Order or to the relief granted herein that were not timely filed are hereby forever barred.

10. Pursuant to sections 105, 363, and 365 of the Bankruptcy Code, the Sale, including the transfer and sale of the Property to the Purchaser in accordance with the terms and conditions of the REPA, is approved in all respects, and the Trustee is authorized to consummate the Sale in accordance with the terms and conditions of the REPA, including, without limitation: (i) executing all of the Transaction Documents (and any ancillary documents or instruments that may be reasonably necessary to implement the REPA and/or the Sale); and (ii) taking all actions necessary and appropriate to effectuate and consummate the Sale (including the sale, transfer, and conveyance of the Property to

the Purchaser) upon the terms set forth in the REPA. The Trustee and the Purchaser shall have the right to make any mutually agreeable, non-material changes to the Transaction Documents (including the REPA), which shall be in writing and signed by both parties, without further order of the Court.

Approval of the REPA

11. The REPA, all the terms and conditions thereof, and the Sale contemplated therein are approved in all respects. The failure specifically to reference any particular provision of the REPA in this Order shall not diminish or impair the effectiveness of such provision, it being the intent of the Court that the REPA be authorized and approved in its entirety and incorporated herein by reference. The transfer of the Property by the Trustee to the Purchaser in accordance with the terms and conditions of the REPA and this Order shall be a legal, valid, and effective transfer of the Property. The consummation of the Sale is hereby approved and authorized under section 363(b) of the Bankruptcy Code. The automatic stay pursuant to section 362 of the Bankruptcy Code, to the extent applicable, is hereby modified to allow the Purchaser to enforce its rights, including any rights to specific performance, in accordance with the terms and conditions of the REPA.

12. The Trustee and Purchaser, as well as their officers, employees, and agents, shall be, and hereby are, authorized to take any and all actions necessary or appropriate to perform, consummate, implement, and close the Sale, including the sale to the Purchaser of the Property, in accordance with the terms and conditions of the REPA and this Order, including, without limitation, executing, acknowledging, and delivering such deeds, assignments, conveyances, and other assurance, documents, and instruments of transfer and taking any action for purposes of assigning, transferring, granting, conveying, and

confirming to the Purchaser, or reducing to possession, any or all of the Property, and entering into any other agreements related to implementing the Sale.

13. The Trustee and/or Purchaser, as appropriate, are authorized to pay, without further order of this Court, whether before, at or after the Closing, any expenses or costs that are required to be paid in order to consummate the Sale or perform their obligations under the REPA.

14. All persons and entities are prohibited from taking any action to adversely affect or interfere with, or which would be inconsistent with, the ability of the Trustee to transfer the Property to the Purchaser in accordance with the REPA and this Order.

Sale and Transfer Free and Clear of all Liens, Claims, Encumbrances, and/or Interests

15. Pursuant to sections 105(a), 363(b), 363(f), and 365(b) of the Bankruptcy Code, upon Closing, in accordance with the REPA and as otherwise set forth in this Order, the Trustee is authorized to transfer to the Purchaser all of the Trustee's rights, title, and interests in and to, and possession of the Property free and clear of all liens, claims, encumbrances, and interests to the fullest extent permitted by section 363 of the Bankruptcy Code, including, without limitation, each of the following, which are collectively referred to herein as the "Encumbrances":

a) liens (as that term is defined in the Bankruptcy Code), including, without limitation, any lien, encumbrance, pledge, mortgage, deed of trust, security interest, charge, or encumbrance, and liens and security interests granted under sections 361, 363, and/or 364 of the Bankruptcy Code or an order of the Court;

b) interests, obligations, liabilities, demands, guaranties, options, restrictions, and contractual or other commitments;

c) rights, including, without limitation, rights of first refusal, rights of offset, rights to use, contract rights, preferential rights to purchase, rights of recovery, and any rights that purport to give any party a right or option to effect any forfeiture, modification, right of first offer or first refusal, consent, or termination of the Trustee's or the Purchaser's interest in any of the Property, or any similar rights, in each case with respect to the Sale;

d) judgments and/or decrees of any court or foreign or domestic government entity (to the extent permitted by law);

e) charges or restrictions of any kind or nature, including, without limitation, any restriction on the use, transfer, receipt of income or other exercise of any attributes of ownership of the Property, including, without limitation, consent of any person or entity to assign or transfer any of the Property;

f) debts arising in any way in connection with any agreements, acts, or failures to act, of the Debtor, Trustee, or any of their predecessors or affiliates;

g) matters of any kind or nature whatsoever, whether at law or in equity and whether known or unknown, choate or inchoate, filed or unfiled, scheduled or unscheduled, noticed or unnoticed, recorded or unrecorded, perfected or unperfected, allowed or disallowed, contingent or non-contingent, liquidated or unliquidated, matured or un-matured, material or nonmaterial, disputed or undisputed, whether arising prior to or during the Debtor's bankruptcy case, and whether imposed by agreement, understanding, law, equity or otherwise.

16. At Closing, all of the Trustee's rights, title, and interests in and to, and possession of, the Property shall be immediately vested in the Purchaser pursuant to

sections 105(a), 363(b), 363(f), and 365 of the Bankruptcy Code free and clear of all Encumbrances. Such transfer shall constitute a legal, valid, binding, and effective transfer of such Property. All Encumbrances of record against the Property shall, upon Closing, be automatically terminated and expunged as against the Property.

17. Except as otherwise expressly provided in the REPA or this Order, and to the greatest extent permitted under applicable law, all persons and entities (and their respective successors and assigns), including, without limitation, all debt security holders, equity security holders, affiliates, governmental, tax and regulatory authorities, lenders, customers, vendors, employees, trade creditors, litigation claimants, and other creditors holding Encumbrances arising under or out of, in connection with, or in any way relating to, the Debtor, the Trustee, the Property, the ownership, sale, or operation of the Property prior to Closing or the transfer of the Property to Purchaser, are hereby forever barred and estopped from asserting such Encumbrances against Purchaser or its property or its affiliates, designees, assignees, and/or successors or their property, or the Property. Following the Closing, no holder of any Encumbrances shall interfere with Purchaser's title to or use and enjoyment of the Property based on or related to any such Encumbrances or based on any action the Trustee has taken or may take in this bankruptcy case.

18. If any person or entity that has filed or recorded financing statements, mortgages, lis pendens, or other documents or agreements evidencing Encumbrances against or in the Property shall not have delivered to the Trustee prior to the Closing of the Sale, in proper form for filing and executed by the appropriate parties, termination statements, instruments of satisfaction, releases of all Encumbrances that the person or entity has with respect to the Property or otherwise, then only with regard to the Property

that is purchased by Purchaser pursuant to the REPA and this Order: (i) the Trustee is hereby authorized to execute and file such statements, instruments, releases, and other documents on behalf of the person or entity with respect to the Property; (ii) Purchaser is hereby authorized to file, register, or otherwise record a certified copy of this Order, which, once filed, registered, or otherwise recorded, shall constitute conclusive evidence of the release of all Encumbrances against Purchaser and the applicable Property; and (iii) Purchaser may seek in this Court or any other court to compel appropriate parties to execute termination statements, instruments of satisfaction, and releases of all Encumbrances with respect to the Property. This Order is deemed to be in recordable form sufficient to be placed in the filing or recording system of each and every federal, state, or local government agency, department, or office. Notwithstanding the foregoing, the provisions of this Order authorizing the sale and assignment of the Property free and clear of all Encumbrances shall be self-executing, and neither the Trustee nor Purchaser shall be required to execute or file releases, termination statements, assignments, consents, or other instruments to effectuate, consummate, and implement the provisions of this Order.

19. Nothing in this Order or the REPA:

a) diminishes the Trustee's obligations, for periods prior to the Closing, or the Purchaser's obligations, for periods after the Closing, to comply with applicable health and safety laws and regulations;

b) releases, nullifies, precludes or enjoins the enforcement of any police or regulatory liability to a governmental unit to which any post-sale owner or operator of the Property would be subject in such capacity after the date of entry of this Order;

c) authorizes the transfer or assignment of any governmental (i) license, (ii) permit, (iii) registration, (iv) authorization, (v) certificate or (vi) approval, or the discontinuation of any obligation thereunder, without compliance with all applicable non-bankruptcy laws and regulations governing such transfers; or

d) divests any tribunal of any jurisdiction it may have under police or regulatory law to interpret this Order or to adjudicate any defense asserted under this Order.

Good Faith of the Purchaser

20. The Purchaser is a good faith purchaser within the meaning of section 363(m) of the Bankruptcy Code and, as such, is entitled to the full protections of section 363(m) of the Bankruptcy Code. The Sale contemplated by the REPA is undertaken by Buyer without collusion and in good faith, as that term is defined in section 363(m) of the Bankruptcy Code and, accordingly, the reversal or modification on appeal of the authorization provided herein to consummate the Sale or appeal of the other relief provided for in this Order shall not affect the validity of the Sale or the other relief provided for in this Order (including the assumption and assignment of the Assumed Contracts), whether or not Purchaser knew or knows of the pendency of the appeal, unless prior to the Closing of this Order, such authorization, such Sale, and the other relief provided for in this Order are duly and properly stayed pending such appeal.

21. Neither the Trustee, the Purchaser, or any affiliate of either the Trustee or Purchaser has engaged in any collusion with other bidders or other parties or has taken any other action or inaction that would cause or permit the Sale to be avoided or costs or damages to be imposed under section 363(n) of the Bankruptcy Code or otherwise. The

consideration provided by Purchaser for the Property under the REPA is fair and reasonable and is not less than the value of such Assets, and the Sale and the other relief provided for in this Order may not be avoided under section 363(n) of the Bankruptcy Code.

Miscellaneous

22. The terms and provisions of this Order, as well as the rights granted under the Transaction Documents, shall continue in full force and effect and are binding upon all parties, notwithstanding any conversion, dismissal, or order entry. The provisions of this Order and any actions taken pursuant hereto shall survive any conversion or dismissal of the case and the entry of any other order that may be entered in the case.

23. Notwithstanding the possible applicability of Bankruptcy Rules 6004(h), 6006(d), 7062, 9014 or any other provisions of the Bankruptcy Rules, the Federal Rules of Civil Procedure, or the Local Rules stating the contrary, the terms and conditions of this Order shall be immediately effective and enforceable upon its entry and no automatic stay shall apply to this Order. This Order constitutes a final order within the meaning of 28 U.S.C. § 158(a).

24. In accordance with the REPA attached to the Motion as Exhibit A, the Property shall be sold "As Is," "Where is" and "With all Faults" except as explicitly set forth in the REPA and corresponding closing documents.

25. All time periods set forth in this Order shall be calculated in accordance with Bankruptcy Rule 9006(a).

26. The Trustee is authorized to take all actions necessary to effectuate the relief granted pursuant to this Order in accordance with the Sale Motion. In the event there is any inconsistency between the Sale Motion, REPA, or this Order, this Order shall govern.

27. The Court shall retain exclusive jurisdiction over any matters related to or arising from the implementation of this Order and to enter any Orders in aid or furtherance of this Order, and to adjudicate any and all remaining issues concerning the Trustee's right and authority to assume, assign and/or sell the Property.

IT IS SO ORDERED.

TO THE MAYOR & CITY COUNCIL

KENNESAW, GEORGIA

CONSTITUTIONAL CHALLENGE

COMES NOW, *DRB GROUP GEORGIA, LLC,* hereinafter referred to as the "Applicant", and asserts the following, to wit:

1.

By application to which this exhibit relates, the Applicant has applied for a rezoning of certain real property lying and being in Kennesaw, Georgia, a more particular description and delineation of the subject property, hereinafter referred to as the "Property", being set forth in said Application.

2.

The Application for Zoning of the property seeks a rezoning from the existing category of HGB as established by the governing authority of Kennesaw, Georgia to the zoning category of PUD for residential townhomes.

3.

The current HGB zoning classification of the property and all intervening classifications between same and PUD are unconstitutional in that they deprive the Applicant under and pursuant to Article 1, Section I, Paragraphs I and II of the Georgia Constitution of 1983 and the Equal Protection and Due Process clauses of the Fifth and Fourteenth Amendments to the Constitution of the United States. This deprivation of property without due process violates constitutional prohibitions against the taking of private property without just compensation.

4.

The zoning classification of HGB and all intervening classifications between same and PUD as they presently exist violate the Applicant's right to the unfettered use of the property in that the existing zoning classification does not bear a substantial relation to the public health, safety, morality or general welfare and is, therefore, confiscatory and void. Further, said classifications are unconstitutional in that they are arbitrary and unreasonable, resulting in relatively little gain or benefit to the public, while inflicting serious injury and loss upon the Applicant.

5.

The Kennesaw Zoning Ordinance is further unconstitutional in that the procedures contained therein pertaining to the public hearing held in connection with zoning applications also violates the aforementioned constitutional provisions in that said procedures contain the lack of procedural and evidentiary safeguards, do not restrict evidence received to the issues at hand and are controlled wholly and solely by political considerations rather than the facts and considerations required by law.

Respectfully submitted, this the 17th day of October, 2025.

Subject: Please Take Notice - Notification of Nearby Zoning Application
6095 Pine Mountain Rd, Kennesaw, GA 30144
Parcel ID(s): 20014001380

To whom it may concern,

This correspondence is to formally notify you that the City of Kennesaw Planning and Zoning Department has received a zoning application for a parcel of land within two hundred feet of your property. As a nearby property owner, you have the right to be informed of potential zoning changes.

The application details are as follows:
Applicant Name: DRB Group Georgia, LLC
Property Address: 6095 Pine Mountain Rd
Parcel Identification Number: 20014001380
Description of Proposal: Request to rezone from Highway General Business (HGB) to Planned Unit Development – Residential (PUD-R) to develop fee simple residential townhomes.

The application will be reviewed and voted on at public hearings by the Planning Commission and the Mayor and Council. The meeting details are as follows:

Planning Commission Meeting	**Mayor & Council Meeting**
Date: 1/7/26	Date: 1/20/26
Time: 6:30 p.m.	Time: 6:30 p.m.

Both meetings occur in the City Hall Council Chambers located at 2529 J. O. Stephenson Avenue, Kennesaw, GA 30144. You may appear in person or be represented by an attorney to present any objections you may have. The application is enclosed for your review. This notice is being sent to you by order of the Planning Commission and the Mayor and Council.

Subject: City of Kennesaw Zoning Applications (Case #RZ2025-03)
6095 Pine Mountain Rd, Kennesaw, GA – Parcel ID 20014001380

Dear Ms. Mabry,

Attached, please find a rezoning application submitted by Rozen, Rozen & Reilly, LLP – Adam Rozen, requesting to rezone approximately 8.823 +/- acres from Highway General Business (HGB) to Planned Unit Development- Residential (PUD-R). The proposed rezoning would allow for the development of a townhome community at the subject property. Because this case is within a half-mile from unincorporated Cobb County, this letter and enclosed application are being provided in accordance with the House Bill 489 Intergovernmental Agreement on Services Delivery Strategy, Land Use section.

These cases are set to go before the Kennesaw Planning Commission on Wednesday, January 7, 2026 at 6:30 p.m. for public hearing and Mayor and Council on Tuesday, January 20, 2026 at 6:30 p.m. for public hearing as well.

Thank you for your attention. Should you have any questions, please feel free to contact Planning and Zoning at 770-590-8268 or send an e-mail to ccampbell@kennesaw-ga.gov.

Sincerely,

Chanelle Campbell

Re: Rezoning Application of DRB Group Georgia, LLC to rezone from HGB to PUD for fee simple residential townhomes on an approximately 8.828 acre tract known as 6095 Pine Mountain Road, City of Kennesaw, Cobb County, Georgia

Dear Darryl:

This firm represents DRB Group Georgia, LLC ("DRB") as it relates to its Rezoning Application regarding the above-captioned property ("Subject Property") (hereinafter collectively the "Application"). On behalf of DRB, please accept and find the Application and the following:

1. Application forms signed by the Property Owner and Applicant.

2. Application fee to be submitted electronically following receipt of City electronic invoice after filing.

3. Copies of the deed reflecting the record titleholder and a current legal description of the subject property.

4. Copies of the paid tax receipt for 2024.

5. Copy of the site plan drawn to scale and survey of the property.

6. A Constitutional Challenge.

REZONING WRITTEN DESCRIPTION/LETTER OF INTENT

The Subject Property is zoned HGB in a commercialized corridor of the City of Kennesaw along US Hwy 41 near its intersection with Jiles Road/Pine Mountain Road. The Subject Property is one parcel removed from and without frontage on US Hwy 41 situated behind retail commercial parcels fronting on the highway on one side and situated behind additional retail and professional office uses fronting on Pine Mountain Road. The Subject Property is partially developed for an assisted living facility but left incomplete after horizontal development was halted due to bankruptcy.

The Applicant proposes rezoning to PUD for the development of fee simple residential townhomes providing an additional and needed residential development alongside an existing residential townhome development and mobile home park before transitioning to additional residential uses zoned R-10 and R-20. The development is proposed under the maximum allowed PUD density of 12 UPA at 10.08 UPA yielding 89 units.

For these reasons, the intent and purpose of the Ordinance and applicable Sections are not frustrated by the Applicant's request, but their strict application and retention of the existing HGB zoning district would create a hardship for the Applicant without gain or benefit to the public for strict enforcement.

For all the reasons stated herein above and with all of the information and documentation which is before you, we respectfully request that the Rezoning Application be approved. Prior to the final hearing of the Application, I will be providing you and your staff with any necessary additional information, documentation and stipulations in order to facilitate the approval of this Application.

Thank you.

Sincerely,

ROZEN, ROZEN & REILLY, LLP

ZONING STANDARDS RESPONSE AND ZONING IMPACT STATEMENT FOR THE REZONING APPLICATION OF DRB GROUP GEORGIA, LLC

COMES NOW, APPLICATION OF DRB GROUP GEORGIA, LLC, and pursuant to Section 1908 of the Kennesaw Zoning Code, files this its Zoning Impact Statement and Zoning Standards Response, as follows:

(1) Would the proposed amendment be consistent and compatible with the City's land use and development, plans, goals and objectives? *Yes, the Subject Property is within a Community Activity Center ("CAC") without frontage but one parcel removed from US Hwy 41 and adjoining existing residential ranging from townhomes to single family detached homes of varying zoning districts and a mobile home park.*

(2) Would the proposed amendment tend to increase, decrease, or have no impact on traffic safety and congestion in the streets? *The proposed amendment would increase traffic in its provision of additional homes but would do so in an appropriate manner and without congestion through US Hwy 41 access and additional access to Pine Mountain Road.*

(3) Would the proposed amendment tend to increase, decrease, or have no relationship to safety from fire and other dangers? *The amendment would increase by providing occupied homes on an otherwise vacant and partially developed parcel and will be developed with implementation and adherence to current fire safety standards.*

(4) Would the proposed amendment tend to promote, diminish, or have no influence on the public health and general welfare of the city? *The proposed amendment will promote public health and welfare by providing active*

development on an otherwise partially developed parcel and provide needed housing opportunities.

(5) Would the proposed amendment tend to increase, decrease, or have no influence on the adequate (provisions) of light or air? *The proposed amendment will not negatively impact provisions of light and air being developed alongside similar residential uses and adjacent to existing retail commercial uses.*

(6) Would the proposed amendment tend to cause, prevent or have no influence on the overcrowding of land? *The proposed amendment will not overcrowd land being below the maximum allowed density but provide an efficient use of the land in its provision of an additional 89 residential homes.*

(7) Would the proposed amendment tend to cause, prevent or have no relationship on the population distribution within the city creating any area as dense in population as to adversely affect the health, safety, and general welfare of the city? *The proposed amendment will have a positive relationship on population distribution being below the maximum allowed density but provide an efficient use of the land in its provision of an additional 89 residential homes.*

(8) Would the proposed amendment tend to impede, facilitate, or have no impact on the adequate provision of transportation, water, sewage, other public services, utilities or facilities? *The proposed amendment will facilitate the aforementioned utilities and facilities by efficiently providing 89 residential homes developed with and served by such utilities.*

(9) Would the proposed amendment tend to be compatible with environmental conditions in light of surrounding developments? If compatible, what factors, if any, would diminish the value, use and enjoyment of surrounding properties? *The proposed amendment will be compatible with and enhance environmental conditions through best management practices stormwater facilities, erosion and environmental controls.*

(10) Would the proposed amendment tend to require only reasonable expenditures of public funds, or would the amendment tend to require an excessive or premature expenditure of public funds? *The proposed amendment would only require a reasonable expenditure of public funds.*

(11) Would the proposed amendment tend to promote, diminish or have no influence upon the aesthetic effect of existing and future uses of property and the surrounding area? *The proposed amendment will promote the aesthetics of the existing and future uses by eliminating a blighted and partially developed site but provide residential homes to support the existing adjacent and nearby retail and professional uses.*

(12) Would the proposed amendment have measurable adverse economic effect of on the value of the surrounding or adjacent properties? The proposed amendment *promote a positive economic effect on surrounding properties by eliminating a blighted and partially developed site and instead provide residential homes to support the existing adjacent and nearby retail and professional uses.*

Respectfully submitted, this the 17th day of October, 2025.

TO THE MAYOR & CITY COUNCIL

KENNESAW, GEORGIA

CONSTITUTIONAL CHALLENGE

COMES NOW, *DRB GROUP GEORGIA, LLC,* hereinafter referred to as the "Applicant", and asserts the following, to wit:

1.

By application to which this exhibit relates, the Applicant has applied for a rezoning of certain real property lying and being in Kennesaw, Georgia, a more particular description and delineation of the subject property, hereinafter referred to as the "Property", being set forth in said Application.

2.

The Application for Zoning of the property seeks a rezoning from the existing category of HGB as established by the governing authority of Kennesaw, Georgia to the zoning category of PUD for residential townhomes.

3.

The current HGB zoning classification of the property and all intervening classifications between same and PUD are unconstitutional in that they deprive the Applicant under and pursuant to Article 1, Section I, Paragraphs I and II of the Georgia Constitution of 1983 and the Equal Protection and Due Process clauses of the Fifth and Fourteenth Amendments to the Constitution of the United States. This deprivation of property without due process violates constitutional prohibitions against the taking of private property without just compensation.

4.

The zoning classification of HGB and all intervening classifications between same and PUD as they presently exist violate the Applicant's right to the unfettered use of the property in that the existing zoning classification does not bear a substantial relation to the public health, safety, morality or general welfare and is, therefore, confiscatory and void. Further, said classifications are unconstitutional in that they are arbitrary and unreasonable, resulting in relatively little gain or benefit to the public, while inflicting serious injury and loss upon the Applicant.

5.

The Kennesaw Zoning Ordinance is further unconstitutional in that the procedures contained therein pertaining to the public hearing held in connection with zoning applications also violates the aforementioned constitutional provisions in that said procedures contain the lack of procedural and evidentiary safeguards, do not restrict evidence received to the issues at hand and are controlled wholly and solely by political considerations rather than the facts and considerations required by law.

Respectfully submitted, this the 17th day of October, 2025.

1.0 INTRODUCTION

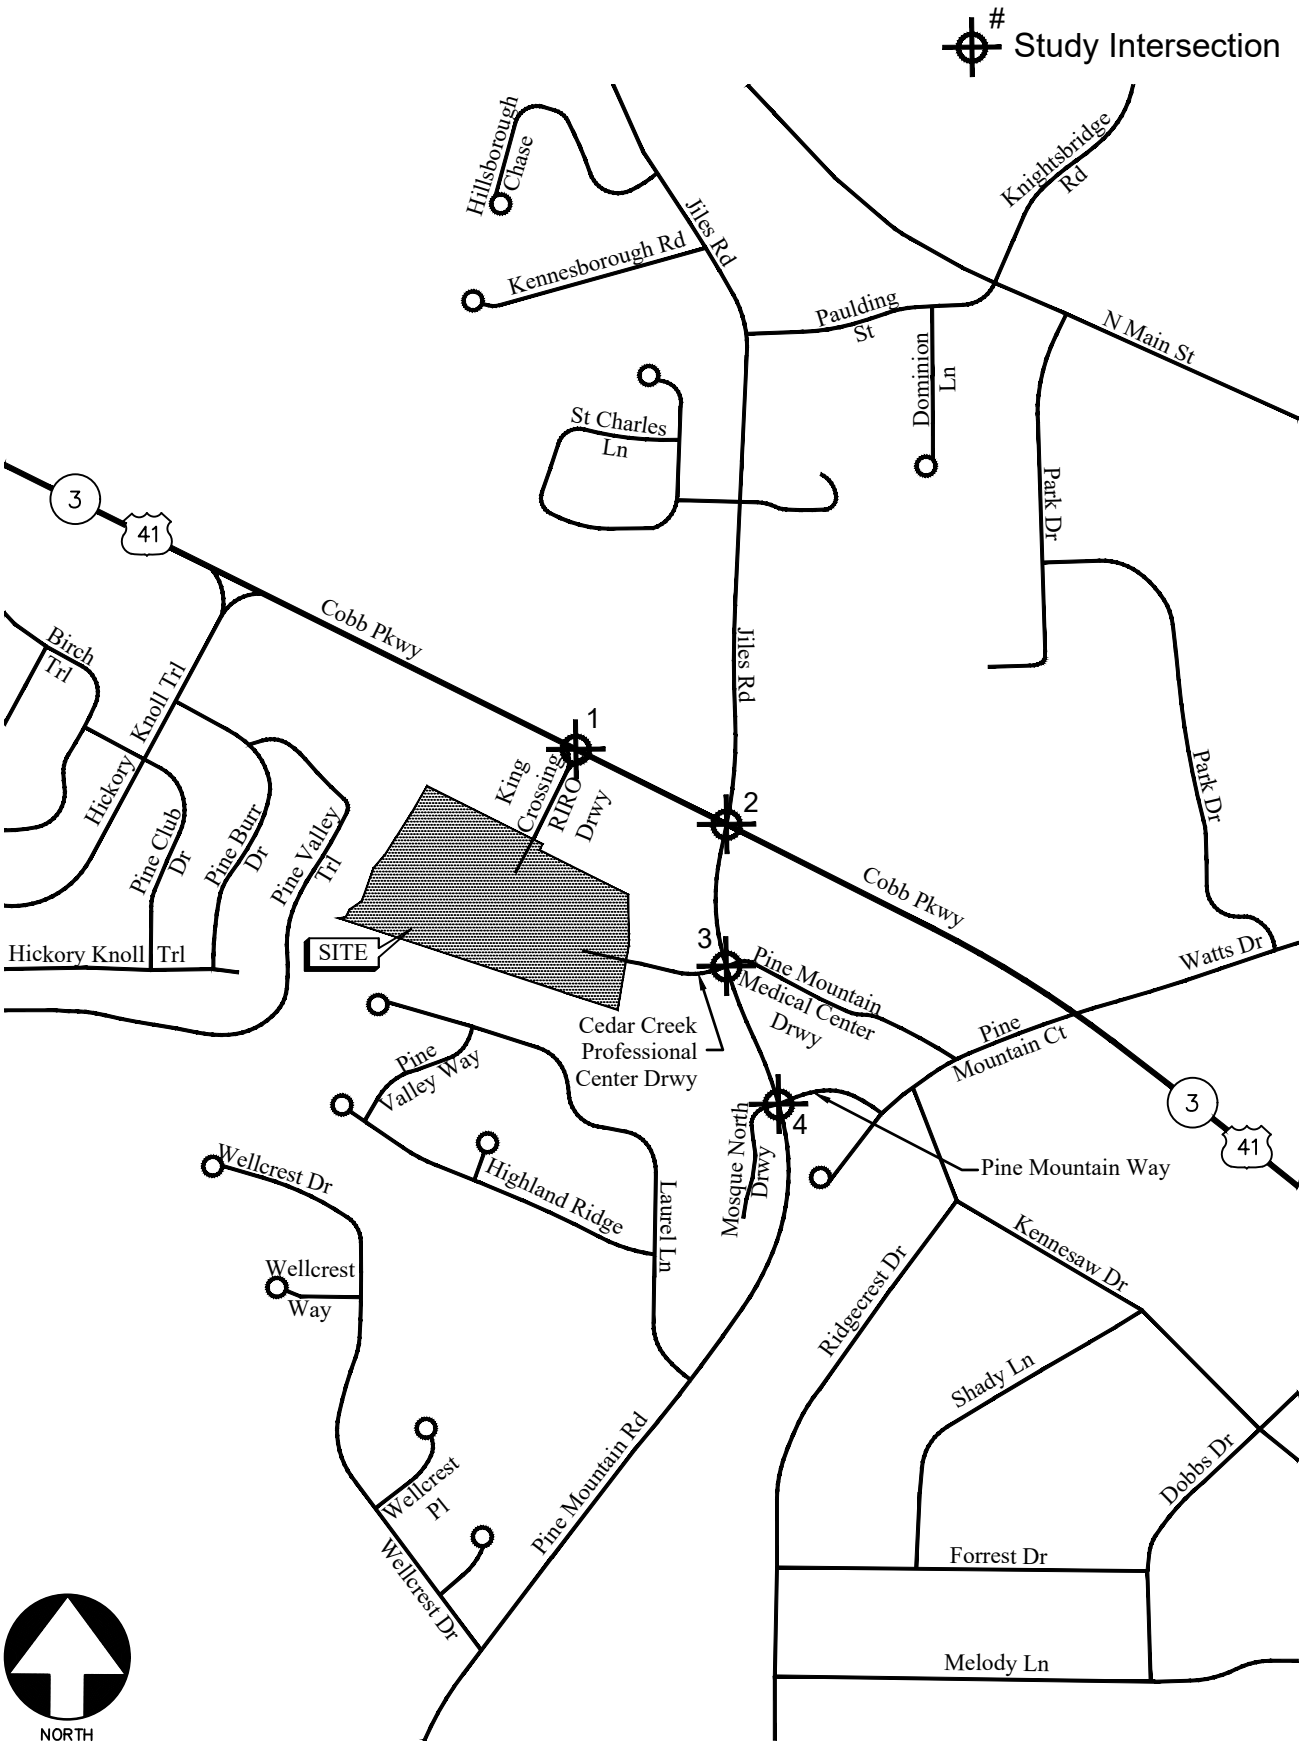

The purpose of this study is to determine the traffic impact from the proposed residential development that will be located at 6095 Pine Mountain Road in the City of Kennesaw, Georgia. The traffic analysis evaluates the current operations and the future conditions with the traffic generated by the development. The proposed residential development will consist of 89 townhomes and will have two access connections, one to the north on the existing right-in/right-out driveway on SR 3/US 41 (Cobb Parkway) and another to the east on the existing full access driveway on Pine Mountain Road.

The AM and PM peak hours have been analyzed in this study, which includes the evaluation of traffic operations at the intersections of:

1. SR 3/US 41 (Cobb Parkway) at King Crossing II Driveway (Right-In/Right-Out)
2. SR 3/US 41 (Cobb Parkway) at Jiles Road / Pine Mountain Road
3. Pine Mountain Road at Cedar Creek Professional Center Driveway / Pine Mountain Medical Center Driveway
4. Pine Mountain Road at Pine Mountain Way

Recommendations to improve traffic operations have been identified as appropriate and are discussed in detail in the following sections of the report. The location of the development and the surrounding roadway network are shown in Figure 1.

2.0 EXISTING FACILITIES / CONDITIONS

2.1 Roadway Facilities

The following is a brief description of each of the roadway facilities located in proximity to the site:

2.1.1 SR 3/US 41 (Cobb Parkway)

SR 3/US 41 (Cobb Parkway) is an east-west, four-lane, median divided roadway with a posted speed limit of 45 mph in the vicinity of the site. Georgia Department of Transportation (GDOT) traffic counts (Station ID: 067-0013) indicate that the daily traffic volume on SR 3/US 41 (Cobb Parkway) in 2024 was 35,200 vehicles per day east of Jiles Road / Pine Mountain Road. Cobb County classifies SR 3/US 41 (Cobb Parkway) as an arterial roadway.

2.1.2 Pine Mountain Road

Pine Mountain Road is a north-south, two-lane roadway with a posted speed limit of 40 mph in the vicinity of the site. Georgia Department of Transportation (GDOT) traffic counts (Station ID: 067-3005) indicate that the daily traffic volume on Pine Mountain Road in 2024 was 12,600 vehicles per day north of Shillings Road. Cobb County classifies Pine Mountain Road as an arterial roadway.

2.1.3 Jiles Road

Jiles Road is a north-south roadway with a two-way left-turn lane and a posted speed limit of 35 mph in the vicinity of the site. Georgia Department of Transportation (GDOT) traffic counts (Station ID: 067-0647) indicate that the daily traffic volume on Jiles Road in 2024 was 17,000 vehicles per day south of Legacy Park Boulevard. Cobb County classifies Jiles Road as an arterial roadway.

2.1.4 Pine Mountain Way

Pine Mountain Way is an east–west, two-lane roadway in the vicinity of the site.

3.0 STUDY METHODOLOGY

In this study, the methodology used for evaluating traffic operations at each of the subject intersections is based on the criteria set forth in the Transportation Research Board Highway Capacity Manual, 6th edition (HCM 6). Synchro 11 software, which utilizes the HCM methodology, was used for analysis. The following is a description of the methodology employed for the analysis of unsignalized and signalized intersections.

3.1 Unsignalized Intersections

For unsignalized intersections controlled by a stop sign on minor streets, the level of service (LOS) for motor vehicles with controlled movements is determined by the computed control delay according to the thresholds stated in Table 1 below. LOS is determined for each minor street movement (or shared movement), as well as major street left turns. LOS is not defined for the intersection as a whole or for major street approaches. The LOS of any controlled movement which experiences a volume-to-capacity ratio greater than 1 is designed as "F" regardless of the control delay.

Control delay for unsignalized intersections includes initial deceleration delay, queue move-up time, stopped delay and final acceleration delay. Several factors affect the control delay for unsignalized intersections, such as the availability and distribution of gaps in the conflicting traffic stream, critical gaps, and follow-up time for a vehicle in the queue.

Level of service is assigned a letter designation from "A" through "F". Level of service "A" indicates excellent operations with little delay to motorists, while level of service "F" exists when there are insufficient gaps of acceptable size to allow vehicles on the side street to cross the main road without experiencing long delays.

TABLE 1 – LEVEL OF SERVICE CRITERIA FOR UNSIGNALIZED INTERSECTIONS

Control Delay (sec/vehicle)	LOS by Volume-to-Capacity Ratio*	
	v/c ≤ 1.0	**v/c > 1.0**
≤ 10	A	F
> 10 and ≤ 15	B	F
> 15 and ≤ 25	C	F
> 25 and ≤ 35	D	F
> 35 and ≤ 50	E	F
> 50	F	F

*The LOS criteria apply to each lane on a given approach and to each approach on the minor street. LOS is not calculated for major-street approaches or for the intersection.

Source: Highway Capacity Manual, 6th edition, Exhibit 20-2 *LOS Criteria: Motorized Vehicle Mode*

3.2 Signalized Intersections

According to HCM procedures, LOS can be calculated for the entire intersection, each intersection approach, and each lane group. HCM uses control delay alone to characterize LOS for the entire intersection or an approach. Control delay per vehicle is composed of initial deceleration delay, queue move-up time, stopped delay and final acceleration delay. Both control delay and volume-to-capacity ratio are used to characterize LOS for a lane group. A volume-to-capacity ratio greater than 1.0 for a lane group indicates failure from capacity perspective. Therefore, such a lane group is assigned LOS F regardless of the amount of control delay.

Table 2 below summarizes the LOS criteria from HCM for motorized vehicles at signalized intersections.

TABLE 2 – LEVEL OF SERVICE CRITERIA FOR SIGNALIZED INTERSECTIONS

Control Delay (sec/vehicle) *	LOS for Lane Group by Volume-to-Capacity Ratio*	
	v/c ≤ 1.0	**v/c > 1.0**
≤ 10	A	F
> 10 and ≤ 20	B	F
> 20 and ≤ 35	C	F
> 35 and ≤ 55	D	F
> 55 and ≤ 80	E	F
> 80	F	F

*For approach-based and intersection wide assessments, LOS is defined solely by control delay

Source: Highway Capacity Manual, 6th edition, Exhibit 19-8 *LOS Criteria: Motorized Vehicle Mode*

LOS A is typically assigned when the volume-to-capacity (v/c) ratio is low and either progression is exceptionally favorable, or the cycle length is very short. LOS B is typically assigned when the v/c ratio is low and either progression is highly favorable, or the cycle length is short. However, more vehicles are stopped than with LOS A. LOS C is typically assigned when progression is favorable, or the cycle length is moderate. Individual cycle failures (one or more queued vehicles cannot depart because of insufficient capacity during the cycle) may begin to appear at this level. Many vehicles still pass through the intersection without stopping, but the number of vehicles stopping is significant. LOS D is typically assigned when the v/c ratio is high and either progression is ineffective, or the cycle length is long. There are many vehicle-stops and individual cycle failures are noticeable. LOS E is typically assigned when the v/c ratio is high, progression is very poor, the cycle length is long, and individual cycle failures are frequent. LOS F is typically assigned when the v/c ratio is very high, progression is very poor, the cycle length is long, and most cycles fail to clear the queue.

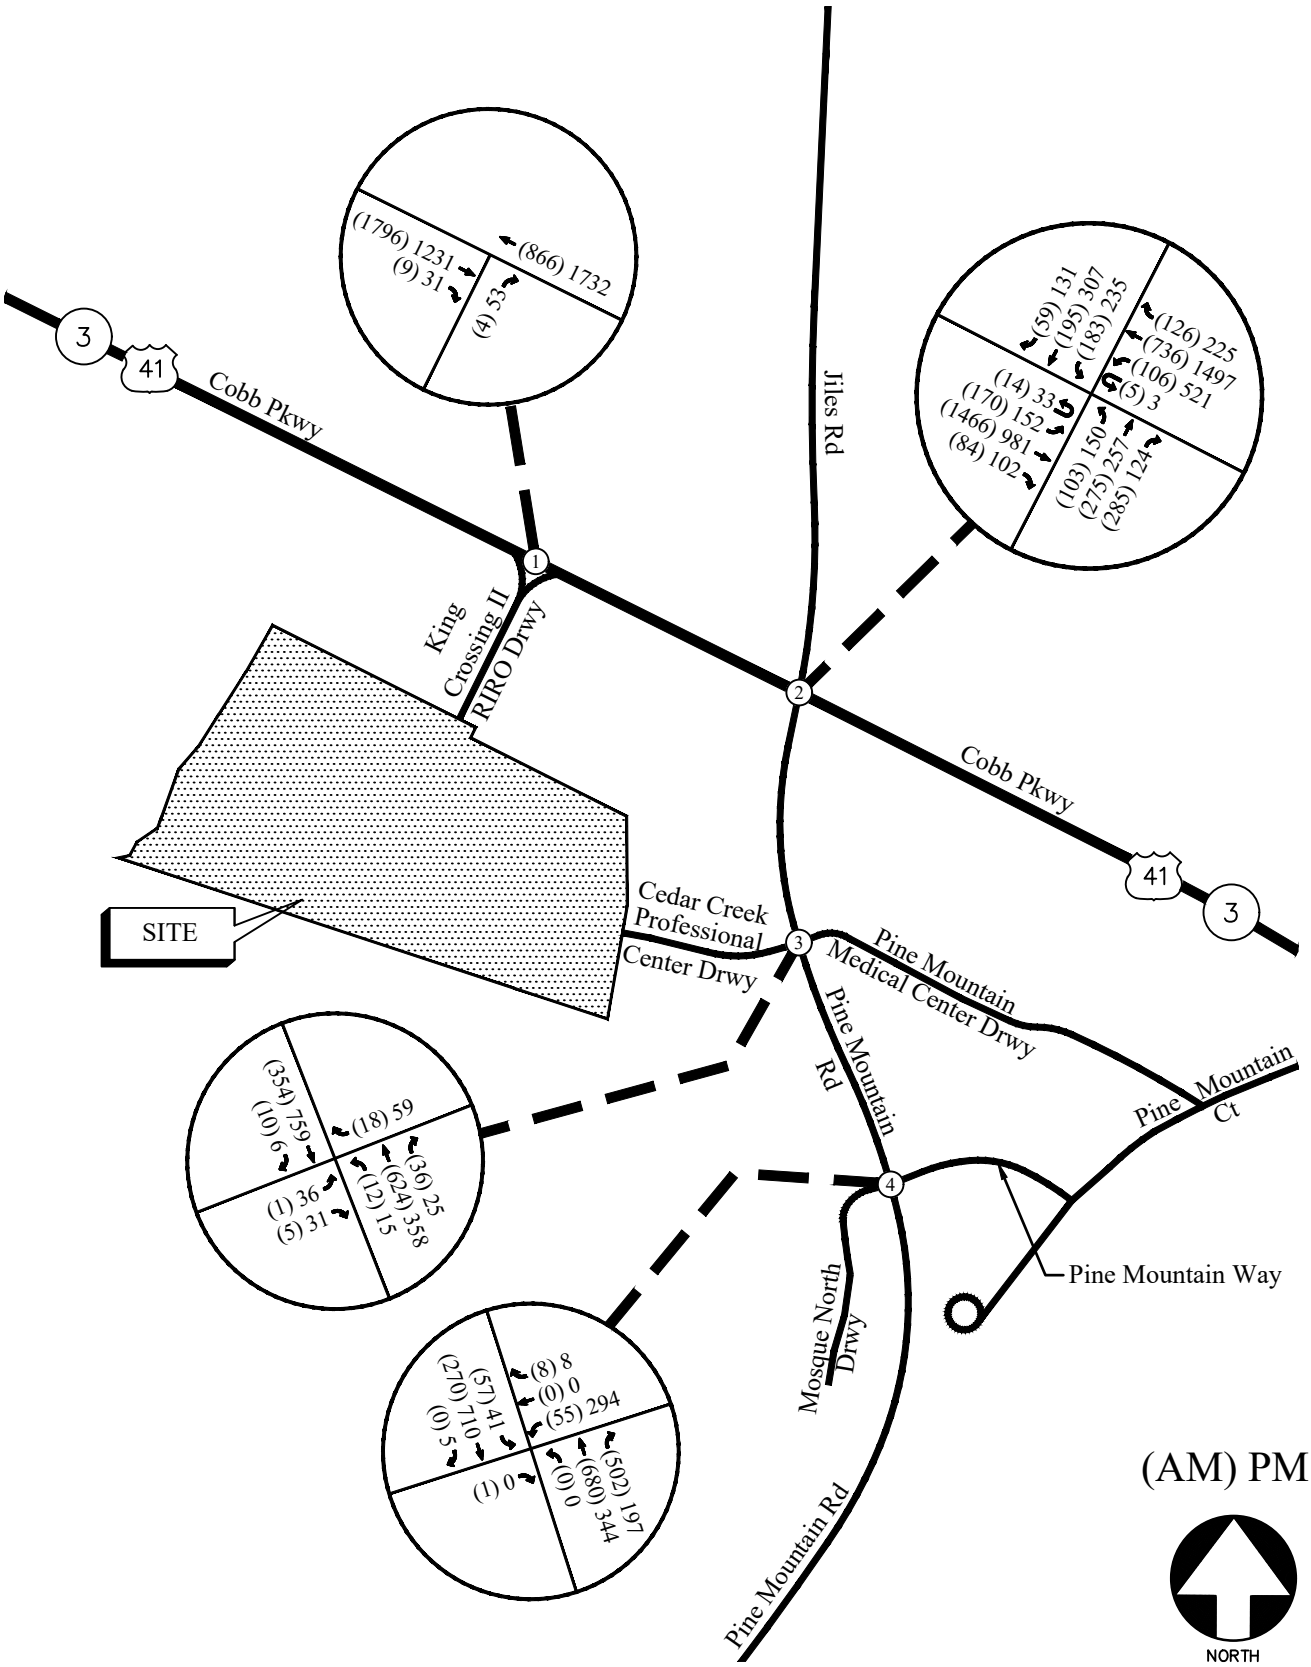

4.0 EXISTING 2025 TRAFFIC ANALYSIS

4.1 Existing Traffic Volumes

Existing traffic counts were obtained at the following study intersections:

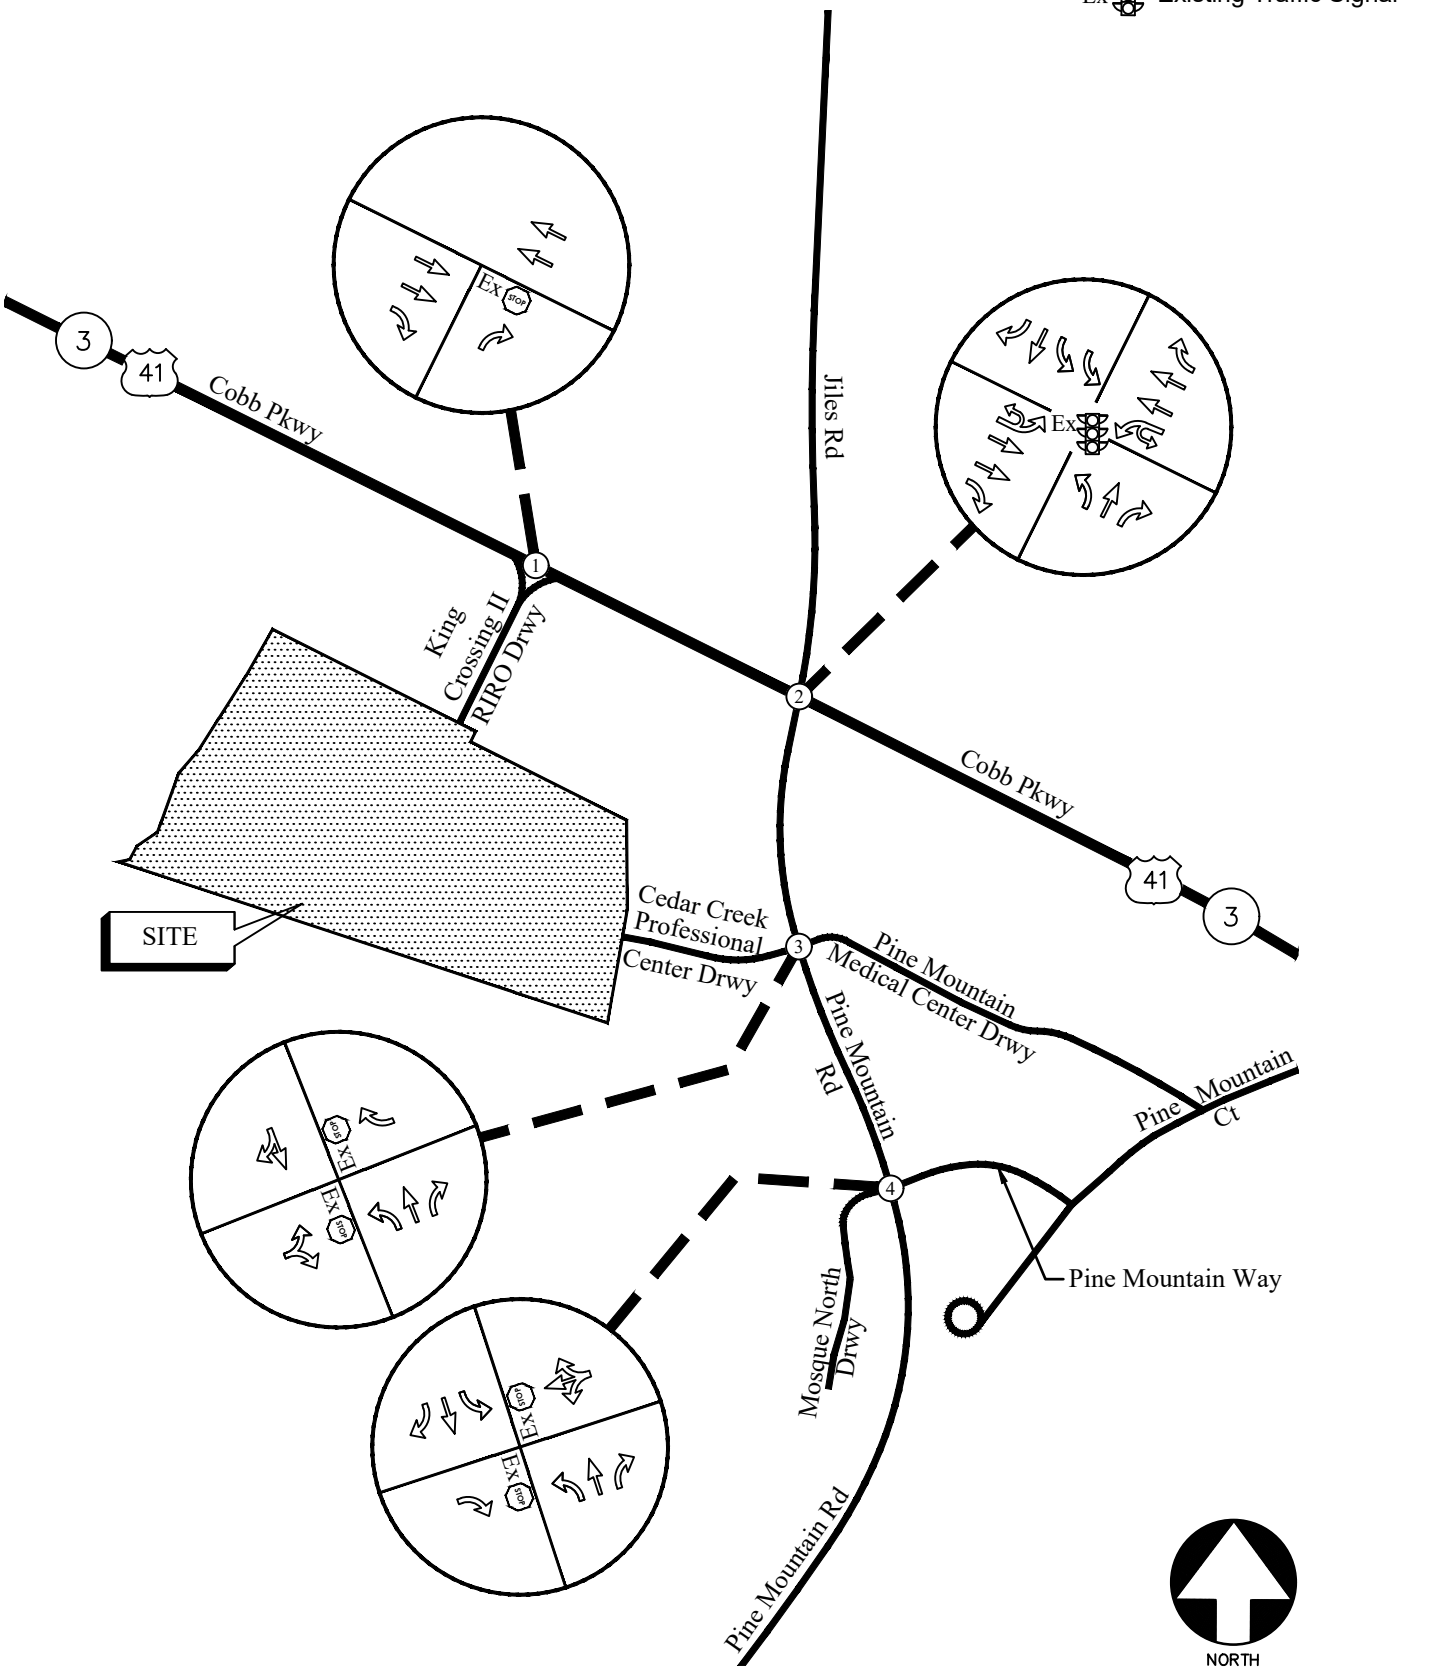

1. SR 3/US 41 (Cobb Parkway) at King Crossing II Driveway (Right-In/Right-Out)
2. SR 3/US 41 (Cobb Parkway) at Jiles Road / Pine Mountain Road
3. Pine Mountain Road at Cedar Creek Professional Center Driveway / Pine Mountain Medical Center Driveway
4. Pine Mountain Road at Pine Mountain Way

Turning movement counts were collected on Tuesday, November 18, 2025. All turning movement counts were recorded during the AM and PM peak hours between 7:00 AM to 9:00 AM and 4:00 PM to 6:00 PM, respectively. The four consecutive 15-minute interval volumes that produced the highest volume at the intersections were then determined. These volumes make up the peak hour traffic volumes for the intersections counted and are shown in Figure 2. The existing traffic control and lane geometry for the study intersections are shown in Figure 3.

4.2 Existing Traffic Operations

Existing traffic operations were analyzed at the study intersections in accordance with the HCM methodology. The results of the analysis are shown in Table 3.

TABLE 3 – EXISTING INTERSECTION OPERATIONS

	Intersection	Traffic Control	LOS (Delay)	
			AM Peak Hour	PM Peak Hour

*Delay exceeds 300s

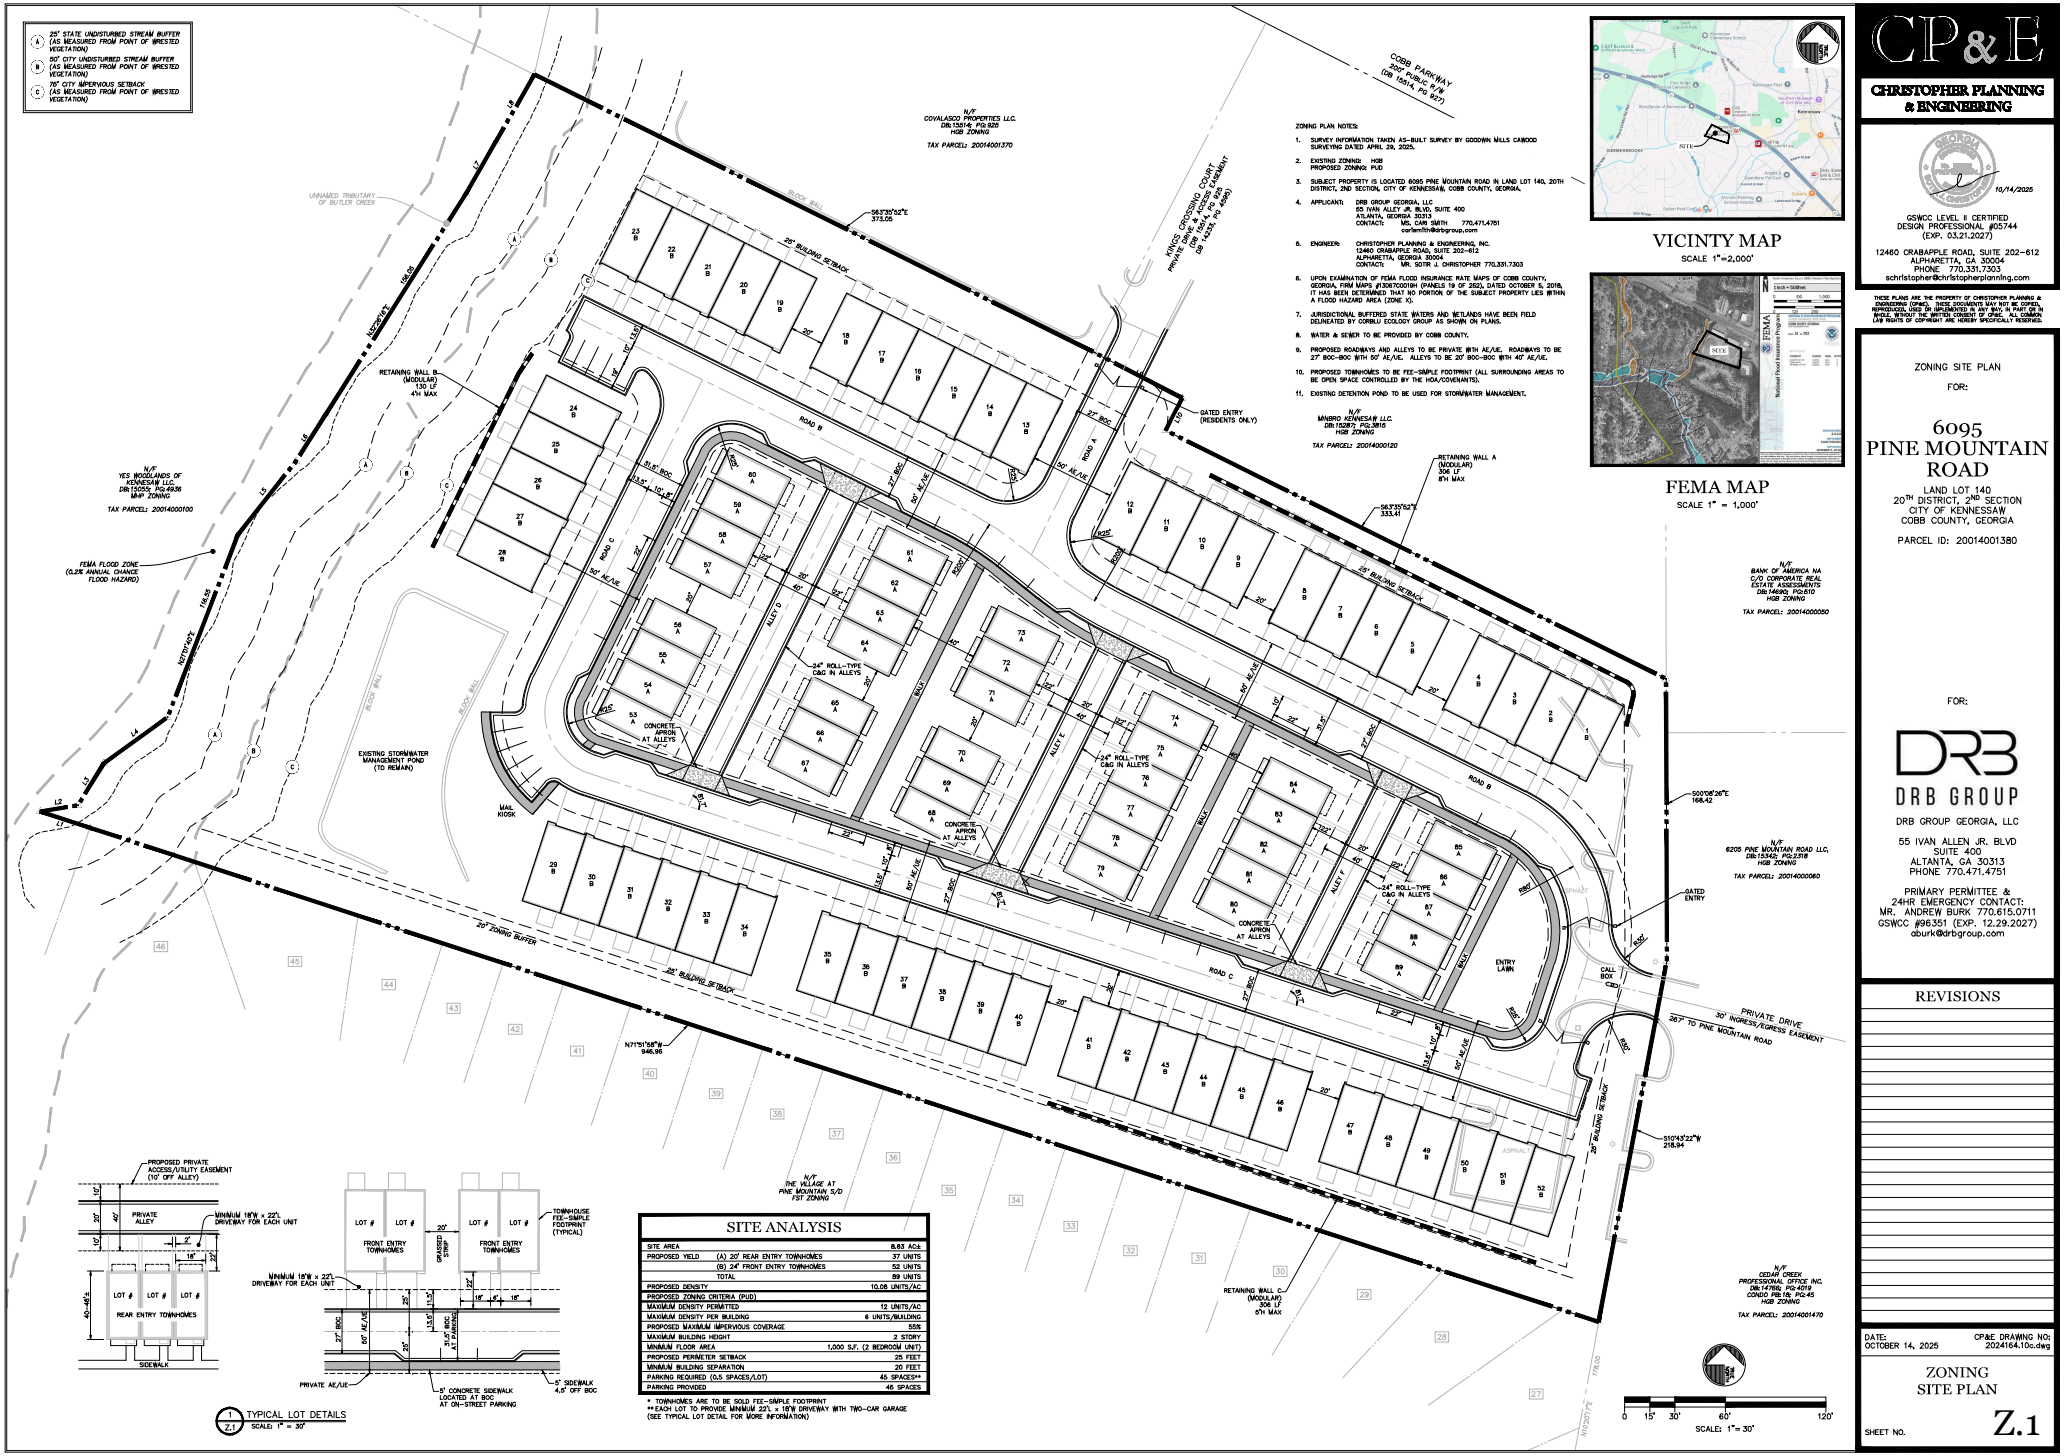

The results of the existing traffic operations analysis indicate that the signalized study intersection of Cobb Parkway at Jiles Road / Pine Mountain Road (intersection 1) is operating at an overall level of service "D" in the AM peak hour and a level of service "E" in the PM peak hour. The stop-controlled approaches at the unsignalized study intersections are operating at a level of service "D" or better with peak hour traffic, except for the westbound (Pine Mountain Way) approach at intersection 4, which is operating at a level of service "F" in the PM peak hour. The high estimated delay time at this approach can be primarily attributed to the heavy left-turning volume out of Pine Mountain Way, which is shown to exceed 290 vehicles during the PM peak hour in Figure 2. Northbound drivers going south on Pine Mountain Road use this route as a cut-through route, instead of turning left at the signalized intersection of Cobb Parkway and Pine Mountain Road/Jiles Road.

5.0 PROPOSED DEVELOPMENT

The proposed residential development will be located at 6095 Pine Mountain Road in the City of Kennesaw, Georgia. The proposed development will consist of 89 townhomes and will have two access connections, one to the north on the existing right-in/right-out driveway on SR 3/US 41 (Cobb Parkway) and another to the east on the existing full access driveway on Pine Mountain Road.

5.1 Trip Generation

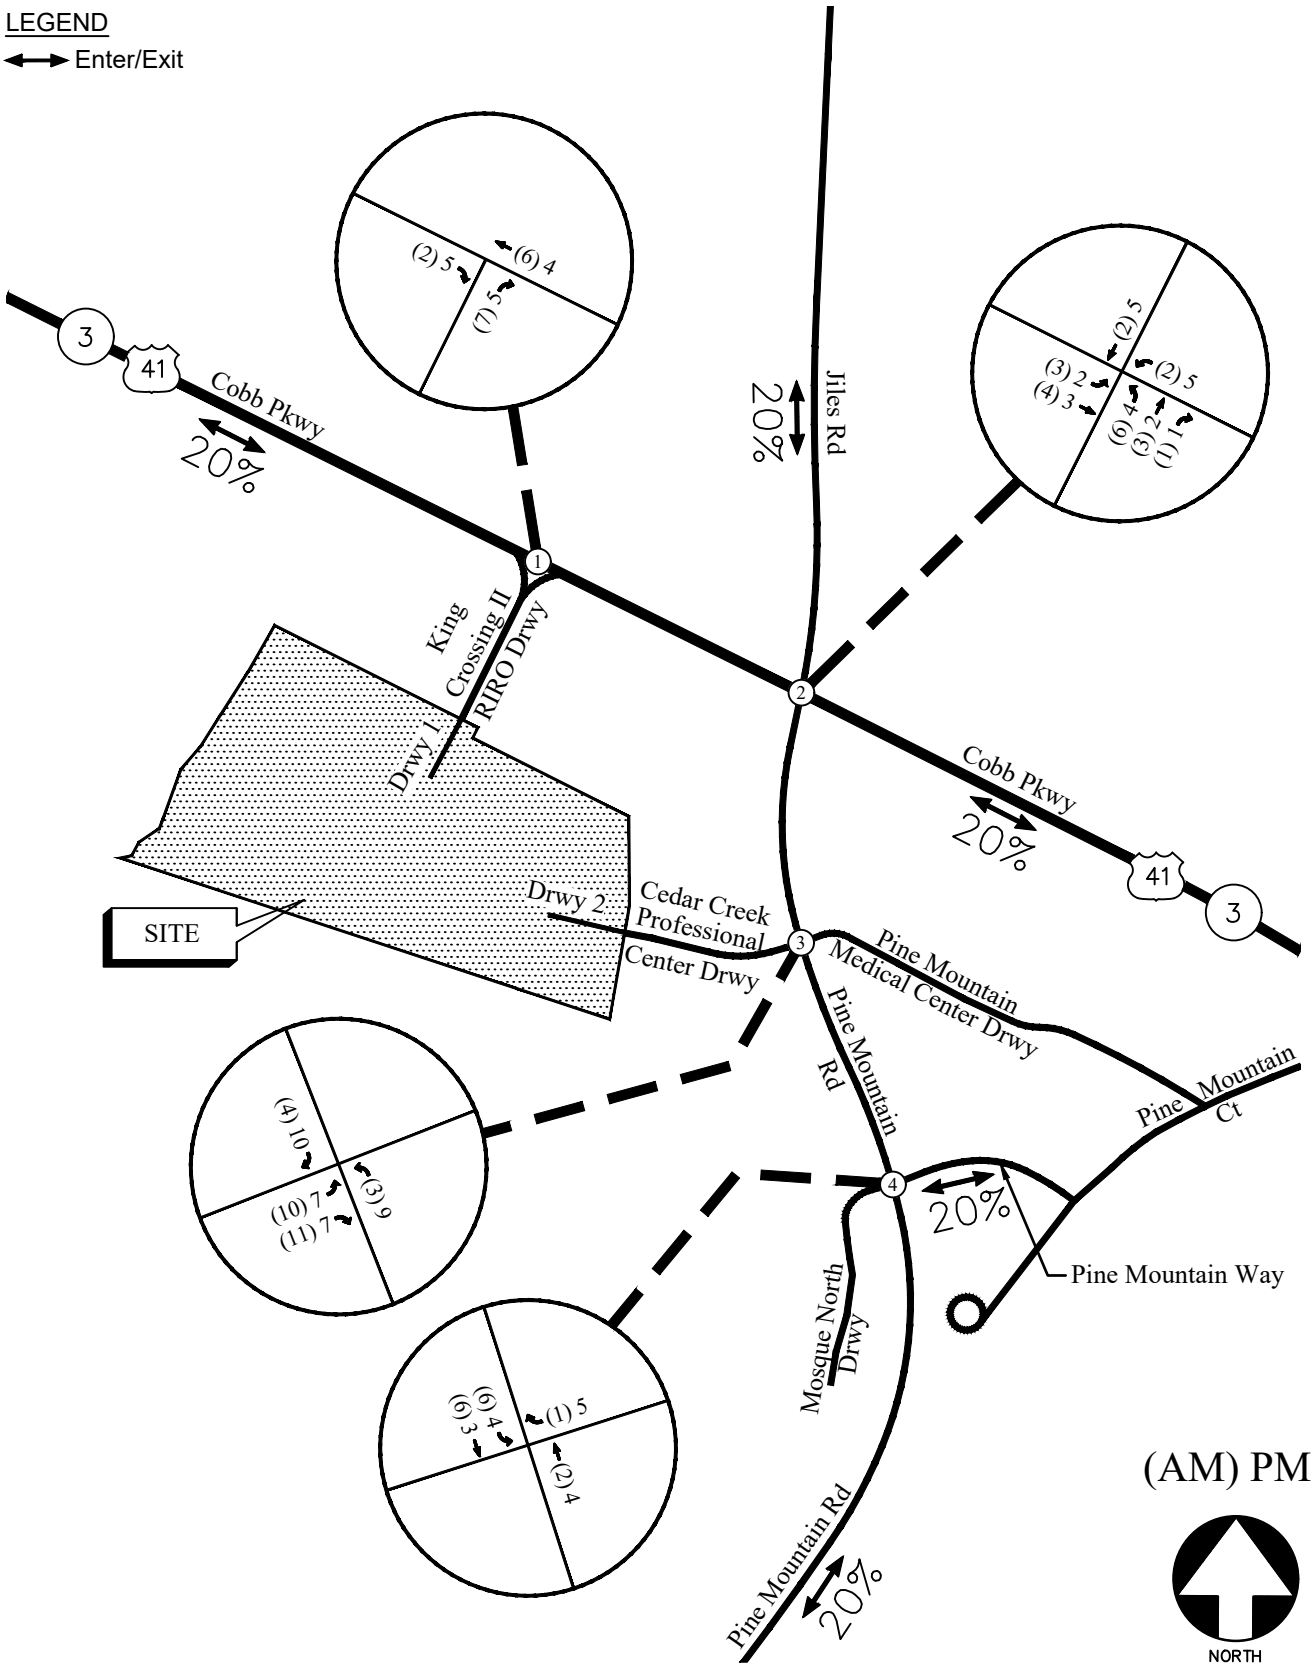

Trip generation estimates were based on the rates and equations published in the 12th edition of the Institute of Transportation Engineers (ITE) Trip Generation Manual. This reference contains traffic volume count data collected at similar facilities nationwide. The trip generation for this project was based on the ITE land use category *215 - Single-Family Attached Housing.* The calculated trip generation volumes for the proposed development are shown in Table 4.

TABLE 4 – TRIP GENERATION

5.2 Trip Distribution

The trip distribution describes how traffic arrives and departs from the site. An overall trip distribution was developed for the site based on a review of the existing travel patterns in the area and the locations of major roadways and highways that will serve the development. The site-generated peak hour traffic volumes, shown in Table 4, were assigned to the study area intersections based on this distribution. The outer-leg distribution along with the AM and PM peak hour traffic generated by the site are shown in Figure 5.

6.0 FUTURE 2027 TRAFFIC ANALYSIS

The future 2027 traffic operations are analyzed for the “Build” and “No-Build” conditions.

6.1 Future “No-Build” Conditions

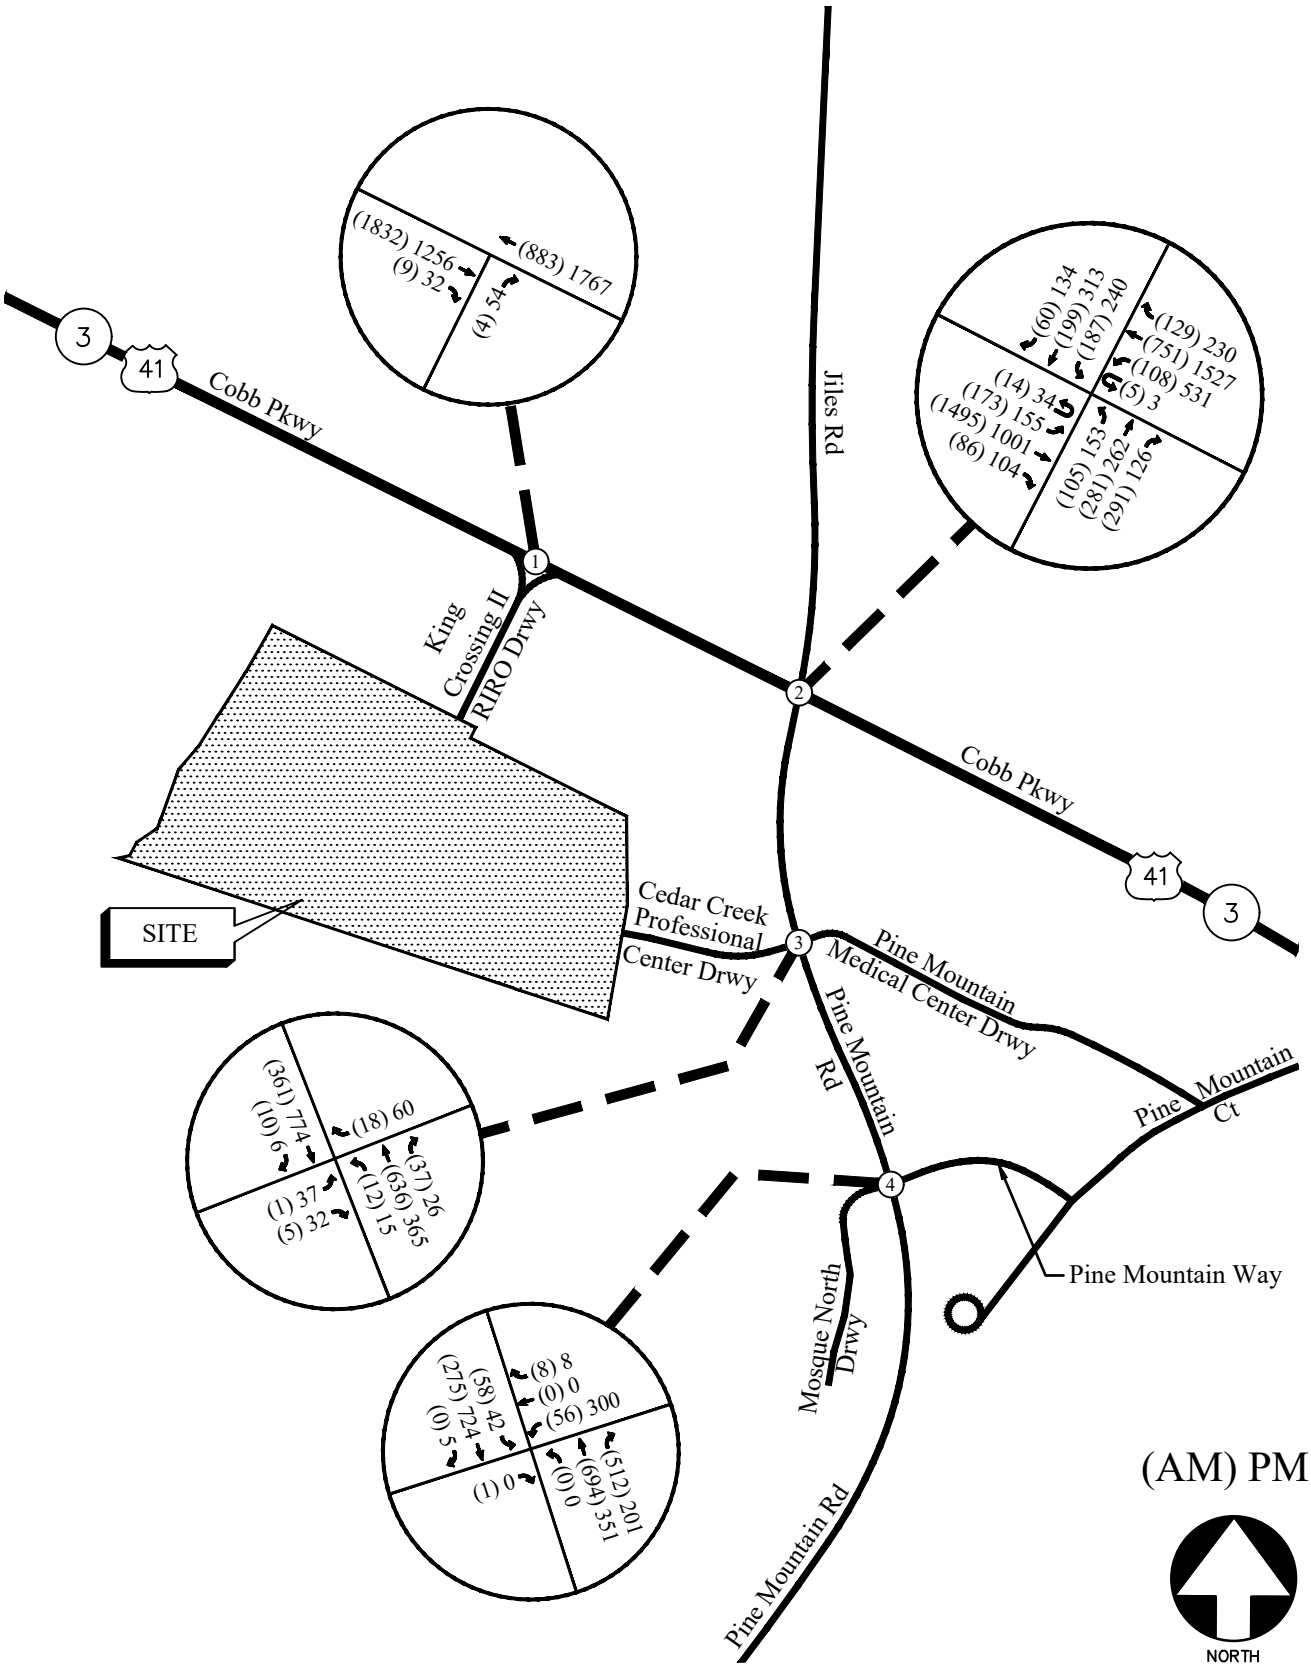

The “No-Build” (or background) conditions provide an assessment of how traffic will operate in the study horizon year without the study site being developed as proposed, with projected increases in through traffic volumes due to normal annual growth. The future “No-Build” volumes consist of the existing traffic volumes (Figure 2) plus increases due to the annual growth of traffic.

6.1.1 Annual Traffic Growth

To evaluate future traffic operations in this area, a projection of normal traffic growth was applied to the existing volumes. The Georgia Department of Transportation recorded average daily traffic volumes at several locations in the vicinity of the site. Reviewing the growth over the last three years (2022-2024) revealed a traffic volume increase of approximately 1% in the area. This growth factor was applied to the existing traffic volumes to estimate the future year traffic volumes prior to the addition of site-generated traffic. The resulting future “No-Build” volumes on the roadway are shown in Figure 6.

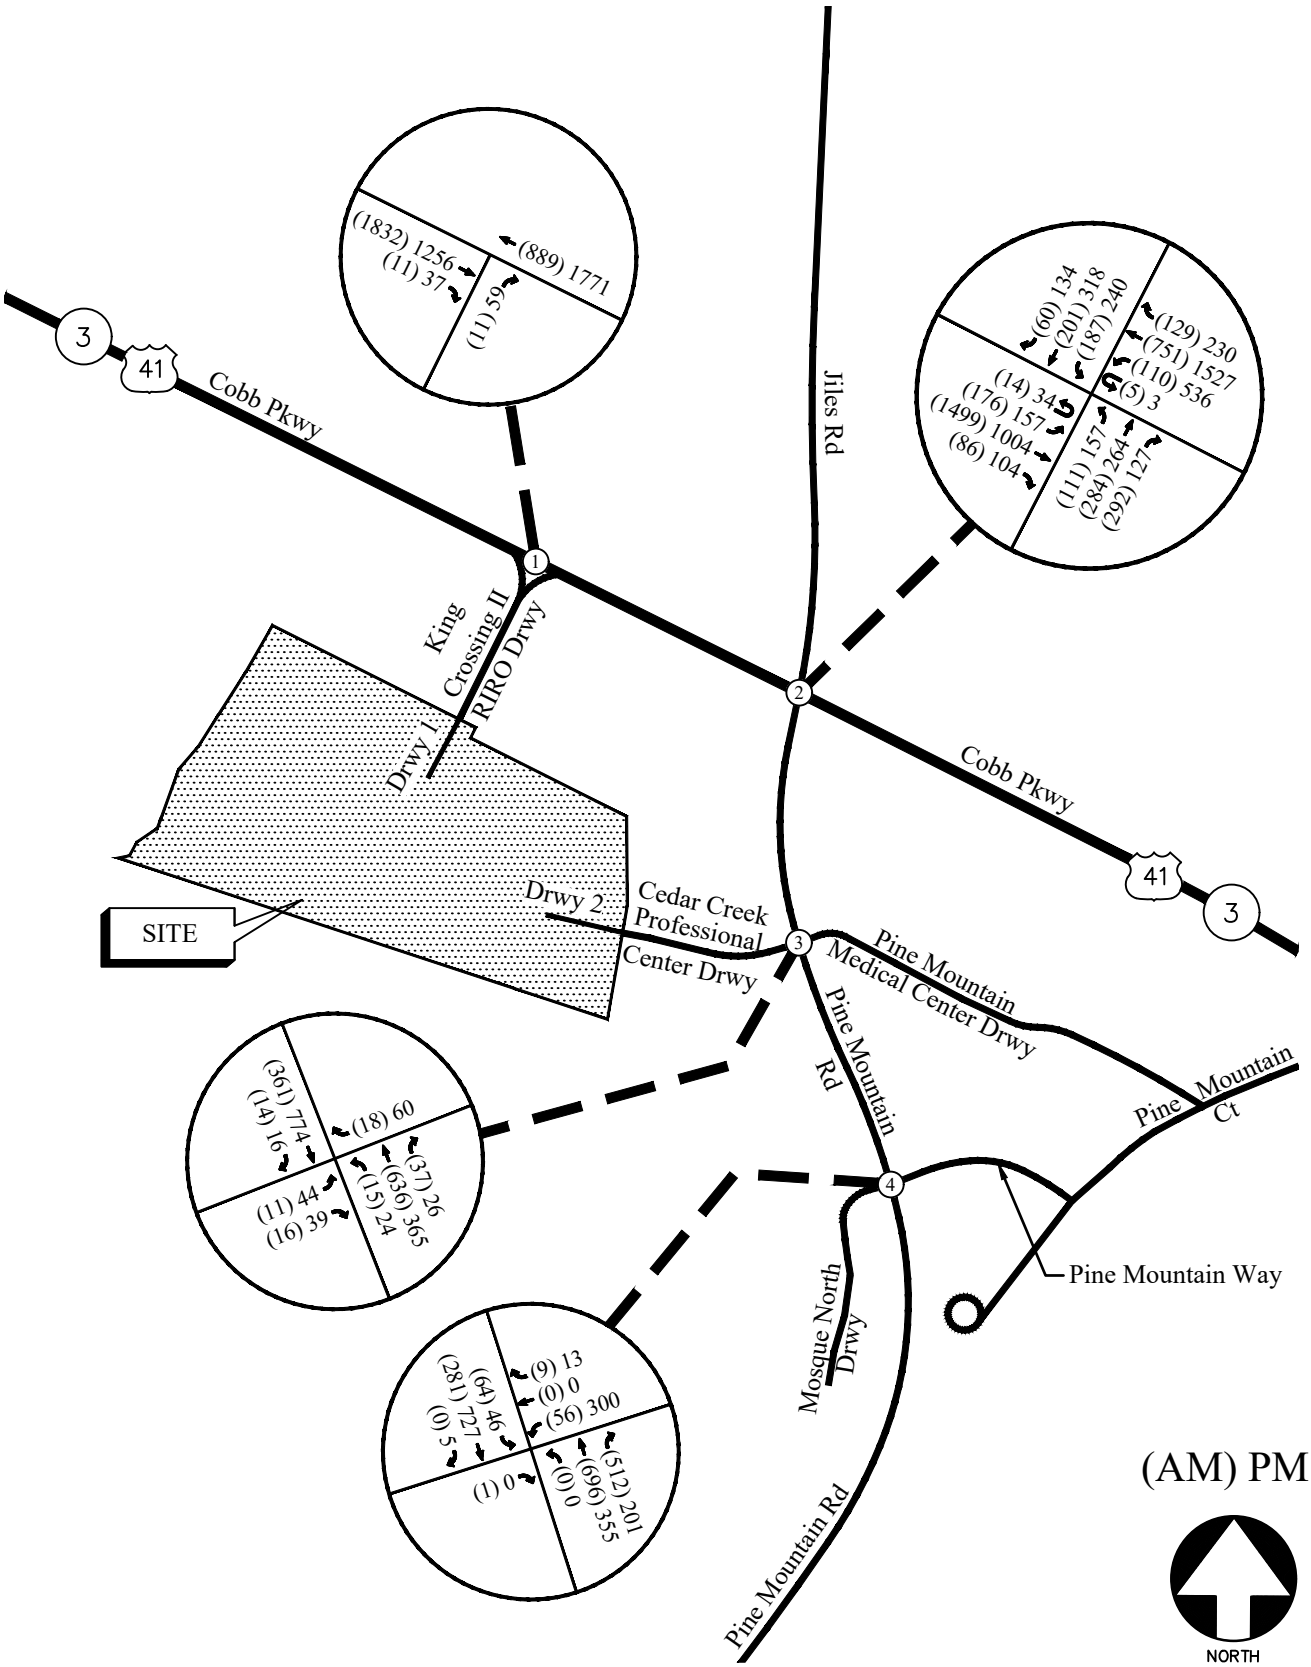

6.2 Future “Build” Conditions

The “Build” or development conditions include the estimated background traffic from the “No-Build” conditions plus the traffic from the proposed development. To evaluate the future traffic operations in this area, the additional traffic volumes from the site (Figure 5) were added to the base traffic volumes (Figure 6) to calculate the future traffic volumes after the construction of the development. These total future “Build” traffic volumes are shown in Figure 7.

6.3 Future Traffic Operations

The future "No-Build" and "Build" traffic operations were analyzed using the volumes in Figure 6 and Figure 7, respectively. The results of the future traffic operations analysis are shown below in Table 5. Recommendations on traffic control and lane geometry are shown graphically in Figure 8.

The results of the future "No-Build" and "Build" condition traffic operations analyses indicate that the signalized study intersection of Cobb Parkway at Jiles Road / Pine Mountain Road (intersection 1) will continue to operate at an overall level of service "D" in the AM peak hour and a level of service "E" in the PM peak hour. The stop-controlled approaches at the unsignalized study intersections will operate at a level of service "D" or better with peak hour traffic, except for the westbound (Pine Mountain Way) approach at intersection 4, which will continue to operate at a level of service "F" in the PM peak hour. It is not unusual for minor side streets that stop-controlled at arterial roadways to experience elevated delays during peak periods due to the time gap required for vehicles to make turning movements onto the mainline. It is recommended that in the future, the City of Kennesaw should perform a 12-hour analysis for the intersection of Pine Mountain Road at Pine Mountain Way to determine if its traffic volumes turning out of Pine Mountain Way are sufficient to warrant a traffic signal as a system improvement.

7.0 CONCLUSIONS AND RECOMMENDATIONS

Traffic impacts were evaluated for the proposed residential development that will be located at 6095 Pine Mountain Road in the City of Kennesaw, Georgia. The proposed development will consist of 89 townhomes and will have two access connections, one to the north on the existing right-in/right-out driveway on SR 3/US 41 (Cobb Parkway) and another to the east on the existing full access driveway on Pine Mountain Road.

Existing and future operations after completion of the project were analyzed at the intersections of:

1. SR 3/US 41 (Cobb Parkway) at King Crossing II Driveway (Right-In/Right-Out)
2. SR 3/US 41 (Cobb Parkway) at Jiles Road / Pine Mountain Road
3. Pine Mountain Road at Cedar Creek Professional Center Driveway / Pine Mountain Medical Center Driveway
4. Pine Mountain Road at Pine Mountain Way

The analysis included the evaluation of future traffic operations for "No-Build" and "Build" conditions, with the differences between "No-Build" and "Build" accounting for increases in traffic due to the proposed site. The results of the future "No-Build" and "Build" condition traffic operations analyses indicate that the signalized study intersection of Cobb Parkway at Jiles Road / Pine Mountain Road (intersection 1) will continue to operate at an overall level of service "D" in the AM peak hour and a level of service "E" in the PM peak hour. The stop-controlled approaches at the unsignalized study intersections will operate at a level of service "D" or better with peak hour traffic, except for the westbound (Pine Mountain Way) approach at intersection 4, which will continue to operate at a level of service "F" in the PM peak hour. Northbound drivers going south on Pine Mountain Road use this route as a cut-through route, instead of turning left at the signalized intersection of Cobb Parkway and Pine Mountain Road/Jiles Road. It is not unusual for stop-controlled minor side streets at arterial roadways to experience elevated delays during peak periods due to the time gap required for vehicles to make turning movements onto the mainline. It is recommended that in the future, the City of Kennesaw may perform a 12-hour analysis for the intersection of Pine Mountain Road at Pine Mountain Way to determine if its traffic volumes turning out of Pine Mountain Way are sufficient to warrant a traffic signal as a system improvement.

7.1 Recommendations for Site Access Configuration

The following access configurations are recommended for the proposed site driveway connections:

- <u>Site Driveway 1: Connecting to Existing Right-In/Right Out King Crossing II Driveway on SR 3/US 41 (Cobb Parkway)</u>
    - Retain one entering lane and one exiting lane
    - Retain yield sign control on the driveway approach with Cobb Parkway remaining free flow
    - A deceleration turn lane already exists.

- Site Driveway 2: Connecting to the Existing Cedar Creek Professional Center Driveway on Pine Mountain Road
    - Retain one entering lane and one exiting lane
    - Retain stop sign control on the driveway approach with Pine Mountain Road remaining free flow
    - A northbound left turn lane already exists.

Re: Rezoning Application of DRB Group Georgia, LLC, 6095 Pine Mountain Road
RZ2025-03

Dear Darryl:

This firm represents DRB Group Georgia, LLC ("DRB") as it relates to its Rezoning Application known as RZ2025-03 regarding the above-captioned property. We are requesting that the application be tabled from the January hearing dates until the February hearing dates to allow additional time for the Applicant to continue working with the City and community. Thank you.

RE: Cedar Creek Professional Office Association, Inc.'s Opposition to Rezoning Application #RZ2025-3 for 6095 Pine Mountain Road, Kennesaw, GA 30152

Dear Ms. Campbell,

This law firm and the undersigned represent Cedar Creek Professional Office Association, Inc. ("CCPOA"). Since May 17, 2010, CCPOA has owned the common area of the Cedar Creek Professional Center located at 6095 Pine Mountain Road, Kennesaw, GA 30152. (**Exhibit 1**). CCPOA submits this letter to formally express its opposition to Rezoning Application #RZ2025-3 submitted by DRB Group Georgia, LLC for the purpose of constructing an 89-unit townhome community on the property owned by AP Real Estate Georgia, LLC, situated immediately adjacent to the Cedar Creek Professional Center.

The City of Kennesaw recently updated and approved its Future Land Use Map in 2023. (**Exhibit 2**). The proposed townhome development contradicts the Community Activity Center designation established by the City less than three (3) years ago, and it is not in harmony with the single-family detached homes situated adjacent to the property. The proposed townhome development also violates no less than five (5) of the express stipulations set forth in City of Kennesaw Ordinance No. 2006-20, 2006 (the "Ordinance," (**Exhibit 3**)). The Ordinance contains multiple stipulations that specifically apply to and restrict the manner in which DRB may develop the subject property. DRB's proposed townhome development cannot be constructed as shown on the plans submitted by DRB because it would violate the express zoning requirements set forth in Ordinance 2006-20.

The ~2.84-acre parcel on which CCPOA's property and Building 100 lie was originally part of a larger ~11.7-acre development project involving three (3) small office buildings. In 2006, as part of its acquisition of the ~11.7 acres from King's Crossing Management, LLC (**Exhibit 4**), Pebblebrook Development, LLC rezoned (#RZ2006-11) the ~2.84-acre parcel from GC (General Commercial) and R-20 to match the HGB (Highway General Business) zoning designation that

already existed for the other ~8.83 acres "for the purpose of a general business/office development" encompassing all ~11.7 acres "with reference to that Rezoning Drawing prepared for Pebblebrook Development, LLC dated April 24, 2006." (Ordinance, Stipulation #2; see also Rezoning Drawing (**Exhibit 5**)). As noted throughout the Ordinance, the "proposed development" referred to "a general business/office development" including "all proposed office buildings" located not only on the rezoned ~2.84-acre parcel, but also on the adjoining ~8.83-acre property. (See e.g. Ordinance, Stipulation #2, #4, #5, #6, #7, #8, #11, #14, and #15).

The City approved Pebblebrook's rezoning application following extensive negotiations with adjacent property owners and residents, which resulted in numerous stipulations being imposed upon the proposed development on the subject property "and the adjacent property also to be developed," referring to the ~8.83 acres on which Pebblebrook intended to construct Buildings 200 and 300, and on which DRB now seeks to construct 89 townhomes. (See Kennesaw Planning Commission meeting minutes for July, 10, 2006 (**Exhibit 6**); Mayor and Council meeting minutes for September 5, 2006 (**Exhibit 7**); Mayor and Council Agenda Packet for September 5, 2006 (**Exhibit 8**)).The Ordinance's zoning stipulations specifically reference "the proposed buildings, both within the Subject Property and on adjoining property, which will be part of the proposed development." (Ordinance, Stipulation #7).

As depicted on its rezoning application materials, DRB's proposed 89-unit townhome development would violate at least the following five (5) zoning stipulations set forth in the Ordinance:

Stipulation #4:

Applicant agrees that the architectural style for the proposed development shall be consistent with all architectural photographs submitted to City staff during the zoning process and presented to the City of Kennesaw during the respective public hearings. In that regard, the exterior elevations of the proposed buildings shall consist of brick, stone, stacked stone, stucco, and other masonry materials.

The 89 townhomes proposed by DRB are not consistent with the three (3) small office buildings shown on the development plan that Pebblebrook submitted to the City during the zoning process. Not only does DRB intend to change the entire character of the proposed development from three (3) office buildings to 89 townhomes, but the proposed townhomes do not comply with any of the Ordinance's exterior elevation requirements. The elevation details submitted by DRB indicate the townhomes will consist of lapped panel siding and board and

batten siding, not brick, stone, stacked stone, stucco, and other masonry materials as required by the ordinance. As such, the proposed development is in direct violation of this stipulation.

Stipulation #6:

Applicant agrees to establish and maintain a permanent, minimum forty (40) foot buffer along the entire southern boundary of the Subject Property, as well as, the adjacent property also to be developed, which buffer shall be adjacent to a development known as "The Village at Pine Lake Mountain." Such forty foot buffer shall not include any drives or other paved areas; but rather, shall be utilized for landscaping, screening materials, and fencing subject to a landscape plan to incorporate such features subject to City of Kennesaw staff approval during the plan review process.

According to the materials submitted by DRB, the proposed townhome development would only have a 20-foot landscape strip on the southern boundary. This is only half of the minimum 40-foot landscape buffer required by the Ordinance. Moreover, the site plan submitted by Pebblebrook for the original zoning, with which the "proposed development shall be consistent" (Ordinance, Stipulation #4 and #11), provided for a 35-foot rear setback for the buildings, compared to the only 25-foot setback specified for DRB's proposed townhomes. Because the townhomes lack the minimum required landscaped buffer and the minimum required setback, the proposed development is in violation of this stipulation.

Stipulation #11:

Applicant agrees that the future development shall be consistent with the general layout and design as shown and reflected on the submitted site plan.

As noted above, the Ordinance provides that the adjoining property "will be part of the proposed development" (Stipulation #7). The "future development" in this stipulation references Buildings 200 and 300, identified as Tract 2 on the Rezoning Drawing submitted by Pebblebrook and relied upon by the City, Pebblebrook, and the local residents as the basis for the prior zoning approval. (**Exhibit 5**). The 89 townhomes proposed by DRB are in no way consistent with what is shown on the Rezoning Drawing. As such, the proposed development is in violation of this stipulation.

Stipulation #13:

Applicant agrees to coordinate and seek approval from the City of Kennesaw on final layout of access drive to the proposed development from Pine Mountain Road that will reduce stacking and promote better traffic flow for egress and ingress.

As noted in this stipulation, traffic congestion on Pine Mountain Road was already a concern for the City and the local businesses and residents when the zoning Ordinance was passed back in 2006. The proposed development consisting of 89 townhomes is contrary to the City's directive to reduce stacking and promote better traffic flow to and from Pine Mountain Road.

DRB's site plan shows two (2) points of ingress/egress. The first is to Hwy 41 (Cobb Parkway) to the north via King Crossing Court. The second is to Pine Mountain Road to the east via the unnamed private drive serving the CCPOA property. As part of its zoning application, DRB submitted a Traffic Impact Study[1] which relied upon the assumption that the future townhome residents would have two (2) points of ingress/egress. However, in a meeting with the City and CCPOA on January 12, 2026, DRB represented to the City and to CCPOA that it is "landlocked" and is seeking an easement of necessity through CCPOA's private drive because the current owner does not have the legal right to use King Crossing Court as shown on DRB's site plan and as indicated in its Traffic Impact Study. DRB makes this assertion despite the fact that the current owner's deed, and all relevant prior deeds, specifically include an easement appurtenant granting the owner "all right, title and interest in real estate [King Crossing Court] by virtue of the Reciprocal Easement Agreement" recorded by the original owner of the full ~11.7-acre parcel. (See **Exhibit 4**; AP Real Estate Georgia, LLC's Limited Warranty Deed (**Exhibit 9**); and Reciprocal Easement Agreement (**Exhibit 10**)). It is noteworthy that the current owner of the proposed development property has used King Crossing Court as its exclusive point of ingress/egress since 2019. It is also noteworthy that the Rezoning Drawing submitted by Pebblebrook in 2006 as part of its acquisition and future development of the ~11.7 acre property, as well as its rezoning of the ~2.84-acre parcel, specifically shows that that grantor of the Reciprocal Easement Agreement intended to have the future development access Hwy 41 via King Crossing Court. (**Exhibit 5**). It is also noteworthy that DRB acknowledges that no one claiming an ownership or other interest in King Crossing Court has objected to its proposed use

[1] CCPOA questions the validity of the traffic study submitted by DRB. It seems highly unlikely that an 89-unit residential townhome community would only generate 28 exit trips during the peak morning hours of 7:00 am – 9:00 am.

of King Crossing Court to access the proposed development or has otherwise claimed that the current owner lacks the legal right to do so.

CCPOA disputes DRB's position that it is landlocked or that the current owner has no legal right to use King Crossing Court. The recorded Reciprocal Easement Agreement was created for the specific purpose of providing "a perpetual and non-exclusive permanent easement and right of way appurtenant" to give access to the development property. (**Exhibit 10**). Moreover, the current owner's deed specifically references that same Reciprocal Easement Agreement as "Appurtenant Easement Area No. 3" benefiting the subject property. (**Exhibit 9**; see also **Exhibit 4**). In light of DRB's representations to the City in its site plan and Traffic Impact Study that the proposed development will access Hwy 41 via King Crossing Court, the fact that the current owner's deed specifically references the Reciprocal Easement Agreement over King Crossing Court as an easement appurtenant benefitting the development property, and the fact that the current owner has exclusively used King Crossing Court to access the development property since 2019, it appears that DRB's current position is merely a strategy to support its effort to seize access to CCPOA's private drive and secure a second access point for its proposed townhomes.

However, assuming *arguendo* that the proposed development truly has no legal right to use King Crossing Court, that would mean that DRB's site plan falsely represents that the 89-unit townhome development would have two (2) points of ingress/egress. Moreover, it would also mean that, contrary to what is represented in DRB's Traffic Impact Study, 100% of the traffic to/from the proposed 89-unit townhome development would be forced to use CCPOA's private drive. Relying upon DRB's own traffic calculations, that would mean the proposed townhome development would result in 584 additional vehicles passing through CCPOA's private drive every day, and 584 additional vehicles attempting to enter and exit a highly congested section of Pine Mountain Road every day. This would be incredibly harmful to the interests of CCPOA, its unit owners, their customers, and the general public. In addition, this would be incredibly harmful to the local businesses and residents in the community since this increased traffic would overwhelm the already problematic traffic situation on Pine Mountain Road.

Although the Ordinance requires CCPOA's private drive to be designed in a manner that would reduce stacking and promote better traffic flow for ingress and egress, the proposed townhome development would do the opposite. As such, the proposed development is in direct violation of this stipulation.

Stipulation #14:

Interparcel access and shared access drive shall be designed with adjoining vacant property once future development of adjoining parcel is pursued.

DRB relies upon this stipulation to support its contention that the Ordinance requires CCPOA to allow the residents of its proposed 89-unit townhome development to use CCPOA's private drive as a secondary (or primary, as it now alleges) point of ingress/egress. However, the Ordinance and this stipulation were based on the assumption that the future development would be two (2) additional office buildings, as specifically shown on Pebblebrook's Rezoning Drawing. Neither Pebblebrook, nor the City, nor the residents who collectively negotiated the terms and stipulations of the Ordinance contemplated that the adjoining property would be developed into 89 townhomes. CCPOA is confident that Pebblebrook and the local residents would never have agreed to this stipulation if it were possible for the adjoining property to be developed in a completely different manner than what was shown in Pebblebrook's Rezoning Drawing, such as replacing the two (2) office buildings with 89 townhomes all using the private drive to access Pine Mountain Road. In light of DRB's intent to change the nature of the development on the adjacent property, CCPOA has submitted a rezoning application contemporaneously with this letter in which it requests that the City remove this Stipulation #14 from the Ordinance.

CCPOA strongly objects to DRB's rezoning application for the reasons stated above. The site plan submitted by DRB does not accurately reflect the access road(s) DRB's application and proposed development project rely upon. DRB seeks to use CCPOA's private drive for a purpose that was not contemplated or approved in the Ordinance and that will result in irreparable harm to CCPOA and the community who already struggle with traffic problems on Pine Mountain Road. Moreover, the proposed townhome development violates no less than five (5) stipulations within the existing Ordinance that expressly apply to the proposed development property. For these reasons, CCPOA respectfully requests that the City of Kennesaw deny DRB's rezoning request.

In the event the City is inclined to grant DRB's rezoning request despite its many violations of an existing Ordinance, CCPOA respectfully requests that the City impose the following conditions on its approval:

1. Require DRB to modify its site plan to eliminate the proposed use of CCPOA's private drive as an access road and delete Condition #14 from City of Kennesaw Ordinance 2006-20.

2. Restrict development to single-family detached homes in harmony with the adjacent subdivisions.

3. Require DRB to establish and maintain a permanent, minimum 40-foot landscape buffer along the entire southern and eastern boundaries of the subject property.

4. Require DRB to install a continuous, eight (8) foot tall wood privacy fence along the entire southern and eastern boundaries of the subject property.

5. If DRB is permitted to proceed with the construction of single-family attached homes, require DRB to include a deed restriction preventing future unit owners from renting or leasing their units.

We appreciate the opportunity to submit this formal objection to Rezoning Application #RZ2025-3. If you need any further information or documentation related to this matter, please do not hesitate to contact me.

Sincerely,

Stephen T. Snow

ORDINANCE NO. 2006-20, 2006

AN ORDINANCE TO AMEND THE OFFICIAL ZONING MAP OF THE CITY OF KENNESAW, GEORGIA SO AS TO CHANGE THE ZONING DISTRICT DESIGNATION FROM CITY GC(General Commercial) & R20 TO CITY HGB (Highway General Business) FOR PROPERTY LOCATED AT SOUTHWESTERLY SIDE OF PINE MOUNTAIN ROAD, WESTERLY SIDE OF COBB PARKWAY (U.S. HIGHWAY 41)

WHEREAS, PEBBLEBROOK DEVELOPMENT, LLC has made application to amend the Official Zoning Map of the City of Kennesaw, Georgia so as to change the zoning designation from City GC (General Commercial) & R20 to City HGB (Highway General Business) on 2.88 acre+/- parcel located at Southwesterly side of Pine Mountain Road, westerly side of Cobb Parkway (U.S. Highway 41) (as more particularly described below); and

WHEREAS, notice was advertised in the Marietta Daily Journal on June 23, 2006,of a public hearing before the Kennesaw Planning Commission held on July 10, 2006 and the Mayor and Council on August 7, 2006; and

WHEREAS, the Kennesaw Planning Commission held a public hearing on this proposal on July 10, 2006; and

WHEREAS, the Mayor and Council held a public hearing to consider this proposal on August 7, 2006; and

WHEREAS, the Mayor and Council have determined that the proposed amendment to the Official Zoning Map is in the public interest and meets the standards established in the Kennesaw Zoning Code.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF KENNESAW, COBB COUNTY, GEORGIA, AS FOLLOWS.

SECTION 1. The Official Zoning Map of the City of Kennesaw, Georgia is hereby amended so as to change the zoning district designation from City GC (General Commercial) & R20 to City HGB (Highway General Business) for the following described property:

ALL OF THAT TRACT OR PARCEL OF LAND Lying And Being In Land Lot 140 of the 20th District, 2nd Section, City of Kennesaw, Cobb County, Georgia, And Being 2.88 acres as shown on plat for King's Crossing, prepared by Centerline Surveying Systems, Inc. and being more particularly described as follows:

BEGINNING at the common corner of Land Lots 139, 140, 165 and 166, said district and section; thence running north 89 degrees 23 minutes 09 seconds west as measured along the southerly land lot line of Land Lot 140, said district and section for a distance of 74.82 feet to a point; thence running north 78 degrees 50 minutes 24 seconds west for a distance of 293.34 feet to a point and corner; thence running north 10 degrees 03 minutes

54 seconds east for a distance of 178.00 feet to an iron pin found; thence running north 01 degrees 27 minutes 26 seconds east for a distance of 197.63 to a point and corner; thence running south 76 degrees 34 minutes 50 seconds east for a distance of 148.14 feet to a point thence running along the arc of a curve to the left, an arc distance of 93.57 feet on a radius of 200.00 feet to a point; thence running north 76 degrees 36 minutes 52 seconds east for a distance of 24.21 feet to a point and corner located on the southwesterly right of way of Pine Mountain Road (having a variable right of way); thence running south 22 degrees 21 minutes 21 seconds east as measured along the southwesterly right of way of Pine Mountain Road for a distance of 70.07 feet to an iron pin found at the intersection of the southwesterly right of way of Pine Mountain Road with the easterly land lot line of Land Lot 140, said district and section; thence running south 00 degrees 28 minutes 32 seconds west as measured along the easterly land lot line of Land Lot 140, said district and section, for a distance of 306.85 feet to the point of BEGINNING.

SECTION 2. BE IT FURTHER ORDAINED THAT that the Planning Commission makes recommendation to rezone the property to City HGB (Highway General Business) with the following conditions of approval:

This letter dated August 30, 2006 shall supersede and replace in full those certain letters of agreeable stipulations and conditions dated and submitted July 7, 2006, and July 10, 2006. The referenced stipulations are as follows:

(1) The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions, in whatsoever form, which are currently in place on the Subject Property.

(2) Rezoning of the Subject Property shall be from the existing R-20 and General Commercial ("GC") zoning categories to Highway General Business ("HGB") zoning category for the purpose of a general business/office development, with reference to that Rezoning Drawing prepared for Pebblebrook Development, LLC dated April 24, 2006.

(3) Applicant shall submit a site plan for the development which complies with all City of Kennesaw development standards and ordinances for approval by City staff during the plan review process and prior to the issuance of any building or development permits.

(4) Applicant agrees that the architectural style for the proposed development shall be consistent with all architectural photographs submitted to City staff during the zoning process and presented to the City of Kennesaw during the respective public hearings. In that regard, the exterior elevations of the proposed buildings shall consist of brick, stone, stacked stone, stucco, and other masonry materials.

(5) Applicant agrees that with respect to the proposed rezoning of the subject 2.64 acres, the proposed rezoning shall be "use specific" to general business/office as presented by Applicant.

(6) Applicant agrees to establish and maintain a permanent, minimum forty (40) foot buffer along the entire southern boundary of the Subject Property, as well as, the adjacent property also to be developed, which buffer shall be adjacent to a development known as "The Village at Pine Lake Mountain." Such forty foot buffer shall not include any drives or other paved areas; but rather, shall be utilized for landscaping, screening materials, and fencing subject to a landscape plan to incorporate such features subject to City of Kennesaw staff approval during the plan review process.

(7) Applicant agrees that all lighting located to the front or sides of the proposed buildings, both within the Subject Property and on adjoining property which will be part of the proposed development, shall be period or themed lighting to the architecture of the proposed development; and further, lighting located to the rear will be directional or hooded such that all beams or glare will be contained within the bounds of the proposed development.

(8) Dumpster locations shall be as shown on the submitted site plan for the rezoned parcel, as well as, adjoining parcel to be included as part of the subject development. Dumpster pick-up shall be limited to Monday through Friday, between the hours of 7:00 a.m. and 7:00 p.m.

(9) There shall be no overnight parking of vehicles in the rear of the subject development; and such restriction shall be included in the operating covenants for the subject development.

(10) Applicant agrees to the installation of an eight (8) foot wood privacy fence along that portion of the rezoned parcel adjacent to existing residential properties.

(11) Applicant agrees that the future development shall be consistent with the general layout and design as shown and reflected on the submitted site plan.

(12) The areas identified as undisturbed buffer to the southernmost boundary of tract will be binding and preserved as such with the developer being responsible to supplement additional trees if visual gaps are identified and field verified by the City of Kennesaw.

(13) Applicant agrees to coordinate and seek approval from the City of Kennesaw on final layout of access drive to the proposed development from Pine Mountain Road that will reduce stacking and promote better traffic flow for egress and ingress.

(14) Interparcel access and shared access drive shall be designed with adjoining vacant property once future development of adjoining vacant parcel is pursued.

(15) The rear portion of all proposed office buildings that will be facing adjoining residential property will not be cinderblock but will match the building material and quality of the front and side facades of the buildings.

(16) All HVAC units and utilities will be designed to be placed away from the adjoining residential properties to reduce any secondary noise from the units being heard by adjoining properties. Sound baffling materials can be incorporated into construction as long as the materials are consistent with the architectural quality for the building.

SECTION 3. BE IT FURTHER ORDAINED THAT it is hereby declared to be the intention of this Ordinance that its sections, paragraphs, sentences, clauses, and phrases are severable, and if any section, paragraph, sentence, clause, and phrase is declared to be unconstitutional or invalid, it shall not affect any of the remaining sections, paragraphs, sentences, clauses, and phrases of this Ordinance.

SECTION 4. BE IT FURTHER ORDAINED THAT this Ordinance shall become effective from and after its adoption and execution by the Mayor, pursuant to Section 2.11 of the City Charter of the City of Kennesaw.

PASSED AND ADOPTED by the Kennesaw City Council on this 5th day of September, 2006.

Fred Moore, Chairman called the meeting to order at 7:00P.M. in the Council Chambers, 2529 J.O. Stephenson Avenue. Roll call was taken and the following members were present: Fred Moore, Alan Davis, Doug Rhodes, Pat Ferris, Jeff Miller and Richard Anderson.

City Staff representative, Darryl Simmons, Zoning Administrator was present.

The public was advised that the Planning Commission serves as an Advisory Board that makes recommendations to the Mayor and Council to be heard on August 7, 2006, unless otherwise noted. Chairman Moore instructed anyone giving comments in the public session to please sign in and noted that limitation of 10 minutes per side would be given.

Action on Minutes – June 12, 2006

Richard Anderson requested that a noted be made to correct the minutes reflecting that he abstained from action on the May 8, 2006, meeting due to his absence. The minutes looked as if he voted against the minutes.

> "Jeff Miller made motion, seconded by Pat Ferris to approve the minutes of the May 8, 2006, as submitted. Vote 5-1 (Richard Anderson was absent from the 5-8-06 meeting)"

Richard Anderson made motion, seconded by Alan Davis to approve the minutes of the June 12, 2006, as amended. Vote 5-0

Letter of resignation – Received

Chairman Moore read into the record a letter received from Planning Commission member, Gurdon Counts tending his resignation as member of the Planning Commission. The Chairman and Board members accepted his resignation with heartfelt thanks for his services to the City and this Board.

Old Business:

(A) Annexation Request (AX2006-1) Consideration to approve an annexation request submitted by Seth Crawford on behalf of owner, Ken Smathers. Said request to annex property located at 4048 Ayers Drive and identified as Land Lot 60, Tax Parcel 26, 20th District, 2nd Section consisting of 1+/- acres from County R-20 to City UVC for proposed mixed use development. (Mayor and Council 8-7-06) ****Request to table to August agenda from applicant was received**

(B) Rezoning Request (RZ2006-8) Consideration to approve a rezoning request submitted by Seth Crawford on behalf of owner, Ken Smathers, for property

located at 4048 Ayers Drive. Said request to rezone from County R-20 to City UVC for proposed mixed use development. Land Lot 60, Tax Parcel 26, 20th District, 2nd Section, consisting of 1+/- acres. (Mayor and Council 8-7-06) ****Request to table to August agenda from applicant was received

(C) Rezoning Request (RZ2006-8A, B, C) Consideration to approve a rezoning request submitted by Seth Crawford on behalf of owners, Robert Ellison, for property located at 4058 Ayers Drive and Dale Burrell for property located at 4068 Ayers and Ken Smathers, for property located at 1465 Shiloh Road. Said request to rezone from City R-20 to City UVC for proposed mixed use development. Land Lot 60, Tax Parcels 27, 28 and 31, 20th District, 2nd Section, consisting of 7.76+/- acres. (Mayor and Council 8-7-06) ****Request to table to August agenda from applicant was received

(D) Variance Request (ZV2006-9 A,B,C) Consideration to approve a variance request submitted by Seth Crawford on behalf of owners, Robert Ellison, for property located at 4058 Ayers Drive and Dale Burrell for property located at 4068 Ayers and Ken Smathers, for property located at 1465 Shiloh Road. Said request is to increase the unit density for the proposed project from 8 units per acre to 8.89 units per acre, in addition requesting a 0' front setback for all interior residential units to accommodate rear alley access design. Properties located in Land Lot 60, and identified as Tax Parcels 26, 27, 28 & 31, 20th District, 2nd Section. (Mayor and Council 8-7-06) ****Request to table to August agenda from applicant was received

Staff presented agenda items identified as A-D for annexation, rezoning and variance together. Mr. Simmons noted that the applicant has made notification via letter dated, July 6, 2006 requesting that this matter be tabled to the August Planning Commission agenda. The purpose of the request to table is based on substantial modifications to the proposed site plan for development, which have not been completed.

The request allows the applicant to work with staff and Cobb County residents and allow time for Cobb County Board to review the submitted modifications made to the site plan pursuant to the City-County House Bill 489 Intergovernmental Land Use and Annexation Agreement.

Attorney, John Moore came forward to represent the applicant for annexation and rezoning as set forth in the applications. Mr. Moore referenced the letter dated July 6, 2006, which was submitted to the board and reviewed with them the modifications to the proposed site plan for development – including the following:

- Elimination of access from the proposed development to Ayers Drive
- A decrease in the proposed density from 69 homes to 54 homes, thereby resulting in a proposed density of 6.9 unites per acre – eliminating the variance being requested
- Elimination of a row of proposed town homes adjacent to the existing single-family residential properties; and
- To establish a minimum forty (40) foot buffer adjacent to the existing single-family residential properties

The proposed changes is to orient the project more towards Shiloh Road and provide a better buffer and transition to existing single-family residential properties.

Floor opened to public comment.

Mary Malone asked about the elimination of the access on Ayers Drive. Are you moving or completely eliminating this access.

Attorney Moore responded that the access would be eliminated.

Floor closed to public comment.

Doug Rhodes made motion; seconded by Richard Anderson to accept the letter from the applicant's attorney (Moore Ingram Johnson & Steele) dated July 6, 2006, requesting to table the above noted applications to the August 14, 2006, Planning Commission agenda.

Motion carried. Vote 5-0.

(E) Rezoning Request (RZ2006-6) Consideration to approve a rezoning request submitted by Piedmont Properties for property located at 3051 N. Main Street. Said request to rezone from City R-20 & FST to City NRC (Neighborhood Retail Commercial) for a proposed shopping center. Land Lot 127, Tax Parcels 06 & 142, 20th District, 2nd Section, (Mayor and Council 8-7-06)

Darryl Simmons, Zoning Administrator, came forward to present this application for rezoning of property located along the southeast corner of Jiles Road and Main Street intersection. He indicated that staff was just presented a letter of stipulations, dated July 10, 2006.

Staff has not had time to review the letter and will have the applicant's attorney go over those stipulations when he comes forward. Mr. Simmons noted that the applicant is requesting a rezoning of 3.1+/- acres incorporating two parcels from R-20 and FST to City NRC (Neighborhood Retail Commercial for a retail center. The Future Land Use Map supports the NRC zoning district requested on the corner parcel.

Staff stated that this property is located near the entrance of Kennesaw's Historic District. So the site layout and architectural design expectation is higher for this project due to its location. The rear of the proposed development abuts a single-family residential housing development and will require the applicant to comply with the 35-foot buffer as is illustrated on the site plan.

Mr. Simmons noted that staff has concern on the visual impact of the parking being created with this project and recommends some kind of landscaping that will soften this area to those residential development areas and the general public. Overall the parking meets and exceeds the requirements of the zoning district.

Mr. Simmons also discussed other conditions that could be incorporated including, period lighting, fencing and landscaping along Jiles Road and Main Street, building elevations to be approved by Planning Commission and Mayor and Council, permanent signage to be monument in style, the park area proposed to incorporate elements in downtown Kennesaw, such as benches, and lighting.

This project represents an opportunity to increase the architectural standard for the Main Street gateway corridor. Staff recommends approval with conditions as discussed above.

Mr. Parks Huff, attorney for the applicant came forward. He stated that this application was requested to be tabled from last month to allow time for the applicant to work with staff on concerns for the proposed project.

The proposed project is being created to be pedestrian friendly throughout the development. Piedmont Properties entered into dialogue with the Kennesborough Square neighborhood to address their concerns and the letter of stipulations submitted to staff, dated July 10, 2006 was the

outcome of those dialogues. The applicant has agreed to those conditions being made part of the granting of their rezoning request.

Mr. Huff continued to discuss the project as to the building architecture, which is to be approved by the Planning Commission and Mayor and Council. Discussion on the 35-foot undisturbed buffer to the east, fencing along Jiles Road, dumpster will be contained in a three sided masonry structure, with limited pick-up times between 7am and 9 pm. The retail center shall not be opened later than 10:00p.m. Citizens had some concern about deceleration lanes and these will be addressed along Jiles Road and Main Street.

Lighting included environmentally sensitive design scaled period fixtures similar to the downtown lighting. As Mr. Simmons discussed the applicant will agree to soften the impact of the open parking area by incorporating a landscape plan along the perimeter of the property subject to staff approval.

All of the items discussed are a result of the dialogue and made part of the stipulation letter, which the applicant would be agreeable to part of any granted approval for the requested rezoning.

Planning members had general questions with the dumpster, landscaping and building design**.** Mr. Ferris commented that he had concern about possible cut-through to Main or Jiles.

Attorney Huff commented about the cut-through and will have some research and possible direction as to how this can be addressed prior to the Mayor and Council meeting.

Floor opened to public comment.

Member of the Home Owners Association of Kennesborough Square neighborhood came forward and discussed the agreement/letter of stipulations. They as a group had been working with the developer and voiced their concerns about traffic (cut-through), square footage (expansion) they would not like to see any expansion of the proposed development take place. They are in acceptance of the letter of stipulations, which has addressed a lot of the concerns they have including fencing along the residential properties adjacent to this project.

Floor closed to public comment.

Doug Rhodes made motion, seconded by Alan Davis to approve the rezoning from **City R-20/FST to City NRC (Neighborhood Retail Commercial)** subject to staff conditions as follows:

- Applicant must incorporate low fencing and landscaping along Jiles Road and Main Street in combination with landscaping to soften visual impact to parking area
- Final building elevations to be approved by Planning Commission and Mayor and Council
- Period lighting to be utilized on site similar to downtown Kennesaw design
- If undisturbed buffer is utilized, applicant must supplement with additional trees where visual gaps are identified
- Park area near top corner of development and Gazebo to incorporate elements in downtown Kennesaw as pertaining to benches, lighting
- Permanent signage to be monument in style and incorporate architectural elements of development

In addition to staff conditions members included the letter of stipulations from Parks Huff of Sams, Larkin & Huff dated July 10, 2006 with 12 stipulations, also in addition to those stipulations a condition that there would be no further expansion of the 32,500 proposed development.

Motion carried. Vote 5-0.

(F) Variance Request (ZV2006-11) Consideration to approve a variance request submitted by Fuller's Chase Downtown Inc. (Frank Boone) for property located at 2950 Cherokee Street. Said request amend building height to 45 feet for proposed town home development as per the Historic Design Review Guidelines. Land Lot 138, Tax Parcel 10, 20th District, 2nd Section, Cobb County is zoned **CBD/HKHD.** (Mayor and Council 7-17-06)

Member, Pat Ferris removed himself from participating on this application as he is an adjoining property owner to the subject property.

Staff presented the application for variances for the proposed Central Business District project Fuller's Chase, Phase II development, which is established as mixed-use development. The applicant requests approval to increase proposed structures height to 45 feet, allow a three story residential unit design and the allowance of front garage access and parking areas.

The Phase II Development proposes 28 single family attached homes on 6.6 acres.

This project requires CBD concept approval process before the Historic Preservation Commission, the KDDA and Mayor and Council. The HPC heard and approved the concept at a meeting held on June 20, 2006. The KDDA is scheduled to hear the matter on July 11, 2006.

The applicants' request involves increasing the height of the proposed town homes to 42 feet six inches. Staff review with members the scaling and heights of adjoining properties. Members reviewed the site plan, which showed these dimensions.

The adopted Design Review Standards for the Historic District states that all new structures should be within 10% of the average of the two adjacent buildings.

Adjoining tracts inside Historic District
2910-2914 Cherokee Street,
2904 Cherokee Street (Testa House),
2886 Cherokee Street (Ecclectic Living),
2080 Big Shanty Road (Ferris House)
2934 Cherokee Street (Bobby Grant Center)

Adjoining tracts outside of Historic District
2052, 2060 and 2076 Pine Hill Circle

The applicant submitted overall building heights of two of the adjacent buildings and the following findings were discovered:

The Testa house located at 2904 Cherokee Street has an height of 19 feet
Compared to proposed town home height of 42'-6" **the height difference would be 23'-6".**

- Proposed building placement measured from centerline of Cherokee Street would be just over 270 feet

The Ferris house located on Big Shanty Road abuts this tract. The single family home is measured at 24' compared to the proposed town home height of 42'-6"; **the height difference equals 18'-5"**

- Proposed building placement measured from centerline of Big Shanty Road would be slightly over 170 feet.

City staff as part of analyzing the request conducted site visits and concluded the following based on the submitted proposal:

1. The visual exposure of the proposed town homes if constructed as submitted would be greatest along Cherokee Street at the 2904 Cherokee Street location (Testa House) and on Big Shanty Road location (Ferris House)
2. The visual impact would decrease as you travel north along Cherokee Street towards 2910-2914 Cherokee Street, which contains approved two-story office structures.
3. Other considerations include existing water tower.

Staff conclusion of the project was that the location of the town home elements will be over 200 feet from centerline of Cherokee Street and over 175 feet from centerline of Big Shanty Road. The intended land uses are appropriate and the building placement will lessen the visual impact from Cherokee street. The development will incorporate a second tier street away from Cherokee Street.

The previous approved two story office buildings along Cherokee Street are not compatible with the district requirements and intent. Phase II of Fullers Chase design approach is to be compatible with the Historic District Standards as far as the placement of the development and the incorporation of landscaping and period lighting to ensure compatibility to adjoining structures.

Staff concludes that a hardship was shown for this property based on the variance standards under section 1909.

Staff concluded that there would be a visual impact to adjoining properties identified and additional landscaping, lighting and material choices can assist in minimizing the impact.

Dr. Jeff Drobney submitted a letter/analysis recommending the granting of the variances requested by the applicant on behalf of the Historic Preservation Committee.

Staff recommends approval of the variances to increase proposed structures height to 45 feet, allow a three story residential unit design and the allowance of front garage access and parking areas with condition:

1. That the developer will be required to present a complete landscaping and lighting plan to the HPC for Certificate of appropriateness prior to any development permits being issued.

The applicant came forward. Mr. Frank Boone recognized Mr. Gurdon Counts and Pam Carter present with regards to the application for Fuller's Chase Development Phase II.

He commented that staff presented his request completely and that he only wanted members to be made aware that the entrance off Cherokee Street identified as Carrie Drive would meet the development standards for a two way entrance and that the mature trees along this route will be maintained.

Floor opened to public comment.

Mr. J.O. Stephenson came forward and directed his comments to the committee. He voiced his concern with fencing and directed questions regarding the underground piping for the detention pond and wanted to understand how this worked in maintaining any kind of drainage problems.

The matter of design was briefly discussed and explained to Mr. Stephenson who appeared to accept the explanation.

Pat Ferris also came forward. He stated that he had no real problem with the proposed development; however, wanting to make sure that his privacy would be protected. He addressed the fencing along his property to help retain his privacy and briefly voiced his concern to save as many of the mature trees along the two properties as well.

Floor closed to public comment.

Doug Rhodes made motion, seconded by Richard Anderson to approve the requested variances to increase proposed structures height to 45 feet, allow a three story residential unit design and the allowance of front garage access and parking areas with staff's recommended condition:

1. That the developer will be required to present a complete landscaping and lighting plan to the HPC for Certificate of appropriateness prior to any development permits being issued.

Motion carried. Vote 4-0.

Member Pat Ferris returned to the board.

(G) Annexation Request (AX2006-2) Consideration to approve an annexation request submitted by TBKP. Said request to annex property located at 0000 Ben King Road (intersection of the northerly side of Ben King Road with the westerly side of Chalker Road) Land Lot 131, Tax Parcel 40 (portion of), 20th District, 2nd Section consisting of 5.65+/- acres from County R-20 to City FST (Fee Simple Town Home) for proposed senior age-restricted detached home development. (Mayor and Council 8-7-06) ****Request to table to August agenda from applicant was received**

(a) Rezoning Request (RZ2006-12) Consideration to approve a rezoning request submitted by TBKP. Said request to rezone from County R-20 to City FST (Fee Simple Town Home) for proposed senior age-restricted detached home development., Land Lot 131, Tax Parcel 40 (portion of) consisting of 5.85+/- acres. (Mayor and Council 8-7-06) ****Request to table to August agenda from applicant was received**

Staff presented agenda item identified as A-B for annexation and rezoning together. Mr. Simmons noted that the applicant has made notification via letter dated, July 7, 2006 requesting that this matter be tabled to the August Planning Commission agenda. The purpose of the request to table is to allow the applicant time and the opportunity to address concerns raised by staff and Cobb County. Specifically, the applicant intends to revise its proposed site plan for development to lower the density and to provide a system of streets and/or alleys that comply with City of Kennesaw Public Works standards.

Staff accepted a petition via emails received by surrounding property owners objecting to the request for annexation and rezoning (approximately 100).

Floor opened to public comment.

Don Korach of 1465 Tributary Court came forward. He represented home owners opposed to the annexation and zone change. He explained that there had been other attempts to rezone the property, which failed and would like the property to retain what the Future Land Use Map has for

that area being R-20. Keep the property in the zone designation of low density and not try to put as many small lots on the requested 5+/- acres. The home owners would like to voice their request for the city to deny the annexation and rezoning of the property as there has been a history on this property for request to rezone, which have in the past been denied.

Richard Taylor of 1510 Ben King Road and others voiced objection to the annexation and rezoning of the property for high density development, which is not appropriate for this area. There is controversy within the Pine Tree Country Club on the matter of selling and rezoning of this property. Other concern is water run-off/drainage in this area that needs to be addressed prior to any development being considered in this area.

Holly Martin of 3333 Timber Lake Road raised concern over the density, which would go against County land use for that area. She also commented that she had concern about age discrimination with the senior restricted development being proposed. Traffic is already a problem along that area and with increase development would only bring more.

Member, Mr. Parnell of the Pine Tree County Club came forward giving the commission some general facts on the selling of the property. He also commented that there has been a change to the proposed site plan from 26 lots down to 20 single-family lots and that all members are not opposed to the request for annexation and rezoning as it is being made apparent here tonight. As to the senior age restriction this would be made part of any covenants for the development.

Connie Johnson also voiced concern on the density being proposed for the project and voices her concern on the water issue as well.

Karen Stockwell once again stated the density issue and voiced her opinion on wanting to see larger lots be proposed as well as placement on some design restrictions on the project as she stated four-sided pretty.

Others (Mr. Dave Waples) came forward and voiced their concerns on the density issue, water and strongly opposing the request to rezone and annex the property.

Floor closed to public comment.

Staff commented briefly that there has been no submitted plan showing the reduction of lots as stated by one of the residents. Concern about water issues is an item to be addressed at plan review for the project. Staff does recommend tabling this matter as requested by the applicant.

Jeff Miller made motion, seconded by Alan Davis to accept the letter from the applicant to table this request to the August 14, 2006, meeting.

Motion carried. Vote 5-0

(H) Rezoning Request (RZ2006-10) Consideration to approve a rezoning request submitted by MC Edwards for property located at 2689 S. Main Street. Said request to rezone from City R-15 to City NRC (Neighborhood Retail Commercial) for proposed retail/marital arts development. Land Lot 167, Tax Parcel 15, 20th District, 2nd Section, consisting of .71+/- acres. (Mayor and Council 8-7-06)

Darryl Simmons, Zoning Administrator, came forward and presented the application of rezoning of property located along the westerly side of S. Main Street right-of-way. The applicant is seeking to rezone property from City GR-15 to City Neighborhood Retail Commercial (NRC) for expansion of martial arts business.

Subject property is currently located along S. Main Street across from the Duncan Street Post Office. This portion of Main Street has transitional zoning. The existing single family house is currently unoccupied. The adjoining tract is utilized by a church with a cemetery that wraps around subject parcel to the rear. The property south of subject parcel is an existing mobile home park. The City identified the corridor as a gateway corridor with the CBD District beginning near the intersection of Sardis Street.

City staff met with applicant who agrees that the architectural elements will be important if the property is redeveloped. The applicant wishes to rezone the property and utilize the existing structure. Further redevelopment of site may occur in the future and the applicant is fully aware of the development standards that would have to be met including but not limited to the following:

Parking plan
Storm water management
Buffer requirements
Architectural standards

ETO studio is an existing business located in the Summer Street/Main Street shopping center. The applicant wished to utilize this property as the business expands.

The application being considered is for the rezoning of subject property. The final site layout and design is still being considered by applicant who must present to staff to identify any development standards conflicts.

Staff identified large mature trees on site that can be part of tree preservation plan when redevelopment plans are finalized.

Staff Concludes that

- This project represents an opportunity to increase the architectural standard for the Main Street gateway corridor.
- Business expansion and retention is very important
- Coordinated site planning with City staff will be required for future development

Staff recommends approval with the following conditions:

1. Applicant will present final site plan layout and elevations for review and approval by Planning Commission and Mayor and Council when redevelopment plans are finalized
2. This rezoning approval is for the use only. All development standards will be met by design and any variances required will be responsibility of the property owner.
3. The subject parcel will not incorporate any use that involves the selling of alcohol.
4. Eating and drinking establishments will be prohibited as a permitted use.

Brief discussion by the board regarding stipulations took place.

Pat Ferris made motion, seconded by Richard Anderson to approve the rezoning for the property from City R-15 to City NRC (Neighborhood Retail Commercial) subject to staff's conditions as follows:

1. Applicant will present final site plan layout and elevations for review and approval by Planning Commission and Mayor and Council when redevelopment plans are finalized
2. This rezoning approval is for the use only. All development standards will be met by design and any variances required will be responsibility of the property owner.
3. The subject parcel will not incorporate any use that involves the selling of alcohol.
4. Eating and drinking establishments will be prohibited as a permitted use.

Motion carried. Vote 5-0

(l) Rezoning Request (RZ2006-11) Consideration to approve a rezoning request submitted by Pebblebrook Development, LLC, for property located at 0000 Pine Mountain Road (southwesterly side of Pine Mountain Road and the westerly side of Cobb Parkway (US Highway 41) Said request to rezone from City GC, R-20 to City HGB for proposed office condos development w/indoor storage. Land Lot 140, Tax Parcel 6, 20th District, 2nd Section, consisting of 2.84+/- acres. (Mayor and Council 8-7-06)

Darryl Simmons, Zoning Administrator, came forward and presented the application of rezoning of property located along the westerly side of Pine Mountain Road right-of-way. The applicant is seeking to rezone property from City GC (General Commercial) and R-20 to City HGB (Highway General Business) for an office condo development with indoor storage.

The proposed development will incorporate three buildings with rear service access and architectural elements complimentary to area. The subject tract is designated on the Future Land Use Map as Community Activity Center. The request is compatible with the FLUM designation.

Staff noted the proximity of the adjoining single family residential subdivision identified as the Villages at Pine Lake Mountain. The staff's analysis and recommendations incorporated code regulated protection. There is to be a 40 foot undisturbed buffer along the rear.

Brief discussion regarding the stream buffer on the western side of the property, which currently is shown on the site plan as 50 feet needs to be 75 feet according to standards currently adopted by the City. An accurate site plan was not received by staff.

Mr. Simmons gave a history on the property and how it is was developed up to today and the proposed elevation of the project being considered. Staff requires that an updated site plan in compliance with standards be submitted, which would show all architectural style – brick, stone stucco, shows the lighting proposed for the project along with landscaping including the required buffer.

Mr. Simmons recommends the use being proposed for the project to head off other intrusive uses allowed in the HGB district. Staff recommends approval with the following conditions:

1. Incorporate letter of stipulation from Attorney Kevin Moore, updated letter of July 10, 2006 with the change to strike all references of the term warehouse from description of the intended use.
2. Item 2 will be altered to reference a compliant site plan versus the submitted plan, dated April 24, 2006.

There was a power failure and equipment stopped recording.

The member of the commission discussed the plan and challenging site and how best to promote the best uses for the area. The members felt that it would be of a benefit to the applicant if they would supply a better site plan and address some of the concerns with buffering, parking, architectural style etc.

The attorney for the applicant, Mr. John Moore, came forward. He presented the application for rezoning of the property to Highway General Business. The applicant proposes two story buildings, which will be owed by individuals for professional use. The building would have four-sided brick with no loading zones. (Elevations were shown). The plan is to reduce the drive area to enlarge the buffer along the residential properties to the rear, which would also reduce the building sizes.

The letter of stipulation submitted would address the proposed uses zoned for the area and the applicant would also address those concerns about water and drainage on the property. The request from the applicant is to table this matter to allow them time to address concerns and submit a compliant site plan and to allow staff and members to visit site of West Oak in Sandy Springs, which is a project similar to what the applicant proposes for this area.

Floor opened to public comments.

Faye McColloch came forward and directs general questions concerning the site plan and voiced her objection to the rezoning.

Mr. Hyre of 2634 Laurel Lane asked that the commission consider denying the request to rezone the property to Highway General Business; however, he would trust the commission in whatever decision they make on the matter and work with staff and the developer to develop the best project on the site. Brief discussion regarding traffic concerns egress and decel lanes. Mr. Hyre voiced his concern on decrease in property values to the residential properties in the rear.

Floor closed to public comments.

Due to the power failure and recording equipment failure the best decision on this application was to accept at the applicant's request to table to the next agenda of the Planning Commission.

Alan Davis made motion, seconded by Richard Anderson to table the meeting and this application to the August 14, 2006, meeting of the Board.

Motion carried. Vote 5-0

Adjournment

Due to power failure the meeting of the Planning Commission was called and adjourned at 10:00pm

VIII. PUBLIC HEARING(S)

A. Authorization for approval of **ORDINANCE NO. 2006-20, 2006** rezoning request submitted by Pebblebrook Development, LLC for property located at 0000 Pine Mountain Road (southwesterly side of Pine Mountain). Property located in Land Lot 140, Tax Parcel 6. Said request to rezoned property from City GC/R-20 to City HGB (Highway General Business) for proposed office condo development with inside storage on property with 2.84+/- total acres. Application was advertised on June 23, 2006 in the Marietta Daily Journal. Planning Commission at a meeting held on July 10, 2006 recommended tabling this application to the next scheduled Planning Commission of August 14, 2006. At their August 7, 2006 meeting, Mayor and Council continued this item to September 5, 2006. Planning Commission motioned to approve the rezoning request with conditions at their regular scheduled meeting August 14, 2006 vote 5-0. Darryl Simmons, Zoning Administrator recommends approval of the rezoning request with conditions as per attorney's letter dated August 30, 2006.

Zoning Administrator Simmons distributed a new rendering of the property and read the following stipulations into the record: (1) The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions, in whatsoever form, which are currently in place on the Subject Property; (2) Rezoning of the Subject Property shall be from the existing R-20 and General Commercial ("GC") zoning categories to Highway General Business ("HGB") zoning category for the purpose of a general business/office development, with reference to that Rezoning Drawing prepared for Pebblebrook Development, LLC dated April 24, 2006; (3) Applicant shall submit a site plan for the development which complies with all City of Kennesaw development standards and ordinances for approval by City staff during the plan review process and prior to the issuance of any building or development permits; (4) Applicant agrees that the architectural style for the proposed development shall be consistent with all architectural photographs submitted to City staff during the zoning process and presented to the City of Kennesaw during the respective public hearings. In that regard, the exterior elevations of the proposed buildings shall consist of brick, stone, stacked stone, stucco, and other masonry materials; (5) Applicant agrees that with respect to the proposed rezoning of the subject 2.64 acres, the proposed rezoning shall be "use specific" to general business/office as presented by Applicant; (6) Applicant agrees to establish and maintain a permanent, minimum forty (40) foot buffer along the entire southern boundary of the Subject Property, as well as, the adjacent property also to be developed, which buffer shall be adjacent to a development known as "The Village at Pine Lake Mountain." Such forty foot buffer shall not include any drives or other paved areas; but rather, shall be utilized for landscaping, screening materials, and fencing subject to a landscape plan to incorporate such features subject to City of Kennesaw staff approval during the plan review process; (7) Applicant agrees that all lighting located to the front or sides of the proposed buildings, both within the Subject Property and on adjoining property which will be part of the proposed

development, shall be period or themed lighting to the architecture of the proposed development; and further, lighting located to the rear will be directional or hooded such that all beams or glare will be contained within the bounds of the proposed development; (8) Dumpster locations shall be as shown on the submitted site plan for the rezoned parcel, as well as, adjoining parcel to be included as part of the subject development. Dumpster pick-up shall be limited to Monday through Friday, between the hours of 7:00 a.m. and 7:00 p.m.; (9) There shall be no overnight parking of vehicles in the rear of the subject development; and such restriction shall be included in the operating covenants for the subject development; (10)Applicant agrees to the installation of an eight (8) foot wood privacy fence along that portion of the rezoned parcel adjacent to existing residential properties; (11) Applicant agrees that the future development shall be consistent with the general layout and design as shown and reflected on the submitted site plan; (12) The areas identified as undisturbed buffer to the southernmost boundary of tract will be binding and preserved as such with the developer being responsible to supplement additional trees if visual gaps are identified and field verified by the City of Kennesaw; (13) Applicant agrees to coordinate and seek approval from the City of Kennesaw on final layout of access drive to the proposed development from Pine Mountain Road that will reduce stacking and promote better traffic flow for egress and ingress; (14) Inter-parcel access and shared access drive shall be designed with adjoining vacant property once future development of adjoining vacant parcel is pursued; (15) The rear portion of all proposed office buildings that will be facing adjoining residential property will not be cinderblock but will match the building material and quality of the front and side facades of the buildings; (16) All HVAC units and utilities will be designed to be placed away from the adjoining residential properties to reduce any secondary noise from the units being heard by adjoining properties. Sound baffling materials can be incorporated into construction as long as the materials are consistent with the architectural quality for the building.

6:42 PM Floor Opened for Public Comment

KEVIN MOORE (on behalf on Pebblebrook Development): The stipulations mentioned by Mr. Simmons covered everything from them working in concert with adjoining neighbors, staff and the Planning Commission. He requests Council approval for what he believes to be a quality development and will be for General Business use. They are addressing the buffer issues as part of the stipulations. There will be a good downtown feel to the project. He requests approval of this 2.84+/- acres as part of the entire 11 acre tract to solve a problem with this property behind the shopping center which will be a project to be proud of.

6:44 PM Floor Closed to Public Comment

Mayor Church called for a vote on the implied motion to approve Ordinance No. 2006-20 to rezone Pebblebrook Development at 0000 Pine Mountain Road, with stipulations. Vote taken, approved unanimously 5-0. Motion carried.

[Agenda items VIII-B and C were presented concurrently.]

B. Authorization to approve ORDINANCE for annexation submitted by TBKP Development, LLC for property located on Ben King Road - intersection of the

northerly side of Ben King Road and the westerly side of McCollum Parkway. Property located in Land Lot 131, portion of Tax Parcel 40. Said request to annex 5.65+/- acres property for proposed senior age-restricted detached home development. Application was advertised on June 23, 2006 in the Marietta Daily Journal. Planning Commission at a meeting held on July 10, 2006 recommended tabling this application to the next scheduled Planning Commission meeting of August 14, 2006. Mayor & Council continued the item until September 5, 2006. At the August 14 meeting the Planning Commission motioned to deny rezoning and annexation requests, vote was 5-0. Darryl Simmons, Zoning Administrator recommends approval with conditions of annexation and RA-4 rezoning application with conditions: 1) Incorporate engineering conditions that address drainage, water retention and safe access for public vehicles and emergency services; 2) Developer to submit the engineering study, all approved drainage easements and drawings as part of the site plan review process to the Planning Commission and Mayor and Council; 3) Approve rezoning to RA-4 with a maximum of 3.53 density as submitted; 4) Developer will develop covenants that will be compatible with Pinetree CC covenants in function; 5) Proper landscaping and safety controls for proposed housing will be incorporated along golf course; 6) Provide a private road width of a minimum 24' bc; 7) Period lighting will be incorporated into the development which matches downtown Kennesaw design.

Zoning Administrator Simmons said this annexation and rezoning process started in June/July and there have been several recommended changes and revisions to the site plan. Staff is now recommending tabling this for 30-days based upon correspondence received today from Cobb County Planning Department regarding their objection letter. Mr. Simmons wants to go through the process with the County regarding the validity of some of their objections and look at HB 49 aspects and process.

6:47 PM Floor Open for Public Comments

Swearing-in of any witnesses or individuals offering comments on any of the following items.

JIM NAY (100 Galleria Parkway): He's here tonight representing adjoining property owner Richard Taylor and 257 neighbors who live in the immediate area where the property is located. They are strongly opposed to this rezoning and annexation. He feels anyone affiliated with the country club or TBKP Development should be disqualified to take part in, or consideration in this matter – he feels it constitutes a conflict. The Planning Commission unanimously opposed the project and then changed to approve. He distributed summary of his argument notes and a copy of Exhibit A from the City's Intergovernmental Agreement with Cobb County. He presented his arguments about zoning allowances as mentioned in the Intergovernmental Agreement. There should only be 0-2 dwellings units per acre to meet the land use standards. The County can change their land use plan when they want, but the City's Intergovernmental Agreement states we are bound to rezone only to unobjectionable districts and the City must comply with the agreed upon zoning classifications. This does not include the RA-4 category and would be a violation of the agreement. The plans call for 20 units with 3.53 dwelling units per acre which is far above the 2 units per acre as allowed by

Cobb County. RA-4 zoning is prohibited, there are issues regarding drainage and detention, cul-de-sac layouts and widths not in compliance, emergency services and vehicles which does not comply with the existing site plan. He feels five to six other variances would be required for this awkward shaped parcel. These private, undersized streets are inadequate and unsafe. The planning map clearly shows the proposed use is inconsistent with the surroundings, areas, patterns that surrounds it on all four sides. The City has already received two letters from the County objecting to this rezoning. It's a completely unsuitable development and allows the developer to make money for a project that does not fit. Mr. Nay distributed petitions from 257 people that are opposed to this development. He raised and imposes his constitutional challenge, and expressly maintain his constitutional rights in regards to the request that is before the Mayor and Council tonight. Please deny the annexation and rezoning.

HOLLY MARTIN (3333 Timberlake Road): She knows this project is on the FST zoning and not RA-4. Pinetree is a wonderful neighborhood of R-20 zoning. Cobb County spent an enormous about of time, effort, planning and tax dollars for future land use in this area. She knows the Mayor has worked hard on a better relationship with the County. There are storm water runoff problems and there is an area on Kings Drive that has had storm water problems for six years already and this project will seriously impact those people even further. Please don't go against the future land use plan.

CONNIE JOHNSON (37 Dekayne Drive): There is a serious drainage issue and the creek needs to be cleaned out. Nothing has been done and more development will be devastating to the existing homeowners. She distributed photos of past drainage problems in the area.

DAVID CONDON (3210 Wimbleton Court, Fairway 2): He is a country club member. He distributed photographs showing flooding that has occurred in his rear yard. He has lived in this area for 23 years and can attest to damage caused by mother nature and has concerns of "opening Pandora's box." The finished portion of the creek/natural ditch is approximately 45' and 150' (natural ditch) which is about 16' across and 4'-5' deep – this has flooded twice in 23 years that he knows of. There is 6,300 sq ft of hard surface along the path. If you do the math – 2,000 sq ft per unit minimum times 20 units creates almost an acre of asphalt and concrete – not counting the street surface, for an overall effect of eight times more asphalt than exists now. He brought up the "Katrina factor" regarding flooding potentials due to heavy rains. He recommends rejecting the proposal and keep the County Club estates the residential area it's supposed to be – keep the lid on Pandora's box.

KEVIN MOORE: Not everyone here opposes this project. He wants to separate fact from fiction. He disagrees with Mr. Nays comments, especially the Intergovernmental Agreement, as the County does not dictate rules on how cities run themselves – they are not prohibited from acting and disputes can be resolved. He agrees it is good to hold off for 30 days. The project will be an age-restricted, low density community limited to people 55 years and over with a maximum of 20 homes. The City does not have any such facilities/residential senior living. Certain land use categories as appropriate - one which is low density residential. The County allows five units per acre. He gave an example of another County project which included townhomes and it's a resounding success. Costs for the project units being discussed tonight will be $400,000/$450,000

average. Regarding stormwater: this project is part of Pinetree's renovation of it's golf course (hole #2) and involves the creek, ponds and stormwater facilities. This project can tie into that existing system and newly renovated stormwater design. There will not be water towards Ben King or McCullum. He will submit a respond to the County letter received this morning.

JERRY PERNELL (President, Pinetree County Club): Their membership voted by over 2/3s majority to sell the property. The entire 10-member Board support TBKP to build this quality project on this property. Asked Mayor and Council to see the merits of this development and approve the annexation in 30-days.

7:20 PM Floor Closed to Public Comment

Councilmember Mathews said there appears to be controversy on his involvement because he is a member of the country club, a call of notice was given to the City Attorney saying there could be a potential conflict of interest. He asks the City Attorney to review the information and resolve this possible conflict. He does not see this as a conflict of interest – there is no monetary advantages and he cannot even sell his membership. City Attorney Bentley said his research proved Pinetree Country Club is a non-profit organization. Bylaws were not specific on asset disposal. O.C.G.A. Code addresses if the club closed, members would receive nothing. Under Kennesaw Ethic Code 2-95: A member of the governing authority shall disqualify himself from participating in any official act or action of the city which results in a pecuniary benefit to the member or a business or activity in which he has an interest, when such benefit is not available to the public at large. There is no direct benefit to members and is offered to the public. This non-profit is not a 501(c)(3), but a 501(c)(7) and Councilmember Mathews holds less than 5% of the beneficial ownership. Dick v. Williams was a standard in ethic case and is the "appearance of impropriety" and that has to be determined by Council. There is an affidavit on file at the Clerk's office. He sees no legal impediment for Mr. Mathews to participate.

Request by Councilmember Thrash to adjourn to Executive Session to discuss legal, seconded by Councilmember Dowdy. Vote taken, approved unanimously 5-0. Motion carried.

Motion by Councilmember Thrash to enter into Executive Session as allowed by O.C.G.A. Sec. 50-14-4 and pursuant to advice by the City Attorney, for the purpose of discussing legal, seconded by Councilmember Jenkins. Vote taken, approved unanimously 5-0. Motion carried.

7:25 PM Recess

Mayor, Council, City Manager, City Attorney and City Clerk attended Executive Session

7:34 PM Reconvened

Councilmember Thrash read the Board back into Open Session and directed the Mayor to execute an affidavit in compliance with O.C.G.A. Sec. 50-14-4, seconded by Councilmember Dowdy. Vote taken, approved unanimously 5-0. Motion carried.

MR. NAY: Sell the property for $1.4 million and will fix things. If this doesn't happen, someone else will have to come up with this $1.4 million and may have to have members pay increased dues and membership fees. Feels a pecuniary interest is involved. Mr. Bentley said normally it's 5% interest, 10% by state law - please don't mischaracterize. Mr. Mathews membership does not allow him to share in any equity. Mr. Nay said however, it does allow him to share in the losses, especially if the $1.4 million has to be made up by the membership.

Councilmember Mathews said a possible conflict would affect the entire Council if you follow that logic because annexations effects taxes; if he's a member of an HOA then "he shouldn't take any action" if he uses that logic. We just voted on the Swift/Cantrell Park which will affect nearby property owners, so again - then no one should vote. Where do we draw the line? Why are we even elected? Where does it end? We then couldn't act on HOAs because we can affect property values – it's all sticks and bricks. He takes his elected position seriously and doesn't feel this is any different than anything else they act upon. Mr. Bentley said that is not the intent of ethics laws. Mr. Mathews could consider abstention at this point while case law is researched further, without any prejudices with the right to vote. Georgia law even recognizes that you can have up to a 10% interest and still be able to participate in the process. The City ordinance disqualification is different and does not meet that criteria.

Mayor Church called for a vote on the motion by staff to table this item to the October 2, 2006 meeting. Vote taken, approved 4-0-1. Councilmember Mathews abstained without prejudice to future actions pending further legal review. Motion carried.

C. Authorization for ORDINANCE approving request for rezoning submitted by TBKP Development, LLC for property located on Ben King Road - intersection of the northerly side of Ben King Road and the westerly side of McCollum Parkway. Property located in Land Lot 131, portion of Tax Parcel 40. Said request to rezone 5.65+/- acres from County R-20 to City FST (Fee Simple Town Home) on property proposed for senior age-restricted detached home development. Application was advertised on June 23, 2006 in the Marietta Daily Journal. Planning Commission at a meeting held on July 10, 2006 recommended tabling this application to the next scheduled Planning Commission meeting of August 14, 2006. At their August 7th meeting, Mayor and Council continued this item to September 5th. Planning Commission at their regular scheduled meeting August 14, 2006 motioned to deny rezoning application, vote 5-0. Darryl Simmons, Zoning Administrator recommends approval with conditions of annexation and RA-4 rezoning application with conditions: 1) Incorporate engineering conditions that address drainage, water retention and safe access for public vehicles and emergency services; 2) Developer to submit the engineering study, all approved drainage easements and drawings as part of the site plan review process to the Planning Commission and Mayor and Council; 3) Approve rezoning to RA-4 with a maximum of 3.53 density as submitted; 4) Developer will develop covenants that will be compatible with Pinetree CC covenants in function; 5) Proper landscaping and safety controls for proposed housing will be incorporated along golf course; 6) Provide a private road width of a minimum 24' bc; 7) Period

lighting will be incorporated into the development which matches downtown Kennesaw design.

Mayor Church called for a vote on the motion by staff to table this item to the October 2, 2006 meeting. Vote taken, approved 4-0-1. Councilmember Mathews abstained without prejudice to future actions pending further legal review. Motion carried. Item VIII-B and C were considered concurrently.

D. Authorization for land use renewal permit submitted by Sandra Riedesel for property located at 3849 Princeton Oaks NW. Property located in Land Lot 88, Tax Parcel 210. Land Use Permit request to renew operation of business for a Day Care Center in a residential dwelling unit on property. Application was advertised on July 28, 2006 in the Marietta Daily Journal. At a meeting held on August 14, 2006, the Planning Commission recommended approval of the land use renewal with staff recommendations for a period of 24 months. Vote 5-0 • Maximum number of children to be limited to ten children • Hours of operation will be from 8:30 am to 12:00pm (noon) • Owner to maintain State approval • Land Use permit to be issued for period of two years • On street parking to be minimized as much as possible. Motion carried, vote 5-0. Zoning Administrator, Darryl Simmons, recommends approval with conditions: 1) Maximum number of children to be limited to ten children; 2) Hours of operation will be from 8:30 am to 12:00 pm; 3) Owner to maintain State approval; 4) Land Use permit to be issued for period of two years period; 5) On street parking to be minimized as much as possible.

Zoning Administrator Simmons reported this process started in 2003 and staff has never received any form of complaint on the subject property or operation of business.

E. Authorization for approval of **ORDINANCE NO. 2006-21, 2006** granting a rezoning request submitted by Lonnie Ayers for property located at 6101 Pine Mountain Road. Property located in Land Lot 139, Tax Parcel 42, 20th District, 2nd Section, Cobb County. Said request to rezone property from City R-20 to City General Commercial (GC) for purpose to correct an existing split zoning. Planning Commission at a meeting held on August 14, 2006, recommended approval of the rezoning from City General Commercial and R-20 to City Highway General Business (HGB) per staff recommendations. Motion carried, vote 5-0. Zoning Administrator, Darryl Simmons, recommends approval to rezone the property to HGB to be compatible with adjoining zoning district.

Zoning Administrator Simmons reported this rezoning is to correct a split zoning for a small triangle piece of property. This is basically a housekeeping issue.

The Georgia Parks and Recreation Commission will be holding their quarterly meeting at the Museum on September 12, 2006. The event will be from 6:30 p.m. until approximately 8:30 p.m. Dinner will be served by Bar-B-Q Street. Approximately 40 people will be in attendance. A police officer will be on site. The Recreation & Culture Director recommends approval.

F. Consideration to approve the lowest responsive bidder, Cline Service Corporation, to construct the first phase of the Community Wide Trail. Four contractors submitted bids on the trail specifications as designed by MacTec

engineering. The construction of the trail will be supported through recreation bond money and a $48,000 matching grant from the Land Water Conservation Fund. The Director for Parks and Recreation recommends approval of Cline Service Corporation: Cline Service corporation: $211,000 JJE Constructors: $382,096 CMES, Inc.: $528,281 Woodwind Construction Company: $446,500. FUNDING LINE: 301.4225.54.1461 - Capital Projects Fund $211,000

G. Community Development Budget Amendment Request. To transfer funds from Community Development to IT for data line connections/switch work managed and paid for by IT for remodeling of Community Development space. Bob Fox, Darryl Simmons and Mark Rice for Community Development and Teri Chambers for IT recommend approval. FUNDING LINE: 100-7500-53.1180 (from ED); FUNDING LINE: 100-7500-52.1260 (from ED); FUNDING LINE:100-1535-53.1180 (to IT).

H. Consideration to approve a budget amendment decreasing capital outlay line items: Sites 100.1055.54.1100, Adams Park Improvements 100.1055.54.1451, Equipment 100.1055.54.2500 and increasing operating account line items water/sewer 100.6100.53.1210 and electricity 100.6100.53.1230. The amendment form with justifications is attached. These amendments are necessary as we are transferring budgeted capital outlay monies to operating accounts. We have been able to complete all projects except the football practice field project which has just been approved by the school board. This project will not begin till next fiscal year.

I. Request for approval of a one-time variance for New Beginnings United Methodist Church, located at 2925 Mack Dobbs Rd, NW. The New Beginnings United Methodist Church is planning a church fundraiser that will include a Turkey Shoot event. The event will be held on private church property September 23, 2006 from 9:00 a.m. to 2:00 p.m. The request is for a one-time variance related to Sec 34-2 of the Kennesaw Code of Ordinances, which governs use of firearms. The site has been reviewed by Public Safety and determined to be safe for the event. Neighboring residents will be properly notified of the event. The City will request a hold harmless agreement for the event from New Beginnings United Methodist Church. City Manager recommends approval.

J. Consideration of ORDINANCE approving annexation request submitted by Seth Crawford for property located at 4048 Ayers. Properties identified as Land Lot 60, of the 20th District, 2nd Section, Tax Parcel 26. Applicant is requesting annexation approval for property currently zoned County R-20 to be annexed into the City of Kennesaw for property consisting of 1+/-acres. Application was advertised on May 26, 2006 in the Marietta Daily Journal. Planning Commission at a meeting held on June 12, 2006 recommended accepting the letter requesting a continuance, dated June 5, 2006. Next scheduled meeting dates for July 10, 2006 Planning Commission and August 7, 2006 Mayor and Council with applicant making the proper notification to surrounding property owners. Motion carried, vote 6-0. Planning Commission meeting held July 10, 2006 reviewed letter that itemized the proposed modifications to the site plan that will be resubmitted for Planning Commission review at their next scheduled meeting on

August 14, 2006. At their August 7th meeting, Mayor and Council continued the public hearing until September 5, 2006. Planning Commission on August 14, 2006 motioned to accept letter of withdrawal dated August 14, 2006 without prejudice, vote 5-0. Darryl Simmons, Zoning Administrator recommends accepting letter of withdrawal dated August 14, 2006 without prejudice.

Motion by Councilmember Thrash to add the described over to the agenda, seconded by Councilmember Giles. Vote taken, approved unanimously 5-0. Motion carried. ITEM: Authorization for the City Attorney to prepare utility easement for water service to The Village at Fullers Chase and for the Mayor to execute easement. The Village at Fullers Chase entails 28 town homes requiring an 8" water main for service to the residences and hydrants. The developer in consultation with Kennesaw Public Works, Cobb Water and the developer's consulting engineer determined the most feasible location for the water line is from Cherokee Street across lots 9 and 10 of Fullers Chase Phase 1; then clipping the back southeast corner of the City owned Bobby Grant Center property for 0.038 acres. The developer has provided for the utility easement on lots 9

and 10 (see attached drawing). The service line for Phase 1 is 3" and is inadequate for the second phase. The R/W width of the new drive to Cherokee Street (Boone Drive) has insufficient width for the utility line. Access to the water main on Big Shanty is not feasible due to inadequate width of the existing utility easement. This is a non-exclusive agreement and the developer would be financially responsible for relocation costs (of the utilities) if necessary. Community Development Director, Bob Fox, recommends approval.

Motion by Councilmember Thrash to approve easement for water service to The Village at Fullers Chase and for the Mayor to execute a non-exclusive easement with the condition the developer or applicant pay cost of platting and provide City with metes and bounds description, motion seconded by Councilmember Giles. Vote taken, approved unanimously 5-0. Motion carried.

XVII. PUBLIC COMMENT/BUSINESS FROM THE FLOOR

RON PAPLIONI (General Manager, Lake Allatoona Preservation Authority): Mr. Paplioni expressed his appreciation to the City for what we do with zoning and storm water management because a good portion runs into the water shed. This is our water shed, where we get the drinking water so we should have a vested interest. Big development on the north side of the lake is occurring and will have an impact and will certainly economically impact the City of Kennesaw, as the Lake has done for the past 53 years.

XVIII. CITY MANAGER'S REPORT - Steve Kennedy

City Manager Kennedy reported the home rule Charter amendment on taxation was not on tonight's agenda because the public hearing dates were omitted in the legal ad. As well, he requests another ordinance as written, be changed to allow regular meetings be called and voted upon as needed. This will allow a final public hearing at a third regular meeting to be held on September 27th. The budget and revised Personnel Manual will also be adopted at this meeting. City Attorney Bentley said he recommends amending specific code to permit additional regular meetings be held if approved by Mayor and Council.

RE: Application for Rezoning
Application No.: RZ2006-11
Applicant: Pebblebrook Development, LLC
Property Owner: King's Crossing Management, LLC
Property: 2.84 acres located on the southwesterly side of Pine Mountain Road, westerly of Cobb Parkway (U.S. Highway 41), Land Lot 140, 20th District, 2nd Section, Cobb County, Georgia

Dear Darryl:

As you know, this firm and the undersigned represent Pebblebrook Development, LLC, the Applicant (hereinafter referred to as "Applicant"), and King's Crossing Management, LLC, the Property Owner (hereinafter referred to as "Property Owner"), in their Application for Rezoning concerning the 2.84 acre tract located at the southwesterly side of Pine Mountain Road, westerly of Cobb Parkway (U.S. Highway 41), City of Kennesaw, Cobb County, Georgia (hereinafter the "Subject Property"). After conferences with planning and zoning staff, conferences with area residents, reviewing the uses of surrounding properties, we have been authorized by the Applicant and Property Owner to submit this letter of agreeable stipulations and conditions which, if the pending Application for Rezoning is approved, as submitted, shall become a part of the grant of the requested zoning and

shall be binding upon the Property. This letter shall supersede and replace in full that certain letter of agreeable stipulations and conditions dated and submitted July 7, 2006. The referenced stipulations are as follows:

(1) The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions, in whatsoever form, which are currently in place on the Subject Property.

(2) Rezoning of the Subject Property shall be from the existing R-20 and General Commercial ("GC") zoning categories to Highway General Business ("HGB") zoning category for the purpose of a general business/office development, with reference to that Rezoning Drawing prepared for Pebblebrook Development, LLC dated April 24, 2006. Applicant shall submit a site plan for the development which complies with all City of Kennesaw development standards and ordinances for approval by City staff during the plan review process and prior to the issuance of any building or development permits.

(3) Applicant agrees that the architectural style for the proposed development shall be consistent with all architectural photographs submitted to City staff during the zoning process and presented to the City of Kennesaw during the respective public hearings. In that regard, the exterior elevations of the proposed buildings shall consist of brick, stone, stacked stone, stucco, and other masonry materials.

(4) Applicant agrees that with respect to the proposed rezoning of the subject 2.64 acres, the proposed rezoning shall be "use specific" to general business/office as presented by Applicant.

(5) Applicant agrees to establish and maintain a permanent, minimum forty (40) foot buffer along the entire southern boundary of the Subject Property, as

well as, the adjacent property also to be developed, which buffer shall be adjacent to a development known as "The Village at Pine Lake Mountain." Such forty foot buffer shall not include any drives or other paved areas; but rather, shall be utilized for landscaping, screening materials, and fencing subject to a landscape plan to incorporate such features subject to City of Kennesaw staff approval during the plan review process.

(6) Applicant agrees that all lighting contained within the proposed development, both within the Subject Property and on adjoining property which will be part of the proposed development, shall be period or themed lighting to the architecture of the proposed development; and further, will be directional or hooded such that all beams or glare will be contained within the bounds of the proposed development.

We believe the requested zoning, together with the Rezoning Drawing and the stipulations set forth herein, is an appropriate use of the Subject Property while taking into consideration the existing conditions of the area. The proposed development shall be of the highest quality and shall be an enhancement to the Subject Property and the community as a whole. Thank you for your consideration in this request.

Very truly yours,

MOORE INGRAM JOHNSON & STEELE, LLP

PLANNING COMMISSION MINUTES – DRAFT
July 10, 2006

Item: Pine Mountain/Cobb Parkway

(A) Rezoning Request (RZ2006-11) Consideration to approve a rezoning request submitted by Pebblebrook Development, LLC, for property located at 0000 Pine Mountain Road (southwesterly side of Pine Mountain Road and the westerly side of Cobb Parkway (US Highway 41) Said request to rezone from City GC, R-20 to City HGB for proposed office condos development w/indoor storage. Land Lot 140, Tax Parcel 6, 20th District, 2nd Section, consisting of 2.84+/- acres. (Mayor and Council 8-7-06)

Darryl Simmons, Zoning Administrator, came forward and presented the application of rezoning of property located along the westerly side of Pine Mountain Road right-of-way. The applicant is seeking to rezone property from City GC (General Commercial) and R-20 to City HGB (Highway General Business) for an office condo development with indoor storage.

The proposed development will incorporate three buildings with rear service access and architectural elements complimentary to area. The subject tract is designated on the Future Land Use Map as Community Activity Center. The request is compatible with the FLUM designation.

Staff noted the proximity of the adjoining single family residential subdivision identified as the Villages at Pine Lake Mountain. The staff's analysis and recommendations incorporated code regulated protection. There is to be a 40 foot undisturbed buffer along the rear.

Brief discussion regarding the stream buffer on the western side of the property, which currently is shown on the site plan as 50 feet needs to be 75 feet according to standards currently adopted by the City. An accurate site plan was not received by staff.

Mr. Simmons gave a history on the property and how it is was developed up to today and the proposed elevation of the project being considered. Staff requires that an updated site plan in compliance with standards be submitted, which would show all architectural style – brick, stone stucco, shows the lighting proposed for the project along with landscaping including the required buffer.

Mr. Simmons recommends the use being proposed for the project to head off other intrusive uses allowed in the HGB district. Staff recommends approval with the following conditions:

1. Incorporate letter of stipulation from Attorney Kevin Moore, updated letter of July 10, 2006 with the change to strike all references of the term warehouse from description of the intended use.
2. Item 2 will be altered to reference a compliant site plan versus the submitted plan, dated April 24, 2006.

There was a power failure and equipment stopped recording.

The member of the commission discussed the plan and challenging site and how best to promote the best uses for the area. The members felt that it would be of a benefit to the applicant if they would supply a better site plan and address some of the concerns with buffering, parking, architectural style etc.

The attorney for the applicant, Mr. John Moore, came forward. He presented the application for rezoning of the property to Highway General Business. The applicant proposes two story buildings, which will be owed by individuals for professional use. The building would have four-sided brick with no loading zones. (Elevations were shown). The plan is to reduce the drive area to enlarge the buffer along the residential properties to the rear, which would also reduce the building sizes.

The letter of stipulation submitted would address the proposed uses zoned for the area and the applicant would also address those concerns about water and drainage on the property. The request from the applicant is to table this matter to allow them time to address concerns and submit a compliant site plan and to allow staff and members to visit site of West Oak in Sandy Springs, which is a project similar to what the applicant proposes for this area.

Floor opened to public comments.

Faye McColloch came forward and directs general questions concerning the site plan and voiced her objection to the rezoning.

Mr. Hyre of 2634 Laurel Lane asked that the commission consider denying the request to rezone the property to Highway General Business; however, he would trust the commission in whatever decision they make on the matter and work with staff and the developer to develop the best project on the site. Brief discussion regarding traffic concerns egress and decel lanes. Mr. Hyre voiced his concern on decrease in property values to the residential properties in the rear.

Floor closed to public comments.

Due to the power failure and recording equipment failure the best decision on this application was to accept at the applicant's request to table to the next agenda of the Planning Commission.

Alan Davis made motion, seconded by Richard Anderson to table the meeting and this application to the August 14' 2006, meeting of the Board.

PLANNING COMMISSION

8-14-06 – Draft Minutes (portion of)

TOPIC: Pine Mountain-Cobb Parkway, rezoning :

> **(C)Rezoning Request (RZ2006-11)** Consideration to approve a rezoning request submitted by Pebblebrook Development, LLC, for property located at 0000 Pine Mountain Road (southwesterly side of Pine Mountain Road and the westerly side of Cobb Parkway (US Highway 41) Said request to rezone from City GC, R-20 to City HGB for proposed office condos development w/indoor storage. Land Lot 140, Tax Parcel 6, 20th District, 2nd Section, consisting of 2.84+/- acres. (Mayor and Council 8-7-06)

Darryl Simmons, Zoning Administrator, came forward and presented the application of rezoning of property located along the westerly side of Pine Mountain Road right-of-way. The applicant is seeking to rezone property from City GC (General Commercial) and R-20 to City HGB (Highway General Business) for an office condo development with indoor storage.

The proposed development will incorporate three buildings with rear service access and architectural elements complimentary to area. The subject tract is designated on the Future Land Use Map as Community Activity Center. The request is compatible with the FLUM designation.

Staff noted the proximity of the adjoining single family residential subdivision identified as the Villages at Pine Lake Mountain. The staff's analysis and recommendations incorporated code regulated protection. There is to be a 40 foot undisturbed buffer along the rear.

Brief discussion regarding the stream buffer on the western side of the property, which currently is shown on the site plan as 50 feet needs to be 75 feet according to standards currently adopted by the City. A corrected site plan was received with noted item changes including showing the 40 foot undisturbed buffer along all residentially zoned properties, accurate scale and the stream buffer reflected according to the adopted City codes.

Mr. Simmons gave a history on the property and how it is was developed up to today and the proposed elevation of the project being considered. Staff requires that an updated site plan in compliance with standards be submitted, which would show all architectural style – brick, stone stucco, shows the lighting proposed for the project along with landscaping including the required buffer.

Mr. Simmons recommends the use being proposed for the project to head off other intrusive uses allowed in the HGB district. Staff recommends approval with the following conditions:

- Incorporate all conditions specified in letter of stipulations dated July 10, 2006 prepared by Moore Ingram Johnson and Steele.

- Dumpster location will be coordinated with the City staff in order to minimize impact to adjoining residential properties. Garbage pickup will not occur before 7 am and after 7pm.
- The areas identified as undisturbed buffer to the southernmost boundary of tract will be binding and preserved as such with the developer being responsible to supplement additional trees if visual gaps are identified and field verified by the City of Kennesaw.
- Coordination and approval from City of Kennesaw on final layout of access drive to development from Pine Mountain Road that will reduce stacking and promote better traffic flow for egress and ingress.
- Interparcel access and shared access drive to be designed with adjoining vacant property once future development of adjoining vacant parcel is pursued.
- Rear portion of all proposed office buildings that will be facing adjoining residential property will not be Cinder block but will match the building material and quality of the front and side facades of buildings.
- All HVAC units and utilities will be designed to be placed away from the adjoining residential properties to reduce any secondary noise from the units being heard by adjoining properties. Sound baffling materials can be incorporated into construction as along as the materials are consistent with the architectural quality for the building.

The members of the commission discussed the plan and challenging site and how to promote the best uses for the area, including bonding to help protect the buffer areas, better traffic flow with the interparcel access, dumpster locations and lighting.

The attorney for the applicant, Mr. John Moore, came forward. He presented the application for rezoning of the property to Highway General Business. The applicant proposes two story buildings, which will be owed by individuals for professional use. The building would have four-sided brick with no loading zones. (Elevations in file). The revised plan shows the reduction of the drive area to enlarge the buffer along the residential properties to the rear, which would also reduce the building sizes.

The letter of stipulation previously submitted addresses the proposed uses zoned for the area such as professional offices; including the owner of the properties restate office, surveyors, engineers, contractors who would have enclosed project storage. He discussed briefly the dumpster locations, lighting and property owners association to be created to help with maintenance of the property.

Mr. Moore commented that this use appears to be a better fit then the other attempts made for rezoning and would request that the commission consider approval of the rezoning including the letter of stipulations dated July 10, 2006.

Floor opened to public comments.

Faye McColloch came forward voiced her concerns over the service drive, which is located so close to the residentially zoned properties can place one in harms way. Perhaps better fencing - concrete style. She submitted photos for the commission to review which showed concerns about the easement (which she said they probably have no idea about) on her property, landscaping and drainage. People say they will do things and never do – she indicated that she has had this problem for a number of years

and has seen nothing done – fencing, buffer area running along the Villages at Pine Mountain. Any kind of requirements placed on this project **must** be submitted in writing. I have concern with promises because what took place with the previous development for the buffer, landscaping area is still not complete, fences down, trees down, flooding. For the last four years Ms. McColloch stated she has tried to get items rectified to no success. Still waiting. She thanked the commission for their time.

Mr. Mitchell Hyre of 2634 Laurel Lane asked that the commission to consider some of the verbal stipulations that the applicant has expressed to the community during the times of communications, which is appreciated by the residents. Those included:

- Erection of a 8foot privacy fence
- Dumpster locations
- Time of dumpster pickups
- Low level lighting
- Site plan specific
- Overnight vehicle

The applicant responded agreement to the above noted items. Dumpster location along the islands behind buildings 200 and 300, with pickup times limited to weekdays, curb lighting with hooded or low level lighting in the rear of the buildings along with some decorative post lighting on the site. No overnight parking of service vehicles.

Concern as to fencing and landscaping all to be addressed with the new development and maintained by the office association.

Floor closed to public comments.

Brief discussion followed with motion was made by Doug Rhodes, seconded by Richard Anderson to a approve the rezoning from City GC & R-20 to City HGB with staff recommendations

- Incorporate all conditions specified in letter of stipulations dated July 10, 2006 prepared by Moore Ingram Johnson and Steele.
- Dumpster location will be coordinated with the City staff in order to minimize impact to adjoining residential properties. Garbage pickup will not occur before 7 am and after 7pm. In addition ***Planning Commission added language as to dumpster location on the islands of buildings 200 and 300 and that pick-up would be limited to weekdays***
- The areas identified as undisturbed buffer to the southernmost boundary of tract will be binding and preserved as such with the developer being responsible to supplement additional trees if visual gaps are identified and field verified by the City of Kennesaw.
- Coordination and approval from City of Kennesaw on final layout of access drive to development from Pine Mountain Road that will reduce stacking and promote better traffic flow for egress and ingress.
- Interparcel access and shared access drive to be designed with adjoining vacant property once future development of adjoining vacant parcel is pursued.
- Rear portion of all proposed office buildings that will be facing adjoining residential property will not be Cinder block but will match the building material and quality of the front and side facades of buildings.

- All HVAC units and utilities will be designed to be placed away from the adjoining residential properties to reduce any secondary noise from the units being heard by adjoining properties. Sound baffling materials can be incorporated into construction as along as the materials are consistent with the architectural quality for the building.
- ***Planning Commission added that there would be no overnight parking of service vehicles***
- ***Planning Commission added a stipulation of an 8 foot fence***
- ***Planning Commission added stipulation that the rezoning is subject to a site plan specific – similar to revised plan dated August 3, 2006 by Karl Lutjens of Southland Engineering, Inc and identified as Concept Site C subject to meeting all development standards during construction review***

The Village At Pine Mountain
RZ2006-11 Concerned Residents Petition

We, the undersigned, as residents of The Village At Pine Mountain wish to air concerns regarding the rezoning petition #RZ2006-11. They are as follows:

A) The community preference is that this area remain undisturbed, however in the interest of development, we understand that change is eminent. We believe that the designation of O&I would better suit the asthetics of our neighborhood and better preserve our property values.

B) The plan, as shown, shows a 40' buffer however this is a buffer of curbing and asphalt. The nine properties which adjoin the parcel in question are requesting a 40' undisturbed buffer with an 8' privacy fence on the development side of the buffer. The adjoining property owners shall agree not to assume ownership of the buffer through care and maintenance. Our interest is only in our privacy.

C) The plan, as submitted does not show dumpster locations or central trash collection site. Our concern is not just limited to their location but also the times at which the trash will be collected.

D) All homes on Laurel Lane have bedrooms located in the rear of the dwelling. We are concerned about high intensity lighting interrupting our sleep.

E) We are concerned about the hours of operation and after hour deliveries of the business tenants who may occupy suites in the event the zoning is changed to HGB.

F) We believe that ingress/egress of this parcel onto Pine Mountain Road by delivery vehicles and additional general traffic will exacerbate an already dire traffic situation on this road. We would like to know how Kennesaw plans to deal with this.

G) We feel strongly that allowing a zoning designation which will permit the building of personal mini storage space would drastically compromise the asthetics and security of our quiet community. If this is in the City's Plan, we wholeheartedly petition against it.

RE: Application for Rezoning
Application No.: RZ2006-11
Applicant: Pebblebrook Development, LLC
Property Owner: King's Crossing Management, LLC
Property: 2.84 acres located on the southwesterly side of Pine Mountain Road, westerly of Cobb Parkway (U.S. Highway 41), Land Lot 140, 20th District, 2nd Section, Cobb County, Georgia

Dear Darryl:

As you know, this firm and the undersigned represent Pebblebrook Development, LLC, the Applicant (hereinafter referred to as "Applicant"), and King's Crossing Management, LLC, the Property Owner (hereinafter referred to as "Property Owner"), in their Application for Rezoning concerning the 2.84 acre tract located at the southwesterly side of Pine Mountain Road, westerly of Cobb Parkway (U.S. Highway 41), City of Kennesaw, Cobb County, Georgia (hereinafter the "Subject Property"). After conferences with planning and zoning staff, conferences with area residents, reviewing the uses of surrounding properties, we have been authorized by the Applicant and Property Owner to submit this letter of agreeable stipulations and conditions which, if the pending Application for Rezoning is approved, as submitted, shall become a part of the grant of the requested zoning and shall be binding upon the Property. This letter shall supersede

and replace in full those certain letters of agreeable stipulations and conditions dated and submitted July 7, 2006, and July 10, 2006. The referenced stipulations are as follows:

(1) The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions, in whatsoever form, which are currently in place on the Subject Property.

(2) Rezoning of the Subject Property shall be from the existing R-20 and General Commercial ("GC") zoning categories to Highway General Business ("HGB") zoning category for the purpose of a general business/office development, with reference to that Rezoning Drawing prepared for Pebblebrook Development, LLC dated April 24, 2006.

(3) Applicant shall submit a site plan for the development which complies with all City of Kennesaw development standards and ordinances for approval by City staff during the plan review process and prior to the issuance of any building or development permits.

(4) Applicant agrees that the architectural style for the proposed development shall be consistent with all architectural photographs submitted to City staff during the zoning process and presented to the City of Kennesaw during the respective public hearings. In that regard, the exterior elevations of the proposed buildings shall consist of brick, stone, stacked stone, stucco, and other masonry materials.

(5) Applicant agrees that with respect to the proposed rezoning of the subject 2.64 acres, the proposed rezoning shall be "use specific" to general business/office as presented by Applicant.

(6) Applicant agrees to establish and maintain a permanent, minimum forty (40) foot buffer along the entire southern boundary of the Subject Property, as

well as, the adjacent property also to be developed, which buffer shall be adjacent to a development known as "The Village at Pine Lake Mountain." Such forty foot buffer shall not include any drives or other paved areas; but rather, shall be utilized for landscaping, screening materials, and fencing subject to a landscape plan to incorporate such features subject to City of Kennesaw staff approval during the plan review process.

(7) Applicant agrees that all lighting located to the front or sides of the proposed buildings, both within the Subject Property and on adjoining property which will be part of the proposed development, shall be period or themed lighting to the architecture of the proposed development; and further, lighting located to the rear will be directional or hooded such that all beams or glare will be contained within the bounds of the proposed development.

(8) Dumpster locations shall be as shown on the submitted site plan for the rezoned parcel, as well as, adjoining parcel to be included as part of the subject development. Dumpster pick-up shall be limited to Monday through Friday, between the hours of 7:00 a.m. and 7:00 p.m.

(9) There shall be no overnight parking of vehicles in the rear of the subject development; and such restriction shall be included in the operating covenants for the subject development.

(10) Applicant agrees to the installation of an eight (8) foot wood privacy fence along that portion of the rezoned parcel adjacent to existing residential properties.

(11) Applicant agrees that the future development shall be consistent with the general layout and design as shown and reflected on the submitted site plan.

(12) The areas identified as undisturbed buffer to the southernmost boundary of tract will be binding and preserved as such with the developer being responsible to supplement additional trees if visual gaps are identified and field verified by the City of Kennesaw.

(13) Applicant agrees to coordinate and seek approval from the City of Kennesaw on final layout of access drive to the proposed development from Pine Mountain Road that will reduce stacking and promote better traffic flow for egress and ingress.

(14) Interparcel access and shared access drive shall be designed with adjoining vacant property once future development of adjoining vacant parcel is pursued.

(15) The rear portion of all proposed office buildings that will be facing adjoining residential property will not be cinderblock but will match the building material and quality of the front and side facades of the buildings.

(16) All HVAC units and utilities will be designed to be placed away from the adjoining residential properties to reduce any secondary noise from the units being heard by adjoining properties. Sound baffling materials can be incorporated into construction as long as the materials are consistent with the architectural quality for the building.

We believe the requested zoning, together with the Rezoning Drawing and the stipulations set forth herein, is an appropriate use of the Subject Property while taking into consideration the existing conditions of the area. The proposed development shall be of the highest quality and shall be an enhancement to the Subject Property and the community as a whole. Thank you for your consideration in this request.

Very truly yours,

Rezoning Report

July 3, 2006

CASE NUMBER	:	**RZ-2006-11**
CURRENT ZONING	:	**GC and R-20**
ZONING CHANGE	:	**HGB**
LOCATION	:	**Westerly side of Pine Mountain**
TAX PARCEL NUMBER	:	**20-140-6**
ACREAGE	:	**2.84 acres**
PROPOSED DEVELOPMENT	:	**Office condos with indoor storage**

ADJACENT ZONING:

NORTH- GC/HGB
SOUTH- R-20 and FST (formerly RA-12)
EAST- GC
WEST- HGB and FST (formerly RA-12)

APPLICANT: Pebblebrook Development

PROPERTY OWNERS: King's Crossing Management

PROPERTY DESCRIPTION:

Property located along westerly side of Pine Mountain Road right of way

APPLICANT'S REQUEST:

The applicant is requesting to rezone parcel from GC and R-20 to HGB zoning for office condo development

STAFF ANALYSIS:

The proposal for this tract is incorporation into larger office condo development on adjoining HGB zoned tract located behind Kings Crossing Retail Center. The overall development will incorporate three buildings with rear service access and architectural elements complimentary to area. The submitted site plan contained errors that conflicted with the City of Kennesaw Development Standards. The items identified by staff include the following:

1. 40 foot required buffer illustrating encroachment with parking and drives. This is not allowed under section 670 of the zoning ordinance.
2. Scale was inaccurate for drawing
3. 75' stream buffer required versus the 50 foot buffer shown

The City of Kennesaw met with the attorney for applicant, Kevin Moore of Moore Ingram Johnson &Steele regarding this development. The applicant was informed ahead of time of the conflicts on the conceptual drawing and was not timely in revising the plat. The applicant's intent was to show conceptually the development and how the rezoned tract would fit into the overall development. The HGB zoning requested would b allow the condo use.

Applicant addressed the conflicts on the previous submitted plat. The revised plat illustrates development concept in compliance to the district standards including the following:

- Plat illustrates required landscape buffer along all boundaries abutting residentially zoned property.
- Scale was addressed
- 75' stream buffer was clearly identified.

Subject tract is designated on the FLUM as CAC (Community Activity Center). The request is compatible with the FLUM designation.

Staff has noted the proximity of the adjoining single family residential subdivision identified as The Villages at Pine Lake Mountain. Staff analysis and recommendations incorporates code regulated protection.

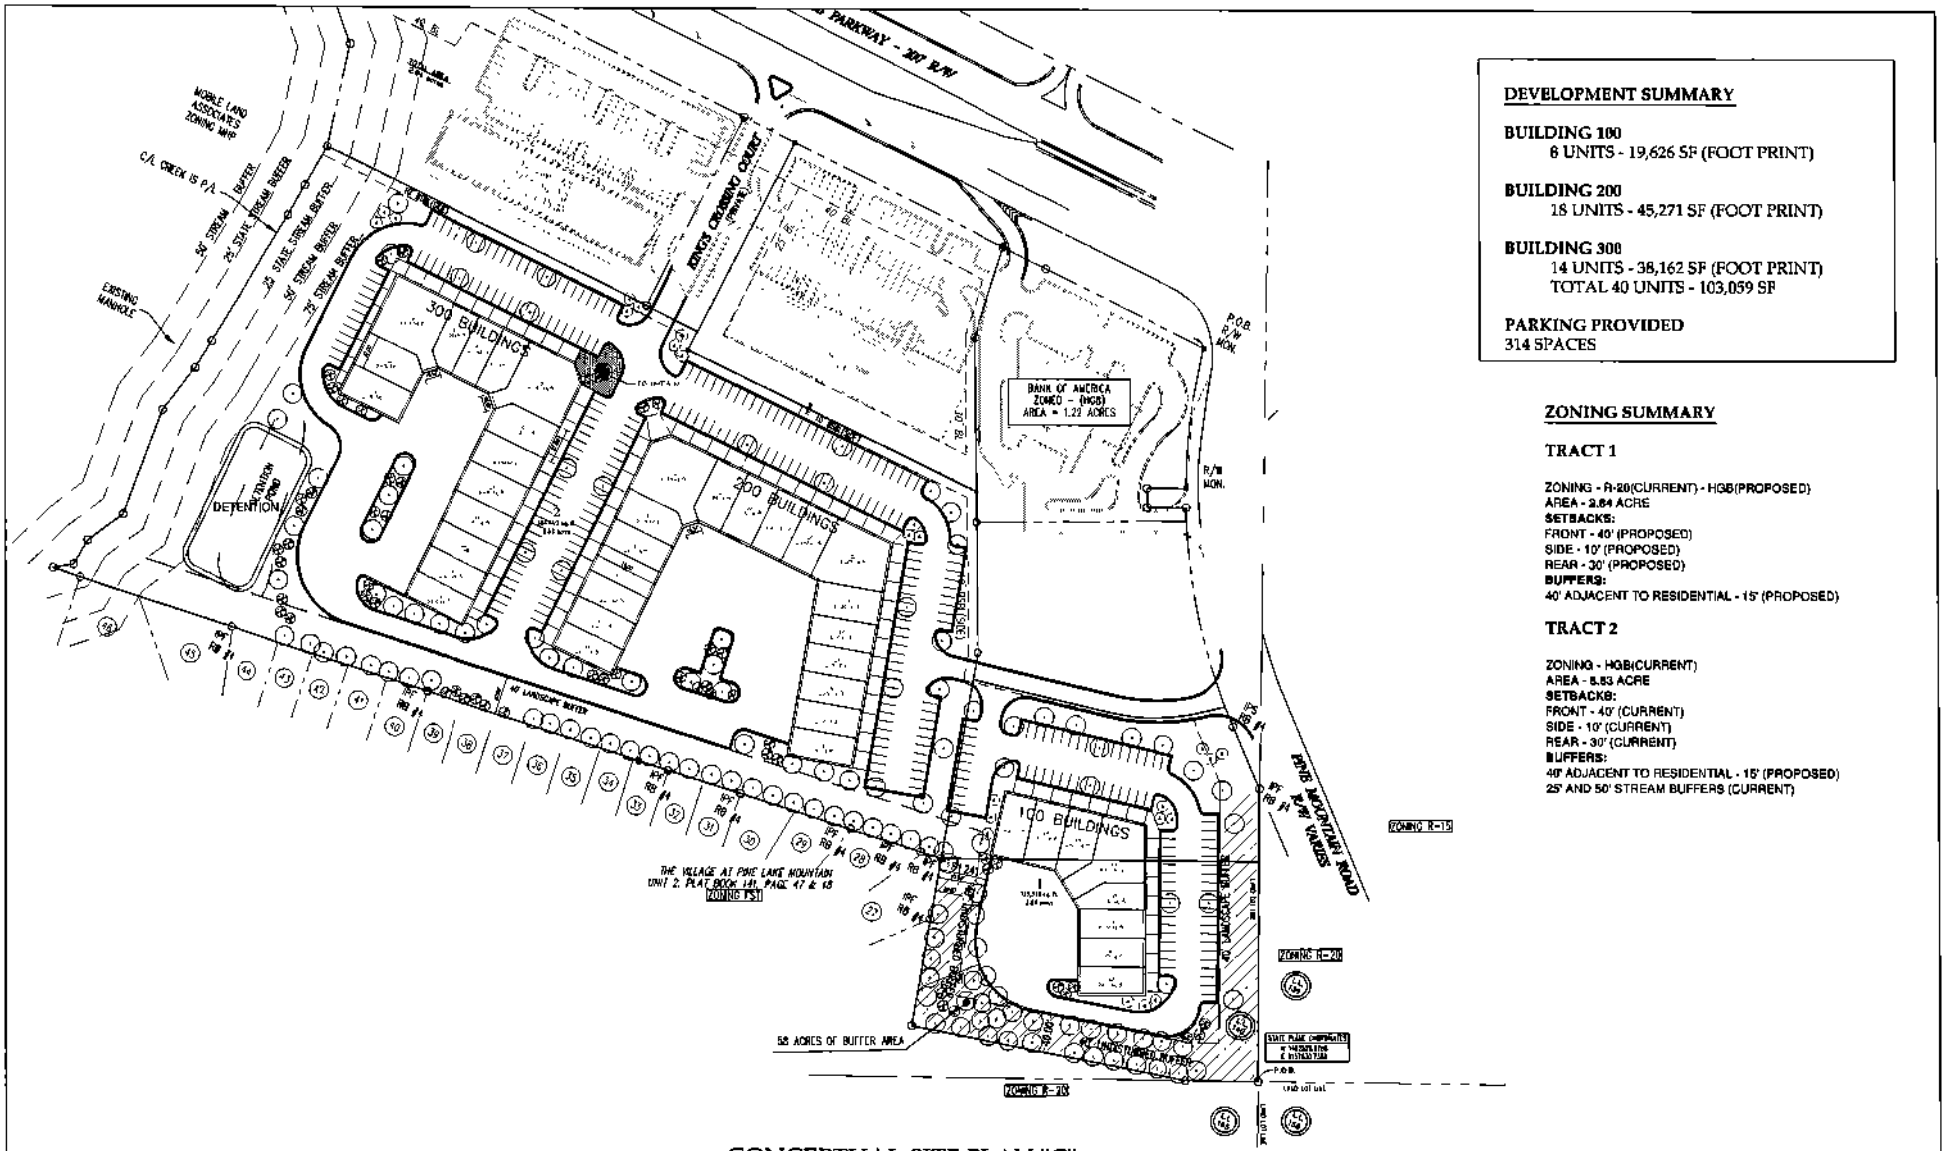

Staff Conclusions

- Office condos with internal storage is an appropriate transition to residential zoning

STAFF RECOMMENDATION:

Staff recommends approval with the following conditions:

Compliance with all conditions as per letter of stipulations dated August 30, 2006. prepared by Moore, Ingram Johnson and Steele

SECTION 2. BE IT FURTHER ORDAINED THAT that the Planning Commission makes recommendation to rezone the property to City HGB (Highway General Business) with the following conditions of approval:

This letter dated August 30, 2006 shall supersede and replace in full those certain letters of agreeable stipulations and conditions dated and submitted July 7, 2006, and July 10, 2006. The referenced stipulations are as follows:

(1) The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions, in whatsoever form, which are currently in place on the Subject Property.

(2) Rezoning of the Subject Property shall be from the existing R-20 and General Commercial ("GC") zoning categories to Highway General Business ("HGB") zoning category for the purpose of a general business/office development, with reference to that Rezoning Drawing prepared for Pebblebrook Development, LLC dated April 24, 2006.

(3) Applicant shall submit a site plan for the development which complies with all City of Kennesaw development standards and ordinances for approval by City staff during the plan review process and prior to the issuance of any building or development permits.

(4) Applicant agrees that the architectural style for the proposed development shall be consistent with all architectural photographs submitted to City staff during the zoning process and presented to the City of Kennesaw during the respective public hearings. In that regard, the exterior elevations of the proposed buildings shall consist of brick, stone, stacked stone, stucco, and other masonry materials.

(5) Applicant agrees that with respect to the proposed rezoning of the subject 2.64 acres, the proposed rezoning shall be "use specific" to general business/office as presented by Applicant.

(6) Applicant agrees to establish and maintain a permanent, minimum forty (40) foot buffer along the entire southern boundary of the Subject Property, as well as, the adjacent property also to be developed, which buffer shall be adjacent to a development known as "The Village at Pine Lake Mountain." Such forty foot buffer shall not include any drives or other paved areas; but rather, shall be utilized for landscaping, screening materials, and fencing subject to a landscape plan to incorporate such features subject to City of Kennesaw staff approval during the plan review process.

(7) Applicant agrees that all lighting located to the front or sides of the proposed buildings, both within the Subject Property and on adjoining property which will be part of the proposed development, shall be period or themed lighting to the architecture of the proposed development; and further, lighting located to the rear will be directional or hooded such that all beams or glare will be contained within the bounds of the proposed development.

(8) Dumpster locations shall be as shown on the submitted site plan for the rezoned parcel, as well as, adjoining parcel to be included as part of the subject development. Dumpster pick-up shall be limited to Monday through Friday, between the hours of 7:00 a.m. and 7:00 p.m.

(9) There shall be no overnight parking of vehicles in the rear of the subject development; and such restriction shall be included in the operating covenants for the subject development.

(10) Applicant agrees to the installation of an eight (8) foot wood privacy fence along that portion of the rezoned parcel adjacent to existing residential properties.

(11) Applicant agrees that the future development shall be consistent with the general layout and design as shown and reflected on the submitted site plan.

(12) The areas identified as undisturbed buffer to the southernmost boundary of tract will be binding and preserved as such with the developer being responsible to supplement additional trees if visual gaps are identified and field verified by the City of Kennesaw.

(13) Applicant agrees to coordinate and seek approval from the City of Kennesaw on final layout of access drive to the proposed development from Pine Mountain Road that will reduce stacking and promote better traffic flow for egress and ingress.

(14) Interparcel access and shared access drive shall be designed with adjoining vacant property once future development of adjoining vacant parcel is pursued.

(15) The rear portion of all proposed office buildings that will be facing adjoining residential property will not be cinderblock but will match the building material and quality of the front and side facades of the buildings.

RE: Application for Rezoning
Application No.: RZ2006-11
Applicant: Pebblebrook Development, LLC
Property Owner: King's Crossing Management, LLC
Property: 2.84 acres located on the southwesterly side of Pine Mountain Road, westerly of Cobb Parkway (U.S. Highway 41), Land Lot 140, 20th District, 2nd Section, Cobb County, Georgia

Dear Darryl:

As you know, this firm and the undersigned represent Pebblebrook Development, LLC, the Applicant (hereinafter referred to as "Applicant"), and King's Crossing Management, LLC, the Property Owner (hereinafter referred to as "Property Owner"), in their Application for Rezoning concerning the 2.84 acre tract located at the southwesterly side of Pine Mountain Road, westerly of Cobb Parkway (U.S. Highway 41), City of Kennesaw, Cobb County, Georgia (hereinafter the "Subject Property"). After conferences with planning and zoning staff, conferences with area residents, reviewing the uses of surrounding properties, we have been authorized by the Applicant and Property Owner to submit this letter of agreeable stipulations and conditions which, if the pending Application for Rezoning is approved, as submitted, shall become a part of the grant of the requested zoning and shall be binding upon the Property. This letter shall supersede

and replace in full those certain letters of agreeable stipulations and conditions dated and submitted July 7, 2006, and July 10, 2006. The referenced stipulations are as follows:

(1) The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions, in whatsoever form, which are currently in place on the Subject Property.

(2) Rezoning of the Subject Property shall be from the existing R-20 and General Commercial ("GC") zoning categories to Highway General Business ("HGB") zoning category for the purpose of a general business/office development, with reference to that Rezoning Drawing prepared for Pebblebrook Development, LLC dated April 24, 2006.

(3) Applicant shall submit a site plan for the development which complies with all City of Kennesaw development standards and ordinances for approval by City staff during the plan review process and prior to the issuance of any building or development permits.

(4) Applicant agrees that the architectural style for the proposed development shall be consistent with all architectural photographs submitted to City staff during the zoning process and presented to the City of Kennesaw during the respective public hearings. In that regard, the exterior elevations of the proposed buildings shall consist of brick, stone, stacked stone, stucco, and other masonry materials.

(5) Applicant agrees that with respect to the proposed rezoning of the subject 2.64 acres, the proposed rezoning shall be "use specific" to general business/office as presented by Applicant.

(6) Applicant agrees to establish and maintain a permanent, minimum forty (40) foot buffer along the entire southern boundary of the Subject Property, as

well as, the adjacent property also to be developed, which buffer shall be adjacent to a development known as "The Village at Pine Lake Mountain." Such forty foot buffer shall not include any drives or other paved areas; but rather, shall be utilized for landscaping, screening materials, and fencing subject to a landscape plan to incorporate such features subject to City of Kennesaw staff approval during the plan review process.

(7) Applicant agrees that all lighting located to the front or sides of the proposed buildings, both within the Subject Property and on adjoining property which will be part of the proposed development, shall be period or themed lighting to the architecture of the proposed development; and further, lighting located to the rear will be directional or hooded such that all beams or glare will be contained within the bounds of the proposed development.

(8) Dumpster locations shall be as shown on the submitted site plan for the rezoned parcel, as well as, adjoining parcel to be included as part of the subject development. Dumpster pick-up shall be limited to Monday through Friday, between the hours of 7:00 a.m. and 7:00 p.m.

(9) There shall be no overnight parking of vehicles in the rear of the subject development; and such restriction shall be included in the operating covenants for the subject development.

(10) Applicant agrees to the installation of an eight (8) foot wood privacy fence along that portion of the rezoned parcel adjacent to existing residential properties.

(11) Applicant agrees that the future development shall be consistent with the general layout and design as shown and reflected on the submitted site plan.

(12) The areas identified as undisturbed buffer to the southernmost boundary of tract will be binding and preserved as such with the developer being responsible to supplement additional trees if visual gaps are identified and field verified by the City of Kennesaw.

(13) Applicant agrees to coordinate and seek approval from the City of Kennesaw on final layout of access drive to the proposed development from Pine Mountain Road that will reduce stacking and promote better traffic flow for egress and ingress.

(14) Interparcel access and shared access drive shall be designed with adjoining vacant property once future development of adjoining vacant parcel is pursued.

(15) The rear portion of all proposed office buildings that will be facing adjoining residential property will not be cinderblock but will match the building material and quality of the front and side facades of the buildings.

(16) All HVAC units and utilities will be designed to be placed away from the adjoining residential properties to reduce any secondary noise from the units being heard by adjoining properties. Sound baffling materials can be incorporated into construction as long as the materials are consistent with the architectural quality for the building.

We believe the requested zoning, together with the Rezoning Drawing and the stipulations set forth herein, is an appropriate use of the Subject Property while taking into consideration the existing conditions of the area. The proposed development shall be of the highest quality and shall be an enhancement to the Subject Property and the community as a whole. Thank you for your consideration in this request.

RECIPROCAL EASEMENT AGREEMENT

This is a RECIPROCAL EASEMENT AGREEMENT ("REA"), dated October 6, 2005, between **KINGS CROSSING INVESTMENTS, LLC, A Georgia Limited Liability Company** ("**KINGS INVESTMENTS**") and **KINGS CROSSING MANAGEMENT, LLC, A Georgia Limited Liability Company** ("**KINGS**").

WITNESSETH:

WHEREAS, KINGS INVESTMENTS is the fee simple owner of that certain tract of land lying and being in Cobb County, Georgia, and more particularly described on Exhibit 'A' attached hereto and by this reference made a part of hereof (hereinafter referred to as "Kings Crossing 2"); and

WHEREAS, KINGS is the fee simple owner of that certain tract of land lying and being in Cobb County, Georgia, and more particularly described on Exhibit 'B' attached hereto and by this reference made a part of hereof (hereinafter referred to as "Kings Crossing"); and

WHEREAS, KINGS is the fee simple owner of that certain tract of land lying and being in Cobb County, Georgia, being a private road known as King Crossing Court and more particularly described on Exhibit 'C' (hereinafter referred to as "Kings Court"); and

WHEREAS, KINGS and KINGS INVESTMENTS agree to enter into this certain REA in connection with the use, ownership, and maintenance of Kings Court; and

WHEREAS, Kings Crossing and Kings Crossing 2 are part of an ongoing development (hereinafter referred to as the "Development"), as shown undeveloped on Exhibit "D", which will provide for future roads and stormwater detention facilities which will serve all tracts in the Development; and

NOW THEREFORE, in consideration of mutual promises contained herein and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree to the following statements:

1. **USE** - KINGS hereby grants and conveys to KINGS INVESTMENTS a perpetual, non-exclusive, permanent easement and right-of-way appurtenant to King Crossing 2 over, across, and through Kings Court for the purposes of ingress and egress to and from Kings Crossing 2 and the various public right-of-way surrounding the Development. This use shall be for pedestrian and vehicular ingress and egress only and shall specifically exclude the use of parking.

2. **MAINTENANCE** – KINGS shall be responsible for the reasonable normal and necessary maintenance, repair and/or replacement of Kings Court and related improvements within Kings Court, defined as landscaping, road signage not specific to tenants or the building located on Kings Crossing 2 of KINGS INVESTMENTS, lighting, irrigation, curbing, striping, and paving. In addition to the related improvements, maintenance shall include cleaning, repairing, and maintaining walkways (if any), roadways, paved surfaces in a level, smooth and evenly covered condition with the type of material originally installed or of similar quality, use and durability; and removing of snow, ice, debris, and surface water; and including keeping all directional signs, pavement signs and striping distinct and legible; and including repairing, replacing and renewing lighting, fixtures, and bulbs, and tubes and ballasts as may be necessary, and including caring for and replacing all landscaped and planted areas so as to not allow dead or unsightly plants to remain. All maintenance and repair shall be performed in a manner so as to minimize inconvenience and shall be completed in good and workmanlike manner, free from liens and defects and without material interruption of utilities, access or together necessary services and in

material compliance with all laws, orders, rules and regulations of any governmental authority having jurisdiction over same. Any party whose negligence or intentional conduct causes the need for repair or maintenance of Kings Court, and the related improvements, shall promptly cause such repair or maintenance to be made at its own expense. KINGS INVESTMENTS hereby acknowledges that KINGS has no responsibility for maintenance whatsoever for any improvements specifically owned by KINGS INVESTMENTS.

3. **DEFAULT OF MAINTENANCE AGREEMENT** - If KINGS or KINGS INVESTMENTS (the "Defaulting Party") shall fail to comply with any term, provision or covenant of this REA and shall not cure such failure within thirty (30) days after receipt of written notice from the other party hereunder (the "Non-Defaulting Party"), or if the default is of such character as to require more than thirty (30) days to cure and the Defaulting Party shall fail to commence to cure the same within such period or shall fail to use reasonable diligence in curing such default thereafter, the Non-Defaulting Party shall have the option of performing said obligation of the Defaulting Party and charge the Defaulting Party therefor (which charge shall be paid within fifteen (15) days after the Defaulting Party's receipt of written notice of the costs or expenses incurred by the Non-Defaulting Party accompanied by supporting invoices), and if such charge is not paid within said fifteen (15) day period, such unpaid charge shall accrue interest at the lesser of fifteen percent (15%) per annum or the maximum amount permitted by applicable law, from the date the amounts are expended until the date repaid.

4. **AGREEMENT TO SHARE COSTS** –KINGS INVESTMENTS shall be responsible to KINGS for a respective pro-rata share of all reasonable costs and expenses of the perpetual maintenance, repair and replacement with respect to Kings Court. Said pro-rata share shall be based upon the number of owners and each owner's respective square footage of property owned in the Development over the square footage of the total property in the Development at the time of the maintenance and/or repair. All share of costs shall be due within 30 days of receipt of an invoice itemizing said costs.

5. **AGREEMENT FOR AMENDMENT** – KINGS and KINGS INVESTMENTS do hereby agree that should any reasonable amendment hereto be needed, due to lender requirement, future development, or county requirements, including, but not limited to a future master Development plan, both parties shall cooperate fully in the negotiating and execution of the required amendment. The costs of any required amendment shall be bourn by the party necessitating the amendment, or if neither party is the necessitating party, through the pro-rata agreement to share costs.

6. **SUCCESSORS AND ASSIGNS** – This REA shall be binding upon and inure to the benefit of KINGS and KINGS INVESTMENTS and their heirs, successors, and assigns. Either party hereto may request a statement from the other party from time to time certifying as to the good standing of the parties to this REA and as to any amounts which are outstanding hereunder.

7. **MASTER ASSOCIATION** - KINGS and KINGS INVESTMENTS do hereby acknowledge that a MASTER ASSOCIATION will be formed for the entire Development at such time when all future development has been completed or at such earlier date as agreed upon by the parties. The KINGS COURT private road, any future private roads constructed to provide benefit to owners within the Development, and any and all stormwater detention facilities will be transferred to such master association, including all maintenance responsibilities. KINGS INVESTMENTS agrees, at the time of formation, and upon approving the bylaws and covenants of the master association, said approval not to be unreasonably withheld, to join the master association and subject Kings Crossing 2 to said association. Notwithstanding the foregoing, no such transfer to a master association shall relieve either party of their respective responsibilities under this agreement without the prior written consent of the other party nor shall it affect the grant of easement provided herein.

8. **LENDER CONSENT** - Please see Lender Consent attached hereto as Exhibit "E".

Said request is to rezone the property for the development of fee simple town homes. Property consists of 8.823 +/- acres and lies in land lot 140, tax parcel 138.

Vice Chair Vande Zande called for a motion.
Commissioner Trim motioned to approve with the following conditions as outlined by staff:

1. The rezoning of the Subject Property to the Planned Unit Development–Residential (PUD-R) district shall be consistent with the technical and conceptual site plans submitted with the application and shall comply with the proposed minimum front, side, and rear setbacks, as well as the overall density of 10.08 units per acre.
2. The Subject Property shall be developed as maximum of eighty-nine (89) 'For Sale" Fee Simple Townhomes.
3. Applicant agrees the minimum floor area of all residential units shall be 1,400 sq. ft. Applicant also agrees that the maximum height of the overall development will adhere to the development standards outlined in the Unified Development Code.
4. The architectural style and composition of the buildings to be constructed on the Subject Property shall be in reasonable conformity to the architectural renderings/elevations submitted with the rezoning application and should include a mixture of components consisting of brick, stacked stone, and other cementitious components including Hardie plank and Hardie plank shake and

similar products.

5. Compliance with the recommendations from the City Engineer and/or the City's Public Works Director with respect to stormwater management, hydrology and water quality requirements as outlined in the Unified Development Code.
6. Prior to issuance of a land disturbance permit, the applicant shall coordinate with a qualified geotechnical firm and civil engineer to design and implement measures to capture any groundwater encountered on-site associated with the spring ,subject to review and approval by the City Engineer and/or the City's Public Works Director.
7. Subject to review and approval by the City Engineer and the Public Works Department, all stormwater management components shall comply with the recommendations of the City of Kennesaw's Stormwater Management Division, including requirements related to stormwater management, hydrology, and water quality.
8. Applicant agrees to the protection of all required stream buffers affecting the Property; any potential impact to the stream(s) due to revisions to the site plans will require a variance.
9. Applicant shall create a mandatory Homeowners Association ("HOA") and prepare and file a Declaration of Covenant, Conditions and Restrictions ("CCRs") to be made applicable to the Property, which shall include, among other components, a restriction on the total number of units
10. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, stormwater management systems, driveways and parking lot.
11. Landscaping for the entrance area, signage areas, amenity and courtyard areas and all other common areas immediately surrounding the proposed buildings shall be professionally designed, implemented and maintained, which shall include the installation of an irrigation system in areas where appropriate.
12. The applicant agrees to the installation of a privacy fence constructed of solid weather resistant materials such as wood, wrought iron, with a height no greater than 8 ft along the portion of the rezoned parcel adjacent to existing commercial properties.
13. The developer agrees to construct all of the necessary roadways and infrastructure improvements as more particularly shown and reflected on the site plan. Additionally, the developer agrees to comply in all respects with the City's specifications concerning such infrastructure improvements which are interior to the subdivision.
14. The proposed development shall include amenities for use and enjoyment of its residents as follows:
    a) Community courtyards, gathering places
    b) Pedestrian connectivity
    c) A dog park
15. Sidewalks shall be provided throughout the subdivision, with all amenity areas connected to the nearest internal sidewalk to ensure continuous pedestrian access.

16. The proposed community shall utilize the City or Cobb County; utility services as is typical for such residential development.
17. Compliance with recommendations from Cobb County Fire Marshal's Office with respect to Life Safety and Fire Prevention issues. The development shall also comply with all applicable guest parking regulations, consistent with the parking layout and quantities depicted on the submitted site plan.
18. Entrance signage shall be ground based, monument-style signage with finish, materials and colors being in substantial conformity to the architectural style embodied in the subdivision.
19. All utilities servicing the residences with the proposed community shall be underground.
20. The applicant agrees that construction will begin in 24 months of the approval date of the rezoning. If no land development activity is initiated, then the subject property will automatically revert back to the original zoning.

P. I. 0020001
COBB COUNTY

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.
The date of location and design approval is: **December 3, 2025**
The proposed project is located in Land District 16 in Cobb County and will improve the intersection of Johnson Ferry Road and Shallowford Road by providing dual westbound through lanes, maintaining dual westbound left turn lanes, and removing one eastbound through lane on Shallowford Road, east of the intersection with Johnson Ferry Road. The west leg of Shallowford Road will be widened to align the eastbound through lanes across the intersection. Shoulder and pedestrian improvements are also proposed throughout the project, including the installation of a 5-ft sidewalk within the widening limits. Raised concrete medians are also proposed to provide additional access control. The overall project length is approximately 0.5 miles. The project is located in unincorporated Cobb County approximately 3 miles west of Roswell, GA. Construction time is estimated to be approximately 12 months.
Cobb County would be responsible for acquiring property rights for this project.
Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at:

P. I. 0017989
COBB COUNTY

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.
The date of location and design approval is: **December 3, 2025**
The proposed project is located between unincorporated Cobb County, the City of Kennesaw, and the Town Center Community Improvement District (TCCID). The total length of the project is approximately 0.6 miles and is in Land Lot 207. The project proposes a 12-foot wide shared-use path beginning at the intersection of Crater Lake Drive/Vaughn Road and Cobb Parkway and travels northwest along the western shoulder. The shared-use path turns south along the southern side of Noonday Creek, crosses the creek with a pedestrian bridge, and turns into a boardwalk headed towards Cobb Parkway. A pedestrian bridge will cross over Cobb Parkway approximately 0.1 miles west of the intersection with Vaughn Road/Crater Lake Drive and continuing north with a proposed boardwalk. The proposed project will tie into the existing Noonday Creek shared-use path, north of Cobb Parkway.
Cobb County would be responsible for acquiring property rights for this project.
Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at:

To Hold
Public Information Open House for
BIG SHANTY ROAD WIDENING ROADWAY IMPROVEMENTS
Project No. B2431/ P.I. 0019616

On January 14, 2026, from 5:00 p.m. to 7:00 p.m. at Childrens Healthcare of Atlanta Town Center, OCC Community Room, located at 625 Big Shanty Road, Kennesaw, GA, the Cobb County Department of Transportation will hold a Public Information Open House for the Big Shanty Road Widening-Roadway Improvements, Project No. B2431 / P.I. 0019616.
The proposed project consists of intersection improvements between Chastain Meadows Parkway and Bells Ferry Road. The primary goal is to increase east-west roadway capacity along both Big Shanty Road and Chastain Road to improve roadway network connectivity and mobility in the project vicinity.
The purpose of this meeting is to provide the public with an opportunity to view the project, ask questions, and comment on the project.
The Open House will be held from 5:00 p.m. to 7:00 p.m. The public is invited to attend anytime during these hours to review the proposed plans for this project. There will be no formal presentation.
Americans with Disabilities Act (ADA) Information:
The meeting site is accessible to persons with disabilities, Accommodations for people with disabilities can be arranged with advance notice by calling Jenny Lee at (770) 528-1637.
Written statements will be accepted concerning this project until February 13, 2026. Written statements may be submitted to:

NOTICE OF SUMMONS.

TO: Robert Junior Hill and any other person claiming a parental interest in the above referenced children. The biological mother of the above referenced children is Brittany Nicole Baugh. The alleged biological father of the above referenced child (A-K.N.B. and Z-M.M.B.) is Robert Junior Hill.
YOU ARE FURTHER NOTIFIED that a petition for termination of parental rights in regard to the above referenced children was filed in the Juvenile Court of Cobb County, Georgia, on the 17th day of March, 2025, and that by reason of an Order for service by publication entered by the court on the 18th day of November, 2025;
YOU ARE HEREBY COMMANDED AND REQUIRED to appear before the Juvenile Court of Cobb County, Georgia, in Marietta, Georgia, on the 15th day of January, 2026, at 9:00 o'clock a.m. The hearing is for the purpose of determining whether parental rights should be terminated. The effect of a termination judgment as set forth under O.C.G.A. § 15-11-284 includes the following: Georgia law provides that you (i.e., a parent) can permanently lose your rights as a parent. A petition to terminate parental rights has been filed requesting the juvenile court of Cobb County, Georgia, to terminate your parental rights to your children (i.e., the above referenced children). If you fail to appear at the hearing on the petition for termination of parental rights, then the court can terminate your parental rights in your absence. If the court at trial finds that the facts set out in the petition are true and that termination of your rights will serve the best interests of your children, the court can enter a judgment ending your rights to your children. If the judgment terminates your parental rights, you will no longer have any rights to your children. This means that you will not have the right to visit, contact, or have custody of your child or make any decisions affecting your child or your child's earnings or property. Your children will be legally freed to be adopted by someone else. Even if your parental rights are terminated, you will still be responsible for providing financial support (i.e., child support payments) for your children's care unless and until your children are adopted and your children can still inherit from you unless and until your children are adopted. The petition which seeks to terminate your parental rights is a very serious matter and it is suggested that you contact an attorney immediately so that you can be prepared for the court hearing on such petition. You have the right to hire an attorney and to have the attorney represent you. If you cannot afford to hire an attorney, then the juvenile court of Cobb County, Georgia, will appoint an attorney to represent you if the court finds that you are an indigent person. Whether or not you decide to hire an attorney, you have the right to attend the hearing on such petition, to call witnesses on your behalf, and to question witnesses brought against you.
A copy of the petition for termination of parental rights may be obtained from the clerk of the Juvenile Court of Cobb County, Georgia, which is located at 32 Waddell Street, Marietta, Cobb County, Georgia 30090, during regular business hours, Monday through Friday, 8:00 a.m. until 5:00 p.m., exclusive of holidays. A free copy shall be available to you. Upon request to the clerk, the copy will be mailed to you.
The children are in the present temporary custody of the department of family and children services of Cobb County, Georgia. The general nature of the allegation is that parental responsibilities and obligations owed by their father have been effectively abandoned.
YOU ARE FURTHER NOTIFIED that while responsive pleadings are not mandatory they are permissible and you are encouraged to file with the clerk of this court and serve upon petitioner's attorney, Sanders Deen, 3600 Dallas Highway, Suite 230, #108, Marietta, Georgia 30064, an answer or other responsive pleading within sixty (60) days of the date of the order for service by publication. All concerned parties are informed that they are entitled to have an attorney represent them and if a party requests appointed counsel and qualifies for such appointment, then the court will appoint counsel at no cost if the party is unable, without financial hardship, to employ counsel.

Item Report

TO: The Honorable Mayor and City Council

FROM: Chanelle Campbell, Planning and Zoning Director

DATE: February 16, 2026

TITLE: **Ordinance: Rezoning Request for 1600 Old 41 Hwy**
Consideration for approval of an ordinance authorizing a rezoning request submitted by Walton Communities, LLC for the properties located at 1600 Old 41 Hwy (parcel # 20021200130, 20021201560). Case #RZ2026-01

Summary:
Said request is to rezone the properties located at 1600 Old 41 Hwy (Parcel # 20021200130 & 20021201560) from RM-12, Multifamily District and General Commercial (GC) to RM-16, Multifamily Residential. The project consists of 11.68 +/- acres and lies in Land Lot 212 and Tax Parcels 13 & 156. This public hearing was advertised in the Marietta Daily Journal on January 16, 2026 and signs have been posted to the site. The applicant submitted a letter on January 23, 2026 requesting to postpone the case to the March 2026 public hearing. At the February 4, 2026 Planning Commission meeting, the Planning Commission unanimously recommended approval of the request to postpone.

Recommendation:
Planning and Zoning recommends approval of the request to postpone.

Zoning Overlays

The subject parcels are currently zoned General Commercial (GC). To the south, it is bordered by multifamily zoning districts designated as RM-12, Multifamily. To the east, the property adjoins parcels zoned General Commercial (GC) and RM-12, Multifamily. Parcels to the north are also zoned General Commercial (GC), while the parcels to the west lie outside the Kennesaw city limits. This mix of adjacent zoning districts reflects a transition area between commercial uses and established multifamily residential development.

AERIAL MAP

LOCATION:

The 11.68 +/- acre tract is located at the intersection of Old 41 Highway and Barrett Parkway and is surrounded by a diverse mix of commercial, retail, office, and residential uses. To the south is the Walton Ridenour multifamily residential community constructed between 2004 and 2005. To the east is a shopping center that includes a range of retail and office tenants, such as PT Solutions Physical Therapy, Big Peach Running Co., and several restaurant options. To the north, the property is bordered by additional commercial and retail uses, including a car wash, gas station, and a Zaxby's restaurant. This surrounding development pattern reflects a well established activity center with a blend of residential density and commercial services.

BACKGROUND

The subject property is adjacent to the existing Walton Community, which consists of approximately 250 units of affordable housing. In 2020, the Housing Authority of Cobb County assumed ownership, renovation, and ongoing operation of these communities to ensure the long-term preservation of affordable rental housing within the city limits.

The site has remained vacant largely due to physical and logistical development constraints, including significant topographic challenges and limited access opportunities. These conditions have made the property difficult to develop under previous zoning and market conditions, contributing to its prolonged undeveloped status.

FUTURE LAND USE ANALYSIS

The Comprehensive Plan designated the subject property as a Community Activity Center (CAC), an area intended to accommodate a balanced mix of commercial, civic, and residential uses. The inclusion of residential units within the Community Activity Center (CAC) is consistent with the Comprehensive Plan's intent to create vibrant, mixed-use environments that support a blend of commercial, civic, and residential uses. Introducing housing into the CAC strengthens the activity center by increasing the local population base, which in turn supports nearby retail, dining, and service establishments. This added residential presence helps sustain businesses throughout the day and evening, contributing to a more active and economically resilient center.

Residential development also promotes land-use efficiency by utilizing underperforming or underutilized parcels and encouraging redevelopment that aligns with the long-term vision for a walkable, mixed-use district. Housing diversity within the CAC provides options for residents seeking proximity to employment, services, and transit, reducing vehicle trips and supporting multimodal transportation goals creating the overall sense of place within the activity center.

ADDITIONAL COMMENTS REGARDING PROJECT:

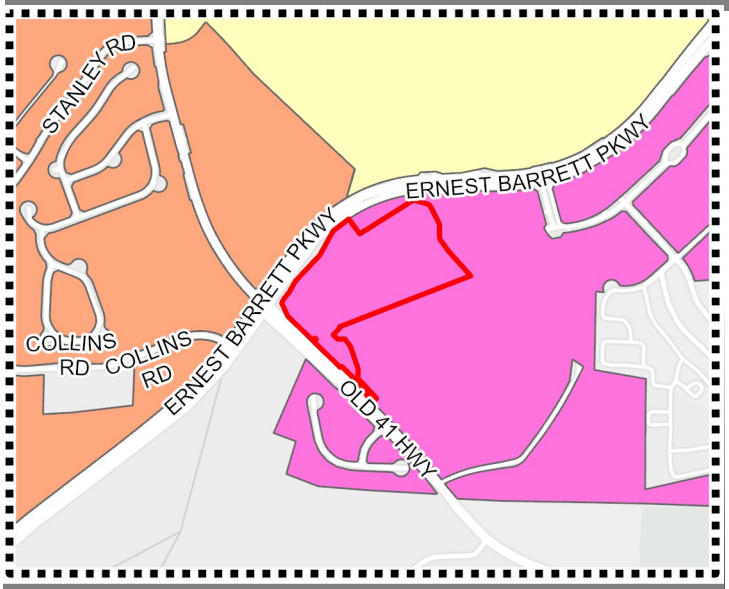

Portions of the subject property are located within FEMA designated Flood Zone AE and the regulatory Floodway. These floodplain conditions reduce the amount of developable acreage on the site and will require the applicant to design the project to avoid the Floodway and comply with all applicable federal, state, and local floodplain regulations. Any future development plans must clearly delineate AE and Floodway boundaries and demonstrate compliance with the City's flood damage prevention ordinance.

Applicant will be responsible to meet all City of Kennesaw Development & Zoning Ordinance Standards, State, County and applicable Federal regulations as part of the plan review approval process. All conceptual representations submitted with the application and acted on by Mayor and Council does not relieve applicant and property owners from meeting all development standards.

RIDENOUR

Ridenour is a unique multi-use project that combines four story, multi-family housing, single family housing and retail development. Located along Barrett Parkway between Cobb Parkway and Old Highway 41, this area is characterized most notably by the high-density development, the high elevation of the structures fronting Barrett Parkway and their colorful facades. With limited office and retail uses located within the development on the ground floors, this area suggests a live, work, play concept. Like the Barrett Parkway/Old 41 Highway, the proximity to I-75, Cobb Parkway and Barrett Parkway makes this an attractive location to residents who commute to Marietta, south Cobb County and Metro Atlanta region for employment. Employment centers are also located across Cobb Parkway in the retail and office districts on or adjacent to Barrett Parkway. Residents may also be students at Kennesaw State University who enjoy the short drive to campus and the recreational opportunities provided at Kennesaw Mountain National Battlefield Park.

AREA DESIGNATION ANALYSIS

The site is located within the Ridenour Area. According to the Area Policy Matrix in the Comprehensive Plan, development within this area should prioritize a mix of housing options along with professional office and retail uses. The policy framework emphasizes the preservation of open space and tree canopy, while encouraging an interconnected street network that links new development to surrounding properties. This approach supports inter-parcel access, shared driveways, and coordinated access points to help manage traffic flow and reduce the number of individual curb cuts along major corridors.

The Ridenour Area also promotes a pedestrian-oriented environment by improving sidewalk connectivity and establishing multi-use trail and bicycle routes that link nearby neighborhoods, retail centers, parks, and other key destinations. Higher density residential uses are encouraged in locations with direct access to major roadways and transit facilities, supporting a more compact and accessible development pattern.

The proposed project aligns with these policies by introducing a complementary blend of uses designed to create a dynamic, walkable, and livable environment. The development supports the economic and mobility goals outlined in the Comprehensive Plan and contributes to the long-term vision for the Ridenour Area.

LETTER OF INTENT

The property which is the subject of the Application for Variance consists of two tracts, totaling 11.684 acres, more or less, and is located at the intersection of the southeasterly right-of-way of Barrett Parkway and the northeasterly right-of-way of Old 41 Highway, Land Lot 212, 20th District, 2nd Section, City of Kennesaw, Cobb County, Georgia (hereinafter "Property" or "Subject Property"). Approximately 10.753 acres (shown as Tract 1 on the submitted Survey) is currently zoned General Commercial ("GC"), and the remainder of the Property (shown as Tract 2 on the submitted Survey) is zoned to the RM-12 zoning classification, pursuant to The Unified Development Code City of Kennesaw, Georgia. Applicant, Walton Communities, LLC (hereinafter "Applicant"), proposes rezoning of the Property to the RM-16 zoning classification to allow for a multi-family residential community adjacent to the highly successful Walton Ridenour community.

The proposed development will contain a maximum of one hundred eighty-two (182) units, as more particularly shown on the Zoning Plan prepared for Applicant by Arrive Architecture Group, dated December 15, 2025, and submitted with the Rezoning Application. The building architecture will be complementary to the existing Walton Ridenour community, with exterior consisting of a combination of materials, including, but not limited to brick and hardi-plank siding. The proposed community will have use of the overall amenities of the existing Walton Ridenour community. Access to the proposed community will be internal through the Walton Ridenour community.

Due to topography and flood plain issues, development of the Property is challenging and restrictive. Applicant's proposed community takes into account the restrictions of the Property and utilizes it to its highest and best use. The proposed rezoning to the RM-16 zoning category will provide a more suitable use for the Subject Property than uses allowed under the existing GC zoning classification. Additionally, the proposed multi-family community will be better suited and less intrusive to the area and adjacent properties than uses allowed under the existing GC zoning classification. Applicant's Walton Ridenour development is highly successful and respected in the area and offers an array of benefits to its residents. The proposed development will provide a quality and affordable community, with many of the same benefits as Walton Ridenour, for future residents of the City of Kennesaw. The proposed community will not adversely affect the use or usability of adjacent or nearby properties. Approval of the proposed RM-16 zoning category will provide rezoning which is better suited for the Property and the surrounding area, while having minimal impact on schools, public safety and emergency facilities, wastewater, stormwater facilities, and other public services.

If rezoning is approved, as submitted, Applicant anticipates commencement of the project in 2026, and anticipates substantial completion of the overall development in 2027.

Applicant is very excited about the opportunity of the proposed community adjacent to Walton Ridenour and being able to provide additional quality living areas within the City of Kennesaw. The use of the Property for the proposed community is ideal in light of the surrounding uses and the Property's limitations. Given the project is adjacent to the existing Walton Ridenour, there should be little to no impact on nearby properties and uses.

CITY OF KENNESAW

Section 1908 Standards for Decisions - Rezoning

Section 1908 of the Kennesaw Zoning Code details thirteen [sic] zoning review factors, which must be evaluated by the Planning and Zoning Board and the Mayor and Council when considering a rezoning request. Please provide responses to the following using additional pages if necessary:

(1) Would the proposed amendment be consistent and compatible with the City's land use and development, plans, goals and objective?

While the proposed rezoning is inconsistent with the City's Future Land Use Map, it would allow for the highest and best use of the property. Further, the proposed multi-family community would be compatible with and complementary to the adjacent Walton Ridenour community. The proposed development would maintain the overall integrity of the surrounding developments.

(2) Would the proposed amendment tend to increase, decrease, or have no impact on traffic safety and congestion in the streets?

The proposed rezoning would increase traffic impact; however, access to the proposed multi-family community would be through the existing Walton Ridenour community thereby mitigating potential adverse impacts.

(3) Would the proposed amendment tend to increase, decrease, or have no relationship to safety from fire and other dangers?

The proposed community would meet all public safety and fire requirements and would enable full development of the property as intended without the dangers associated with undeveloped portions.

(4) Would the proposed amendment tend to promote, diminish, or have no influence on the public health and general welfare of the City?

The proposed rezoning would promote the public health and general welfare of the City by providing a second phase of an established, quality development—Walton Ridenour. Additionally, approval would result in the development of an undeveloped property which has challenges in topography and location, to name a few.

(5) Would the proposed amendment tend to increase, decrease, or have no influence on the adequate (provisions) of light or air?

The proposed rezoning will have no impact on adequate light or air. The development will be situated toward the interior of the property, allowing buffers toward the exterior and maintaining adequate light and air.

(6) Would the proposed amendment tend to cause, prevent, or have no influence on the overcrowding of land?

The proposed rezoning will have no influence on the overcrowding of land. The proposed community will utilize existing infrastructure for access and other features to mitigate perceived impacts.

(7) Would the proposed amendment tend to cause, prevent, or have no relationship on the population distribution within the City creating any area as dense in population as to adversely affect the health, safety, and general welfare of the City?

The proposed rezoning will have no adverse effect on the distribution of the population within the City.

(8) Would the proposed amendment tend to impede, facilitate, or have no impact on the adequate provision of transportation, water, sewerage, other public services, utilities or facilities?

The proposed rezoning will have no adverse impact on public services, utilities and facilities.

(9) Would the proposed amendment tend to be compatible with environmental conditions in light of surrounding developments? If compatible, what factors, if any, would diminish the value, use and enjoyment of surrounding properties?

The proposed rezoning is compatible to environmental conditions of surrounding properties as the proposal will provide an additional phase of an existing quality development and is consistent with surrounding and adjoining uses.

(10) Would the proposed amendment tend to require only reasonable expenditures of public funds, or would the amendment tend to require an excessive or premature expenditure of public funds?

The proposed rezoning will require no expenditure of public funds.

(11) Would the proposed amendment tend to promote, diminish or have no influence upon the aesthetic effect of existing and future uses of property and the surrounding area?

The proposed rezoning will promote the aesthetics of the surrounding area to allow development of undeveloped and unsightly property in a manner compatible with and complementary to the existing Ridenour mixed-use community.

(12) Would the proposed amendment have measurable adverse economic effect on the value of the surrounding or adjacent property?

The proposed rezoning will have a measurable, positive economic effect on the surrounding property by allowing quality development of property which has limitations due to topography and location, and which will be highly compatible and consistent with adjacent properties.

ATTACHMENT TO REZONING APPLICATION

Application No.: _____
Hearing Dates: **February 4, 2026**
February 16, 2026

BEFORE THE PLANNING COMMISSION AND THE MAYOR AND CITY COUNCIL FOR THE CITY OF KENNESAW, GEORGIA

CONSTITUTIONAL CHALLENGE ATTACHMENT TO REZONING APPLICATION

COME NOW, Applicant, WALTON COMMUNITIES, LLC (hereinafter referred to as "Applicant"), and Titleholder, GRANITE FALLS STATION, LLC (hereinafter referred to as "Titleholder"), and assert the following:

1.

By Rezoning Application dated and filed December 19, 2025, Applicant and Titleholder applied for rezoning of certain real property, being approximately 11.684 acres, more or less, lying and being located within the City of Kennesaw, Cobb County, Georgia, a more particular description and delineation of the subject property being set forth in said Application (hereinafter referred to as the "Property" or the "Subject Property").

2.

The Rezoning Application of the Property seeks rezoning from the existing zoning categories of General Commercial ("GC") and RM-12 to the proposed zoning category of RM-16, as established by the governing authority of the City of Kennesaw, Georgia, under and pursuant to The Unified Development Code City of Kennesaw, Georgia (hereinafter the "Unified Development Code of the City of Kennesaw" or, alternatively, "Ordinance").

3.

With respect to the Property within the GC zoning classification, Applicant and Titleholder do contend the Unified Development Code of the City of Kennesaw is

unconstitutional as applied to the Subject Property in that said Ordinance does not permit the Applicant and Titleholder to utilize the Property to the highest and best use set forth within the Rezoning Application without the necessity of rezoning. However, Applicant and Titleholder do not contend the current zoning category of GC is unconstitutional, per se, only as applied. Thus, the Unified Development Code of the City of Kennesaw deprives Applicant and Titleholder of their Property under and pursuant to Art. I, § I, ¶¶ I and II of the Georgia Constitution of 1983, and the Equal Protection and Due Process Clauses of the Fifth and Fourteenth Amendments to the Constitution of the United States of America. This deprivation of Property without due process violates the constitutional prohibition against the taking of private property without just compensation. Also violated are the Applicant's and Titleholder's rights to unfettered use of their Property, as stated above, in that said zoning classifications do not bear a substantial relation to the public health, safety, morality, or general welfare and are, therefore, confiscatory and void. Further, said Ordinance is unconstitutional in that it is arbitrary and unreasonable resulting in relatively little gain or benefit to the public, while inflicting serious injury and loss on the Applicant and Titleholder.

4.

With respect to the remainder of the Property within the RM-12 zoning classification, the Unified Development Code of the City of Kennesaw is unconstitutional as applied to the Property in that said Ordinance deprives the Applicant and Titleholder of their Property under and pursuant to Art. I, § I, ¶¶ I and II of the Georgia Constitution of 1983, and the Equal Protection and Due Process Clauses of the Fifth and Fourteenth Amendments to the Constitution of the United States of America. This deprivation of Property without due process violates the constitutional prohibition against the taking of private property without just compensation. The RM-12 zoning category, as it presently exists, together with any

intervening zoning categories between the existing RM-12 category and the requested RM-16 category, violates the Applicant's and Titleholder's rights to unfettered use of their property in that said zoning classifications do not bear a substantial relation to the public health, safety, morality, or general welfare and are therefore confiscatory and void. Further, said Ordinance is unconstitutional in that it is arbitrary and unreasonable resulting in relatively little gain or benefit to the public, while inflicting serious injury and loss on the Applicant and Titleholder.

5.

To the extent the Unified Development Code of the City of Kennesaw allows or permits the Mayor and City Council to rezone the Subject Property to any category other than as requested, said Ordinance is further unconstitutional in that same violates the Applicant's and Titleholder's constitutionally guaranteed rights to due process, both substantive and procedural. Furthermore, any such action by the Mayor and City Council, or as allowed by the Unified Development Code of the City of Kennesaw, is an unconstitutional use of the zoning power and would constitute an abuse of discretion with no justification or benefit flowing to the public welfare. Accordingly, said Ordinance or action would likewise represent a taking of private property rights without the payment of just and adequate compensation in violation of the Constitutions of the State of Georgia and the United States of America.

6.

The Unified Development Code of the City of Kennesaw is further unconstitutional in that the procedures contained therein pertaining to the public hearing held in connection with the Rezoning Application also violate Art. I, § I, ¶¶ I, II, and XII of the Georgia Constitution of 1983 in that said procedures impose unreasonable time restraints, contain the absence of rebuttal, contain the inability to confront witnesses, contain the lack of procedural and

Subject: City of Kennesaw Zoning Applications (Case #RZ2026-01)
1600 Old 41 Hwy, Kennesaw, GA – Parcel ID 20021200130 & 20021201560

Dear Ms. Mabry,

Attached, please find a rezoning application submitted by Moore Ingram Johnson & Steele, LLP – J. Kevin Moore, requesting to rezone approximately 11.684 +/- acres from General Commercial (GC) and RM-12, Multifamily District, to RM-16, Multifamily District. The proposed rezoning would allow for the development of a multifamily residential community at the subject property. Because this case is within a half-mile from unincorporated Cobb County, this letter and enclosed application are being provided in accordance with the House Bill 489 Intergovernmental Agreement on Services Delivery Strategy, Land Use section.

These cases are set to go before the Kennesaw Planning Commission on Wednesday, February 4, 2026 at 6:30 p.m. for public hearing and Mayor and Council on Monday, February 16, 2026 at 6:30 p.m. for public hearing as well.

Thank you for your attention. Should you have any questions, please feel free to contact Planning and Zoning at 770-590-8268 or send an e-mail to ccampbell@kennesaw-ga.gov.

Sincerely,

Chanelle Campbell

LETTER OF INTENT

The property which is the subject of the Application for Variance consists of two tracts, totaling 11.684 acres, more or less, and is located at the intersection of the southeasterly right-of-way of Barrett Parkway and the northeasterly right-of-way of Old 41 Highway, Land Lot 212, 20th District, 2nd Section, City of Kennesaw, Cobb County, Georgia (hereinafter "Property" or "Subject Property"). Approximately 10.753 acres (shown as Tract 1 on the submitted Survey) is currently zoned General Commercial ("GC"), and the remainder of the Property (shown as Tract 2 on the submitted Survey) is zoned to the RM-12 zoning classification, pursuant to The Unified Development Code City of Kennesaw, Georgia. Applicant, Walton Communities, LLC (hereinafter "Applicant"), proposes rezoning of the Property to the RM-16 zoning classification to allow for a multi-family residential community adjacent to the highly successful Walton Ridenour community.

The proposed development will contain a maximum of one hundred eighty-two (182) units, as more particularly shown on the Zoning Plan prepared for Applicant by Arrive Architecture Group, dated December 15, 2025, and submitted with the Rezoning Application. The building architecture will be complementary to the existing Walton Ridenour community, with exterior consisting of a combination of materials, including, but not limited to brick and hardi-plank siding. The proposed community will have use of the overall amenities of the existing Walton Ridenour community. Access to the proposed community will be internal through the Walton Ridenour community.

Due to topography and flood plain issues, development of the Property is challenging and restrictive. Applicant's proposed community takes into account the restrictions of the Property and utilizes it to its highest and best use. The proposed rezoning to the RM-16 zoning category will provide a more suitable use for the Subject Property than uses allowed under the existing GC zoning classification. Additionally, the proposed multi-family community will be better suited and less intrusive to the area and adjacent properties than uses allowed under the existing GC zoning classification. Applicant's Walton Ridenour development is highly successful and respected in the area and offers an array of benefits to its residents. The proposed development will provide a quality and affordable community, with many of the same benefits as Walton Ridenour, for future residents of the City of Kennesaw. The proposed community will not adversely affect the use or usability of adjacent or nearby properties. Approval of the proposed RM-16 zoning category will provide rezoning which is better suited for the Property and the surrounding area, while having minimal impact on schools, public safety and emergency facilities, wastewater, stormwater facilities, and other public services.

If rezoning is approved, as submitted, Applicant anticipates commencement of the project in 2026, and anticipates substantial completion of the overall development in 2027.

Applicant is very excited about the opportunity of the proposed community adjacent to Walton Ridenour and being able to provide additional quality living areas within the City of Kennesaw. The use of the Property for the proposed community is ideal in light of the surrounding uses and the Property's limitations. Given the project is adjacent to the existing Walton Ridenour, there should be little to no impact on nearby properties and uses.

ATTACHMENT TO REZONING APPLICATION

Application No.: _____
Hearing Dates: **February 4, 2026**
February 16, 2026

BEFORE THE PLANNING COMMISSION AND THE MAYOR AND CITY COUNCIL FOR THE CITY OF KENNESAW, GEORGIA

CONSTITUTIONAL CHALLENGE
ATTACHMENT TO REZONING APPLICATION

COME NOW, Applicant, WALTON COMMUNITIES, LLC (hereinafter referred to as "Applicant"), and Titleholder, GRANITE FALLS STATION, LLC (hereinafter referred to as "Titleholder"), and assert the following:

1.

By Rezoning Application dated and filed December 19, 2025, Applicant and Titleholder applied for rezoning of certain real property, being approximately 11.684 acres, more or less, lying and being located within the City of Kennesaw, Cobb County, Georgia, a more particular description and delineation of the subject property being set forth in said Application (hereinafter referred to as the "Property" or the "Subject Property").

2.

The Rezoning Application of the Property seeks rezoning from the existing zoning categories of General Commercial ("GC") and RM-12 to the proposed zoning category of RM-16, as established by the governing authority of the City of Kennesaw, Georgia, under and pursuant to The Unified Development Code City of Kennesaw, Georgia (hereinafter the "Unified Development Code of the City of Kennesaw" or, alternatively, "Ordinance").

3.

With respect to the Property within the GC zoning classification, Applicant and Titleholder do contend the Unified Development Code of the City of Kennesaw is

unconstitutional as applied to the Subject Property in that said Ordinance does not permit the Applicant and Titleholder to utilize the Property to the highest and best use set forth within the Rezoning Application without the necessity of rezoning. However, Applicant and Titleholder do not contend the current zoning category of GC is unconstitutional, per se, only as applied. Thus, the Unified Development Code of the City of Kennesaw deprives Applicant and Titleholder of their Property under and pursuant to Art. I, § I, ¶¶ I and II of the Georgia Constitution of 1983, and the Equal Protection and Due Process Clauses of the Fifth and Fourteenth Amendments to the Constitution of the United States of America. This deprivation of Property without due process violates the constitutional prohibition against the taking of private property without just compensation. Also violated are the Applicant's and Titleholder's rights to unfettered use of their Property, as stated above, in that said zoning classifications do not bear a substantial relation to the public health, safety, morality, or general welfare and are, therefore, confiscatory and void. Further, said Ordinance is unconstitutional in that it is arbitrary and unreasonable resulting in relatively little gain or benefit to the public, while inflicting serious injury and loss on the Applicant and Titleholder.

4.

With respect to the remainder of the Property within the RM-12 zoning classification, the Unified Development Code of the City of Kennesaw is unconstitutional as applied to the Property in that said Ordinance deprives the Applicant and Titleholder of their Property under and pursuant to Art. I, § I, ¶¶ I and II of the Georgia Constitution of 1983, and the Equal Protection and Due Process Clauses of the Fifth and Fourteenth Amendments to the Constitution of the United States of America. This deprivation of Property without due process violates the constitutional prohibition against the taking of private property without just compensation. The RM-12 zoning category, as it presently exists, together with any

intervening zoning categories between the existing RM-12 category and the requested RM-16 category, violates the Applicant's and Titleholder's rights to unfettered use of their property in that said zoning classifications do not bear a substantial relation to the public health, safety, morality, or general welfare and are therefore confiscatory and void. Further, said Ordinance is unconstitutional in that it is arbitrary and unreasonable resulting in relatively little gain or benefit to the public, while inflicting serious injury and loss on the Applicant and Titleholder.

5.

To the extent the Unified Development Code of the City of Kennesaw allows or permits the Mayor and City Council to rezone the Subject Property to any category other than as requested, said Ordinance is further unconstitutional in that same violates the Applicant's and Titleholder's constitutionally guaranteed rights to due process, both substantive and procedural. Furthermore, any such action by the Mayor and City Council, or as allowed by the Unified Development Code of the City of Kennesaw, is an unconstitutional use of the zoning power and would constitute an abuse of discretion with no justification or benefit flowing to the public welfare. Accordingly, said Ordinance or action would likewise represent a taking of private property rights without the payment of just and adequate compensation in violation of the Constitutions of the State of Georgia and the United States of America.

6.

The Unified Development Code of the City of Kennesaw is further unconstitutional in that the procedures contained therein pertaining to the public hearing held in connection with the Rezoning Application also violate Art. I, § I, ¶¶ I, II, and XII of the Georgia Constitution of 1983 in that said procedures impose unreasonable time restraints, contain the absence of rebuttal, contain the inability to confront witnesses, contain the lack of procedural and

evidentiary safeguards, do not restrict evidence received to the issue at hand and are controlled wholly and solely by political considerations rather than the facts and considerations required by law. These procedures fail to comport with the due process requirements of the Constitution of the State of Georgia 1983 and the due process requirements of the Constitution of the United States of America.

Respectfully submitted, this 19th day of December, 2025.

RE: Application for Rezoning

Application No.:	RZ2026-01
Applicant:	Walton Communities, LLC
Property Owner:	Granite Falls Station, LLC
Property:	11.684 acres, more or less, located at the intersection of the northeasterly side of Old 41 Highway and the southeasterly side of Barrett Parkway, being more particularly identified as Cobb County Tax Parcel Nos. 20021200130 and 20021201560, Land Lot 212, 20th District, 2nd Section, City of Kennesaw, Cobb County, Georgia

Dear Chanelle:

Please accept this correspondence as the request of Applicant and Owner in the above-referenced Rezoning Application to table the pending Application from the February 2026 hearing agendas before the Planning Commission Hearing and the Mayor and City Council Work Session and Hearing Agenda to the respective agenda dates in March 2026. As we discussed, a parking variance is now required to be submitted and advertised in conjunction with the proposed rezoning and development. The postponement of the hearings until the March 2026 agendas will allow time for the Variance Application to be filed with your office and properly advertised along with the rezoning request.

As always, we appreciate your professional courtesy in the handling of any application and would very much appreciate the opportunity to continue our work to produce a development that achieves the goals of all parties involved.

With kindest regards, I remain

Very truly yours,

MOORE, INGRAM, JOHNSON & STEELE, LLP

Said request is to rezone the property for the development of fee simple town homes. Property consists of 8.823 +/- acres and lies in land lot 140, tax parcel 138.

Vice Chair Vande Zande called for a motion.
Commissioner Trim motioned to approve with the following conditions as outlined by staff:

1. The rezoning of the Subject Property to the Planned Unit Development–Residential (PUD-R) district shall be consistent with the technical and conceptual site plans submitted with the application and shall comply with the proposed minimum front, side, and rear setbacks, as well as the overall density of 10.08 units per acre.
2. The Subject Property shall be developed as maximum of eighty-nine (89) 'For Sale" Fee Simple Townhomes.
3. Applicant agrees the minimum floor area of all residential units shall be 1,400 sq. ft. Applicant also agrees that the maximum height of the overall development will adhere to the development standards outlined in the Unified Development Code.
4. The architectural style and composition of the buildings to be constructed on the Subject Property shall be in reasonable conformity to the architectural renderings/elevations submitted with the rezoning application and should include a mixture of components consisting of brick, stacked stone, and other cementitious components including Hardie plank and Hardie plank shake and

similar products.

5. Compliance with the recommendations from the City Engineer and/or the City's Public Works Director with respect to stormwater management, hydrology and water quality requirements as outlined in the Unified Development Code.
6. Prior to issuance of a land disturbance permit, the applicant shall coordinate with a qualified geotechnical firm and civil engineer to design and implement measures to capture any groundwater encountered on-site associated with the spring ,subject to review and approval by the City Engineer and/or the City's Public Works Director.
7. Subject to review and approval by the City Engineer and the Public Works Department, all stormwater management components shall comply with the recommendations of the City of Kennesaw's Stormwater Management Division, including requirements related to stormwater management, hydrology, and water quality.
8. Applicant agrees to the protection of all required stream buffers affecting the Property; any potential impact to the stream(s) due to revisions to the site plans will require a variance.
9. Applicant shall create a mandatory Homeowners Association ("HOA") and prepare and file a Declaration of Covenant, Conditions and Restrictions ("CCRs") to be made applicable to the Property, which shall include, among other components, a restriction on the total number of units
10. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, stormwater management systems, driveways and parking lot.
11. Landscaping for the entrance area, signage areas, amenity and courtyard areas and all other common areas immediately surrounding the proposed buildings shall be professionally designed, implemented and maintained, which shall include the installation of an irrigation system in areas where appropriate.
12. The applicant agrees to the installation of a privacy fence constructed of solid weather resistant materials such as wood, wrought iron, with a height no greater than 8 ft along the portion of the rezoned parcel adjacent to existing commercial properties.
13. The developer agrees to construct all of the necessary roadways and infrastructure improvements as more particularly shown and reflected on the site plan. Additionally, the developer agrees to comply in all respects with the City's specifications concerning such infrastructure improvements which are interior to the subdivision.
14. The proposed development shall include amenities for use and enjoyment of its residents as follows:
    a) Community courtyards, gathering places
    b) Pedestrian connectivity
    c) A dog park
15. Sidewalks shall be provided throughout the subdivision, with all amenity areas connected to the nearest internal sidewalk to ensure continuous pedestrian access.

16. The proposed community shall utilize the City or Cobb County; utility services as is typical for such residential development.
17. Compliance with recommendations from Cobb County Fire Marshal's Office with respect to Life Safety and Fire Prevention issues. The development shall also comply with all applicable guest parking regulations, consistent with the parking layout and quantities depicted on the submitted site plan.
18. Entrance signage shall be ground based, monument-style signage with finish, materials and colors being in substantial conformity to the architectural style embodied in the subdivision.
19. All utilities servicing the residences with the proposed community shall be underground.
20. The applicant agrees that construction will begin in 24 months of the approval date of the rezoning. If no land development activity is initiated, then the subject property will automatically revert back to the original zoning.

The subject parcels are currently zoned R-15, Single Family Residential, and are surrounded by established single family neighborhoods on three sides. Properties to the west and east share the same R-15 zoning designation, while the parcels to the north are zoned R-20, Single Family Residential, representing a slightly lower density residential pattern. To the south, the adjoining properties are zoned Central Business District (CBD), creating a natural transition from traditional residential uses to a more intensive mixed-use environment that blends commercial, retail, and residential activities.

In addition, the subject parcels are located within the Historic District, specifically the Norh Main Street historic district which emphasizes the early road patterns, “old wagon roads,” and the architectural styling which reflects economic and cultural trends that influenced the community over the last century.

DESCRIPTION OF ZONING REQUEST: **REZONING**

REZONING:
The applicant is requesting to rezone approximately 0.11 +/- acres of unassigned Right-of-Way (ROW) fronting 2995 and 2997 N Main Street to R-15, Single Family Residential. The purpose of the request is to incorporate the ROW area into the adjoining residential parcels, thereby expanding the existing lots and bringing them into a more consistent configuration for future use and maintenance.

RL - RESIDENTIAL LOW/MEDIUM

These are areas of residential land uses within the City. This may be single-family or multi-family housing. New development should reflect the character of the surrounding development.

Recommendations:

- Density: 1-4 units per acre
- internal amenities
- Walkable; Connectivity to adjacent parcels
- Conservation of natural resources
- Percentage of housing dedicated to being affordable*

* Affordable based on the definitions and standards provided by the United States Housing and Urban Development.

FUTURE LAND USE ANALYSIS

The Comprehensive Plan designates the subject property as Residential Low/Medium, a land use category intended to accommodate traditional single-family dwelling units. This designation supports neighborhoods characterized by lower density residential development, reinforcing a stable, predictable pattern of detached housing. The classification also reflects the community's long-term vision for maintaining compatible residential character while allowing for modest infill opportunities that align with surrounding development patterns.

ADDITIONAL COMMENTS REGARDING PROJECT:

- Developer may be required to install/upgrade water mains based on fire flow test results or Fire Department code. This will be resolved in the plan review process.
- Developer will be responsible for connecting to the existing County water and sewer systems, installing and/or upgrading all outfalls and water mains and obtaining on and/or off site easements, dedication of on and/or off site water and sewer to Cobb County, as may be required. Rezoning does not guarantee water/ sewer availability/capacity unless so stated in writing by the Cobb County Water System. Permit issuances subject to continued treatment plant compliance with EPD discharge requirements.
- Applicant will be responsible to meet all City of Kennesaw Development & Zoning Ordinance Standards, State, County and applicable Federal regulations as part of the plan review approval process. All conceptual representations submitted with the application and acted on by Mayor and Council does not relieve applicant and property owners from meeting all development standards.

HISTORIC CENTRAL BUSINESS DISTRICT

The Historic CBD area includes the Central Business District, the five historic districts and the study area of the City's Livable Centers Initiative (LCI). The area spans a distance along the northern edge of the Cobb Parkway Commercial Corridor from McCollum Parkway to near Jiles Road, northward to Matlock Drive on Moon Station Road, also northward to Pine Hill Drive on Cherokee Street and to South Main Street at McCollum Parkway. Currently, this area is composed of a mix of land uses, historical and cultural resources, businesses, homes and neighborhoods and architectural styles and elements. Overall, this area is in the process of revitalization and reinvestment.

AREA DESIGNATION ANALYSIS

The site is located within the historic central business district. According to the Area Policy Matrix in the Comprehensive Plan, development within this area should maintain adequate building and landscaping setbacks that promote safety and market visibility that encourages comparable architectural styles that maintain the regional character. The request would align the zoning designation of the ROW with the surrounding residential pattern and support the continued stability of the neighborhood.

ZONING ADMINISTRATOR'S RECOMMENDATION: **APPROVAL**

Planning and Zoning staff recommends to **approval** of the rezoning request.

BASIS FOR PLANNING AND ZONING'S RECOMMENDATION:

In 2025, the Mayor and Council approved the sale of the right-of-way fronting the properties located at 2995 and 2997 N Main Street. This action authorized the transfer of the unused ROW area to the adjoining property owners, allowing the land to be incorporated into the existing residential parcels and better aligned with current and future land-use needs.

The proposed rezoning and lot expansion are administrative in nature and do not alter the use, intensity, or function of the surrounding properties. The request is consistent with the established residential pattern and does not introduce any changes that would impact adjacent parcels or modify the existing neighborhood character. For these reasons, staff recommends approval of the request to rezone.

PLANNING COMMISSION RECOMMENDATION:

At the February 4, 2026 meeting, the Planning Commission unanimously recommended approval.

SURVEYOR'S CERTIFICATION

This plat is a retracement of an existing parcel or parcels of land and does not subdivide or create a new parcel or make any changes to any real property boundaries. The recording information of the documents, maps, plats, or other instruments which created the parcel or parcels are stated hereon. RECORDATION OF THIS PLAT DOES NOT IMPLY APPROVAL OF ANY LOCAL JURISDICTION, AVAILABILITY OF PERMITS, COMPLIANCE WITH LOCAL REGULATIONS OR REQUIREMENTS, OR SUITABILITY FOR ANY USE OR PURPOSE OF THE LAND. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Registration for Professional Engineers and Land Surveyors and as set forth in O.C.G.A. Section 15-6-67.

A. **RZ2025-03** - Consideration to rezone the property located at 6095 Pine Mountain Rd (parcel #20014001380) from Highway General Business (HGB) to Planned United Development – Residential (PUD-R) as submitted by DRB Group Georgia, LLC. Said request is to rezone the property for the development of fee simple town homes. Property consists of 8.823 +/- acres and lies in land lot 140, tax parcel 138.

Vice Chair Vande Zande called for a motion.
Commissioner Trim motioned to approve with the following conditions as outlined by staff:

1. The rezoning of the Subject Property to the Planned Unit Development–Residential (PUD-R) district shall be consistent with the technical and conceptual site plans submitted with the application and shall comply with the proposed minimum front, side, and rear setbacks, as well as the overall density of 10.08 units per acre.
2. The Subject Property shall be developed as maximum of eighty-nine (89) 'For Sale" Fee Simple Townhomes.
3. Applicant agrees the minimum floor area of all residential units shall be 1,400 sq. ft. Applicant also agrees that the maximum height of the overall development will adhere to the development standards outlined in the Unified Development Code.
4. The architectural style and composition of the buildings to be constructed on the Subject Property shall be in reasonable conformity to the architectural renderings/elevations submitted with the rezoning application and should include a mixture of components consisting of brick, stacked stone, and other cementitious components including Hardie plank and Hardie plank shake and

similar products.

5. Compliance with the recommendations from the City Engineer and/or the City's Public Works Director with respect to stormwater management, hydrology and water quality requirements as outlined in the Unified Development Code.
6. Prior to issuance of a land disturbance permit, the applicant shall coordinate with a qualified geotechnical firm and civil engineer to design and implement measures to capture any groundwater encountered on-site associated with the spring ,subject to review and approval by the City Engineer and/or the City's Public Works Director.
7. Subject to review and approval by the City Engineer and the Public Works Department, all stormwater management components shall comply with the recommendations of the City of Kennesaw's Stormwater Management Division, including requirements related to stormwater management, hydrology, and water quality.
8. Applicant agrees to the protection of all required stream buffers affecting the Property; any potential impact to the stream(s) due to revisions to the site plans will require a variance.
9. Applicant shall create a mandatory Homeowners Association ("HOA") and prepare and file a Declaration of Covenant, Conditions and Restrictions ("CCRs") to be made applicable to the Property, which shall include, among other components, a restriction on the total number of units
10. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, stormwater management systems, driveways and parking lot.
11. Landscaping for the entrance area, signage areas, amenity and courtyard areas and all other common areas immediately surrounding the proposed buildings shall be professionally designed, implemented and maintained, which shall include the installation of an irrigation system in areas where appropriate.
12. The applicant agrees to the installation of a privacy fence constructed of solid weather resistant materials such as wood, wrought iron, with a height no greater than 8 ft along the portion of the rezoned parcel adjacent to existing commercial properties.
13. The developer agrees to construct all of the necessary roadways and infrastructure improvements as more particularly shown and reflected on the site plan. Additionally, the developer agrees to comply in all respects with the City's specifications concerning such infrastructure improvements which are interior to the subdivision.
14. The proposed development shall include amenities for use and enjoyment of its residents as follows:
    a) Community courtyards, gathering places
    b) Pedestrian connectivity
    c) A dog park
15. Sidewalks shall be provided throughout the subdivision, with all amenity areas connected to the nearest internal sidewalk to ensure continuous pedestrian access.

16. The proposed community shall utilize the City or Cobb County; utility services as is typical for such residential development.
17. Compliance with recommendations from Cobb County Fire Marshal's Office with respect to Life Safety and Fire Prevention issues. The development shall also comply with all applicable guest parking regulations, consistent with the parking layout and quantities depicted on the submitted site plan.
18. Entrance signage shall be ground based, monument-style signage with finish, materials and colors being in substantial conformity to the architectural style embodied in the subdivision.
19. All utilities servicing the residences with the proposed community shall be underground.
20. The applicant agrees that construction will begin in 24 months of the approval date of the rezoning. If no land development activity is initiated, then the subject property will automatically revert back to the original zoning.

CITY OF KENNESAW
GEORGIA

ORDINANCE NO. 2026-__

AN ORDINANCE TO AMEND THE CODE OF ORDINANCES OF THE CITY OF KENNESAW, GEORGIA, SECTION 2.01.03 "RESIDENTIAL ZONING DISTRICTS" AND SECTION 9.01.00 "NONCONFORMING USES"

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF KENNESAW, COBB COUNTY, GEORGIA, AS FOLLOWS:

WHEREAS, the Unified Development Code of the City of Kennesaw is designed for the purpose of promoting health, safety, morals, order, prosperity and general welfare of the City of Kennesaw and its individual and corporate citizens; and

WHEREAS, Subdivisions located within various residential zoning districts and established prior to 1996 were legally created; however, many of the lots within these subdivisions no longer meet the current minimum requirements for lot size, width, or setbacks as outlined in the Unified Development Code (UDC); and

WHEREAS, these nonconforming conditions have created challenges for property owners seeking to rebuild or redevelop their properties in a manner consistent with the original character of the neighborhood; and

WHEREAS, the City seeks to establish a clear and equitable process for recognizing legally established residential lots that have become nonconforming, in order to allow for their reasonable use, reduce administrative burdens related to variances, promote consistency in residential development, and uphold the health, safety, and welfare of the community; and

WHEREAS, public hearing were duly advertised in the Marietta Daily Journal; and

WHEREAS, the City and the Planning Commission held a public hearing in connection with the passage of this Ordinance;

WHEREAS, pursuant to Section 1-4 of the Code of Ordinances, Kennesaw, Georgia, the Code of Ordinances of Kennesaw, Georgia is hereby amended as follows:

SECTION 1

THAT SECTION 2.01.03 of the Unified Development Code of the Code of Ordinances for the City of Kennesaw, Georgia, is hereby amended to read as follows:

2.01.03 Residential Zoning Districts

2.01.03.03 The regulations for the R-20 Single-Family residential district (20,000-square-foot lot size) are as follows:

A. *Purpose and intent.* The R-20 single-family residential district is intended to provide suitable areas for single-family, detached dwellings at medium densities as defined under the City of Kennesaw Comprehensive Land Use Plan, and as may be amended from time to time, with access to both public water and sewerage.

B. *Uses.* Any use not permitted as of right, or not permitted by Special Exception, or not permitted by land use permit is prohibited. To the extent there is a conflict between the permitted use table and this subsection, this section shall control for purposes of determining whether the use is allowed. See Section 4.04.01 for standards associated with Special Exception uses. Any conflict between the standards set forth in this district and those set forth in Section 4.04.01, the standards in Section 4.04.01 shall control for purposes of developing a Special Exception use.

The following uses are permitted:

Clubs or lodges

Community Fairs

Designated Recycling Collection locations

Executive golf courses

Fruit Trees, Nuts and Vegetables for personal consumption (not for commerce)

Golf courses (Par 3)

Golf courses (18-hold regulation; private and public)

Group homes

Limited home occupations

Nonprofit riding stables

Nonprofit (seasonal use) fishing lakes

Private parks

Recreation grounds other than tennis courts and golf courses

Religious assemblies

Single family dwelling units (detached)

Short Term Rentals (STR)

Temporary uses

The following uses are permitted by special exception (refer to section 4.04.01):

Cemeteries

Mausoleum

Private community centers

Private schools of general and special education

The following uses are permitted by land use permit or special land use permit:

Cottage food operator (refer to section 4.04.05 Standards for Home Occupation)

Family childcare learning home (refer to section 4.04.05 Standards for Home Occupation)

Home occupations (refer to section 4.04.05)

Manufactured Homes

Radio, television and other communication towers and antennas (refer to section 4.04.06)

C. *Requirements for certain uses.* The following uses shall have the requirements as ascribed to them in this subsection.

1. *Cottage Food Operators:*

(a) Cottage food operators shall adhere to all rules and regulations imposed by the Georgia Department of Agriculture.

(b) There shall be no signage or other exterior evidence of the cottage food operator.

(c) Deliveries of specialty ingredients such as herbs and spices, etc., limited to those made by the United States Postal Service or other carrier (FedEx, United Parcel Service, etc.) that routinely deliver mail/internet order products to residents.

(d) No cottage food products prepared by the cottage food operator may be picked up by a commercial carrier.

(e) There shall be no employees parking on the site unless approved by the Mayor and City Council in accordance with Section 4.04.05.

(f) A home occupation land use permit shall be required.

2. *Limited Home Occupations:*

(a) There shall be no exterior evidence of the home occupation, including but not limited to any type of identifying signs.

(b) No article, product or service used or sold in connection with such activity shall be other than those normally found on the premises.

(c) No mechanical equipment shall be used for such occupation except such equipment as is customary for purely household and hobby purposes.

(d) Such use shall be conducted entirely within the dwelling unit, and only persons living in the dwelling unit shall be employed in such occupation.

(e) No more than 25 percent of the dwelling unit may be used for the operation.

(f) No materials, equipment or business vehicles may be stored or parked on the premises, except that one business vehicle, used exclusively by the resident may be parked in a carport, garage, or rear or side yard.

(g) The off-site employees of the resident shall not congregate on the premises for any purpose concerning the business of the home occupation.

(h) There shall be no deliveries of supplies for use in the home occupation or pickups of the items produced by the occupant by commercial carriers.

(i) No clients or customers are allowed on the premises on a regular basis.

(j) The limited home occupation shall not create a nuisance.

3. *Designated Recycling Collection Locations:*

(a) Must be maintained in a safe, clean, neat, and sanitary fashion;

(b) Such location shall be visually screened and maintained;

(c) Such location shall be within the building setbacks unless otherwise approved by the zoning administrator or his/her designee due to topography, safety, internal traffic flow, site distance, or for other site-related circumstances not created by the property owner.

4. *Group Home:*

(a) A group home shall be shared by four or fewer persons, excluding resident staff;

(b) The group home must provide the City of Kennesaw with a copy of its scheduled activity plan, a copy of the group home rules, and, if applicable, evidence of active enforcement under the Georgia Association of Recovery Residence standards;

(c) The group home must be under the direction and guidance of a designated managing caregiver that resides at the group home;

(d) The designated managing caregiver or his or her designee shall be available on a 24-hour basis in the event of emergencies or complaints; and

(e) A group home must submit to random inspections by the City Code Enforcement;

(f) A group home shall comply with all applicable regulations by the Board of Behavioral Health and Developmental Disabilities and the Department of Behavioral Health and Developmental Disabilities.

5. *Family childcare learning home:*

(a) Maximum of six children under 13 years of age at one time for pay or not for pay;

(b) For purpose of this section only, children who are related by direct blood kin or adoption to the childcare provider shall not be included in the calculation of the six children limitation;

(c) The childcare shall not create a nuisance to immediately adjacent property owners;

(d) Off-street parking must be provided for childcare pick-up and drop-off; and

(e) No employees;

(f) Proof of a Family child care learning home license under O.C.G.A. § 20-1A-10(v), or as amended from time to time, by the Department of Early Care and Learning or its successor agency;

(g) A home occupation land use permit shall be required.

6. *Temporary Uses:*

(a) An approved temporary use shall not exceed 30 days and may be renewed for not more than one additional 30-day period.

(b) Adequate off-street parking shall be provided.

(c) Application for a temporary use shall be made with the City Business License division.

D. *Dimensional standards for Development.* Setback shall be measured from the property line of the parcel. The property with the shortest amount of road frontage shall be the front setback for determining other setbacks (major side, side, rear).

1. Minimum lot size: 20,000 square feet. The Zoning Administrator shall not be authorized to recommend a variance for more than 25 percent of the minimum lot size.
2. Minimum floor area: 1,500 square feet.
3. Minimum lot width at front setback line: 75 feet; cul-de-sac, 60 feet.
4. Minimum public road frontage: 75 feet; cul-de-sac, 50 feet.
5. Maximum cover: 35%
6. Maximum building height: 35 feet.
7. A basement shall be counted as a story if the ceiling is six feet or more above the grade and is either subdivided or used for dwelling or business purposes. A basement is a portion of the building partly underground which has more than one-half of its height measured from finished floor to finished ceiling above the average grade of the adjoining ground.

8. *Minimum building setbacks:*

   (a) Front yard as measured from arterial: 40 feet.

   (b) Front yard as measured from collector: 40 feet.

   (c) Front yard as measured from local: 35 feet.

   (d) Side yard (aka minor side yard): 10 feet.

   (e) Rear yard: 35 feet.

   (f) Major side: 25 feet.

9. *Measuring building setbacks*: The number and type of setbacks is determined based on the number and type of public road frontages for the lot as follows and as shown on the following diagram:

   (a) One public road frontage: The front yard setback is measured from the one public road frontage (arterial, collector, or local). The yard opposite the front yard is the rear yard and the other two yards are side yards.

   (b) Two public road frontages: The front yard setback is measured from the road with the shortest frontage (arterial, collector, or local). The major side yard setback is measured from the road with the longer frontage (arterial, collector, or local). The yard opposite the front yard is the rear yard and the yard opposite the major side yard is the minor side yard.

   (c) Three public road frontages: The front yard setback is measured from the road with the shortest frontage (arterial, collector, or local). The two major side yard setbacks are measured from the other two road frontages (arterial, collector, or local). The remaining yard is a minor side yard.

   (d) Building setbacks apply to both principal and accessory buildings and structure except where it explicitly states otherwise.

   (e) Irregular shaped lots: The Planning and Zoning Administrator will determine setbacks for irregular shaped lots adhering to the spirit and intent of this section.

Example for Property with three (3) Public Road Frontages

10. *Nonconforming Uses*. Any lot with an existing structure that was developed and established in accordance with applicable ordinances prior to March 18, 1996 shall be considered a lawful, conforming use under the Unified Development Code (UDC). In the event of reconstruction, such properties may be rebuilt using the previously established building footprint. The Zoning Administrator or their designee shall have the authority to approve administrative variances to reduce dimensional standards such as setbacks, lot width, coverage for lots identified as nonconforming on the official map referenced in Appendix A, where such standards do not align with current zoning regulations.

Administrative variances may be granted only if:

1. The proposed reconstruction does not adversely impact adjacent properties, and
2. The request remains consistent with the intent and purpose of the Unified Development Code.

2.01.03.04 The regulations for the R-15 Single-Family residential district (15,000-square-foot lot size) are as follows:

A. *Purpose and intent.* The R-15 single-family residential district is intended to provide suitable areas for single-family, detached dwellings at medium densities as defined under the City of Kennesaw Comprehensive Land Use Plan, and as may be amended from time to time, with access to both public water and sewerage.

B. *Uses.* Any use not permitted as of right, or not permitted by Special Exception, or not permitted by land use permit is prohibited. To the extent there is a conflict between the permitted use table and this subsection, this section shall control for purposes of determining whether the use is allowed. See Section 4.04.01 for standards associated with Special Exception uses. Any conflict between the standards set forth in this district and those set forth in Section 4.04.01, the standards in Section 4.04.01 shall control for purposes of developing a Special Exception use.

The following uses are permitted:

Clubs or lodges

Community Fairs

Designated Recycling Collection locations

Executive golf courses

Golf courses (Par 3)

Golf courses (18-hold regulation; private and public)

Group homes

Limited home occupations

Nonprofit riding stables

Nonprofit (seasonal use) fishing lakes

Private parks

Recreation grounds other than tennis courts and golf courses

Religious assemblies

Single family dwelling units (detached)

Short Term Rentals (STR)

Temporary uses

The following uses are permitted by special exception (refer to section 4.04.01):

Cemeteries

Mausoleum

Private community centers

Private schools of general and special education

The following uses are permitted by land use permit or special land use permit:

Cottage food operator (refer to section 4.04.05 Standards for Home Occupation)

Family childcare learning home (refer to section 4.04.05 Standards for Home Occupation)

Home occupations (refer to section 4.04.05)

Manufactured Homes

Radio, television and other communication towers and antennas (refer to section 4.04.06)

C. *Requirements for certain uses.* The following uses shall have the requirements as ascribed to them in this subsection.

1. *Cottage Food Operators:*

(a) Cottage food operators shall adhere to all rules and regulations imposed by the Georgia Department of Agriculture.

(b) There shall be no signage or other exterior evidence of the cottage food operator.

(c) Deliveries of specialty ingredients such as herbs and spices, etc., limited to those made by the United States Postal Service or other carrier (FedEx, United Parcel Service, etc.) that routinely deliver mail/internet order products to residents.

(d) No cottage food products prepared by the cottage food operator may be picked up by a commercial carrier.

(e) There shall be no employees parking on the site unless approved by the Mayor and City Council in accordance with Section 4.04.05.

(f) A home occupation land use permit shall be required.

2. *Limited Home Occupations:*

(a) There shall be no exterior evidence of the home occupation, including but not limited to any type of identifying signs.

(b) No article, product or service used or sold in connection with such activity shall be other than those normally found on the premises.

(c) No mechanical equipment shall be used for such occupation except such equipment as is customary for purely household and hobby purposes.

(d) Such use shall be conducted entirely within the dwelling unit, and only persons living in the dwelling unit shall be employed in such occupation.

(e) No more than 25 percent of the dwelling unit may be used for the operation.

(f) No materials, equipment or business vehicles may be stored or parked on the premises, except that one business vehicle, used exclusively by the resident may be parked in a carport, garage, or rear or side yard.

(g) The off-site employees of the resident shall not congregate on the premises for any purpose concerning the business of the home occupation.

(h) There shall be no deliveries of supplies for use in the home occupation or pickups of the items produced by the occupant by commercial carriers.

(i) No clients or customers are allowed on the premises on a regular basis.

(j) The limited home occupation shall not create a nuisance.

3. *Designated Recycling Collection Locations:*

(a) Must be maintained in a safe, clean, neat, and sanitary fashion;

(b) Such location shall be visually screened and maintained;

(c) Such location shall be within the building setbacks unless otherwise approved by the zoning administrator or his/her designee due to topography, safety, internal traffic flow, site distance, or for other site-related circumstances not created by the property owner.

4. *Group Home:*

(a) A group home shall be shared by four or fewer persons, excluding resident staff;

(b) The group home must provide the City of Kennesaw with a copy of its scheduled activity plan, a copy of the group home rules, and, if applicable, evidence of active enforcement under the Georgia Association of Recovery Residence standards;

(c) The group home must be under the direction and guidance of a designated managing caregiver that resides at the group home;

(d) The designated managing caregiver or his or her designee shall be available on a 24-hour basis in the event of emergencies or complaints; and

(e) A group home must submit to random inspections by the City Code Enforcement;

(f) A group home shall comply with all applicable regulations by the Board of Behavioral Health and Developmental Disabilities and the Department of Behavioral Health and Developmental Disabilities.

5. *Family childcare learning home:*

(a) Maximum of six children under 13 years of age at one time for pay or not for pay;

(b) For purpose of this section only, children who are related by direct blood kin or adoption to the childcare provider shall not be included in the calculation of the six children limitation;

(c) The childcare shall not create a nuisance to immediately adjacent property owners;

(d) Off-street parking must be provided for childcare pick-up and drop-off; and

(e) No employees;

(f) Proof of a Family child care learning home license under O.C.G.A. § 20-1A-10(v), or as amended from time to time, by the Department of Early Care and Learning or its successor agency;

(g) A home occupation land use permit shall be required.

6. *Temporary Uses:*

(a) An approved temporary use shall not exceed 30 days and may be renewed for not more than one additional 30-day period.

(b) Adequate off-street parking shall be provided.

(c) Application for a temporary use shall be made with the City Business License division.

D. *Dimensional standards for Development.* Setback shall be measured from the property line of the parcel. The property with the shortest amount of road frontage shall be the front setback for determining other setbacks (major side, side, rear).

1. Minimum lot size: 15,000 square feet. The Zoning Administrator shall not be authorized to recommend a variance for more than 25 percent of the minimum lot size.
2. Minimum floor area: 1,400 square feet.
3. Minimum lot width at front setback line: 75 feet; cul-de-sac, 60 feet.
4. Minimum public road frontage: 75 feet; cul-de-sac, 50 feet.
5. Maximum cover: 35%
6. Maximum building height: 35 feet.
7. A basement shall be counted as a story if the ceiling is six feet or more above the grade and is either subdivided or used for dwelling or business purposes. A basement is a portion of the building partly underground which has more than one-half of its height measured from finished floor to finished ceiling above the average grade of the adjoining ground.

Example for Property with three (3) Public Road Frontages

10. *Nonconforming Uses*. Any lot with an existing structure that was developed and established in accordance with applicable ordinances prior to March 18, 1996 shall be considered a lawful, conforming use under the Unified Development Code (UDC). In the event of reconstruction, such properties may be rebuilt using the previously established building footprint. The Zoning Administrator or their designee shall have the authority to approve administrative variances to reduce dimensional standards such as setbacks, lot width, coverage for lots identified as nonconforming on the official map referenced in Appendix A, where such standards do not align with current zoning regulations.

Administrative variances may be granted only if:

1. The proposed reconstruction does not adversely impact adjacent properties, and

2. The request remains consistent with the intent and purpose of the Unified Development Code.

SECTION 2

THAT SECTION 9.01.00 of the Unified Development Code of the Code of Ordinances for the City of Kennesaw, Georgia, is hereby amended to read as follows:

9.01.00 Nonconforming Uses

A. The lawful use of any building, structure or land existing at the time of the enactment of this UDC may be continued even though such use does not conform with the provisions of this UDC except that the use of a principal nonconforming building, structure or land shall not be:

Changed to another nonconforming use;

Re-established after discontinuance or abandonment for one (1) year. Discontinuance or abandonment means the failure to devote the property to the permitted nonconforming use evidenced by an overt act or failure to

act (or combination of the two) sufficient to support the implication of an intent to relinquish the right to continue the nonconforming use.

Expanded, enlarged or extended, either on the same or adjoining parcel, except in conformity with this ordinance;

Rebuilt, altered, replaced, or repaired after damage exceeding fifty percent (50%) of its replacement cost at the time of destruction as determined by the building official except in conformity with this ordinance. For those situations where the damage does not exceed fifty percent (50%) of its replacement value, any such rebuilding, alteration, replacement or repair shall be completed within twelve (12) months of such damage;

Altered, except if less than thirty percent (30%) of the floor space of a building or structure is found by the building inspector to be structurally unsafe then a permit may be issued to correct the unsafe condition.

Exception for Established Communities: Residential properties located within established neighborhoods developed and recorded prior to March 18, 1996 shall be considered conforming for the purposes of rebuilding. In the event of damage, such properties may be reconstructed using the previously established building footprint, provided the use remains consistent with the original residential designation and all applicable building codes are met.

B. At the time of the enactment of this UDC, every owner of a nonconforming building or structure shall have sixty (60) days to indicate in writing to the Zoning Administrator which building or structure or group of buildings or structures will be considered the "principal" nonconforming building or structure defined in Section A above. In the event that more than one (1) building or structure is classified as "principal" under this section, said classification must be justified by the owner and accepted in writing by the Zoning Administrator. In the event that multiple buildings or structures are accepted by the Zoning Administrator as being the "principal" nonconforming building or structure as defined in Section A above, then all percentage figures stated in this section will pertain to the total area of the multiple buildings or structures so accepted.

C. All nonconforming buildings, structures and uses (shall be discontinued and made to conform within the time periods set forth below:

1. All nonconforming uses of land where no buildings are involved—Six (6) months from date of adoption of this UDC.
2. All nonconforming uses of land on which are located demountable or portable buildings or structures—twelve (12) months from date of adoption of this ordinance unless approved by the Georgia Department of Community Affairs (DCA).

SECTION 3

BE IT FURTHER ORDAINED THAT this ordinance shall be effective on and after its adoption and execution by the mayor, pursuant to Section 2.11 of the City Charter of the City of Kennesaw.

PASSED AND ADOPTED by the Kennesaw City Council on this _____ day of February 2026.

5. Old Business

A. **RZ2025-03** - Consideration to rezone the property located at 6095 Pine Mountain Rd (parcel #20014001380) from Highway General Business (HGB) to Planned United Development – Residential (PUD-R) as submitted by DRB Group Georgia, LLC. Said request is to rezone the property for the development of fee simple town homes. Property consists of 8.823 +/- acres and lies in land lot 140, tax parcel 138.

Vice Chair Vande Zande called for a motion.
Commissioner Trim motioned to approve with the following conditions as outlined by staff:

1. The rezoning of the Subject Property to the Planned Unit Development–Residential (PUD-R) district shall be consistent with the technical and conceptual site plans submitted with the application and shall comply with the proposed minimum front, side, and rear setbacks, as well as the overall density of 10.08 units per acre.
2. The Subject Property shall be developed as maximum of eighty-nine (89) 'For Sale" Fee Simple Townhomes.
3. Applicant agrees the minimum floor area of all residential units shall be 1,400 sq. ft. Applicant also agrees that the maximum height of the overall development will adhere to the development standards outlined in the Unified Development Code.
4. The architectural style and composition of the buildings to be constructed on the Subject Property shall be in reasonable conformity to the architectural renderings/elevations submitted with the rezoning application and should include a mixture of components consisting of brick, stacked stone, and other cementitious components including Hardie plank and Hardie plank shake and

similar products.

5. Compliance with the recommendations from the City Engineer and/or the City's Public Works Director with respect to stormwater management, hydrology and water quality requirements as outlined in the Unified Development Code.
6. Prior to issuance of a land disturbance permit, the applicant shall coordinate with a qualified geotechnical firm and civil engineer to design and implement measures to capture any groundwater encountered on-site associated with the spring ,subject to review and approval by the City Engineer and/or the City's Public Works Director.
7. Subject to review and approval by the City Engineer and the Public Works Department, all stormwater management components shall comply with the recommendations of the City of Kennesaw's Stormwater Management Division, including requirements related to stormwater management, hydrology, and water quality.
8. Applicant agrees to the protection of all required stream buffers affecting the Property; any potential impact to the stream(s) due to revisions to the site plans will require a variance.
9. Applicant shall create a mandatory Homeowners Association ("HOA") and prepare and file a Declaration of Covenant, Conditions and Restrictions ("CCRs") to be made applicable to the Property, which shall include, among other components, a restriction on the total number of units
10. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, stormwater management systems, driveways and parking lot.
11. Landscaping for the entrance area, signage areas, amenity and courtyard areas and all other common areas immediately surrounding the proposed buildings shall be professionally designed, implemented and maintained, which shall include the installation of an irrigation system in areas where appropriate.
12. The applicant agrees to the installation of a privacy fence constructed of solid weather resistant materials such as wood, wrought iron, with a height no greater than 8 ft along the portion of the rezoned parcel adjacent to existing commercial properties.
13. The developer agrees to construct all of the necessary roadways and infrastructure improvements as more particularly shown and reflected on the site plan. Additionally, the developer agrees to comply in all respects with the City's specifications concerning such infrastructure improvements which are interior to the subdivision.
14. The proposed development shall include amenities for use and enjoyment of its residents as follows:
    a) Community courtyards, gathering places
    b) Pedestrian connectivity
    c) A dog park
15. Sidewalks shall be provided throughout the subdivision, with all amenity areas connected to the nearest internal sidewalk to ensure continuous pedestrian access.

16. The proposed community shall utilize the City or Cobb County; utility services as is typical for such residential development.
17. Compliance with recommendations from Cobb County Fire Marshal's Office with respect to Life Safety and Fire Prevention issues. The development shall also comply with all applicable guest parking regulations, consistent with the parking layout and quantities depicted on the submitted site plan.
18. Entrance signage shall be ground based, monument-style signage with finish, materials and colors being in substantial conformity to the architectural style embodied in the subdivision.
19. All utilities servicing the residences with the proposed community shall be underground.
20. The applicant agrees that construction will begin in 24 months of the approval date of the rezoning. If no land development activity is initiated, then the subject property will automatically revert back to the original zoning.

A. **RZ2025-03** - Consideration to rezone the property located at 6095 Pine Mountain Rd (parcel #20014001380) from Highway General Business (HGB) to Planned United Development – Residential (PUD-R) as submitted by DRB Group Georgia, LLC. Said request is to rezone the property for the development of fee simple town homes. Property consists of 8.823 +/- acres and lies in land lot 140, tax parcel 138.

Vice Chair Vande Zande called for a motion.
Commissioner Trim motioned to approve with the following conditions as outlined by staff:

1. The rezoning of the Subject Property to the Planned Unit Development–Residential (PUD-R) district shall be consistent with the technical and conceptual site plans submitted with the application and shall comply with the proposed minimum front, side, and rear setbacks, as well as the overall density of 10.08 units per acre.
2. The Subject Property shall be developed as maximum of eighty-nine (89) 'For Sale" Fee Simple Townhomes.
3. Applicant agrees the minimum floor area of all residential units shall be 1,400 sq. ft. Applicant also agrees that the maximum height of the overall development will adhere to the development standards outlined in the Unified Development Code.
4. The architectural style and composition of the buildings to be constructed on the Subject Property shall be in reasonable conformity to the architectural renderings/elevations submitted with the rezoning application and should include a mixture of components consisting of brick, stacked stone, and other cementitious components including Hardie plank and Hardie plank shake and

similar products.

5. Compliance with the recommendations from the City Engineer and/or the City's Public Works Director with respect to stormwater management, hydrology and water quality requirements as outlined in the Unified Development Code.
6. Prior to issuance of a land disturbance permit, the applicant shall coordinate with a qualified geotechnical firm and civil engineer to design and implement measures to capture any groundwater encountered on-site associated with the spring ,subject to review and approval by the City Engineer and/or the City's Public Works Director.
7. Subject to review and approval by the City Engineer and the Public Works Department, all stormwater management components shall comply with the recommendations of the City of Kennesaw's Stormwater Management Division, including requirements related to stormwater management, hydrology, and water quality.
8. Applicant agrees to the protection of all required stream buffers affecting the Property; any potential impact to the stream(s) due to revisions to the site plans will require a variance.
9. Applicant shall create a mandatory Homeowners Association ("HOA") and prepare and file a Declaration of Covenant, Conditions and Restrictions ("CCRs") to be made applicable to the Property, which shall include, among other components, a restriction on the total number of units
10. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, stormwater management systems, driveways and parking lot.
11. Landscaping for the entrance area, signage areas, amenity and courtyard areas and all other common areas immediately surrounding the proposed buildings shall be professionally designed, implemented and maintained, which shall include the installation of an irrigation system in areas where appropriate.
12. The applicant agrees to the installation of a privacy fence constructed of solid weather resistant materials such as wood, wrought iron, with a height no greater than 8 ft along the portion of the rezoned parcel adjacent to existing commercial properties.
13. The developer agrees to construct all of the necessary roadways and infrastructure improvements as more particularly shown and reflected on the site plan. Additionally, the developer agrees to comply in all respects with the City's specifications concerning such infrastructure improvements which are interior to the subdivision.
14. The proposed development shall include amenities for use and enjoyment of its residents as follows:
    a) Community courtyards, gathering places
    b) Pedestrian connectivity
    c) A dog park
15. Sidewalks shall be provided throughout the subdivision, with all amenity areas connected to the nearest internal sidewalk to ensure continuous pedestrian access.

16. The proposed community shall utilize the City or Cobb County; utility services as is typical for such residential development.
17. Compliance with recommendations from Cobb County Fire Marshal's Office with respect to Life Safety and Fire Prevention issues. The development shall also comply with all applicable guest parking regulations, consistent with the parking layout and quantities depicted on the submitted site plan.
18. Entrance signage shall be ground based, monument-style signage with finish, materials and colors being in substantial conformity to the architectural style embodied in the subdivision.
19. All utilities servicing the residences with the proposed community shall be underground.
20. The applicant agrees that construction will begin in 24 months of the approval date of the rezoning. If no land development activity is initiated, then the subject property will automatically revert back to the original zoning.

A. **Ordinance: Chapter 22 Amendments**
Consideration for approval of an Ordinance to amend Chapter 22, entitled, "Businesses" of the Code of Ordinances of the City of Kennesaw, Georgia.

Assistant to the City Manager, Anna Trapp, presented an ordinance amending Chapter 22, “Businesses,” of the Code of Ordinances. The purpose of the amendments is to ensure the City’s continued compliance with Georgia Bureau of Investigation (GBI) and Federal Bureau of Investigation (FBI) requirements related to background checks for certain privileged business licenses.

Ms. Trapp explained that the GBI has advised the City that separate Originating Agency Identifier (ORI) numbers are required for each category of privileged license. The City currently maintains an ORI number for alcohol licenses. The proposed amendments authorize the Business License Department to request additional ORI numbers from the FBI for bail bondsmen, flea markets, and massage therapy businesses. These license categories are considered privileged licenses and require applicants to undergo background checks and fingerprinting.

Upon approval by the Mayor and Council, staff will forward the amended ordinance provisions to the GBI and FBI for review in support of the City’s request for additional ORI numbers.

DRAFT

Assistant Director of Administration Meredith Staton reviewed the ordinance language changes, noting that revisions were made to ensure consistent and accurate terminology throughout the chapter.

City Attorney Sam Hensley thanked staff for their work on the amendments, noting that the prior ordinance contained ambiguity regarding whether applicants would receive a business license or an occupational tax certificate. He explained that the revisions clarify this distinction and ensure the ordinance does not imply that an applicant would receive multiple authorizations to conduct business within the City.

Mayor Pro Tem Jones made a motion to approve **Ordinance No. 2026-01** amending Chapter 22, entitled, "Businesses" of the Code of Ordinances of the City of Kennesaw, Georgia, as presented. Councilmember Viars seconded the motion.

Councilmember Gutierrez-Leon made a motion to approve the Consent Agenda engross. Councilmember Viars seconded the motion.

Vote taken: motion unanimously approved 5-0. Motion passed.

12. General and Administrative

A. **Resolution: H-GAC Interlocal Contract**
Consideration for approval of a Resolution authorizing agreement with Houston Galveston Area Council (HGAC) for cooperative purchasing.

911 Director Nikki McGraw presented a resolution authorizing an agreement with the Houston-Galveston Area Council (H-GAC) for cooperative purchasing. Ms. McGraw explained that the agreement allows the City to utilize H-GAC for future purchases, including dispatch consoles, software, vehicles, and related equipment.

DRAFT

She noted that H-GAC conducts a competitive bidding process that allows multiple vendors to submit pricing, which helps the City save time and money while remaining compliant with procurement requirements.

Ms. McGraw also noted that an error in the contract would be corrected prior to execution. The contract term should reflect the fiscal year of October 1, 2025, through September 30, 2026.

Councilmember Orochena made a motion to approve **Resolution No. 2026-05** authorizing an agreement with the Houston Galveston Area Council (H-GAC) for cooperative purchasing, as presented. Councilmember Viars seconded the motion.

Vote taken: motion unanimously approved 5-0. Motion passed.

B. **Alcohol License: One Stop Gas**
Consideration for approval of a Retail Package Alcohol License for Beer, Wine, and Sunday Sales for One Stop Gas, Inc., located at 2520 Cobb Parkway NW, Kennesaw, GA 30152. Applicant: Dalbag Singh

Assistant Director of Administration Meredith Staton presented a Retail Package Alcohol License application for Beer, Wine, and Sunday Sales for One Stop Gas, Inc., located at 2520 Cobb Parkway NW. Ms. Staton stated that the applicant completed the required alcohol workshop in accordance with Section 6-69. She further noted that public notice requirements were met, with signage posted and the application properly advertised pursuant to Section 6-36.

Ms. Staton advised that the completed application and background check results are on file. A distance survey conducted by a certified surveyor confirmed that the business is not located within the restricted distance of any property line or structure as outlined in Ordinance Sections 6-42 and 6-43.

Councilmember Viars made a motion to approve a Retail Package Alcohol License for Beer, Wine, and Sunday Sales for One Stop Gas, Inc. located at 2520 Cobb Parkway NW, Kennesaw, GA 30152, as presented. Mayor Pro Tem Jones seconded the motion.

Prior to consideration of the next agenda item, Councilmember Viars stated that she was unsure whether recusal was necessary due to a prior professional relationship with the landlord. She noted that she does not currently have any leases or ongoing business relationships with the landlord. Mayor Easterling indicated that no conflict existed, as the relationship was unrelated and occurred on a separate project. City Attorney Sam Hensley, Jr. concurred.

Vote taken: motion unanimously approved 5-0. Motion passed.

C. **Alcohol License: Kennesaw Mart**
Consideration for approval of a Retail Package Alcohol License for Beer, Wine, and Sunday Sales for Kennesaw Mart 2025, Inc., located at 3055 N. Main Street, Kennesaw, GA 30144. Applicant: Zoheb Bhayani.

DRAFT

Assistant Director of Administration Meredith Staton presented a Retail Package Alcohol License application for Beer, Wine, and Sunday Sales for Kennesaw Mart 2025, Inc., located at 3055 North Main Street.

Ms. Staton stated that the applicant completed the required alcohol workshop in accordance with Section 6-69. She further noted that public notice requirements were met, with signage posted and the application properly advertised pursuant to Section 6-36. The completed application and background check results are on file.

A distance survey prepared by a certified surveyor indicated that the business is located within 300 feet of a private residence and within 600 feet of a religious assembly. Section 6-42 applies to locations within 300 feet of a private residence, and Section 6-43 applies to locations within 600 feet of a religious assembly. Both sections authorize the Mayor and Council to waive the applicable distance requirements if granting the license would not have an adverse effect on the private residence or religious assembly.

Mayor Pro Tem Jones made a motion to approve a Retail Package Alcohol License for Beer, Wine, and Sunday Sales for Kennesaw Mart 2025, Inc., located at 3055 North Main Street, Kennesaw, GA 30144, as presented. Councilmember Orochena seconded the motion.

Vote taken: motion unanimously approved 5-0. Motion passed.

STEVEN LUITJENS [City Resident]: Mr. Luitjens is the owner of Conservation Landscaping. Last time he spoke, he touched on how current land development practices were removing native plant communities and the ecological cost of that loss. He provided some possible solutions to this issue, including using native plants as infrastructure.

CHRIS DEIMER [City Resident]: Mr. Deimer, a resident near Fairfax Park, requested a sanitary sewer easement through the park to connect his property to the County sewer system. He explained that, without this easement, his family would be required to replace their existing septic system at significant cost. Due to site constraints, there is no practical location on the property to properly replace the system.

Mr. Deimer noted that the proposed easement would be situated in an isolated, wooded area and would not affect the usability of the park.

MARY MILLER [City Resident]: Ms. Miller thanked Chief Westenberger and the Kennesaw Police Department for supporting our high school students last week as they exercised their First Amendment rights. She also requested that the City formally express support for proposed state legislation aimed at curtailing actions by Immigration and Customs Enforcement (ICE) as it operates within the state.

KENNESAW HISTORY

Sardis Missionary Baptist Church

In 1880, three members of Kennesaw's African American community purchased land from Gaspard T. Carrie next to the railroad tracks for use as a new church building. These three men were Deacons Jack Talley, Sam Bostick, and Alexander James Tanner. A small frame church was erected, and the new church was opened that year. It was named Sardis Baptist Church. The first preacher for the church was Reverend W. F. Strickland and he was assisted by Professor B. J. Graves. The site of the original church building is behind the present structure and was painted white and blue. It was next to a large oak tree which is still thriving on the church grounds.

In 1932, in the middle of the Great Depression, the original church building burned. The fire was caused by a faulty stove. The church bible, several pews, and an organ were among the items recovered from the fire. Community members helped to build a new structure by donating materials and labor. The nails were salvaged from the previous building and a carpenter offered his services to build the structure for free. It was soon ready for services to be held but the finishing touches would not be completed until 1945. This structure was used until 1973 when the current building was built.

TITLE: **Resolution: GovMVMT Purchasing Agreement**
Consideration for approval of a Resolution authorizing an agreement with GovMVMT for cooperative purchasing.

Summary:
The presented contract will allow the City to use GovMVMT for purchases related to Chalker Park, including playground equipment, rubberized surfaces, and shade structures. There are no costs associated with this contract until a service or good is purchased.

GOVMVMT is a national purchasing organization that assists public agencies in reducing the cost of purchased goods and services through strategic sourcing that combines volumes and the purchasing power of public agencies nationwide. This is accomplished through an award of competitively solicited contracts for high-quality products and services by large and well recognized public agencies known as Lead Public Agencies. The contracts allow usage by the Lead Public Agency and by other Participating Public Agencies. Fairfax County, VA serves as a Lead Public Agency for playground equipment, which would allow the City of Kennesaw to enter this contract as a "Participating Public Agency" in order to secure a competitive price for the playground equipment needed for Chalker Park.

This has completed legal review.

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement ("Agreement") is entered into by and between those certain government agencies that execute a Lead Public Agency Certificate (collectively, "Lead Public Agencies") to be appended and made a part hereof and other government agencies who register to participate in the GovMVMT Purchasing Cooperative ("Participating Public Agencies").

RECITALS

WHEREAS, after a competitive solicitation and selection process by Lead Public Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers (each, a "Contract Supplier") have entered into awarded agreements ("Master Agreements") with Lead Public Agencies to provide a variety of goods, products and services ("Products and Services") to the applicable Lead Public Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Lead Public Agencies through GovMVMT Purchasing Cooperative and provide that Participating Public Agencies may purchase Products and Services at the same terms, conditions and pricing as the Lead Public Agency, subject to any applicable Federal laws, local purchasing ordinances and laws of the State of purchase;

WHEREAS, the parties desire to comply with the requirements and formalities of any intergovernmental cooperative act, if applicable, to the laws of the State of purchase;

WHEREAS, the parties hereto desire to conserve resources and reduce procurement cost; and

WHEREAS, the parties hereto desire to improve the efficiency, effectiveness and economy of the procurement of necessary Products and Services.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties agree as follows:

1. Each party will facilitate the cooperative procurement of Products and Services.

2. The Participating Public Agency shall ensure that the procurement of Products and Services subject to this Agreement shall be conducted in accordance with and subject to the relevant statutes, ordinances, rules and regulations, and "safe harbor" regulations that govern the Participating Public Agency's procurement practices.

3. The cooperative use of Master Agreements obtained by a Participating Public Agency shall be in accordance with the terms and conditions of the applicable Master Agreement, except as modification of those terms and conditions is otherwise allowed or required by applicable law.

4. The Lead Public Agencies will make available, upon reasonable request, information regarding the Master Agreement which may assist in improving the procurement of Products and Service by the Participating Public Agencies.

5. The Participating Public Agency will make timely payments to the Contract Supplier for Products and Services received in accordance with the terms and conditions of the procurement. Payment, inspections and acceptance of Products and Services ordered by the Participating Public Agency shall be the exclusive obligation of such Participating Public Agency. Disputes between the Participating Public Agency and Contract Supplier are to be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Participating Public Agency and Contract Supplier.

6. The Participating Public Agency shall not use this Agreement as a method for obtaining additional concessions or reduced prices for similar Products or Services. Master Agreements may be structured with not-to-exceed pricing, in which case the Contract Supplier may offer the Participating Public Agency and the Participating Public Agency may accept lower pricing or additional concessions for purchase of Product and Services through the Master Agreement.

7. The Participating Public Agency shall be responsible for the ordering of Products and Services under this Agreement. The Lead Public Agency or any other party shall not be liable in any manner for any violation by the Participating Public Agency, and, to the extent permitted by applicable law, the Participating Public Agency shall hold the Lead Public Agency and any other party harmless from any liability that may arise from the acts or omissions of the Participating Public Agency.

8. This Agreement and Master Agreements are made by and between Lead Public Agencies, Contract Suppliers, and Participating Public Agencies, as applicable. As such, GovMVMT shall no liability and expressly disclaim all express or implied representations and warranties regarding any Master Agreements, including any terms, conditions, Products and Services of said Master Agreements. The Participating Public Agency hereby releases GovMVMT of any and all claims arising from any Master Agreement or the Participating Public Agency's participation in GovMVMT, including any acts or omissions by a Contract Supplier or Lead Public Agency.

9. The exercise of any rights or remedies by the Participating Public Agency shall be the exclusive obligation of such Participating Public Agency.

10. This Agreement shall remain in effect until termination by either party giving thirty (30) days' written notice to the other party. The provisions of the Agreement shall survive any such termination.

11. The Agreement shall be effective after execution of the Lead PublicAgency Certificate by the Lead Public Agency and the completed registration of the Participating Public Agency with GovMVMT.

Should any portion of this Agreement be declared or determined by any court to be illegal, invalid or unenforceable, the illegal, invalid, or unenforceable portion of this Agreement shall be interpreted as narrowly as possible and shall be deemed stricken and severed from this Agreement, and all other parts, terms, provisions, and portions of this Agreement shall remain unaffected and shall be given full force and effect.

(16 m) trailer with loading dock, main floor delivery, clear access (i.e., hallways, doors, and corners with minimum 36 in. (1 m) clearance) from loading dock to room of delivery using furniture dollies with a maximum offload travel to room of 150 ft. (50 m). Please note that there are additional charges for remote locations (e.g., Islands, extreme regions, non-major highway access, or other site conditions), cross dock, cube van or lift gate, forklift, pallet jack, crane, or other offload requirements, any delivery above a main floor, stair carry, multiphase delivery, prevailing wage requirements, off hours (i.e., prior to 8:00 a.m.), evening (i.e., after 3:00 p.m.), and weekend delivery, military base/secure site/specific citizenship requirements, and union rates as specified.	
Install	
Evans Installation Evans' pricing assumes a single installation activity at non-union sites, during weekdays, regular work hours, and room is free of construction and clear of operations and other trades or contractors. Please note that there are additional charges for remote locations (200 miles/300 km from an international airport); drug & alcohol testing; safety training; security or background checks (ex. TWICS, Military); phased install; multiphase installation; live operations cut over; prevailing wage requirements; off hours (prior to 8:00 AM), evening (after 5:00 PM), and weekend install; union rates as specified, and any onsite scope changes. The client must identify and provide a POC (point of contact) responsible for decision making or whom will have access to a person of authority for the duration of the scheduled installation activity. The appointed POC must ensure that either he/she or the authorized representative will be available upon completion of the installation activity to sign off the Evans PCR (Project Completion Report). Failure to provide such a contact assumes the activity as reported has been accepted. Assumes that site preparedness has been met in accordance with the attached contract terms and conditions.	12,246.20

TERMS AND CONDITIONS

The following standard terms and conditions apply to the attached quotation (the "Quotation"), unless expressly stated otherwise in the Quotation provided by Evans Consoles Corporation and/or Evans Consoles Incorporated (collectively, "Evans") to the purchaser (the "Buyer") of the products and/or services (the "Work").

1.0 Quotation

1.1 Unless otherwise stated in the Quotation, the Quotation prices are valid within North America for ninety (90) days for product, freight, and installation. Outside of North America, prices for freight and installation are valid for thirty (30) days from the date of the Quotation.

1.2 The prices in the Quotation are valid for Work shipped or completed within six (6) months from the date of the confirmed order (the "Purchase Order") or date of the signed Quotation received by Evans. Evans reserves the right to revise or adjust pricing, at their sole discretion, on orders not shipped or completed within the six (6) month period. Requests to defer the installation service beyond six (6) months from product shipment are subject to a revised installation and transportation Quotation.

2.0 Price and Payment

2.1 Except as otherwise agreed in writing by the parties or otherwise stated in the front page of the Quotation, the price of the Work must be paid as per the following payment terms:

- 2.1.1 Thirty percent (30%) progress payment net thirty (30) due upon Sign Off, as herein defined in clause 3.1;
- 2.1.2 Seventy percent (70%) net thirty (30) upon shipment of the Work;
- 2.1.3 A one-point five percent (1.5%) late payment penalty must be applied per calendar month per payment if payment is not received within 30 days of invoice issuance.

2.2 Pay When Paid Clause. Buyer must NOT withhold payment to Evans for reasons unrelated to the Work of Evans. Buyer must not unreasonably withhold authorization for payment.

2.3 For Purchase Orders which require the Work to be shipped and or installed outside of the United States or Canada, credit approval from a third-party agency previously approved by Evans must be obtained and provided in a form satisfactory to Evans at their sole discretion. Payment must be provided through an Irrevocable Letter of Credit (the "ILC"). The terms of the ILC must be:

- 2.3.1 The ILC must be in the English language and all supporting or related documents requiring execution must also be in English;
- 2.3.2 The ILC must be drawn on the Bank of Montreal or an affiliated bank in the currency stated in the Quotation;
- 2.3.3 The expiry of the ILC must extend at minimum six (6) months past the installation or shipping date set out in the Quotation, whichever is later. If the project is delayed or rescheduled, then the ILC expiry date will need to be extended; and
- 2.3.4 All documents requiring execution relating to the ILC must be within the control of Evans or produced by Evans, such as the bill of lading, commercial invoice, certificate of origin, and statement of compliance to product specification.

2.4 It is recognized that an Evans console solution is a one -of-a-kind, custom-made product specifically designed to meet the Buyer's equipment and ergonomic requirements, hence:

- 2.4.1 Once design and production have started or the product has been shipped, the order is non-cancelable, non-returnable, and non-refundable.
- 2.4.2 Third party buyouts (where there is no Evans manufacturing component) will have a minimum restocking charge of 25%, plus freight. This will be confirmed at the time of return request based on the policies in place from our third-party suppliers.

2.5 The Quotation price includes all transportation, carriage, and insurance from Evans' manufacturing facility to the designated place for delivery specified in the Quotation.

2.6 Any specific or extra shipping or insurance requirements of the Buyer must be disclosed prior to the issuance of the Purchase Order and may result in an amendment to the Quotation to consider any additional costs incurred.

2.7 Unless stated otherwise, sales taxes are not included in the Quotation price. For shipments within the United States or Canada, Evans is required by law to collect the appropriate state, provincial, and municipal sales and use taxes at the time of invoice, for the products supplied. If applicable to this procurement, Evans will require a certificate of tax exemption prior to the time of invoicing. For shipments outside of the United States or Canada, payment of importation fees and customs clearance, duties, sales taxes, or any other taxes at the shipping destination are the sole responsibility of the Buyer.

2.8 Evans is required by United States federal law to provide a federal tax identification number on all shipments delivered within the United States. This information must be included in the Purchase Order prior to shipment of any Work.

3.0 Scheduling

3.1 Evans will not begin the procurement of materials for the Work, or fabrication until the Buyer has paid the payment set out in clause 2.1.1, and provided acceptance of the signed off drawings, in writing, authorizing Evans to proceed with fabrication of the Work. This milestone is referred to as the "Sign Off".

3.2 Evans will establish a formal project schedule, based on dates mutually agreeable to the Buyer and Evans, to ensure a timely delivery the Work after receipt of the Purchase Order and Sign Off. The project size, scope, and shipping destination will affect the project schedule.

3.3 All the detailed information required to complete the design of the consoles must be provided to Evans by the Buyer at the time of project Sign Off. All of the product dimensions shown on the Sign Off drawings are considered final. Any changes to these dimensions by the Buyer after project Sign Off may have an impact on pricing and/or schedule.

3.4 In the case where there are further questions following project Sign Off, or there are clarifications or missing information that are identified during the detailed design and manufacturing stage of the project, the Buyer must respond to these questions within forty-eight (48) hours of the request being sent by Evans. If Evans does not receive a request within the timeframe, the scheduled project delivery and/or cost may be impacted.

3.5 Room dimensions that are provided to Evans by the Buyer and which are shown on the Sign Off drawings, are assumed to be the correct onsite dimensions. In the case there is a discrepancy between the onsite conditions and the Sign Off drawings, the Sign Off drawings will be considered as correct, and any adjustment required may have an impact on pricing and/or schedule.

4.0 Packing

4.1 For shipments to the United States or Canada, the Quotation includes packaging suitable for dedicated air-ride moving van shipment. Components such as panels, work surfaces, and baseboards may be packaged separately. The console framework will be segmented into convenient lengths for handling.

4.2 At the Buyer's request, Evans can supply rugged crating for general freight, ocean freight, air freight, or Less Than Truckload (LTL) shipment at an additional charge. All projects requiring crating will be quoted and furnished with Evans standard frame crates (i.e., plywood on bottom only) unless noted otherwise. If alternate crating requirements are requested after the Purchase Order has been issued, Evans will provide a revised Quotation or Change Order for any additional services.

5.0 Shipment and Storage

5.1 The shipping price is valid only for the shipment of the Work described in the Quotation, based upon single shipping activity unless noted otherwise. If the Buyer requests additional shipments, expedited shipments, or off-site storage of the product, Evans will provide a revised Quotation or Change Order for the additional services. Freight (i.e., transportation) pricing is subject to adjustment due to fuel cost changes. Evans requires a minimum of fifteen (15) business days to coordinate resources prior to the ship date. Any last-minute changes from the client may have a cost/schedule impact.

5.2 Evans follows the international trade terms under Incoterms 2020 and Uniformed Commercial Code (UCC).

5.3 When Evans is responsible for shipping the Work, unless otherwise stated, the shipping terms must be Carriage, Insurance Paid To (CIP) named destination point. Title and risk must pass to the Buyer when the Work is delivered to the carrier by Evans who pays for transportation and insurance to the named destination.

5.4 If damage occurs during shipment, these damages must be identified and Evans notified within forty-eight (48) hours of delivery. Evans packaging uses Shockwave indicators to assess potential impacts and rough handling

during shipping. When the customer receives the product from an Evans shipment or is responsible for handing or offloading, when the crate/crates are received inspect the Shockwatch 2 indicator and follow the following process (a) check serial number of the indicator. Confirm that it matches the serial number on the shipping document (b) review indicator windows for activation. If red, the sensitivity threshold was exceeded by an impact. If indicator window is red, accept the shipment. However, note on the bill of lading the indicator was activated and inspect the shipment for damage. Take pictures of the damaged crate before opening it. Open the crate and inspect parts for damage. If there are damaged parts take pictures and notify your Evans Consoles Project Manager.

5.5 In the case of an ocean shipment, the damaged goods must be set aside for a formal marine survey and it must be noted whether or not the container's seal was intact upon arrival at the destination. The surveyor must determine where the damages occurred and assign liability to the appropriate party. The carrier has the right to take physical possession of the Work against which damages are being claimed. If the carrier is assessed a financial sum for the damaged product, they have the right to sell the damaged Work for salvage.

5.6 For deliveries within the United States or Canada a single offloading activity is included in the Quotation. The Quotation is based upon clean and clear access from the point of unloading to the room of rest. For international deliveries, container unloading is not included in the Quotation.

5.7 If the Buyer is responsible for shipping the Work, the shipping terms will be Ex Works (EXW) (named place of delivery) as defined in Incoterms 2020 or the Uniformed Commercial Code (UCC). Evans will place the Work on Evans' loading dock, suitably packaged for export shipment and advise the Buyer in writing it is available for pickup. If pickup does not occur within three (3) working days, additional costs may apply. The Buyer must communicate to Evans the method of transport to ensure the packaging is appropriate, subject to the shipping provisions contained herein. Title passes to the Buyer when the Work is removed from Evans' dock and the Buyer or their representative carrier, signs the bill of lading. The Buyer is responsible for all damages during loading, transport, and off-loading.

5.8 The Work is designed for indoor control room environments with temperature and humidity control. Evans requires, in circumstances where any Work is to be stored by Buyer, that Work, including the Work contained in crates or shipping materials, be housed in indoor warehouse conditions maintaining a constant temperature range between fifteen to twenty-five degrees Celsius (15°C to 25°C) (i.e., sixty to seventy degrees Fahrenheit (60°F-75°F)) and between forty-five to fifty-five percent (45% to 55%) humidity range. Adequate temperature control and ventilation must be provided during storage and handling to protect the Work from extreme climate fluctuations. Evans will not replace under warranty, nor will it be deemed a breach of any representation or warranty regarding the quality of the Work, any Work damaged by improper or negligent storage conditions, or conditions which do not meet the standards outlined herein at the sole discretion of Evans.

6.0 Site Preparation and Installation

6.1 The Buyer must make the destination and/or project site (the "Site") clean, clear, and prepared for the installation or delivery of the Work upon the agreed delivery date. For installation, all flooring, carpeting, walls, painting, and electrical construction that could in any way affect or impact the installation of the Work must be complete.

6.2 The Buyer must appoint a representative who will be available at the Site to direct Evans installation team regarding security, site safety, and Work placement.

6.3 The price for the installation of the Work contained in the Quotation is firm and fixed for a single installation visit for the Work at a non-union Site for affiliated furniture systems installers. If the Buyer requests union labor for off-loading or installation after a Purchase Order has been accepted, all additional costs will be the responsibility of the Buyer. Unless otherwise agreed, the installation price contained in the Quotation is based upon a single installation of the Work during weekday, regular work hours. Evening or weekend installation activities may be subject to additional charges to the Buyer.

6.4 Evans requires a minimum of fifteen (15) business days to coordinate resources prior to the installation activity. Any last-minute changes from the client may have a cost/schedule impact.

6.5 Multiple installation activities, additional time required for unscheduled safety training sessions or drug testing, Work requiring relocation by Evans at the Site or general delays caused by Site conditions not being prepared for the Work will be an additional charge to the Buyer.

6.6 All installations of the Work must be performed by an authorized Evans Representative or an Evans' certified dealer (collectively the "Installer"). For Purchase Orders made excluding installation services, it is understood that Evans products are customized and do not come with installation or assembly manuals. If the Buyer wishes to purchase the Work contained herein without installation services provided by Evans, they must execute an Installation Waiver in favor of Evans. If the Buyer is a dealer not certified by Evans to act as an Installer, the Buyer is required to use an Installer.

7.0 Changes

7.1 The parties may, by written or electronic notification, request changes to the drawings, designs, specifications, method of shipment or packing, quantity, or time or place of delivery of the Work, reschedule the installation, or require additional or diminished Work (the "Change Order").

7.2 All changes requested must be agreed to in writing by both parties, otherwise they are unenforceable. Only an authorized representative of Evans may issue a Change Order to the Purchase Order. If any change causes an increase or decrease in the price of, or the time required for, performing the Purchase Order, an equitable adjustment will be made in the Purchase Order price, delivery dates, or both, and Evans will provide a revised Quotation or Change Order for the adjustment.

8.0 Buyer Acceptance

8.1 Upon completion of the installation, the Buyer must arrange for the Buyer's representative to receive a product demonstration and training on the operation and maintenance of the installed Work.

8.2 Upon completion of the installation of the Work, a report will be produced by the Installer, and will be executed by the Buyer's representative signifying acceptance of the installed Work subject to the resolution of any damaged or deficient items. If the installation is not substantially completed, the final acceptance will be delayed until the resolution of all identified deficient or damaged items is complete. Signed acceptance including a punch list of any noted deficiencies and/or damages must be reported back to Evans corporate office within forty-eight (48) hours of installation completion. All Installers must provide a signed acceptance from the Buyer to Evans.

9.0 Evans Warranty

9.1 Unless otherwise stated in the quotation, Evans warrants that all the Work will be free from defects in materials and workmanship from the date of purchase. Terms of the warranty are as follows:

a. Lifetime warranty on all fixed structural frame components;
b. Lifetime warranty on all static exterior panels and work surface components parts; with five (5) years for labor;
c. Lifetime warranty on all adjustable, sliding or hinged mechanisms or parts; with five (5) years for labor;
d. Five (5) year warranty on the Evans branded E-Arm family;
e. Five (5) year warranty on electrical actuated lift columns;
f. Three (3) year product warranty on Evans' PowerLinc™ system;
g. Three (3) year product warranty on Evans' EnviroLinc™ system with Evans Ceramic heater;
h. Three (3) year product warranty on Evans' LumiLinc™ system;
i. Original Equipment Manufacturer (OEM) warranty on all third-party buyouts.

9.2 The warranty period will begin on the date the Work receives final acceptance from the Buyer at the Site in the form of a signed Project Completion Report (PCR). If the product goes into storage for more than three months, warranty period will start on the first day of the fourth month. If Evans is not providing installation services for the consoles, Evans' Lifetime Limited Warranty does not apply to damage resulting from improper installation. Notification of any defect or failure must be in writing to Evans within the applicable warranty period. If a written notice of a warranty claim is not delivered to Evans prior to the expiration of the relevant warranty period, Evans must not be obligated to provide any warranty for the Work.

9.3 If the Buyer executes an EvansCare Maintenance contract within one (1) year of project final acceptance, as long as the contract is maintained on an annual basis, Evans will provide a lifetime warranty on all elements of the Work. Failure to maintain an annual EvansCare Maintenance contract (with no breaks allowed) will revert warranty back to standard terms as outlined in clause 9.1.

9.4 At Evans' option, products will be repaired at the Site or, if deemed necessary, will be returned to Evans, with Evans being responsible for shipping and handling charges and insuring the shipment. Evans will return the repaired or replacement products to the Buyer via prepaid freight. If

Evans does not accept a notice of defect or failure based on their sole discretion that the defect or failure was caused by causes or situations outlined in section 12.0 below, the decision is binding and final upon the Buyer.

9.5 The warranty periods must not be extended or modified due to any warranty claims, repairs, or replacements made under section 9.0.

9.6 This warranty does not cover damage due to external causes, including accident, abuse, problems with electrical power, improper application and misuse, installation by parties other than Installers, alterations, improper storage, servicing unauthorized by Evans, neglect, problems caused by the use of parts and components not supplied by Evans, or the effects of normal wear and tear.

9.7 The warranty on Evans Urethane Ergonomic Waterfall Nosing is void and unenforceable if any ammonia-based cleaners are used on the nosing and/or worksurface.

9.8 This warranty does not cover any consumable items such as, but not limited to, light bulbs, filters, and any third-party software.

9.9 The provision of installation labor is at the sole discretion of Evans, and is excluded on all buy-out products that are not directly incorporated into the design/manufacture of Evans' custom-fabricated products.

9.10 Rights and benefits of this section are given solely to the original Buyer of the Work and may not be transferred or assigned to a third party without the prior written consent of Evans.

9.11 a. All Purchase Orders entered by a Buyer residing primarily, or having head offices, in the United States, regardless of its place of negotiation, execution, or performance, must be governed by and subject to the laws of Texas and exclusive jurisdiction of the regional district courts of Texas, and the United States District Court for the Northern District of Texas, Fort Worth Division, as appropriate, must have exclusive jurisdiction regarding any related disputes.

b. All Purchase Orders entered into by a Buyer residing primarily, or having head offices, in Canada or any other country internationally, regardless of its place of negotiation, execution, or performance, must be governed by and subject to the laws of the Province of Alberta and of Canada applicable therein, and exclusive jurisdiction of the courts of Calgary, Alberta, as appropriate, must have exclusive jurisdiction regarding any related disputes.

10.0 Confidentiality

10.1 The Buyer agrees to maintain confidentiality with regard to confidential, and proprietary information, as well as all trade secrets and intellectual property disclosed or developed by Evans in connection with the Work or the Purchase Order, and must require the similar undertaking from any employees, subcontractors, representatives, or agents. Any drawings, plans, and data, furnished by Evans to the Buyer and all related technical and commercial information that the Buyer may receive in the course of the Purchase Order and the Work, must be confidential and must not be used for any purpose other than performing this contract. Such confidential information must not be reproduced or copied by the Buyer without Evans' written consent and must remain the sole property of Evans, even upon completion of the Work and Purchase Order.

11.0 Jurisdiction

11.1 All Purchase Orders entered by a Buyer residing primarily, or having head offices, in the United States, regardless of its place of negotiation, execution, or performance, must be governed by and subject to the laws of Texas and exclusive jurisdiction of the regional district courts of Texas, and the United States District Court for the Northern District of Texas, Fort Worth Division, as appropriate, must have exclusive jurisdiction regarding any related disputes.

11.2 All Purchase Orders entered by a Buyer residing primarily, or having head offices, in Canada or any other country internationally, regardless of its place of negotiation, execution, or performance, must be governed by and subject to the laws of the Province of Alberta and of Canada applicable therein, and exclusive jurisdiction of the courts of Calgary, Alberta, as appropriate, must have exclusive jurisdiction regarding any related disputes.

12.0 Limitation of Liability

12.1 The parties agree to indemnify and hold harmless the other party from any and all claims for damage, loss, injury, or expense, including reasonable attorney fees, to any property or persons, arising out of, or in any way incidental to the negligent performance of their respective obligations under the Purchase Order or by anyone for whom they are in law responsible.

12.2 Evans does not provide professional architectural, electrical engineering, mechanical engineering, or structural engineering services. Evans must be held harmless for such work based on design recommendations provided by the Buyer or Buyer's representatives during the course of the Purchase Order.

12.3 EVANS IS NOT LIABLE FOR ANY LIQUIDATED, SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES (INCLUDING ANY DAMAGES FROM BUSINESS INTERRUPTION, LOSS OF PROFITS OR REVENUE, COST OF CAPITAL, OR LOSS OF USE OF ANY PROPERTY OR CAPITAL) EVEN IF ADVISED, OR OTHERWISE AWARE, OF THE POSSIBILITY OF ANY SUCH DAMAGES. THE EXCLUSION OF SUCH DAMAGES IS INDEPENDENT OF, AND WILL SURVIVE, ANY FAILURE OF THE ESSENTIAL PURPOSE OF ANY LIMITED REMEDY UNDER THESE TERMS AND CONDITIONS. IN NO EVENT MUST Evans' LIABILITY EXCEED THE VALUE OF THE PURCHASE ORDER.

13.0 Force Majeure

13.1 If, by reason of a Force Majeure, either party hereto must be rendered unable wholly or in part to carry out its obligations under the Purchase Order, then such party must give notice and full particulars of such Force Majeure in writing to the other party within a reasonable period of time. Upon such notice, the obligations of the party giving such notice, so far as it is affected by such Force Majeure, must be suspended during the continuance of the event then claimed, and such party must endeavor to remove or overcome such inability with all reasonable diligence. The term Force Majeure as employed herein, must mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, insurrection, riots, epidemics, landslides, lightning storms, earthquake, fires, hurricanes, storms, floods, washouts, droughts, arrests, restraint of government and people, civil disturbances, explosions, or any other causes not reasonable within the control of the party claiming the Force Majeure.

13.2 Each party must take all commercially reasonable steps to mitigate any loss or damages as a result of the Force Majeure.

13.3 The Buyer must pay for the portion of the Work completed and/or delivered up until the point of delay by Force Majeure.

14.0 Termination

14.1 If the Buyer is in material breach of the Purchase Order and fails to remedy the breach within ten (10) days of written notice of the breach, Evans may terminate this Purchase Order at their sole discretion. If the material breach continues, Evans may terminate this Purchase Order and the Buyer will be responsible for any costs incurred by Evans in their performance under the Purchase Order to the date of termination.

14.2 The solvent party may terminate this Purchase Order upon written notice if the other party commits an act of insolvency or the Buyer is unable to produce satisfactory evidence of solvency at the request of Evans.

15.0 Waiver

15.1 The failure of either party to enforce at any time any of the provisions of the Purchase Order will not be construed to be a continuing waiver of those provisions, nor will any such failure prejudice the right of the party to take any action in the future to enforce any provision.

16.0 Survival and Severability

16.1 All provisions of these terms and conditions which by their nature should apply beyond its term will remain in force after any termination or expiration of the Purchase Order, including but not limited to sections 9.0, 10.0, 11.0, 12.0, 15.0, and 17.0.

16.2 If any provision of these Terms and Conditions are held to be illegal, invalid, or unenforceable by a court of competent jurisdiction, that provision will be severed from these Terms and Conditions and the Purchase Order and the remaining provisions will remain in full force and effect.

17.0 Duties

17.1 Notwithstanding anything to the contrary contained in the Quotation, the Buyer and EVANS acknowledge and agree that the price does not include any duties, tariffs, levies, import charges or assessments levied or imposed by the relevant Government authorities upon the importation of the goods or services described in the Quotation. Any such duties, levies, import charges or assessments as are levied or imposed at any time hereafter by the Government upon the importation shall be paid by in whole by the Buyer. If such duties, levies, import charges or assessments are paid by EVANS, they shall be reimbursed by the Buyer to EVANS upon invoice thereof. The price set forth in the Quotation for the Work includes all transportation, carriage and insurance from EVANS' manufacturing facilities to the designated place or places for delivery specified in the Quotation.

Dear Lea Alvarez:

PlaySouth Playground Creators is delighted to provide City of Kennesaw with this playground equipment proposal.

This design was developed with your specific needs in mind, and we look forward to discussing this project further with you to ensure your complete satisfaction. PlaySouth Playground Creators is confident that this proposal will satisfy City of Kennesaw's functional, environmental, and safety requirements -- and most importantly -- bring joy and excitement to the children and families directly benefiting from your new playground.

You have our personal commitment to support this project and your organization in every manner possible, and we look forward to developing a long-standing relationship with City of Kennesaw. We appreciate your consideration and value this opportunity to earn your business.

Sincerely,

1. PURCHASER agrees to furnish at its sole cost and expense a suitable place for Performance as indicated below

□ Indoors, with properly lighted, climate controlled area along with appropriate staging and electrical power as per PERFORMER'S technical requirements.

□ Outdoors, with grounded performance area/stage with appropriate cover from the elements and electric power as per the PERFORMER'S technical requirements.

□ Check here if RCS PRODUCTIONS is providing staging under a separate contract and PURCHASER's obligation to provide a place for the Performance does not include providing the stage itself.

2.. PURCHASER agrees to provide the show site and other areas as reasonably necessary for the Performance in order that equipment setup, rehearsals, and sound checks can be accomplished without disturbing business meetings or any other events that may be occurring near the location of the Event. Any venue power charges will be paid in full by PURCHASER.

3. PURCHASER agrees to pay PRODUCER the Fee set forth above. PURCHASER further agrees to ~~pay any and all federal, state, and local taxes and fees in any way related to the Performance, Event, or this Agreement, and to~~ obtain all necessary licenses required in relation to the Event or Performance. PURCHASER agrees to provide general liability, all hazards insurance coverage related to the Event and Performance with minimum limits of $1,000,000.00 dollars, auto liability insurance related to the Event and Performance with minimum limits of $1,000,000.00 dollars, and workers compensation insurance in amounts not less than required by law. PURCHASER agrees to provide proof of such insurance in a form satisfactory to PRODUCER not less than 15 days prior to the Performance and if PURCHASER fails to do so, PRODUCER may terminate this Agreement or purchase such insurance coverage and in such event, PURCHASER shall be responsible for reimbursing PRODUCER for any documented out of pocket costs associated with such purchase of insurance coverage. PURCHASER shall not disclose that PERFORMER will be performing as set forth herein, or the time, date, or place of PERFORMER'S Performance until March 25, 2022.

4. PURCHASER agrees to procure and pay for all necessary licenses and consents for the performance of the musical compositions played by PERFORMER, including but not limited to any and all clearances and licenses from ASCAP and BMI. PURCHASER further agrees, to the extent allowable by law, to indemnify and hold PRODUCER harmless from and against any and all claims, damages, costs, expenses and reasonable attorneys' fees of any nature arising out of or related to PURCHASER'S failure to procure any such licenses or consents. PURCHASER shall provide security as may be reasonably required by PRODUCER or PERFORMER during the Performance and during the setup and tear down associated with the Performance.

5. PRODUCER shall, to the fullest extent permitted by law, defend, indemnify and hold harmless the PURCHASER, its officials, officers, directors, agents, employees, and insurers, from and against all liability, claims, demands, suits, actions, or proceedings of any kind, including without limitation, claims arising from bodily injury, personal injury, sickness, disease, death, property loss, or damage, attorneys' fees, or any loss of any kind whatsoever, which arise out of or are in any manner connected with PRODUCER'S negligence, this Agreement, including workers' compensation claims, in any way resulting from or arising from the services rendered by the PRODUCER, its employees, agents, or subcontractors, or others for whom PRODUCER is legally liable, under this Agreement.

6. PURCHASER shall use best efforts to ensure that no part of the Performance shall be professionally recorded, reproduced, or transmitted in any manner or by any means whatsoever in the absence of a specific written agreement with PRODUCER and PERFORMER relating to and permitting such recording, reproduction or transmission. (audience cell/mobile phones are acceptable)

7. PRODUCER agrees to contract with the PERFORMER for a performance as described in this Agreement (the "Performance"), which shall occur as a part of the event described above in this Agreement (the "Event"). PRODUCER shall at all times have complete control and supervision over the services of its personnel and contractors as well as the content of the Performance to fulfill the requirements of this Agreement. PRODUCER reserves the right to make reasonable adjustments to the Performance time in coordination with PURCHASER, including but not limited due to inclement weather, unexpected delays, circumstances outside of PRODUCER's control and delays caused or contributed to by the PERFORMER, subject to the terms of this Agreement.

8. It is expressly agreed the RCS PRODUCTIONS., herein acts as PRODUCER and is not responsible for any acts or omissions on the part of any of PURCHASER, PERFORMER, or any of either of their employees, contractors, or agents, except as provided herein.

9. To the extent allowable by law, PURCHASER agrees to be responsible for and hold PRODUCER harmless with respect to any injury, cost or damage to PERFORMER, PERFORMER's property, or any person or property of any employee, agent or contractor of PERFORMER if caused in whole or in part by any of PURCHASER, PURCHASER'S guests, employees or contractors.

10. This Agreement may only be terminated for cause. In the event of termination for cause, without limiting any other remedies available at law or in equity, the terminating party shall be entitled to payment for services rendered or actual costs expended in reliance thereof, or refund of payments for services not rendered or costs expended in reliance thereof. If PURCHASER postpones the performance without cause, PURCHASER agrees to use its best efforts to reschedule the performance for a mutually agreeable date and will reimburse PRODUCER for any documented out of pocket expenses incurred by such a postponement such as, but not limited to, travel expenses. If a performance is cancelled by PURCHASER without cause, and is not rescheduled to a mutually agreeable date, the PURCHASER agrees to pay the full contracted fee for such performance. As used herein, the term "without cause" shall include any postponement or cancellation by PURCHASER that is not caused by force majeure or PRODUCER'S material breach of this Agreement.

11. "Force Majeure" shall mean state of emergency due to weather; illness, death or incapacitation of a key member of the PERFORMER or death or life threatening illness of an immediate family member of a key member of the PERFORMER; any present or future statute, laws, ordinance, regulation, order, judgment or decree; act of God; earthquake; flood; fire; epidemic; accident; explosion; casualty; lockout, boycott, strike, or labor controversy (including, but not limited to, threat of lockout, boycott or strike); riot, civil disturbance, war or armed conflict (whether or not there has been an official declaration of war or official statement as to the existence of a state of war), invasion, occupation, intervention of military forces, act of public enemy, embargo, or act or threat

of terrorism; delay of a common carrier; disruption of air traffic; any inability without fault on the PURCHASER'S part to obtain sufficient material, labor, transportation, power or other essential commodity required in the conduct of its business or services; or any other similar or dissimilar cause or causes outside the reasonable control of a party hereto. In the event that the performance of any of the covenants, duties, or obligations of this Agreement on the part of the PRODUCER or the PURCHASER shall be prevented, interrupted, delayed or suspended by any force majeure event, as defined herein, either party may terminate this Agreement without any liability on either party for any damages arising from such termination. Termination for a force majeure event shall not be deemed a breach of the Agreement. In the event of the cancellation of the performance(s) for a force majeure event, PURCHASER shall use its best efforts to re-engage PRODUCER within a twelve month period on the same terms and conditions set forth herein.

12. Weather shall not be considered a Force Majeure event for an outdoor performance. In the event of inclement weather an alternate location must be selected. If an alternate location is not selected and the Purchaser cancels the performance, the Purchaser agrees to pay the full contracted fee for said performance. In such case, there will be no claim for damages by either party, and any other cancellation of the Event by PERFORMER will result in the deposit being refunded in full to PURCHASER or a comparable PERFORMER will be provided by PRODUCER upon PURCHASER approval.

13. This Agreement may not be assigned or transferred by a party without the prior written consent of the other party. This Agreement may not be assigned or transferred by a party without the consent of the other party. The validity, construction and effect of this Agreement shall be governed by the laws of the State of Georgia, regardless of place of performance. Venue and jurisdiction for any lawsuits arising from or relating to this Agreement shall be in Fulton County, Georgia, or the federal district court for the Northern District of Georgia. This Agreement may not be altered or amended except in writing and signed by all the parties hereto. This Agreement, including but not limited to the initial page entitled "Contract", these Additional Terms and Conditions and any additional written Rider or other attachment(s) (collectively the "Agreement") constitute the entire agreement of the parties hereto. This Agreement represents the jointly bargained for agreement of the parties and no presumption or rule in favor of or against either party shall apply to any term or provision of this Agreement on the basis of that party having been deemed to have drafted such term or provision.

14. In the event any of the terms of this Agreement conflict, the terms of any Rider or other attachment shall control, and if there are multiple Riders or attachments, they shall govern based on their dates, with the most recent Rider or attachment governing over any earlier Riders or attachments; thereafter, the Additional Terms and Conditions shall control; and thereafter the initial page entitled "Contract" shall control.

15. To the Extent of Georgia Law, All indemnification provisions, warranty provisions, and all other provisions contained in this Agreement which, by their terms, may extend beyond the termination, rescission, or revocation of this Agreement shall survive the termination, rescission, or revocation of this Agreement. The parties hereto agree that in the event any provision of this Agreement is deemed illegal or unenforceable by any court or tribunal of competent jurisdiction then such provision shall be deemed not to be a part of this Agreement and shall be deemed to be automatically modified and reformed so as to comply with any applicable law and so as to carry out the intent of the parties hereto to the greatest extent possible; however, if such modification is not possible, then such provision shall be deemed to be void and stricken in its entirety from this Agreement, with all other remaining provisions of this Agreement remaining in full force and effect. The waiver by either party of any breach or default by the other party shall not constitute or be construed as a waiver of any subsequent breach or default of the same or any other provision hereof. Any captions or head notes herein are intended for convenience and for reference purposes only, and shall in no way define or limit the scope or intent of this Agreement or any portion thereof. Nothing contained in this Agreement shall be deemed to create any contractual or third party beneficiary relationship between any parties other than PRODUCER and PURCHASER.

16. This Agreement may be executed in counterparts, each of which shall be deemed to be an original and all of which shall constitute one and the same instrument. The parties hereto stipulate that facsimile signatures shall be deemed originals.

17. Any notice which may be required or permitted to be given under any provisions to this Agreement shall be deemed to have been duly given upon the earlier of (i) 5 days after deposit in the U.S. mail by registered or certified, postage prepaid, or (ii) actual receipt by confirmed facsimile, hand delivery or overnight delivery services, to the PRODUCER or PURCHASER at their respective addresses indicated in this Agreement, or if none is indicated, to the last known address for such party.

Principle Purpose: Certain determinations, such as employment, licensing, and security clearances, may be predicated on fingerprint-based background checks. Your fingerprints and associated information/biometrics may be provided to the employing, investigating, or otherwise responsible agency, and/or the FBI for the purpose of comparing your fingerprints to other fingerprints in the FBI's Next Generation Identification (NGI) system or its successor systems (including civil, criminal, and latent fingerprint repositories) or other available records of the employing, investigating, or otherwise responsible agency. The FBI may retain your fingerprints and associated information/biometrics in NGI after the completion of this application and, while retained, your fingerprints may continue to be compared against other fingerprints submitted to or retained by NGI.

Routine Uses: During the processing of this application, and for as long thereafter, as your fingerprints and associated information/biometrics are retained in NGI, your information may be disclosed pursuant to your consent, and may be disclosed without your consent as permitted by the Privacy Act of 1974 and all applicable Routine Uses as may be published at any time in the Federal Register, including the Routine Uses for the NGI system and the FBI's Blanket Routine Uses. Routine uses include, but are not limited to, disclosures to: employing, governmental or authorized non-governmental agencies responsible for employment, contracting, licensing, security clearances, and other suitability determinations; local, state, tribal, or federal law enforcement agencies; criminal justice agencies; and agencies responsible for national security or public safety.

Applicant Notification and Record Challenge:

Your fingerprints will be used to check the criminal history records of the FBI. You have the opportunity to complete or challenge the accuracy of the information contained in the FBI identification record. The procedure of obtaining a change, correction or updating an FBI identification record is set forth in Title 28, Code of Federal Regulations (CFR), 16.34.

Procedures for obtaining a copy of the FBI criminal history record are set forth in 28 CFR 16.30 through 16.33 or review the FBI website.

LEASE

THIS INDENTURE OF LEASE (the "Lease"), entered into this 6th day of March, 2014 (the "Effective Date"), by and between **BARRETT PARKWAY-HIGHWAY 41, LLC** , a Georgia limited liability company, hereinafter referred to as "Landlord" and **RISE UP, LLC**, a Georgia limited liability company, hereinafter referred to as "Tenant".

WITNESSETH THAT:

In consideration of the obligation of Tenant to pay rent as herein provided and in consideration of the other terms, covenants, and conditions hereof, Landlord hereby leases to Tenant, and Tenant hereby takes from Landlord, the Premises, as defined in Section 1.1(b).

TO HAVE AND TO HOLD the Premises for the Term, defined in Section 1.1(e).

ARTICLE I
DEFINITIONS AND ENUMERATION OF EXHIBITS

1.1 In addition to other terms which are elsewhere defined in this Lease, the following terms when used in this Lease shall have the meanings set forth in this section, and only such meanings, unless such meanings are expressly limited or expanded elsewhere herein:

(a) SHOPPING CENTER: (i) The real estate outlined in bold black boundary line on Exhibit "A", hereto attached and incorporated herein, as further described on Exhibit "A-1", attached hereto and incorporated herein, excluding any real estate depicted as an outlot or otherwise depicted as excluded; (ii) such contiguous real estate as Landlord may from time to time designate in writing as being included in Shopping Center; (iii) the buildings and improvements constructed on such real estate, together with all alterations and additions thereto; and (iv) such improvements as may be constructed on such real estate after the date hereof. Landlord reserves the right to change the number and location of buildings, building dimensions, and the Common Areas and to make such other changes as are provided in Section 2.7 hereof.

(b) THE PREMISES: That portion of Shopping Center which is crosshatched on Exhibit "A," hereto attached. The Premises are deemed to contain 2,532 square feet of Gross Rentable Area, and known as Suites 104 and 105, extending to the center line of the party walls and to the exterior faces of all other walls, but reserving and except to Landlord the use of the roof and exterior walls (other than store fronts) and the right to install, maintain, use, repair, and replace pipes, ducts, conduits, wires, and appurtenant fixtures, leading through the Premises in locations which will not materially interfere with Tenant's use thereof. Notwithstanding the definition or description of the Premises or the method of calculation of the Gross Rentable Area of the Premises, the Premises do not include the right of any usage whatsoever of the exterior walls, roof or the land beneath the Premises, and Tenant shall not attach or place anything on the roof or exterior walls of the Premises, and Tenant shall not have access to the roof. No rights, licenses or easements are created hereunder, except as expressly demised hereunder, and no easement for light or air is leased with or included in the Premises.

(c) READY FOR OCCUPANCY: The Premises shall be Ready for Occupancy as of the date (the "Ready for Occupancy Date") that Landlord delivers notice to Tenant that Landlord's Contribution to Tenant's Work described in Section V of Exhibit "C" hereto attached, has been substantially completed (i.e., completed except for minor finishing operations and punch list items which shall not materially interfere with Tenant's ability to proceed with Tenant's Work). Tenant hereby accepts possession of the Premises as of the Ready for Occupancy Date. **NOTWITHSTANDING ANYTHING IN THIS LEASE TO THE CONTRARY, EXCEPT FOR LANDLORD'S CONTRIBUTION TO TENANT'S WORK DESCRIBED IN SECTION V OF EXHIBIT "C", THE PREMISES ARE BEING DELIVERED AND ACCEPTED IN "AS IS" CONDITION, WITHOUT ANY EXPRESS OR IMPLIED WARRANTIES FROM LANDLORD TO TENANT AS TO THE CONDITION OF THE PREMISES OR AS TO THE SUITABILITY OF THE PREMISES FOR TENANT'S INTENDED USE. TENANT HAS UNDERTAKEN SUCH INSPECTIONS OF THE PREMISES AS IT DEEMS NECESSARY AND APPROPRIATE, AND IS SATISFIED WITH THE CONDITION THEREOF, SUBJECT TO LANDLORD'S AGREEMENT HEREIN REGARDING LANDLORD'S CONTRIBUTION TO TENANT'S WORK AS SET FORTH ABOVE.**

(d) RENT COMMENCEMENT DATE : The earlier of (i) one hundred twenty (120) days following the Ready for Occupancy Date, or (ii) the date upon which Tenant opens the Premises to the public.

(e) LEASE TERM OR TERM: The period of time commencing with the Effective Date of this Lease and terminating on the last day of the one hundred twentieth (120th) full calendar month following the Rent Commencement Date .

(f) SCHEDULED COMPLETION DATE: Within 5 days after the Effective Date.

(g) MINIMUM GUARANTEED RENT: See Exhibit F

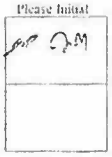

(h) PERCENTAGE RENT RATE: **five percent (5%).**

(i) ADVANCE DEPOSIT: [redacted] applied against Tenant's first full month's Minimum Guaranteed Rent and Tenant's Proportionate Share of Common Area Expense, Taxes, and Insurance Expense.

(j) SECURITY DEPOSIT: [redacted]

(k) TENANT'S GROSS SALES: Defined in Section 3.4.

Please Initial

(l) TENANT'S TRADE NAME: Johnny's Pizza.

(m) TENANT'S WORK: those items described as Tenant's Work in Exhibit "C".

(n) LANDLORD'S WORK: those items described as Landlord's Work in Exhibit "C".

(o) LANDLORD'S MAILING ADDRESS: 35 Johnson Ferry Road, Marietta, Cobb County, Georgia 30068 or such other address as may from time to time be designated by Landlord in a written notice to Tenant.

(p) TENANT'S MAILING ADDRESS: 1635 Old 41 Highway, NW, Suite 104, Kennesaw, GA 30152 or such other address as may from time to time be designated by Tenant in written notice to Landlord.

(q) USE OF PREMISES: The Premises shall be used only for a sit down restaurant offering prepared ready-to-eat pizza pies, bread sticks, soft drinks and ancillary related items including beer and wine (but no other alcoholic beverages), which may offer pick-up and delivery service, but which may not offer any food items that are not prepared and ready-to-eat, and for no other use or purpose. Without expanding the Permitted Use, and notwithstanding any other provision in the Lease to this contrary, in no event shall Tenant use or allow the use of the Premises for any use or purpose set forth in Exhibit H.

(r) ALLOWANCE FOR TENANT'S WORK: [redacted]

(s) COMMON AREAS: Those areas of the Shopping Center, including, but not limited to, all parking areas, which are from time to time open for joint use by the tenants of Shopping Center or by the public, including driveways, truckways, delivery passages, walkways, concourses, malls, planted areas, landscaped areas, and public restrooms and common truck loading and receiving areas which are not leased to or reserved for individual tenants.

(t) GROSS RENTABLE AREA: Floor area designed for tenant occupancy and exclusive use, measured from the exterior of outside walls and store fronts and from the center of party walls and excluding any mezzanines, outside sales areas and other areas for which any tenant thereof does not pay a share of the cost of operation and maintenance of the Shopping Center.

(u) LEASE YEAR: The Term "Lease Year" shall mean, in the case of the first Lease Year, that period from the Rent Commencement Date to the first succeeding December 31; thereafter "Lease Year" shall mean each successive twelve (12) calendar month period following the expiration of the first Lease Year, in each case commencing on January 1 and ending the next succeeding December 31, except that in the event of the termination of this Lease on any day other than December 31, then the last Lease Year shall be the period from the end of the preceding Lease Year to such date of termination.

(v) GUARANTOR: Joseph Adam Paradiso and Jason Mashburn.

1.2 The exhibits enumerated in this section (if used) and attached to this Lease are incorporated in this Lease by this reference and are to be construed as a part of this Lease.

(a)	Exhibit "A"	Shopping Center building(s), subject to those areas shown as excluded.
	Exhibit "A-1"	Shopping Center Legal Description.
(b)	Exhibit "B"	Estimated charges for those items set forth in Sections 5.3, 5.5 and 16.2.

ARTICLE II
CONSTRUCTION AND ACCEPTANCE OF PREMISES

2.1 Landlord has constructed or will construct those buildings and improvements shown on Exhibit "A". Landlord will complete Landlord's Contribution to Tenant's Work in the Premises, as defined in Exhibit "C", with such minor variations as Landlord may deem advisable. Tenant acknowledges that neither Landlord nor any of Landlord's agents, employees, representatives, legal representatives or brokers has made any representations or warranties whatsoever as to the suitability of the Premises for the conduct of Tenant's business or for any other purpose, and that neither Landlord nor any of Landlord's agents, employees, representatives, legal representatives or brokers agreed to undertake or cause to be undertaken any alterations or to construct any improvements to the Premises or the Shopping Center except as expressly provided in this Lease. Tenant shall have no right to enter or occupy the Premises until the Premises are Ready for Occupancy. If Landlord shall for any reason fail to complete, prior to the Scheduled Completion Date, that part of Landlord's Contribution to Tenant's Work which is required, Landlord shall not be deemed to be in default hereunder or otherwise liable in damages to Tenant nor shall the Term or any provision of this Lease be affected. If Landlord shall for any reason fail to deliver the Premises to Tenant prior to the fifth (5^{th}) day after the Effective Date (the "Final Delivery Date"), Landlord shall not be deemed to be in default hereunder or otherwise liable in damages to Tenant, and this Lease shall automatically terminate.

2.2 Tenant agrees to perform as Tenant's Work the work provided for in accordance with the plans and specifications for Johnny's New York Style Pizza, Tenant Build-Out, Suite 104, Barrett Parkway Shops, Kennesaw, Georgia, prepared by Hill Foley Rossi, HFR 01.259.11 ("Tenant's Plans"), which have been approved by Landlord.

Please Initial

Tenant shall submit to Landlord plans and specifications in such detail as Landlord may reasonably request covering any other work which Tenant proposes to do in the Premises. Such plans and specifications shall comply with all requirements set forth in Exhibit "C". Tenant shall not commence any work in the Premises until Landlord has approved the plans and specifications therefor in writing, which approval shall not be unreasonably withheld or delayed.

2.3 When the Premises are Ready for Occupancy. Tenant agrees to accept possession thereof and to proceed with due diligence to perform the work described in such plans and specifications which have been approved by Landlord, and to install its fixtures, furniture, and equipment in the Premises. Tenant shall be responsible for all costs attributable to Tenant's Work, including, but not limited to, costs incurred for all permits, inspections, and the certificate of occupancy, as well as any "impact fees" or off site improvement costs in connection with Tenant's Work at the Premises. Any work Tenant does in the Premises causing venting, opening, sealing, waterproofing or any altering of the roof shall be performed by Landlord's roofing contractor at Tenant's expense. By occupying the Premises, Tenant shall be deemed to have acknowledged that the Landlord has complied with all of its covenants and obligations with respect to the construction of the Premises, except for (a) defects in Landlord's Contribution to Tenant's Work required to be performed under this Lease which are latent at the time the Premises are occupied, which shall in any event be deemed waived by Tenant upon the expiration of one (1) year after the date the Premises are occupied by Tenant, (b) any part of Landlord's Contribution to Tenant's Work that is scheduled to be undertaken after Tenant takes possession of the Premises, and (c) punch list items meaning such unfinished or incorrectly finished items of work that was part of Landlord's Contribution to Tenant's Work, the completion of which times of work would not materially interfere with Tenant's ability to proceed with and timely complete Tenant's Work, such punchlist to be set forth, if at all, in a written notice given by Tenant to Landlord within ten (10) days after the Ready for Occupancy Date. In the event of any dispute concerning work performed or required to be performed in the Premises by Landlord or Tenant, the matter in dispute shall be submitted to Landlord's architect for determination and his certificate with respect thereto shall be binding on Landlord and Tenant.

2.4 (a) Unless delayed in accordance with the provisions of Section 2.8, Tenant agrees to open the Premises to the public for business fully fixtured, stocked and staffed for the Permitted Use within one hundred twenty (120) days after the Ready for Occupancy Date, except that Tenant shall not be obligated to open the Premises to the public for business until Landlord has substantially completed construction of parking facilities complying with the minimum requirements set forth in Section 5.1.

(b) In the event that Tenant fails to open the Premises for business fully fixtured, stocked, and staffed on or before the Rent Commencement Date, then, unless such delay is caused or occasioned by Landlord or force majeure, the Minimum Guaranteed Rent due by Tenant shall increase at the rate of Twenty-five and 00/100 Dollars ($ 25.00) per day for each and every day that Tenant shall fail to commence to do business as herein provided.

(c) At any time after the Rent Commencement Date, within fifteen (15) days after Landlord's written request therefor, Tenant shall execute and deliver to Landlord an Acknowledgement of Term agreement in the form attached hereto as Exhibit "I".

2.5 If in connection with construction or permanent financing of the cost of construction of the Shopping Center, a banking, insurance or other recognized institutional lender shall request reasonable modifications in this Lease as a condition to such financing, Tenant will not unreasonably withhold, delay or defer its consent thereto, provided that such modifications do not increase the obligations of Tenant hereunder or materially adversely affect the interest hereby created. Further, if Landlord is unable to obtain financing for the construction of the Shopping Center except by modifying the terms and provisions of this Lease and Tenant refuses to agree to such modification, Landlord shall have the right prior to the Ready for Occupancy Date to cancel this Lease if the Tenant refuses to approve in writing any such modification within fifteen (15) days after Landlord's request therefor and Tenant hereby irrevocably appoints Landlord, its successors and assigns, as the attorney in fact of Tenant to execute, seal and deliver such instruments on behalf of Tenant should Tenant refuse and fail to do so within ten (10) days after Landlord shall give notice to Tenant requesting the execution, sealing and delivery of such instrument, which notice shall be accompanied by a draft of such instrument, necessary for removing this Lease or any matter thereof from the real estate records; provided that in no event may this Lease be canceled for failure of Tenant to approve any modifications of Section 1.1(b), 1.1(e), 1.1(g), 1.1(h), 1.1(i), 1.1(j), 1.1(p) or 1.1(q). If such right to cancel is exercised, neither party shall have any further obligations or liabilities hereunder, except that Landlord shall repay to Tenant any Advance Deposit or Security Deposit made by Tenant.

2.6 Tenant shall execute and deliver to Landlord at the expiration or termination of this Lease, on Landlord's request, a quit-claim deed to the Premises, in recordable form, designating Landlord as the grantee, and Tenant hereby irrevocably appoints Landlord, its successors and assigns, as the attorney in fact of Tenant to execute, seal and deliver such quit-claim deed on behalf of Tenant should Tenant refuse or fail to do so within ten (10) days after Landlord shall give notice to Tenant requesting the execution, sealing and delivery of such quit-claim deed.

2.7 Landlord may, from time to time, do any one or more of the following with respect to buildings, or the Common Areas then existing in the Shopping Center or buildings or the Common Areas to be constructed in the Shopping Center: (i) construct alterations therein; (ii) construct additions thereto; (iii) construct additional stories thereon; (iv) construct additional buildings, free-standing or connected to the then-existing buildings; (v) construct deck or elevated parking facilities, freestanding or connected to then-existing buildings; (vi) modify Tenant's storefront; or (vii) rearrange, relocate, build upon or eliminate any buildings or Common Areas, provided that in no event shall there be provided less than the minimum parking facilities as set forth in Section 5.1 hereof (except on a temporary basis as provided in Section 5.2).

2.8 Anything in this Lease to the contrary notwithstanding, neither Tenant nor Landlord shall be deemed in default with respect to the performance of any and all terms, covenants and conditions of the Lease if such failure of performance shall be due to any strike, lock-out, boycott, labor dispute, civil commotion, war-like operation, invasion, rebellion, hostilities, military or usurped power, sabotage, governmental regulation or control, inability to obtain any material or service, Act of God, adverse weather conditions, energy shortage or any other cause whether similar or dissimilar, beyond the reasonable control of the Tenant or Landlord, as the case may be ("force majeure"); provided (a) such cause is not due to the willful act or omission of the Tenant or Landlord, as the case may be, (b) delays or failures to

Please Initial

perform resulting from lack of funds shall not be deemed delays beyond the reasonable control of a party, (c) the foregoing shall not relieve the Tenant from its obligation to timely pay rent and other sums due under this Lease, and (d) the party claiming any such excuse for its performance hereunder has given the other party notice of the cause and anticipated duration of such failure of performance.

ARTICLE III
RENT

3.1 Rent and other charges due and payable hereunder shall accrue hereunder from the Rent Commencement Date until the termination of this Lease and shall be payable at the following mailing address unless otherwise directed by Landlord in writing: c/o Retail Planning Corporation, 35 Johnson Ferry Road, Marietta, Georgia 30068 . It shall be the Tenant's responsibility to see that the payments are received by the Landlord at the Landlord's above-specified address on or before the date when such payments are due. Payments mailed by the Tenant are mailed at the Tenant's own risk and, regardless of when a payment is mailed, the payment shall not be deemed received by the Landlord until the payment is actually in the Landlord's possession.

3.2 Tenant shall pay to Landlord the Minimum Guaranteed Rent without demand in twelve (12) equal monthly installments. The first such monthly installment shall be due and payable on or before the Rent Commencement Date (except that if the Rent Commencement Date falls on a day other than the first day of a calendar month, the first payment shall be an amount equal to that percentage of a monthly installment which the number of days from the Rent Commencement Date to the end of such calendar month bears to the total number of days in such month) and a like installment shall be due and payable without notice on or before the first day of each succeeding calendar month during the Term. The covenant of Tenant to pay all rents hereunder is and shall be deemed a separate and independent covenant and Tenant shall have no right of deduction or set-off whatsoever. In addition to Minimum Guaranteed Rent, Percentage Rent and all other payments due and payable by Tenant hereunder, including, but not limited to, Tenant's Proportionate Share of Common Area Expense (as hereinafter defined) , Taxes, and Insurance Expense are known as "Additional Rent" and such sums shall be due and payable on demand, together with interest thereof as provided below. Minimum Guaranteed Rent and Additional Rent are herein sometimes referred to as "Rent" or "Rental".

3.3 In addition to the Minimum Guaranteed Rent, Tenant shall pay to Landlord Percentage Rent for each calendar year or portion thereof during the Term of this Lease in the amount by which (i) the product of the Percentage Rent Rate multiplied by Tenant's Gross Sales during such calendar year or portion thereof, exceeds (ii) the Minimum Guaranteed Rent payable for such calendar year. The Percentage Rent shall be paid without demand in monthly installments as follows: on or before the 15th day following the end of each calendar month, Tenant shall pay to Landlord the amount by which (i) the product of the Percentage Rent Rate multiplied by Tenant's Gross Sales during the preceding calendar month, exceeds (ii) the Minimum Guaranteed Rent payable for such calendar month. If the total of the monthly payments of Percentage Rent made by Tenant for any calendar year exceeds, or is less than the Percentage Rent payable for such calendar year in accordance with the terms of this Lease, then, if there is an excess, Landlord shall refund such excess to Tenant, or if there is a deficiency, Tenant shall pay such deficiency to Landlord, within ten (10) days after delivery by Tenant to Landlord of the certified annual report of Tenant's Gross Sales required by Section 4.1. If this Lease commences on a date other than the first day of a calendar year, or terminates on a date other than the last day of a calendar year, Percentage Rent for the fractional part of the calendar year following the Rent Commencement Date or preceding the termination date, as the case may be, shall be the amount by which (i) the product of the Percentage Rent Rate multiplied by Tenant's Gross Sales during such fractional part of a calendar year, exceeds (ii) the Minimum Guaranteed Rent payable for such calendar year, as prorated for such fractional period, such Percentage Rent to be paid in monthly installments as provided with respect to a full calendar year. The provisions of this Section shall survive the expiration or sooner termination of the Lease.

3.4 The term Tenant's Gross Sales as used herein, shall be deemed to mean the gross proceeds, whether cash or otherwise, from business done in or from the Premises, including the entire sales price of merchandise (including gift and merchandise certificates) sold, charges for services, deposits not refunded to customers, the entire sales price of merchandise sold as a result of orders taken at the Premises but delivered elsewhere, and the entire sales price of merchandise delivered from the Premises as a result of orders taken elsewhere. The gross proceeds from business done by any permitted concessionaire or licensee or otherwise in or from the Premises, gross proceeds from business done through vending machines or other devices located in the Premises, and gross proceeds from business done in or from the Premises with employees shall also be deemed to be a part of Tenant's Gross Sales. An installment sale or a sale on credit shall be treated as a sale at the full sales price in the month during which such sale is made. No deduction from Tenant's Gross Sales shall be allowed for uncollected or uncollectible credit accounts. Tenant's Gross Sales shall be deemed to exclude (a) any sums collected from customers and paid out for a sales or excise tax imposed by any duly constituted governmental authority if the amount of such tax is separately charged to the customer and paid by Tenant directly to the governmental authority, or to a member of the Federal Reserve Bank System for the benefit of the governmental authority; (b) the exchange of merchandise with other stores of Tenant, if such exchange is made solely for the convenient operation of the business of Tenant and not for the purpose of consummating a sale which was made in or from the Premises and if such exchange of merchandise is not for the purpose of depriving Landlord of the benefit of a sale which otherwise would be made in or from the Premises; (c)the amount of returns to suppliers or manufacturers; (d) the amount of any cash or credit refund made upon any sale if the merchandise sold, or some part thereof, is returned by Tenant's customer and accepted by Tenant; nor (e) sales of Tenant's fixtures not in the ordinary course of Tenant's business.

For purposes of Sections 3.3 and 3.4 hereof, the term "Tenant" shall include any of the Tenant's permitted sub-tenants, concessionaires, and licensees.

ARTICLE IV
SALES REPORTS AND RECORDS

4.1 On or before the 15th day of each calendar month during the Term, Tenant shall prepare and deliver to Landlord a statement of Tenant's Gross Sales (said statement may be in the form of Tenant's State Sales Use Tax Form

if applicable) during the preceding calendar month. In addition, within sixty (60) days after the expiration of each Lease Year, Tenant shall prepare and deliver to Landlord a statement of Tenant's Gross Sales during such Lease Year certified to be correct by an officer of Tenant.

4.2 Tenant shall keep, and shall cause each licensee or concessionaire of Tenant to keep in the Premises or at some other location in the general vicinity of the Premises an accurate set of books reflecting Tenant's Gross Sales and with respect thereto shall preserve all cash register tapes, sales slips, order records, records of transactions with concessionaires and licensees, shipping records, records of merchandise returned, federal, state and city tax returns, banking records, and such other records as may be needed for an effective audit of Tenant's Gross Sales. All such books and records shall be retained for a period of at least twenty-four months after the end of the Lease Year to which they relate, or if Landlord shall have begun a special audit in accordance with Section 4.3, for such longer period as may be required to complete such special audit. All such books and records shall be subject to inspection and audit by Landlord at all reasonable times.

4.3 If Landlord is not satisfied with the statement of Tenant's Gross Sales as submitted by Tenant, Landlord shall have the right to have auditors of Landlord's choice make a special audit of all books and records, wherever located, pertaining to Tenant's Gross Sales. If Tenant's Gross Sales, as so determined by special audit, exceed the figures submitted by Tenant by more than three (3%) percent, then (i) Tenant shall pay the cost of such audit; otherwise the cost of such audit shall be borne by Landlord and (ii) Landlord shall have the option, exercisable within ninety (90) days following such determination, to terminate this Lease upon 30 days' notice to Tenant. Tenant shall promptly pay to Landlord any deficiency in Percentage Rent or Landlord shall promptly refund to Tenant any overpayment in Percentage Rent, as the case may be, which is established by such special audit.

4.4 At any time during the Term, Tenant shall, upon ten (10) days prior written notice from Landlord, provide Landlord with a current financial statement and financial statements of Tenant and any Guarantor for the two (2) years prior to current financial statement year. Such statements shall be prepared in accordance with generally accepted accounting principles and, if such is the normal practice of Tenant or Guarantor, shall be audited by an independent certified public accountant.

ARTICLE V
COMMON AREAS

5.1 Landlord agrees that it will maintain parking facilities in Shopping Center or in reasonable proximity thereto which shall contain at all times after Tenant has opened the Premises to the public for business at least four (4) parking spaces for each one-thousand (1,000) square feet of Gross Rentable Area occupied by tenants of Shopping Center, excluding any space used for a theater; provided, however, that if a portion or portions of the parking area shall be taken for any public or quasi public use under any governmental law, ordinance or regulation or by right of eminent domain or by private purchase under threat thereof, Landlord shall be relieved of its obligations to provide parking facilities in accordance with this section to the extent that such parking facilities cannot be provided without unreasonable expense, or in reasonable proximity to the Shopping Center.

5.2 Tenant, and its licensees, concessionaires, employees and customers shall have the non-exclusive right to use the Common Areas as constituted from time to time, such use to be in common with Landlord, other tenants of the Shopping Center and other persons entitled to use the Common Areas, subject to such reasonable rules and regulations as Landlord may from time to time prescribe, provided that Landlord may require that automobiles owned by Tenant, its licensees, concessionaires and employees be parked in specific portions of the Common Areas or other parking areas outside the Shopping Center which are in reasonable proximity thereto. Upon request by Landlord, Tenant shall furnish to Landlord a complete list of the license numbers of all automobiles operated by Tenant, its licensees, concessionaires and employees. If Tenant, its licensees, concessionaires and employees fail to park their cars in the Common Areas designated by Landlord as employee parking areas, Landlord shall have the right in its sole discretion to (i) charge Tenant [redacted] per day per car parked in any Common Areas other than those designated, or (ii) have such car(s) physically removed from the Shopping Center at Tenant's expense without any liability whatsoever to Landlord, or Landlord may elect both of(i) and (ii). Tenant shall not interfere with the rights of other persons to use the Common Areas. Notwithstanding any provision of this Lease to the contrary, Landlord may temporarily close any part of the parking facilities or other portions of the Common Areas for such periods of time as may be necessary for (i) temporary use as a work area in connection with the construction of buildings or other improvements within the Shopping Center or contiguous property, (ii) repairs or alterations in or to the Common Areas or to any sewers, utility facilities or distribution lines located within the Common Areas, (iii) preventing the public from obtaining prescriptive rights in or to the Common Areas, (iv) security reasons, or (v) doing and performing such other acts (whether similar or dissimilar to the foregoing) in, to and with respect to, the Common Areas the Landlord shall elect, including but not limited to using part of the Common Areas for non-customer parking; provided, however, that Landlord shall use reasonable efforts not to unduly interfere with or disrupt Tenant's business.

5.3 Tenant shall pay as Additional Rent, as hereinafter provided, its share (as hereinafter defined and sometimes referred to as "Proportionate Share") of expense incurred by Landlord at its discretion for the operation, management and maintenance of the Common Areas and the Shopping Center and as otherwise provided herein (hereinafter called the "Common Area Expense"), including without limitation management fees paid to a management company, costs incurred for lighting, painting, cleaning, removal of trash, garbage, debris and other refuse central trash disposal (if Landlord elects to provide), traffic control, fire protection, sewerage, or septic system, compliance with governmental and other regulatory authority applicable to the Shopping Center, policing, inspecting, landscaping and repairing and replacing the Common Areas and the Shopping Center, or any part thereof (including, but not limited to, repair, replacement, sweeping and striping of the parking areas, driveways, and sidewalks), costs incurred in the maintenance and repair of the roof, Landlord's share of costs incurred in the maintenance and repair of any offsite retention/detention facilities serving the Shopping Center and any offsite access ways burdened by an easement benefiting the Shopping Center, costs to maintain, repair, replace and light any pylon or monument sign at the Shopping Center, costs to maintain, repair, replace and light any awnings on Shopping Center buildings, depreciation of maintenance equipment, costs of all water and other utilities consumed in the Shopping Center which is not separately

metered to tenants (single or multiple), costs related to seasonal decorations, and an administrative fee of fifteen percent (15%) of the foregoing costs and of the Insurance Expense, defined below, but Common Area Expense shall in no event include: (1) Taxes paid under Article XVI; (2) repairs or replacements to any buildings not a part of the Common Areas; (3) repairs or replacements necessitated by the gross negligence of Landlord; (4) amounts actually reimbursed to Landlord from insurance proceeds, or by Tenant, or by any other tenant in the Shopping Center, other than pursuant to a common area expense provision similar to this paragraph; and (5) the cost of initial construction or expansion of the Shopping Center and the Common Areas. Any expenditures for capital items that are included in operating costs for any year (including, but not limited to, the replacement of the roof and resurfacing the parking areas) shall be only the amortized portion of said expenditures attributable to such year (as amortized over the useful life of the applicable capital item, with generally accepted accounting principles consistently applied). The share to be paid by Tenant shall be that percentage of the Common Area Expense which the Gross Rentable Area of the Premises bears to the Gross Rentable Area of the Shopping Center (the "Proportionate Share"). Landlord may at its option make monthly or other periodic charges based upon the estimated annual Common Area Expense, payable in advance but subject to adjustment after the end of each calendar year on the basis of the actual costs for such year. Within ninety (90) days after the close of each calendar year, Landlord will furnish to Tenant a detailed statement of the Common Area Expense for such year, such statement to be prepared in accordance with generally accepted accounting practices and to include Tenant's Proportionate Share of Common Area Expense computed as herein provided. Any necessary adjustments shall be made thirty (30) days after delivery of such statement.

Notwithstanding anything herein to the contrary, Landlord may elect to furnish trash disposal services to Tenant, and in such event, Tenant shall purchase such services as are tendered by Landlord and shall purchase such services from Landlord at the rates established therefor by Landlord, provided that such rates shall not exceed the rates which would be charged for the same service if furnished to Tenant directly by the service provider then furnishing such service.

5.4 Notwithstanding the provisions of Section 5.3 of this Lease as to any expense (such as, for example, parking lot electricity) which is paid directly by the occupant of any space in the Shopping Center, and which would have been, if paid by the Landlord, a Common Area Expense, the following rules apply; (a) the Landlord shall not include in the Common Area Expense the amount paid directly by such occupant; (b) to the extent that the Landlord incurs any other Common Area Expense in the same category as the expense directly paid by such occupant, Tenant's Proportionate Share of such category of Common Area Expense shall be computed by multiplying the amount of Common Area Expense in that category by a fraction, the numerator of which shall be the Gross Rentable Area of the Premises and the denominator of which shall be the Gross Rentable Area of the Shopping Center, exclusive of the Gross Rentable Area of such occupant; and (c) except as to the specific expenses (if any) that are paid directly by an occupant, Tenant's Proportionate Share for all other Common Area Expense shall be determined in Section 5.3 of this Lease.

5.5 (a) Tenant shall pay as Additional Rent, as hereinafter provided, its Proportionate Share of expense incurred by Landlord, at its discretion, for insurance for the Common Areas and the Shopping Center ("Insurance Expense"), including any hazard, public liability and property insurance, and business interruption or rent insurance, as Landlord shall reasonably deem appropriate with respect to the Shopping Center, including appraisals and consultants' fees and premiums in connection with such insurance. Tenant shall pay its Proportionate Share of Insurance Expense monthly, based upon Landlord's estimate of such Expense. Within ninety (90) days after the close of each calendar year, Landlord will furnish to Tenant a detailed statement of the Insurance Expenses for such year, and within thirty (30) days of the receipt of such statement, Tenant shall pay to Landlord any underpayment, or vice versa.

(b) In the event an occupant of any space in the Shopping Center pays directly for any insurance that would have been, if paid by the Landlord, Insurance Expense, the following rules apply: (a) the Landlord shall not include in the Insurance Expense the amount paid directly by such occupant; (b) to the extent that the Landlord incurs any other Insurance Expense in the same category as the expense directly paid by such occupant, Tenant's Proportionate Share of such category of Insurance Expense shall be computed by multiplying the amount of Insurance Expense in that category by a fraction, the numerator of which shall be the Gross Rentable Area of the Premises and the denominator of which shall be the Gross Rentable Area of the Shopping Center, exclusive of the Gross Rentable Area of such occupant; and (c) except as to the specific expenses (if any) that are paid directly by an occupant, Tenant's Proportionate Share for all other Insurance Expense shall be determined as set forth in Section 5.3 above.

5.6 In the event Tenant is not billed directly by the appropriate authority for water consumed on the Premises or for sewer rents or charges, the bill rendered by Landlord for the above shall be based upon Tenant's prorated share of such service as determined by Landlord and shall be payable by Tenant within five (5) days of receipt of Landlord's bill as Additional Rent.

5.7 Notwithstanding the provisions of Section 5.3 of this Lease, Landlord shall have the right to include in Common Area Expense costs in connection with maintenance of common areas of property adjoining the Shopping Center that Landlord maintains in the same manner as the Shopping Center so long as the Gross Rentable Area of the buildings on such areas is included in the denominator of the calculation of Tenant's Proportionate Share for such Common Area Expense.

ARTICLE VI
USE AND CARE OF PREMISES

6.1 Tenant shall in good faith continuously throughout the Term of this Lease conduct and carry on in the entire Premises the type of business described in Section 1.1(q) using Tenant's Trade Name, and the Premises shall not be used for any other purpose. Tenant shall not sell, display or solicit sales in the Common Areas. Tenant shall not use or permit the use of any vending machines or public telephones on, at or about the Premises without the prior written consent of Landlord. Tenant shall not commit waste, perform any acts or carry on any practices which may injure the Shopping Center or be a nuisance or menace to other tenants in the Shopping Center. Tenant shall operate its business in a dignified manner and in accordance with high standards of store operation so as to maintain a character in keeping with the rest of Shopping Center, and so as to produce the maximum Tenant's Gross Sales and shall, at all times when

the Premises are open for business with the public, keep the Premises properly equipped with fixtures, stocked with an adequate supply of merchandise and attended by adequate personnel.

6.2 In the use and occupancy of the Premises and with respect to conditions created at Tenant's request or as a result of Tenant's performance or breach of any of its obligations hereunder or any fault of Tenant, Tenant shall, at Tenant's expense, comply with all laws and ordinances and all valid rules and regulations and all directives, orders and citations of federal, state, county and municipal authorities having jurisdiction over the Premises, including without limitation the Americans with Disabilities Act and all requirements of any insurance company and any public or private agency having authority over insurance rates.

6.3 Tenant shall at all times keep the Premises at a temperature sufficiently high to prevent freezing of water pipes and fixtures.

ARTICLE VII
TENANT'S COVENANTS

7.1 Tenant shall not, nor shall Tenant at any time permit any occupant of the Premises to (i) conduct or permit any fire, bankruptcy or auction sale (whether real or fictitious) unless directed by order of a court of bankruptcy or of competent jurisdiction, or conduct or permit any fictitious "Going Out of Business" sale; (ii) use, or permit to be used, the malls or sidewalks adjacent to such Premises, or any other area outside the Premises for the sale or display of any merchandise or for any other business, occupation or undertaking, or for outdoor public meetings, circus or other entertainment, (iii) use or permit to be used, any sound broadcasting or amplifying device which can be heard outside of the Premises; (iv) operate or cause to be operated any "elephant trains" or similar transportation devices;(v) use or permit to be used any portion of the Premises for any unlawful purpose or use or permit the use of any portion of the Premises as regular living quarters, sleeping apartments or lodging rooms or for the conduct of any manufacturing business; (vi) use the Premises for or conduct therein activities, the purpose for which is not included within the purpose for which the Premises may be used according to Section 1.1(q) of this Lease, or (vii) use, operate or maintain the Premises in such manner that any of the rates for any insurance carried by Landlord, or the occupant of any premises within the Shopping Center, shall thereby be increased, unless Tenant shall pay to Landlord or such occupant within the Shopping Center, as the case may be, an amount equal to any such increase in rates, such payment to be made promptly on demand as each premium which shall include such increase shall become due and payable.

7.2 Tenant (i) will not represent or advertise that it regularly or customarily sells merchandise at "manufacturers", "distributor's", or "wholesale", "warehouse", "fire sale", "bankruptcy sale", or similar prices or other than at retail prices; (ii) will keep all mechanical apparatus free of vibration or noise which may be transmitted beyond the confines of the Premises; (iii) will not cause or permit odors to emanate from the Premises; (iv) will not load or unload or permit the loading or unloading of merchandise, supplies or other property except within the area designated by Landlord from time to time; and (v) will not permit the parking or standing, outside of such designated area, of trucks, trailers or other vehicles or equipment engaged in such loading or unloading.

7.3 Tenant (i) will keep clean the inside and outside of all glass in the doors and windows of the Premises; (ii) will replace promptly at its own expense with glass of like kind and quality any broken plate or window glass; (iii) will replace doors or door hardware of the Premises which may for any reason become cracked or broken, (iv) will maintain the Premises in a clean, orderly and sanitary condition and free of insects, rodents, vermin, and other pests; (v) will not permit undue accumulation of garbage, trash, rubbish or other refuse in the Premises; and (vi) will contract for refuse removal services (if not provided by Landlord as part of Common Area Expense) and shall keep any refuse in proper containers until such time as same is called for to be removed by the trash collection service. Tenant will maintain plate glass insurance reasonably satisfactory to Landlord if any plate glass is contained in the storefront of the Premises.

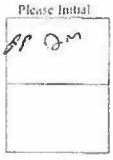

7.4 Unless the hours during which Shopping Center shall be open for business with the public shall have been otherwise determined by a merchant's association, if in operation, or Landlord if not, Tenant shall keep the Premises open for business with the public on each business day at least during the hours indicated below or such extensions of the minimum as shall be determined by vote of a merchant's association if in operation, or Landlord, if not.

Notwithstanding the provisions of this Section, no Tenant shall be required to keep its Premises open for business at any time prohibited by applicable law, ordinance or governmental regulations, and Tenant shall be permitted to close the Premises during reasonable periods for repairing, cleaning or decorating the Premises, with written permission from Landlord. In the event that Tenant elects to operate its business within the Premises beyond the normal operating hours of the Shopping Center and Tenant determines that additional security is needed, Tenant, at its sole cost and expense, may after prior notice of same to Landlord (a) install additional lighting, as may be necessary, at the front and rear of the exterior of the Premises (at locations mutually agreeable to Landlord and Tenant and as may be permitted by any applicable local government code) and shall illuminate said lighting from 9:00 p.m. until 6:00 a.m., or (b) employ a security guard about the Premises from the hours of 11:00 p.m. until 6:00 a.m.

7.5 In the event that at any time during the Term, or any extension or renewal thereof, Tenant should vacate, abandon, or desert the Premises or cease operating the store therein fully fixtured, stocked and staffed for the Permitted Use, then, in any such event, Tenant shall be in default hereunder and Landlord shall have, in addition to all rights and

remedies provided under Section 17.4 hereof, the right to collect not only the Minimum Guaranteed Rent and other rent otherwise provided for herein, but also Additional Rent at the rate of [redacted] per day for each and every day that Tenant shall fail to do business within the Premises in accordance with the terms of Section 6.1 hereof; provided, however, that such Additional Rent shall not accrue during any period when the Premises are rendered untenantable by reason of fire, casualty, or cause beyond Tenant's control and not resulting from the intentional or negligent acts or omissions of Tenant, its assignees, sublessees, servants, agents, employees, invitees, licensees, or concessionaires, or the servants, agents, employees, invitees, licensees, or concessionaires of Tenant's assignees or sublessees, and the failure to operate Tenant's store during such period shall not be deemed a default hereunder. Said Additional Rent is intended to contribute to the expense of monitoring the occupancy of the Premises and shall not be deemed a penalty or liquidated damages.

7.6 If Tenant is engaged in retail sales, then Tenant shall install and maintain at all times displays of merchandise in display windows in the Premises. Tenant will light any electric signs and keep the display windows in the Premises well lighted during such times as the level of light outside the Premises is less than ten (10) foot candles of natural light, except that Tenant shall not be required to keep its electric signs and windows lighted more than one hour following the store closing hour.

7.7 The rules and regulations as shown on Exhibit "E" are hereby made a part of this Lease, and Tenant agrees to comply with and observe the same. Tenant's failure to keep and observe said rules and regulations shall constitute a breach of the terms of this Lease in the manner as if the same were contained herein as covenants. Landlord reserves the right from time to time to amend or supplement said rules and regulations and to adopt and promulgate additional rules and regulations applicable to the Premises and the Shopping Center. Notice of such additional rules and regulations, and amendments and supplements, if any, shall be given to Tenant and Tenant agrees thereupon to comply with and observe all such rules and regulations, and amendments thereto and supplements thereof, provided the same shall apply uniformly to all tenants of the Shopping Center.

ARTICLE VIII
MAINTENANCE AND REPAIR OF PREMISES, ALTERATIONS AND LANDLORD'S RIGHT OF ACCESS

8.1 Landlord shall keep the foundation, the roof and the exterior walls of the Premises (except plate glass, doors, door closures, door frames, store fronts, windows and window frames located in exterior building walls) and as a part of Common Area Expense, the common utilities serving more than one tenant, in good repair, and Tenant shall pay, as Additional Rent, the cost of any such repairs occasioned by the act or neglect of Tenant, its assignees, sublessees, servants, agents, employees, invitees, licensees, or concessionaires, or the servants, agents, employees, invitees, licensees, or concessionaires of Tenant's assignees or sublessees, and the cost to repair any damage caused by or as a result of Tenant's occupancy of Premises, or any damage caused by break-in, burglary, or other similar acts in or to the Premises, within five (5) days after demand for payment by Landlord. In the event that the Premises should become in need of repairs required to be made by Landlord hereunder, Tenant shall give immediate written notice thereof to Landlord; and Landlord shall not be responsible in any way for failure to make any such repairs until a reasonable time shall have elapsed after the giving of such written notice. If Landlord elects by giving notice thereof to Tenant, Tenant shall, within a reasonable time and at Tenant's expense, make any repairs that Landlord is required to make at Tenant's expense under this Section 8.1, in which event Tenant shall not be required to pay the cost thereof to Landlord as Additional Rent.

8.2 Tenant shall, at its sole cost and expense, keep the Premises in a safe, sightly, and serviceable condition and free from any infestation by insects, rodents, or other pests, and, except as provided in Section 8.1, 13.1, 13.2 and 14.5 hereof, make all needed maintenance, repairs, and replacements for the proper operation of Tenant's business within the Premises, including all maintenance, repairs, and replacements to (i) the heating, ventilating, and air conditioning systems serving the Premises; (ii) the exterior and interior portion of all doors, windows, window frames, plate glass, door closures, door frames and store fronts; (iii) all plumbing and sewage facilities within the Premises, including free flow up to the connection to the main sewer line; (iv) all fixtures within the Premises; (v) all electrical systems serving the Premises (whether or not located within the Premises); (vi) all sprinkler systems serving the Premises; (vii) all interior walls, floors, and ceilings; (viii) any of the Tenant's Work; (ix) all repairs, replacements, or alterations required by any governmental authority, including without limitation the Americans with Disabilities Act; and (x) all necessary repairs and replacements of Tenant's trade fixtures required for the proper conduct and operation of Tenant's business. If at any time and from time to time during the Term, and any extensions and renewals thereof, Tenant shall fail to make any maintenance, repairs, or replacements in and to the Premises as required in this Lease, Landlord shall have the right, but not the obligation, to enter the Premises and to make such maintenance, repairs, and replacements for and on behalf of Tenant, and all sums expended by Landlord for such maintenance, repairs, and replacements, as well as reasonable costs for administration and supervision of same, shall be deemed to be Additional Rent hereunder and shall be payable to Landlord upon demand. Tenant shall surrender the Premises by the end of the last day of the Lease Term or any earlier termination date, with all of the improvements, parts and surfaces thereof clean and free of debris and in good operating order, condition and state of repair, reasonable wear and tear excepted. "Reasonable wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practice or by Tenant performing all of its obligations under this Lease. Tenant shall keep in force a standard maintenance agreement on all heating, ventilating, and air conditioning systems serving the Premises with a reputable heating and air conditioning service organization which shall be subject to Landlord's approval and shall provide a copy of said maintenance agreement to Landlord for its approval.

8.3 Tenant shall not make any alterations, additions, or replacements to the Premises, or any repairs required of Landlord under Section 8.1 of this Lease, without the prior written consent of Landlord, except for Tenant's Work and the installation of unattached moveable fixtures within the Premises which may be installed without drilling, cutting, or otherwise defacing the Premises. All alterations, additions, and improvements made in and to the Premises and all floor covering that is cemented or adhesively fixed to the floor and all fixtures (other than trade fixtures) which are installed in the Premises shall remain in and be surrendered with the Premises and shall become the property of Landlord at the expiration or sooner termination of this Lease. So long as Tenant is not in default hereunder, prior to the expiration or

sooner termination of this Lease, Tenant shall have the right to remove its trade fixtures that were installed by Tenant (specifically excluding the HVAC equipment, lighting or plumbing fixtures) from the Premises, provided that Tenant shall repair and restore any damage to the Premises, caused or occasioned by such removal. In no event shall Tenant make any alterations, additions, or replacements to any portion of the Shopping Center outside of the Premises.

8.4 All Tenant's Work and all repairs, alterations, additions and improvements done by Tenant within the Premises shall be performed in a good and workmanlike manner, in compliance with all governmental requirements, and at such times and in such manner as will cause a minimum of interference with other construction in progress and with the transaction of business in Shopping Center. Whenever Tenant proposes to do any construction work within the Premises, Tenant shall first furnish to Landlord plans and specifications covering such work in such detail as Landlord may reasonably request. Such plans and specifications shall comply with such requirements as Landlord may from time to time prescribe for construction within the Shopping Center. In no event shall any construction work be commenced within the Premises without Landlord's written approval of such plans and specifications.

8.5 Landlord shall have the right, but not the duty, to enter upon the Premises at any time for the purpose of inspecting the same, or of making repairs to the Premises, or of making repairs, alterations, or additions to adjacent property, or of showing the Premises to lenders or to prospective purchasers or tenants.

8.6 Tenant shall not suffer or permit any materialmen's, mechanics', artisans' or other liens to be filed or placed or exist against the land or building of which the Premises are a part, or Tenant's interest in Premises by reason of work, services or materials supplied or claimed to have been supplied to Tenant or anyone holding the Premises or any part thereof through or under the Tenant, and nothing contained in this Lease shall be deemed or construed in any way as constituting the consent or request of Landlord, expressed or implied, to any contractor, subcontractor, laborer or materialman for the performance of any labor or the furnishing of any materials for any improvements, alterations or repairs of or to the Premises or any part thereof, nor as giving Tenant any right, power or authority to contract for or permit the rendering of any services or the furnishing of any materials that would give rise to the filing of a materialmen's, mechanics' or other lien against the Premises. If any such lien should, at any time, be filed, Tenant shall cause the same to be discharged of record within fifteen (15) days after the date of filing the same. If Tenant shall fail to discharge or bond such lien within such period, then, in addition to any other right or remedy of Landlord, Landlord may, but shall not be obligated to, discharge the same either by paying the amount claimed to be due or by procuring the discharge of such lien by a deposit in court or by posting a bond. Any amount paid by Landlord for any of the aforesaid purposes, or for the satisfaction of any other lien not caused by Landlord, and all reasonable expenses of Landlord in defending any such action or in procuring the discharge of such lien, shall be deemed Additional Rent hereunder and shall be repaid by Tenant to Landlord on demand.

8.7 Landlord shall not be liable to Tenant for any interruption of Tenant's business or inconvenience caused Tenant or Tenant's assignees, sublessees, customers, invitees, employees, licensees or concessionaires in the Premises on account of Landlord's performance of any repair, maintenance or replacement in the Premises or any other work therein pursuant to Landlord's rights or obligations under this Lease so long as such work is being conducted by Landlord in accordance with the terms of this Lease and without gross negligence or gross disregard for Tenant's business operations.

8.8 As used herein the term "Hazardous Material" means any hazardous or toxic substance, material or waste which is or becomes regulated by any local governmental authority, the State in which the Shopping Center is located or the United States Government. The term "Hazardous Material" includes, without limitation, any material or substance which is designated as a "hazardous substance" pursuant to Section 311 of the Federal Water Pollution Act (33 U.S.C. Sec. 1317), (ii) defined as a "hazardous waste" pursuant to Section 1004 of the Federal Resource Conservation and Recovery Act, 42 U.S.C. Sec. 6901 et seq. (42 U.S.C. Sec. 6903), (iii) defined as a "hazardous substance" pursuant to Section 101 of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. Sec. 9601 et seq. (42 U.S.C. Sec. 6901) ("CERCLA"), (iv) asbestos or asbestos containing material, (v) petroleum and petroleum-based products, (vi) urea formaldehyde foam insulation, (vii) polychlorinated byphenyls (PCBs), and (viii) freon and other chlorofluorocarbons.

Tenant covenants and agrees that (i) neither Tenant nor any of Tenant's agents, employees, contractors, invitees, assignees or sublessees shall cause any Hazardous Materials to be brought upon, kept, stored or used in or on the Premises or any other portion of Shopping Center without Landlord's prior written consent, which consent Landlord may withhold in its sole discretion, provided that Landlord may not unreasonably withhold its consent to the incidental storage and use of Hazardous Material in the Premises in a manner reasonably necessary or appropriate to Tenant's business and in a manner that fully complies with all laws, rules, statutes, ordinances, orders and requirements or policies of any governmental agency or authority or any insurance underwriter and would not substantially increase the risk of fire or other casualty to the Premises or the Shopping Center, and (ii) neither Tenant nor any of Tenant's agents, employees, contractors, invitees, assignees or sublessees shall cause any Hazardous Materials to be disposed of, or released, in, on or from the Premises or any other portion of the Shopping Center.

Tenant shall and does hereby indemnify, protect, defend and save harmless Landlord and its partners, officers, directors, shareholders, employees and agents from and against any and all claims, judgments, damages, penalties, fines, costs, liabilities, losses and expenses, including reasonable attorneys' fees, court costs, consultants' fees and expert fees, arising during or after the Term of this Lease as a result of any breach of the covenants contained in this section or any discharge or release of any Hazardous Materials from or on the Premises during the Term of this Lease. This indemnification includes costs incurred in connection with the investigation of site conditions or any clean up, repair, removal or detoxification work required by any federal, state or local governmental agency or political subdivision. This indemnification shall survive the expiration or termination of the Term of this Lease.

ARTICLE IX
SIGNS, STORE FRONTS AND ROOF

9.1 Tenant shall not, without the prior written consent of Landlord, (i) paint, decorate or make any changes to the store front of the Premises; (ii) install any exterior lighting, awning, or protrusions, or any exterior signs, advertising matter, decoration or painting; (iii) install any drapes, blinds, shades or other coverings on exterior windows and doors; (iv) affix any window or door lettering, sign decoration or advertising matter to any window or door glass; or (v) erect or install any signs, window or door lettering, placards, decorations, or advertising media of any type which can be viewed from the exterior of the Premises, excepting only dignified displays of customary type in store windows. Tenant shall, if requested by Landlord, install at Tenant's expense an exterior sign conforming to the general appearance of other signs in Shopping Center and the Sign Criteria set forth in Exhibit "G" (if used). Tenant shall at all times keep all signs in good condition, in proper operating order and in accordance with all applicable government regulations. Use of the roof of the Premises is reserved to Landlord, and only Landlord may install upon the roof equipment, signs, antenna, displays, and other objects and may construct additional stories above the Premises, provided any such use does not unreasonably interfere with Tenant's occupancy of the Premises.

Any penetrations of or attachments to any part of the roof or any exterior wall of the building in which the Premises are located may be made only with Landlord's prior written approval, and if such approval is obtained, only by a contractor approved by Landlord in writing. If Tenant makes any unauthorized roof or wall penetrations or attachments at any time during the Term, then notwithstanding any provision of this Lease to the contrary, an event of default shall be deemed to have occurred without the requirement for Landlord to give Tenant any notice or opportunity to cure the same, and in addition to any other right which Landlord may have pursuant to the Lease, Landlord shall have the right to immediately remove or repair any such penetrations or attachments, at Tenant's sole cost, and Tenant shall promptly pay such cost to Landlord and also pay Landlord a service fee of [redacted] to reimburse Landlord for its time incurred in repairing the damage.

If Landlord should undertake any remodeling or renovation of the Shopping Center which requires modification of Tenant's signs, then Tenant shall, if required by Landlord, conform to the standard Sign Criteria used for such remodeling or renovation.

ARTICLE X
UTILITIES

10.1 Landlord agrees to cause to be provided such mains, conduits and other facilities necessary to supply electricity, water, sewer, telephone and gas (if available) to the Premises, in accordance with and subject to any special provisions contained in Exhibit "C".

10.2 Tenant shall promptly pay all charges for electricity, water, sewer, telephone, gas (where applicable), and chilled water service (where applicable) furnished to the Premises, to the provider of the service and shall indemnify Landlord in the event that Landlord pays any of such charges on behalf of Tenant. Landlord may, if it so elects, furnish one or more of such services to Tenant, and, in such event, Tenant shall purchase such services as are tendered by Landlord and shall pay for such services at the rates established therefor by Landlord, provided that such rates shall not exceed the rates which would be charged for the same service if furnished directly to Tenant by the applicable public utility then furnishing such service. In the event that at any time during the Term, or any extensions and renewals thereof, Tenant shall fail to promptly pay any of the foregoing charges, Landlord shall have the right, but not the obligation, to pay such charge or charges for and on behalf of Tenant and such amounts so paid shall be deemed to be Additional Rent hereunder and shall be payable by Tenant to Landlord upon demand.

10.3 Landlord has advised Tenant that presently Cobb EMC ("Electric Service Provider") is the utility company selected by Landlord to provide electricity service for the Shopping Center. Notwithstanding the foregoing, if permitted by Law, Landlord shall have the right at any time and from time to time during the Lease Term to either contract for service from a different company or companies providing electricity service (each company shall hereinafter be referred to as an "Alternate Service Provider" or continue to contract for service from the Electric Service Provider.

10.4 Tenant shall cooperate with Landlord, the Electric Service Provider, and any Alternate Service Provider at all times and, as reasonably necessary, shall allow Landlord, Electric Service Provider, and any Alternate Service Provider reasonable access to Electric Service Provider's electric lines, feeders, risers, wiring, and any other machinery within the Premises.

10.5 Landlord shall in no way be liable or responsible for any loss, damage, or expense that Tenant may sustain or incur by reason of any change, failure, interference, disruption, or defect in the supply or character of the electric energy furnished to the Premises, or if the quantity or character of the electric energy supplied by the Electric Service Provider or any Alternate Service Provider is no longer available or suitable for Tenant's requirements, and no such change, failure, defect, unavailability, or unsuitability shall constitute an actual or constructive eviction, in whole or in part, or entitle Tenant to any abatement or diminution of rent, or relieve Tenant from any of its obligations under the Lease. Tenant agrees that it will not install any equipment which will exceed or overload the capacity of any utility facilities serving the Premises and that if any equipment installed by Tenant shall require additional utility facilities, the same shall be installed at Tenant's expense in accordance with plans and specifications to be approved in writing by Landlord.

ARTICLE XI
INDEMNITY AND NON-LIABILITY

11.1 Subject to Section 11.4 hereinbelow, except to the extent caused by Landlord's negligence, Tenant shall and does hereby indemnify, protect, defend and save harmless Landlord and its partners, officers, directors, shareholders, employees and agents from and against any and all liability for any injury to or death of any person or persons or any damage to property and any other claims, judgments, penalties, fines, liabilities, loss, damages or expenses in any way arising out of or connected with the condition, maintenance, use or occupancy of the Premises or any occurrence in the Premises, or in any way arising out of the activities in the Premises, Common Areas or other portions of the Shopping Center, of the Tenant or its assigns or sublessees or their respective agents, employees,

licensees, concessionaires or invitees, and from all costs, expenses and liabilities, including court costs and reasonable attorneys' fees, incurred by Landlord or any other indemnified party in connection therewith. This indemnification shall survive the expiration or earlier termination of the Term of this Lease.

11.2 Tenant covenants and agrees that Landlord shall not be liable to Tenant for any injury to or death of any person or persons or for damage to any property of Tenant, or any person claiming through Tenant, or for any other loss, damages or expenses arising out of any accident or occurrence on the Premises or any other portion of Shopping Center, whether due to Landlord's negligence or otherwise, including injury, death or damage caused by the Premises or other portions of Shopping Center becoming out of repair or caused by any defect in or failure of equipment, pipes, or wiring, or caused by broken glass, or caused by the backing up of drains, or caused by gas, water, steam, electricity, or oil leaking, escaping or flowing into the Premises, or caused by fire or smoke, or caused by the acts or omissions of other tenants of Shopping Center.

11.3 Landlord shall not be responsible or liable for any defect, latent or otherwise, in any building in the Shopping Center or any of the equipment, machinery, utilities, appliances or apparatus therein.

11.4 Notwithstanding any other provision of this Lease, each of Landlord and Tenant hereby releases and covenants not to sue the other and its partners, officers, directors, shareholders, employees and agents from liability for any loss or damage to the releasing party's property or business, including property of others within the releasing party's care, custody and control, and Tenant hereby releases and covenants not to sue each other tenant of premises in the Shopping Center who grants the same release and covenant not to sue of Tenant and its partners, officers, directors, shareholders, employees and agents from liability for any loss or damage to Tenant's property or business. The releases and covenants not to sue contained or provided for in this section shall apply notwithstanding the fault or negligence of Landlord or Tenant or any other tenant of premises in the Shopping Center or anyone for whom any of them may be responsible. Each of Landlord and Tenant agrees that its insurance policies with respect to the Premises or the Shopping Center will contain a waiver by the insurer of subrogation against the other party to this Lease and any tenant of premises in the Shopping Center and any of their respective partners, officers, directors, shareholders, employees and agents. For purposes of this Section 11.4, Tenant's Work shall be considered to be the property of Tenant.

ARTICLE XII
LIABILITY INSURANCE

12.1 Tenant shall, at its sole cost and expense, procure and maintain throughout the Term (i) commercial general liability insurance written on an occurrence basis including personal injury, bodily injury, broad form contingent, fire, legal liability, personal injury of employees, products completed operations, care, custody and control and, if alcoholic beverages are to be sold, gifted, distributed or used in the Premises, dram shop liability, and contractual liability with a cross liability clause and a severability of interests clause to cover Tenant's indemnity and including an endorsement if necessary to provide coverage of personal injury and defense for a third party, all in limits of not less than $2,000,000.00 inclusive per occurrence or, upon Landlord's request, such higher limits as shall become customary under new leases of comparable premises, (ii) Worker's Compensation and Employer's Liability Insurance, with a waiver of subrogation endorsement, in form and substance required by applicable law, and (iii) in the event Tenant performs any improvements or alterations to the Premises, Builder's Risk insurance on an "All Risk" basis (including collapse) on a completed value (non-reporting) form for full replacement value covering all work incorporated in the Premises and all materials and equipment in or about the Premises, (iv) Improvements and Betterments Insurance covering Tenant's Work, (v) Business Interruption insurance sufficient to reimburse Tenant for rent in the event of a casualty to, or temporary taking of, the Premises, and (vi) upon Landlord's request, any other coverages that become customary under new leases of comparable premises. Such policies shall be written by an insurance company or companies reasonably satisfactory to Landlord. Such policies shall name Landlord and any designee of Landlord as an additional insured, including coverage of the partners, officers, directors, shareholders, employees and agents of each additional insured, and shall be considered as primary coverage and not as excess or contributing to any other insurance that may be available to the additional insured. Such policies shall be non-cancelable and non-amendable except after ten (10) days' written notice to Landlord and designees of Landlord. Such policies or duly executed certificates of insurance with respect thereto shall be delivered to Landlord, together with evidence of payment of the premium therefor, prior to the Rent Commencement Date and renewals thereof as required shall be delivered to Landlord at least thirty (30) days prior to the expiration of the respective policy terms.

12.2 Notwithstanding the foregoing, Tenant shall submit all certificates of insurance to Landlord, for Landlord's approval, at the time Tenant executes this Lease.

ARTICLE XIII
DAMAGE BY CASUALTY

13.1 Tenant shall give immediate written notice to Landlord of any damage to the Premises caused by fire or other casualty, and if Landlord does not elect to terminate this Lease as hereinafter provided, Landlord shall proceed with reasonable diligence and at its sole cost and expense to rebuild and repair the Premises, provided that such casualty was not caused by the actions of Tenant. Notwithstanding the foregoing, in the event that (i) the insurance proceeds payable in connection with such damage and destruction shall be insufficient to make such restoration, (ii) the building in which the Premises are located shall be destroyed or substantially damaged by casualty not covered by standard fire or extended coverage insurance, (iii) said building shall be destroyed or rendered untenantable by any casualty to the extent of at least fifty percent (50%) of the Gross Rentable Area of said building, (iv) Landlord shall not have actual and unconditional receipt of the insurance proceeds payable in connection with such damage and destruction, or (v) the holder of any mortgage, deed to secure debt, deed of trust, or other instrument in the nature thereof which encumbers Landlord's interest hereunder or in the Premises shall require that such proceeds shall be applied against any indebtedness owed to such holder, Landlord shall have the right to terminate this Lease by written notice of termination to Tenant given within ninety (90) days after the date occurrence of such casualty. In addition to Landlord's rights as set forth in the preceding sentence, in the event the Premises are partially or totally damaged or destroyed by a casualty at

any time during the last twelve (12) months of the initial Term, or within the last twelve (12) months before the expiration of any Option Period, and in either event, the cost of repair exceeds the product of one thousand (1,000) times the number of months remaining in the Term, Landlord or Tenant may elect to terminate this Lease by giving notice to the other within thirty (30) days after the occurrence of such casualty; provided, however, Landlord's termination pursuant to this sentence will be cancelled automatically if Tenant elects to exercise its next succeeding Renewal Option, if any, within ten (10) days following Landlord's election to terminate and the deadline by which Tenant could otherwise exercise the Renewal Option has not previously expired

13.2 Landlord's obligation to rebuild and repair the Premises under this Article XIII shall in any event be limited to restoring Landlord's Work, as set forth in Exhibit "C," to substantially the condition in which the same existed prior to the casualty, and Tenant agrees that promptly after the completion of such work by Landlord, Tenant will proceed with reasonable diligence and at its sole cost and expense to restore Tenant's Work and all alterations, additions and improvements done by Tenant within the Premises to substantially the condition in which the same existed prior to the casualty.

13.3 Tenant agrees that during any period of reconstruction or repair of the Premises, it will continue the operation of its business within the Premises to the extent practicable. During the period from the occurrence of a casualty until Landlord's repairs are completed, the Minimum Guaranteed Rent (but not Percentage Rent) shall be reduced and abated in proportion to the amount of Gross Rentable Area of the Premises which is rendered untenantable as a result of such casualty; provided, however, that if such damage or destruction is caused by the intentional or negligent acts or omissions of Tenant, its assignees, sublessees, servants, agents, employees, invitees, licensees, or concessionaires, or the servants, agents, employees, invitees, licensees, or concessionaires of Tenant's assignees or sublessees, then, and in that event, the Minimum Guaranteed Rent shall not abate. Tenant shall not be entitled to and hereby waives, releases, and relinquishes any and all claims against Landlord for any compensation or damage for loss of use of all or any part of the Premises or for any inconvenience or annoyance occasioned by any such damage, destruction, repair, or restoration of the Premises.

13.4 Tenant agrees at all times at its expense to keep its merchandise, fixtures, Tenant's Work, all alterations, additions and improvements done by Tenant within the Premises and Tenant's other property situated within its Premises insured by "All Risk" insurance in an amount equal to its full replacement value. Such insurance shall be carried with companies reasonably satisfactory to Landlord. Such insurance shall be non-cancelable and non-amendable except after ten (10) days written notice to Landlord. Such policies or duly executed certificates of insurance with respect thereto shall be delivered to Landlord, together with evidence of payment of the premium therefor, prior to the Rent Commencement Date and renewals thereof as required shall be delivered to Landlord at least thirty (30) days prior to the expiration of the respective policy terms. The proceeds of such insurance shall be payable to Landlord and Tenant, jointly, for use by Tenant only, except with the consent of Landlord, for the repair or replacement of merchandise, fixtures, Tenant's Work, or other property which was situated within the Premises.

13.5 In the event that fifty (50%) percent or more of the Gross Rentable Area of the Shopping Center shall be destroyed or substantially damaged by any casualty, notwithstanding that the Premises may be unaffected by such casualty, Landlord may, terminate this Lease by giving to Tenant thirty (30) days prior written notice of Landlord's election to do so, which notice shall be given, if at all, within ninety (90) days following the date of said occurrence. Rent shall be adjusted as of the date of such termination.

ARTICLE XIV
EMINENT DOMAIN

14.1 If more than ten (10%) percent of the Gross Rentable Area of the Premises is taken for any public or quasi-public use under any governmental law, ordinance, or regulation, or by right of eminent domain, or by private purchase under threat thereof, this Lease shall terminate upon the election of either party effective on the date possession of a portion of the Premises is taken by the condemning authority.

14.2 If less than ten (10%) percent of the Gross Rentable Area of the Premises is taken for any public or quasi-public use under any governmental law, ordinance, or regulation, or by right of eminent domain, or by private purchase under threat thereof, this Lease shall not terminate, or if more than (10%) ten percent of the Gross Rentable Area of the Premises is so taken and this Lease is not terminated in accordance with Section 14.1, then in either of such events the Minimum Guaranteed Rent (but not Percentage Rent) payable hereunder during the unexpired portion of the Term shall be reduced by the percentage which the area taken bears to the area of the Premises prior to the date possession of such portion of the Premises is taken by the condemning authority.

14.3 If any portion of the Common Areas should be taken for any public or quasi-public use under any governmental law, ordinance, or regulation, or by right of eminent domain, or by private purchase under threat thereof, this Lease shall not terminate, nor shall the rent payable hereunder be reduced, nor shall Tenant be entitled to any part of the award made for such taking, except that either Landlord or Tenant may terminate this Lease if the area of the Common Areas remaining following such taking, plus any additional parking area provided within a reasonable time by Landlord in reasonable proximity to Shopping Center, shall be less than seventy (70%) percent of the original area of the Common Areas.

14.4 Any election to terminate this Lease following condemnation shall be evidenced by written notice of termination delivered to the other party within thirty (30) days after the date by which both Landlord and Tenant are notified of such taking or such sale, and, in the event that neither Landlord nor Tenant shall so exercise such election to terminate this Lease, then this Lease shall continue in full force and effect.

14.5 If this Lease is not terminated following any condemnation, Landlord shall make all necessary repairs or alterations within the scope of Landlord's Work necessary to make the Premises an architectural whole, and Tenant agrees that promptly after completion of such work by Landlord, Tenant will proceed with reasonable diligence and at its sole cost and expense to make all necessary repairs or alterations within the scope of Tenant's Work and all alterations,

additions and improvements done by Tenant within the Premises necessary to make the Premises an architectural whole.

14.6 All compensation awarded for any taking (or the proceeds of private sale under threat thereof), whether for the whole or a part of the Premises, shall be the property of Landlord, whether such award is compensation for damages to Landlord's or Tenant's interest in the Premises, and Tenant hereby assigns all of its interest in any such award to Landlord; provided, however, Landlord shall have no interest in any award made to Tenant for loss of business or for the taking of Tenant's fixtures and personal property within the Premises if a separate award for such items is made to Tenant.

ARTICLE XV
ASSIGNMENT AND SUBLETTING

15.1 Tenant shall not assign or transfer all or any portion of its interest in this Lease or in the Premises, or sublet all or any portion of the Premises, without the prior written consent of Landlord. Any assignment or sublease without Landlord's prior written consent shall be voidable, and, at Landlord's election, shall constitute a default of Tenant hereunder. Consent by Landlord to one or more assignments or sublettings shall not operate as a waiver of Landlord's rights with respect to any subsequent assignment or subletting. If Tenant or the owner of any controlling percentage of ultimate beneficial ownership of Tenant is a partnership, a withdrawal or change (voluntary, involuntary, or by operation of law) of any partner owning twenty percent (20%) or more of the partnership, or the dissolution or liquidation of the partnership, shall be deemed an assignment of this Lease. If Tenant consists of more than one person, a purported assignment (voluntary, involuntary, or by operation of law) from any of such persons to any other person or entity shall be deemed an assignment of this Lease. If Tenant or the owner of any controlling percentage of ultimate beneficial ownership of Tenant is a corporation, any dissolution, merger, consolidation, or other reorganization of the corporation, or the sale or other transfer of the controlling percentage of the capital stock of the corporation, or the sale of fifty-one percent (51%) of the value of the assets of the corporation, shall be deemed an assignment of this Lease. The phrase "controlling percentage" means with respect to a partnership, 20% or more of the partnership, and with respect to a corporation, the ownership of, and the right to vote, stock possessing at least fifty-one percent (51%) of the total combined voting power of all classes of the corporation's capital stock issued, outstanding and entitled to vote for the election of directors. The foregoing provision shall not apply to corporations, the stock of which is regularly traded through an exchange or over the counter. The term "sublet" shall be deemed to include the granting of licenses, concessions, and any other rights of occupancy of any portion of the Premises, excepting only customary leased department arrangements under which such leased department is not operated under a separate name and is held out to the public as an integral part of the Premises. The gross sales of each such leased department shall be deemed a part of Tenant's Gross Sales for the purpose of determining percentage rent payable by Tenant to Landlord.

15.2 Tenant shall not mortgage, pledge or otherwise encumber its interest under this Lease. **IT IS THE EXPRESS INTENT OF THE PARTIES THAT A LANDLORD/TENANT RELATIONSHIP IS ESTABLISHED BY THIS LEASE, THAT TENANT HAS A USUFRUCT PURSUANT TO THIS LEASE, AND THAT NO ESTATE FOR YEARS OR OTHER ESTATE SHALL PASS OUT OF LANDLORD AS A RESULT OF THIS LEASE.**

15.3 In no case may Tenant assign any options granted to Tenant hereunder, all such options being deemed personal to Tenant and exercisable by Tenant only.

15.4 Any request by Tenant for approval to sell or sublet the Premises or to transfer or assign Tenant's interest in this Lease, shall be accompanied by a processing charge in the amount of [redacted] Any consent by Landlord to an assignment, sublease or other transfer of this Lease shall be deemed conditioned upon the following: (i) at the time of the assignment or subletting, any default of Tenant hereunder shall be cured, and (ii) delivery to Landlord of a writing in form and substance reasonably satisfactory to Landlord pursuant to which any assignee expressly assumes all obligations of Tenant hereunder or any sublessee expressly acknowledges that it is subject to all terms of this Lease. If the rents or other charges to be paid by such assignee or sublessee for or under such assignment or sublease exceed the rents payable hereunder, Tenant shall pay the excess to Landlord when such rent or other charge is paid by the assignee or sublessee, as Additional Rent. Notwithstanding Landlord's consent to any sublease or assignment, Tenant and Guarantor and any predecessor to Tenant that has not been expressly released from liability hereunder shall remain fully liable under this Lease and shall not be relieved of any of the obligations or covenants of the tenant hereunder. Tenant shall not in any way modify a sublease previously consented to without Landlord's prior written consent.

ARTICLE XVI
TAXES

16.1 Tenant shall be liable for and shall pay all taxes levied against personal property, fixtures, and Tenant's Work in the Premises as Additional Rent; if such taxes for which Tenant is liable are levied against Landlord or Landlord's property and if Landlord elects to pay the same or if the assessed value of Landlord's property is increased by inclusion of any such items and Landlord elects to pay the taxes based on such increase, Tenant shall pay to Landlord upon demand, as Additional Rent, that part of such taxes for which Tenant is liable hereunder.

16.2 Tenant shall pay as Additional Rent, its Proportionate Share of all real estate or equivalent taxes and assessments, regardless of how designated, including but not limited to, any general or special assessments, water and sewer rents and other governmental impositions imposed, levied and/or assessed upon the Shopping Center of every kind and nature whatsoever, extraordinary as well as ordinary, foreseen and unforeseen, and each and every installment thereof, which shall or may during the Term be levied, assessed or imposed on or against the Shopping Center or any portion for each calendar year beginning with the Rent Commencement Date and during the Lease Term and any renewals or extensions thereof, together with Tenant's Proportionate Share of the reasonable cost of any contest of such taxes, assessments and charges or the assessed valuation of the Shopping Center that Landlord may pursue in its sole discretion, including fees and disbursements of attorneys, tax consultants, arbitrators, appraisers, experts and other witnesses (hereinafter called the "Taxes"). The Taxes shall be appropriately pro-rated during the first and last years of the Lease Term if such years are less than full calendar years. The Proportionate Share to be paid by Tenant shall be

the percentage computed by dividing the Gross Rentable area (expressed in square feet) of the Premises by the Gross Rentable Area (expressed in square feet) of the buildings located in the Shopping Center; provided, however, in the event that any tenant or other occupant is separately assessed for Taxes, then for purposes of determining Tenant's proportionate Share of Taxes, the denominator of the fraction described in this sentence shall be the Gross Rentable Area (expressed in square feet) of the buildings located in the Shopping Center less the Gross Rentable Area (expressed in square feet) of buildings which are separately assessed. Tenant shall make monthly or other periodic payments, as billed by Landlord, based upon the estimated annual Taxes, payable in advance but subject to adjustment after receipt of the tax statement by Landlord. Taxes shall also include Tenant's Proportionate Share of the real estate taxes, assessments, and governmental charges attributable to the offsite (i.e. not on the Shopping Center) retention/detention facilities serving the Shopping Center and any offsite access ways that are burdened by an easement benefiting the Shopping Center.

16.3 In addition to Taxes, Tenant shall pay as Additional Rent, with each installment of Fixed Minimum Rent, any applicable sales, use, or rent tax or other tax imposed upon rent or other payments under this Lease or imposed upon Landlord based upon rent or other payments by Tenant to Landlord; however Tenant shall not be required to pay any income tax of Landlord.

ARTICLE XVII
DEFAULTS AND REMEDIES

17.1(a) If Tenant fails to keep or perform any covenant or provision of this Lease (except payment of any installment of rent or other charge or money obligation herein required to be paid by Tenant) or violates any such covenant or provision, Landlord may without notice and in addition to any other remedies at law or in equity or elsewhere in this Lease provided, enjoin Tenant from any such failure or violation hereunder.

(b) If, except as otherwise provided in Sections 8.2, 8.6 and 10.2 hereof, Tenant fails to keep or perform any covenant or provision of this Lease (except the payment of any installment of rent or other charge or money obligation herein required to be paid by Tenant) or violates any covenant or provision, and such failure or violation shall continue for a period of ten (10) days after written notice by Landlord, or in case of a failure or violation which cannot with due diligence be cured within a period of ten (10) days, if Tenant fails to cure such failure or violation promptly after the service of such notice and with all due diligence, then Landlord may in addition to any other remedies at law or in equity or elsewhere in this Lease provided, cure or prosecute the curing of such failure or violation at reasonable expense, which expense shall be deemed to be Additional Rent hereunder and shall be paid to Landlord by Tenant on demand. Tenant agrees that in the event of any failure or violation covered by this Section 17.1 and Landlord's failure to give notice or to exercise any rights under this Section 17.1, all rights of Landlord under this Section 17.1 may be exercised by persons acting on behalf of Landlord, under authority granted by Landlord, with full right of reimbursement as provided hereunder. Tenant agrees that neither Landlord nor any such person acting on Landlord's behalf shall be liable for any loss or damage suffered by Tenant resulting from the exercise of the rights granted under this section.

17.2 Any installment of rent or any other charge or money obligation herein required to be paid by Tenant which is not received by Landlord by 5:00 p.m. on the date when due shall bear interest at the rate of eighteen (18%) percent per annum or at the maximum rate allowed by law, whichever is less, from the due date until paid, and Landlord may treat any such charge or money obligation as Additional Rent hereunder. If Tenant fails to pay any installment of Rent of any other charge or money obligation herein required to be paid by Tenant that is not received by Landlord within five (5) days after the due date, then Tenant shall, in addition, pay a service charge of $10.00 per day for each day thereafter that such sum remains past due, and Landlord may treat such charge as Additional Rent hereunder. However, the provision in this lease for interest and service charge in no way extends the deadline for Tenant to pay rent. In addition, Tenant shall pay to Landlord as Additional Rent $25.00 for each check presented to Landlord in payment of any obligation hereunder that is not paid when first presented to the bank upon which such check is drawn. If Tenant is late in paying any installment of rent(s) more often than two (2) times in any calendar year or if any check tendered by Tenant is not honored when first presented, Landlord shall have the right to require Tenant to make all further payments by wire transfer or cashier's check.

17.3 The happening of any one or more of the following shall be deemed to be an event of default under this Lease:

(a) Tenant or any Guarantor shall cease doing business as a going concern; Tenant or any Guarantor shall make an assignment for the benefit of its creditors; Tenant or any Guarantor shall generally not pay its debts before they become due or admit in writing its inability to pay its debt as they become due;

(b) The levying of a writ of execution or attachment on or against the property of Tenant within the Premises and the same not being released or discharged within fifteen (15) days thereafter;

(c) The institution of proceedings in a court of competent jurisdiction for the reorganization, liquidation, or voluntary or involuntary dissolution of Tenant or a Guarantor, or for its adjudication as a bankrupt or insolvent, or for the appointment of a receiver of the property of Tenant or a Guarantor, and said proceedings not being dismissed, and any receiver, trustee or liquidator appointed therein not being discharged within fifteen (15) days after the institution of such proceedings;

(d) The doing, or permitting, of any act by Tenant which creates a lien against the land or building of which the Premises are a part and the same not being released within fifteen (15) days after the lien is filed;

(e) Failure of Tenant to cause Landlord to receive payment of any installment of rent or other charge or money obligation herein required to be paid by Tenant to Landlord by 5:00 p.m. on the date when such payment is due and payable;

(f) Default for failure to operate the Premises as provided in Section 7.4 hereinabove;

(g) Except as otherwise provided in this Section 17.3, failure of Tenant to comply with any covenant or provision of this Lease (except payment of any installment of rent or other charge or money obligation herein required to be paid by Tenant to Landlord) within thirty (30) days after written notice of such failure to comply is given by Landlord, or if it is not feasible to cure such failure within such period, to begin performance of such covenant within such period and to diligently pursue performance to completion in a reasonable time thereafter;

(h) Any representation, warranty, or statement made by Tenant, in this Lease or in any other information provided by Tenant or any Guarantor to Landlord with respect to the identity, net worth, liabilities, assets, business or financial condition of Tenant or any Guarantor, or any other matter, shall prove to be untrue or misleading; or

(i) Any transfer of any interest of Tenant prohibited under this Lease by operation of law.

(j) Failure to provide a new guarantor satisfactory to Landlord, in its sole discretion, within thirty (30) days after the death of any Guarantor; or

(k) The violation by Tenant or any Guarantor (or any affiliate of Tenant or any Guarantor) under any other lease or agreement (to include a guaranty) with Landlord that is not cured within the permitted period, if any, provided by such lease or agreement. As used herein, "affiliate" shall mean shall mean any entity that is Tenant's or Guarantor's parent company, subsidiary company, or affiliated company. As used herein, (i) "parent company" shall mean a company which owns a majority of Tenant's or Guarantor's voting equity, (ii) "subsidiary company" shall mean a company at least a majority of whose voting stock is owned by Tenant or Guarantor, and (iii) "affiliated company" shall mean a company at least a majority of whose voting stock is owned by the parent company.

For purposes of subsections (a), (c) and (h) hereinabove, Tenant shall be deemed to include any predecessor to Tenant's interest under this Lease that has not been expressly released from its obligations under this Lease.

17.4 Upon the occurrence of any of such events of default, Landlord shall have the option to pursue any one or more of the following remedies without any notice or demand whatsoever:

(a) Terminate this Lease by giving Tenant notice of the termination, in which event this Lease shall terminate on the date specified in the notice of termination, and Tenant shall surrender the Premises to Landlord on the date specified in the notice. Landlord may enter upon and take possession of the Premises and expel or remove Tenant and any other person who may be occupying the Premises or any part thereof, and expel and remove any and all property located in or about the Premises, all by force, if necessary. Landlord may recover from Tenant all amounts previously due under this Lease and all damages Landlord may incur by reason of Tenant's breach, including the cost of recovering the Premises, reasonable attorneys' fees, and the worth at the time of such termination (discounted at a rate equal to the then average rate for Moody's "AAA" rated corporate bonds or, if such rate is no longer available, a comparable rate designated by Landlord) of the excess, if any, of the amount of all Minimum Guaranteed Rent and other rent to be paid under this Lease for the remainder of the Term over the then reasonable rental value of the Premises for the remaining portion of the Term, all of which amounts shall be immediately due and payable from Tenant to Landlord.

(b) With or without terminating this Lease (disregarding whether the Lease terminates as a matter of law) enter upon and take possession of the Premises, and expel or remove Tenant and any other person who may be occupying the Premises or any part thereof, and expel and remove any and all property located in or about the Premises, all by force, if necessary, and, if Landlord so elects, make such alterations (including alterations of locks and security devices) and repairs as may be necessary to relet the Premises and, if Landlord so elects, relet the Premises or any part thereof, in Landlord's name, at such rent and for such term and subject to such terms and conditions as Landlord may deem advisable in its sole discretion. Upon any such reletting all rentals received by the Landlord from such reletting shall be applied, first, to the payment of any damages by reason of Tenant's breach other than as described below and any indebtedness other than rent due hereunder from Tenant to Landlord; second, to the payment of any costs and expenses of such reletting, including reasonable brokerage fees and reasonable attorneys' fees and reasonable costs of such alterations and repairs; third, to the payment of rent due and unpaid hereunder; and the residue, if any, shall be held by Landlord and applied in payment of future rent as the same may become due and payable hereunder. Tenant agrees to pay to Landlord on demand any deficiency in payment of the rent payable hereunder after application of any rentals received from any reletting. Actions to collect amounts payable by Tenant may be brought from time to time, on one or more occasions for rent that has accrued up to that time, without waiting until expiration of the Term. Notwithstanding any such reletting without termination, Landlord may at any time thereafter elect to terminate this Lease for such previous breach, but Tenant shall remain liable following such termination as set forth in this Section 17.4(b).

(c) Not terminate this Lease and declare immediately due and payable, in addition to all amounts previously due, the worth at the time (discounted at a rate equal to the then average rate of Moody's "AAA" rated corporate bonds or, if such rate is no longer available, a comparable rate designated by Landlord) of all Minimum Guaranteed Rent and other rent to be paid under this Lease for the remainder of the Term; provided that such payment shall not be deemed a penalty or liquidated damages but shall merely constitute payment in advance of rent for the remainder of the Term.

In determining the rent which would have been payable by Tenant hereunder through the Term upon termination on account of a default, the Minimum Guaranteed Rent shall be payable in the amount provided in this Lease, Tenant's monthly shares of the Common Area Expense and the Taxes shall be deemed equal to the shares for the month prior to the default and the annual amount of Percentage Rent shall be deemed to be equal to the average annual Percentage Rent paid by Tenant from the Rent Commencement Date to the time of default, or during the preceding two (2) calendar years, whichever period is shorter.

(d) Pursuit of any of the foregoing remedies shall not preclude pursuit of any of the other remedies herein provided or any other remedies provided by law, or in equity, including an action for specific performance requiring Tenant to perform any or all of its obligations hereunder, nor shall pursuit of any remedy herein provided constitute a forfeiture or waiver of any rent due to Landlord hereunder or of any damages accruing to Landlord by reason of the

violation of any of the covenants and provisions herein contained. Forbearance by Landlord to enforce one or more of the remedies herein provided upon an event of default shall not be deemed or construed to constitute a waiver of such default. Landlord's acceptance of rent following a default hereunder shall not be construed as a waiver of such default. Exercise by Landlord of any one or more remedies hereunder granted or otherwise available shall not be deemed to be an acceptance of surrender of the Premises by Tenant, whether by agreement or by operation of law, it being understood that such surrender can be effected only by the written agreement of Landlord and Tenant. No alteration of locks or other security devices and no removal or other exercise of dominion by Landlord over the property of Tenant or others at the Premises shall be deemed unauthorized or constitute a conversion, Tenant hereby consenting after any event of default to Landlord's exercise of dominion over Tenant's property within or about the Premises. All claims for damages by reason of such re-entry or repossession or alteration of locks or other security devices are hereby waived by Tenant, as are all claims for damages by reason of any distress warrant, forcible detainer proceedings, sequestration proceedings or other legal process. Tenant agrees that any re-entry by Landlord may be pursuant to a judgment obtained in forcible detainer proceedings or other legal proceedings or without the necessity for any legal proceedings as Landlord may elect, and Landlord shall not be liable in trespass or otherwise with respect to any re-entry. No custom or practice between Landlord and Tenant shall be construed to waive Landlord's right to insist upon strict performance of the terms of this Lease.

17.5 If, because of any breach or default by Tenant in Tenant's obligations hereunder, Landlord shall employ an attorney to enforce or defend any of the Landlord's rights or remedies hereunder, Tenant agrees to pay reasonable attorneys' fees in the amount of fifteen percent (15%) of the principal and interest due.

17.6 To the extent permitted by laws, Landlord and Tenant each hereby waives any right to a trial by jury in any action or proceeding to enforce or defend any rights under this Lease or relating to this Lease and agrees that any such action or proceeding shall be tried before a court and not before a jury. Tenant hereby waives any right to defend an action for nonpayment of rent by a tender of past-due rent. Tenant covenants and agrees that Tenant shall not interpose any counterclaim or claim for offset or deduction in any summary proceeding brought by Landlord to recover possession of the Premises. These waivers are made freely and voluntarily, without duress, and only after each of the Landlord and Tenant has had the benefit of advice from legal counsel.

17.7 Landlord hereby acknowledges receipt from Tenant of the Advance Deposit set forth in Section 1.1(i). which shall be applied to the first accruing installments of rent. Landlord further acknowledges receipt from Tenant of the Security Deposit as set forth in Section 1.1(j) which shall be held by Landlord without interest as security for this Lease, it being expressly understood that such deposit is not an advance payment of rent or a measure of Landlord's damages in case of default by Tenant. Upon the occurrence of any event of default by Tenant, Landlord may, from time to time, without prejudice to any other remedy provided herein, or provided by law, use the Security Deposit to the extent necessary to make good any arrears of rent and any other damage, injury, expense or liability caused to Landlord by such event of default. Following any such application of the Security Deposit, Tenant shall pay to Landlord on demand the amount so applied in order to restore the Security Deposit to its original amount. If Tenant is not then in default hereunder, any remaining balance of the Security Deposit shall be returned by Landlord to Tenant upon termination of this Lease.

17.8 If Tenant is in default of its obligations under this Lease more than two (2) times within any twelve (12) month period, irrespective of whether or not such default is timely cured, then, without limiting Landlord's other rights and remedies provided for in this Lease or at law or equity, the Security Deposit shall automatically be increased by an amount equal to the greater of (a) three (3) times the original Security Deposit; or (b) three (3) month's Minimum Guaranteed Rent, which shall be paid by Tenant to Landlord forthwith on demand.

17.9 For valuable consideration and as security for the payment of Rent and other payments required to be made by Tenant and the obligations to be performed by Tenant under this Lease, Tenant hereby grants to Landlord a security interest in Tenant's merchandise, inventory, trade fixtures and Tenant's other equipment, fixtures, and personality now or hereafter placed in the Premises, liquor licenses and all Tenant's future accounts receivable generated by Tenant's business in the Premises during the Term of this Lease and all renewals and extensions thereof. The security interest granted in this Section 17.9 shall also apply to the proceeds of any of the above described collateral. Tenant covenants that the security interest granted to Landlord herein is superior to (and not subject to) all other security interests in the aforementioned collateral, and Tenant covenants that it has not previously granted to anyone a security interest in any of the described collateral and that such collateral is solely owned by Tenant. Tenant further covenants not to remove any of its trade fixtures or other property covered by this security agreement from the Premises without the prior written consent of the Landlord, except for inventory, which may be removed by means of bona fide sales of such inventory in the ordinary course of business. Upon the occurrence of any event of default by Tenant under this Lease, Landlord shall have the remedies of a secured party under the laws of the State in which the Shopping Center is located, including, without limitation, the right to take possession of the collateral, and for that purpose Landlord may enter upon the Premises and remove said collateral therefrom. Landlord shall give Tenant at least five (5) days prior written notice of any public sale thereof or of the date after which any private sale of any other intended disposition is to be made, and at any such public or private sale, Landlord may purchase the collateral. Tenant acknowledges that this Lease shall constitute a security agreement which creates a security interest in favor of Landlord and which may be perfected by the filing of a financing statement. Tenant hereby authorizes Landlord to so file any such financing statement without any notice, and within ten (10) days of written request from Landlord, Tenant shall execute and deliver to Landlord such other documents that may be required to perfect the security interest of Landlord granted herein. This Section 17.9 and the security interests in the collateral created hereby shall be terminated when all of the Rent and other payments and all obligations of Tenant becoming due during the Term of this Lease, and all renewals or extensions thereof, shall have been fully paid and performed. The provisions of this Section 17.9 shall survive the expiration or sooner termination of this Lease.

17.10 Landlord shall in no event be in default of the performance of any of its obligations under this Lease unless Landlord has failed to perform such obligation or commence and diligently pursue performance of such obligation within thirty (30) days after written notice of an alleged failure to perform is given by Tenant.

17.11 Tenant further waives any right to remove any summary proceeding brought by Landlord to any other court or to consolidate said summary proceeding with any other action, whether brought prior or subsequent to such summary proceeding.

ARTICLE XVIII
TENANT'S BANKRUPTCY

18.1 Tenant acknowledges that this Lease is a commercial lease of premises in a shopping center. Tenant agrees that Tenant, as the debtor in possession, or the trustee for Tenant (the "Trustee"), in any proceeding under the United States Bankruptcy Code (the "Bankruptcy Code") shall not seek or request any extension of time to assume or reject this Lease or to perform any obligations of this Lease which arise from and after an order of relief.

18.2 If the Trustee proposes to assume or to assign this Lease or sublet the Premises to any person which shall have made a bona fide offer to accept an assignment of this Lease or a subletting on terms acceptable to the Trustee, then the Trustee shall give Landlord written notice setting forth an address of such person and the terms and conditions of such offer, no later than twenty days after receipt of such offer, but in any event no later than ten days prior to the date on which the Trustee makes application to the bankruptcy court for authority and approval to enter into the assumption and assignment or subletting. Landlord shall have the prior right and option, to be exercised by written notice to the Trustee given any time prior to the effective day of such proposed assignment or subletting, to accept an assignment of this Lease and subletting of the Premises upon the same terms and conditions and for the same consideration, if any, as the bona fide offer made by such person, less any brokerage commissions which may be payable out of the consideration to be paid by such person for the assignment or subletting of this Lease.

18.3 The parties agree that for the purposes of the Bankruptcy Code relating to (i) the obligation of the Trustee to provide adequate assurance that the Trustee will "promptly" cure defaults and compensate for actual pecuniary loss, the word "promptly" shall mean that cure of defaults and compensation will occur no later than sixty (60) days following the filing of any motion or application to assume this Lease; and (ii) the obligation of the Trustee to compensate or to provide adequate assurance that the Trustee will promptly compensate Landlord for "actual pecuniary loss," the term "actual pecuniary loss" shall mean, in addition to any other provisions contained herein relating to Landlord's damages upon default, payments of rent, including interest at the rate provided for herein on all unpaid rent and obligations of Tenant to pay money under this Lease, all attorneys' fees and related costs and expenses of Landlord incurred in connection with any default of Tenant and in connection with Tenant's bankruptcy proceedings.

18.4 Any person or entity to which this Lease is assigned pursuant to the provisions of the Bankruptcy Code shall be deemed, without further act or deed, to have assumed all of the obligations arising out of this Lease and each of the conditions and provisions hereof on or after the date of such assignment. Any such assignee shall upon the request of Landlord forthwith execute and deliver to Landlord an instrument in form and substance acceptable to Landlord confirming such assumption.

ARTICLE XIX
HOLDING OVER

19.1 If Tenant remains in possession of the Premises after the termination of this Lease and without the execution of a new lease, Tenant shall be deemed to be occupying the Premises as a tenant at sufferance at a rent equal to all rent herein provided (including monthly Minimum Guaranteed Rent deemed to be the greater of the amount payable hereunder if the Lease had not been terminated or if the Lease had been extended pursuant to an option contained herein, or twice the amount payable for the last month prior to the termination) and otherwise subject to all the covenants and provisions of this Lease insofar as the same are applicable to a tenant at sufferance and in no event shall there be any renewal of this Lease by operation of law.

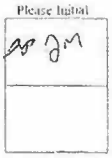

ARTICLE XX
SUBORDINATION

20.1 This Lease and all rights of Tenant hereunder are and shall be subject and subordinate to the lien of any mortgage, deed to secure debt, deed of trust, or other instrument in the nature thereof which may now or hereafter affect Landlord's fee title to the Premises or Landlord's interest hereunder and to any modifications, renewals, consolidations, extensions, or replacements of any of the foregoing. This clause shall be self-operative and no further instrument of subordination need be required by any mortgagee. In confirmation of such subordination, Tenant, shall, upon demand at any time or times, execute, seal and deliver to Landlord, without expense to Landlord, any and all instruments in recordable form that may be requested by Landlord to confirm or evidence the subordination of this Lease and all rights hereunder to the lien of any such mortgage, deed to secure debt, deed of trust or other instrument in the nature thereof, and each renewal, modification, consolidation, replacement, and extension thereof, and if Tenant shall fail at any time to execute, seal and deliver any such instrument, Landlord in addition to any other remedies available to it in consequence thereof, may execute, seal and deliver the same as the attorney in fact of Tenant and in Tenant's name, place and stead, and Tenant hereby irrevocably makes, constitutes, and appoints Landlord, its successors and assigns, as such attorney in fact for that purpose.

In addition, Tenant shall, upon Landlord's request, at any time or times, execute, seal and deliver to Landlord without expense to Landlord, any and all instruments that may be necessary to make this Lease superior to the lien of any such mortgage, deed to secure debt, deed of trust, or other instrument in the nature thereof, and each renewal, modification, consolidation, replacement, and extension thereof, and, if Tenant shall fail at any time to execute, seal and deliver such instrument, Landlord in addition to any other remedies available to it in consequence thereof, may execute, seal and deliver the same as the attorney in fact of Tenant and in Tenant's name, place and stead, and Tenant hereby irrevocably makes, constitutes, and appoints Landlord, its successors and assigns, such attorney in fact for that purpose.

20.2 (a) If the holder of any mortgage, deed to secure debt, deed of trust, or other instrument in the nature thereof shall hereafter succeed to the rights of Landlord under this Lease, whether through possession or foreclosure

action or delivery of a new lease, then, at the option of such holder, Tenant shall attorn to and recognize such successor as Tenant's landlord under this Lease, and shall promptly execute and deliver any instrument that may be necessary to evidence such attornment.

(b) Upon the attornment provided for in subsection (a) above, this Lease shall continue in full force and effect as a direct lease between such successor landlord and Tenant, subject to all the terms, covenants, and conditions of this Lease; provided, however, that such holder, as successor landlord, shall not be liable for returning to Tenant, nor crediting against any rent due hereunder, any advance rentals previously paid by Tenant to Landlord or the Security Deposit unless such holder has acknowledged the receipt of the Security Deposit.

ARTICLE XXI
MERCHANTS ASSOCIATION

21.1 In the event that a merchants association is formed for the Shopping Center, Tenant agrees that it will join and maintain membership in such association. The objectives of such association shall be to advance the civic, social, commercial and economic welfare of its members and the general interest of the Shopping Center and its trade area. Tenant will pay such dues and assessments as may be fixed and determined from time to time by such association. Tenant shall also comply with such other by-laws, rules, and regulations as may be adopted from time to time by such association, and shall take such actions as may be necessary to remain in good standing in such association and shall cooperate in all of the activities of such association.

ARTICLE XXII
NOTICES

22.1 Whenever any notice is required or permitted hereunder, such notice shall be in writing. Any notice or document required or permitted to be given to Landlord hereunder shall be deposited in the United States Mail, postage prepaid, certified mail, return receipt requested, or sent by nationally recognized overnight courier service, addressed to the Landlord at the address specified in Section 1.1(o). Any such notice or document required or permitted to be given to Tenant hereunder shall be delivered to the Premises or deposited in the United States Mail deemed effective when mailed or sent, postage prepaid, certified mail, return receipt requested, or sent by nationally recognized overnight courier service, addressed to Tenant at the address specified in Section 1.1(p).

ARTICLE XXIII
MISCELLANEOUS

23.1 Tenant agrees that upon the request of either Landlord or the holder of any first priority mortgage, deed to secure debt, deed of trust, or other security instrument in the nature thereof encumbering Landlord's interest hereunder or in the Premises, Tenant shall send to such holder copies of all notices sent to Landlord, such copies to be forwarded to such holder as and when such notices are sent to Landlord and at the mailing address from time to time provided to Tenant by either Landlord or such holder. In addition, Tenant agrees that it may not exercise any of its remedies on account of a default by Landlord under this Lease unless and until such holder shall have received written notice of such default from Tenant and a period of thirty (30) days after receipt of such notice for curing such default shall thereafter have elapsed.

23.2 The captions and the table of contents used in this Lease are for convenience only and do not in any way limit or amplify the terms and provisions hereof. Whenever the singular number is used the same shall include the plural, and words of any gender shall include each other gender. Wherever a listing is included in a provision of this Lease it shall be deemed to be included without limitation. Landlord and Tenant acknowledge that each of them has had an opportunity to review this Lease and agree that this Lease shall not be construed against Landlord merely because this Lease was prepared by Landlord's counsel.

23.3 One or more waivers of any covenant, term or condition of this Lease by either party shall not be construed as a waiver of any subsequent breach of the same covenant, term or condition. The consent or approval by either party to or of any act by the other party requiring such consent or approval shall not be deemed to waive or render unnecessary consent to or approval of any subsequent similar act.

23.4 Landlord hereby covenants and agrees that if Tenant shall perform all of the covenants and agreements herein required to be performed on the part of Tenant, Tenant shall, subject to the terms of this Lease, at all times during the continuance of this Lease have the peaceable and quiet enjoyment and possession of the Premises; subject, however, to all of the terms, conditions and provisions of any and all deeds to secure debt, mortgages, restrictive covenants, easements and other encumbrances now or hereafter affecting the Shopping Center.

23.5 This Lease contains the entire agreement between the parties and no agreement, representation or inducement shall be effective to change, modify or terminate this Lease in whole or in part unless in writing and signed by the parties.

23.6 Tenant warrants that it has had no dealings with any broker other than Retail Planning Corporation, in connection with the negotiations or execution of this Lease, and Tenant agrees to indemnify Landlord and hold Landlord harmless from and against any and all cost, expense or liability for commissions or other compensation or charges claimed by any broker or agent other than Retail Planning Corporation, acting for Tenant with respect to this Lease. Retail Planning Corporation has acted as agent for Landlord with respect to this Lease and has not acted as agent for Tenant.

23.7 At any time and from time to time, Tenant, on or before the date specified in a request made by Landlord, which date shall not be earlier than ten (10) days from the making of such request, shall execute, acknowledge and deliver to Landlord or any person specified by Landlord a certificate evidencing whether or not:

(a) Tenant is in possession of the Premises;

(b) This Lease is in full force and effect;

(c) This Lease has been amended in any way (identifying any amendment with a true and correct copy attached);

(d) There are any existing defaults hereunder to the knowledge of Tenant and specifying the nature of such default, if any;

(e) Tenant contends there are any existing set-offs or defenses against enforcement of any right or remedy of Landlord or any duty or obligation of Tenant under this Lease (identifying such matter); and

(f) The date to which rent, including Percentage Rent, if any, has been paid.

Each certificate delivered pursuant to this Section 23.7 may be relied on by any prospective purchaser or transferee of the Shopping Center or of Landlord's interest hereunder or by any mortgagee of the Shopping Center or of Landlord's interest hereunder or by any assignee of any such mortgagee.

23.8 The terms, provisions and covenants contained in this Lease shall apply to, inure to the benefit of, and be binding upon the parties hereto and their respective heirs, assigns, successors in interest and legal representatives except as otherwise herein expressly provided.

23.9 Time is of the essence in this agreement.

23.10 The laws of the state where the Premises are located shall govern the interpretation, validity, performance, and enforcement of this Lease. If any provision of this Lease shall be held to be invalid or unenforceable, the validity and enforceability of the remaining provisions of this Lease shall not be affected thereby.

23.11 Tenant shall, on or before the last day of the Term hereof, or on the sooner termination hereof, peaceably and quietly leave, surrender and yield up unto Landlord the Premises, together with all alterations, additions, improvements, fixtures and equipment including air conditioning equipment, electrical equipment and plumbing fixtures, but excluding trade fixtures and other personal property of Tenant. Such alterations, additions, improvements, fixtures, and equipment to be in good order and repair, reasonable wear and tear, obsolescence, damage by fire or other casualty, acts of God, condemnation, civil riot and commotion excepted. Subject to Section 8.3 hereof, Tenant's trade fixtures and other personal property shall be removed by Tenant on or before the earlier of the last day of the Term hereof or the day Landlord takes possession of the Premises as Tenant's agent as permitted under Article XVII of this Lease. Upon the expiration of this Lease, or if the Premises should be abandoned by Tenant, or if this Lease should terminate for any cause, or if Tenant should be dispossessed after default, if at the time of any such expiration, abandonment, termination or dispossession, Tenant should leave any property of any kind or character in or on the Premises, the fact of such leaving of property in or upon the Premises shall be conclusive evidence of the intent by Tenant to abandon such property so left, and such leaving shall constitute abandonment of the property. Landlord, its agents or attorneys, shall have the right and authority without notice to Tenant to remove and destroy, store, sell, use, or otherwise dispose of, such property, or any part thereof, without being in any way liable to Tenant. The provisions of this subsection shall survive the expiration or earlier termination of the Term of this Lease.

23.12 Notwithstanding anything to the contrary contained in this Lease, Landlord shall have the right on one or more occasions to require that Tenant relocate from the Premises to a location in the Shopping Center designated by Landlord ("Relocated Premises") which shall contain approximately the same number of square feet as currently contained within the Premises (i.e. not more than 10% larger or smaller than the Premises), such relocation to be implemented in accordance with the terms and conditions set forth below. Landlord shall advise Tenant in writing as to the location of the Relocated Premises and the date on which Landlord will require that Tenant vacate the Premises and open for business in the Relocated Premises. Within thirty (30) days after receipt by Tenant of Landlord's notice, Tenant shall advise Landlord in writing whether Tenant agrees to relocate to the Relocated Premises in accordance with the provisions hereof. In the event Tenant notifies Landlord that Tenant is not willing to relocate within such thirty (30) day period, or fails to notify Landlord of its decision with respect to such relocation within such thirty (30) days, then at any time thereafter Landlord may cancel this Lease upon fifteen (15) days' prior written notice to Tenant, in which event this Lease will terminate on such date as though the date set forth in the letter of cancellation was fixed as the expiration date hereof, and Landlord shall have no further liability to Tenant as a result of such early termination. If Tenant timely agrees to so relocate after the above described notice from Landlord, then Landlord shall, at its sole cost and expense, commence and diligently proceed to complete all interior work as required to make the Relocated Premises similar to Tenant's existing Premises. As soon as such construction work is substantially completed in the Relocated Premises, Tenant shall physically relocate to such Relocated Premises and commence business therein not later than thirty (30) days after delivery of said Relocated Premises. Landlord shall reimburse Tenant's reasonable cost to move Tenant's equipment and inventory, as well as the costs to relocate Tenant's phone service and to replace any existing stationary, promotional and advertising materials if required. All other costs associated with the relocation shall be born by Tenant.

In any event, not later than the date specified in Landlord's above described notice, and regardless of whether Tenant shall be ready to move or to commence business in the Relocated Premises, Tenant shall vacate the Premises and peaceably surrender possession thereof to Landlord in accordance with the provisions hereof. Commencing as of the last day by which such relocation must be completed, or if sooner, the day Tenant commences business in the Relocated Premises, all of Tenant's right, title and interest in and to the Premises originally demised hereby shall cease and terminate and from and after such date the Relocated Premises shall be deemed demised hereunder in lieu of the Premises. In the event of a relocation, the parties shall enter into an amendment to this Lease which shall confirm the area and size of the Relocated Premises. The Minimum Guaranteed Rent and Percentage Rent shall automatically be amended to bear the same relationship to the Minimum Guaranteed Rent and Percentage Rent presently set forth in the Lease as the existing area of the Premises bears to the area of the Relocated Premises.

23.13 If any term, covenant, or condition of this Lease or the application thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this Lease, or the application of such term, covenant, or condition to persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby and each term, covenant, or condition of this Lease shall be valid and be enforced to the fullest extent permitted by law.

23.14 Nothing herein contained shall be deemed or construed by the parties hereto, nor by any third party, as creating the relationship of principal and agent or of partnership or joint venture between the parties hereto, it being understood and agreed that neither the method of computation of rent, nor any other provision contained herein, nor any acts of the parties hereto, shall be deemed to create any relationship between the parties hereto other than the relationship of landlord and tenant.

23.15 In connection with any request from Tenant for Landlord execution of or consent to any document or instrument in connection with this Lease (other than in connection with any assignment of this Lease or subletting of the Premises pursuant to Article XV hereof), upon making the request, Tenant shall pay to Landlord a fee in the amount of [redacted] as reimbursement to Landlord for its internal costs and expenses incurred with respect to the review of such instrument. If Landlord, in its sole discretion, deems it necessary for any third party consultant or attorney to review such proposed instrument on its behalf, Tenant shall immediately deposit with Landlord the additional sum of [redacted] to cover Landlord's out-of-pocket costs and expenses incurred with respect to the review of such instrument. Tenant shall pay such fees to Landlord, as additional rent, whether or not Landlord approves or executes such instrument. Landlord's duty to approve the foregoing instrument presented by Tenant is in Landlord's sole discretion except to the extent this Lease expressly provides to the contrary.

23.16 Neither this Lease nor any memorandum thereof shall be filed or recorded in any public records without Landlord's express prior written consent.

23.17 As used in this Section, the following defined terms shall have the following meanings:

"**Anti-Money Laundering Laws**" shall mean laws, regulations and sanctions, state and federal, criminal and civil, that (i) limit the use of and/or seek the forfeiture of proceeds from illegal transactions; (ii) limit commercial transactions with designated countries or individuals believed to be terrorists, narcotics dealers or otherwise engaged in activities contrary to the interests of the United States; or (iii) are designed to disrupt the flow of funds to terrorist organizations. Such laws, regulations and sanctions shall be deemed to include the USA PATRIOT Act of 2001, Pub. L. No. 107-56 (the "**Patriot Act**"), the Bank Secrecy Act, 31 U.S.C. Section 5311 et. seq., the Trading with the Enemy Act, 50 U.S.C. App. Section 1 et. seq., the International Emergency Economic Powers Act, 50 U.S.C. Section 1701 et. seq., and the sanction regulations promulgated pursuant thereto by the OFAC, as well as laws relating to prevention and detection of money laundering in 18 U.S.C. Sections 1956 and 1957.

"**Antiterrorism Law**" is defined as any law relating to terrorism, anti-terrorism, money laundering or anti-money laundering activities, including Executive Order No. 13224 and Title 3 of the USA Patriot Act.

"**Executive Order No. 13224**" is defined as Executive Order No. 13224 on Terrorist Financing effective September 24, 2001, and relating to "Blocking Property and Prohibiting Transactions With Persons Who Commit, or Support Terrorism".

"**Lists**" mean any lists published by OFAC, (including those executive orders and lists published by OFAC with respect to Persons that have been designated by executive order or by the sanction regulations of OFAC as Persons with whom U.S. Persons may not transact business or must limit their interactions to types approved by OFAC) including the Specially Designated Nationals and Blocked Persons list.

"**OFAC**" is the Office of Foreign Assets Control, Department of the Treasury.

A "**Person**" is an individual, corporation, partnership, joint venture, association, joint stock company, trust, trustee, estate, limited liability company, unincorporated organization, real estate investment trust, government or any agency or political subdivision thereof, or any other form of entity.

"**Prohibited Person**" is defined as (i) a person or entity that is listed in the Annex to Executive Order 13224; (ii) a person or entity with whom Tenant is prohibited from dealing or otherwise engaging in any transaction by any Anti-Terrorism Law; or (iii) a person or entity that is named as a "specially designated national and blocked person" on the most current list published by the U.S. Treasury Department Office Of Foreign Assets Control as its official website, http://www.treas.gov/ofac/t11sdn.pdf or at any replacement website or other official publication of such list.

A "**U.S. Person**" is a United States citizen, entity organized under the laws of the United States or its territories or entity having its principal place of business within the United States or any of its territories.

"**USA Patriot Act**" is defined as the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001" (Public Law 107-56).

"**Tenant**" shall mean Tenant, and its employees, principals, partners, subsidiaries, beneficial owners, members, managers, officers, directors, shareholders, agents, and contractors.

(a) Tenant hereby represents, warrants, and certifies to Landlord as follows:

(i) Tenant is not under investigation by any governmental authority for, nor has Tenant been indicted, arraigned, custodially detained, arrested for, charged with, or convicted of (A) money laundering, drug trafficking, or terrorist related activities, (B) any crimes which in the U.S. would be predicate crimes to money laundering, or (C) any violation of any Anti-Money Laundering Laws; Tenant has not been assessed civil or

criminal penalties under any Anti-Money Laundering Laws; and Tenant has not had any of its funds seized or forfeited in any action under any Anti-Money Laundering Laws;

(ii) Tenant is not in violation of any Anti-Terrorism Law;

(iii) Tenant is not conducting any business or engaging in any transaction or dealing with any Prohibited Person, including the making or receiving of any contribution of funds, goods, or services to or for the benefit of any Prohibited Person;

(iv) Tenant is not dealing in, or otherwise engaging in any transaction relating to, any property or interest in property blocked pursuant to Executive Order No. 13224;

(v) Tenant is not engaging in or conspiring to engage in any transaction that evades or avoids, or had the purpose of evading or avoiding, or attempts to violate any of the prohibitions set forth in any Anti-Terrorism Law;

(vi) Tenant is not a Prohibited Person, nor are any of its partners, members, managers, officers, or directors a Prohibited Person;

(vii) Tenant is in compliance with any and all applicable provisions of the Patriot Act;

(viii) Tenant is not listed on the Lists or engaged in illegal activities;

(ix) Tenant is not engaged in this transaction, directly or indirectly on behalf of, or instigating or facilitating this transaction, directly or indirectly on behalf of, any such person, group, entity, or nation; and

(x) Tenant is not acting, directly or indirectly, for or on behalf of any person, group, entity, or nation named by any Executive Order or the United States Treasury Department as a terrorist, "Specially Designated National and Blocked Person," or other banned or blocked person, entity, nation, or transaction pursuant to any law, order, rule, or regulation that is enforced or administered by the Office of Foreign Assets Control.

(b) Tenant shall immediately notify Landlord in writing should Tenant become aware any change in the truth and accuracy of the representations and warranties set forth herein. Upon Tenant becoming aware that any employee or contractor of Tenant is listed on the Lists or is engaged in illegal activities (including without limitation those set forth in subsection (a) hereinabove), Tenant, Tenant shall immediately remove such employee or contractor from employment at or in connection with the Premises.

(c) In addition to and without limitation of any restrictions on subleasing and assignment of the Premises contained herein, Tenant shall not sublease or assign the Premises or any portion thereof to any Person who is listed on the Lists or who is engaged in illegal activities (including without limitation those set forth in subsection (a) hereinabove). All subtenants and assignees of the Premises shall make the representations, warranties, and certifications contained in this Section to Landlord, and shall indemnify Landlord for all from and against any and all claims, damages, losses, risks, liabilities and expenses (including attorneys' fees and costs) arising from or related to any breach of the foregoing representations and warranties by the indemnifying party.

(d) Tenant hereby agrees to defend, indemnify, and hold harmless Landlord from and against any and all claims, damages, losses, risks, liabilities, and expenses (including attorney's fees and costs) arising from or related to any breach of the foregoing representations, warranties, certifications and covenants.

23.18 Except as expressly set forth in the Lease, Landlord reserves the absolute right to effect such other tenancies in the Shopping Center as Landlord shall determine in the exercise of its sole business judgment. Tenant does not rely on the fact, nor does Landlord represent, that any specific tenant or occupant or number of tenants or occupants shall occupy any space in the Shopping Center.

23.19 In consideration of the Landlord's entry into this Lease, Guarantor shall guaranty payment and performance under the terms of the Lease by executing, contemporaneously with Tenant's execution of this Lease, a guaranty in the form attached hereto as Exhibit "D".

23.20 To the extent that the Special Stipulations set forth in Exhibit "F" conflict with any of the printed provisions of this Lease, such Special Stipulations shall control.

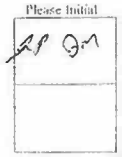

23.21 Any obligation which by its nature is due after this Lease expires or is terminated, shall survive the Lease's expiration or earlier termination.

23.22 The submission of this Lease for examination does not constitute an offer to lease. This Lease shall be effective only upon the occurrence of both (i) the execution and delivery of this Lease by both Landlord and Tenant, and (ii) the execution and delivery of a Guaranty in the form attached hereto as Exhibit "D" by the Guarantor(s), if any, identified in Section 1.1(v) of this Lease,.

ARTICLE XXIV
LIMITED LIABILITY OF LANDLORD

24.1 (a) **THE TERM "LANDLORD" AS USED IN THIS LEASE MEANS ONLY THE OWNER OR ENTITY FROM TIME TO TIME OWNING THE SHOPPING CENTER, SO THAT IN THE EVENT OF ANY SALE OR SALES THEREOF, THE LANDLORD WHO IS A GRANTOR IN ANY SUCH SALE SHALL BE AND HEREBY IS, WITHOUT FURTHER AGREEMENT, ENTIRELY FREED AND RELIEVED OF ALL THE OBLIGATIONS OF LANDLORD HEREUNDER ACCRUING AFTER THE DATE OF SUCH SALE. ANY SUCH SALE OR SALES OF THE PREMISES, UNLESS PURSUANT TO A FORECLOSURE SALE OR DEED IN LIEU OF FORECLOSURE, SHALL BE SUBJECT TO THIS LEASE AND IT SHALL BE DEEMED AND CONSTRUED WITHOUT FURTHER AGREEMENT THAT THE PURCHASER AT ANY SUCH SALE HAS ASSUMED AND AGREED TO CARRY OUT ANY AND ALL OBLIGATIONS OF LANDLORD UNDER THIS LEASE SO LONG AS SUCH PURCHASER SHALL BE THE OWNER OF THE SHOPPING CENTER.**

DESCRIPTION OF LANDLORD'S WORK & TENANT'S WORK

I LANDLORD'S WORK

Landlord's Work shall be done in accordance with the specifications set forth below, shall be limited to the work set forth in this Section I below and shall exclude all other work on the Premises or elsewhere.

A. PUBLIC AREAS

1. Clearing, grading and landscaping of public areas in Shopping Center.

2. Paving, marking and lighting of the roadway and parking areas of Shopping Center.

3. Providing open sidewalks.

B. STRUCTURE

1. The foundation, columns, structural frames, beams and floors shall be designed to carry loads in accordance with governing building codes.

2. Any walls which are below the finished grades and which are in contact with the soil shall receive damp proofing.

3. The roof of the Premises shall be an insulated, built-up, bondable roof.

C. UTILITIES

1. Electricity. Landlord shall provide, or cause to be provided, electrical conduits to the boundary line of the Premises, with a capacity of 150 amps and any additional capacity needed shall be provided by Tenant as Tenant's Work, at Tenant's expense.

Landlord shall not provide or pay for the cost of any other electrical facilities required by Tenant such as, but not necessarily limited to: panels, conduits, wiring, signs, sign transformers, burglar alarms, intercommunications systems, TV installations, light fixtures or appurtenances. All of such items shall be furnished and installed by Tenant as Tenant's Work.

2. Water and Sewer. Water pipe and sewer pipe shall be brought to the boundary of the Premises by Landlord. All other plumbing facilities shall be furnished and installed by Tenant as Tenant's Work. Tenant shall pay Landlord for the cost of the meter and the cost of the installation thereof and throughout the duration of Tenant's occupancy Tenant shall keep said meter and installation equipment in good working order and repair at Tenant's own cost and expense. Tenant agrees to pay for water consumed, as shown on said meter as and when bills are rendered, and on default in making such payment Landlord may pay such charges and collect the same from Tenant.

3. Telephone Conduit. Tenant shall provide all telephone conduit and wire within the Premises as Tenant's Work.

II TENANT'S WORK

All work on the Premises other than Landlord's Work as hereinabove defined shall be Tenant's Work all of which shall be undertaken at Tenant's sole cost. Tenant shall secure all necessary licenses and permits prior to commencement of Tenant's Work and shall secure the certificate of occupancy before opening for business at the Premises.

Tenant's Work includes, but is not limited to the following:

A. Providing and installing all electric fixtures, equipment and distribution equipment, except as specifically above described as Landlord's Work.

B. Providing and installing all conduit and wire and paying service charges for telephone lines within the Premises.

C. Providing and installing all interior partitions, coves, ceilings, and doors and the relocation of lights, HVAC, and sprinkler required for such installations.

D. Providing and installing all interior painting floor cover and decorating.

E. Providing and installing all show window backgrounds, show window floors, show window ceilings, show window light fixtures and special lighting requirements.

F. Providing and installing all mechanical equipment including all heating, air conditioning and ventilating fans, ducts, and controls; all elevators, escalators, conveyors and their shafts and doors located within the Premises; and all other mechanical or electrical equipment or fixtures required by the Tenant.

G. If Tenant provides Landlord the necessary written information prior to Landlord's order for the structural steel, then the cost of framing the openings and curbs for penetration of Tenant's equipment through the roof of the Premises shall be the Landlord's obligation. In the event Tenant shall fail, not have an opportunity, or be unable for any reason to supply necessary information to Landlord regarding roof openings and curbs required by Tenant for Tenant's

Please Initial

equipment prior to Landlord's order for the fabrication of the structural steel of the roof, then Tenant shall do its own framing, cutting of the roof deck and roofing, and Tenant shall use the roofer employed by Landlord in order to continue the roofer's guarantee.

H. Temporary electric service shall be provided each building on the Premises by Landlord, but Tenant shall have its own electrical contractor install a meter, and Tenant shall pay for current consumed during Tenant's construction period. Temporary lines during construction shall be run from this meter at Tenant's expense.

I. Provide facilities for water, sewer, and vents within the Premises for Tenant's use; and provide automatic sprinkler system main line as required by Landlord and other fire protection systems required by Tenant.

J. Fire resistant perimeter walls of the Premises shall be either of metal stud and plaster board construction or of block construction. Fireproof partitions shall be provided between units of the building in which the Premises are located as required by the governing building code and the fire underwriters' requirements. Double partitions may be provided at all expansion joints in the building.

K. Storefronts shall be designed by Landlord's architect in conformity with the architectural design of Shopping Center, and approved by Landlord.

L. Providing all concrete floors in the Premises which shall be 4" minimum smooth troweled finish.

M. Store fixtures, etc.

N. Supply and install hot water heater if desired.

O. Supply and install fire extinguisher.

P. Obtaining final certificates of occupancy from any required governmental agency.

III. ALLOWANCE FOR TENANT'S WORK - REIMBURSEMENT CONDITIONS

A. Subject to Tenant's timely and strict compliance with the conditions set forth below, Landlord shall reimburse Tenant up to the amount stated in Section 1.1(r) of the Lease ("Allowance for Tenant's Work") for Tenant's cost of making permanent improvements in the Premises (specifically not to be used for trade fixtures) which will become Landlord's property on the termination of the Lease and which are necessary to complete Tenant's Work in the Premises.

Upon completion of 50% of Tenant's Work required by Tenant's Plans, Tenant shall notify Landlord and Landlord shall inspect the Premises and either approve or object to Tenant's Work within fifteen (15) days after receipt of Tenant's notice of completion. Landlord shall pay Tenant [redacted] of the Allowance for Tenant's Work when Landlord has received the items listed in (i)-(ii) below and as of such date, items (iii)-(iv) are accurate statements:

(i) A draw request accompanied by itemized paid invoices therefore for all costs for fifty percent (50%) of Tenant's Work referred to in such invoices;
(ii) Waivers of liens and affidavits, in form and substance reasonably acceptable to Landlord, for all persons performing labor and/or supplying materials in connection with such work showing that all of said persons have been compensated in full for work completed to date, and such other evidence as Landlord may reasonably request to evidence that no liens can arise from Tenant's Work;
(iii) there are no liens or preliminary notices of lien rights filed with respect to Tenant's Work; and
(iv) there is no default by Tenant under the terms of this Lease; and

Upon completion of Tenant's Work required by Tenant's Plans, Tenant shall notify Landlord and Landlord shall inspect the Premises and either approve or object to Tenant's Work within fifteen (15) days after receipt of Tenant's notice of completion. Landlord shall not be required to make any other payment of the balance of the Allowance for Tenant's Work until it has received the items listed in (i)-(iii) below and as of such date, items (iv)-(vi) are accurate statements:

(i) A draw request accompanied by itemized paid invoices therefore for all costs for Tenant's Work referred to in such invoices;
(ii) Final waivers of liens and affidavits, in form and substance reasonably acceptable to Landlord, for all persons performing labor and/or supplying materials in connection with such work showing that all of said persons have been compensated in full, and such other evidence as Landlord may reasonably request to evidence that no liens can arise from Tenant's Work;
(iii) Tenant's submission to Landlord of all permits and certificates necessary for Tenant's construction and occupancy of the Premises;
(iv) there are no liens or preliminary notices of lien rights filed with respect to Tenant's Work;
(v) there is no default by Tenant under the terms of this Lease; and
(vi) Tenant has opened the Premises for business to the public.

B. Landlord may issue joint checks in its sole discretion. In no event shall Landlord be required to pay Tenant any of the Allowance for Tenant's Work unless the conditions set forth in subsection III.A. above are fulfilled within ninety (90) days after the Rent Commencement Date.

C. If at any time prior to the normal expiration of this Lease at the date stated on page 1 hereof, this Lease is terminated or placed in default by Landlord as a result of Tenant's failure to comply with any of its obligations under the Lease, then in such event, Tenant shall pay to Landlord as additional damages (and not in lieu of any other damages to

which Landlord may be entitled pursuant to this Lease), the unamortized part of the cost of any Landlord's Contribution to Tenant's Work (hereafter defined) and any Allowance for Tenant's Work paid by Landlord to or on behalf of Tenant as provided herein. Such amortization shall be monthly, on a straight line basis, over the initial Term of the Lease, beginning with the Rent Commencement Date hereof, with interest on such unamortized portion at the rate of ten (10%) percent per annum from the Rent Commencement Date.

Tenant's obligation for Minimum Guaranteed Rent accruing each month after the event of default shall be reduced by the amount of Tenant's payment to Landlord pursuant to this subparagraph III.C., divided by the number of full calendar months remaining in the original Term as of the event of default. By way of example, if Tenant's obligation to pay Landlord under this subparagraph III.C. [redacted], and 50 full calendar months remain in the original Term at the time of the event of default, upon payment of [redacted] by Tenant to Landlord pursuant to this subparagraph III.C, Tenant's obligation for Minimum Guaranteed Rent accruing during the remainder of the original Term after the event of default shall be reduced by [redacted] each month.

IV. ARCHITECTURAL AND CONSTRUCTION STANDARDS

All Landlord's Work and all Tenant's Work under all classifications shall conform to the following architectural and construction standards:

A. Signs. Signs on the Premises shall be restricted in accordance with the sign criteria reasonable for a shopping center of comparable size, type and quality as developed by Landlord's architect. Signs shall have no exposed lighting source, no flashing or scintillating or moving lights. All Tenant's signs must be approved by the Landlord in writing, and are subject to Exhibit "G" (if used).

B. Store Fronts and Entrances. Landlord may, at its option, require coordinated treatment of the fascia or facade of the store front or of the fascia of the marquee. Tenant's store front shall be designed and constructed pursuant to Section I.K. of this Exhibit C. All swinging or sliding doors must be recessed in such manner that any door opening to the public walk will not cross the general store line.

C. Projection Beyond Lines. No store front or any part thereof shall project beyond the exterior perimeter of the Premises, with the exception of signs approved by Landlord.

D. Heating, Air Conditioning and Ventilating. Heating, air conditioning and ventilating work shall be designed and constructed to maintain the following standards during store hours:

1. Heating Season: A prevailing minimum temperature of approximately 70 degrees Fahrenheit with outside temperatures ranging to 10 degrees Fahrenheit.

2. Cooling Season: A prevailing maximum temperature of 76 degrees Fahrenheit and a relative humidity of 50 percent.

3. The air conditioning design standards are subject to the following requirements and conditions:

(a) An outside dry bulb temperature of 95 degrees coincident with a wet bulb temperature of 76 degrees Fahrenheit.

(b) An installed electric load of 9 watts per square foot of conditioned space.

(c) A maximum occupancy load of one person per fifty square feet of conditioned space.

(d) An outside air requirement of .05 c.f.m. per square foot of space, plus an amount equal to that exhausted by mechanical means or other exhaust conditions which may from time to time exist in the Premises.

4. In all service areas and storage areas, a prevailing minimum temperature of approximately 60 degrees Fahrenheit shall be provided during heating season and in the cooling season adequate ventilation shall be provided.

V. LANDLORD'S CONTRIBUTION TO TENANT'S WORK

The following Tenant's Work, if any, shall be performed by Landlord at Landlord's expense (the "Landlord's Contribution to Tenant's Work"):

1. One (1) 1,500 gallon grease traps stubbed to the rear of the Premises.

The Landlord's Work shall be performed in accordance with plans prepared by Landlord at Landlord's expense. Landlord will relocate Tenant's existing equipment from Tenant's current premises, at Landlord's expense. Tenant shall relocate its furniture and other personal property and low voltage lines and install any new equipment at Tenant's expense.

STATE OF GEORGIA
COUNTY OF _____

GUARANTY

In consideration of and as an inducement for the letting by **BARRETT PARKWAY HIGHWAY 41, LLC**, a Georgia limited liability company ("Landlord") to **RISE UP, LLC**, a Georgia limited liability company ("Tenant"), as tenant, pursuant to a lease (the "Lease") for premises located in the Shopping Center known as Barrett Parkway, which is located in the City of Kennesaw, Cobb County, Georgia, as further described therein, and the sum of [redacted] and other good and valuable consideration paid by Landlord to the undersigned, the receipt and sufficiency of which are hereby acknowledged by the undersigned (hereinafter collectively called the "Guarantor"), Guarantor does hereby unconditionally guarantee the full, prompt and complete performance by Tenant of all of the terms, covenants, conditions, obligations and agreements contained in the Agreement, hereafter defined, on the part of Tenant to be performed, including specifically, without limitation, the obligation to pay all rents and all other charges or obligations therein set forth, together with any and all renewals, extensions, modifications thereof, substitutions therefor, and assignments thereof (all such terms, covenants, conditions, obligations and agreements being hereinafter called the "Obligations"). Guarantor further agrees to pay on demand any cost, claim, liability, damage or expense which Landlord incurs relative to the enforcement of the Guaranty in the event Guarantor does not punctually pay, perform and fulfill all of the Obligations, and if Landlord employs an attorney to collect any amount due hereunder, Guarantor shall also pay Landlord's attorney's fees in the amount of fifteen percent (15%) of the amount due by Guarantor pursuant to the Guaranty.

1. Any capitalized term used in this Guaranty shall have the same meaning as such term has in the Agreement. The term "Agreement" as used herein means the Lease, as it may be modified, supplemented, assigned, extended or renewed from time to time. Notwithstanding any provision of this Guaranty to the contrary, the term "Tenant" whenever used in this Guaranty refers to and means the Tenant specifically named in the Lease and also any assignee or sublessee of the Tenant's interest in the Lease, whether by assignment, sublease or otherwise.

2. Guarantor waives presentment, demand, dishonor, notice of dishonor, non-payment, non-performance, protest, and all other notices of any nature whatsoever, including, without limitation, notices of acceptance hereof, of the existence or creation of the Obligations, and of all defaults, disputes or controversies with Tenant, and of the settlement, compromise or adjustment thereof.

3. This Guaranty is absolute and is not conditioned in any way upon the genuineness, validity, regularity or enforceability of the Agreement or the Obligations.

4. Landlord shall have full authority in its sole and absolute discretion, without obtaining the consent of, giving notice to, or affecting the liability of Guarantor, to make changes of terms, to extend time to pay, to release the whole or any part of the Obligations, to settle or compound differences for less than the full amount owing under the Agreement, to accept notes, trade acceptances or any other form of obligation for the Obligations, to make arrangements or settlements in or out of court in the case of receivership, liquidation, readjustment, bankruptcy, reorganization, arrangement or an assignment for the benefit of creditors and to do anything, whether or not herein specified, which may be done or waived by or between Landlord and Tenant. The making of such arrangements, settlements, compromises, adjustments, extensions of time and so forth shall not diminish, discharge, modify, reduce, extinguish or otherwise affect the liability of Guarantor hereunder for the full amount owing under the Agreement. Guarantor further agrees that no act or omission on the part of Landlord shall in any way affect, impede or impair this Guaranty.

5. This Guaranty shall be enforceable without Landlord having (i) to proceed first against Tenant (any right to require Landlord to take action against Tenant as required by O.C.G.A. §10-7-24 being hereby expressly waived) or against any security for any payments due under the Agreement, or (ii) to exercise any of Landlord's remedies under the Agreement; and shall be effective regardless of the solvency or insolvency of Tenant, any reorganization, merger or consolidation of Tenant, any change in the composition, nature, personnel or location of Tenant, or any bankruptcy, receivership, liquidation, reorganization or other proceeding involving Tenant.

6. This Guaranty may be executed by one or more individuals, and, if executed by only one individual, he or she has done so with the express understanding that there will be only one guarantor, even though this document may contain printed language suggesting that more than one person or entity will be a guarantor.

7. This Guaranty shall be binding upon and enforceable against each person and entity executing this Guaranty and upon the respective heirs, legal representatives and successors of each such person and entity. The liability of each person and entity executing this Guaranty, and the heirs, legal representatives and successors of each such entity and person hereunder, is joint and several, primary and unconditional, and shall not be subject to any claim of offset, counterclaim or defense of Tenant. Guarantor shall not assign this Guaranty.

8. This Guaranty shall be irrevocable, absolute and unconditional and shall remain in full force and effect as to Guarantor until such time as all of the Obligations shall have been paid or satisfied in full. No delay or failure on the part of Landlord in the exercise of any right or remedy shall operate as a waiver thereof, and no single or partial exercise by Landlord of any right or remedy shall preclude other or further exercise thereof or the exercise of any other right or remedy. This Guaranty shall not be affected by reason of assertion by Landlord against Tenant of any rights or remedies reserved to Landlord in the Agreement, or by reason of any summary or other proceedings against Tenant, or by the amendment, modification or assignment of the Agreement with or without notice to, or consent of, the Guarantor.

9. Guarantor hereby expressly waives any suretyship defense it may have by virtue of any statute, law, or ordinance of any state or other government authority. Guarantor further waives all specific statutory defenses available under Georgia law to the enforcement of its obligations under this Guaranty. Without in any way limiting the foregoing, Guarantor hereby specifically waives the provisions of O.C.G.A. ¶¶ 10-7-20, 10-7-21, 10-7-22, 10-7-24, and 10-7-25.

10. This Guaranty shall remain in full force and effect, and Guarantor shall continue to be liable for the payment of all amounts owing under the Agreement in accordance with the original terms of the documents and instruments evidencing the same, notwithstanding the commencement of any bankruptcy, reorganization or other debtor relief proceeding by or against Tenant, (including, but not limited to, Chapters 7 or 11 bankruptcy proceedings or other reorganization proceeding under Title 11 of the United States Code) or other insolvency proceeding, or by the rejection or disaffirmance of the Agreement in any such proceeding and notwithstanding any modification, discharge, release or extension of the Obligations, any modification or amendment of any document or instrument evidencing any of the Obligations, any stay of the exercise by Landlord of any of its rights and remedies against Tenant with respect to any of the Obligations, or any cure of any default by Tenant under any document or instrument evidencing any of the Obligations, which may be effected in connection with any such proceeding, whether permanent or temporary, and notwithstanding any assent thereto by Landlord.

11. For the purposes of this Guaranty, the Obligations shall survive the termination of the Agreement in accordance with its terms, by operation of law or by reason of an Event of Default or default by Tenant, whether or not the Obligations actually survive such termination, and Guarantor shall remain bound to perform its obligations under this Guaranty notwithstanding such termination.

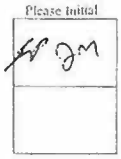

12. Notwithstanding any provision of this Guaranty to the contrary, Landlord may, without notice of any kind, sell, assign or transfer the Agreement, and in such event each and every immediate and successive assignee, transferee or holder of the Agreement shall have the right to enforce this Guaranty, by suit or otherwise, for the benefit of such assignee, transferee or holder, as fully as if such person were herein by name specifically given such rights, powers and benefits, but Landlord shall have an unimpaired right to enforce this Guaranty for its benefit as to so much of the Obligations as Landlord has not sold, assigned, or transferred.

13. This Guaranty has been made and delivered in the State of Georgia and shall be governed by, construed under and interpreted and enforced in accordance with the laws of the State of Georgia. Wherever possible, each provision of this Guaranty shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Guaranty shall be prohibited by or be invalid under such law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Guaranty. Guarantor hereby consents to the exercise of personal jurisdiction over Guarantor by any federal or state court in the State of Georgia and consents to the laying of venue in any such court. Nothing contained herein shall prevent Landlord from bringing any action or exercising any rights against any security given to Landlord by Tenant or Guarantor, or against Guarantor personally, or against any property of Guarantor, within any other state. Commencement of any such action or proceeding in any other state shall not constitute a waiver of the agreement that the laws of the State of Georgia shall govern the rights and obligations of Guarantor and Landlord hereunder or of the submission made by Guarantor to personal jurisdiction within the State of Georgia.

14. Guarantor warrants and represents to Landlord that any financial statements heretofore delivered by Guarantor to Landlord were true and correct in all respects as of the date delivered to Landlord. At any time this Guaranty is in effect, Guarantor shall, upon seven (7) days prior written notice from Landlord, provide Landlord with a current financial statement and financial statements of the two (2) years prior to the current financial statement year and such other financial information as Landlord may reasonably request (including, without limitation, copies of Guarantor's filed federal and state income tax returns for the most recent taxable year). Landlord agrees to keep confidential and not use such financial statements and information, except in connection with the administration or enforcement of the Lease or this Guaranty, a proposed sale of the Shopping Center, or the consummation or administration of loan transactions. Such statements shall be prepared in accordance with generally accepted accounting principles and, if such is the normal practice of Guarantor, shall be audited by an independent certified public accountant.

15. Guarantor covenants that Guarantor shall have no right to recover against Tenant by way of subrogation to the rights of Landlord on account of any payment by Guarantor to Landlord hereunder until all of the Obligations

Please Initial

have been paid and satisfied in full, and Guarantor hereby waives, releases, covenants not to sue, and relinquishes any such rights of subrogation to such extent. Any indebtedness of Tenant to Guarantor, now or hereafter existing, is and shall be deferred, postponed, and subordinated to any and all amounts due under this Guaranty.

16. If Guarantor is a corporation, company, partnership or other entity, Guarantor and the persons executing this Guaranty as officers, members, or partners of the Guarantor, as applicable, represent that Guarantor has full authority to execute this Guaranty and that the individuals executing this Guaranty are duly authorized to execute this Guaranty on behalf of the entity, and that there is no provision in its charter or bylaws or operating agreement, partnership agreement or other entity governance document that in any way conflicts with or prevents the execution, delivery or performance of this Guaranty by Guarantor.

17. Guarantor covenants and represents that there is no provision in any other agreement by which Guarantor is bound that in any way conflicts with or prevents the execution, delivery or full and timely performance of this Guaranty by Guarantor. Guarantor warrants and represents that Guarantor has a direct financial interest in the making of said Agreement.

18. All of Landlord's rights and remedies under the Agreement or under this Guaranty are distinct, separate and cumulative, and no such right or remedy therein mentioned is to be in exclusion of or a waiver of any of the others. In addition, none of the provisions of this Guaranty shall be construed to limit any other provisions or any rights which Landlord may have at law, in equity or otherwise. None of the waivers by Guarantor made in this Guaranty shall be construed to preclude or limit any others.

19. This Guaranty sets forth all the covenants, provisions, agreements, conditions and understandings between Landlord and Guarantor concerning the Obligations, and there are no covenants, promises, agreements, conditions or understandings, either oral or written, between Landlord and Guarantor except those therein set forth. Except as otherwise provided herein, no subsequent alteration, amendment, change or addition to this Guaranty shall be binding upon Landlord or Guarantor unless reduced to writing and signed by them.

IN WITNESS WHEREOF, Guarantor has executed, sealed and delivered this Guaranty, all this 6th day of March, 2014.

RULES AND REGULATIONS

1. All deliveries or shipments of any kind to and from the Premises including loading of goods, shall be made by way of the rear of the Premises or at any other location designated by Landlord, and only at such time designated for such purpose by Landlord.

2. Tenant shall not use the public or common areas in the shopping center for business purposes or special events unless prior approval in writing has been granted by Landlord.

3. Plumbing facilities shall not be used for any other purpose than that for which they are constructed, and no foreign substance of any kind shall be thrown therein.

4. Tenant shall use, at Tenant's cost, a pest extermination contractor at such intervals as Landlord may require, but no less often than once annually.

5. Tenant shall not place or permit:

a. Displays, decorations or shopping carts on the sidewalk in front of the Premises or upon any of the common area of the shopping center;
b. anything to be displayed, stacked, hung from the ceiling, racked, stored, etc. on the sidewalks outside the shops unless Tenant: (i) obtains Landlord's prior written approval; (ii) acquires adequate insurance coverage; and (iii) accepts all liability for the sidewalk outside the shops;
c. any bicycles, motorized and non-motorized vehicles to park on the sidewalks and only in designated places in common areas.

6. Prior to installation, Landlord must approve in writing all signs of any type which are to be installed or displayed in the common areas. Unauthorized signs will be removed by Landlord without notice.

7. Soliciting for any reason in the common areas requires prior written approval from Landlord.

8. Distribution of sales flyers, pamphlets, or any type of advertising literature in the common areas, on parked cars, etc. is only permitted with prior written approval of Landlord. Distribution of sales flyers, pamphlets, or any type of advertising literature by anyone other than the tenants in the center is not permitted.

9. Landlord reserves the right to change Landlord's sign criteria so long as the new sign criteria is uniformly enforced by Landlord.

10. Tenant agrees to participate in trash pick-up as directed by Landlord.

11. Unless directly related to business, as stated in the body of the Lease, no animals will be allowed on Common Areas.

12. During the six (6) months prior to the expiration of this Lease or any renewal term, Landlord may place upon the Premises "For Lease" signs, size to be 27" x 41", or other such signs in the storefront window, which Tenant shall permit to remain thereon.

13. Any damage caused to the roof of the Premises by repair/service personnel contracted by Tenant will be the responsibility of Tenant. Tenant should caution all repair/service personnel to avoid stepping on blisters, leaving foreign objects on roof, etc. All objects left on roof by Tenant contracted repair/service personnel causing damage to the roof will be the sole responsibility of Tenant.

14. Tenant shall not, without prior written consent of Landlord, affix or install any type of sunscreen, tinting film, solar screen or similar product to any window or door glass of the Premises.

3. RENEWAL OPTION:

Tenant shall have an option ("Renewal Option") to extend the Term of this Lease for one (1) additional term of five (5) years. Such five (5) year period, hereinafter referred to as the "Option Period", shall commence immediately upon the expiration of the initial Lease Term. If Tenant timely exercises the Renewal Option, the initial Lease Term together with the Option Period shall be deemed to be the Lease Term.

The Renewal Option shall be upon the same terms, covenants and conditions as during the initial Lease Term except that (a) Tenant shall have no option to renew this Lease beyond the expiration of the Option Period; (b) Landlord shall have no obligation to construct or install any improvements to the Premises or to provide an allowance therefore; and c) the annual Minimum Guaranteed Rent for the first (1st) year of the Option Period (Year 11) shall be the greater of (i) the amount set forth in the schedule below for that year, or (ii) the amount of Minimum Guaranteed Rent for the first (1st) year of the initial Lease Term plus the percentage of such amount equal to the aggregate percentage change in the CPI (hereinafter defined) from the first (1st) month of the initial Lease Term to the last month of the initial Lease Term. The annual Minimum Guaranteed Rental for the second (2nd) through fifth (5th) years during the Option Period (years 12-15) shall be the amount of Minimum Guaranteed Rent for the prior year plus three (3%) of such amount.

Months 121 through 132	[redacted]
Months 133 through 144	
Months 145 through 156	
Months 157 through 168	
Months 169 through 180	

The Renewal Option shall be exercised by Tenant giving Landlord notice in writing of its election, which writing must be received by Landlord, at least one hundred eighty (180) days, but no more than two hundred forty (240) days prior to the expiration of the initial Lease Term, or Tenant shall be deemed to have waived the Renewal Option.

The Renewal Option may not be exercised if: (a) Tenant is not occupying and conducting business from the Premises, for the Permitted Use as set forth in Article 1.1(q) of the Lease at the time the option is exercised; or (b) Tenant is in monetary default under this Lease; or (c) Tenant has assigned this Lease or sublet all or any part of the Premises.

As used herein "Consumer Price Index" shall mean the Consumer Price Index For All Urban Consumers specified for all items, U.S. City Average (1982-84 = 100) published on the date nearest to each such date by the Bureau of Labor Statistics of the United States Department of Labor; or, if such index is not then in use, by the index most nearly comparable thereto, as selected by Landlord.

EXHIBIT "G"
SIGN CRITERIA

Each Tenant shall provide signage packages for his space including signs at each of the three locations described below:

1. Building Facade Tenant Sign
2. Undercanopy Tenant Sign
3. Rear Door Sign

1. BUILDING FACADE SIGN

Building Facade Tenant signage shall consist of individual letters mounted on a raceway attached to the facade above the tenant's space.

All individual letters shall be fabricated with .063 gauge aluminum returns, 5" deep, and .090 aluminum gauge backs, painted Dark Bronze #313E "Gripguard" paint by Wyandotte products. Provide a routed exterior finished edge. Interior seam shall be filled and caulked to seal from water penetration. The 5" aluminum returns of the channel letters shall be painted dark bronze #313E "Gripguard" paint by Wyandotte products. Wire holes shall be 7/8" opening and mounting holes shall be 1/4" opening. Channel letter faces shall be fabricated from 3/16" translucent colored plexiglass as approved by Retail Planning Corporation. Provide one (1) inch high black plastic ("jewelite") trim cap band all around. Screws shall be painted to match the trim edge band.

All exposed aluminum joints shall be welded and ground smooth. All signs shall have concealed, aluminum attachment devices, concealed electrical wiring, and shall be designed and fabricated in accordance with the local sign ordinances and UL construction requirements. Each letter of the sign units shall be internally illuminated with 15mm neon tubing wired through watertight flex material conduit to a transformer box. A raceway box enclosure shall be .090 gauge 6" x 6" aluminum painted to match the area of attachment to the facade and mounted to the facade. A junction box will be supplied at each tenant space by landlord and all wiring to junction boxes shall be concealed and enclosed in metal conduit.

The signage raceways shall be painted Matthews Aztec Gold to match copper accent sign band in stucco facade, Wyandotte Grip Guard 109-D5 or Pantone 471C on brick facades and Wyandotte 122-B1 or Pantone 454C on dryvit facades.

The building facade tenant signage shall be centered between demising walls of the Premises and shall be four (4) feet shorter than the tenant's shop frontage, but shall conform to the allowable square footage set by local sign ordinances. The actual letter height for the front wall signage shall not exceed 30".

Tenant shall coordinate color choices with The Retail Planning Corporation to provide an equal mix and arrangement of sign colors.

All raceways with letters attached shall be mounted to the sign band area of the building facade with concealed fasteners. Attachment shall be by means of aluminum sign brackets attached to the aluminum raceway panel and the facade with aluminum fasteners. Bracket attachment screws shall be sealed into background with clear silicone sealant. No signage panel shall attach directly to the facade.

Each sign package submitted for approval must contain a permittable electrical connection drawing fully complying with local codes.

This drawing must contain the following notes:

1. All wiring in conduit to be routed inside tenant space.

2. No roof penetrations will be made unless agreed to in writing by The Retail Planning Corporation.

3. Tenant and/or Tenant's contractor obtain and pay for permits required for the installation, electrical hookup, and use of the sign.

4. Name, address and telephone number of the licensed electrical contractor that will be making the installation.

2. UNDERCANOPY SIGN

(BY LANDLORD)

The undercanopy signs, which are to be furnished and installed by Landlord, locate the shop to shoppers walking under the canopies.

Tenant's graphics must be submitted to and approved by Retail Planning Corporation for application onto Tenant's undercanopy sign.

The signage panel shall be located in the undercanopy area, wall mounted and centered over Tenant's entrance.

3. REAR DOOR SIGN

Please Initial

Rear entrance signage panels are provided to identify the shop from the rear service drive. Signage panels shall have tenant name and "SERVICE ENTRANCE" on the panel.

The typography of the tenant name shall be "Helvetica Light and the typography of the "SERVICE ENTRANCE" shall be "Helvetica Medium". The tenant name shall be 3" high upper case letters and "SERVICE ENTRANCE" shall be 1 1/2" high upper case letters.

The signage panels shall be 6" high by 20" wide and constructed of 3/16" plexiglas with the corners of the panel square and ground smooth. The letters shall be 3-M brand, 2 mil., pressure sensitive die cut letters.

Each panel shall be Plexiglas Rohmhaas #2146 ivory. The tenant's name and "SERVICE ENTRANCE" shall be Duranodic #3630-69 Dark Bronze die cut letters.

Each panel shall be mounted on the door of the rear entrance, as shown in figure B. The sign panel is to be attached to the rear door with clear silicone. The mastic is to be installed continuous around the back of the sign one half inch (minimum) from the edges.

GENERAL NOTES:

All signage shall be purchased as a complete package and shall be manufactured and installed by a signage contractor approved by the Landlord and licensed to operate in the State of Georgia. All work shall be fully guaranteed for one year upon the completion of installation by the respective manufacturer.

Installation shall be within 20 working days from receiving final approval and deposit. The final installation must meet the approval of the Landlord.

If sign raceways are not painted the Wyandotte color specified herein, the signs will be repainted by Landlord, and cost plus 25% will be deducted from Tenant's allowance or charged to Tenant if no allowance is available.

If signs are not mounted and attached properly, they will be reinstalled by Landlord and cost plus 25% will be deducted from Tenant's allowance or charged to Tenant if no allowance is available.

Undercanopy signs will be manufactured and installed by Landlord's sign contractor. Cost of the undercanopy sign cabinet will be deducted from Tenant's allowance or charged to Tenant if no allowance is available.

Each tenant shall submit a signage package for his shop to the Landlord for approval prior to fabrication and installation. The following constitutes the minimum data required:

1. Layout for building facade, undercanopy and rear door tenant signs and graphics.
2. Color selection.
3. Signs drawn on the building elevation, front and rear of the shop. These drawings must be to scale.

If the drawings are not complete and do not include all three required signs, they will be returned to the Tenant unapproved.

Three (3) copies of the signage package shall be submitted to the Landlord and approved in writing, prior to the sign being fabricated. Submit package to:

THIS FIRST AMENDMENT AND ASSIGNMENT OF LEASE ("**First Amendment**") is made and entered into as of the First Amendment Effective Date (defined below) by and among Landlord, Current Tenant, New Tenant/Assignee, Existing Guarantor and New Guarantor, to wit:

WHEREAS, Landlord, as landlord, and Current Tenant, as tenant, entered into a Lease dated March 6, 2014 (the "**Lease**") for premises consisting of approximately 2,532 rentable square feet of gross rentable area designated as Suites 104 and 105 (the "**Premises**") located in the Barrett Parkway Shopping Center in Kennesaw, Cobb County, Georgia (the "**Shopping Center**");

WHEREAS, to induce Landlord to enter the Lease, Existing Guarantor signed and delivered in favor of landlord a Guaranty of the Lease dated March 6, 2014 (the "**Existing Guaranty**");

WHEREAS, Current Tenant now desires to assign its interest under the Lease to New/Tenant Assignee and New Tenant/Assignee desires to assume each and every obligation of the Current Tenant under the Lease, and the parties also desire to amend the Lease;

NOW, THEREFORE, in consideration of the sum of [redacted] and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Landlord, Current Tenant, New Tenant/Assignee, Existing Guarantor and New Guarantor do hereby agree as follows:

1. Recitals.

The above recitals are incorporated herein by reference and made a part hereof as if fully repeated verbatim herein. Terms which are not defined in this First Amendment but which have an initial

capital letter indicating that they may be defined elsewhere shall have the same meaning as described in the Lease.

2. Effective Date.

This First Amendment shall be effective on and as of ~~November~~ December 15th 2025 (the "**First Amendment Effective Date**").

3. Assignment and Assumption.

A. Current Tenant hereby transfers and assigns to New Tenant/Assignee all of Current Tenant's right, title and interest in, to and under the Lease, and New Tenant/Assignee hereby assumes each and every obligation, condition, term, covenant and agreement of the Lease to be kept and performed by the "tenant" thereunder, and agrees that from and after the First Amendment Effective Date, New Tenant/Assignee shall, for all intents and purposes, be deemed the "tenant" under the Lease. Without limiting the foregoing, New Tenant/Assignee covenants to assume responsibility for the payment to Landlord of any and all items of Minimum Guaranteed Rent, Percentage Rent, Common Area Expense, Taxes, Insurance, Additional Rent and all other charges due under the Lease and applicable to any part of the entire Term, including any part of the Term that is prior to and any part of the Term that is subsequent to the First Amendment Effective Date.

B. Current Tenant hereby transfers and assigns to New Tenant/Assignee all of Current Tenant's right, title and interest in, to the security deposit currently held by Landlord in the amount of [redacted] (the "**Security Deposit**"). Landlord shall retain possession of the Security Deposit and be entitled to use and apply same in accordance with the Lease.

C. Notwithstanding anything contained herein to the contrary, in no event shall this First Amendment effectuate a release of Current Tenant for obligations and liabilities arising pursuant to the Lease or otherwise for matters first arising or occurring on and prior to the First Amendment Effective Date and Current Tenant shall remain liable for its obligations and liabilities arising pursuant to the Lease through and including the First Amendment Effective Date.

4. Estoppel and Release of Landlord.

Current Tenant, New Tenant/Assignee, Existing Guarantor and New Guarantor each covenant and warrant that (a) Landlord is not in default under any of the terms of the Lease; (b) all obligations and conditions under the Lease to be performed to date by Landlord have been satisfied; (c) no event has occurred which, with the passage of time or the giving of notice or both, would constitute an event of default by Landlord under the Lease; and (d) none of Current Tenant, New Tenant/Assignee, Existing Guarantor and New Guarantor have any current defenses or claims against Landlord or rights of offset against any rents or other sums payable to Landlord under the Lease, Existing Guaranty or New Guaranty (defined below), and each of them. Current Tenant, New Tenant/Assignee, Existing Guarantor and New Guarantor hereby release and discharge Landlord, its employees, its agents, property managers and contractors, and their successors and assigns, from any and all claims, suits, actions or causes of action in law or in equity arising directly or indirectly out of or pursuant to or relating to the Lease or the use and occupancy of the Premises and Shopping Center arising prior to the First Amendment Effective Date.

5. Warranty and Representation.

A. Current Tenant and each person signing this First Amendment on behalf of Current Tenant represents and warrants to Landlord as follows: (i) Current Tenant is validly existing under the laws of the State of Georgia; (ii) Current Tenant is qualified to do business in the State of Georgia; (iii) Current Tenant has the full right and authority to enter into this First Amendment; (iv) each person signing on behalf of Current Tenant was and continues to be authorized to do so; (v) if Current Tenant is a franchisee, its franchisor ("**Franchisor**") has approved of this First Amendment; and (vi) there is no other party whose consent or approval is required in order to make effective and binding on Current Tenant this First Amendment.

B. New Tenant/Assignee and each person signing this First Amendment on behalf of New Tenant/Assignee represents and warrants to Landlord as follows: (i) New Tenant/Assignee is validly existing under the laws of the State of Georgia; (ii) New Tenant/Assignee is qualified to do business in Georgia; (iii) New Tenant/Assignee has the full right and authority to enter into this First Amendment; (iv) each person signing on behalf of Current Tenant was and continues to be authorized to do so; (v) if New Tenant/Assignee is a franchisee, its Franchisor has approved of this First Amendment; and (vi) there is no other party whose consent or approval is required in order to make effective and binding on New Tenant/Assignee this First Amendment.

C. Existing Guarantor and each person signing this First Amendment on behalf of Existing Guarantor represents and warrants to Landlord as follows: (i) Existing Guarantor is a Georgia resident; (ii) Existing Guarantor has the full right and authority to enter into this First Amendment; (iii) each of the representations made by Current Tenant is accurate; and (iv) there is no other party whose

consent or approval is required in order to make effective and binding on Existing Guarantor this First Amendment.

D. New Guarantor and each person signing this First Amendment on behalf of New Guarantor represents and warrants to Landlord as follows: (i) New Guarantor is a Georgia resident; (ii) New Guarantor has the full right and authority to enter into this First Amendment; (iii) each of the representations made by New Tenant/Assignee is accurate; and (iv) there is no other party whose consent or approval is required in order to make effective and binding on New Guarantor this First Amendment and the New Guaranty.

6. Landlord's Consent; Conditions.

A. Assignment Fees. Landlord's entry into this First Amendment is conditioned upon Landlord's receipt from Current Tenant or New Tenant/Assignee of an assignment fee of [redacted] to be received by Landlord on or before the First Amendment Effective Date. If such fee is not received by Landlord timely and in full, Landlord shall have the option to declare this First Amendment null and void and, in such event, this First Amendment shall be deemed null and void and the Lease shall remain in full force as written notwithstanding any execution and delivery of this instrument by all or any parties hereto.

B. Future Assignments. Landlord's consent and entry to this First Amendment does not waive Landlord's right to accept or reject further assignments of the Lease or subletting of the Premises described in the Lease and there shall be no further assignments of the Lease or subletting without the express written consent of the Landlord, except as otherwise permitted by the Lease.

C. Cure of Rental Arrearage. [Intentionally Omitted – Not Applicable].

D. New Guaranty. Landlord's entry into this First Amendment is further conditioned upon New Guarantor signing and delivering to Landlord, contemporaneously with Current Tenant's delivery of this First Amendment, a Guaranty in the form attached hereto as **Exhibit A** (the "**New Guaranty**"). If such New Guaranty is not received by Landlord timely and in full, Landlord shall have the option to declare this First Amendment null and void and, in such event, this First Amendment shall be deemed null and void and the Lease shall remain in full force as written notwithstanding any execution and delivery of this instrument by all or any parties hereto.

7. Guarantors.

A. Existing Guarantor and New Guarantor each hereby consents to all provisions of this First Amendment, and ratify and reaffirm their guaranties with respect to the Lease, as amended hereby.

8. Acceptance of Premises.

A. New Tenant/Assignee accepts the Premises (including all systems serving the Premises such as HVAC, electrical and plumbing) in "AS-IS" condition with all faults, and New Tenant/Assignee agrees that Landlord is not responsible for the current condition thereof and Landlord has no duty to perform any repairs thereto. New Tenant/Assignee shall immediately occupy the Premises. New Tenant/Assignee shall solely be responsible for any alterations to the Premises (to include repairs, alterations, upgrades or the like to the systems serving the Premises) that New Tenant/Assignee deems necessary for the conduct of its business therein and, subject to Landlord's prior approval thereof, New Tenant/Assignee shall perform all work in the Premises in accordance with the Lease and any applicable laws, rules, regulations or ordinances, including, but not limited to, the Americans with Disabilities Act.

B. Current Tenant, New Tenant/Assignee, Existing Guarantor and New Guarantor each covenants and warrants that as of the First Amendment Effective Date the New Tenant/Assignee owns and shall be deemed to own all equipment, unattached trade fixtures and unattached leasehold improvements on the Premises, free and clear of any liens, claims or other encumbrances other than any interests of Landlord pursuant to the Lease.

9. Amendments to Lease.

A. Extension of Term. The Term of the Lease is hereby extended for three (3) months, with the new expiration date of the Term now being November 30, 2029 ("**New Expiration Date**").

B. Six Month Rental Abatement - Minimum Guaranteed Rent. For the six (6) month period commencing December 1, 2025 and ending May 31, 2026 ("**Partial Abatement Period**"), all provisions of the Lease shall remain the same and intact, including the obligation to pay Additional Rent and Percentage Rent; provided, Minimum Guaranteed Rent during such Partial Abatement Period shall be payable at fifty percent (50%) the rate specified in the Lease; provided further, such partial abatement shall apply only if New Tenant/Assignee performs and completes the following work in the Premises

during the Partial Abatement Period: (i) repainting of the dining area of the Premises; (ii) updating the lighting on the Premises storefront; and (iii) renovating/updating the bathrooms in the Premises.

10. No Improvements By Landlord.

Notwithstanding anything to the contrary contained in the Lease, except as expressly set forth in this First Amendment, Landlord shall have no obligation to construct or install any improvements to the Premises or provide any allowance for improvements therefor.

11. Notices.

All written notices, requests, demands, invoices or other communications shall hereafter be given at the applicable addresses stated above (or at any other address which may be provided in writing to all other parties), including by e-mail.

12. Entire Agreement; Severability.

There exist no understandings, agreements or promises pertaining to Landlord's acceptance of this First Amendment and the assignment of the Lease other than those expressly set forth in this First Amendment. The Lease, as herein amended by this First Amendment, sets forth the entire agreement of the parties respecting the Lease, Premises and assignment of the Lease to New Tenant/Assignee. Any provision in this First Amendment which may be unenforceable or invalid under any law shall be ineffective to the extent of such unenforceability or invalidity without affecting the enforceability or validity of any other provision hereof.

13. Ratification.

Except as otherwise provided herein, all terms, covenants and conditions of the Lease, as amended and assigned, remain unchanged and are in full force and effect and are hereby ratified and confirmed by each signatory thereto.

14. No Broker.

Current Tenant, New Tenant/Assignee, Existing Guarantor and New Guarantor each warrant that they have had and there have been no dealings with any broker or agent in connection with this First Amendment other than Retail Planning Corporation, and each covenants to pay, hold harmless, indemnify and defend Landlord from and against any and all cost, expense or liability for any compensation, commissions and charges claimed by any broker or agent other than Retail Planning Corporation utilized with respect to this instrument or the negotiation thereof.

15. Governing Law.

This First Amendment shall be governed by and interpreted in accordance with the laws of the State of Georgia. This First Amendment shall be deemed executed and delivered in the State of Georgia. Each of Current Tenant, New Tenant/Assignee, Existing Guarantor and New Guarantor irrevocably consents to the exercise of personal jurisdiction over it by any federal, superior or state court for or located in the State of Georgia and irrevocably consents to the laying of venue in any such court and irrevocably waives all defenses relating to the inconvenience of a forum in Georgia.

16. No Modification.

This First Amendment can be modified only in a writing signed by all parties, and the Lease, as amended, can be modified only in a writing signed by Landlord and Assignee. The parties expressly agree that any oral modification to the Lease, as amended, shall be of no force or effect.

17. Counterparts.

This First Amendment may be executed in separate counterparts. It shall be fully effective when each party hereto has signed at least one counterpart, even though no one counterpart contains the signatures of all parties. Signature pages signed and delivered electronically as a .pdf or via a software program (such as Docusign) shall be fully binding.

18. Time is of the Essence.

Time is of the essence of all obligations set forth herein.

19. Confidentiality.

THE AGREEMENTS SET FORTH HEREIN ARE CONFIDENTIAL, AND CURRENT TENANT, NEW TENANT/ASSIGNEE, AND ALL GUARANTORS COVENANT THAT NEITHER THE EXISTENCE OF THIS AMENDMENT NOR ITS TERMS SHALL BE DISCLOSED OR DIVULGED TO ANY PERSON OR ENTITY NOT A PARTY HERETO OR THEIR RESPECTIVE OFFICERS, AGENTS, SHAREHOLDERS, MANAGERS, MEMBERS, DIRECTORS OR EMPLOYEES WITHOUT THE PRIOR EXPRESS WRITTEN CONSENT OF LANDLORD. THE RESTRICTIONS SET FORTH IN THIS SECTION SHALL NOT APPLY TO ANY INFORMATION, TERMS, CONDITIONS, OR DOCUMENTATION THAT: (A) IS RECEIVED FROM A FIRST PARTY, EXCLUDING LANDLORD OR ITS AGENTS, WITHOUT AN OBLIGATION OF CONFIDENTIALITY; (B) IS INDEPENDENTLY DEVELOPED; (C) IS OR BECOMES GENERALLY KNOWN OR AVAILABLE TO THE PUBLIC OTHER THAN AS A RESULT OF A DISCLOSURE IN VIOLATION OF THIS SECTION; (D) IS REQUIRED TO BE DISCLOSED BY LAW OR PURSUANT TO ANY SUBPOENA, ORDER, CIVIL INVESTIGATIVE DEMAND OR SIMILAR DEMAND OR REQUEST OF ANY COURT, REGULATORY AUTHORITY, SELF-REGULATORY ORGANIZATION, CONTRACT MARKET, ARBITRATOR OR TRIBUNAL; (E) IS REQUIRED TO BE INCLUDED IN ANY FILINGS WITH GOVERNMENTAL AUTHORITIES; (F) IS DISCLOSED IN CONNECTION WITH THE ENFORCEMENT OF RIGHTS UNDER THE LEASE OR IN DEFENSE OF ANY CLAIM MADE UNDER THIS LEASE; OR (G) IS REASONABLY DISCLOSED TO A PARTY'S AGENTS, ACCOUNTANTS, ATTORNEYS, CONSULTANTS AND/OR PROFESSIONAL ADVISORS, DIRECTORS OR EMPLOYEES.

20. Submission of Amendment Not Offer.

The submission of this First Amendment by Landlord shall have no binding force or effect, shall not constitute an option, and shall not confer any rights upon Current Tenant, New Tenant/Assignee, Existing Guarantor and New Guarantor, or impose any obligations upon Landlord irrespective of any reliance thereon, change of position, or partial performance. This First Amendment is effective and binding on Landlord only upon the execution and delivery of this First Amendment and timely satisfaction of all conditions set forth herein, in accordance with the terms hereof.

New Guaranty

GUARANTY

In consideration of and as an inducement for (i) BARRETT PARKWAY-HIGHWAY 41, LLC, a Georgia limited liability company ("**Landlord**") approving an assignment by RISE UP, LLC, a Georgia corporation ("**Assignor**") to SHREE PIZZERIA, LLC, a Georgia limited liability company ("**Assignee**" or "**Tenant**") of all of Assignor's interests as a "tenant" under the lease agreement between Landlord, as landlord, and Assignor, as tenant, originally dated March 6, 2014, as thereafter amended and assigned (the "**Lease**") for premises consisting of approximately 2,532 rentable square feet of retail space designated as Suite 104 (the "**Premises**") located in the Barrett Parkway Shopping Center in Kennesaw, Cobb County, Georgia (the "**Shopping Center**"); and (ii) Landlord agreeing to allow Assignee to be a "tenant" under the Lease, and (iii) the sum of [redacted] and (iv) other good and valuable consideration, the receipt, adequacy and sufficiency of all such consideration being hereby acknowledged by the undersigned (hereinafter called "**Guarantor**"), Guarantor does hereby unconditionally guarantee the full, prompt and complete performance by Tenant of all of the terms, covenants, conditions, obligations and agreements contained in the Lease on the part of the "tenant" thereunder to be performed, including specifically, without limitation, the obligation to pay all rents and all other charges or obligations therein set forth, together with any and all renewals, extensions, modifications thereof, substitutions therefor, and assignments thereof (all such terms, covenants, conditions, obligations and agreements being hereinafter called the "**Obligations**"). Guarantor further agrees to pay on demand any cost, claim, liability, damage or expense which Landlord incurs relative to the enforcement of the Guaranty in the event Guarantor does not punctually pay, perform and fulfill all of the Obligations, and if Landlord employs an attorney to collect any amount due hereunder, Guarantor shall also pay Landlord's attorney's fees in the amount of fifteen percent (15%) of the amount due by Guarantor pursuant to the Guaranty.

1. Any capitalized term used in this Guaranty shall have the same meaning as such term has in the Agreement. The term "**Agreement**" as used herein means the Lease, as it may be modified, supplemented, assigned, extended or renewed from time to time. Notwithstanding any provision of this Guaranty to the contrary, the term "**Tenant**" whenever used in this Guaranty refers to and means the Tenant specifically named in the Lease, Assignee and also any assignee or sublessee of the Tenant's interest in the Lease, whether by assignment, sublease or otherwise.

2. Guarantor waives presentment, demand, dishonor, notice of dishonor, non-payment, non-performance, protest, and all other notices of any nature whatsoever, including, without limitation, notices of acceptance hereof, of the existence or creation of the Obligations, and of all defaults, disputes or controversies with Tenant, and of the settlement, compromise or adjustment thereof.

3. This Guaranty is absolute and is not conditioned in any way upon the genuineness, validity, regularity or enforceability of the Agreement or the Obligations.

4. Landlord shall have full authority in its sole and absolute discretion, without obtaining the consent of, giving notice to, or affecting the liability of Guarantor, to make changes of terms, to extend time to pay, to release the whole or any part of the Obligations, to settle or compound differences for less than the full amount owing under the Agreement, to accept notes, trade acceptances or any other form of obligation for the Obligations, to make arrangements or settlements in or out of court in the case of receivership, liquidation, readjustment, bankruptcy, reorganization, arrangement or an assignment for the benefit of creditors and to do anything, whether or not herein specified, which may be done or waived by or between Landlord and Tenant. The making of such arrangements, settlements, compromises, adjustments, extensions of time and so forth shall not diminish, discharge, modify, reduce, extinguish or otherwise affect the liability of Guarantor hereunder for the full amount owing under the Agreement. Guarantor further agrees that no act or omission on the part of Landlord shall in any way affect, impede or impair this Guaranty.

5. This Guaranty shall be enforceable without Landlord having (i) to proceed first against Tenant (any right to require Landlord to take action against Tenant as required by O.C.G.A. § 10724 being hereby expressly waived) or against any security for any payments due under the Agreement, or (ii) to exercise any of Landlord's remedies under the Agreement; and shall be effective regardless of the solvency or insolvency of Tenant, any reorganization, merger or consolidation of Tenant, any change in the composition, nature, personnel or location of Tenant, or any bankruptcy, receivership, liquidation, reorganization or other proceeding involving Tenant.

6. This Guaranty may be executed by one or more individuals, and, if executed by only one individual, he or she has done so with the express understanding that there will be only one guarantor, even though this document may contain printed language suggesting that more than one person or entity will be a guarantor.

7. This Guaranty shall be binding upon and enforceable against each person and entity executing this Guaranty and upon the respective heirs, legal representatives and successors of each such person and entity. The liability of each person and entity executing this Guaranty, and the heirs, legal representatives and successors of each such entity and person hereunder, is joint and several, primary and unconditional, and shall not be subject to any claim of offset, counterclaim or defense of Tenant. Guarantor shall not assign this Guaranty.

8. This Guaranty shall be irrevocable, absolute and unconditional and shall remain in full force and effect as to Guarantor until such time as all of the Obligations shall have been paid or satisfied in full. No delay or failure on the part of Landlord in the exercise of any right or remedy shall operate as a waiver thereof, and no single or partial exercise by Landlord of any right or remedy shall preclude other or further exercise thereof or the exercise of any other right or remedy. This Guaranty shall not be affected by reason of assertion by Landlord against Tenant of any rights or remedies reserved to Landlord in the Agreement, or by reason of any summary or other proceedings against Tenant, or by the amendment, modification or assignment of the Agreement with or without notice to, or consent of, the Guarantor.

9. Guarantor hereby expressly waives any suretyship defense it may have by virtue of any statute, law, or ordinance of any state or other government authority. Guarantor further waives all specific statutory defenses available under Georgia law to the enforcement of its obligations under this Guaranty. Without in any way limiting the foregoing, Guarantor hereby specifically waives the provisions of O.C.G.A. §§ 10-7-20, 10-7-21, 10-7-22, 10-7-24, and 10-7-25.

10. This Guaranty shall remain in full force and effect, and Guarantor shall continue to be liable for the payment of all amounts owing under the Agreement in accordance with the original terms of the documents and instruments evidencing the same, notwithstanding the commencement of any bankruptcy, reorganization or other debtor relief proceeding by or against Tenant, (including, but not limited to, Chapters 7 or 11 bankruptcy proceedings or other reorganization proceeding under Title 11 of the United States Code) or other insolvency proceeding, or by the rejection or disaffirmance of the Agreement in any such proceeding and notwithstanding any modification, discharge, release or extension of the Obligations, any modification or amendment of any document or instrument evidencing any of the Obligations, any stay of the exercise by Landlord of any of its rights and remedies against Tenant with respect to any of the Obligations, or any cure of any default by Tenant under any document or instrument evidencing any of the Obligations, which may be effected in connection with any such proceeding, whether permanent or temporary, and notwithstanding any assent thereto by Landlord.

11. For the purposes of this Guaranty, the Obligations shall survive the termination of the Agreement in accordance with its terms, by operation of law or by reason of an Event of Default or default by Tenant, whether or not the Obligations actually survive such termination, and Guarantor shall remain bound to perform its obligations under this Guaranty notwithstanding such termination.

12. Notwithstanding any provision of this Guaranty to the contrary, Landlord may, without notice of any kind, sell, assign or transfer the Agreement, and in such event each and every immediate and successive assignee, transferee or holder of the Agreement shall have the right to enforce this Guaranty, by suit or otherwise, for the benefit of such assignee, transferee or holder, as fully as if such person were herein by name specifically given such rights, powers and benefits, but Landlord shall have an unimpaired right to enforce this Guaranty for its benefit as to so much of the Obligations as Landlord has not sold, assigned, or transferred.

13. This Guaranty has been and shall be conclusively deemed made and delivered in the State of Georgia and shall be governed by, construed under and interpreted and enforced in accordance with the laws of the State of Georgia. Wherever possible, each provision of this Guaranty shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Guaranty shall be prohibited by or be invalid under such law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Guaranty. Guarantor hereby consents to the exercise of personal jurisdiction over Guarantor by any federal or state court in the State of Georgia and consents to the laying of venue in any such court. Nothing contained herein shall prevent Landlord from bringing any action or exercising any rights against any security given to Landlord by Tenant or Guarantor, or against Guarantor personally, or against any property of Guarantor, within any other state. Commencement of any such action or proceeding in any other state shall not constitute a waiver of the agreement that the laws of the State of Georgia shall govern the rights and obligations of Guarantor and Landlord hereunder or of the submission made by Guarantor to personal jurisdiction within the State of Georgia.

14. Guarantor warrants and represents to Landlord that any financial statements heretofore delivered by Guarantor to Landlord were true and correct in all respects as of the date delivered to

Landlord. At any time this Guaranty is in effect, Guarantor shall, upon seven (7) days prior written notice from Landlord, provide Landlord with a current financial statement and financial statements of the two (2) years prior to the current financial statement year and such other financial information as Landlord may reasonably request (including, without limitation, copies of Guarantor's filed federal and state income tax returns for the most recent taxable year). Landlord agrees to keep confidential and not use such financial statements and information, except in connection with the administration or enforcement of the Lease or this Guaranty, a proposed sale of the Shopping Center, or the consummation or administration of loan transactions. Such statements shall be prepared in accordance with generally accepted accounting principles and, if such is the normal practice of Guarantor, shall be audited by an independent certified public accountant.

15. Guarantor covenants that Guarantor shall have no right to recover against Tenant by way of subrogation to the rights of Landlord on account of any payment by Guarantor to Landlord hereunder until all of the Obligations have been paid and satisfied in full, and Guarantor hereby waives, releases, covenants not to sue, and relinquishes any such rights of subrogation to such extent. Any indebtedness of Tenant to Guarantor, now or hereafter existing, is and shall be deferred, postponed, and subordinated to any and all amounts due under this Guaranty.

16. If Guarantor is a corporation, company, partnership or other entity, Guarantor and the persons executing this Guaranty as officers, members, or partners of the Guarantor, as applicable, represent that Guarantor has full authority to execute this Guaranty and that the individuals executing this Guaranty are duly authorized to execute this Guaranty on behalf of the entity, and that there is no provision in its charter or bylaws or operating agreement, partnership agreement or other entity governance document that in any way conflicts with or prevents the execution, delivery or performance of this Guaranty by Guarantor.

17. Guarantor covenants and represents that there is no provision in any other agreement by which Guarantor is bound that in any way conflicts with or prevents the execution, delivery or full and timely performance of this Guaranty by Guarantor. Guarantor warrants and represents that Guarantor has a direct financial interest in the making of said Agreement.

18. All of Landlord's rights and remedies under the Agreement or under this Guaranty are distinct, separate and cumulative, and no such right or remedy therein mentioned is to be in exclusion of or a waiver of any of the others. In addition, none of the provisions of this Guaranty shall be construed to limit any other provisions or any rights which Landlord may have at law, in equity or otherwise. None of the waivers by Guarantor made in this Guaranty shall be construed to preclude or limit any others.

19. This Guaranty sets forth all the covenants, provisions, agreements, conditions and understandings between Landlord and Guarantor concerning the Obligations, and there are no covenants, promises, agreements, conditions or understandings, either oral or written, between Landlord and Guarantor except those therein set forth. Except as otherwise provided herein, no subsequent alteration, amendment, change or addition to this Guaranty shall be binding upon Landlord or Guarantor unless reduced to writing and signed by them.

20. Guarantor hereby acknowledges and agrees that electronic signatures, facsimile signatures or signatures transmitted by electronic mail in so-called "pdf" format shall be legal and binding and shall have the same full force and effect as if an original of this Guaranty had been delivered. Guarantor (i) intends to be bound by the signatures (whether original, faxed or electronic) on any document sent by facsimile or electronic mail, (ii) are aware that Landlord will rely on such signatures, and (iii) hereby waive any defenses to the enforcement of the terms of this Guaranty based on the foregoing forms of signature.

ECONOMIST

From A1

Isabelle Manders

The crowd listens to Roger Tutterow during the 2026 Economic Forecast at the Cobb Energy Performing Arts Centre.

"When I spoke to groups in late 2022, I told them at that time that the risk of a full-blown recession in 2023 was clearly elevated, perhaps even the most likely trajectory," he said. "Luckily for us, I was wrong. Luckily for me, I had a lot of company."

Instead, the economy avoided a downturn, and growth in 2024 and 2025 proved "pretty robust," he said. Gross domestic product — "the broadest measure" of economic output — has steadily normalized following "steepest, deepest and most short lived recession in American history" in 2020.

Tutterow cautioned that GDP figures can be misleading when viewed in isolation, pointing to the first quarter of 2025, when GDP fell by 0.6%.

"One quarter does not make a trend," he said.

The decline was driven largely by trade, as exports dropped and imports surged ahead of expected tariff increases later in the year. Businesses pulled forward purchases of finished goods, raw materials and intermediate products to avoid higher costs.

"If you take out trade, GDP growth in the first quarter would be quite robust," Tutterow said.

Also adjusting for unusually large inventory accumulation, growth would have been closer to 2% to 2.25% — "roughly in line with where we thought we'd be," per Tutterow.

That pattern reversed in the second quarter as imports fell and net exports boosted growth. GDP rose 3.8% in the second quarter and 4.4% in the third, and Tutterow said the Atlanta Federal Reserve's GDPNow model suggests another strong quarter to close out the year.

Rolling those figures together, he expects GDP to finish 2025 up about 2.9% year over year — above the long-term trend.

MANUFACTURING

One area that has struggled is manufacturing, a sector Tutterow described as vital to Georgia's economy because of its multiplier effects and broad employment opportunities.

Manufacturing rebounded sharply in 2021 after being hit hard during the pandemic but has largely moved sideways since mid-2022, he said.

"Manufacturing has been sailing into some tough headwinds for the last three years," he said.

A major factor has been the strength of the U.S. dollar, which rose about 35% against major trading partners between 2014 and 2024. While a strong dollar lowers import costs and benefits travelers going abroad, it makes U.S. exports less competitive on global markets.

The dollar fell more than 9% in 2025, which could help trade, but Tutterow said concerns about abandoning the dollar are overblown.

Quoting CNBC's Joe Kernen, he added, "It's not that the dollar is perfect, but it is the least dirty shirt in the clothes hamper."

CONSUMER SENTIMENT

Tutterow also highlighted persistently weak consumer sentiment citing the University of Michigan's monthly survey.

"The truth is that number has been volatile and somewhat underperforming since the early days of the pandemic," Tutterow said.

Confidence plunged to a record low in June 2022 amid a surge in inflation that peaked around 9%.

"And quite candidly, it hasn't completely come back," Tutterow said.

When consumer price index (CPI) inflation eased in 2023 and 2024, sentiment came back up — though "nowhere near normal levels" — before dipping again in early 2025, as consumers were weighed down by concerns over tariffs and rising prices, he said.

Tutterow noted that confidence often tracks political control, flipping sharply after elections regardless of underlying economic fundamentals.

"Not only does confidence impact electoral outcomes, but when your party is in charge, you're more optimistic about the economy, independent of whether they've actually rolled out major policy positions or not," he said.

Still, consumer spending has held up, supported by excess savings accumulated during the pandemic and anticipated rebates coming from tax returns early in 2026.

"So that probably guarantees us reasonably good consumer spending here over the next several months," Tutterow said.

LABOR MARKETS

Looking ahead, Tutterow said leading economic indicators continue to flash caution, having declined in most months since late 2022. However, recent readings suggest moderation rather than an imminent downturn.

"I do not think a recession in '26 is the most likely trajectory," he said, estimating recession odds at about 25% — elevated compared to the historical average of 11% to 12%.

Labor markets have cooled notably. Payroll growth slowed in mid-2024, and employment growth has declined slightly in recent months. Businesses that once hoarded workers amid labor shortages are now more willing to consider job reductions, Tutterow said.

"But generally speaking, the labor markets had been pretty robust until lately," he said.

Georgia remains among the top-performing states nationally, with nationwide employment levels above pre-pandemic levels in nearly every sector except mining, per Tutterow.

On artificial intelligence, Tutterow told attendees the technology was not going anywhere.

"Smart companies are trying to get ahead of the curve and figure out how to use AI to raise the productivity of their workers," he said.

While he believed there would be "a lot of surprising benefits," Tutterow acknowledged the politics are different compared to other past technologies.

"For a century, we've always welcomed technology and capital coming in to make us more efficient, and it replaced workers, typically blue collar workers," he said. "Now the politics are different, because AI is going to be replacing white collar workers, but I will tell you, I think in 20 years, my job will be gone."

Every industry will change, he added, encouraging those in attendance to figure out how to use AI to improve their businesses.

TARIFFS AND TENSIONS

Tutterow said the focus of trade discussions has shifted over the last three years from supply-chain disruptions to tariffs. Global supply chains have largely normalized and were "functioning fairly smoothly" despite geopolitical tensions, Tutterow said.

Still, should any geopolitical tensions worldwide intensify, Tutterow warned there could be supply chain disruptions that could impact economic growth.

"So geopolitics is every bit as big of an issue today as it has been anytime in the past 15 years," he said.

Meanwhile, tariff policy remains a wildcard.

Tutterow said the Supreme Court is expected to rule soon on President Donald Trump's use of the 1977 International Emergency Economic Powers Act, a decision he said could inject volatility into financial markets.

"Depending on how they rule on that, it could have implications for tariff monies that have been collected in the past year," he said. "And so we don't know when the court will rule... but watch the financial markets because they'll be under a lot of volatility."

While tariffs have reduced imports, Tutterow cautioned that constantly changing trade policy creates uncertainty for businesses.

"Constantly changing tariffs is probably, in my opinion, not the best idea," he said. "...If what we care about is getting businesses to invest in capital equipment, move into new markets to grow the economy, then lowering uncertainty would be seen as a better thing."

CPI inflation, meanwhile, has moderated but remains above the Federal Reserve's 2% target. Fortunately, Tutterow said, energy prices have provided relief, with oil prices falling below $60 per barrel and natural gas prices remaining low — a benefit for "energy-intensive" metro Atlanta.

Construction materials remain a challenge, however, with costs still nearly 40% higher than in 2020, complicating housing affordability and new development, Tutterow said.

"If you want to talk about the affordability issue in housing, you have to factor in that when it costs you 40% more to get the materials that you build with, that's going to make it tougher than ever," he said.

HOUSING, RATES AND THE ROAD AHEAD

Interest rates have fallen from their peak, but Tutterow said they are closer to historical norms than many Americans realize. Mortgage rates may ease further, but not dramatically.

Tutterow expressed some worry about consumer credit, showing delinquency rates have been rising for credit cards, personal loans and car loans.

He added home prices are up about 38% since 2020, while monthly mortgage payments have roughly doubled, reshaping the housing affordability debate and affecting economic development.

"We are a fast growing community, but we can't grow our businesses, we can't attract corporate relocations unless we have workers," Tutterow said. "And they aren't going to come unless they have somewhere to work, somewhere to live."

Still, he advised caution to those who work in the multifamily space, noting there were "a lot of pockets around Atlanta where we got a little bit overbuilt with multifamily."

"Now, we'll have to deal with it," Tutterow said.

He urged elected officials to "streamline the regulatory process" and reduce development costs to help address affordability.

Charlie Clark, Georgia banking leader with Synovus, said the presentation offered valuable insight for clients navigating a complex environment.

"Having someone like that, (who) takes the time (and) is a subject-matter expert, certainly helps us plan so that we can better advise our clients," Clark said.

Clark also praised Georgia's fiscal leadership, including potential tax relief and infrastructure investments.

During the speech, Tutterow said the state has had "a long stream of governors, speakers (and) lieutenant governors who have advocated fiscal responsibility."

"Because of that, we now stand, going into the General Assembly this time, with over $14 billion rainy day fund," he said.

Gov. Brian Kemp is spending some of that — via "one time piles of cash" — to "correct problems that have to be corrected, as opposed to committing the state to increase spending levels for the foreseeable future," investing in roads and people, Tutterow said.

"It's really encouraging to see the leadership of this great state working to put some money back in the residents' hands (and) make things more affordable," Clark said.

the products and creating new flavors of her own.

"I pretty much didn't mean to come here, I kind of stumbled into it," she said. "But since I am pretty interested in science, creativity and I enjoy the physical aspect of the job too, it worked out well."

ATLANTA HARD CIDER COMPANY

Founded in 2017, Atlanta Hard Cider Company is a family-owned craft cidery and distillery based in Marietta.

Husband and wife Mark and Liz Deno started the company when Mark found out he was becoming gluten intolerant — and hard cider is a naturally gluten-free choice since it is fermented from apples rather than barley or wheat.

"[The] entrepreneur light bulb went off after we tried it," he said. "And we started to make it in our garage."

Liz Deno explains they "had no idea" what they were doing.

"Mark was like, 'Quit your job, it'll be great,' and I'm like, 'OK, I'm terrified,'" she said.

Fast forward nine years later, and they're the No. 1 selling craft cider in Georgia. And nationally, they're ranked No. 15 for the highest sales volume in the country for cideries, even though they only distribute to five states in the South.

Pretty much everyone who works for them now is local and from Marietta. Their daughter is also part of the operations too as their production manager.

"Anytime someone buys a four-pack of our cider ... it directly employs someone who lives here locally. Everything is made right here in Marietta," Mark Deno said.

They also feel thankful for the mayor and the City Council for "supporting our dream" to allow the licensing and the zoning to put the cidery in the city, located at 1010 Roswell Street, just two miles from downtown Marietta.

The couple expressed admiration for Chloe's creativity and the story of "working her way up" from bartender to cellar hand to where she is now.

They said, given that the beverage industry is male-driven, they welcomed her into that side of the business.

"She has the passion behind it. She loves it, and she wants to keep creating, innovating," Liz Deno said.

"She really has just elevated all of our ciders," Mark added.

THE CIDERMAKING PROCESS

In the production room, Muse explained the entire cidermaking process.

The base cider starts in huge fermentation tanks. Then it moves into the filtration system, which removes yeast and other impurities, making the cider "crystal clear," she says. They also have smaller tanks, which are used for experimental flavors for the taproom.

From there, it enters the packaging process, which has quite a few steps. Empty cans arrive and are loaded onto a lift that raises them up into the conveyor belt when they are rinsed for any potential dust or debris.

Ada Wood

Chloe Muse is the lead cidermaker at Atlanta Hard Cider and 2026 recipient of the Peter Mitchell Award for Educational Excellence by the Cider Institute.

Then they get their first carbon dioxide purge, so there's no air inside before filling, the cider is poured inside and just before the lid goes on, the second CO_2 purge happens. The lids are applied and "seamed" to close and seal them. Then there's an external rinse and dry, and then the bottom of the can is dated.

They're loaded through a PakTech applicator that snaps them into four or six packs, put into cases and stacked onto pallets. Then they're ready for shipping and distribution, and they officially leave the big garage distillery doors.

A TRIP TO THE TAPROOM

While they started with the hard cider, the company is experimenting with new products.

They operate a separate brand, Atlanta Hemp Company, making small-batch THC seltzers made in a dedicated tank.

Under another brand, Atlanta Distillery, they make vodka, gin and grape and apple brandy. The apple brandy actually starts as cider itself, but they ferment it to a higher alcohol by volume (ABV) of 12% to 13% and then distill it into the final product, Muse said.

Hidden in the lab, they have a stash of casks of brandy that have been aging for about three and a half years and will be there for a few more.

"Everything about it is Georgia," Muse explains, from the oak wood from Gainesville to the apples from Reece's Home Orchard in Ellijay to the grapes from Paulk Vineyards in south Georgia.

Above all of the buzz of the production plant and laboratory, the taproom where Muse started is open to customers. They can try unique flavors that rotate on tap, buy classics in cans to take home or peer through big glass windows into the production room to watch the whole process themselves.

Stepping behind the bar where she started, Muse shares that her favorite flavor right now is Creamsicle — her own creation.

"Creamsicle is a pretty basic blend of orange juice, a little bit of orange extract and vanilla. It's sweet, it's a little bit tangy, but it's just super nostalgic for me," she said. "Just reminded me of those orange popsicles on a hot summer day."

CONSISTENT WITH THE UNITED STATES CONSTITUTION AND THE RELIGIOUS LAND USE AND INSTITUTIONALIZED PERSONS ACT OF 2000, THE CITY OF KENNESAW DOES NOT DISCRIMINATE ON THE BASIS OF RELIGION IN THE APPLICATION OF ITS LAWS, POLICIES, OR PROCEDURES, INCLUDING THE APPLICATION OF ITS LAND USE REGULATIONS AND ZONING LAWS.

Under the Religious Land Use and Institutionalized Persons Act of 2000 ("RLUIPA"), no government, including the City of Kennesaw, may apply its zoning or land use laws in a manner that imposes a substantial burden on the religious exercise of a person, including a religious assembly or institution. RLUIPA also provides that no government, including the City of Kennesaw, may apply a land use regulation in a manner that treats a religious assembly or institution (a church, for example) on less than equal terms than a nonreligious institution or assembly (a day care center or movie theater, for example). Finally, RLUIPA provides that no government, including the City of Kennesaw, may impose or implement a land use regulation in a manner that discriminates against a religious assembly or institution.

If you believe that the City of Kennesaw, or any other local government or municipality, has discriminated against you in the implementation of its zoning or land use laws, please contact the United States Department of Justice at:

SURVEYOR'S NOTES:

1. The field data upon which this plat is based has a relative positional accuracy of 0.02 feet.

2. This plat has been calculated for closure and has a mathematical error of 1: 300,000+.

3. Field angles and measurements acquired for the production of this plat were obtained on 10/15/25 using a Leica TCRP 1203 Total Station.

4. This plat was prepared without benefit of a current title examination. Easements or other encumbrances may exist which are not shown hereon. All matters pertaining to title are excepted.

5. No provisions have been made to secure the delineation of any wetlands, historical, or cultural features that may exist on this property.

6. Information regarding the reputed presence, size, character, and location of existing underground utilities and structures is shown hereon. There is no certainty of the accuracy of this information and it shall be considered in that light by those using this drawing. The location and arrangement of underground utilities and structures shown hereon may be inaccurate and utilities and structures not shown may be encountered. The owner, his employees, his consultants, his contractors and/or his agents shall hereby distinctly understand that the surveyor is not responsible for the correctness or sufficiency of this information shown hereon as to such underground installations.

7. The certification, as shown hereon, is purely a statement of professional opinion based on knowledge, information and belief; and based on existing field evidence and documentary evidence available. The certification is not an expressed or implied warranty or guarantee.

8.Nothing herein shall be construed to mean that the City of Kennesaw has accepted the dedication of any rights-of-way, easements or other area as being dedicated to public use.

SURVEYOR'S CERTIFICATION

It is hereby certified that this plat is true and correct and was prepared from an actual survey of the property made by me or under my supervision; that all monuments shown hereon actually exist or are marked as "future," and their location, size, type and material are correctly shown; and that all engineering requirements of the Kennesaw Subdivision Regulations have been fully complied with.

SURVEYOR'S CERTIFICATION

As required by Subsection (C) of OCGA Section 15-6-67, the Registered Land Surveyor hereby certifies that this map, plat or plan has been approved for filing in writing by any and all applicable municipal, county or municipal-county planning commissions or municipal or county governing authorities or that such governmental bodies have affirmed in writing that approval is not required.

The following governmental bodies have approved this map, plat or plan for recording:

Such approvals or affirmations should be confirmed with the appropriate governmental bodies by any purchaser as to the intended use of any parcel. The Registered Land Surveyor further certifies that this map, plat or plan complies with the minimum standards and specifications of the State Board of Registration for Professional Engineers and Land Surveyors and the Georgia Superior Court Clerks' Cooperative Authority. The Approval signatures above were not in place when this survey was issued, and are to be properly obtained prior to recording.
