Item Report

TO: The Honorable Mayor and City Council

FROM: Darryl Simmons, Zoning Administrator

DATE: August 14, 2023

TITLE: Approval of ORDINANCE granting a rezoning modification request submitted by CF&G Enterprises, Inc. located at 0 Ellison Lakes Drive (PIN: 20017500170). The property is zoned as Planned Village Community (PVC) and lies in Land Lot 175, Tax Parcel 17 of the 20th District, 2nd Section, Cobb County Georgia and consists of 2.72 +/- acres. Case #RZ2023-03.

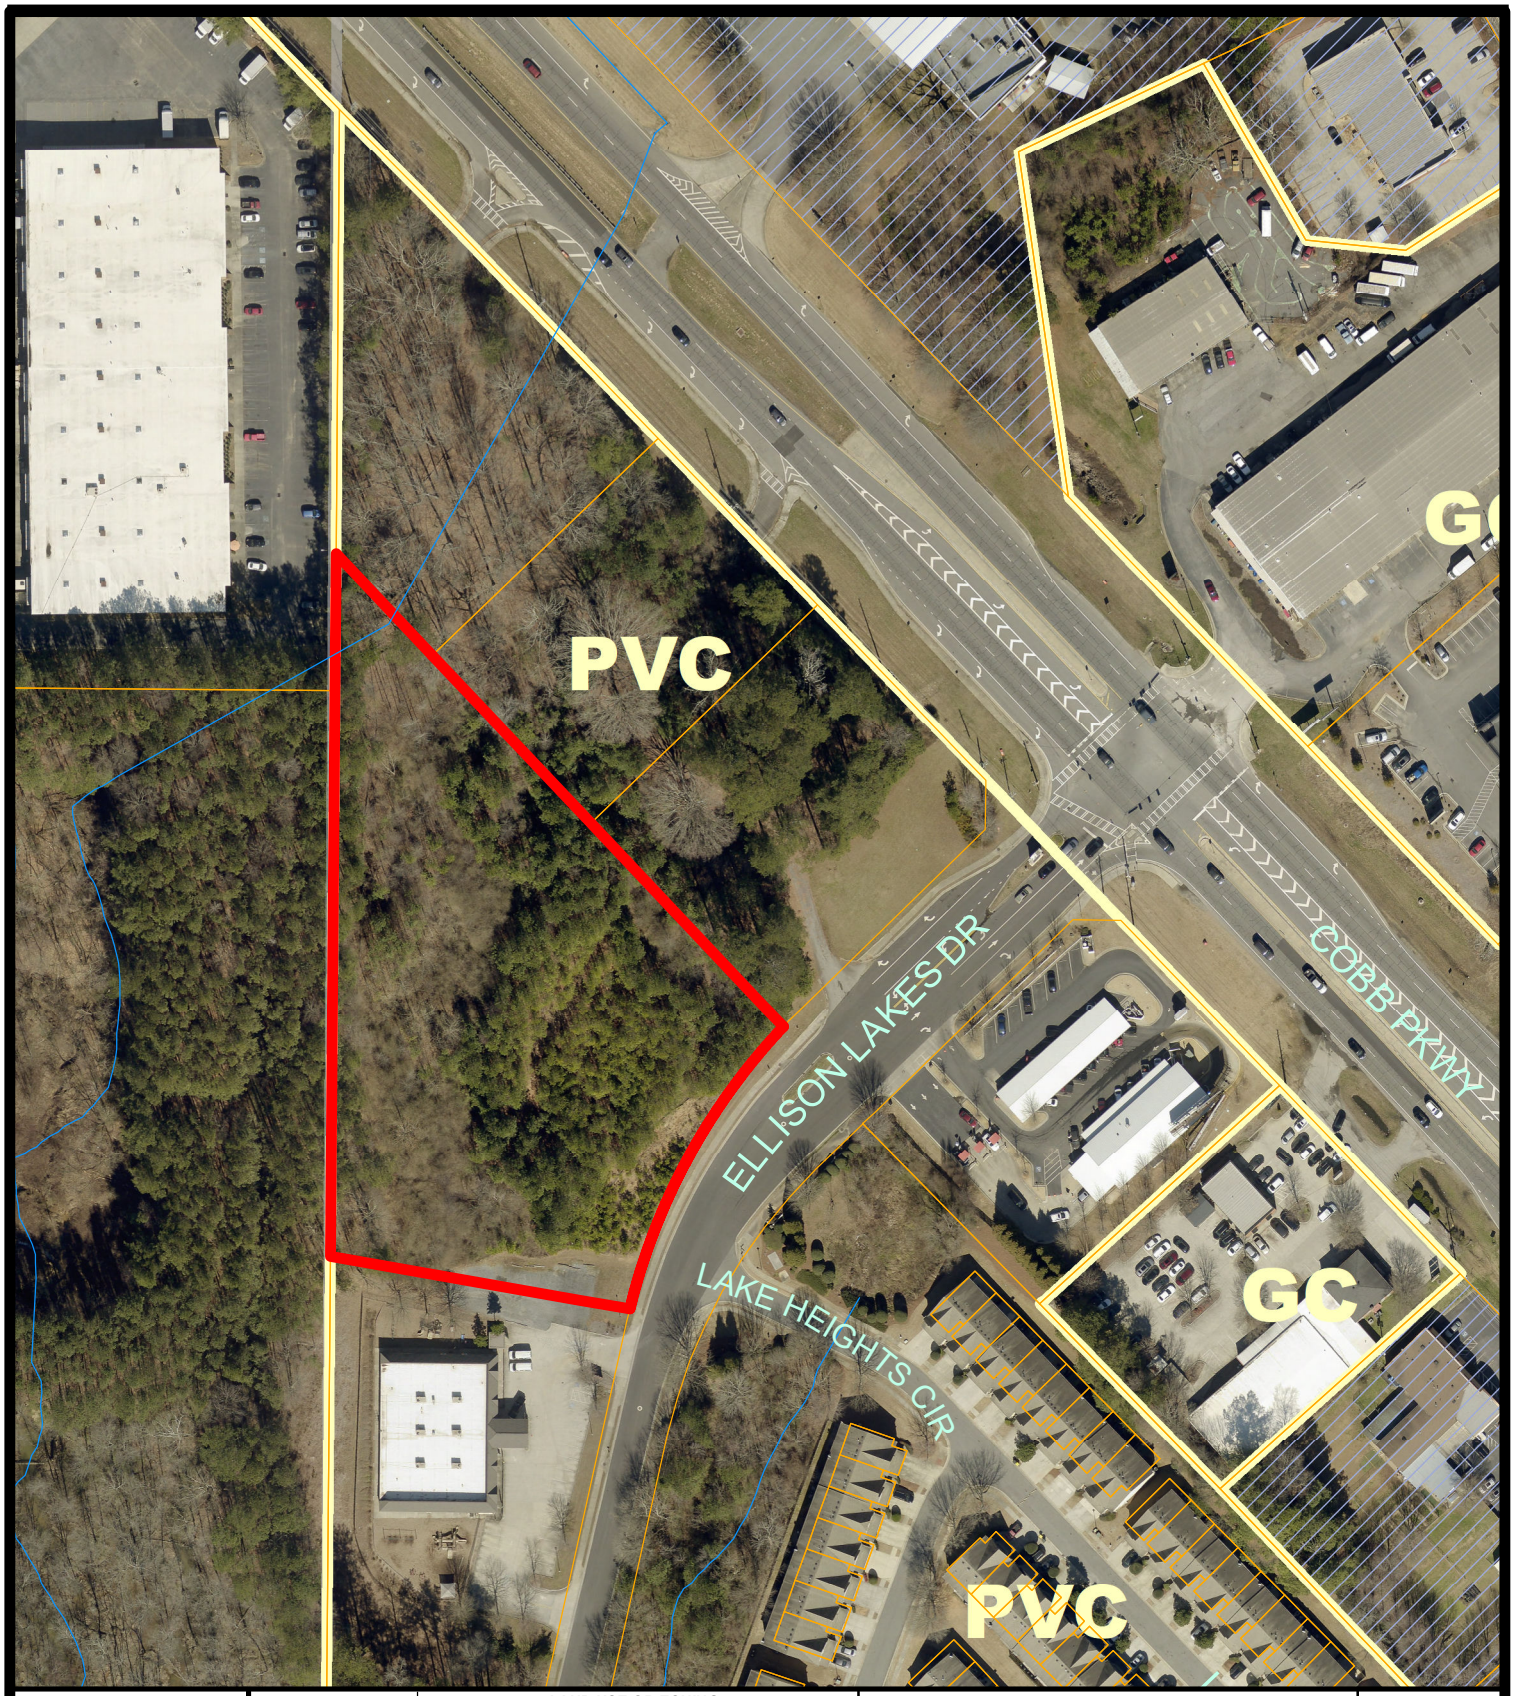

Summary:
The applicant is seeking to modify the zoning conditions under ordinance #2001-06 to allow for fee-simple single-family residential condominiums. The project consists of a four-story building with 40-to-50 units, consisting of one, two, and three bedroom units. Amenities will include a dog walking area, electric vehicle charging stations and private garages. The current zoning of the property is Planned Village Community (PVC), and this is a master-planned community known as Ellison Lakes. At their regularly scheduled meeting on August 2, 2023, the Planning Commission recommended approving the rezoning modification request with the stipulations outlined within the staff report with changes to condition #3 by adding that the Homeowner's Association will be responsible for upkeep of the building facade and roof as well as changes to condition #5 to cap the maximum number of rental units within this development from 15% to 10%. This public hearing was advertised in the Marietta Daily Journal on July 14, 2023 and a public notice sign was posted on July 18, 2023.

Recommendation:
The Zoning Administrator recommends approval of conditions as outlined within the staff report with the changes made by the Planning Commission regarding condition #3 and condition #5.

ZONING CONDITIONS - ORDINANCE #2001-06 (PAGE 1 OF 2)

Mayor and Council of the City of Kennesaw
City Hall
2529 J.O. Stephenson Avenue
Kennesaw, GA 30144

Re: Ellison Property ±130A LLS 175, 205 and 206, 20th District, Cobb County, Georgia
Rezoning Application of Gwinnett Partners, LLC

Dear Mayor Church and Members of the City Council:

Now that the ARC's DRI Recommendation has been received, we are taking this opportunity to propose the following stipulations of zoning to you for the above project:

ZONING

1. The subject property shall be zoned to the City's PVC zoning district classification, subject to the revised site plan by Development Consultants Group dated October 16, 2001.

2. The maximum number of multi-family units shall be 650, and the maximum number of town home units shall be 248. There should be a parking ratio of 1.75 parking spaces per unit.

3. The maximum amount of office and retail space shall be 110,000 square feet.

4. The walking trails and three recreational fields shall be provided as shown on the revised site plan.

TRAFFIC IMPROVEMENTS

5. Subject to the approval of the Cobb County DOT and Georgia DOT, the applicant shall make the following traffic improvements as recommended by the ARC:
   (a) Add double left turn lanes to the east bound and west bound approaches of Old Highway 41; and
   (b) Relocate the traffic signal presently located in the vicinity of the subject property on Highway 41; and
   (c) Add an additional traffic lane, curb, gutter, and sidewalk along the entire Highway 41 frontage of the project; and
   (d) Install a traffic signal at the proposed access of the project on Highway 41.

EMERGENCY ACCESS

6. Subject to obtaining legal access rights, the applicant will provide a secured emergency access to the proposed development, either through the existing Attic Parkway development to the east, or through the existing Cobb International Industrial Park to the west. County and City public safety agencies shall be provided with keys or access codes to this access point.

AIRPORT PROXIMITY

7. The applicant will use construction practices and materials to mitigate interior noise levels from local air traffic at McCollum field. The applicant will comply with all FAA Airspace study requirements as necessitated by the proposed construction. The applicant will further include in each lease a notification regarding the proximity of the development to McCollum field.

STORM WATER MANAGEMENT

8. The applicant shall perform and submit to the City as a part of its development plan, a storm water management plan. As a part of this plan, no residential structures shall be constructed within the dam breach zone of the existing lake on the property.

9. The storm water management plan shall include a monitoring program, and structural controls shall be designed to accommodate the installation, operation and maintenance of automatic water quality and flow rate monitoring equipment. The monitoring program shall consider the following minimum elements:

- monitoring of 4 storms per year (one per quarter)
- collection of flow weighted composite of the inflow to the structure during the entire storm event;
- collection of a flow weighted composite of the outflow from the structure - the sampling should include the peak outflow resulting from the storm event;
- analysis of inflow and outflow flow weighted composite samples for biochemical oxygen demand, total suspended solids, zinc, lead, total phosphorous, and total nitrogen; and
- collection of grab samples at the inlet and outlet locations during the periods of peak inflow and outflow for pH, dissolved oxygen, and fecal coliform bacteria.

STAFF RECOMMENDATIONS FOR REZONING CASE RZ20-01 FOR 130 ACRES LOCATED ON US 41. AS SUBMITTED BY GWINNETT PARTNERS, LLC.

Staff recommends approval of this rezoning application with the following conditions:

1. Overall density of this project not to exceed 10.2 dwelling units per acre with the total maximum residential units not to exceed 898.
2. All efforts to be explored to reduce impervious surface area with the reduction of parking space ratio per unit not to exceed 1.75 spaces per unit.
3. Interconnecting walking trails to be provided throughout development.
4. Applicant to pursue all feasible strategies to protect floodplain, wetland and other environmentally sensitive areas in accordance with Arc's Regional Development Plan policies.
5. Compliance with Georgia Erosion and Sedimentation Act policies dealing with preservation of required buffers along identified creek areas.
6. Total Impervious surface area for project not to exceed 40%
7. Developer to utilize construction practices and materials which will attenuate any noises generated by aircraft utilizing McCollum field.
8. Transportation safety controls must be incorporated into this development including but not limited to the following:
    - Traffic signal to be installed at main entrance. Installation being the responsibility of developer.
    - Emergency access points are provided for this site.
    - Provision of appropriate turn lanes and access lanes to be provided and coordinated with the Cobb DOT.
    - Developer will facilitate provision of space for a bus stop at the entrance of development..
9. Future agreement between Developer and City of Kennesaw to be pursued to allow public access to proposed soccer fields.

ZONING CONDITIONS TO MODIFY - ORDINANCE #2001-06 (PAGE 2 OF 2)

10. Prior to development of this property, the applicant will solicit the advice of the Kennesaw Historic Preservation Commission regarding identification and appropriate protection of any historic features or structures which may be located upon this property.

    Developer will be responsible for creating and implementing an appropriate historical preservation strategy plan if historic features or structures are discovered.

ZONING CONDITIONS TO MODIFY - ORDINANCE #2004-08

SECTION 1. That Ordinance #2001-06 is hereby amended with the following changes:

1) By changing the conditions of rezoning, being more particularly the letter of stipulation dated December 14, 2001 from Brock, Clay, Calhoun, Wilson & Rogers, PC, more specifically Stipulation #2, by deleting it in it's entirety and replacing it with the language to read as follows:

   The maximum number of multi-family units shall be reduced to 537, and the maximum number of town home units shall be increased to 309. There should be a parking ratio of 1.75 parking spaces per unit.

2) By adding the following additional stipulations, for tract F and Tract G to the amenity package, per letter of stipulation dated January 28, 2004 from Brock, Clay, Calhoun, Wilson & Rogers PC:

   On tract "F" substitute two playgrounds with playground equipment, two barbeque areas, two gazebos and one car wash, for three of the tennis counts originally proposed.

   On tract "G", substitute one playground with playground equipment, one barbeque area and one gazebo, for three of the tennis courts originally proposed for Tract G.

KENNESAW 2022 COMPREHENSIVE PLAN UPDATE - FUTURE LAND USE

The Future Land Use Map is a general guide for the character of development within the City. A description of the identified category is provided below. New development should be monitored for its impact on water quality within the City and region.

As a built-out city, any new growth within the City of Kennesaw will be redevelopment. Currently, within the city, 86% of the city's parcels are residential which is a challenge for any new development. The Future Land Use Map is a general guide for character of development within the city.

ACTIVITY CENTERS

Activity Centers are areas of commercial, office and residential land uses. These are located along major transportation corridors. New development should reflect the character of the existing development within these areas.

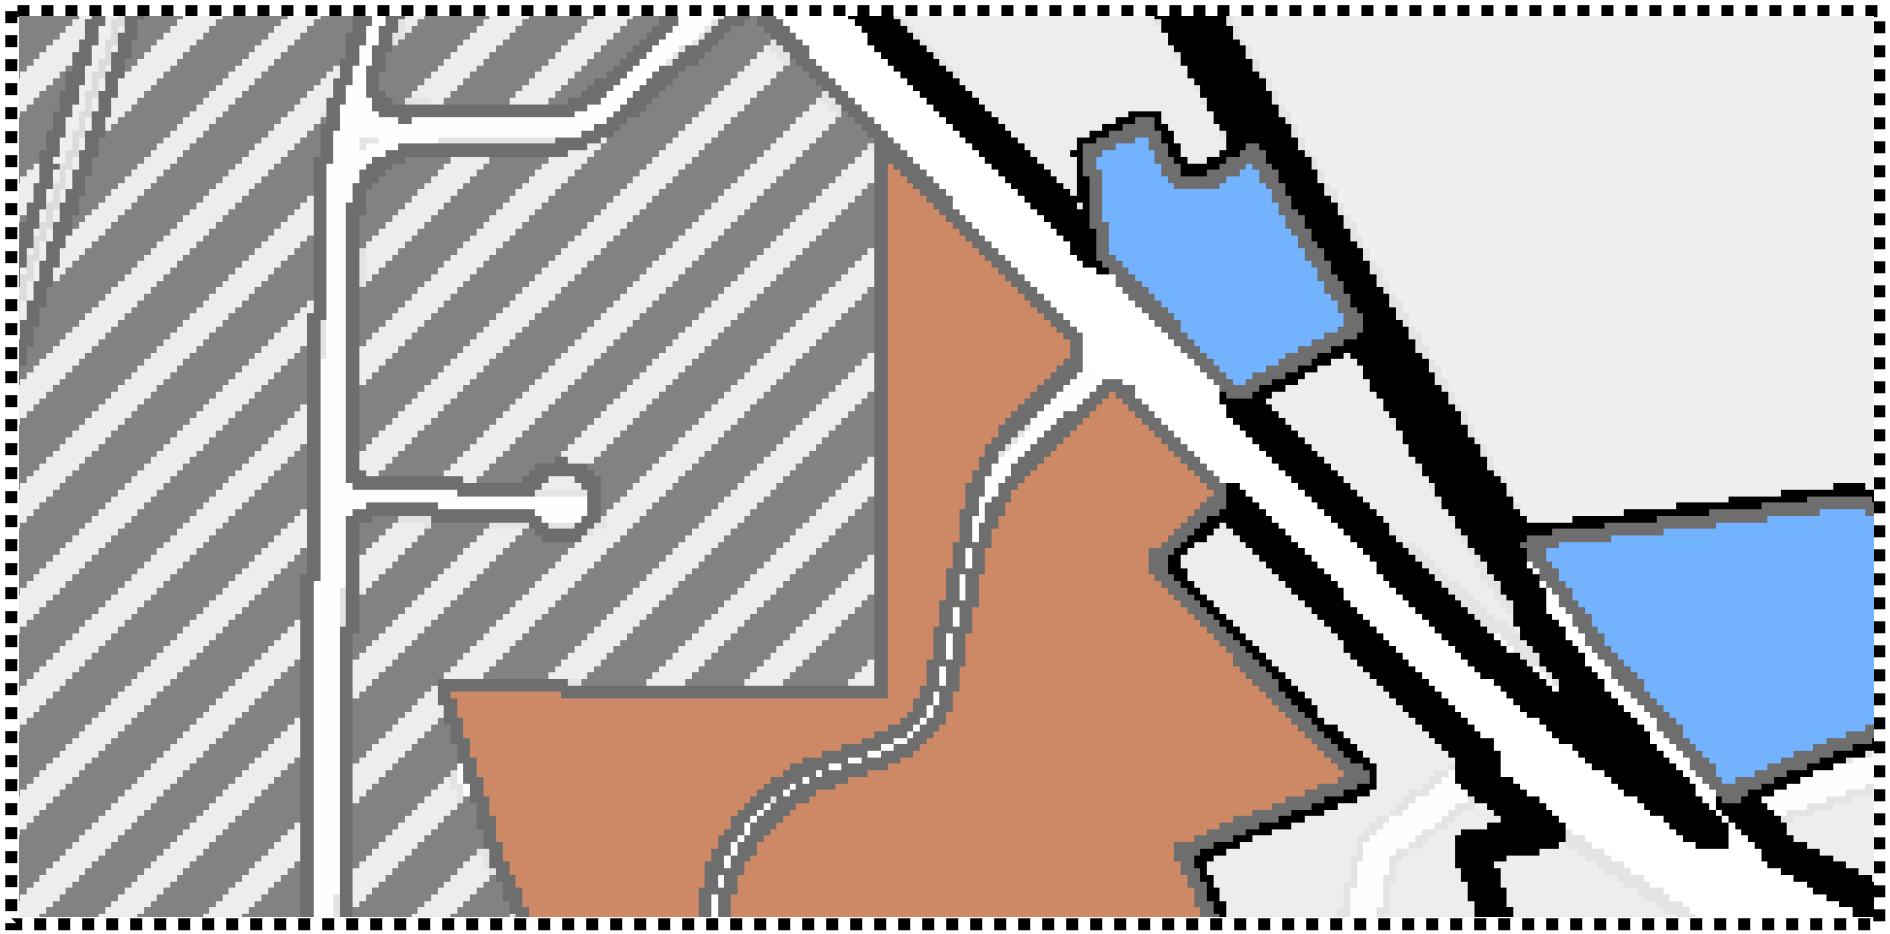

FUTURE LAND USE CATEGORY

NAC - DOWNTOWN ACTIVITY CENTER

This area is the traditional downtown of Kennesaw. For this area, the City of Kennesaw completed a Liveable Centers Initiative plan study in 2015 that should be used as the guiding plan.

In addition to the established Future Land Use Map, the City would like to further define an appropriate development atmosphere to ensure compatible and unified development within specified areas of the City.

Furthermore, please refer to the Policy Matrix which should be used for new development within each of the described areas.

BARRETT AND OLD 41

Barrett and Old 41 is an area that is largely single-family residential with some multi- family housing and neighborhood commercial uses. Most of the residential developments have been built in the last 20 years. Located in the southeast corner of the City limits, the Barrett and Old 41 area is situated between the Cobb International Industrial Corridor area, Cobb Parkway and Ernest W. Barrett Parkway.

The proximity to I-75, Cobb Parkway and Barrett Parkway makes this an attractive location for residents who commute south to Marietta, to south Cobb County and the Metro Atlanta region for employment. Employment centers are also located just across Cobb Parkway in the retail and office districts adjacent to Ernest W. Barrett Parkway.

COMPREHENSIVE PLAN - POLICY MATRIX - BARRETT AND OLD 41

Policy Matrix as defined within the 2022 Comprehensive Plan

1. Encourage pedestrian access to nodal developments via sidewalks and trail systems to maximize use of public transportation hubs.
2. Follow Best Management Practices for stormwater management as defined in the Georgia Erosion and Sedimentation Act.
3. Have new development reflect the most recent architectural and design styles that complement adjacent neighborhoods.
4. Adhere to the City's architectural and site design guidelines.
5. Locate higher intensity businesses away from the edges to protect surrounding residential land uses.
6. Locate lower intensity businesses towards the outer edges to provide a transitional buffer between higher-intensity uses and neighboring residential areas.
7. Promote open space and tree preservation.
8. Include a variety of housing and professional office or retail choices.
9. Locate commercial, moderate- and high-density housing and/or light industrial operations along the outer boundary of the character area. Reserve the inner area for traditional single family detached housing.
10. Encourage higher density housing types to be located closer to Major Roads and transit facilities.
11. Connect neighborhoods to the local and regional network of greenspace and trails, available to pedestrians and bicycles, for both tourism and recreational purposes.
12. Enhance the pedestrian-friendly environment by adding or improving sidewalks and creating multi-use trail/bike routes linking neighboring communities and major destinations, such as the Neighborhood Retail Centers and parks.
13. Promote parks and open space within developments.
14. Include a variety of housing choices based on single-family residential concepts.
15. Encourage housing types to reflect traditional neighborhood styles.
16. Assure compatibility of infill development with adjacent homes, surrounding neighborhoods and businesses.
17. Provide an interconnected system of streets within new development that is also connected to existing development.

ZONING ADMINISTRATOR'S RECOMMENDATION: **APPROVAL WITH CONDITIONS**

The Zoning Administrator recommends **approval with conditions** of case number #RZ2023-03

Zoning Conditions: Please see page 24 & 25

BASIS FOR ZONING ADMINISTRATOR'S RECOMMENDATION

The original master plan for Ellison Lakes called for multi-family apartments, townhomes and commercial. This rezoning modification is to allow for a third type of housing within this subdivision which is condominiums. The current zoning conditions have capped the maximum number of units at 898 units. With a total number of 845 units already built, yields a total of 53 available residential units that could be built before reaching the maximum capacity.

This rezoning modification, case #RZ2023-03 is to allow for a maximum of 50 for-sale single-family residential condominium units. This is a brand new residential housing type for this subdivision as well as for the City. Introducing this housing type and proposed number of units will not be a burden on existing adjacent development on the utilities, infrastructure or traffic.

Keeping the total number of units for the Ellison Lakes subdivision at or below 898 units will not go above the 10.2 units per acre density cap that was conditioned in 2001.

ZONING CASE #: RZ2023-03

PROPOSED ZONING CONDITIONS:

1. All conditions and stipulations of rezoning approved by adoption of Ordinance #2001-06 and Ordinance #2004-08 shall remain in effect, however, the stipulations and conditions set forth herein, where not in conflict, shall replace and supersede in full any and all prior stipulations and conditions which are currently in place concerning the property which constitutes the subject matter of the rezoning modification application as submitted by CF&G Enterprises, Inc. on May 15, 2023.
2. The Subject Property shall be developed for a residential community consisting of a maximum of fifty (50) fee simple single-family attached condominiums given that the minimum parking ratio requirements are met. There shall be a parking ratio of 1.75 parking spaces per unit and an additional 0.35 parking spaces per unit for guest parking. All resident and guest parking must be located on-site.
3. The creation of a mandatory homeowners association ("HOA") to be managed by Applicant or a 3rd party professional HOA management company until such time the HOA is "turned-over" to the homeowners which is typically at 100% buildout. Applicant shall fund any shortfall in the operating budget until such time as the HOA is "turned-over" to the homeowners. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, detention pond(s), driveways and parking lot.
4. Additionally, and in conjunction with the creation of the mandatory homeowners association, Applicant agrees to the recording and enforcement of protective covenants which will contain covenants, rules, and regulations applicable to the proposed community.
5. The HOA covenants shall limit the number of rental units to not exceed 15% of the total number of units in the community or such percentage as approved by the City Council.
6. The architectural style, composition and design of the building shall be in reasonable conformity to the renderings/elevations/photographs which are being submitted concurrently herewith as shown in “Exhibit A” and/or “Exhibit B.” Exterior materials on all four sides shall consist of a mixture of brick and stone. Any other materials may be considered through Plan Review and approval by the Zoning Administrator or their designee. Stucco and/or vinyl siding cannot be used as exterior building materials.
7. The minimum area of heated and cooled space within each unit shall be as follows: 800 square feet for a 1-bedroom unit, 1,200 square feet for a 2-bedroom unit and 1,400 square feet for a 3-bedroom unit.
8. Security requirements:
    a. Entry to the building, common area doors and access gates shall be via keycard and/or punch code pad. Entry doors to the primary building shall be self closing.
    b. The primary entry door to all residential units shall be equipped with a door that features a 180-degree peep hole
9. Amenities to include: dog park/walk, private garages and a minimum of 4 outdoor electric vehicle charging stations.
10. The utilization of low-intensity, environmental type, down-lighting which shall be subject to review and approval by staff.

ZONING CASE #: RZ2023-03

PROPOSED ZONING CONDITIONS:

11. The protection of all required stream buffers affecting the property and shall utilize such areas as a passive amenity for the proposed community.
12. Compliance with recommendations from the Public Works Director with respect to traffic and transportation.
13. The installation of 5 foot (5') wide sidewalks within the development around the building, to common areas, to amenity areas and sidewalk connectivity to Ellison Lakes Drive.
14. All utilities within the proposed community shall be underground.
15. The storm water management facilities and system shall be constructed and installed consistent with all requirements of the City and Cobb County. This storm water management facility does not have to be underground.
16. The proposed community shall utilize the City or Cobb County; utility services as is typical for such residential development.
17. Compliance with all City and Cobb County development standards and ordinances relating to project improvements.
18. The entrance signage for the proposed community shall be ground based, monument-style signage, and shall consist of brick, stone, stacked stone, or combinations thereof, with accents architecturally consistent with the proposed condominium building. The entry monument shall be externally lit at night for better visibility.
19. Landscaping of the entrance areas as well as the frontage of the proposed community along all public streets , shall be professionally designed and implemented, which shall include the installation of an irrigation system in areas where appropriate. Maintenance of the entrance area and public street frontage at the entrance shall be by the third-party management company.
20. All construction vehicles will be parked on-site on the Property at all times. No construction vehicles shall be parked outside the community or other surrounding streets to the proposed development.
21. Developer will maximize the preservation of mature trees where possible.
22. The applicant agrees that construction activity will begin within two years of the approval date of the rezoning. If no land development activity is initiated, then the subject property will automatically revert back to the original zoning and all previously imposed conditions.
23. The Zoning Administrator shall be imbued with the express authority to approve minor modifications to these stipulations, the site plan, architectural rendering/elevation and all other components of this development as it proceeds through the Plan Review Process and thereafter. However, the Zoning Administrator shall not have the authority to approve modifications or revisions which:
    a. Increase the density and/or FAR.
    b. Reduce the size or composition of an approved buffer or landscape strip adjacent to contiguous properties.
    c. Relocate a structure closer to a perimeter property line.
    d. Increase the height of the building over the maximum height allowed under the Planned Village Community zoning district.
    e. Seek additional waivers from the City of Kennesaw Zoning Ordinance other than those depicted on the current site plan.

Condominium Details for RZ2023-03
0 Ellison Lakes Drive

Please see the response to your questions regarding this project listed below.

1. How many condominium units are being proposed? What is the minimum number of units that need to be established for the project to work? Is there a maximum unit count for the project?

We are proposing to construct 45 total condominium units. At a minimum 40 units and the maximum count would be 50 condominium units.

2. Please provide us with a unit count of the number of bedrooms and number of bathrooms. For example, there will be 20 units with one bedroom and one bathroom, 10 units with two bedrooms and two bathrooms and 5 units with three bedrooms and two bathrooms.

We are proposing the following number of units as follows;
10 units with 1 bedroom and 1 bathroom
18 units with 2 bedrooms and 2 bathrooms
12 units with 3 bedrooms and 2 ½ bathrooms

3. What is the average unit size in square feet for 1-bedroom, 2-bedrooms and 3-bedroom units?

We are proposing to construct the 1-bedroom units with a total square footage of 1,200, our 2-bedroom units with a total square footage of 1,450, and the 3-bedroom units with a total square footage of 1,625.

4. Will these condominiums be for sale (fee simple) or for rent?

The proposed condominium units are for sale.

5. Who will manage the condominium building, common spaces, landscape and parking lot for upkeep and maintenance?

There will be a third-party property management company that will be responsible for oversight of the buildings, common spaces, landscape and parking lot upkeep and maintenance.

Corporate Office
515 Rippling Water Lane
Johns Creek, GA 30097
(678) 521-8347

6. Describe your target market and include what the proposed unit price points will be.

Our target market is the first-time homebuyer or transient business relocation buyer. The proposed basic unit price will start as follows:

1 bedroom and 1 bathroom - $380,000
2 bedrooms and 2 bathrooms - $425,000
3 bedrooms and 2 ½ bathrooms - $485,000

7. Describe the building design, exterior materials, interior materials, interior finishes, and amenities.

The proposed product is a 4-story condo flat.
Exterior - 100% brick and stone.
Interior - Hardwoods, carpet, and tile. Granite and quartz countertops. Standard 4" base mold and 4" crown.
Amenities - Dog walking area, Electric car charging stations both inside and outside of the Private Garages.

8. Is there adequate parking spaces for the proposed total number of residential and commercial spaces? What is the parking ratio as broken down into the number of parking spaces per residential unit? Will there be Electric Vehicle charging stations provided for residents?

The proposed project will provide adequate parking as there will be 4 parking spaces per unit constructed. Electric vehicle charging stations will be available both inside and outside of the garages.

Please let me know if you need any further information to make a determination on our zoning request for the condominiums. We are excited to get our project underway and are pleased to be working with the City of Kennesaw on this project.

CANCELLATION OF DEED UNDER POWER OF SALE AND REAFFIRMATION OF VESTING DOCUMENTS

This CANCELLATION OF DEED UNDER POWER OF SALE AND REAFFIRMATION OF VESTING DOCUMENTS (the "Agreement") is made by and between Coastal States Bank, a South Carolina banking corporation, ("Coastal States"), as successor-in-interest to Cornerstone Bank ("Cornerstone"), as party of the first part, and CF&G Enterprises, Inc., a Georgia corporation ("CF&G"), and Federspiel Development, LLC, a Georgia limited liability company ("Federspiel Development", and together with CF&G and Coastal States, hereinafter sometimes referred to as the "Parties") as parties of the second part, is effective as of June 1, 2022 (the "Effective Date").

WHEREAS, in order to secure repayment of a debt obligation from Federspiel Development to Cornerstone (the "Debt Obligation") on June 6, 2016, Federspiel Development, as grantor, executed a Deed to Secure Debt, Assignment of Rents and Security Agreement (the "DSD") in favor of Cornerstone that was recorded at Deed Book 15342, Page 6386 of the official records maintained by the Clerk of the Superior Court of Cobb County (the "Cobb Records" and the "Clerk");

WHEREAS, by execution of the DSD, Federspiel Development conveyed to Cornerstone a security interest in, and title to, a parcel of real property that is situated in Land Lot 175 of the 20th Land District of Cobb County, Georgia, commonly situated on Ellison Lakes Dr., Kennesaw, Georgia, and designated as Cobb County Tax Parcel ID No. 20017500170, all as more particularly described on Exhibit "A" attached hereto and incorporated herein (the "Vacant Tract");

WHEREAS, subsequent to the execution of the DSD, Federspiel Development attempted to convey title to the Vacant Tract to CF&G by virtue of that certain "Quitclaim Deed" that was recorded in the Cobb Records at Deed Book 15352, Page 2254 (the "QCD");

WHEREAS, the pertinent title information on the QCD was filled out in handwriting by Eric G. Federspiel, the Managing Member of Federspiel Development, and was not completely legible;

WHEREAS, the Clerk indexed the QCD in the Real Estate Index of the Cobb Records and listed the Grantor as "Federspirl Development, LLC" instead of "Federspiel Development, LLC" (the "Recording Error"). The QCD is not cross-referenced to any other recorded instruments in the Cobb Records, and does not reference any other recorded instrument. As a result of the Recording Error, an individual performing an examination of the Cobb Records with respect to Federspiel Development, exercising a reasonable degree of care and diligence, would not locate the QCD transfer of the Vacant Tract into CF&G during the ordinary course of his or her search;

WHEREAS, in or about June 2017, Federspiel Development and certain of its affiliates defaulted on their obligation to repay the Debt Obligation to Cornerstone in accordance with its terms;

WHEREAS, as a result of this default, Cornerstone began steps to foreclose upon the Vacant Tract pursuant to the power of sale contained in the DSD. In preparation for the foreclosure, Cornerstone commissioned a search of title for the Vacant Tract (the "Title Search");

WHEREAS, due to the Recording Error, the Title Search did not identify the QCD (or any other reference to the transfer of the Vacant Tract from Federspiel Development to CF&G);

WHEREAS, CF&G filed for bankruptcy relief under Chapter 11 of Title 11 of the United States Code on July 5, 2021, in a case entitled In re CF&G Enterprises, Inc., United States Bankruptcy Court for the Northern District of Georgia, Case No. 21-55042 (the "Bankruptcy"), thus giving rise to an automatic stay pursuant to 11 U.S.C. § 362 (the "Automatic Stay");

WHEREAS, Coastal States i) is a secured creditor of CF&G; ii) was scheduled in the Bankruptcy as a secured creditor; and iii) was deemed secured by the Final Cash Collateral Order in the Bankruptcy;

WHEREAS, CF&G properly disclosed its ownership of the Vacant Tract under Schedule A/B in its original bankruptcy schedules filed with the Bankruptcy Court on July 19, 2021;

WHEREAS, without knowledge that the Vacant Tract had been conveyed to CF&G by virtue of the QCD, Cornerstone advertised in the Marietta Daily Journal for a foreclosure sale of Federspiel Development's interest in and to the Vacant Tract on August 3, 2021;

WHEREAS, Cornerstone conducted a foreclosure sale of the Vacant Tract on August 3, 2021 (the "Foreclosure Sale"), and on August 18, 2021 recorded a Deed Under Power of Sale

conveying the Vacant Tract from Federspiel Development to Cornerstone at Deed Book 15956, Page 1622 of the Cobb Records (the "DUP");

WHEREAS, Coastal States acquired the assets of Cornerstone, including the Debt Obligation and the DSD, on October 31, 2021;

WHEREAS, CF&G, by and through its bankruptcy counsel, has made Coastal States aware of:

a) The conveyance of the Vacant Tract to CF&G under the QCD; and

b) The Automatic Stay arising out of the Bankruptcy, which rendered the Foreclosure Sale, and the resulting DUP, invalid;

WHEREAS, on May 3, 2022, CF&G confirmed a Plan of Reorganization in the Bankruptcy (the "Plan") that provides for a stream of 300 monthly payments to Coastal States based on a balance of $3,100,000, to be paid over twenty-five years at 5.25% (the "Plan Payments");

WHEREAS, in order to eliminate the break in the chain of title with respect to the Vacant Tract, the Parties hereto wish to cancel the DUP of record and return the status of the title to the Vacant Tract to the *status quo ante* prior to August 3, 2021;

NOW, THEREFORE, for and in consideration of the promises and obligations set forth herein, the validity and sufficiency of which are herewith acknowledged by all Parties to this Agreement, the Parties herewith obligate themselves to take the following actions, and make the following conveyances, for all purposes under Georgia law.

1. **Cancellation of the Deed Under Power**. The Parties hereby acknowledge and agree that the DUP was *void ab initio*. The DUP is herewith cancelled, void and of no further effect. Title to the Vacant Tract will herewith revert back to its status prior to the recordation of the DUP. Coastal States is authorized and instructed to record this Agreement in the Cobb Records, and cross reference same to the DUP, in order to effectuate said cancellation.

2. **Acknowledgement and Consent to the Conveyance to CF&G**. The Parties acknowledge that the DSD contains a "due on sale" clause, and the attempted conveyance of the Vacant Tract by Federspiel Development to CF&G constituted a default under the Debt Obligation due to Cornerstone. Notwithstanding such default, and Coastal States' rights and remedies arising therefrom, Coastal States herewith consents to the QCD conveyance of the Vacant Tract to CF&G for all purposes under Georgia law, such that title to the Vacant Tract is herewith vested in CF&G, subject to the security title in favor of Coastal States created by the DSD, and all liens arising out of same, as modified in the Plan.

3. **Acknowledgement of the Continued Validity of the DSD and the Lien in Favor of Coastal States**. Federspiel Development and CF&G acknowledge and agree that i) the DSD is valid and enforceable in accordance with its terms; ii) Coastal States' security title in the Vacant

Tract has not been altered or modified, except as modified in the Plan and iii) the DSD continues to constitute a first-in-priority lien on the Vacant Tract in favor of Coastal States.

4. **Net Effect**. The net effect of this Agreement, after the acknowledgements and agreements set forth herein and the recordation of this Agreement, is that the Vacant Tract will be owned by CF&G, subject to the DSD, as modified by the Plan, in favor of Coastal States, with the payment obligations under the DSD to be controlled by the Plan and the Plan Payments specified therein.

5. **Cross References to the Cobb Records**. The Clerk is hereby requested and instructed to cross-reference this Agreement to:

a. The DSD, being that certain Deed to Secure Debt, Assignment of Rents and Security Agreement, filed and recorded June 6, 2016 at Deed Book 15342, Page 6386, Cobb Records;

b. The QCD, being that certain Quit Claim Deed, filed and recorded July 5, 2016 at Deed Book 15352, Page 2254, Cobb Records; and

c. The DUP, being that certain Deed Under Power of Sale, filed and recorded August 18, 2021 at Deed Book 15956, Page 1622, Cobb Records.

6. **Default under the Bankruptcy Plan**. Any default by CF&G under the Plan or the Plan Payments shall constitute a default under the DSD, subject only to the provisions of the Plan regarding notice and right to cure. Upon a failure by CF&G to cure any such default after the required notice, Coastal States will be authorized to exercise any of its state law and contractual rights in and to the Vacant Tract, including, but not limited to, foreclosure of same.

7. **Waiver and Quitclaim of Defenses**. For and in consideration of the acknowledgements set forth herein, CF&G and Federspiel Development, acting on their own behalf and on behalf of their subsidiaries, affiliates, parents, representatives, agents, successors and assigns, specifically waive and quitclaim any and all defenses or objections that they may have, or claim to have, to the validity and enforceability of the DSD, including, but not limited to, those that go to merger of title.

8. **Perpetual Security Interest**. The Parties intend for the DSD to establish a perpetual or indefinite security interest in the Vacant Land, pursuant to Official Code of Georgia Annotated ("O.C.G.A.") §44-14-80 (a).

Re: Ellison Property ±130A LLS 175, 205 and 206, 20th District, Cobb County, Georgia
Rezoning Application of Gwinnett Partners, LLC

Dear Mayor Church and Members of the City Council:

Now that the ARC's DRI Recommendation has been received, we are taking this opportunity to propose the following stipulations of zoning to you for the above project:

ZONING

1. The subject property shall be zoned to the City's PVC zoning district classification, subject to the revised site plan by Development Consultants Group dated October 16, 2001.

2. The maximum number of multi-family units shall be 650, and the maximum number of town home units shall be 248. There should be a parking ratio of 1.75 parking spaces per unit.

3. The maximum amount of office and retail space shall be 110,000 square feet.

4. The walking trails and three recreational fields shall be provided as shown on the revised site plan.

TRAFFIC IMPROVEMENTS

5. Subject to the approval of the Cobb County DOT and Georgia DOT, the applicant shall make the following traffic improvements as recommended by the ARC:
   (a) Add double left turn lanes to the east bound and west bound approaches of Old Highway 41; and

(b) Relocate the traffic signal presently located in the vicinity of the subject property on Highway 41; and
(c) Add an additional traffic lane, curb, gutter, and sidewalk along the entire Highway 41 frontage of the project; and
(d) Install a traffic signal at the proposed access of the project on Highway 41.

EMERGENCY ACCESS

6. Subject to obtaining legal access rights, the applicant will provide a secured emergency access to the proposed development, either through the existing Attic Parkway development to the east, or through the existing Cobb International Industrial Park to the west. County and City public safety agencies shall be provided with keys or access codes to this access point.

AIRPORT PROXIMITY

7. The applicant will use construction practices and materials to mitigate interior noise levels from local air traffic at McCollum field. The applicant will comply with all FAA Airspace study requirements as necessitated by the proposed construction. The applicant will further include in each lease a notification regarding the proximity of the development to McCollum field.

STORM WATER MANAGEMENT

8. The applicant shall perform and submit to the City as a part of its development plan, a storm water management plan. As a part of this plan, no residential structures shall be constructed within the dam breach zone of the existing lake on the property.

9. The storm water management plan shall include a monitoring program, and structural controls shall be designed to accommodate the installation, operation and maintenance of automatic water quality and flow rate monitoring equipment. The monitoring program shall consider the following minimum elements:

- monitoring of 4 storms per year (one per quarter)
- collection of flow weighted composite of the inflow to the structure during the entire storm event;
- collection of a flow weighted composite of the outflow from the structure - the sampling should include the peak outflow resulting from the storm event;
- analysis of inflow and outflow flow weighted composite samples for biochemical oxygen demand, total suspended solids, zinc, lead, total phosphorous, and total nitrogen; and
- collection of grab samples at the inlet and outlet locations during the periods of peak inflow and outflow for pH, dissolved oxygen, and fecal coliform bacteria.

Of course, should you have any questions, or require any further information regarding these proposed conditions of zoning, please do not hesitate to contact the undersigned.

Yours truly,

BROCK, CLAY, CALHOUN,

Mayor and Council
Regular Meeting
December 17, 2001

Invocation – Fred Bentley Jr.

Pledge of Allegiance to the American Flag – Mike McDowell

Call to Order

Mayor Church called the meeting to order.

The following people were present: Councilman Robertson, Councilman Mathews, Councilman Ferris, Councilman Rowland and Councilman Dowdy. City Manager, Mike McDowell and Fred Bentley, Jr. City Attorney.

Announcements - Sandy and Steve Roberts of Samarah's Floral Designs

Mayor Church thanked Sandy and Steve Roberts of Samarah's Floral Designs for the beautiful Christmas decorations in the City Hall lobby.

Old Business

1. Consideration for Watts Drive parking (Overflow from City Hall).

Councilman Dowdy advised he is looking into another alternative for parking and asked that this item be continued for two weeks.

Councilman Dowdy made a motion that this item be tabled for two weeks. Seconded by Councilman Robertson.

Vote taken, approved 5-0.

2. Consideration of the concept of 3 wards and 2 at-large positions for election of officials in the City of Kennesaw.

Councilman Dowdy presented the concept of changing to wards and at large positions for the election of elected officials in the City. Councilman Dowdy advised this system would give the citizens the most equal and comprehensive representation.

Councilman Dowdy made a motion to change to 3-wards and 2-at large positions for electing officials for the City. Seconded by Councilman Ferris.

Councilman Mathews questioned what is the benefit to the City? Currently the City has five representatives and he strongly disagrees with this concept and that the City is doing fine the why we do elections now.

Councilman Ferris advised he likes the balance as presented and does not believe demographics are limited to minorities. He likes the concept and believes the City is not doing fine, look at some of the areas in the City, across the 4-lane and some of the mobile home parks. Neighborhoods are a big part of demographics, by going to this concept for wards, this gives specific identifiable areas that have a lot of common problems a stronger voice and I believe that is important. Again there is a balance and I like the concept.

Councilman Mathews questioned whose fault is it, that there is no representation from across the 4-lane. There are no dividing lines within the City as far as I am concerned.

Councilman Rowland advised he believes we need a ward structure, because we do have different problems within the different parts of the City. Legacy Park does not have the same problems as the people across the 4-lane. I believe these areas need their representation and I am for it.

Mr. Peter Popham advised if he wants to get something done in the County, he calls his County Commissioner and he can hold him responsible in the next election. If he wants to get something done in his district, he calls his representative. When he calls in Kennesaw, it is very difficult to get a response and in touch with someone to help. I would like to see the people vote on the issue. Call a special election and let them vote whether or not to go to wards. I personally support Pat's argument. We need representation; it's the only way to hold government accountable.

Councilman Robertson advised the trouble with wards is that, when you have people on the Council and they do anything and it has an effect on the people, and then I can't vote for them, that's wrong. Mr. Robertson advised if you have to have wards, then be believes the proposal is good, however, the issue can be argued on either side and I support at large, it's a gut feeling.

More discussion followed concerning the change.

Mayor Church asked Councilman Dowdy which map he is proposing to accept?

Councilman Dowdy replied map #4 exhibit "A".

Mayor Church called for the vote on the motion for approval of the concept as presented by Councilman Dowdy.

Vote taken, Councilman Ferris, Councilman Rowland and Councilman Dowdy vote yes. Councilman Mathews and Councilman Robertson vote no. Motion passes 3-2.

Public Comment/Business from the Floor

Mr. Peter Popham spoke about the Watts Drive rezoning from the previous meeting and the fact that the City let Mr. Floyd withdraw his application. Mr. Popham advised he is concerned about the Planning & Zoning Department, and advised he had asked for the inventory of

historical sites, and was told there was not one. It is required by DNR and he is concerned that we do not know that and the fact that the developer was not required to provide required studies and plans. There are several other issues that the Planning & Zoning Department are not aware of and he would ask the Mayor to personally intervene in this area to make sure this does not happen again and to become more involved in the process to preserve our historic sites.

Mayor Church advised that a survey has been prepared and he needs to file his request with the City Clerk for a copy.

Public Hearing

TITLE OF ITEM: Public Hearing on the updated Capital Improvements Element and Short-Term work program report for 2001 through 2005 and authorization for approval to transmit the Resolution to Atlanta Regional Commission for review and comments prior to final adoption by Mayor and Council in 2002 at a scheduled hearing following proper public notice.

AGENDA COMMENTS: Georgia Department of Community Affairs requires participating local governments to submit an update to these projects reports as required for City of Kennesaw to maintain Qualified Local Government status.

STAFF RECOMMENDATIONS: Staff recommends approval

FUNDING LINE: N/A

Mr. Darryl Simmons presented the updates to the Short Term Work Program and the Capital Improvement Element for 2001 through 2005. Mr. Simmons advised these updates are required in order to maintain our qualified local government status. Mr. Simmons advised staff recommends approval of the resolution to transmit the updated plan to ARC.

Mayor Church opened the public hearing.

Mr. Peter Popham questioned where on the updated plan was the historical preservation? Is there anything regarding updating our historical districts? Mr. Popham advised we should have plans in place now to enhance and preserve our historic districts and sites. I would like to make my request to see all maps and surveys of all our sites.

Mayor Church advised Mr. Popham to make that request with the clerk.

Mayor Church closed the public hearing.

Mayor Church called for the vote on the implied motion for approval of the resolution to transmit the updated plan to ARC. This is for transmittal of the plan only.

Vote taken, approved 5-0.

Consent Agenda

Mayor Church advised we would read items C – M for renewal of the alcohol license to see if the applicants are present and if there are any questions. Mayor Church asked each applicant as his or her name is read to please stand up and if you are not the applicant to please give us your name for the record.

S. **TITLE OF ITEM**: Consideration to approve a $5,000 grant to the Kennesaw Football Association contingent upon receipt of proof of 501c3 non- profit status.

AGENDA COMMENTS: The football association moved into a new location, KMHS High School field that posed some financial difficulties for the association. Although football did provide a tent like structure to provide some concessions on Saturday's, they were not able to provide weekday concession's resulting in loss of revenue. In addition, two game Saturdays were lost limiting concessions on those days as well. Also, expenses including new equipment and new uniforms, transitioning from the Generals to the Kennesaw Mustangs, along with more than projected registration, escalated costs. The Football Association also rented portable toilets and a trailer to store equipment, which was not anticipated.

All of the above circumstances has led to an approximate $15,000 debt for the Football association. The Football Association has asked for some financial assistance.

Recommend funding from Council Contingency Account # 100-1100-55.1050

V. **TITLE OF ITEM:** Authorization to donate 7 wall panels detailing the Great Locomotive Chase from the Kennesaw Civil War Museum to the City of Adairsville for display in their recently renovated Depot.

AGENDA COMMENTS: With the renovation of the Kennesaw Civil War Museum it is necessary to remove the existing wall panels (Andrews Raid, The Chase, Confederate Pursuers, End of the Line, Desperate Men Escape, Execution of Eight Raiders, The Andrews Raiders) depicting the Great Locomotive Chase in order for new wall panels and exhibits to be installed by Murphy & Orr. The City of Adairsville has recently completed a restoration of their historic depot and opened a visitors center in the facility. Mayor Penson and the city council have asked that Kennesaw consider donating the wall panels so that they can be placed in the Adairsville Depot thereby highlighting

the connection between Adairsville and the Great Locomotive Chase (unconnected cars from Texas at Adairsville to continue the chase) the wall panels. The City of Adairsville will remove and transport the panels. Recommend that donation require that the donation by the City of Kennesaw be permanently noted by in the Adairsville facility.

Cemetery Preservation Commission –Councilman John Dowdy, Liaison

Councilman Dowdy advised first he would like to give his own personal comments that are not any reflection of the Mayor and Council, only his opinion. Mr. Dowdy advised concerning the question that has been asked pertaining to fencing, lighting and cameras for the cemetery. Prisons have cameras, lights, fences and armed personnel guards and people continue to try to break out of prisons. Fencing, lights and cameras have no place at a cemetery. A cemetery is a place of respect; it's a place where there is sadness, happiness, love and understanding. The tombstones have meanings, they tell stories. A cemetery is a place that brings harmony and understanding to a family, we don't need fences, lights and cameras to invade on their privacy when they are out there with their loved ones.

Councilman Dowdy advised the cemetery preservation commission that was approved last year by this Mayor and Council, and has been working hard and in the upcoming year we will see a big change in our cemetery. Councilman Dowdy went over the items on the attached list of projects and problems being addressed by the Cemetery Preservation Commission. **(Copy attached and made a part hereto.)**

Councilman Dowdy advised we are going to be working on beautifying the cemetery not destroying it with lights, cameras and fences.

Mr. Peter Popham came forward. Mr. Popham advised about a year and a half ago some 85 graves were desecrated and a city employee was held responsible. In response to that the Mayor promised he would investigate it fully and I understood it meant to prosecute. I had suggested the fence and lighting maybe a gate like they have in Marietta. We have vagrants and a group that hangs in the Wigley section and this was in response to the vagrancy. Fences don't take away from cemeteries. We still need the fence; we need the lighting and proper patrolling. I am asking tonight, it's been a year and a half maybe longer, it's been under investigation and never been prosecuted, I asked Pat Head and he's not going to do it, we need to prosecute the gentlemen responsible and I would like an answer on the issue and secondly I would like to know if you are going to put us up lights and fencing. I agree we don't need cameras. But we need to do something to stop the vagrancy.

COMMUNITY DEVELOPMENT – PAT FERRIS
LANGFORD HOLBROOK, DIRECTOR

1. **TITLE OF ITEM:** Authorization for approval for an ordinance for **Rezoning** of property as submitted by Gwinnett Partners, LLC, c/o Richard Calhoun on behalf of the owners, Edith E. Hughes, Edith Ellison, Dorothy Russell, Robert Ellison, Helen E. Harrison, Steve Ragsdale, Warren Ragsdale.

   AGENDA COMMENTS: Property identified as Land Lots 175, 205 & 206 of the 20th District, 2nd Section, Tax Parcels 2,3 and 4 and 17. Applicant is requesting approval for Rezoning from **County HI & GC to City PVC.** Property consists of 130 +/- acres fronting on Highway 41 near its intersection with Old Highway 41. Owner to use as proposed mixed use development, including retail, office, townhouse and multi-family housing.

   Notice was placed in the Marietta Daily Journal on September 21, 200l and September 28, 2001.

   Planning Commission recommended approval. Vote Unanimous at a meeting held on October 8, 2001, based on staff analysis

   - Overall density not to exceed 10 units per acre,

- All efforts to make impervious surface as low as possible with reduction of parking area ratio per dwelling unit from 2 to 1 and

- Density calculations to indicated total developable area left after removal of areas occupied by natural lakes, streams and floodplain.

Mayor and Council meeting held on November 5, 2001. Application was deferred until receipt of the ARC's and GRTA comments pursuant to the applicant's DRI review.

Request to be placed on the December 12, 2001 work session and the regular meeting agenda for December 17, 2001, by way of letter dated 11/29/01.

STAFF RECOMMENDATIONS: Staff recommends approval subject to the stipulations listed on the attached list of stipulations and recommends that council amend the rezoning ordinance to reflect those stipulations.

FUNDING LINE: N/A

Mr. Darryl Simmons presented the rezoning application for property known as the Ellison property, located on Highway 41 near its intersection with Old Highway 41 as submitted by Gwinnett Partners, LLC, for 130 +/- acres from County HI & GC to City PVC, which is a mixed use zoning district. The purpose is for a mixed-use development to include an 110,000 sq. ft of office and retail development, 248 town homes and 650 apartment units. Mr. Simmons presented the site plan and advised it has been revised. (Copy of which is in the agenda packet dated 10/16/01). This project due to its size is required to be reviewed by ARC because of it being a development of regional impact. We have received their comments and they have given us approval of the project (copy of which in the agenda packet). Mr. Simmons advised this also concerns an annexation request, and because of that we have to follow the intergovernmental agreement with Cobb County. We followed that procedure and submitted this concept to Cobb County, and for which they have given us their comments and/or objections. These objections/comments were then brought to mediation between the City and County staff. During that mediation the County deferred their further comments until ARC finished their review and gave their comments. That being done, we sent those to Cobb County for their response, which we have not received back yet.

Mr. Simmons advised after reviewing all the findings from ARC and all comments from Cobb County government and as well as our own development standards, and we have come up with the following. Staff recommends approval for rezoning for this project with these 10 specific items and conditions as noted. **(Copy of list attached and made a part hereto.)**

Mayor Church asked on item # 9 if the developer has agreed to letting citizens/the public use the soccer fields, this references future and will be pursued?

Mr. Calhoun advised this is a new stipulation but they are not adverse to the issue, but will have to look at the liability aspects and they are willing to discuss the issue.

Mayor Church opened the public hearing and advised there would be a 10-minute time limit for each side.

Mr. Richard Calhoun, presenting the applicants came forward. Mr. Calhoun advised they are asking for rezoning and annexation of their property and that they have been through the DRI process as required. We have the ARC review and their comments and it has been found to be in the best interest of the State. We have also reviewed their comments and requests and we have suggested a set of zoning stipulations and the City has come back with a set that is virtually identical. We are in agreement with the proposed stipulations, the one that needs to be clarified is #8, the second bullet, " emergency access points are provided on this site". We don't have legal access right now for the emergency access, we are trying to get it through Cobb International Industrial Park. We are happy to do that and we are trying to work it out. The other is stipulation # 9, of course we will certainly work and talk to the City about these fields, of course it involves a lot of liability issues.

Mr. Calhoun advised with the stipulations as presented and with the site plan presented, we ask that we be annexed and rezoned into the City.

Mr. Peter Popham advised he is not against the project, but he has a question about item #10. What has been decided by the County, because I think Mr. Fortenberry had to do some research or discovery on this property on this point. Mr. Popham asked how will #10 be implemented? What are your requirements?

Mayor Church advised it was his understanding that the County would go along with whatever ARC decided on.

Mr. McDowell advised Dr. Drobney probably has as much experience in these issues, including the Civil War and other aspects as anyone around. Providing that he has free access to the site, I would think that task would be assigned to him.

Mr. Popham advised in the County, the developer has to provide an archoligiest survey. It has to be a certified survey. Is Dr. Drobney qualified to do that.

Mr. Bentley advised that would be included as part of the engineering and site documents required. Dr. Drobney certainly has the ability to review those documents.

More discussion followed concerning the survey's and the documents required.

Councilman Mathews stated he believes item 10 of the stipulations covers these issues. It says the developer will be responsible for creating and implementing an appropriate historical preservation strategy plan if historic features or structures are discovered. The developer has agreed to these stipulations.

Mayor Church closed the public hearing.

Councilman Ferris advised he has a couple of questions, 1) the stipulation and or requirement for retail/commercial space, is there one or does that have to be stipulated?

More discussion followed concerning that issue.

Mr. Bentley advised that this rezoning is site plan specific and that affects the site plan as presented. Mr. Bentley advised it should be noted that it is the site plan dated October 16, 2001.

Councilman Ferris made a motion to approve the rezoning application, site plan specific per the plan dated 10-16-01 entitled Annexation Exhibit for Gwinnett Partners, LLC, that this rezoning have stipulations per attachment "A" Zoning Stipulations as presented by the Kennesaw Planning Staff, in addition the letter of stipulations of Brock, Clay, Calhoun, Wilson & Rogers, dated December 14, 2001 and make these stipulations such that if there are any conflicts between the two, then the more restrictive will prevail. Seconded by Councilman Mathews.

Mr. Bentley advised that there is a provision under the Kennesaw Ordinances, where there are minor site plan revisions based upon actual site conditions, that if it does not change the overall relationship and does not increase the number of units, then they can make those changes without having to come back to Mayor and Council every time.

Mayor Church called for the vote on the motion as stipulated by Councilman Ferris.

Vote taken, approved 5-0.

1. **TITLE OF ITEM:** Consideration for approval of 2002 annual renewal of the Alcoholic Beverage License for beer and wine package for **A-I Enterprises, Inc d/b/a QUIK STOP FOOD STORE** located at 3655 Cherokee Street, Suite 1. Kennesaw, GA 30144. Applicant**: Fadwar Anwar Ibrahim**.

   AGENDA COMMENTS: This item was continued from the meeting of December 3, 2001 pending information on state permit status. Based on information from the police department, the state has placed the store's license on probation status until September of 2002. This is an existing business under the same ownership since 1988. The business is currently on probation through December 31, 2001 for violating the City of Kennesaw Alcohol Code relating to the sale of alcohol to minors. Current application, background check and fingerprinting are in the file. Staff recommends approval if no additional violations have occurred prior to the expiration of their probation. Approval should also be contingent upon receiving fingerprint criminal investigation results from the GBI and FBI through the City of Kennesaw Police Dept. and waive the requirement for them to purchase the license within two weeks after approval.

   FUNDING LINE: 100-1510-34.2310 Fingerprinting $24.00

Mrs. Beverly Poole presented the application for the alcoholic beverage license for beer and wine package for **A-I Enterprises, Inc d/b/a QUIK STOP FOOD STORE** located at 3655 Cherokee Street, Suite 1. Kennesaw, GA 30144. Applicant**: Fadwar Anwar Ibrahim**. Mrs. Poole advised this application was tabled to allow staff time to obtain the status of the State license for this business since they are on probation by the City for the sale of alcohol to a minor. The state has placed this business on probation until September 2002.

Discussion followed concerning if the license could be renewed, that he has a conviction for the sale of alcohol to a minor, that applicant has been in business for 13 years prior to this incident, and the City's zero tolerance policy.

Councilman Mathews made a motion to deny the request for renewal. Motion dies for the lack of a second.

Councilman Ferris made a motion to approve the renewal per the recommendation of staff. Seconded by Councilman Dowdy.

Vote taken, Councilman Robertson, Councilman Ferris, Councilman Rowland and Councilman Dowdy vote yes. Councilman Mathews votes no. Motion passes 4-1.

1. **TITLE OF ITEM:** Discussion item – speed hump policy for city.

   AGENDA COMMENTS: Supporting document is Cobb County's policy with minor changes for your consideration. Due to cost involved and the fact that speed humps were not included in the current year budget, a user charge method, based on Gwinnett County's policy, is also included for your consideration.

   FUNDING LINE: N/A

Mr. McFarlin presented a speed hump policy for consideration for approval by the Council and advised he has used Cobb County's and Gwinnett County's polices as a model and has made adjustments from what was seen previously and presented those to Council.

Mr. Bentley advised that our engineering firm should prepare the drawing and specifications for the policy.

Mr. Peter Popham came forward and spoke concerning this policy. Mr. Popham replied he believes with the fees structure being proposed it will prevent some neighborhoods from participating that might want to. Some of the lower income neighborhoods would not participate.

Discussion followed concerning this policy and program and that it was not budgeted and this is a proposal only and is subject to change.

Councilman Ferris made a motion to approve the speed hump policy as submitted by Mr. McFarlin. Seconded by Councilman Robertson.

Councilman Mathews made a substitute motion to table this item until the second meeting in January. Seconded by Councilman Rowland.

Vote taken, Councilman Robertson, Councilman Mathews, Councilman Rowland and Councilman Dowdy vote yes. Councilman Ferris votes no. Motion passes 4-1.

Re: Ellison Property ±130A LLS 175, 205 and 206, 20th District, Cobb County, Georgia
Rezoning Application of Gwinnett Partners, LLC

Dear Mayor Church and Members of the City Council:

Now that the ARC's DRI Recommendation has been received, we are taking this opportunity to propose the following stipulations of zoning to you for the above project:

ZONING

1. The subject property shall be zoned to the City's PVC zoning district classification, subject to the revised site plan by Development Consultants Group dated October 16, 2001.

2. The maximum number of multi-family units shall be 650, and the maximum number of town home units shall be 248. There should be a parking ratio of 1.75 parking spaces per unit.

3. The maximum amount of office and retail space shall be 110,000 square feet.

4. The walking trails and three recreational fields shall be provided as shown on the revised site plan.

TRAFFIC IMPROVEMENTS

5. Subject to the approval of the Cobb County DOT and Georgia DOT, the applicant shall make the following traffic improvements as recommended by the ARC:
   (a) Add double left turn lanes to the east bound and west bound approaches of Old Highway 41; and

(b) Relocate the traffic signal presently located in the vicinity of the subject property on Highway 41; and
(c) Add an additional traffic lane, curb, gutter, and sidewalk along the entire Highway 41 frontage of the project; and
(d) Install a traffic signal at the proposed access of the project on Highway 41.

EMERGENCY ACCESS

6. Subject to obtaining legal access rights, the applicant will provide a secured emergency access to the proposed development, either through the existing Attic Parkway development to the east, or through the existing Cobb International Industrial Park to the west. County and City public safety agencies shall be provided with keys or access codes to this access point.

AIRPORT PROXIMITY

7. The applicant will use construction practices and materials to mitigate interior noise levels from local air traffic at McCollum field. The applicant will comply with all FAA Airspace study requirements as necessitated by the proposed construction. The applicant will further include in each lease a notification regarding the proximity of the development to McCollum field.

STORM WATER MANAGEMENT

8. The applicant shall perform and submit to the City as a part of its development plan, a storm water management plan. As a part of this plan, no residential structures shall be constructed within the dam breach zone of the existing lake on the property.

9. The storm water management plan shall include a monitoring program, and structural controls shall be designed to accommodate the installation, operation and maintenance of automatic water quality and flow rate monitoring equipment. The monitoring program shall consider the following minimum elements:

- monitoring of 4 storms per year (one per quarter)
- collection of flow weighted composite of the inflow to the structure during the entire storm event;
- collection of a flow weighted composite of the outflow from the structure - the sampling should include the peak outflow resulting from the storm event;
- analysis of inflow and outflow flow weighted composite samples for biochemical oxygen demand, total suspended solids, zinc, lead, total phosphorous, and total nitrogen; and
- collection of grab samples at the inlet and outlet locations during the periods of peak inflow and outflow for pH, dissolved oxygen, and fecal coliform bacteria.

Of course, should you have any questions, or require any further information regarding these proposed conditions of zoning, please do not hesitate to contact the undersigned.

Yours truly,

BROCK, CLAY, CALHOUN,

AN ORDINANCE TO AMEND ORDIANCE #2001-06 TO CHANGE A CONDITION OF ZONING PLACED ON THE GWINNETT PARTNERS, LLC. REZONING APPLICATION FROM COUNTY HI & GC TO PVC (CITY PLANNED VILLAGE COMMUNITY) FOR PROPERTY LOCATED ON US 41 KNOWN AS THE ELLISON PROPERTY.

WHEREAS, Ellison Lake Partners, LLC, Vista Del Lago, LP, Hillside Vista, LP and Precision Design & Development Co., Inc. c/o Richard Calhoun has made an application to amend a condition of zoning to change the number of townhomes and multi-family units, placed on the Gwinnett Partners, LLC rezoning application approved by Mayor and Council on 12/17/01 by the adoption of Ordinance #2001-06.

WHEREAS, ordinance #2001-06 was adopted with stipulations of rezoning as follows: Subject to the site plan dated 10-16-01 entitled Annexation Exhibit for Gwinnett Partners with the following stipulations: Letter of stipulations dated 12-14-01 from Brock, Clay, Calhoun, Wilson & Rogers and the zoning stipulations shown as Attachment A, and that these stipulations, such that if there are any conflicts between the two, the more restrictive will prevail. (Copies Attached.)

WHEREAS, this request amends the letter of stipulation dated December 14, 2001 from Brock, Clay, Calhoun, Wilson & Rogers, PC, being more particularly stipulation # 2 which reads as follows: The maximum number of multi-family units shall be 650, and the maximum number of town home units shall be 248. There should be a parking ratio of 1.75 parking spaces per unit.

Said amendment is to delete the original language of stipulation #2 of Brock, Clay, Calhoun, Wilson & Rogers, PC letter of 12/14/01 and replace it with the following per letter of stipulation dated January 28, 2004:

The maximum number of multi-family units shall be reduced to 537, and the maximum number of town home units shall be increased to 309. There should be a parking ratio of 1.75 parking spaces per unit.

WHEREAS, this request amends ordinance #2001-06 by adding the following additional stipulations, for tract F and Tract G to the amenity package per letter of stipulation dated January 28, 2004:

1) **On tract "F" substitute two playgrounds with playground equipment, two barbeque areas, two gazebos and one car wash, for three of the tennis counts originally proposed.**
2) **On tract "G", substitute one playground with playground equipment, one barbeque area and one gazebo, for three of the tennis courts originally proposed for Tract G.**

WHEREAS, all other conditions and stipulations of rezoning approved by adoption of Ordinance #2001-06 on 12/17/01 by the Mayor & Council granting the rezoning for Gwinnett Partners, LLC shall remain in effect.

WHEREAS, notice was advertised in the Marietta Daily Journal on December 26, 2003 of a public hearing before the Kennesaw Planning Commission held on January 12, 2004 and the Mayor and Council on February 2, 2004; and

WHEREAS, The Kennesaw Planning Commission held a public hearing on this proposal on January 12, 2004; and

WHEREAS, the Mayor and Council held a public hearing on this proposal on February 2, 2004; and

WHEREAS, the Mayor and Council have determined that the proposed amendment to the original conditions of rezoning is in the public interest and meets the standards established in the Kennesaw Zoning Code and all other conditions of rezoning as approved in Ordinance #2001-06.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF KENNESAW, COBB COUNTY, GEORGIA, AS FOLLOWS.

SECTION 1. That Ordinance #2001-06 is hereby amended with the following changes:

1) By changing the conditions of rezoning, being more particularly the letter of stipulation dated December 14, 2001 from Brock, Clay, Calhoun, Wilson & Rogers, PC, more specifically Stipulation #2, by deleting it in it's entirety and replacing it with the language to read as follows:

   The maximum number of multi-family units shall be reduced to 537, and the maximum number of town home units shall be increased to 309. There should be a parking ratio of 1.75 parking spaces per unit.

2) By adding the following additional stipulations, for tract F and Tract G to the amenity package, per letter of stipulation dated January 28, 2004 from Brock, Clay, Calhoun, Wilson & Rogers PC:

   On tract "F" substitute two playgrounds with playground equipment, two barbeque areas, two gazebos and one car wash, for three of the tennis counts originally proposed.

   On tract "G", substitute one playground with playground equipment, one barbeque area and one gazebo, for three of the tennis courts originally proposed for Tract G.

SECTION 3. BE IT FURTHER ORDAINED THAT it is hereby declared to be the intention of this ordinance that its sections, paragraphs, sentences, clauses, and phrases are severable, and if any section, paragraph, sentence, clause, and phrase is declared to be unconstitutional or invalid, it shall not affect any of the remaining sections, paragraphs, sentences, clauses, and phrases of this Ordinance.

SECTION 4. BE IT FURTHER ORDAINED THAT this ordinance shall become effective from and after its adoption and execution by the Mayor, pursuant to Section 2.11 of the City Charter of the City of Kennesaw.

ADOPTED THIS 2nd **DAY OF** February, **2004.**

City of Kennesaw

Leonard Church, Mayor

Attest:

CITY OF KENNESAW SEAL KENNESAW, GA

Diane Coker, City Clerk

Mayor and Council
Regular Meeting
December 17, 2001

Invocation – Fred Bentley Jr.

Pledge of Allegiance to the American Flag – Mike McDowell

Call to Order

Mayor Church called the meeting to order.

The following people were present: Councilman Robertson, Councilman Mathews, Councilman Ferris, Councilman Rowland and Councilman Dowdy. City Manager, Mike McDowell and Fred Bentley, Jr. City Attorney.

Announcements - Sandy and Steve Roberts of Samarah's Floral Designs

Mayor Church thanked Sandy and Steve Roberts of Samarah's Floral Designs for the beautiful Christmas decorations in the City Hall lobby.

Old Business

1. Consideration for Watts Drive parking (Overflow from City Hall).

Councilman Dowdy advised he is looking into another alternative for parking and asked that this item be continued for two weeks.

Councilman Dowdy made a motion that this item be tabled for two weeks. Seconded by Councilman Robertson.

Vote taken, approved 5-0.

2. Consideration of the concept of 3 wards and 2 at-large positions for election of officials in the City of Kennesaw.

Councilman Dowdy presented the concept of changing to wards and at large positions for the election of elected officials in the City. Councilman Dowdy advised this system would give the citizens the most equal and comprehensive representation.

Councilman Dowdy made a motion to change to 3-wards and 2-at large positions for electing officials for the City. Seconded by Councilman Ferris.

Councilman Mathews questioned what is the benefit to the City? Currently the City has five representatives and he strongly disagrees with this concept and that the City is doing fine the why we do elections now.

Councilman Ferris advised he likes the balance as presented and does not believe demographics are limited to minorities. He likes the concept and believes the City is not doing fine, look at some of the areas in the City, across the 4-lane and some of the mobile home parks. Neighborhoods are a big part of demographics, by going to this concept for wards, this gives specific identifiable areas that have a lot of common problems a stronger voice and I believe that is important. Again there is a balance and I like the concept.

Councilman Mathews questioned whose fault is it, that there is no representation from across the 4-lane. There are no dividing lines within the City as far as I am concerned.

Councilman Rowland advised he believes we need a ward structure, because we do have different problems within the different parts of the City. Legacy Park does not have the same problems as the people across the 4-lane. I believe these areas need their representation and I am for it.

Mr. Peter Popham advised if he wants to get something done in the County, he calls his County Commissioner and he can hold him responsible in the next election. If he wants to get something done in his district, he calls his representative. When he calls in Kennesaw, it is very difficult to get a response and in touch with someone to help. I would like to see the people vote on the issue. Call a special election and let them vote whether or not to go to wards. I personally support Pat's argument. We need representation; it's the only way to hold government accountable.

Councilman Robertson advised the trouble with wards is that, when you have people on the Council and they do anything and it has an effect on the people, and then I can't vote for them, that's wrong. Mr. Robertson advised if you have to have wards, then be believes the proposal is good, however, the issue can be argued on either side and I support at large, it's a gut feeling.

More discussion followed concerning the change.

Mayor Church asked Councilman Dowdy which map he is proposing to accept?

Councilman Dowdy replied map #4 exhibit "A".

Mayor Church called for the vote on the motion for approval of the concept as presented by Councilman Dowdy.

Vote taken, Councilman Ferris, Councilman Rowland and Councilman Dowdy vote yes. Councilman Mathews and Councilman Robertson vote no. Motion passes 3-2.

Public Comment/Business from the Floor

Mr. Peter Popham spoke about the Watts Drive rezoning from the previous meeting and the fact that the City let Mr. Floyd withdraw his application. Mr. Popham advised he is concerned about the Planning & Zoning Department, and advised he had asked for the inventory of

historical sites, and was told there was not one. It is required by DNR and he is concerned that we do not know that and the fact that the developer was not required to provide required studies and plans. There are several other issues that the Planning & Zoning Department are not aware of and he would ask the Mayor to personally intervene in this area to make sure this does not happen again and to become more involved in the process to preserve our historic sites.

Mayor Church advised that a survey has been prepared and he needs to file his request with the City Clerk for a copy.

Public Hearing

TITLE OF ITEM: Public Hearing on the updated Capital Improvements Element and Short-Term work program report for 2001 through 2005 and authorization for approval to transmit the Resolution to Atlanta Regional Commission for review and comments prior to final adoption by Mayor and Council in 2002 at a scheduled hearing following proper public notice.

AGENDA COMMENTS: Georgia Department of Community Affairs requires participating local governments to submit an update to these projects reports as required for City of Kennesaw to maintain Qualified Local Government status.

STAFF RECOMMENDATIONS: Staff recommends approval

FUNDING LINE: N/A

Mr. Darryl Simmons presented the updates to the Short Term Work Program and the Capital Improvement Element for 2001 through 2005. Mr. Simmons advised these updates are required in order to maintain our qualified local government status. Mr. Simmons advised staff recommends approval of the resolution to transmit the updated plan to ARC.

Mayor Church opened the public hearing.

Mr. Peter Popham questioned where on the updated plan was the historical preservation? Is there anything regarding updating our historical districts? Mr. Popham advised we should have plans in place now to enhance and preserve our historic districts and sites. I would like to make my request to see all maps and surveys of all our sites.

Mayor Church advised Mr. Popham to make that request with the clerk.

Mayor Church closed the public hearing.

Mayor Church called for the vote on the implied motion for approval of the resolution to transmit the updated plan to ARC. This is for transmittal of the plan only.

Vote taken, approved 5-0.

S. **TITLE OF ITEM**: Consideration to approve a $5,000 grant to the Kennesaw Football Association contingent upon receipt of proof of 501c3 non- profit status.

AGENDA COMMENTS: The football association moved into a new location, KMHS High School field that posed some financial difficulties for the association. Although football did provide a tent like structure to provide some concessions on Saturday's, they were not able to provide weekday concession's resulting in loss of revenue. In addition, two game Saturdays were lost limiting concessions on those days as well. Also, expenses including new equipment and new uniforms, transitioning from the Generals to the Kennesaw Mustangs, along with more than projected registration, escalated costs. The Football Association also rented portable toilets and a trailer to store equipment, which was not anticipated.

All of the above circumstances has led to an approximate $15,000 debt for the Football association. The Football Association has asked for some financial assistance.

Recommend funding from Council Contingency Account # 100-1100-55.1050

T. **TITLE OF ITEM:** Consideration to approve the installation of a 24ft x 10.5Ft extension of the existing storage building at Adams Park to be paid for by the Kennesaw Baseball Association and ***upon acceptance of the agreement.***

AGENDA COMMENTS: The Kennesaw Baseball Association needs additional room to store their field maintenance vehicle. This will also free up much needed space for the Parks and Recreation Department to store items, as baseball will release for use one of the storage buildings. Baseball also understands that any such improvement approved by the Mayor and Council will become the property of the City. The Association has agreed to pay all costs. City Building Inspector department has met out at site with Contractor and did not for see any problems with addition**.**

(Item amended to read being contingent upon acceptance of the agreement.)

U. **TITLE OF ITEM: Adoption Policy for ID Badges for the City of Kennesaw Employees**.

AGENDA COMMENTS: See attached recommended policy statement. Policy will be implemented as soon as badges are ready for distribution by January 15, 2002.

FUNDING LINE: 100-1100-55.1050 Contingency Account

V. **TITLE OF ITEM:** Authorization to donate 7 wall panels detailing the Great Locomotive Chase from the Kennesaw Civil War Museum to the City of Adairsville for display in their recently renovated Depot.

AGENDA COMMENTS: With the renovation of the Kennesaw Civil War Museum it is necessary to remove the existing wall panels (Andrews Raid, The Chase, Confederate Pursuers, End of the Line, Desperate Men Escape, Execution of Eight Raiders, The Andrews Raiders) depicting the Great Locomotive Chase in order for new wall panels and exhibits to be installed by Murphy & Orr. The City of Adairsville has recently completed a restoration of their historic depot and opened a visitors center in the facility. Mayor Penson and the city council have asked that Kennesaw consider donating the wall panels so that they can be placed in the Adairsville Depot thereby highlighting

the connection between Adairsville and the Great Locomotive Chase (unconnected cars from Texas at Adairsville to continue the chase) the wall panels. The City of Adairsville will remove and transport the panels. Recommend that donation require that the donation by the City of Kennesaw be permanently noted by in the Adairsville facility.

Cemetery Preservation Commission –Councilman John Dowdy, Liaison

Councilman Dowdy advised first he would like to give his own personal comments that are not any reflection of the Mayor and Council, only his opinion. Mr. Dowdy advised concerning the question that has been asked pertaining to fencing, lighting and cameras for the cemetery. Prisons have cameras, lights, fences and armed personnel guards and people continue to try to break out of prisons. Fencing, lights and cameras have no place at a cemetery. A cemetery is a place of respect; it's a place where there is sadness, happiness, love and understanding. The tombstones have meanings, they tell stories. A cemetery is a place that brings harmony and understanding to a family, we don't need fences, lights and cameras to invade on their privacy when they are out there with their loved ones.

Councilman Dowdy advised the cemetery preservation commission that was approved last year by this Mayor and Council, and has been working hard and in the upcoming year we will see a big change in our cemetery. Councilman Dowdy went over the items on the attached list of projects and problems being addressed by the Cemetery Preservation Commission. **(Copy attached and made a part hereto.)**

Councilman Dowdy advised we are going to be working on beautifying the cemetery not destroying it with lights, cameras and fences.

Mr. Peter Popham came forward. Mr. Popham advised about a year and a half ago some 85 graves were desecrated and a city employee was held responsible. In response to that the Mayor promised he would investigate it fully and I understood it meant to prosecute. I had suggested the fence and lighting maybe a gate like they have in Marietta. We have vagrants and a group that hangs in the Wigley section and this was in response to the vagrancy. Fences don't take away from cemeteries. We still need the fence; we need the lighting and proper patrolling. I am asking tonight, it's been a year and a half maybe longer, it's been under investigation and never been prosecuted, I asked Pat Head and he's not going to do it, we need to prosecute the gentlemen responsible and I would like an answer on the issue and secondly I would like to know if you are going to put us up lights and fencing. I agree we don't need cameras. But we need to do something to stop the vagrancy.

- Density calculations to indicated total developable area left after removal of areas occupied by natural lakes, streams and floodplain.

Mayor and Council meeting held on November 5, 2001. Application was deferred until receipt of the ARC's and GRTA comments pursuant to the applicant's DRI review.

Request to be placed on the December 12, 2001 work session and the regular meeting agenda for December 17, 2001, by way of letter dated 11/29/01.

STAFF RECOMMENDATIONS: Staff recommends approval subject to the stipulations listed on the attached list of stipulations and recommends that council amend the rezoning ordinance to reflect those stipulations.

FUNDING LINE: N/A

Mr. Darryl Simmons presented the rezoning application for property known as the Ellison property, located on Highway 41 near its intersection with Old Highway 41 as submitted by Gwinnett Partners, LLC, for 130 +/- acres from County HI & GC to City PVC, which is a mixed use zoning district. The purpose is for a mixed-use development to include an 110,000 sq. ft of office and retail development, 248 town homes and 650 apartment units. Mr. Simmons presented the site plan and advised it has been revised. (Copy of which is in the agenda packet dated 10/16/01). This project due to its size is required to be reviewed by ARC because of it being a development of regional impact. We have received their comments and they have given us approval of the project (copy of which in the agenda packet). Mr. Simmons advised this also concerns an annexation request, and because of that we have to follow the intergovernmental agreement with Cobb County. We followed that procedure and submitted this concept to Cobb County, and for which they have given us their comments and/or objections. These objections/comments were then brought to mediation between the City and County staff. During that mediation the County deferred their further comments until ARC finished their review and gave their comments. That being done, we sent those to Cobb County for their response, which we have not received back yet.

Mr. Simmons advised after reviewing all the findings from ARC and all comments from Cobb County government and as well as our own development standards, and we have come up with the following. Staff recommends approval for rezoning for this project with these 10 specific items and conditions as noted. **(Copy of list attached and made a part hereto.)**

Mayor Church asked on item # 9 if the developer has agreed to letting citizens/the public use the soccer fields, this references future and will be pursued?

Mr. Calhoun advised this is a new stipulation but they are not adverse to the issue, but will have to look at the liability aspects and they are willing to discuss the issue.

Mayor Church opened the public hearing and advised there would be a 10-minute time limit for each side.

Mr. Richard Calhoun, presenting the applicants came forward. Mr. Calhoun advised they are asking for rezoning and annexation of their property and that they have been through the DRI process as required. We have the ARC review and their comments and it has been found to be in the best interest of the State. We have also reviewed their comments and requests and we have suggested a set of zoning stipulations and the City has come back with a set that is virtually identical. We are in agreement with the proposed stipulations, the one that needs to be clarified is #8, the second bullet, " emergency access points are provided on this site". We don't have legal access right now for the emergency access, we are trying to get it through Cobb International Industrial Park. We are happy to do that and we are trying to work it out. The other is stipulation # 9, of course we will certainly work and talk to the City about these fields, of course it involves a lot of liability issues.

Mr. Calhoun advised with the stipulations as presented and with the site plan presented, we ask that we be annexed and rezoned into the City.

Mr. Peter Popham advised he is not against the project, but he has a question about item #10. What has been decided by the County, because I think Mr. Fortenberry had to do some research or discovery on this property on this point. Mr. Popham asked how will #10 be implemented? What are your requirements?

Mayor Church advised it was his understanding that the County would go along with whatever ARC decided on.

Mr. McDowell advised Dr. Drobney probably has as much experience in these issues, including the Civil War and other aspects as anyone around. Providing that he has free access to the site, I would think that task would be assigned to him.

Mr. Popham advised in the County, the developer has to provide an archoligiest survey. It has to be a certified survey. Is Dr. Drobney qualified to do that.

Mr. Bentley advised that would be included as part of the engineering and site documents required. Dr. Drobney certainly has the ability to review those documents.

More discussion followed concerning the survey's and the documents required.

Councilman Mathews stated he believes item 10 of the stipulations covers these issues. It says the developer will be responsible for creating and implementing an appropriate historical preservation strategy plan if historic features or structures are discovered. The developer has agreed to these stipulations.

Mayor Church closed the public hearing.

Councilman Ferris advised he has a couple of questions, 1) the stipulation and or requirement for retail/commercial space, is there one or does that have to be stipulated?

More discussion followed concerning that issue.

Mr. Bentley advised that this rezoning is site plan specific and that affects the site plan as presented. Mr. Bentley advised it should be noted that it is the site plan dated October 16, 2001.

Councilman Ferris made a motion to approve the rezoning application, site plan specific per the plan dated 10-16-01 entitled Annexation Exhibit for Gwinnett Partners, LLC, that this rezoning have stipulations per attachment "A" Zoning Stipulations as presented by the Kennesaw Planning Staff, in addition the letter of stipulations of Brock, Clay, Calhoun, Wilson & Rogers, dated December 14, 2001 and make these stipulations such that if there are any conflicts between the two, then the more restrictive will prevail. Seconded by Councilman Mathews.

Mr. Bentley advised that there is a provision under the Kennesaw Ordinances, where there are minor site plan revisions based upon actual site conditions, that if it does not change the overall relationship and does not increase the number of units, then they can make those changes without having to come back to Mayor and Council every time.

Mayor Church called for the vote on the motion as stipulated by Councilman Ferris.

Vote taken, approved 5-0.

2. **TITLE OF ITEM:** Authorization for approval of an ordinance for the **Annexation** of property as submitted by Gwinnett Partners, LLC, c/o Richard Calhoun on behalf of the owners, Edith E. Hughes, Edith Ellison, Dorothy Russell, Robert Ellison, Helen E. Harrison, Steve Ragsdale, Warren Ragsdale.

   AGENDA COMMENTS: Property identified as Land Lots 175, 205 & 206 of the 20th District, 2nd Section, Tax Parcels 2,3 and 4 and 17. Applicant is requesting approval for Annexation**.** Property consists of 130 +/- acres fronting on Highway 41 near its intersection with Old Highway 41. Owner to use as proposed mixed use development, including retail, office, townhouse and multi-family housing.

   Notice was placed in the Marietta Daily Journal on September 21, 200l and September 28, 2001.

   Planning Commission recommended approval. Vote Unanimous at a meeting held on October 8, 2001, based on staff analysis

- Overall density not to exceed 10 units per acre,
- All efforts to make impervious surface as low as possible with reduction of parking area ratio per dwelling unit from 2 to 1 and
- Density calculations to indicated total developable area left after removal of areas occupied by natural lakes, streams and floodplain.

Mayor and Council meeting held on November 5, 2001. Application was deferred until receipt of the ARC's and GRTA comments pursuant to the applicant's DRI review.

Request to be placed on the December 12, 2001 work session and the regular meeting agenda for December 17, 2001, by way of letter dated 11/29/01

STAFF RECOMMENDATIONS: Staff recommends approval subject to the stipulations listed on the attached list of stipulations and recommends that council amend the rezoning ordinance to reflect those stipulations

FUNDING LINE: N/A

Councilman Ferris made a motion to annex the property under the zoning as just completed with all the stipulations and requirements therein. Seconded by Councilman Mathews.

Mayor Church called for the vote.

Approved 5-0.

3. **TITLE OF ITEM:** Authorization for approval of an ordinance to adopt an official **Zoning Map** for the City of Kennesaw, which will reflect, all approved annexations and rezoning up and including December 3, 2001, approved by the Mayor and Council.

   AGENDA COMMENTS: Adopting the official map will provide clarity on the zones within the city limits.

   Planning Commission recommended tabling to January 14, 2002. Vote Unanimous at a meeting held on December 10,2001

   FUNDING LINE: N/A

Councilman Ferris advised that staff is withdrawing this item # 3 for consideration tonight.

Mayor Church called for a 5-minute recess.

Mayor Church called the meeting back to order.

FINANCE & ADMINISTRATION – BEN ROBERTSON
BEVERLY POOLE, FINANCE DIRECTOR

1. **TITLE OF ITEM:** Consideration for approval of 2002 annual renewal of the Alcoholic Beverage License for beer and wine package for **A-I Enterprises, Inc d/b/a QUIK STOP FOOD STORE** located at 3655 Cherokee Street, Suite 1. Kennesaw, GA 30144. Applicant**: Fadwar Anwar Ibrahim**.

   AGENDA COMMENTS: This item was continued from the meeting of December 3, 2001 pending information on state permit status. Based on information from the police department, the state has placed the store's license on probation status until September of 2002. This is an existing business under the same ownership since 1988. The business is currently on probation through December 31, 2001 for violating the City of Kennesaw Alcohol Code relating to the sale of alcohol to minors. Current application, background check and fingerprinting are in the file. Staff recommends approval if no additional violations have occurred prior to the expiration of their probation. Approval should also be contingent upon receiving fingerprint criminal investigation results from the GBI and FBI through the City of Kennesaw Police Dept. and waive the requirement for them to purchase the license within two weeks after approval.

   FUNDING LINE: 100-1510-34.2310 Fingerprinting $24.00

Mrs. Beverly Poole presented the application for the alcoholic beverage license for beer and wine package for **A-I Enterprises, Inc d/b/a QUIK STOP FOOD STORE** located at 3655 Cherokee Street, Suite 1. Kennesaw, GA 30144. Applicant**: Fadwar Anwar Ibrahim**. Mrs. Poole advised this application was tabled to allow staff time to obtain the status of the State license for this business since they are on probation by the City for the sale of alcohol to a minor. The state has placed this business on probation until September 2002.

Discussion followed concerning if the license could be renewed, that he has a conviction for the sale of alcohol to a minor, that applicant has been in business for 13 years prior to this incident, and the City's zero tolerance policy.

Councilman Mathews made a motion to deny the request for renewal. Motion dies for the lack of a second.

Councilman Ferris made a motion to approve the renewal per the recommendation of staff. Seconded by Councilman Dowdy.

Vote taken, Councilman Robertson, Councilman Ferris, Councilman Rowland and Councilman Dowdy vote yes. Councilman Mathews votes no. Motion passes 4-1.

POLICE DEPARTMENT – JACK ROWLAND

DWAINE WILSON, CHIEF

Councilman Rowland stated all his items have been covered.

MUSEUM & PRESERVATION – MARK MATHEWS
JEFF DROBNEY, MUSEUM DIRECTOR

Councilman Mathews stated all his items have been covered.

PUBLIC WORKS, JOHN DOWDY
WOODY MCFARLIN, DIRECTOR

1. **TITLE OF ITEM:** Discussion item – speed hump policy for city.

   AGENDA COMMENTS: Supporting document is Cobb County's policy with minor changes for your consideration. Due to cost involved and the fact that speed humps were not included in the current year budget, a user charge method, based on Gwinnett County's policy, is also included for your consideration.

   FUNDING LINE: N/A

Mr. McFarlin presented a speed hump policy for consideration for approval by the Council and advised he has used Cobb County's and Gwinnett County's polices as a model and has made adjustments from what was seen previously and presented those to Council.

Mr. Bentley advised that our engineering firm should prepare the drawing and specifications for the policy.

Mr. Peter Popham came forward and spoke concerning this policy. Mr. Popham replied he believes with the fees structure being proposed it will prevent some neighborhoods from participating that might want to. Some of the lower income neighborhoods would not participate.

Discussion followed concerning this policy and program and that it was not budgeted and this is a proposal only and is subject to change.

Councilman Ferris made a motion to approve the speed hump policy as submitted by Mr. McFarlin. Seconded by Councilman Robertson.

Councilman Mathews made a substitute motion to table this item until the second meeting in January. Seconded by Councilman Rowland.

Vote taken, Councilman Robertson, Councilman Mathews, Councilman Rowland and Councilman Dowdy vote yes. Councilman Ferris votes no. Motion passes 4-1.

PARKS & RECREATION – PAT FERRIS
DOUG TAYLOR, DIRECTOR

Councilman Ferris stated all his items have been covered.

CITY MANAGER'S REPORT – Mike McDowell, City Manager

Mr. McDowell asked the Mayor and Council to add an item to the agenda for consideration of changing our Group Life Insurance coverage from Jefferson Pilot to Canada Life.

Councilman Mathews made a motion to add this item to the agenda. Seconded by Councilman Dowdy, approved 5-0.

Discussion followed concerning the reason we are changing, the type of coverage and the rating of this proposed new company.

Councilman Ferris made a motion to approve the change per staff's recommendation with the stipulation that their overall rating must be A/B, or comparable to what we currently have and that they be licensed to do business in the state of Georgia. Seconded by Councilman Robertson.

Vote taken, Councilman Ferris, Councilman Robertson and Councilman Dowdy votes yes. Councilman Mathews and Councilman Rowland vote no. Motion passes 3-2.

Councilman Mathews asked that the Mayor consider vetoing the action on the approval of the renewal of the alcohol license tonight for QUIK STOP FOOD STORE , applicant**:** Fadwar Anwar Ibrahim.

MAYOR'S REPORT – Leonard Church

EXECUTIVE SESSION – Land Legal, Personnel

Councilman Dowdy made a motion that this Mayor and Council now enter into closed session as allowed by O.C.G.A. § 50-14-4 and pursuant to advice by the City Attorney, for the purpose of discussing Legal and Land. Seconded by Councilman Mathews. Approved 5-0.

Councilman Dowdy made a motion that this body, in open session, adopt a resolution authorizing and directing the Mayor or presiding officer to execute an affidavit in compliance with O.C.G.A. §50-14-4, and that this body ratify the action of council taken in closed session and confirm that the subject matters of the closed session were within exceptions permitted by the open meetings law. Seconded by Councilman Rowland. Approved 5-0.

Meeting adjourned.

4. New Business

A. Approval of ORDINANCE granting a rezoning modification request submitted by CF&G Enterprises, Inc. located at 0 Ellison Lakes Drive (PIN: 20017500170). The property is zoned as Planned Village Community (PVC) and lies in Land Lot 175, Tax Parcel 17 of the 20th District, 2nd Section, Cobb County Georgia and consists of 2.72 +/- acres. Case #RZ2023-03.

- Chairman Bergwall introduces the first new business item.
- Mr. Darryl Simmons comes to the podium and states “This property was annexed into the city back in 2001 as a master planned and a mixed-use community. The first of its kind brought into the city and design regarding the Cobb Parkway corridor. It has a combination of front line commercial along Cobb Parkway and towards the inside of the property you have a combination of townhomes, multifamily units, a lake, connecting trails and playgrounds and a Daycare Center. The agenda item this evening is before you for consideration to amend a portion of the master plan in this case. In 2001, as part of all of the zoning conditions for PVC, the maximum number of residential units was capped at 898. In 2004, there was an amendment to the master plan, where it allowed for the decrease of multifamily and the increase of additional townhomes still under the cap of 898. At that time there was 537 multifamily units and 309 townhomes. The existing residential count in Ellison lakes is 845 residential units. The proposal before us this evening would be adding a proposed condominium unit building, which will have an additional 45 for sale condominium apartments. Even with the addition, it would still be under the maximum 898 units. The staff analysis which was provided gave you the background of the property, the master plan and how this proposal fits into the master plan. The proposal does not require or show any need for variances based on our current zoning district and the established zoning setbacks that was established for this master plan community. In the staff analysis, our staff put together a number of conditions based on our recommendation to approve the amendment to allow for these condominium units to be erected and I would like to read the 22 conditions. There will be online for anyone to review”.

- Mr. Simmons proceeds to go through all 22 conditions of the rezoning modification and says “Staff recommends approval. We've determined that this additional housing type, if approved, would be the first residential condominium housing unit housing type in the City of Kennesaw. We currently do not have any condominium residential units in the city. The original intent of the Ellison Lakes Master plan is to encourage and promote a variety of housing units, housing styles, as well as a combination of appropriate commercial along Cobb Parkway. We feel that this amendment is appropriate and in keeping with the original intent of the master plan”.
- Vice-Chairman asks if this property is the same property visited by the Commissioners.
- Mr. Simmons responds yes and staff looked at the location and determined townhomes would not be appropriate because of the number of townhomes that were capped. They later withdrew the application. The applicant owns the property as well as the childcare facility nearby and this concept would not affect the childcare center.
- The applicant, Eric Federspiel, comes up to the podium to introduce himself. He says he has been in the real estate business for 25 years and lived in Atlanta for 52 years. He and his wife are excited about bringing the new concept to the city of Kennesaw. They have designed a couple different renderings for a four story building and waiting on the FAA approval for the height regulation which is 55 feet. He looks forward to the Planning Commission approval.
- Chairman Bergwall asks for clarification on the condition #3 in relation to the homeowners association and asks if there is consideration to a condominiums owners association. He asks if the HOA will be responsible for the exterior and roof structures on the building and where the garages will be located on the buildings since it wasn’t included on the site plan.
- Mr. Federspeil states “This will be included under common area maintenance. The garages weren't added yet. We were going to add them on the back of the property to block the school so they wouldn't have to see as much into the playgrounds. The way we positioned the building was to face Ellison lakes and the front and rear of the building won't look at our school. We're going to plan it as an option to do half, so if we build 40 or 45 units or 50 units and we'll do 25 garages, single car garages as an option to those units that are for sale. If a 3 bedroom homeowner wants to buy a single car garage he/she can buy that or opt out of it”.
- Chairman Bergwall opens up the floor to public comment.
- Mr. H. Verrill (3247 White Oak Circle) comes up to the podium to state that parking is very expensive and can take up a lot of space and to ask why you would need to increase the number of parking spaces.
- Commissioner Bodenhamer explains the additional parking spaces are not only for residents but for guests as well.
- Vice-Chairman asks if the developer would want a waiver for less parking.
- Mr. Simmons states no and there are a variety of bedroom sizes and square footage so there won’t be a need for a reduction.
- Commissioner Bodenhamer asks if the parking garages would be included in the count for the max number of parking spaces required for the project.

- Mr. Trevino states yes the surface parking and garages would be counted in the total parking count. There will be a percentage dedicated to private garages and a percentage dedicated to standard surfaces.
- Chairman Bergwall asks if there are any other questions or comments from the Commission. After no response he closes the floor and calls for a motion to approve the rezoning modification with the 22 conditions listed by staff, but with the following zoning condition modifications: **Condition #3:** The creation of a mandatory homeowners association ("HOA") to be managed by Applicant or a 3rd party professional HOA management company until such time the HOA is "turned-over" to the homeowners which is typically at 100% buildout. Applicant shall fund any shortfall in the operating budget until such time as the HOA is "turned-over" to the homeowners. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, detention pond(s), driveways ~~and~~, parking lot, the exterior façade of the building and roof of the building. **Condition #5:** The HOA covenants shall limit the number of rental units to not exceed ~~15%~~ 10% of the total number of units in the community or such percentage as approved by the City Council.
- Motion of approval by Commissioner Bodenhamer
- Second by Commissioner Vande Zande
- Chairman Bergwall proceeds with a roll call for approval.
- **All in favor, 4-0. Motion is approved.**

B. Approval of a RESOLUTION for an amendment to the current 2022 Future Land Use Map submitted by the City of Kennesaw. The proposed 2023 Future Land Use Map amendments include various parcels city-wide. Case #MISC2023-06

- Chairman Bergwall introduces the next business item.
- Mr. Albert Trevino comes up to the podium and states “Thank you Mr. Chairman and good evening Commissioners. I want to preface agenda item #2 with it is not a rezoning. Agenda item #2 is to amend the 2022 Comprehensive Plan’s Future Land Use Map. I repeat this is not a rezoning. Going into details about the maps that we use, the Planning and Zoning Department primarily uses two types of maps. One map is a zoning map, which shows a property’s current zoning designation. The zoning determines how a property owner can use their property in present day. The second map that we use is called a future land use map. This map is adopted concurrently with the City’s Comprehensive Plan every 5-years with optional annual updates. It is designed for long term planning. It is a product of community engagement and public input. It marks every parcel in the City with a future land use category. This category tells us what the citizens want the City of Kennesaw to look like in the future. Staff uses the future land use map for guidance on staff recommendations for zoning applications. I just want to emphasize that this map bears no weight to the City’s current zoning map. This agenda item will not change the zoning to any property. The zoning map and future land use map are completely separate maps that display different information. With that said, I want to go over the Future Land Use Map amendments. There are 6 parcels or areas that we’d like to recommend changes to. The first site we recommend a future land use map category change is located at 2985 Mack Dobbs Road. This site is

currently split with two categories: Planned Unit Development and Community Activity Center and it is currently under construction for a one-story 14,000 square foot medical office facility. This amendment is to change the entire site to a Community Activity Center category. This is a rendering of what is currently under construction. The second site is located at 6045 Pine Mountain Road. This is an amendment to change the site from a Residential Low/Medium to a Public Institutional (PI). PI is a common designation for schools, churches, hospitals cultural institutions and cemeteries. This site received a certificate of occupancy for a religious institution in April of this year. The third site is located at 2971 N Main Street. It is currently designated as Downtown Activity Center. Through recent public input during the Central Business District Phase 2 Expansion project that was done in May 2023, we want to take into consideration the community feedback that was received during those public hearings which was that this parcel should remain low density residential as is what can be seen up North Main Street. Our recommendation is to change this to a Residential Low/Medium category or RL. This picture shows the current state of the property being that it has a historic single-family home. The fourth site is located along Kennesaw Due West Road and it is commonly referred to as "The Columns" property. It has a current future land use designation as Industrial, however, through recent traffic engineer reports and traffic impact studies, lends this site to being unconducive to conventional industrial development. The studies showed that it would be difficult for a semi-truck to safely and efficiently get onto and out of the site. Kennesaw Due West Road is a two-lane road used for commuter traffic. We are recommending this site be designated as Community Activity Center. Site five is located at 1973 Cobb Parkway. It is currently a natural wetland. This site is adjacent to a stream and stays wet all year round. We are recommending changing the future land use category from Community Activity Center to Park/Recreation/Conservation. This shows a picture of the site. This sixth site is located at 1650 Cobb Parkway on the corner of Cobb and Barrett Parkway. This property was recently annexed into the city limits in March 2023. Being that it was just annexed from Cobb County, it was not assigned a future land use category last year during the Comprehensive Plan Update. We are recommending that this parcel be assigned a Regional Activity Center, which matches the surrounding future land use categories and neighboring developments of Ridenour and Kennesaw Marketplace. This agenda item was advertised in the Marietta Daily Journal on July 14th. Each site was posted with at least one or multiple signs. The property owners for each of these sites were notified and the amendments were thoroughly discussed with each owner with no objections. Staff received many phone calls regarding the public notice signs and were able to inform the public that this was not a rezoning but merely a future land use map amendment update. We did not receive any e-mails for or against this proposal. Staff is recommending to approve the 2023 Future Land Use Map Amendments as presented".

- Chairman Bergwall asks if this proposal was presented before as part of the downtown business area and was denied so what is different this time.
- Mr. Trevino responds that according to the 2017 comp plan it was designated RL for low density residential but at the community engagement meeting, staff proposed that the downtown activity center be extended because the community

wanted to see more of downtown Kennesaw. All of the single family historic homes and other homes on North Main Street should remain as their current designation. As the downtown area grows and the community is changing we would like to change it for this parcel.

- Mr. Trevino and Mr. Simmons have a discussion about what the difference between the zoning map, what a future land use map entails and what the comp plan states.
- Chairman Bergwall opens the floor to public comment.
- Mr. Gilbert Meredith (1973 Cobb Pkwy) comes to the podium to speak about his disapproval of the future land use map for said property. He reads a letter from the property owners stating the change is wrong and the property category should stay the same.
- Chairman Bergwall comments that the area is designated as a wetland and in his experience it takes a lot of time, money, and energy to go through the state process of changing this. You have to get permission from the Corps of Engineers and the government to complete any type of maintenance.
- Vice-Chairman Jackson ask if the property tax would change in the future based on the future land use map.
- Mr. Simmons responds, “Anytime that a property is vacant and there's no improvements to it, it's taxed at a certain rate. As soon as the property is improved upon through construction, occupancy by a tenant or whatever the use is, that's when the Cobb County tax assessor assess the value of the property at that time. The reason why we recommended this future land use designation is correct because it takes a long time if you're even successful in making this a buildable lot. Currently, in our ordinance, we have not issued or we will not be issuing any building permits to construct anything in the floodplain, that's the citywide protocol. What we would require is if the property owner or the family goes to the Corps of Engineers, goes through the state of Georgia, goes through all of the mitigation and then presents the document to the City of Kennesaw. In the future saying we have now been successful in making this a buildable piece of property and the city would honor that. For our long term planning goal, we don't see this happening in the next 5-10 years. Just based on experience, it takes a very, very, very long time. It's 100% wet right now, so putting it in this designation does not take away any value from the property owner. It does not restrict the property owner or the family to any additional restrictions. It's strictly just saying this is what we know for the property as of right now”.
- Mr. Meredith comes back to the podium and states he doesn’t want the Commission or city to be prejudice about the property and give someone a chance to change it around.
- Ms. Denise Fred (2022 Ellison Way) comes up to the podium to state her subdivision has a detention pond that drains into the wetland property and to maintain this it is $3,500 monthly. She and the other members of her community are concerned that if anyone touches the wetland area it could cause a backflow into her housing community.
- Mr. Simmons states that we don’t have a professional engineer to speak on this issues so as of right now it is hypothetical scenarios. Before any disturbance or future improvements upstream or downstream, the parties would have to provide to

the Corps of Engineers in the state of Georgia and the City of Kennesaw and everyone else how that storm capacity will not go up or be exceeded that could be detrimental to private property that's already existing. Until there is a study done, we cannot say for certain what can or can't become of the wetland area.

- Mr. Meredith continues to give his argument of why the area should be left alone and how it isn't causing any issues currently for the adjacent properties. He states if the designation is changed now that it would be hard with future administrators to get it changed back.
- Commissioner Vande Zande asks if there is any harm done by not changing the designation and does the city benefit from this change.
- Mr. Simmons states "One of the things that each jurisdiction is responsible for is identifying environmentally sensitive areas, and that's a regional partnership with the state of Georgia. This is why you have regional areas and their studies of all the different drainage areas, wetland areas and discharge areas so the state knows what we have. It does not cause a hardship if it's left in CAC but one thing that I've explained to the gentleman on the phone is that the state of Georgia has a very, powerful and strong law regarding property rights. If the case is made that they've done all the work and follow the Planning Commission's recommendation coming back to the city, saying we've met all the requirements to designate this as a buildable lot, the city of Kennesaw would not be against or be in a position to deny someone the use of their property. That's basic property rights and there's no denying of rights. There's no hardship. But I just want to put it in the record that regardless of the future land use designation that it's on right now, if the property owner did their due diligence, they did their homework, the city would honor it, we would welcome commercial redevelopment on the property if it's done properly. But there is a goal and responsibility that we try to align our future land use map with what we see in the future short and long term plan. For right now it's a floodplain area with wetlands, and we need to identify that somewhere in our comprehensive plan as we're being city planners, that's what we're supposed to be doing".

C. Approval of an ORDINANCE to amend the Unified Development Code, Appendix A, Chapters 2, 3, 8 and 9. Case #MISC2023-07

- Chairman Bergwall introduces the last business item.

- Mr. Simmons states “This is more of a cleanup of our codes. Every year we go through, with our city attorney, to look at items that need to be amended either because of legislation or something dealing with state code or court rulings that would influence the Unified Development Code. This ordinance primarily deals with the rules dealing with filing an appeal of either decisions from staff or rendering from the Mayor and Council. We want to have accurate references to the OCG title code and making sure that it's all very clear and cohesive. When you look at all the chapters, we've crossed out and made amendments. Any party that doesn’t agree or person agreed by the decision of the Merit Council may appeal such decision to the Superior Court of Cobb County. In the manner provided by the law under chapter 3, title 5 of the OOC GA code, and so we're making a change. It was a previous reference that has been amended on the OCGA. The city attorney provided the correct reference for the appeal process, and we went ahead and made those changes in all of the chapters 2, 3, 8 and 9.
- The list of the exact changes being made are: AN ORDINANCE TO AMEND THE CODE OF ORDINANCES OF THE CITY OF KENNESAW, GEORGIA, SECTION 2.03.06, “DENIAL OF SITE PLAN PERMIT APPLICATIONS”; SECTION 3.01.07, “VARIANCE PROCEDURE”; SECTION 3.01.08, “VIOLATIONS, ENFORCEMENTS AND PENALTIES”; SECTION 3.02.09, “ADMINISTRATIVE APPEAL AND JUDICIAL

REVIEW"; SECTION 8.02.06, "APPEALS"; SECTION 8.04.06, "APPEALS"; SECTION 9.02.04, "REQUIREMENTS FOR MAKING VARIANCE APPLICATIONS. A link to the full ordinance can be found on page 104 of the agenda packet here: https://kennesawga.portal.civicclerk.com/event/171/files

- Chairman Bergwall calls for a motion to approve the text amendment as presented.
- Motion of approval by Vice-Chairman Jackson.
- Second by Commissioner Vande Zande
- Chairman Bergwall proceeds with a roll call for approval.
- All in favor, 4-0. Meeting minutes are approved.

5. Staff Comment

A. Upcoming Training: "Practices for Successful Meetings," offered by the City Clerk's Office

- Mr. Trevino informs the Commission of an upcoming training opportunity on August 18, 2023 that is being presented by the University of Georgia Carl Vinson Institute. They will be going over how to run effective and efficient meetings through tools such as Roberts Rule of Order and agenda settings. There will be two sessions, one at 9:30 a.m. and the other at 2:00 p.m.

B. "Historic Downtown Walking Tour," offered by the Historic Preservation Commission on Friday, September 22nd @ 2PM and 6PM and Saturday, September 23rd @ 10AM and 2PM presented by Andrew J. Bramlett. This event is free. Register online. Each tour is approximately half-a-mile, lasts 45minutes and can accommodate up to 20 people.

- Mr. Trevino talks about the walking tour being hosted by Andrew Bramlett walking through the Historic District. He highly encourages any citizens and Commissioners to participate in this opportunity.

TO: The Honorable Mayor and City Council

FROM: Darryl Simmons, Zoning Administrator

DATE: August 14, 2023

TITLE: Approval of a RESOLUTION for an amendment to the current 2022 Future Land Use Map submitted by the City of Kennesaw. The proposed 2023 Future Land Use Amendment Map includes various parcels city-wide. Case #MISC2023-06.

Summary:
Said request is to make an amendment to the City's adopted 2022 Comprehensive Plan's Future Land Use Map. The 2023 Future Land Use Map Amendment includes changes to Future Land Use Map categories for the following properties: #1) 0 Cobb Parkway or parcel number 20014100100 from Planned Unit Development (PUD) to Community Activity Center (CAC); #2) 6045 Pine Mountain Road from Residential Low/Medium (RL) to Public/Institutional (PI); #3) 2971 N Main Street from Downtown Activity Center (DAC) to RL; #4) 0, 2360, 2404 Kennesaw Due West Road or parcel numbers 20017600460, 20017600450 and 20017600050 from Industrial (I) to CAC; #5) 1973 Cobb Parkway or parcel number 20020700080 from CAC to Park/Recreational/Conservation (PRC); and #6) 1650 Cobb Parkway or parcel number 20020801300 from unassigned to Regional Activity Center (RAC). At their regularly scheduled meeting on August 2, 2023, the Planning Commission voted to amend their agenda to vote on these sites separately. They voted to approve changing the future land use category designations for the following locations: #1) 0 Cobb Parkway or parcel number 20014100100, #2) 6045 Pine Mountain Road, #3) 2971 N Main Street, #4) 0, 2360, 2404 Kennesaw Due West Road or parcel numbers 20017600460, 20017600450 and 20017600050, and #6) 1650 Cobb Parkway or parcel number 20020801300. They voted to deny the future land use category designation change for: #5) 1973 Cobb Parkway or parcel number 20020700080. This item was advertised in the Marietta Daily Journal on July 14, 2023 and a public notice sign was posted on each property.

Recommendation:
The Zoning Administrator recommends approval of the proposed 2023 Future Land Use Map amendments for all properties identified as #1 through #6.

MEMORANDUM

DATE; August 2, 2023

FROM: BONNIE JEAN MORGAN MEREDITH and
LACHLAN MORGAN LAMBERT

TO: City of Kennesaw, GA, Planning Commission.
City of Kennesaw, Mayor and Council.

SUBJECT: Future Land Use Map Category Change (Case # MISC2023-06)
1973 Cobb Parkway, Kennesaw, GA 30144 -Parcel ID 20020700080,
from CAC to PRC.

The undersigned, who are the owners of said property, object to the proposed change based on the belief that such change will have the effect of prejudicing current and future commissions and councils and permitting authorities against the development of the property; and they further believe that their failure to object will be seen by such authorities as their acquiescence to such prejudice against development.

These owners have been in contact with engineers, attorneys and others about the possible development of the property by means of Wetlands Mitigation procedures.

These owners request that this memorandum will be made a part of the record in the considerations by the Planning Commission and by the Mayor and Council; and they appoint Gilbert B. Meredith and / or Gerald P. Lambert to represent them in all matters concerning this property.

Thank you.

Subject: Future Land Use Map Category Change (Case #MISC2023-06)

Dear Ms. Mabry,

The Kennesaw Planning and Zoning Department is considering changes to the adopted 2022 Comprehensive Plan Future Land Use Map. This letter is written to provide you notice of the proposed change and for Cobb County to provide any feedback as needed.

A Future Land Use Designation is assigned to properties citywide every five years under the City's Comprehensive Plan Update. A Future Land Use Designation does not determine how a property owner can use their property, rather, it helps guide City Staff, the Kennesaw Planning Commission and Mayor and Council to determine and consider a future proposed zoning change. The last Future Land Use Map was adopted in June 2022.

This year, the Planning and Zoning Department has identified properties for changes to their Future Land Use Designation that are more in line with the City's long-term goals in strategic growth and land use planning. A few of the identified properties are directly adjacent to or near the Cobb County border.

We will be taking the proposed 2023 Future Land Use Map Amendment for public hearings before the **Planning Commission on August 2, 2023** and **Mayor and Council on August 21, 2023**. Both meetings will be held at 2529 J.O. Stephenson Avenue, Kennesaw, GA 30144 at 6:30 P.M.

Thank you for your attention. If you have any questions, please contact me at (770) 590-8268 or zoningdept@kennesaw-ga.gov.

Dear Property Owner,

The Planning and Zoning Department is considering changes to the subject property's Future Land Use Designation. This letter is written to provide you notice of the proposed change.

A Future Land Use Designation is assigned to properties citywide every five years under the City's Comprehensive Plan Update. The last Future Land Use Map was adopted in June 2022. In 2023, the Planning and Zoning Department hand-picked six properties for changes to their future land use designation, and your property was one of the six. A Future Land Use Designation does not determine how a property owner can use their property, rather, it helps guide City Staff, the Kennesaw Planning Commission and Mayor and Council to determine and give consideration to a proposed zoning change.

Please review the attached document which provides insight into the subject property's current Future Land Use Designation and what City Staff is proposing to change it to.

We will be taking the proposed 2023 Future Land Use Map Amendment for public hearings before the Planning Commission on August 2, 2023 and Mayor and Council on August 21, 2023. Both meetings will be held at 2529 J.O. Stephenson Avenue, Kennesaw, GA 30144 at 6:30 P.M.

NOTICE OF SUMMONS
TO: Dafona Burchfield, the mother; Kyle Bagwell, the putative father, and any unknown and unnamed father.
YOU ARE NOTIFIED that a Petition for Termination of Parental Rights in regard to the above referenced child was filed in the Juvenile Court of Cobb County, Georgia, on the 9th day of February, 2023, and that by reason of an Order for Service by Publication entered by the court on the 31st day of May, 2023;
YOU ARE HEREBY COMMANDED AND REQUIRED to appear before the Juvenile Court of Cobb County, Georgia, in Marietta, Georgia, on the **14th day of August, 2023 at 9:00 o'clock a.m.** The hearing is for the purpose of determining whether parental rights should be terminated. The effect of a termination judgment as set forth under O.C.G.A. § 15-11-284, includes the following: Georgia law provides that you (i.e., a parent) can permanently lose your rights as a parent. A Petition for Termination of Parental Rights has been filed requesting the juvenile court of Cobb County, Georgia, terminate your parental rights to your children (i.e., the above identified children). If you fail to appear at the hearing on the Petition for Termination of Parental Rights, then the court can terminate your parental rights in your absence. If the court at the trial finds that the facts set out in the petition are true and that termination of your rights will serve the best interests of your children, the court can enter a judgment ending your rights to your children. If the judgment terminates your parental rights, you will no longer have any rights to your children. This means that you will not have the right to visit, contact, or have custody of your children or make any decisions affecting your children or your children's earnings or property. Your children will be legally free to be adopted by someone else. Even if your parental rights are terminated, you will still be responsible for providing financial support (child support payments) for your children's care unless and until your children are adopted and your children can still inherit from you unless and until your children are adopted. The Petition for Termination of Parental Rights is a very serious matter and it is suggested that you contact an attorney immediately so that you can be prepared for the court hearing on such petition. You have the right to hire an attorney and to have the attorney represent you. If you cannot afford to hire an attorney, then the juvenile court of Cobb County, Georgia, will appoint an attorney to represent you if the court finds that you are an indigent person. Whether or not you decide to hire an attorney or seek appointed counsel, you have the right to attend the hearing on such petition, to call witnesses on your behalf, and to question those witnesses brought against you.
A copy of the petition for termination of parental rights may be obtained from the clerk of the Juvenile Court of Cobb County, Georgia, which is located at 32 Waddell Street, Marietta, Cobb County, Georgia 30090, during regular business hours, Monday through Friday, 8:00 a.m. until 5:00 p.m., exclusive of holidays. A free copy shall be available to you. Upon request to the clerk, the copy will be mailed to you.
The child is in the temporary custody of the Department of Family and Children Services of Cobb County, Georgia.
The general nature of the allegations are that parental responsibilities and obligations owed to said children have been abandoned.
YOU ARE FURTHER NOTIFIED that while responsive pleadings are not mandatory, they are permissible. You are encouraged to file with the clerk of this court and serve upon petitioner's attorney, Lori A. Cheatham, 2774 Cobb Parkway NW, Suite 109-118, Kennesaw, Georgia, 30152, an answer or other responsive pleading within sixty (60) days of the date of the order for service by publication.
All concerned parties are informed that they are entitled to have an attorney represent them and if a party requests appointed counsel and qualifies for such appointment, then the court will appoint counsel at no cost if the party is unable, without financial hardship, to employ counsel.
Witness the Honorable
Wayne E. Grannis,
Judge of said court.
This 27th day of June, 2023.

- Motion of approval by Commissioner Vande Zande
- Second by Commissioner Ragus
- Chairman Bergwall proceeds with a roll call for approval.
- **All in favor, 4-0. Meeting minutes are approved.**

4. New Business

A. Approval of ORDINANCE granting a rezoning modification request submitted by CF&G Enterprises, Inc. located at 0 Ellison Lakes Drive (PIN: 20017500170). The property is zoned as Planned Village Community (PVC) and lies in Land Lot 175, Tax Parcel 17 of the 20th District, 2nd Section, Cobb County Georgia and consists of 2.72 +/- acres. Case #RZ2023-03.

- Chairman Bergwall introduces the first new business item.
- Mr. Darryl Simmons comes to the podium and states “This property was annexed into the city back in 2001 as a master planned and a mixed-use community. The first of its kind brought into the city and design regarding the Cobb Parkway corridor. It has a combination of front line commercial along Cobb Parkway and towards the inside of the property you have a combination of townhomes, multifamily units, a lake, connecting trails and playgrounds and a Daycare Center. The agenda item this evening is before you for consideration to amend a portion of the master plan in this case. In 2001, as part of all of the zoning conditions for PVC, the maximum number of residential units was capped at 898. In 2004, there was an amendment to the master plan, where it allowed for the decrease of multifamily and the increase of additional townhomes still under the cap of 898. At that time there was 537 multifamily units and 309 townhomes. The existing residential count in Ellison lakes is 845 residential units. The proposal before us this evening would be adding a proposed condominium unit building, which will have an additional 45 for sale condominium apartments. Even with the addition, it would still be under the maximum 898 units. The staff analysis which was provided gave you the background of the property, the master plan and how this proposal fits into the master plan. The proposal does not require or show any need for variances based on our current zoning district and the established zoning setbacks that was established for this master plan community. In the staff analysis, our staff put together a number of conditions based on our recommendation to approve the amendment to allow for these condominium units to be erected and I would like to read the 22 conditions. There will be online for anyone to review”.

- Mr. Simmons proceeds to go through all 22 conditions of the rezoning modification and says “Staff recommends approval. We've determined that this additional housing type, if approved, would be the first residential condominium housing unit housing type in the City of Kennesaw. We currently do not have any condominium residential units in the city. The original intent of the Ellison Lakes Master plan is to encourage and promote a variety of housing units, housing styles, as well as a combination of appropriate commercial along Cobb Parkway. We feel that this amendment is appropriate and in keeping with the original intent of the master plan”.
- Vice-Chairman asks if this property is the same property visited by the Commissioners.
- Mr. Simmons responds yes and staff looked at the location and determined townhomes would not be appropriate because of the number of townhomes that were capped. They later withdrew the application. The applicant owns the property as well as the childcare facility nearby and this concept would not affect the childcare center.
- The applicant, Eric Federspiel, comes up to the podium to introduce himself. He says he has been in the real estate business for 25 years and lived in Atlanta for 52 years. He and his wife are excited about bringing the new concept to the city of Kennesaw. They have designed a couple different renderings for a four story building and waiting on the FAA approval for the height regulation which is 55 feet. He looks forward to the Planning Commission approval.
- Chairman Bergwall asks for clarification on the condition #3 in relation to the homeowners association and asks if there is consideration to a condominiums owners association. He asks if the HOA will be responsible for the exterior and roof structures on the building and where the garages will be located on the buildings since it wasn’t included on the site plan.
- Mr. Federspeil states “This will be included under common area maintenance. The garages weren't added yet. We were going to add them on the back of the property to block the school so they wouldn't have to see as much into the playgrounds. The way we positioned the building was to face Ellison lakes and the front and rear of the building won't look at our school. We're going to plan it as an option to do half, so if we build 40 or 45 units or 50 units and we'll do 25 garages, single car garages as an option to those units that are for sale. If a 3 bedroom homeowner wants to buy a single car garage he/she can buy that or opt out of it”.
- Chairman Bergwall opens up the floor to public comment.
- Mr. H. Verrill (3247 White Oak Circle) comes up to the podium to state that parking is very expensive and can take up a lot of space and to ask why you would need to increase the number of parking spaces.
- Commissioner Bodenhamer explains the additional parking spaces are not only for residents but for guests as well.
- Vice-Chairman asks if the developer would want a waiver for less parking.
- Mr. Simmons states no and there are a variety of bedroom sizes and square footage so there won’t be a need for a reduction.
- Commissioner Bodenhamer asks if the parking garages would be included in the count for the max number of parking spaces required for the project.

- Mr. Trevino states yes the surface parking and garages would be counted in the total parking count. There will be a percentage dedicated to private garages and a percentage dedicated to standard surfaces.
- Chairman Bergwall asks if there are any other questions or comments from the Commission. After no response he closes the floor and calls for a motion to approve the rezoning modification with the 22 conditions listed by staff, but with the following zoning condition modifications: **Condition #3:** The creation of a mandatory homeowners association ("HOA") to be managed by Applicant or a 3rd party professional HOA management company until such time the HOA is "turned-over" to the homeowners which is typically at 100% buildout. Applicant shall fund any shortfall in the operating budget until such time as the HOA is "turned-over" to the homeowners. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, detention pond(s), driveways ~~and~~, parking lot, the exterior façade of the building and roof of the building. **Condition #5:** The HOA covenants shall limit the number of rental units to not exceed ~~15%~~ 10% of the total number of units in the community or such percentage as approved by the City Council.
- Motion of approval by Commissioner Bodenhamer
- Second by Commissioner Vande Zande
- Chairman Bergwall proceeds with a roll call for approval.
- **All in favor, 4-0. Motion is approved.**

B. Approval of a RESOLUTION for an amendment to the current 2022 Future Land Use Map submitted by the City of Kennesaw. The proposed 2023 Future Land Use Map amendments include various parcels city-wide. Case #MISC2023-06

- Chairman Bergwall introduces the next business item.
- Mr. Albert Trevino comes up to the podium and states “Thank you Mr. Chairman and good evening Commissioners. I want to preface agenda item #2 with it is not a rezoning. Agenda item #2 is to amend the 2022 Comprehensive Plan’s Future Land Use Map. I repeat this is not a rezoning. Going into details about the maps that we use, the Planning and Zoning Department primarily uses two types of maps. One map is a zoning map, which shows a property’s current zoning designation. The zoning determines how a property owner can use their property in present day. The second map that we use is called a future land use map. This map is adopted concurrently with the City’s Comprehensive Plan every 5-years with optional annual updates. It is designed for long term planning. It is a product of community engagement and public input. It marks every parcel in the City with a future land use category. This category tells us what the citizens want the City of Kennesaw to look like in the future. Staff uses the future land use map for guidance on staff recommendations for zoning applications. I just want to emphasize that this map bears no weight to the City’s current zoning map. This agenda item will not change the zoning to any property. The zoning map and future land use map are completely separate maps that display different information. With that said, I want to go over the Future Land Use Map amendments. There are 6 parcels or areas that we’d like to recommend changes to. The first site we recommend a future land use map category change is located at 2985 Mack Dobbs Road. This site is

currently split with two categories: Planned Unit Development and Community Activity Center and it is currently under construction for a one-story 14,000 square foot medical office facility. This amendment is to change the entire site to a Community Activity Center category. This is a rendering of what is currently under construction. The second site is located at 6045 Pine Mountain Road. This is an amendment to change the site from a Residential Low/Medium to a Public Institutional (PI). PI is a common designation for schools, churches, hospitals cultural institutions and cemeteries. This site received a certificate of occupancy for a religious institution in April of this year. The third site is located at 2971 N Main Street. It is currently designated as Downtown Activity Center. Through recent public input during the Central Business District Phase 2 Expansion project that was done in May 2023, we want to take into consideration the community feedback that was received during those public hearings which was that this parcel should remain low density residential as is what can be seen up North Main Street. Our recommendation is to change this to a Residential Low/Medium category or RL. This picture shows the current state of the property being that it has a historic single-family home. The fourth site is located along Kennesaw Due West Road and it is commonly referred to as "The Columns" property. It has a current future land use designation as Industrial, however, through recent traffic engineer reports and traffic impact studies, lends this site to being unconducive to conventional industrial development. The studies showed that it would be difficult for a semi-truck to safely and efficiently get onto and out of the site. Kennesaw Due West Road is a two-lane road used for commuter traffic. We are recommending this site be designated as Community Activity Center. Site five is located at 1973 Cobb Parkway. It is currently a natural wetland. This site is adjacent to a stream and stays wet all year round. We are recommending changing the future land use category from Community Activity Center to Park/Recreation/Conservation. This shows a picture of the site. This sixth site is located at 1650 Cobb Parkway on the corner of Cobb and Barrett Parkway. This property was recently annexed into the city limits in March 2023. Being that it was just annexed from Cobb County, it was not assigned a future land use category last year during the Comprehensive Plan Update. We are recommending that this parcel be assigned a Regional Activity Center, which matches the surrounding future land use categories and neighboring developments of Ridenour and Kennesaw Marketplace. This agenda item was advertised in the Marietta Daily Journal on July 14th. Each site was posted with at least one or multiple signs. The property owners for each of these sites were notified and the amendments were thoroughly discussed with each owner with no objections. Staff received many phone calls regarding the public notice signs and were able to inform the public that this was not a rezoning but merely a future land use map amendment update. We did not receive any e-mails for or against this proposal. Staff is recommending to approve the 2023 Future Land Use Map Amendments as presented".

- Chairman Bergwall asks if this proposal was presented before as part of the downtown business area and was denied so what is different this time.
- Mr. Trevino responds that according to the 2017 comp plan it was designated RL for low density residential but at the community engagement meeting, staff proposed that the downtown activity center be extended because the community

wanted to see more of downtown Kennesaw. All of the single family historic homes and other homes on North Main Street should remain as their current designation. As the downtown area grows and the community is changing we would like to change it for this parcel.

- Mr. Trevino and Mr. Simmons have a discussion about what the difference between the zoning map, what a future land use map entails and what the comp plan states.
- Chairman Bergwall opens the floor to public comment.
- Mr. Gilbert Meredith (1973 Cobb Pkwy) comes to the podium to speak about his disapproval of the future land use map for said property. He reads a letter from the property owners stating the change is wrong and the property category should stay the same.
- Chairman Bergwall comments that the area is designated as a wetland and in his experience it takes a lot of time, money, and energy to go through the state process of changing this. You have to get permission from the Corps of Engineers and the government to complete any type of maintenance.
- Vice-Chairman Jackson ask if the property tax would change in the future based on the future land use map.
- Mr. Simmons responds, “Anytime that a property is vacant and there's no improvements to it, it's taxed at a certain rate. As soon as the property is improved upon through construction, occupancy by a tenant or whatever the use is, that's when the Cobb County tax assessor assess the value of the property at that time. The reason why we recommended this future land use designation is correct because it takes a long time if you're even successful in making this a buildable lot. Currently, in our ordinance, we have not issued or we will not be issuing any building permits to construct anything in the floodplain, that's the citywide protocol. What we would require is if the property owner or the family goes to the Corps of Engineers, goes through the state of Georgia, goes through all of the mitigation and then presents the document to the City of Kennesaw. In the future saying we have now been successful in making this a buildable piece of property and the city would honor that. For our long term planning goal, we don't see this happening in the next 5-10 years. Just based on experience, it takes a very, very, very long time. It's 100% wet right now, so putting it in this designation does not take away any value from the property owner. It does not restrict the property owner or the family to any additional restrictions. It's strictly just saying this is what we know for the property as of right now”.
- Mr. Meredith comes back to the podium and states he doesn’t want the Commission or city to be prejudice about the property and give someone a chance to change it around.
- Ms. Denise Fred (2022 Ellison Way) comes up to the podium to state her subdivision has a detention pond that drains into the wetland property and to maintain this it is $3,500 monthly. She and the other members of her community are concerned that if anyone touches the wetland area it could cause a backflow into her housing community.
- Mr. Simmons states that we don’t have a professional engineer to speak on this issues so as of right now it is hypothetical scenarios. Before any disturbance or future improvements upstream or downstream, the parties would have to provide to

the Corps of Engineers in the state of Georgia and the City of Kennesaw and everyone else how that storm capacity will not go up or be exceeded that could be detrimental to private property that's already existing. Until there is a study done, we cannot say for certain what can or can't become of the wetland area.

- Mr. Meredith continues to give his argument of why the area should be left alone and how it isn't causing any issues currently for the adjacent properties. He states if the designation is changed now that it would be hard with future administrators to get it changed back.
- Commissioner Vande Zande asks if there is any harm done by not changing the designation and does the city benefit from this change.
- Mr. Simmons states "One of the things that each jurisdiction is responsible for is identifying environmentally sensitive areas, and that's a regional partnership with the state of Georgia. This is why you have regional areas and their studies of all the different drainage areas, wetland areas and discharge areas so the state knows what we have. It does not cause a hardship if it's left in CAC but one thing that I've explained to the gentleman on the phone is that the state of Georgia has a very, powerful and strong law regarding property rights. If the case is made that they've done all the work and follow the Planning Commission's recommendation coming back to the city, saying we've met all the requirements to designate this as a buildable lot, the city of Kennesaw would not be against or be in a position to deny someone the use of their property. That's basic property rights and there's no denying of rights. There's no hardship. But I just want to put it in the record that regardless of the future land use designation that it's on right now, if the property owner did their due diligence, they did their homework, the city would honor it, we would welcome commercial redevelopment on the property if it's done properly. But there is a goal and responsibility that we try to align our future land use map with what we see in the future short and long term plan. For right now it's a floodplain area with wetlands, and we need to identify that somewhere in our comprehensive plan as we're being city planners, that's what we're supposed to be doing".
- Chairman Bergwall asks if there are any other questions or comments from the Commission or the community. After no response he closes the floor for questions and calls for a motion to amend the agenda to vote on the items as individuals.
- Motion of approval by Commissioner Vande Zande
- Second by Commissioner Bodenhamer
- All in favor, 4-0. Motion passes.
    - Location #1: 2985 Mack Dobbs Rd

C. Approval of an ORDINANCE to amend the Unified Development Code, Appendix A, Chapters 2, 3, 8 and 9. Case #MISC2023-07

- Chairman Bergwall introduces the last business item.

- Mr. Simmons states “This is more of a cleanup of our codes. Every year we go through, with our city attorney, to look at items that need to be amended either because of legislation or something dealing with state code or court rulings that would influence the Unified Development Code. This ordinance primarily deals with the rules dealing with filing an appeal of either decisions from staff or rendering from the Mayor and Council. We want to have accurate references to the OCG title code and making sure that it's all very clear and cohesive. When you look at all the chapters, we've crossed out and made amendments. Any party that doesn’t agree or person agreed by the decision of the Merit Council may appeal such decision to the Superior Court of Cobb County. In the manner provided by the law under chapter 3, title 5 of the OOC GA code, and so we're making a change. It was a previous reference that has been amended on the OCGA. The city attorney provided the correct reference for the appeal process, and we went ahead and made those changes in all of the chapters 2, 3, 8 and 9.
- The list of the exact changes being made are: AN ORDINANCE TO AMEND THE CODE OF ORDINANCES OF THE CITY OF KENNESAW, GEORGIA, SECTION 2.03.06, “DENIAL OF SITE PLAN PERMIT APPLICATIONS”; SECTION 3.01.07, “VARIANCE PROCEDURE”; SECTION 3.01.08, “VIOLATIONS, ENFORCEMENTS AND PENALTIES”; SECTION 3.02.09, “ADMINISTRATIVE APPEAL AND JUDICIAL

REVIEW"; SECTION 8.02.06, "APPEALS"; SECTION 8.04.06, "APPEALS"; SECTION 9.02.04, "REQUIREMENTS FOR MAKING VARIANCE APPLICATIONS. A link to the full ordinance can be found on page 104 of the agenda packet here: https://kennesawga.portal.civicclerk.com/event/171/files

- Chairman Bergwall calls for a motion to approve the text amendment as presented.
- Motion of approval by Vice-Chairman Jackson.
- Second by Commissioner Vande Zande
- Chairman Bergwall proceeds with a roll call for approval.
- All in favor, 4-0. Meeting minutes are approved.

5. Staff Comment

A. Upcoming Training: "Practices for Successful Meetings," offered by the City Clerk's Office

- Mr. Trevino informs the Commission of an upcoming training opportunity on August 18, 2023 that is being presented by the University of Georgia Carl Vinson Institute. They will be going over how to run effective and efficient meetings through tools such as Roberts Rule of Order and agenda settings. There will be two sessions, one at 9:30 a.m. and the other at 2:00 p.m.

B. "Historic Downtown Walking Tour," offered by the Historic Preservation Commission on Friday, September 22nd @ 2PM and 6PM and Saturday, September 23rd @ 10AM and 2PM presented by Andrew J. Bramlett. This event is free. Register online. Each tour is approximately half-a-mile, lasts 45minutes and can accommodate up to 20 people.

- Mr. Trevino talks about the walking tour being hosted by Andrew Bramlett walking through the Historic District. He highly encourages any citizens and Commissioners to participate in this opportunity.

CITY OF KENNESAW
GEORGIA

ORDINANCE NO. 2023-___, 2023

AN ORDINANCE TO AMEND THE CODE OF ORDINANCES OF THE CITY OF KENNESAW, GEORGIA, SECTION 2.03.06, "DENIAL OF SITE PLAN PERMIT APPLICATIONS"; SECTION 3.01.07, "VARIANCE PROCEDURE"; SECTION 3.01.08, "VIOLATIONS, ENFORCEMENTS AND PENALTIES"; SECTION 3.02.09, "ADMINISTRATIVE APPEAL AND JUDICIAL REVIEW"; SECTION 8.02.06, "APPEALS"; SECTION 8.04.06, "APPEALS"; SECTION 9.02.04, "REQUIREMENTS FOR MAKING VARIANCE APPLICATIONS"

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF KENNESAW, COBB COUNTY, GEORGIA, AS FOLLOWS:

WHEREAS, the Georgia Legislature amended Chapter 3, Title 5, of the Official Code of Georgia Annotated, which takes effect on July 1, 2023; and

WHEREAS, the Mayor and City Council has determined it is in the best interests of the citizens of Kennesaw to amend the appellate procedures set forth in the Kennesaw Code of Ordinances to comply with the amendment to Chapter 3, Title 5, of the Official Code of Georgia Annotated; and

WHEREAS, public hearings were duly advertised in the Marietta Daily Journal

WHEREAS, the Code of Ordinances of the City of Kennesaw shall be amended as follows:

Section 1:

That section 2.03.06 of the Code of Ordinances, Kennesaw, Georgia, is hereby amended to read as follows:

Sec. 2.03.06 – Denial of site plan permit applications

A. In any instance where the application is denied by the Mayor and Council, the applicant may file an appeal to the Superior Court in the manner provided by law under Chapter 3, Title 5, of the Official Code of Georgia Annotated and as amended.

B. When an application for a permit under this chapter is denied by the Mayor and Council, the city shall not accept or consider an application for a permit under this chapter from that applicant or for the same exhibit within ninety (90) days of the denial.

(Ord. No. 2013-15, 9-16-13; Ord. No. 2014-09, 7-21-14; Ord. No. 2015-03, 2-16-15)

Section 2:

That section 3.01.07 of the Code of Ordinances, Kennesaw, Georgia, is hereby amended to read as follows:

Sec.3.01.07 - Variance Procedures

The following variance and appeals procedures shall apply to an applicant who has been denied a permit for a development activity, or to an owner or developer who has not applied for a permit because it is clear that the proposed development activity would be inconsistent with the provisions of this ordinance. A request for a variance may be submitted by an applicant who has been denied a permit by the City of Kennesaw, or by an owner or developer who has not previously applied for a permit for the reasons stated herein above.

1. Requests for variances from the requirements of this ordinance shall be submitted to the City of Kennesaw. All such requests shall be heard and decided in accordance with procedures to be published in writing by the City of Kennesaw. At a minimum, such procedures shall include notice to all affected parties and the opportunity to be heard.
2. Any person adversely affected by any decision of the City of Kennesaw shall have the right to appeal such decision to the Mayor and Council as established by the City of Kennesaw in accordance with procedures to be published in writing by the Mayor and Council. At a minimum, such procedures shall include notice to all affected parties and the opportunity to be heard.
3. To the extent provided by law, any person aggrieved by the decision of the Mayor and Council may appeal such decision to the Superior Court of Cobb County in the manner provided by law under Chapter 3, Title 5, of the Official Code of Georgia Annotated and as amended.~~as provided in section 5-4-1 of the Official Code of Georgia Annotated.~~
4. Variances may be issued for the repair or rehabilitation of Historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as an Historic structure, and the variance issued shall be the minimum necessary to preserve the historic character and design of the structure.
5. Variances may be issued for development necessary for the conduct of a functionally dependent use, provided the criteria of this Section are met, no reasonable alternative exists, and the development is protected by methods that minimize flood damage during the base flood and create no additional threats to public safety.
6. Variances shall not be issued within any designated floodway if any increase in flood levels during the base flood discharge would result.
7. In reviewing such requests, the City of Kennesaw and Mayor and Council shall consider all technical evaluations, relevant factors, and all standards specified in this and other sections of this ordinance.
8. Conditions for Variances:
    (a) A variance shall be issued only when there is:
        (i) a finding of good and sufficient cause;
        (ii) a determination that failure to grant the variance would result in exceptional hardship; and

(iii) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, or the creation of a nuisance.

(b) The provisions of this ordinance are minimum standards for flood loss reduction; therefore, any deviation from the standards must be weighed carefully. Variances shall only be issued upon determination that the variance is the minimum necessary, considering the flood hazard, to afford relief; and, in the instance of a Historic structure, a determination that the variance is the minimum necessary so as not to destroy the historic character and design of the building.

(c) Any applicant to whom a variance is granted shall be given written notice specifying the difference between the base flood elevation and the elevation of the proposed lowest floor and stating that the cost of flood insurance will be commensurate with the increased risk to life and property resulting from the reduced lowest floor elevation.

(d) The City Clerk of the City of Kennesaw shall maintain the records of all appeal actions and report any variances to the Federal Emergency Management Agency upon request.

9. Any applicant requesting a variance shall, from the time of the request until the time the request is acted upon, submit such information and documentation as the City of Kennesaw and Mayor and Council shall deem necessary to the consideration of the request.

10. Upon consideration of the factors listed above and the purposes of this ordinance, the City of Kennesaw and the Mayor and Council may attach such conditions to the granting of variances as they deem necessary or appropriate, consistent with the purposes of this ordinance.

11. Variances shall not be issued "after the fact."

(Ord. No. 2018-20, 8-20-18; Ord. No. 2020-13 , § 1(Exh. A), 11-16-20)

Section 3:

That section 3.01.08 of the Code of Ordinances, Kennesaw, Georgia, is hereby amended to read as follows:

Sec. 3.01.08 - Violations, Enforcements and Penalties

Any action or inaction which violates the provisions of this ordinance or the requirements of an approved stormwater management plan or permit, may be subject to the enforcement actions outlined in this Section. Any such action or inaction which is continuous with respect to time is deemed to be a public nuisance and may be abated by injunctive or other equitable relief. The imposition of any of the penalties described below shall not prevent such equitable relief.

A. Notice of Violation: If the City determines that an applicant or other responsible person has failed to comply with the terms and conditions of a permit, an approved stormwater management plan or the provisions of this ordinance, it shall issue a written notice of violation to such applicant or other responsible person. Where a person is engaged in activity covered by this ordinance without having first secured a permit therefor, the notice

of violation shall be served on the owner or the responsible person in charge of the activity being conducted on the site. The notice of violation shall contain:

1. The name and address of the owner or the applicant or the responsible person;
2. The address or other description of the site upon which the violation is occurring;
3. A statement specifying the nature of the violation;
4. A description of the remedial measures necessary to bring the action or inaction into compliance with the permit, the stormwater management plan or this ordinance and the date for the completion of such remedial action;
5. A statement of the penalty or penalties that may be assessed against the person to whom the notice of violation is directed; and
6. A statement that the determination of violation may be appealed to the Superior Court of Cobb County in the manner provided by law under Chapter 3, Title 5, of the Official Code of Georgia Annotated and as amended.~~Cobb County Superior Court by filing a written notice of appeal within thirty (30) days after the notice of violation.~~

B. Penalties: In the event the remedial measures described in the notice of violation have not been completed by the date set forth for such completion in the notice of violation, any one or more of the following actions or penalties may be taken or assessed against the person to whom the notice of violation was directed. Before taking any of the following actions or imposing any of the following penalties, the City shall first notify the applicant or other responsible person in writing of its intended action, and shall provide a reasonable opportunity, of not less than ten (10) days (except, that in the event the violation constitutes an immediate danger to public health or public safety, 24 hours' notice shall be sufficient) to cure such violation. In the event the applicant or other responsible person fails to cure such violation after such notice and cure period, the City may take any one or more of the following actions or impose any one or more of the following penalties.

1. Stop Work Order — The City may issue a stop work order which shall be served on the applicant or other responsible person. The stop work order shall remain in effect until the applicant or other responsible person has taken the remedial measures set forth in the notice of violation or has otherwise cured the violation or violations described therein, provided the stop work order may be withdrawn or modified to enable the applicant or other responsible person to take the necessary remedial measures to cure such violation or violations.
2. Withhold Certificate of Occupancy — The City may refuse to issue a certificate of occupancy for the building or other improvements constructed or being constructed on the site until the applicant or other responsible person has taken the remedial measures set forth in the notice of violation or has otherwise cured the violations described therein.
3. Suspension, Revocation or Modification of Permit — The City may suspend, revoke or modify the permit authorizing the development project. A suspended, revoked or modified permit may be reinstated after the applicant or other responsible person has taken the remedial measures set forth in the notice of violation or has otherwise cured the violations described therein, provided such permit may be reinstated (upon such conditions as the City may deem necessary) to enable the applicant or other responsible person to take the necessary remedial measures to cure such violations.

4. Civil Penalties — In the event the applicant or other responsible person fails to take the remedial measures set forth in the notice of violation or otherwise fails to cure the violations described therein within ten (10) days, or such greater period as the City shall deem appropriate (except, that in the event the violation constitutes an immediate danger to public health or public safety, 24 hours' notice shall be sufficient) after the City has taken one or more of the actions described above, the City may impose a penalty not to exceed $1,000 (depending on the severity of the violation) for each day the violation remains un-remedied after receipt of the notice of violation.
5. Criminal Penalties — For intentional and flagrant violations of this ordinance, the City may issue a citation to the applicant or other responsible person, requiring such person to appear in the Municipal Court to answer charges for such violation. Upon conviction, such person shall be punished by a fine not to exceed $1,000 or imprisonment for 60 days or both. Each act of violation and each day upon which any violation shall occur shall constitute a separate offense.

(Ord. No. 2020-13 , § 1(Exh. A), 11-16-20)

Section 4:

That section 3.02.09 of the Code of Ordinances, Kennesaw, Georgia, is hereby amended to read as follows:

Sec.3.02.09 - Administrative Appeal and Judicial Review

A. Administrative remedies.

1. The suspension, revocation, modification or grant with condition of a permit by the Local Issuing Authority upon finding that the holder is not in compliance with the approved erosion, sediment and pollution control plan; or that the holder is in violation of permit conditions; or that the holder is in violation of any ordinance; shall entitle the permittee submitting the plan or the permitee to a hearing before the Mayor and City Council of the City of Kennesaw within thirty (30) days after receipt by the Local Issuing Authority of written notice of appeal.

4. New Business

A. Approval of ORDINANCE granting a rezoning modification request submitted by CF&G Enterprises, Inc. located at 0 Ellison Lakes Drive (PIN: 20017500170). The property is zoned as Planned Village Community (PVC) and lies in Land Lot 175, Tax Parcel 17 of the 20th District, 2nd Section, Cobb County Georgia and consists of 2.72 +/- acres. Case #RZ2023-03.

- Chairman Bergwall introduces the first new business item.
- Mr. Darryl Simmons comes to the podium and states “This property was annexed into the city back in 2001 as a master planned and a mixed-use community. The first of its kind brought into the city and design regarding the Cobb Parkway corridor. It has a combination of front line commercial along Cobb Parkway and towards the inside of the property you have a combination of townhomes, multifamily units, a lake, connecting trails and playgrounds and a Daycare Center. The agenda item this evening is before you for consideration to amend a portion of the master plan in this case. In 2001, as part of all of the zoning conditions for PVC, the maximum number of residential units was capped at 898. In 2004, there was an amendment to the master plan, where it allowed for the decrease of multifamily and the increase of additional townhomes still under the cap of 898. At that time there was 537 multifamily units and 309 townhomes. The existing residential count in Ellison lakes is 845 residential units. The proposal before us this evening would be adding a proposed condominium unit building, which will have an additional 45 for sale condominium apartments. Even with the addition, it would still be under the maximum 898 units. The staff analysis which was provided gave you the background of the property, the master plan and how this proposal fits into the master plan. The proposal does not require or show any need for variances based on our current zoning district and the established zoning setbacks that was established for this master plan community. In the staff analysis, our staff put together a number of conditions based on our recommendation to approve the amendment to allow for these condominium units to be erected and I would like to read the 22 conditions. There will be online for anyone to review”.

- Mr. Simmons proceeds to go through all 22 conditions of the rezoning modification and says “Staff recommends approval. We've determined that this additional housing type, if approved, would be the first residential condominium housing unit housing type in the City of Kennesaw. We currently do not have any condominium residential units in the city. The original intent of the Ellison Lakes Master plan is to encourage and promote a variety of housing units, housing styles, as well as a combination of appropriate commercial along Cobb Parkway. We feel that this amendment is appropriate and in keeping with the original intent of the master plan”.
- Vice-Chairman asks if this property is the same property visited by the Commissioners.
- Mr. Simmons responds yes and staff looked at the location and determined townhomes would not be appropriate because of the number of townhomes that were capped. They later withdrew the application. The applicant owns the property as well as the childcare facility nearby and this concept would not affect the childcare center.
- The applicant, Eric Federspiel, comes up to the podium to introduce himself. He says he has been in the real estate business for 25 years and lived in Atlanta for 52 years. He and his wife are excited about bringing the new concept to the city of Kennesaw. They have designed a couple different renderings for a four story building and waiting on the FAA approval for the height regulation which is 55 feet. He looks forward to the Planning Commission approval.
- Chairman Bergwall asks for clarification on the condition #3 in relation to the homeowners association and asks if there is consideration to a condominiums owners association. He asks if the HOA will be responsible for the exterior and roof structures on the building and where the garages will be located on the buildings since it wasn’t included on the site plan.
- Mr. Federspeil states “This will be included under common area maintenance. The garages weren't added yet. We were going to add them on the back of the property to block the school so they wouldn't have to see as much into the playgrounds. The way we positioned the building was to face Ellison lakes and the front and rear of the building won't look at our school. We're going to plan it as an option to do half, so if we build 40 or 45 units or 50 units and we'll do 25 garages, single car garages as an option to those units that are for sale. If a 3 bedroom homeowner wants to buy a single car garage he/she can buy that or opt out of it”.
- Chairman Bergwall opens up the floor to public comment.
- Mr. H. Verrill (3247 White Oak Circle) comes up to the podium to state that parking is very expensive and can take up a lot of space and to ask why you would need to increase the number of parking spaces.
- Commissioner Bodenhamer explains the additional parking spaces are not only for residents but for guests as well.
- Vice-Chairman asks if the developer would want a waiver for less parking.
- Mr. Simmons states no and there are a variety of bedroom sizes and square footage so there won’t be a need for a reduction.
- Commissioner Bodenhamer asks if the parking garages would be included in the count for the max number of parking spaces required for the project.

- Mr. Trevino states yes the surface parking and garages would be counted in the total parking count. There will be a percentage dedicated to private garages and a percentage dedicated to standard surfaces.
- Chairman Bergwall asks if there are any other questions or comments from the Commission. After no response he closes the floor and calls for a motion to approve the rezoning modification with the 22 conditions listed by staff, but with the following zoning condition modifications: **Condition #3:** The creation of a mandatory homeowners association ("HOA") to be managed by Applicant or a 3rd party professional HOA management company until such time the HOA is "turned-over" to the homeowners which is typically at 100% buildout. Applicant shall fund any shortfall in the operating budget until such time as the HOA is "turned-over" to the homeowners. The homeowners association shall be solely responsible for the upkeep and maintenance of all common areas, mail kiosk, amenities, and amenity areas; including the entrance areas, boundary landscape buffers, detention pond(s), driveways ~~and~~, parking lot, the exterior façade of the building and roof of the building. **Condition #5:** The HOA covenants shall limit the number of rental units to not exceed ~~15%~~ 10% of the total number of units in the community or such percentage as approved by the City Council.
- Motion of approval by Commissioner Bodenhamer
- Second by Commissioner Vande Zande
- Chairman Bergwall proceeds with a roll call for approval.
- **All in favor, 4-0. Motion is approved.**

B. Approval of a RESOLUTION for an amendment to the current 2022 Future Land Use Map submitted by the City of Kennesaw. The proposed 2023 Future Land Use Map amendments include various parcels city-wide. Case #MISC2023-06

- Chairman Bergwall introduces the next business item.
- Mr. Albert Trevino comes up to the podium and states “Thank you Mr. Chairman and good evening Commissioners. I want to preface agenda item #2 with it is not a rezoning. Agenda item #2 is to amend the 2022 Comprehensive Plan’s Future Land Use Map. I repeat this is not a rezoning. Going into details about the maps that we use, the Planning and Zoning Department primarily uses two types of maps. One map is a zoning map, which shows a property’s current zoning designation. The zoning determines how a property owner can use their property in present day. The second map that we use is called a future land use map. This map is adopted concurrently with the City’s Comprehensive Plan every 5-years with optional annual updates. It is designed for long term planning. It is a product of community engagement and public input. It marks every parcel in the City with a future land use category. This category tells us what the citizens want the City of Kennesaw to look like in the future. Staff uses the future land use map for guidance on staff recommendations for zoning applications. I just want to emphasize that this map bears no weight to the City’s current zoning map. This agenda item will not change the zoning to any property. The zoning map and future land use map are completely separate maps that display different information. With that said, I want to go over the Future Land Use Map amendments. There are 6 parcels or areas that we’d like to recommend changes to. The first site we recommend a future land use map category change is located at 2985 Mack Dobbs Road. This site is

currently split with two categories: Planned Unit Development and Community Activity Center and it is currently under construction for a one-story 14,000 square foot medical office facility. This amendment is to change the entire site to a Community Activity Center category. This is a rendering of what is currently under construction. The second site is located at 6045 Pine Mountain Road. This is an amendment to change the site from a Residential Low/Medium to a Public Institutional (PI). PI is a common designation for schools, churches, hospitals cultural institutions and cemeteries. This site received a certificate of occupancy for a religious institution in April of this year. The third site is located at 2971 N Main Street. It is currently designated as Downtown Activity Center. Through recent public input during the Central Business District Phase 2 Expansion project that was done in May 2023, we want to take into consideration the community feedback that was received during those public hearings which was that this parcel should remain low density residential as is what can be seen up North Main Street. Our recommendation is to change this to a Residential Low/Medium category or RL. This picture shows the current state of the property being that it has a historic single-family home. The fourth site is located along Kennesaw Due West Road and it is commonly referred to as "The Columns" property. It has a current future land use designation as Industrial, however, through recent traffic engineer reports and traffic impact studies, lends this site to being unconducive to conventional industrial development. The studies showed that it would be difficult for a semi-truck to safely and efficiently get onto and out of the site. Kennesaw Due West Road is a two-lane road used for commuter traffic. We are recommending this site be designated as Community Activity Center. Site five is located at 1973 Cobb Parkway. It is currently a natural wetland. This site is adjacent to a stream and stays wet all year round. We are recommending changing the future land use category from Community Activity Center to Park/Recreation/Conservation. This shows a picture of the site. This sixth site is located at 1650 Cobb Parkway on the corner of Cobb and Barrett Parkway. This property was recently annexed into the city limits in March 2023. Being that it was just annexed from Cobb County, it was not assigned a future land use category last year during the Comprehensive Plan Update. We are recommending that this parcel be assigned a Regional Activity Center, which matches the surrounding future land use categories and neighboring developments of Ridenour and Kennesaw Marketplace. This agenda item was advertised in the Marietta Daily Journal on July 14th. Each site was posted with at least one or multiple signs. The property owners for each of these sites were notified and the amendments were thoroughly discussed with each owner with no objections. Staff received many phone calls regarding the public notice signs and were able to inform the public that this was not a rezoning but merely a future land use map amendment update. We did not receive any e-mails for or against this proposal. Staff is recommending to approve the 2023 Future Land Use Map Amendments as presented".

- Chairman Bergwall asks if this proposal was presented before as part of the downtown business area and was denied so what is different this time.
- Mr. Trevino responds that according to the 2017 comp plan it was designated RL for low density residential but at the community engagement meeting, staff proposed that the downtown activity center be extended because the community

wanted to see more of downtown Kennesaw. All of the single family historic homes and other homes on North Main Street should remain as their current designation. As the downtown area grows and the community is changing we would like to change it for this parcel.

- Mr. Trevino and Mr. Simmons have a discussion about what the difference between the zoning map, what a future land use map entails and what the comp plan states.
- Chairman Bergwall opens the floor to public comment.
- Mr. Gilbert Meredith (1973 Cobb Pkwy) comes to the podium to speak about his disapproval of the future land use map for said property. He reads a letter from the property owners stating the change is wrong and the property category should stay the same.
- Chairman Bergwall comments that the area is designated as a wetland and in his experience it takes a lot of time, money, and energy to go through the state process of changing this. You have to get permission from the Corps of Engineers and the government to complete any type of maintenance.
- Vice-Chairman Jackson ask if the property tax would change in the future based on the future land use map.
- Mr. Simmons responds, “Anytime that a property is vacant and there's no improvements to it, it's taxed at a certain rate. As soon as the property is improved upon through construction, occupancy by a tenant or whatever the use is, that's when the Cobb County tax assessor assess the value of the property at that time. The reason why we recommended this future land use designation is correct because it takes a long time if you're even successful in making this a buildable lot. Currently, in our ordinance, we have not issued or we will not be issuing any building permits to construct anything in the floodplain, that's the citywide protocol. What we would require is if the property owner or the family goes to the Corps of Engineers, goes through the state of Georgia, goes through all of the mitigation and then presents the document to the City of Kennesaw. In the future saying we have now been successful in making this a buildable piece of property and the city would honor that. For our long term planning goal, we don't see this happening in the next 5-10 years. Just based on experience, it takes a very, very, very long time. It's 100% wet right now, so putting it in this designation does not take away any value from the property owner. It does not restrict the property owner or the family to any additional restrictions. It's strictly just saying this is what we know for the property as of right now”.
- Mr. Meredith comes back to the podium and states he doesn’t want the Commission or city to be prejudice about the property and give someone a chance to change it around.
- Ms. Denise Fred (2022 Ellison Way) comes up to the podium to state her subdivision has a detention pond that drains into the wetland property and to maintain this it is $3,500 monthly. She and the other members of her community are concerned that if anyone touches the wetland area it could cause a backflow into her housing community.
- Mr. Simmons states that we don’t have a professional engineer to speak on this issues so as of right now it is hypothetical scenarios. Before any disturbance or future improvements upstream or downstream, the parties would have to provide to

the Corps of Engineers in the state of Georgia and the City of Kennesaw and everyone else how that storm capacity will not go up or be exceeded that could be detrimental to private property that's already existing. Until there is a study done, we cannot say for certain what can or can't become of the wetland area.

- Mr. Meredith continues to give his argument of why the area should be left alone and how it isn't causing any issues currently for the adjacent properties. He states if the designation is changed now that it would be hard with future administrators to get it changed back.
- Commissioner Vande Zande asks if there is any harm done by not changing the designation and does the city benefit from this change.
- Mr. Simmons states "One of the things that each jurisdiction is responsible for is identifying environmentally sensitive areas, and that's a regional partnership with the state of Georgia. This is why you have regional areas and their studies of all the different drainage areas, wetland areas and discharge areas so the state knows what we have. It does not cause a hardship if it's left in CAC but one thing that I've explained to the gentleman on the phone is that the state of Georgia has a very, powerful and strong law regarding property rights. If the case is made that they've done all the work and follow the Planning Commission's recommendation coming back to the city, saying we've met all the requirements to designate this as a buildable lot, the city of Kennesaw would not be against or be in a position to deny someone the use of their property. That's basic property rights and there's no denying of rights. There's no hardship. But I just want to put it in the record that regardless of the future land use designation that it's on right now, if the property owner did their due diligence, they did their homework, the city would honor it, we would welcome commercial redevelopment on the property if it's done properly. But there is a goal and responsibility that we try to align our future land use map with what we see in the future short and long term plan. For right now it's a floodplain area with wetlands, and we need to identify that somewhere in our comprehensive plan as we're being city planners, that's what we're supposed to be doing".
- Chairman Bergwall asks if there are any other questions or comments from the Commission or the community. After no response he closes the floor for questions and calls for a motion to amend the agenda to vote on the items as individuals.
- Motion of approval by Commissioner Vande Zande
- Second by Commissioner Bodenhamer
- All in favor, 4-0. Motion passes.

C. Approval of an ORDINANCE to amend the Unified Development Code, Appendix A, Chapters 2, 3, 8 and 9. Case #MISC2023-07

- Chairman Bergwall introduces the last business item.

- Mr. Simmons states “This is more of a cleanup of our codes. Every year we go through, with our city attorney, to look at items that need to be amended either because of legislation or something dealing with state code or court rulings that would influence the Unified Development Code. This ordinance primarily deals with the rules dealing with filing an appeal of either decisions from staff or rendering from the Mayor and Council. We want to have accurate references to the OCG title code and making sure that it's all very clear and cohesive. When you look at all the chapters, we've crossed out and made amendments. Any party that doesn’t agree or person agreed by the decision of the Merit Council may appeal such decision to the Superior Court of Cobb County. In the manner provided by the law under chapter 3, title 5 of the OOC GA code, and so we're making a change. It was a previous reference that has been amended on the OCGA. The city attorney provided the correct reference for the appeal process, and we went ahead and made those changes in all of the chapters 2, 3, 8 and 9.
- The list of the exact changes being made are: AN ORDINANCE TO AMEND THE CODE OF ORDINANCES OF THE CITY OF KENNESAW, GEORGIA, SECTION 2.03.06, “DENIAL OF SITE PLAN PERMIT APPLICATIONS”; SECTION 3.01.07, “VARIANCE PROCEDURE”; SECTION 3.01.08, “VIOLATIONS, ENFORCEMENTS AND PENALTIES”; SECTION 3.02.09, “ADMINISTRATIVE APPEAL AND JUDICIAL

REVIEW"; SECTION 8.02.06, "APPEALS"; SECTION 8.04.06, "APPEALS"; SECTION 9.02.04, "REQUIREMENTS FOR MAKING VARIANCE APPLICATIONS. A link to the full ordinance can be found on page 104 of the agenda packet here: https://kennesawga.portal.civicclerk.com/event/171/files

- Chairman Bergwall calls for a motion to approve the text amendment as presented.
- Motion of approval by Vice-Chairman Jackson.
- Second by Commissioner Vande Zande
- Chairman Bergwall proceeds with a roll call for approval.
- All in favor, 4-0. Meeting minutes are approved.

5. Staff Comment

A. Upcoming Training: "Practices for Successful Meetings," offered by the City Clerk's Office

- Mr. Trevino informs the Commission of an upcoming training opportunity on August 18, 2023 that is being presented by the University of Georgia Carl Vinson Institute. A. First Public Hearing on the proposed RESOLUTION to adopt the Maintenance and Operation (M&O) Millage Rate.

Property Tax Administrator Latisha Gunn presented the first public hearing on the proposed resolution to adopt the Maintenance and Operation (M&O) Millage Rate. The City of Kennesaw is proposing a millage rate of 7.750 mills for M&O, which is 0.25 mills lower than last year. She noted that the first public hearing was properly advertised according to O.C.G.A. 48-5-32 in the Marietta Daily Journal on July 22, 2023. The second display will be published in the Marietta Daily Journal on July 29, 2023. Property Tax Administrator Latisha Gunn then reiterated to the public that the second and third public hearings will take place on August 7, 2023, at 10:30 a.m. and 6:30 p.m., respectively.

Mayor Pro Tem Viars said that she was happy to see the reduction in the millage rate. Mayor Easterling congratulated City Manager Jeff Drobney and the staff on the hard work that it took to get the city to this point financially. Mayor Easterling and Councilmember Ferris celebrated this result after years of Councilmember Ferris asking for a reduction in the millage rate.

B. First Public Hearing on the proposed RESOLUTION to adopt the Bond Millage Rate.

Mayor Easterling clarified that these are two separate public hearings.

Property Tax Administrator Latisha Gunn presented the first public hearing on the proposed resolution to adopt the Bond Millage Rate. The City of Kennesaw is proposing a millage rate of 1.5 for the bond, which is the same as last year. She noted that the bond millage rate is levied to fund the debt service on the $15 million Recreation and Traffic Safety Bonds that were approved by the voters on September 21, 2004. The dates of the public hearings were properly advertised in the Marietta Daily Journal on July 22, 2023, in accordance with O.C.G.A. 48-5-32. She advised that the second display would be published in the Marietta Daily Journal on July 29, 2023. Ms. Gunn reminded the public that the second and third public hearings will take place on August 7, 2023, at 10:30 a.m. and 6:30 p.m., respectively.

Councilmemeber Ferris inquired about possibly paying off these bonds early. Finance Director Gina Auld stepped up and noted that she would need to consult with the City's financial advisors from Raymond James. She said that she would have an answer regarding paying the bonds off early later this fall. Councilmember Ferrris clarified if the consultation would happen after the millage rate hearings and Financial Director Gina Auld confirmed it would. Councilmember Ferris concluded the conversation by expressing his interest in hearing what the financial advisors would have to say in the coming months.

A. Approval of RESOLUTION to adopt findings on proposed local amendment to Plumbing Code for Water Efficiency Submission of proposed amendment to the Department of Community Affairs.

City Attorney Fred Bentley, Jr. presented a resolution to adopt findings on proposed local amendments to the plumbing code for water efficiency with submission of the proposed amendment to the Department of Community Affairs. He started his presentation by noting that the city is part of the 15- county Metropolitan North Georgia Water Planning District. He went on to explain the city must comply with all standards and therefore must adopt new standards when available. The new standards that are being adopted are more stringent than those currently being used in the state's plumbing code to improve water efficiency and clarify allowable practices. Under O.C.G.A 8-2-25 and 26, the city is required to notify anyone who comes into the city to apply for certain permits regarding standards that will now vary from established state standards. Mr. Bentley, Jr. recommended approval to avoid future issues.

After receiving confirmation from Council, Mayor Easterling suggested moving the item to the Consent Agenda.

9. Committee and Board Reports

A. Approval of road closures for the 2023 Taste of Kennesaw.

Assistant City Manager Marty Hughes presented road closures for the upcoming Taste of Kennesaw event. Mr. Hughes made the public aware that the road closures would be the same as closures in previous years. He noted that the only change is that Eaton Chiropractic has now changed to The Hive. The Events Committee recommends approval.

After receiving confirmation from Council, Mayor Easterling suggested moving the item to the Consent Agenda.

10. Public Hearing(s)

A. Approval of ORDINANCE to amend the Code of Ordinances of the City of Kennesaw, Georgia, Section 2-101, “Appeals”; Section 2-115, “Established”; Section 22-8, “Application; Review and Approval or Denial of Application”; Section 22-24, “Inspection of Books and Records”; Section 22-399, “Issuance of License”; Section 22-404, “Hearing; Revocation and Suspension; Appeal”; Section 46-12, “Administrative Remedy”; Section 46-225, “Judicial Review”; Section 46-462, “Administrative Appeal and Judicial Review; Section 62-9, “Community Redevelopment Tax Incentive Program”; Section 74-38, “Required Service; Fees; Security Deposit”; Section 74-39, “Fee Waiver for Active Duty Military.”

City Clerk Lea Alvarez presented an ordinance to amend various sections of the code regarding appellate procedures for administrative decisions. The amendments will reflect the changes set forth in O.C.G.A, Chapter 3, Title 5, which went into effect on

July 1, 2023. This public hearing was duly advertised in the Marietta Daily Journal on July 28, 2023 and will again be advertised on August 4, 2023.

B. Third and Final Public Hearing on the proposed RESOLUTION to adopt the Maintenance and Operation (M&O) Millage Rate.

Finance Director Gina Auld presented the third and final public hearing on the proposed resolution to adopt the Maintenance and Operation (M&O) Millage Rate, which will take place at the regular meeting on Monday, August 7, 2023 at 6:30 p.m. Ms. Auld also reminded the public the hearings were properly advertised in the Marietta Daily Journal on July 22, 2023 and July 29, 2023.

C. Third and Final Public Hearing on the proposed RESOLUTION to adopt the Bond Millage Rate.

12. General and Administrative

A. Approval of RESOLUTION to adopt the City of Kennesaw's Budget & Fund Balance Financial Management Policy.

Assistant to the City Manager James Friedrich presented a resolution to adopt the City of Kennesaw's Budget and Fund Balance Financial Management policy. Mr. Friedrich elaborated on how these policies will help the city remain in good financial health, and continue stability and best practices. These funds will apply to all budgeted funds and clearly define various types of funds and fund balance classifications. The City Manager and Finance Director recommend approval.

After receiving confirmation from Council, Mayor Easterling suggested moving the item to the Consent Agenda.

B. Approval of RESOLUTION to adopt the City of Kennesaw's Cash & Investment Financial Management Policy.

Assistant to the City Manager James Friedrich presented a resolution to adopt the City of Kennesaw's Cash and Investment Financial Management policy. Mr. Friedrich elaborated on how these policies will help the city to maximize interest earnings, emphasizing legal compliance while providing cash flow and liquidity with the city's

financial obligations. The policy will apply to cash and investments, both short term and long term. He stated that these policies would all be the responsibility of the Finance Director while achieving the general objectives outlined in this policy, including safety, liquidity, and
yield.The City Manager and Finance Director recommend approval.

After receiving confirmation from Council, Mayor Easterling suggested moving the item to the Consent Agenda.

C. Approval of RESOLUTION authorizing the Mayor or his designee to execute a grant agreement between the City and the Department of Housing and Urban Development for the City's Neighborhood Improvement Project.

Assistant to the City Manager James Friedrich presented a resolution authorizing the Mayor or his designee to execute a grant agreement between the City of Kennesaw and the Department of Housing and Urban Development for the city's Neighborhood Improvement Project. The City of Kennesaw's Neighborhood Improvement Project will address various infrastructure issues including street resurfacing, sidewalk installations, and drainage improvements specifically in the Kencrest neighborhood. Mr. Friedrich noted the funds will come from Community Project Funding that was recently authorized via Congress and distributed through the Department of Housing and Urban Development (HUD). The city has received $1,000,000 to improve the Kencrest neighborhood. Mr. Friedrich recommended approval pending legal review.

DRAFT

Councilmember Ferris followed the presentation with a line of questioning about the types of projects that would be included in this initiative. Mr. Friedrich responded with road resurfacing, sidewalk installation and curb/ drainage improvements. Councilmember Ferris stated he was happy to hear about these kinds of improvements due to the volume of questions he has received recently.

After receiving confirmation from Council, Mayor Easterling suggested moving the item to the Consent Agenda.

15. Public Works

16. Recreation and Culture

A. Approval of RESOLUTION to award bid and authorize the Mayor to execute a contract with Signature Tennis Courts Inc. for the Adams Park tennis court rehabilitation project.

Public Works Director Bill McNair presented a resolution to award the bid and authorize the Mayor to execute a contract with Signature Tennis Courts, Inc. for the Adams Park court rehabilitation project. Mr. McNair specified this project would encompass removal and disposal of the existing court surfaces and perimeter fencing, subsurface gravel

leveling and compaction, new asphalt surface, new black vinyl coated fence posts and fence mesh, color coating of new court surfaces, new court striping that accommodates both tennis and pickleball, and new net posts and nets. Signature Tennis Courts Inc. was the lowest qualified bid in the amount of $115,000 and, pending legal review, the Parks and Recreation Director recommended approval. He added that this project will be paid for by 2016 SPLOST Dollars.

Councilmember Ferris inquired about the use of asphalt on projects such as this one. Public Works Director Bill McNair answered that these types of projects are usually asphalt and then are covered by an additional surface. Councilmember Ferris added that a concrete surface would last longer, but Mayor Easterling and Mayor Pro Tem Viars added there is some functionality that could be lost when playing with a ball if the incorrect surface is used. Councilmember Jones asked if there was some type of alternative recycled material that the court could be constructed with instead of asphalt. It was reiterated that there would be functionality lost and that asphalt would be the best material for this type of project.

After receiving confirmation from Council, Mayor Easterling suggested moving the item to the Consent Agenda.

17. Community Development

A. DISCUSSION ONLY: Presentation of proposed storyboard designs and locations in Phase 3 of the Wayfinding Signage Project

DRAFT

Downtown and Main Street Manager Miranda Taylor discussed proposed storyboard designs and locations for the third phase of the Wayfinding Signage project. Ms. Taylor reminded the public about the twenty directional pedestrian signets that have already been put up in various locations around the city, in addition to refreshing some of the information kiosks that were recently put up as well. She spoke about Phase 3 of the Wayfinding Signage project, which will include four story boards that will be put up in various places around the downtown area. The proposed locations include: the Historic Spring area (behind City Hall), Memorial Park, Kennesaw City Cemetery, and Depot Park. She thanked Andrew Bramlett and the Southern Museum for helping her with the content development of this project. Lastly, Ms. Taylor spoke about the branding that would be used. Councilmember Jones expressed his excitement about this project.

18. Public Comment/Business from the Floor

19. City Manager's Report

A. Reports, Discussions, and Updates

B. DISCUSSION ONLY: RFP for security cameras at City parks.

Assistant City Manager Marty Hughes discussed a possible request for proposals regarding security cameras in various city parks. Mr. Hughes stated that the Council had wanted to install cameras for all city parks and that city staff had been speaking with a consulting firm to assess coverage. He presented the various camera coverage

maps for each park and gave an estimate for equipment of approximately $250,000. Mr. Hughes added that this price will not include any labor or any additional equipment that may be needed during the installation. Mr. Hughes asked for permission to begin phase two, which would involve creating the request for proposals and getting everything ready for bid.

Councilmember Jones asked a few questions regarding biometric capabilities on the camera and was informed that this was not an option at that time due to the exuberant cost. Councilmember Jones insisted that biometrics be a priority and researched thoroughly. Councilmember Ferris inquired about the data storage and connectivity systems that the cameras would use. Mr. Hughes replied the cameras would be wired and then the data would be transferred to a centralized hub. Councilmember Ferris also asked for a strict retention policy for this type of footage as well as more research on possible biometric abilities. Mayor Pro Tem Viars also voiced her support for this kind of capability as well.

C. Authorize use of ARPA funds to install conduits at the amphitheater side of Depot Park.

Assistant City Manager Marty Hughes requested authorization to use American Rescue Plan Act (ARPA) funds to install conduits on the amphitheater side of Depot Park. Mr. Hughes brought attention to the fact that the amphitheater-side of Depot Park has access to the electrical infrastructure while other construction projects are going on. The city can use this opportunity to install conduits for eight new security cameras. Staff will use ARPA Funding for this project. Mr. Hughes said this would drastically save time and money on not having to re-open the ground after the amphitheater project is completed.

DRAFT

Councilmember Jones inquired the price and Assistant City Manager Marty Hughesreplied it would be cost $20,000.

After receiving confirmation from Council, Mayor Easterling suggested moving the item to the Consent Agenda.

21. Council Reports & Discussions

Mayor Pro Tem Viars was excited about up-coming events going on in the city and the amphitheater that would be completed soon.

Councilmember Ferris advised everyone to use caution as bad weather begins moving into the area. He was also thankful for the weather not being worse.

Councilmemeber Jones praised the police for their hard work when a tree fell down and blocked a road in his neighborhood during a recent storm. He commended them for their quick action in order to ensure the safety of the public.

DRAFT

Mayor Easterling added that all of the city's employees go above and beyond daily to help the public.

Councilmember Sinclair had nothing to add.

Councilmember Burnette noted that she was happy to see the direction that the city was going in and was looking forward to the future.

22. Executive Session

Pursuant to the provisions of O.C.G.A 50-14-3, the City Council could, at any time during the meeting, vote to close the public meeting and move to executive session to discuss matters relating to litigation, legal actions and/or communications from the City Attorney; and/or personnel matters; and/or real estate matters.

23. Adjourn

Mayor Easterling adjourned the meeting at 6:45 p.m. The next regularly scheduled meeting will be held on Monday, August 21, 2023 at 6:30 p.m. in the Council Chambers. The public is encouraged to attend or view via Facebook Live.

KENNESAW HISTORY

Dr. John W. Ellis

Dr. John W. Ellis was the town doctor of Kennesaw for fifty years. He started his practice in downtown in 1900, but the road to his success was difficult.

A young Ellis attended school in Cherokee County, where he grew up, and for seven years went to Reinhardt Academy in Waleska. To pay for this schooling, he worked as a janitor.

After graduation, Ellis work on a farm for a year to pay of two years of school at the Southern Medical College (now part of Emory University). After two years of higher education, he returned to the farm to pay for two more years.

Ellis next planned on attending the Georgia College of Eclectic Medicine, and he had to pick cotton (earning 50 cents a day) to pay for two additional years of school. He graduated in 1900 and moved to Kennesaw. At the time of his death in 1950 he was one of Kennesaw's wealthiest landowners.

Assignment and Assumption of Lease Agreement

REALTOR®

31 ED O.T. up

THIS ASSIGNMENT is dated the January 1st, 2023 by and among Gigi & Oghy LLC ("Assignor") and Chioma's African Cuisine, LLC ("Assignee(s)") and The Windsor Kennesaw LLC ("Landlord").

Whereas, by a lease dated the December 6, 2019 between Madhav Investment Corporation, d/b/a The Windsor, , the Landlord and Gigi & Oghy LLC, the Assignor, the Landlord leased to the Assignor for a term of Five Years, from and including the December 6th day of December 6th, 2019, to and including the December 31st day of December 31, 2024, ("Lease") subject to and upon the terms, covenants and conditions contained in the Lease, certain premises ("Premises") containing an area of approximately 1508 square feet located at 2655 Cobb Parkway, Kennesaw, Georgia 30152 Suite 201, and which Premises are more particularly described in the Lease, a true and correct copy of such Lease being attached to this agreement as Exhibit "A" and incorporated herein by this reference.

Whereas, the Assignor desires that all of its right, title and interest in the be assigned to the Assignee and the Assignee shall assume the obligations of Assignor under the Lease with the prior written consent of the Landlord, such prior written consent being required in accordance with the terms of the Lease;

NOW THEREFORE, in consideration of the terms and conditions hereof, the parties hereto agree as follows:

1. **ASSIGNMENT.**

Assignor hereby grants, conveys, transfers assigns to Assignee all of Assignor's rights, title and interest in the Lease in accordance with and subject to the terms, covenants and conditions contained in this Agreement and the observance and performance by Assignee of all of the terms, covenants and conditions contained in the Lease to be observed and performed by Assignor with respect to Premises and otherwise. The effective date of the Assignment is January 1st, 2023 (the "Assignment Date").

31 ED O.T. up

2. **ACCEPTANCE AND ASSUMPTION.**

Assignee hereby accepts and agrees to assume and perform all of the terms and conditions of the Lease required to be performed by Assignor, and covenants with Landlord and Assignor that it shall, throughout the Term:

(i) Pay directly to Landlord, the rent including any rent increase, additional rent or other amounts due Landlord under the Lease (collectively "Rent") and assume, observe and perform all of the terms, covenants and conditions on the part of the tenant contained in the Lease to be paid, observed and performed with respect to the Premises, or otherwise.

(ii) Continue to carry on only the permitted uses pursuant to the provisions of the Lease.

3. **COVENANTS OF ASSIGNOR AND ASSIGNEE.**

Assignor and Assignee hereby covenant with the Landlord that notwithstanding any provision of the Lease to the contrary:

(i) Neither this Agreement nor the Lease nor the Premises (nor any part thereof) may be assigned (including an assignment by operation of law), sublet, encumbered or otherwise transferred, nor shall the Assignee part with or share possession of the Premises or any part of it unless Landlord's written consent is first obtained.

(ii) If the Assignee is, or as a result of a permitted assignment of this Agreement subsequently becomes, a corporation, the Assignee is prohibited from effecting or otherwise suffering a change in the effective voting control of the Assignee from the persons holding such effective voting control at the date of execution of this Agreement or permitted assignment of this Agreement, as the case may be, without first

receiving the written consent of the Landlord, and such consent may be withheld for any reason or without a reason.

(iii) All rental, as well as any other tenant monetary obligations under the Lease, shall have been prorated between Assignor and Assignee as of the Assignment Date. If the proration of any non-rental tenant monetary obligation(s) in favor of Landlord is not calculated as of the such monetary obligation(s), Landlord shall send a bill therefore to Assignee, who shall promptly pay the full amount of such bill to Landlord and send a copy thereof to Assignor, so that the amount of such bill can be prorated between Assignor and Assignee as of the Assignment Date.

(iv) Assignor shall indemnify, defend and hold Assignee harmless from and against any and all obligations, claims, costs, demands, losses, damages, liabilities, lawsuits, actions and other proceedings in law or in equity or otherwise, judgments, awards and expenses of every kind and nature whatsoever, including without limitation, attorneys' fees and tenant improvement costs and leasing commissions, arising out of or relating to, directly or indirectly, the Leases, vesting, accruing and/or arising prior to the Assignment Date. This indemnity shall include without limitation any obligation to complete any pending or incomplete tenant improvements or pay or reimburse any tenant improvement costs or leasing commissions relating to the Leases, vesting, accruing and/or arising prior to the Assignment Date, whether or not completion of such tenant improvements or payment of such tenant improvement costs or leasing commissions is due prior to or after the date hereof.

4. **LANDLORD'S CONSENT AND CONDITIONS.**

Landlord hereby grants its consent to this Assignment subject to the following conditions:

(i) Either (check one):

☐ Assignor hereby covenants with Landlord that it remains jointly and severally liable with the Assignee under the Lease and acknowledges that the Assignor is not released from the liability for payment of Rent or from the performance of any of the terms, covenants and conditions contained in the Lease; and Assignor's obligations hereunder shall continue in favor of Landlord, notwithstanding (a) any exercise by Assignee of any option to extend the term of the lease, (b) any modification or alteration of the Lease, by Landlord and Assignee or their successors and assigns, (c) any further assignment of the Lease or subletting of all or part of the Premises, with or without, the consent of Landlord, (d) Landlord's failure to notify Assignor, of or obtain Assignor's consent for, any modification of the terms of the lease or to notify Assignor of any delinquency or default or Assignee with respect to any covenant, condition, restriction or obligation contained herein or in the Lease, or (e) Landlord's failure or delay to enforce any of its rights against Assignee. In addition, Assignor waives the right to require Landlord to first proceed against Assignee in the event of a default by Assignee under the Lease. The obligations of Assignor hereunder shall inure to the benefit of Landlord, its successors and assigns;

or

☒ As of the Assignment Date hereof, Landlord hereby irrevocably and unconditionally releases Assignor from any and all duties and/or obligations under the Lease, and hereby covenants that this Assignment is accepted and deemed by Landlord as full and complete satisfaction of any and all Assignor's duties and/or obligations, including without limitation the payment of Rent, under the Lease; and Landlord shall indemnify, defend and hold Assignor harmless from and against any and all obligations, claims, costs, demands, liabilities, lawsuits, actions and other proceedings in law or in equity or otherwise, judgments, awards and expenses of every kind and nature whatsoever (except as provided in Section 4(iv) hereof), including without limitation, attorneys' fees and leasing commissions, arising out of or relating to, directly or indirectly, the Lease, vesting, accruing and/or arising after the Assignment Date.

(ii) The Landlord's consent does not constitute a waiver of the necessity of obtaining a subsequent consent of Landlord to any assignment of the Lease or subletting of the Premises or any other transfer of the Lease,

1.3. "**Total Rental Rate** including C.A.M., Taxes and Insurance for a period of 5 years and 2 (5) year options are as follows:

Period or Months of Term	Rental Rate	Annualized Base Rent
Year 1	[redacted]	
Year 2		
Year 3		
Year 4		
Year 5		

1.4. "**FIRST OPTION TO EXTEND LEASE**" shall mean the following:

Tenant is granted the option to extend the term of the Lease for an additional 5 year period, provided that Tenant notifies the Landlord its desire to exercise said option, in writing 60 days prior to the end of Year 5.

In the event Tenant does not notify landlord within the above stated time and manner said Lease shall terminate.

In the event Tenant exercises its option the term of the Lease all terms and conditions shall remain in full force and the rent for the extended time shall be:

Period or Months of Term	Rental Rate	Annualized Base Rent
Year 6	[redacted]	
Year 7		
Year 8		
Year 9		
Year 10		

P.T.

1.5. "**SECOND OPTION TO EXTEND LEASE**" shall mean the following:

Tenant is granted the option to extend the term of the Lease for an additional 5 year period, provided that Tenant notifies the Landlord its desire to exercise said option, in writing 60 days prior to the end of Year 10. Rate shall be determined at said time and rate shall not exceed CPI.

In the event Tenant does not notify landlord within the above stated time and manner said Lease shall terminate.

In the event Tenant exercises its option the term of the Lease all terms and conditions shall remain in full force and the rent for the extended time shall be:

1.5. "**Tenant's Pro Rata Share**": INCLUDED IN THE RENTAL AMOUNT.

1.6. "**Term**": A period of Sixty (60) months. The Term shall commence on December 1, 2019 (the "**Commencement Date**") and, unless terminated early in accordance with this Lease, end on the last calendar day of the month that is Sixty (60) months after the Commencement Date (the "**Termination Date**").

1.7. "**Initial Payment**" upon execution of this Lease, Tenant shall deliver to Landlord the first month's rent in the amount of $[redacted] plus the Security Deposit in the amount of $[redacted]

1.8. "**Security Deposit**": $[redacted] (equal to the Monthly Rent), as more fully described in Section 6

1.9. "**Brokerage Disclosure**": N/A

1.10. "**Permitted Use**": Restaurant purposes for listed Tenant only.

2655 Cobb Parkway, Suite 108 Kennesaw, Georgia 30152	2239 Noelle Place Powder Springs Ga 30127

1.12. "**Business Day(s)**" are Monday through Friday of each week, exclusive of New Year's Day, Presidents Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day ("**Holidays**"). Landlord may designate additional Holidays that are commonly recognized by other office buildings in the area where the Retail Center is located.

1.13. "**Tenant's Work**" means the work that Tenant, under Landlord's supervision, is obligated to perform in the Premises pursuant to the plans and specifications (the "**Plans**") attached to this Lease as **Exhibit E**.

1.14. "**Property**" means the Retail Center and the parcel(s) of land on which it is located and, at Landlord's discretion, the parking facilities and other improvements, if any, serving the Retail Center and the parcel(s) of land on which they are located.

2. **Lease Grant.** The Premises are hereby leased to Tenant from Landlord, together with the right to use any portions of the Property that are designated by Landlord for the common use of tenants and others (the "**Common Areas**").

3. **Tenant's Work.**

3.1. **Tenant's Work.** Landlord shall provide Tenant an allowance (in the form of a rental abatement, as provided below) in an amount of up to $[redacted] (as determined pursuant to Section 3.5 below, the "**Allowance**") to be used by Tenant to construct certain improvements on the Premises (collectively, the "Tenant's Work"). The Allowance shall be

P. T
O. T

provided via an abatement of rent, and shall be governed by Section 3.5 below. Within ten (10) days of Landlord's approval of each invoice from the Contractor (as defined below), Tenant shall pay Contractor all amounts specified and approved in such invoice.

3.2. Plans. Tenant's Work shall be constructed and completed in accordance with the plans and specifications (the "**Plans**") attached hereto as **Exhibit E**, which is incorporated by reference herein. All Tenant's Work undertaken in the Premises by Tenant shall be installed in a workmanlike manner and in compliance with all applicable laws and regulations. Tenant shall make or cause to be made all such alterations to the Premises as shall be required for compliance with the Americans with Disabilities Act of 1990 and any rules and regulations from time to time promulgated thereunder. If as a result of Tenant's Work there is any damage to any other premises or personal property of either Landlord or any other tenant, Tenant shall, at its sole cost and expense, immediately repair said damage and/or replace said personal property.

3.3. Contractor; Lien Matters. Tenant shall use a contractor approved by Landlord in writing (the "**Contractor**") to complete all of Tenant's Work; Landlord's representative shall further oversee the construction of all of Tenant's Work. Tenant shall not use any other contractor(s) or subcontractor(s) without Landlord's prior written approval. Tenant shall not permit to be created nor to remain undischarged any lien, encumbrance or charge arising out of any work of any contractor, mechanic, laborer or materialmen which might be or become a lien or encumbrance or charge upon the Premises, and Tenant shall not suffer any other matter or thing whereby the interest of Landlord in the Premises or in the Shopping Center might be impaired. Not in limitation of the foregoing, if any lien were filed by virtue of Tenant's Work, Tenant shall cause the same to be fully discharged of record by payment, bond, order of court, or otherwise as required by law within thirty (30) days of filing. Landlord may, at Landlord's option, cause such discharge and Tenant shall reimburse Landlord, with interest, for all of its costs and expenses, including attorneys' fees, incurred by Landlord within ten (10) days of receipt of written demand thereof by Landlord. Nothing in this Lease shall be construed as in any way constituting a consent or request by Landlord, expressed or implied, by inference or otherwise, to any contractor, subcontractor, laborer, or materialman for the performance of any labor or the furnishing of any materials for any specific or general improvements. All such work including, without limitation, floor covering, lighting, ventilating, heating and air conditioning equipment, wall coverings and store fronts shall, upon termination of this Lease, attach to the realty and become and remain Landlord's property. Tenant agrees not to undertake any Tenant work without Landlord's prior written consent.

3.4. Construction Management Fee. Tenant shall be charged a construction management fee of two and one-half percent (2½%) of the actual cost of Tenant's Work (the "**Construction Management Fee**"). The Construction Management Fee shall be deducted from the Allowance to which Tenant is otherwise entitled.

3.5. Rental Abatement. In consideration for Tenant performing Tenant's Work, Landlord shall provide Tenant the foregoing Allowance (as reduced by the Construction Management Fee) through an abatement of rent, the amount of which shall be the lesser of (i) actual costs incurred by Tenant in performing Tenant's Work; and (ii) $38,200.00. Tenant shall provide Landlord all invoices, receipts and other documentation of costs incurred by Tenant in performing Tenant's Work, which may reasonably be requested by Landlord. The Abatement shall only apply to the Base Rent for the month in question and Tenant shall remain responsible for paying the Taxes and Tenant's Proportionate Share of Common Costs due under the Lease for such months.

4. Rent.

4.1. Rent. Tenant shall pay Landlord, without any setoff or deduction, unless expressly set forth in this Lease, all Rent due for the Term (collectively referred to as "**Rent**"). Tenant shall pay and be liable for all rental, sales and use taxes (but excluding income taxes), if any, imposed upon or measured by Rent. Base Rent and recurring monthly charges of Additional Rent shall be due and payable in advance on the fifth (5th) day of each calendar month without notice or demand, provided that the installment of Base Rent and Additional Rent for Expenses and Taxes for first full calendar month of the Term coming due hereunder shall be payable upon the execution of this Lease by Tenant. All other items of Rent shall be due and payable by Tenant within five (5) days of billing by Landlord. Rent shall be made payable to the entity, and sent to the address, Landlord designates and shall be made by good and sufficient check or by other means acceptable to Landlord. Tenant shall pay Landlord an administration fee equal to five percent (5%) of all past due Rent. In addition, past due Rent shall accrue interest at twelve percent (12%) per annum. Landlord's acceptance of less than the correct amount of Rent shall be considered a payment on account of the earliest Rent due. Rent for any partial month during the Term shall be prorated. No endorsement or statement on a check or letter accompanying payment shall be considered an accord and satisfaction. Tenant's covenant to pay Rent is independent of every other covenant in this Lease.

4.2. Taxes In Excess of Base Year. N/A

P. T.
O.T.

4.3. **Tenant's Pro Rata Share of Expenses.** N/A

4.4. **Expenses.** "**Expenses**" N/A

4.5. "**Taxes**" N/A

5. **Compliance with Laws; Use.** The Premises shall be used for the Permitted Use and for no other use whatsoever. Tenant shall comply with all statutes, codes, ordinances, orders, rules and regulations of any municipal or governmental entity whether in effect now or later, including the Americans with Disabilities Act ("Law(s)"), regarding the operation of Tenant's business and the use, condition, configuration and occupancy of the Premises. Tenant shall promptly provide Landlord with copies of any notices it receives regarding an alleged violation of Law. Tenant shall comply with the rules and regulations of the Retail Center attached as **Exhibit C** and such other reasonable rules and regulations adopted by Landlord from time to time, including rules and regulations for the performance of Alterations (defined in **Section 9**). Additionally, if an increase in any insurance premiums paid by Landlord for the Retail Center is caused by Tenant's use of the Premises, including but not limited to any increase arising out of Tenant's vacating the Premises in violation of this Lease, then Tenant shall pay to Landlord, as additional rent, the amount of such increase within ten (10) days after demand therefore.

Upon occupancy of the Premises, Tenant shall obtain a certificate of occupancy (or its jurisdictional equivalent) from the local authority and shall deliver an original or certified copy to Landlord.

Tenant is granted the license and right to use, for the benefit of Tenant, its employees, customers, invitees and licensees, the parking areas adjacent to the building of which the Premises is a part, on a non-exclusive basis subject to reasonable regulation by Landlord. All parking on any common drive areas by Tenant or any of Tenant's employees, customers, invitees or licensees shall be upon the express condition that all such drives must be kept clear for through traffic of all vehicles, including tractor-trailers. No driving or parking of any vehicles on non-paved area adjoining the building or within the Retail Center is permitted.

6. **Security Deposit.** The Security Deposit shall be delivered to Landlord upon the execution of this Lease by Tenant and held by Landlord without liability for interest (unless required by Law) as security for the performance of Tenant's obligations. The Security Deposit is not an advance payment of Rent or a measure of damages. Landlord may use all or a portion of the Security Deposit to satisfy past due Rent or to cure any Default (defined in **Section 18**) by Tenant. If Landlord uses any portion of the Security Deposit, Tenant shall, within five (5) days after demand, restore the Security Deposit to its original amount. Landlord shall return any unapplied portion of the Security Deposit to Tenant within forty-five (45) days after the later to occur of: (a) determination of the final Rent due from Tenant; or (b) the later to occur of the Termination Date or the date Tenant surrenders the Premises to Landlord in compliance with **Section 25**. Landlord may assign the Security Deposit to a successor or transferee and, following the assignment, Landlord shall have no further liability for the return of the Security Deposit. Landlord shall not be required to keep the Security Deposit separate from its other accounts.

7. **Building Services.**

7.1. Landlord shall furnish or cause to be furnished the following services to the Premises: (a) water and sewer for use in the Premises; and (b) such other services as Landlord reasonably determines are necessary or appropriate for the Property.

7.2. All other services used in the Premises by Tenant, including but not limited to heating, ventilating and air conditioning systems and services, electricity and gas service, telephone and data service and trash removal, shall all be established, including the installation of individual meters, and paid for by Tenant directly to the applicable service provider.

7.3. Landlord's failure to furnish, or any interruption, diminishment or termination of services due to the application of Laws, the failure of any equipment, the performance of repairs, improvements or alterations, utility interruptions or the occurrence of an event of Force Majeure (defined in **Section 26.3**) (collectively a "**Service Failure**") shall not render Landlord liable to Tenant, constitute a constructive eviction of Tenant, give rise to an abatement of Rent, nor relieve Tenant from the obligation to fulfill any covenant or agreement.

8. **Leasehold Improvements.** All improvements in and to the Premises, including any Alterations (collectively, "**Leasehold Improvements**") shall remain upon the Premises at the end of the Term without compensation to Tenant. Landlord, however, by written notice to Tenant at least thirty (30) days prior to the Termination Date, may require Tenant, at its expense, to remove (a) any Cable (defined in **Section 9.1**) installed by or for the benefit of Tenant, and (b) any other Tenant's Work or Alterations that, Landlord may require (collectively referred to as "**Required Removables**"). Required Removables shall include, without limitation, internal stairways, raised floors, personal baths and showers, vaults, rolling file systems and structural alterations and modifications. The designated Required Removables shall be removed by Tenant before the Termination Date. Tenant shall repair damage caused by the installation or removal of Required Removables. If Tenant

P. T.
O. T.

fails to perform its obligations in a timely manner, Landlord may perform such work at Tenant's expense. Tenant, at the time it requests approval for a proposed Alteration, may request in writing that Landlord advise Tenant whether the Alteration or any portion of the Alteration is a Required Removable. Within ten (10) days after receipt of Tenant's request, Landlord shall advise Tenant in writing as to which portions of the Alteration are Required Removables.

9. Repairs and Alterations.

9.1. Tenant shall periodically inspect the Premises to identify any conditions that are dangerous or in need of maintenance or repair. Tenant shall promptly provide Landlord with notice of any such conditions. Tenant shall, at its sole cost and expense, perform all maintenance and repairs to the Premises that are not Landlord's express responsibility under this Lease, and keep the Premises in good condition and repair, reasonable wear and tear excepted. Tenant's repair and maintenance obligations include, without limitation, repairs to: (a) floor covering; (b) interior partitions; (c) doors; (d) the interior side of demising walls; (e) electronic, phone and data cabling and related equipment that is installed by or for the exclusive benefit of Tenant (collectively, "**Cable**"); (f) air conditioning units, kitchens, including hot water heaters, plumbing, and similar facilities exclusively serving Tenant; (g) plate glass; (h) windows; (i) lights; (j) pest control and extermination; and (k) Alterations. To the extent Landlord is not reimbursed by insurance proceeds, Tenant shall reimburse Landlord for the cost of repairing damage to the Retail Center caused by the acts of Tenant, Tenant Related Parties and their respective contractors and vendors. If Tenant fails to make any repairs to the Premises for more than fifteen (15) days after notice from Landlord (although notice shall not be required in an emergency), Landlord may make the repairs, and Tenant shall pay the reasonable cost of the repairs, together with an administrative charge in an amount equal to ten percent (10%) of the cost of the repairs.

It is agreed between Landlord and Tenant that the day-to-day maintenance of the heating, ventilating and air-conditioning equipment wholly contained in and exclusively serving the Premises (collectively "**HVAC Systems**") shall be the responsibility of the Tenant. Tenant agrees to enter into a third party preventative maintenance agreement covering such HVAC Systems in form and content reasonably acceptable to Landlord.

9.2. Landlord shall be responsible for the maintenance, repair and replacement of the complete roofing system, building structure, including but not limited to exterior and load bearing columns and walls, foundation and floor slab, fire sprinklers or other automatic fire extinguishing system including fire, electrical, and plumbing systems serving the building structure, the electrical service up to electrical panels, water, sewer throughout the Retail Center, and all common areas and exterior areas, sidewalks, driveways, grounds and parking areas, unless the need for such maintenance, repair or replacement arises by the negligence or misuse of Tenant, its employees, contractors or agents, in which event such maintenance, repairs or replacement shall be made by and at the expense of Tenant.

9.3. Tenant shall not make alterations, repairs, additions or improvements or install any Cable (collectively referred to as "**Alterations**") without first obtaining the written consent of Landlord in each instance, which consent shall not be unreasonably withheld or delayed. However, Landlord's consent shall not be required for any Alteration that satisfies all of the following criteria (a "**Cosmetic Alteration**"): (a) is of a cosmetic nature such as painting, wallpapering, hanging pictures and installing carpeting; (b) is not visible from the exterior of the Premises; (c) will not affect the building in which the Premises is located; and (d) does not require work to be performed inside the walls or above the ceiling of the Premises. Cosmetic Alterations shall be subject to all the other provisions of this **Section 9.3**. Prior to starting work, Tenant shall furnish Landlord with plans and specifications; names of contractors acceptable to Landlord required permits and approvals; evidence of contractor's and subcontractor's insurance in amounts reasonably required by Landlord and naming Landlord as an additional insured; and any security for performance in amounts reasonably required by Landlord. Changes to the plans and specifications must also be submitted to Landlord for its approval. Alterations shall be constructed in a good and workmanlike manner using materials of a quality reasonably approved by Landlord. Tenant shall reimburse Landlord for any sums paid by Landlord for third party examination of Tenant's plans for non-Cosmetic Alterations. In addition, Tenant shall pay Landlord a fee for Landlord's oversight and coordination of any non-Cosmetic Alterations equal to ten percent (10%) of the cost of the Alterations. Upon completion, Tenant shall furnish "as-built" plans for non-Cosmetic Alterations, completion affidavits and full and final waivers of lien. Landlord's approval of an Alteration shall not be deemed a representation by Landlord that the Alteration complies with Law.

9.4. Tenant may not enter upon or access the roof of the Building except when accompanied by Landlord. Tenant's entry onto the roof without the accompaniment of Landlord shall be an immediate default of this Lease.

10. Entry by Landlord. Landlord may enter the Premises to inspect, show or clean the Premises or to perform or facilitate the performance of repairs, alterations or additions to the Premises or any portion of the Retail Center. Except in

P. T.
O. T.

emergencies or to provide services, Landlord shall provide Tenant with reasonable prior verbal notice of entry and shall use reasonable efforts to minimize any interference with Tenant's use of the Premises. If reasonably necessary, Landlord may temporarily close all or a portion of the Premises to perform repairs, alterations and additions. Entry by Landlord shall not constitute a constructive eviction or entitle Tenant to an abatement or reduction of Rent. Tenant shall not change the Landlord's lock system without first obtaining Landlord's consent.

11. Assignment and Subletting.

11.1. Except in connection with a Permitted Transfer (defined in **Section 11.4**), Tenant shall not assign, sublease, transfer or encumber any interest in this Lease or allow any third party to use any portion of the Premises (collectively or individually, a "**Transfer**") without the prior written consent of Landlord, which consent shall not be unreasonably withheld, conditioned or delayed if Landlord does not exercise its recapture rights under **Section 11.2**. If the entity which controls the voting shares/rights of Tenant changes at any time, such change of ownership or control shall constitute a Transfer unless Tenant is an entity whose outstanding stock is listed on a recognized securities exchange or if at least eighty percent (80%) of its voting stock is owned by another entity, the voting stock of which is so listed. Any attempted Transfer in violation of this Section is voidable by Landlord. In no event shall any Transfer, including a Permitted Transfer, release or relieve Tenant from any obligation under this Lease.

11.2. Tenant shall provide Landlord with financial statements for the proposed transferee, a fully executed copy of the proposed assignment, sublease or other Transfer documentation and such other information as Landlord may reasonably request. Within fifteen (15) Business Days after receipt of the required information and documentation, Landlord shall either: (a) consent to the Transfer by execution of a consent agreement in a form reasonably designated by Landlord; (b) reasonably refuse to consent to the Transfer in writing; or (c) in the event of an assignment of this Lease or subletting of more than twenty percent (20%) of the Rentable Area of the Premises for more than fifty percent (50%) of the remaining Term (excluding unexercised options), recapture the portion of the Premises that Tenant is proposing to Transfer. If Landlord exercises its right to recapture, this Lease shall automatically be amended (or terminated if the entire Premises is being assigned or sublet) to delete the applicable portion of the Premises effective on the proposed effective date of the Transfer. Tenant shall pay Landlord a review fee of $[redacted] for Landlord's review of any Permitted Transfer or requested Transfer.

11.3. Tenant shall pay Landlord fifty percent (50%) of all rent and other consideration which Tenant receives as a result of a Transfer that is in excess of the Rent payable to Landlord for the portion of the Premises and Term covered by the Transfer. Tenant shall pay Landlord for Landlord's share of the excess within thirty (30) days after Tenant's receipt of the excess. Tenant may deduct from the excess, on a straight-line basis, all reasonable and customary expenses directly incurred by Tenant attributable to the Transfer. If Tenant is in Default, Landlord may require that all sublease payments be made directly to Landlord, in which case Tenant shall receive a credit against Rent in the amount of Tenant's share of payments received by Landlord.

11.4. The provisions of this **Section 11** shall not, however, be applicable to an assignment of this Lease by Tenant to a subsidiary or controlling corporation (a "**Permitted Transfer**"), provided (and it shall be a condition of the validity of any such assignment) that such subsidiary or controlling corporation agree directly with Landlord to be bound by all of the obligations of the Tenant hereunder, including, without limitation, the obligation to pay the rent and other amounts provided for under this Lease, and the covenant against further assignment; but such assignment shall not relieve the Tenant herein named of any of its obligations hereunder, and the Tenant shall remain fully liable therefor. Furthermore, it is specifically understood and agreed that said assignment to a subsidiary or controlling corporation shall be valid only for such period of time as said subsidiary or controlling corporation remains a subsidiary or controlling corporation of Tenant; and in the event Tenant shall ever sell or otherwise transfer said controlling interest in said subsidiary to another person or entity, or if said controlling corporation shall cease to control Tenant, unless Landlord shall have specifically assented thereto, the same shall be deemed to be a material breach of this Lease entitling Landlord forthwith to terminate this Lease or to exercise any other remedies set forth herein or allowed at law or in equity.

12. Liens. Tenant shall not permit mechanics' or other liens to be placed upon the Property, Premises or Tenant's leasehold interest in connection with any work or service done or purportedly done by or for the benefit of Tenant or its transferees. Tenant shall give Landlord notice at least fifteen (15) days prior to the commencement of any work in the Premises to afford Landlord the opportunity, where applicable, to post and record notices of non-responsibility. Tenant, within ten (10) days of notice from Landlord, shall fully discharge any lien by settlement, by bonding or by insuring over the lien in the manner prescribed by the applicable lien Law. If Tenant fails to do so, Landlord may bond, insure over or otherwise discharge the lien. Tenant shall reimburse Landlord for any amount paid by Landlord, including, without limitation, reasonable attorneys' fees, and a ten percent (10%) administrative fee.

P.T.
O.T.

13. **Indemnity and Waiver of Claims.** Tenant hereby waives all claims against and releases Landlord and its trustees, members, principals, beneficiaries, partners, officers, directors, employees, Mortgagees (defined in **Section 23**) and agents (the "**Landlord Related Parties**") from all claims for any injury to or death of persons, damage to property or business loss in any manner related to (a) Force Majeure, (b) acts of third parties, (c) the bursting or leaking of any tank, water closet, drain or other pipe, (d) the inadequacy or failure of any security services, personnel or equipment, or (e) any matter not within the reasonable control of Landlord. Except to the extent caused by the gross negligence or willful misconduct of Landlord or any Landlord Related Parties, Tenant shall indemnify, defend and hold Landlord and Landlord Related Parties harmless against and from all liabilities, obligations, damages, penalties, claims, actions, costs, charges and expenses, including, without limitation, reasonable attorneys' fees and other professional fees (if and to the extent permitted by Law) (collectively referred to as "**Losses**"), which may be imposed upon, incurred by or asserted against Landlord or any of the Landlord Related Parties by any third party and arising out of or in connection with any damage or injury occurring in the Premises or any acts or omissions (including violations of Law) of Tenant, the Tenant Related Parties or any of Tenant's transferees, contractors or licensees. Except to the extent caused by the negligence or willful misconduct of Tenant or any Tenant Related Parties, Landlord shall indemnify, defend and hold Tenant, its trustees, members, principals, beneficiaries, partners, officers, directors, employees and agents ("**Tenant Related Parties**") harmless against and from all Losses which may be imposed upon, incurred by or asserted against Tenant or any of the Tenant Related Parties by any third party and arising out of or in connection with the acts or omissions (including violations of Law) of Landlord or the Landlord Related Parties.

14. **Insurance.**

14.1. Tenant shall maintain the following insurance ("**Tenant's Insurance**"): (a) Commercial General Liability Insurance applicable to the Premises and its appurtenances providing, on an occurrence basis, a minimum combined single limit of $[redacted] in excess liability coverage; (b) Property/Business Interruption Insurance written on an All Risk or Special Perils form, with coverage for broad form water damage including earthquake and sprinkler leakage, at replacement cost value and with a replacement cost endorsement covering all of Tenant's business and trade fixtures, equipment, movable partitions, furniture, merchandise and other personal property within the Premises ("**Tenant's Property**") and any Leasehold Improvements performed by or for the benefit of Tenant; (c) Workers' Compensation Insurance in amounts required by Law; and (d) Employers Liability Coverage of at least $[redacted] per occurrence; (e) Primary automobile liability insurance with limits of not less than One Million and No/100 Dollars ($[redacted] per occurrence, covering owned and non-owned vehicles used by Tenant. Any company writing Tenant's Insurance shall have an A.M. Best rating of not less than A-VIII. All Commercial General Liability Insurance policies shall name as additional insureds Landlord (or its successors and assignees), the managing agent for the Retail Center (or any successor), and their respective members, principals, beneficiaries, partners, officers, directors, employees, and agents, and other designees of Landlord and its successors as the interest of such designees shall appear. All policies of Tenant's Insurance shall contain endorsements that the insurer(s) shall give Landlord and its designees at least thirty (30) days' advance written notice of any cancellation, termination, material change or lapse of insurance. Tenant shall provide Landlord with a certificate of insurance evidencing Tenant's Insurance prior to the earlier to occur of the Commencement Date or the date Tenant is provided with possession of the Premises, and thereafter as necessary to assure that Landlord always has current certificates evidencing Tenant's Insurance.

14.2. No policy insuring Tenant's Property will be subject to more than a Twenty-Five Thousand and No/100 Dollars ($25,000.00) deductible limit without Landlord's prior written consent. Landlord reserves the right to require Tenant to carry such other insurance (including, without limitation and as applicable, plate glass insurance, automobile liability insurance, builder's risk insurance and liquor liability insurance) and endorsements in such amounts as Landlord in its sole discretion may deem necessary or appropriate. If Tenant fails to take out or keep in force any insurance required to be carried by Tenant, or to provide evidence of the same, Landlord shall have the right, but shall not be obligated, to obtain such insurance at the sole cost and expense of Tenant, and Tenant shall reimburse Landlord for the cost thereof upon demand.

15. **Subrogation.** Landlord and Tenant hereby waive and shall cause their respective insurance carriers to waive any and all rights of recovery, claims, actions or causes of action against the other for any loss or damage with respect to Tenant's Property, Leasehold Improvements, the Retail Center, the Premises, or any contents thereof, including rights, claims, actions and causes of action based on negligence, which loss or damage is (or would have been, had the insurance required by this Lease been carried) covered by insurance.

P.T.
O.T.

16. **Casualty Damage.**

16.1. If all or any portion of the Premises becomes untenantable by fire or other casualty to the Premises (collectively a "**Casualty**"), Landlord, with reasonable promptness, shall cause a general contractor selected by Landlord to provide Landlord and Tenant with a written estimate of the amount of time required using standard working methods to Substantially Complete the repair and restoration of the Premises and any Common Areas necessary to provide access to the Premises ("**Completion Estimate**"). If the Completion Estimate indicates that the Premises or any Common Areas necessary to provide access to the Premises cannot be made tenantable within two hundred seventy (270) days from the date the repair is started, then either party shall have the right to terminate this Lease upon written notice to the other within ten (10) days after receipt of the Completion Estimate. Tenant, however, shall not have the right to terminate this Lease if the Casualty was caused by the negligence or intentional misconduct of Tenant or any Tenant Related Parties. In addition, Landlord, by notice to Tenant within ninety (90) days after the date of the Casualty, shall have the right to terminate this Lease if: (1) the Premises have been materially damaged and there is less than 2 years of the Term remaining on the date of the Casualty; (2) any Mortgagee requires that the insurance proceeds be applied to the payment of the mortgage debt; or (3) a material uninsured loss to the Building occurs.

16.2. If this Lease is not terminated, Landlord shall promptly and diligently, subject to reasonable delays for insurance adjustment or other matters beyond Landlord's reasonable control, restore the Premises and Common Areas. Such restoration shall be to substantially the same condition that existed prior to the Casualty, except for modifications required by Law or any other modifications to the Common Areas deemed desirable by Landlord. Upon notice from Landlord, Tenant shall assign to Landlord (or to any party designated by Landlord) all property insurance proceeds payable to Tenant under Tenant's Insurance with respect to any Leasehold Improvements performed by or for the benefit of Tenant; provided if the estimated cost to repair such Leasehold Improvements exceeds the amount of insurance proceeds received by Landlord from Tenant's insurance carrier, the excess cost of such repairs shall be paid by Tenant to Landlord prior to Landlord's commencement of repairs. Within fifteen (15) days of demand, Tenant shall also pay Landlord for any additional excess costs that are determined during the performance of the repairs. Landlord shall not be liable for any inconvenience to Tenant, or injury to Tenant's business resulting in any way from the Casualty or the repair thereof. Provided that Tenant is not in Default, during any period of time that all or a material portion of the Premises is rendered untenantable as a result of a Casualty, the Rent shall abate for the portion of the Premises that is untenantable and not used by Tenant.

17. **Condemnation.** Either party may terminate this Lease if any material part of the Premises is taken or condemned for any public or quasi-public use under Law, by eminent domain or private purchase in lieu thereof (a "**Taking**"). Landlord shall also have the right to terminate this Lease if there is a Taking of any portion of the Retail Center or Property which would have a material adverse effect on Landlord's ability to profitably operate the remainder of the Retail Center. The terminating party shall provide written notice of termination to the other party within forty-five (45) days after it first receives notice of the Taking. The termination shall be effective on the date the physical taking occurs. If this Lease is not terminated, Base Rent and Tenant's Pro Rata Share shall be appropriately adjusted to account for any reduction in the square footage of the Retail Center or Premises. All compensation awarded for a Taking shall be the property of Landlord. The right to receive compensation or proceeds are expressly waived by Tenant, however, Tenant may file a separate claim for Tenant's Property and Tenant's reasonable relocation expenses, provided the filing of the claim does not diminish the amount of Landlord's award. If only a part of the Premises is subject to a Taking and this Lease is not terminated, Landlord, with reasonable diligence, will restore the remaining portion of the Premises as nearly as practicable to the condition immediately prior to the Taking.

18. **Events of Default.** Each of the following occurrences shall be a "**Default**": (a) Tenant's failure to pay any portion of Rent when due, if the failure continues for three (3) days after written notice to Tenant ("**Monetary Default**"); (b) Tenant's failure (other than a Monetary Default) to comply with any term, provision, condition or covenant of this Lease, if the failure is not cured within ten (10) days after written notice to Tenant provided, however, if Tenant's failure to comply cannot reasonably be cured within ten (10) days, Tenant shall be allowed additional time (not to exceed 60 days) as is reasonably necessary to cure the failure so long as Tenant begins the cure within ten (10) days and diligently pursues the cure to completion; (c) Tenant or any Guarantor becomes insolvent, makes a transfer in fraud of creditors, makes an assignment for the benefit of creditors, admits in writing its inability to pay its debts when due or forfeits or loses its right to conduct business; (d) the leasehold estate is taken by process or operation of Law; (e) Tenant does not take possession of or abandons or vacates all or any portion of the Premises; or (f) Tenant is in default beyond any notice and cure period under any other lease or agreement with Landlord at the Retail Center. If Landlord provides Tenant with notice of Tenant's failure to comply with any specific provision of this Lease on three (3) separate occasions during any twelve (12) month period, Tenant's subsequent violation of such provision shall, at Landlord's option, be an incurable Default by Tenant. All notices sent under this Section shall be in satisfaction of, and not in addition to, notice required by Law.

P.T.
O.T.

19. **Remedies.**

19.1. Upon Default, Landlord shall have the right to pursue any one or more of the following remedies:

19.1.1. Terminate this Lease, in which case Tenant shall immediately surrender the Premises to Landlord. If Tenant fails to surrender the Premises, Landlord, in compliance with Law, may enter upon and take possession of the Premises and remove Tenant, Tenant's Property and any party occupying the Premises. Tenant shall pay Landlord, on demand, all past due Rent and other losses and damages Landlord suffers as a result of Tenant's Default, including, without limitation, all Costs of Reletting (defined below) and any deficiency that may arise from reletting or the failure to relet the Premises. "**Costs of Reletting**" shall include all reasonable costs and expenses incurred by Landlord in reletting or attempting to relet the Premises, including, without limitation, legal fees, brokerage commissions, the cost of alterations and the value of other concessions or allowances granted to a new tenant.

19.1.2. Terminate Tenant's right to possession of the Premises and, in compliance with Law, remove Tenant, Tenant's Property and any parties occupying the Premises. Landlord may (but shall not be obligated to) relet all or any part of the Premises, without notice to Tenant, for such period of time and on such terms and conditions (which may include concessions, free rent and work allowances) as Landlord in its absolute discretion shall determine. Landlord may collect and receive all rents and other income from the reletting. Tenant shall pay Landlord on demand all past due Rent, all Costs of Reletting and any deficiency arising from the reletting or failure to relet the Premises. The re-entry or taking of possession of the Premises shall not be construed as an election by Landlord to terminate this Lease.

19.2. In lieu of calculating damages under **Section 19.1**, Landlord may elect to receive as damages the sum of (a) all Rent accrued through the date of termination of this Lease or Tenant's right to possession, and (b) an amount equal to the total Rent that Tenant would have been required to pay for the remainder of the Term discounted to present value, minus the then present fair rental value of the Premises for the remainder of the Term, similarly discounted, after deducting all anticipated Costs of Reletting.

19.3. If Tenant is in Default of any of its non-monetary obligations under the Lease, Landlord shall have the right to perform such obligations. Tenant shall reimburse Landlord for the cost of such performance upon demand together with an administrative charge equal to ten percent (10%) of the cost of the work performed by Landlord. The repossession or re-entering of all or any part of the Premises shall not relieve Tenant of its liabilities and obligations under this Lease. No right or remedy of Landlord shall be exclusive of any other right or remedy. Each right and remedy shall be cumulative and in addition to any other right and remedy now or subsequently available to Landlord at Law or in equity.

20. **Limitation of Liability.** NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS LEASE, THE LIABILITY OF LANDLORD (AND OF ANY SUCCESSOR LANDLORD) SHALL BE LIMITED TO THE LESSER OF (A) THE INTEREST OF LANDLORD IN THE PROPERTY, OR (B) THE EQUITY INTEREST LANDLORD WOULD HAVE IN THE PROPERTY IF THE PROPERTY WERE ENCUMBERED BY THIRD PARTY DEBT IN AN AMOUNT EQUAL TO 70% OF THE VALUE OF THE PROPERTY. TENANT SHALL LOOK SOLELY TO LANDLORD'S INTEREST IN THE PROPERTY FOR THE RECOVERY OF ANY JUDGMENT OR AWARD AGAINST LANDLORD OR ANY LANDLORD RELATED PARTY. NEITHER LANDLORD NOR ANY LANDLORD RELATED PARTY SHALL BE PERSONALLY LIABLE FOR ANY JUDGMENT OR DEFICIENCY, AND IN NO EVENT SHALL LANDLORD OR ANY LANDLORD RELATED PARTY BE LIABLE TO TENANT FOR ANY LOST PROFIT, DAMAGE TO OR LOSS OF BUSINESS OR ANY FORM OF SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGE. BEFORE FILING SUIT FOR AN ALLEGED DEFAULT BY LANDLORD, TENANT SHALL GIVE LANDLORD AND THE MORTGAGEE(S) WHOM TENANT HAS BEEN NOTIFIED HOLD MORTGAGES (DEFINED IN SECTION 23 BELOW), NOTICE AND REASONABLE TIME TO CURE THE ALLEGED DEFAULT.

21. **Relocation.** Landlord, at its expense, at any time before or during the Term, may relocate Tenant from the Premises to space of reasonably comparable size and utility ("**Relocation Space**") within the Retail Center upon sixty (60) days' prior written notice to Tenant. From and after the date of the relocation, the Base Rent and Tenant's Pro Rata Share shall be adjusted based on the rentable square footage of the Relocation Space. Landlord shall pay Tenant's reasonable costs of relocation, including all costs for moving Tenant's furniture, equipment, supplies and other personal property, as well as the cost of printing and distributing change of address notices to Tenant's customers and one month's supply of stationery showing the new address.

P. T.
O. T.

22. **Holding Over.** If Tenant fails to surrender all or any part of the Premises at the termination of this Lease, occupancy of the Premises after termination shall be that of a tenancy at sufferance. Tenant's occupancy shall be subject to all the terms and provisions of this Lease, and Tenant shall pay an amount (on a per month basis without reduction for partial months during the holdover) equal to one hundred fifty percent (150%) of the sum of the Base Rent and Additional Rent due for the period immediately preceding the holdover. No holdover by Tenant or payment by Tenant after the termination of this Lease shall be construed to extend the Term or prevent Landlord from immediate recovery of possession of the Premises by summary proceedings or otherwise. If Landlord is unable to deliver possession of the Premises to a new tenant or to perform improvements for a new tenant as a result of Tenant's holdover and Tenant fails to vacate the Premises within fifteen (15) days after notice from Landlord, Tenant shall be liable for all damages that Landlord suffers from the holdover.

23. **Subordination to Mortgages; Estoppel Certificate.** Tenant accepts this Lease subject and subordinate to any mortgage(s), deed(s) of trust, ground lease(s) or other lien(s) now or subsequently arising upon the Premises, the Building or the Property, and to renewals, modifications, refinancings and extensions thereof (collectively referred to as a "**Mortgage**"). The party having the benefit of a Mortgage shall be referred to as a "**Mortgagee**". This clause shall be self-operative, but upon request from a Mortgagee, Tenant shall execute a commercially reasonable subordination agreement in favor of the Mortgagee. As an alternative, a Mortgagee shall have the right at any time to subordinate its Mortgage to this Lease. Upon request, Tenant, without charge, shall attorn to any successor to Landlord's interest in this Lease. Landlord and Tenant shall each, within ten (10) days after receipt of a written request from the other, execute and deliver a commercially reasonable estoppel certificate to those parties as are reasonably requested by the other (including a Mortgagee or prospective purchaser). Without limitation, such estoppel certificate may include a certification as to the status of this Lease, the existence of any defaults and the amount of Rent that is due and payable.

24. **Notice.** All demands, approvals, consents or notices (collectively referred to as a "**notice**") shall be in writing and delivered by hand or sent by registered or certified mail with return receipt requested or sent by overnight or same day courier service at the party's respective Notice Address set forth in **Section 1**. Each notice shall be deemed to have been received on the earlier to occur of actual delivery or the date on which delivery is refused, or, if Tenant has vacated the Premises or any other Notice Address of Tenant without providing a new Notice Address, three (3) days after notice is deposited in the U.S. mail or with a courier service in the manner described above. Either party may, at any time, change its Notice Address (other than to a post office box address) by giving the other party written notice of the new address.

25. **Surrender of Premises.** At the termination of this Lease or Tenant's right of possession, Tenant shall remove Tenant's Property from the Premises, and quit and surrender the Premises to Landlord, broom clean, and in good order, condition and repair, ordinary wear and tear and damage which Landlord is obligated to repair hereunder excepted. If Tenant fails to remove any of Tenant's Property within two (2) days after termination of this Lease or Tenant's right to possession, Landlord, at Tenant's sole cost and expense, shall be entitled (but not obligated) to remove and store Tenant's Property. Landlord shall not be responsible for the value, preservation or safekeeping of Tenant's Property. Tenant shall pay Landlord, upon demand, the expenses and storage charges incurred. If Tenant fails to remove Tenant's Property from the Premises or storage, within thirty (30) days after notice, Landlord may deem all or any part of Tenant's Property to be abandoned and title to Tenant's Property shall vest in Landlord.

26. **Miscellaneous.**

26.1. This Lease shall be interpreted and enforced in accordance with the Laws of Georgia and Landlord and Tenant hereby irrevocably consent to the jurisdiction and proper venue of Georgia. If any term or provision of this Lease shall to any extent be void or unenforceable, the remainder of this Lease shall not be affected. If there is more than one Tenant or if Tenant is comprised of more than one party or entity, the obligations imposed upon Tenant shall be joint and several obligations of all the parties and entities, and requests or demands from any one person or entity comprising Tenant shall be deemed to have been made by all such persons or entities. Notices to any one person or entity shall be deemed to have been given to all persons and entities. Tenant represents and warrants to Landlord that each individual executing this Lease on behalf of Tenant is authorized to do so on behalf of Tenant and that Tenant is not, and the entities or individuals constituting Tenant or which may own or control Tenant or which may be owned or controlled by Tenant are not, among the individuals or entities identified on any list compiled pursuant to Executive Order 13224 for the purpose of identifying suspected terrorists.

26.2. If either party institutes a suit against the other for violation of or to enforce any covenant, term or condition of this Lease, the prevailing party shall be entitled to all of its costs and expenses, including, without limitation, reasonable attorneys' fees. Landlord and Tenant hereby waive any right to trial by jury in any proceeding based upon a breach of this

P.T.
O.T.

Lease. Either party's failure to declare a default immediately upon its occurrence, or delay in taking action for a default, shall not constitute a waiver of the default, nor shall it constitute an estoppel.

26.3. Whenever a period of time is prescribed for the taking of an action by Landlord or Tenant (other than the payment of the Security Deposit or Rent), the period of time for the performance of such action shall be extended by the number of days that the performance is actually delayed due to strikes, acts of God, shortages of labor or materials, war, terrorist acts, civil disturbances and other causes beyond the reasonable control of the performing party ("**Force Majeure**").

26.4. Landlord shall have the right to transfer and assign, in whole or in part, all of its rights and obligations under this Lease and in the Retail Center and Property. Upon transfer Landlord shall be released from any further obligations hereunder and Tenant agrees to look solely to the successor in interest of Landlord for the performance of such obligations, provided that, any successor pursuant to a voluntary, third party transfer (but not as part of an involuntary transfer resulting from a foreclosure or deed in lieu thereof) shall have assumed Landlord's obligations under this Lease.

26.5. Landlord has delivered a copy of this Lease to Tenant for Tenant's review only and the delivery of it does not constitute an offer to Tenant or an option. Tenant represents that it has dealt directly with and only with the Broker as a broker in connection with this Lease. Tenant shall indemnify and hold Landlord and the Landlord Related Parties harmless from all claims of any other brokers claiming to have represented Tenant in connection with this Lease. Landlord shall indemnify and hold Tenant and the Tenant Related Parties harmless from all claims of any brokers claiming to have represented Landlord in connection with this Lease.

26.6. Time is of the essence with respect to Tenant's exercise of any expansion, renewal or extension rights granted to Tenant. The expiration of the Term, whether by lapse of time, termination or otherwise, shall not relieve either party of any obligations which accrued prior to or which may continue to accrue after the expiration or termination of this Lease.

26.7. Tenant may peacefully have, hold and enjoy the Premises, subject to the terms of this Lease, provided Tenant pays the Rent and fully performs all of its covenants and agreements. This covenant shall be binding upon Landlord and its successors only during its or their respective periods of ownership of the Building.

26.8. This Lease does not grant any rights to light or air over or about the Retail Center. Landlord excepts and reserves exclusively to itself any and all rights not specifically granted to Tenant under this Lease. This Lease constitutes the entire agreement between the parties and supersedes all prior agreements and understandings related to the Premises, including all lease proposals, letters of intent and other documents. Neither party is relying upon any warranty, statement or representation not contained in this Lease. This Lease may be modified only by a written agreement signed by an authorized representative of Landlord and Tenant.

26.9. Notwithstanding any language contained in this Lease to the contrary, Landlord makes no representation or warranty, express or implied, that Tenant's use of the Premises is in accordance with applicable laws, codes or ordinances.

26.10. In no event shall Tenant record this Lease or a Memorandum of Lease.

26.11. If any provision of this Lease or the application thereof to any person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Lease and the application of such provisions to other persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

26.12. Tenant shall serve written notice of any claimed default or breach by Landlord under this Lease upon any lender which is a beneficiary under any deed of trust or mortgage against the Premises. No notice to Landlord shall be effective unless such notice is served upon said lender(s). Said lender(s) shall have a reasonable period of time, following lender's receipt of such notice, to cure any alleged default or breach of the Lease by Landlord.

Landlord and Tenant have executed this Lease as of the day and year first above written.

RULES AND REGULATIONS

1. No sign, placard, picture, advertisement, name, notice or sun screening shall be inscribed, displayed, printed or affixed on or to any part of the outside or inside of the Building or any portion of the Retail Center without the written consent of Landlord. In the absence thereof, Landlord shall have the right to remove any such sign, placard, picture, advertisement, name or notice without notice to and at the expense of Tenant. All approved signs of lettering on doors shall be printed, painted, affixed or inscribed at the sole risk and expense of Tenant by a licensed contractor approved by Landlord and subject to all laws, ordinances, rules, regulations and recommendations of all governmental and quasi-governmental authorities having jurisdiction thereover and all insurance companies and fire rating agencies which insure the Retail Center. Tenant shall not place anything or allow anything to be placed near the glass of any window, door, partition or wall which may appear unsightly from outside the Premises. Landlord may specify a Building standard window covering for all exterior windows.

2. All parking shall be within the property boundaries of the Retail Center and within marked parking spaces. There should be no on-street parking and at no time shall any Tenant obstruct any driveways or loading areas intended for the use of other tenants, their employees, agents, customers and invitees. The driveways and parking areas in the Retail Center are for the joint and non- exclusive use of Landlord's tenants, their employees, agents, customers and invitees, unless specifically marked to the contrary. In the event Tenant, its agents, customers and/or invitees use a disproportionate portion of the parking areas, Landlord shall have the right to restrict Tenant, its agents, customers and/or invitees to certain parking areas. Tenant shall not permit any fleet trucks to park overnight in the Retail Center's parking areas without Landlord's prior written approval.

3. Unless specifically approved by Landlord in writing, no materials, supplies or equipment shall be stored anywhere in, on or about the Retail Center except inside the Premises. Tenant shall furnish its own trash receptacles and shall place such receptacles in a location designated by Landlord.

4. No additional locks, other than Landlord approved entry systems, shall be placed on the doors of the Premises by Tenant nor shall any existing locks be changed unless Landlord is immediately furnished with two keys thereto. Landlord will, without charge, furnish Tenant with two keys for each lock on the entrance doors to the Premises when Tenant assumes possession, with the understanding that at the termination or expiration of the Term of this Lease the keys to the Premises shall be returned to Landlord.

5. Tenant will refer all contractors, contractor's representatives and installation technicians rendering any service on or to the Leased Premises for Tenant to landlord for its approval, such approval shall not be unreasonably withheld, conditioned or delayed, and supervision before performance of any service. This provision shall apply to all work performed in the Retail Center, including, but not limited to, installation of electrical devices and attachments and installations of any nature affecting floors, walls, windows, ceilings, equipment or any other portion of the Retail Center.

6. Tenant shall not, at any time, occupy or allow any person to occupy any part of the Premises or The Retail Center as sleeping or lodging quarters.

7. Tenant shall not place, install or operate on the Premises or in any part of the Retail Center, any engine, stove or machinery, or conduct mechanical operations or cook thereon or therein, or place or use in or about the Premises any explosives, gasoline, kerosene, oil, acids, caustics or any other flammable, explosive or hazardous material without the prior written consent of Landlord. The foregoing shall not prohibit the use of microwave ovens.

8. Windows facing the Building exterior shall at all times be wholly clear and uncovered (except for such blinds or curtains or other window coverings Landlord may approve) so that a full unobstructed view of the interior of the Premises may be had from outside the Building.

9. The sidewalks, parking lots and exits shall not be obstructed by Tenant, its employees, agents, contractors, subtenants or assigns or used for any purpose other than for ingress to and egress from the Premises.

10. Tenant shall not use, keep or permit to be used or kept any foul or noxious gas or substance in the Premises, or permit or suffer the Premises to be occupied or used in a manner offensive or objectionable to Landlord or other occupants

P. T. O.T.

of the Retail Center by reason of noise, odors and vibrations, or interfere in any way with other Tenants or those having business in the Retail Center, nor shall any animals or birds be brought in or kept in or about the Premises or The Retail Center.

11. Landlord reserves the right to exclude or expel from the Retail Center any person who, in the reasonable judgment of Landlord, is intoxicated or under the influence of liquor or drugs, or who may in any manner do any act in violation of any law or any rule or regulation of the Retail Center.

12. Tenant shall not disturb, solicit or canvass any occupant of the Retail Center and shall cooperate to prevent same.

13. Without the prior written consent of Landlord, Tenant shall not use the name of the Retail Center in connection with or in promoting or advertising the business of Tenant except as Tenant's address.

14. Landlord shall have the right to control and operate the common areas of the Retail Center, the public facilities thereof, as well as the facilities furnished for the common use of all Tenants, in such manner as it deems appropriate, provided such control and operation does not interfere with Tenant's use of the Premises as contemplated by this Lease.

15. No satellite dish, radio, television or other aerial or equipment of any kind may be placed or installed on the roof or on any exterior wall of the Premises or Building or on the grounds or common areas of the Retail Center without the prior written consent of Landlord in each instance. Any equipment so installed without such written consent shall be at the sole risk of Tenant and shall be subject to removal without notice at any time and Tenant shall pay to Landlord, on demand, as additional rent, the cost of any damages occasioned thereby including, but not limited to, the cost to replace any warranty voided or diminished by such installation and the cost of removal and repairs.

16. Landlord shall have the right from time to time to reasonably modify, add to or delete any of these rules and regulations at Landlord's discretion.

DATE: August 14, 2023

TITLE: Consideration for approval of a public art exhibit application submitted by El Taco Azteca for the property located at 2689 Summers Street. Case #PA2023-05.

Summary:
The proposal is to install a permanent painted mural along a side yard fence. This mural will be visible primarily from the restaurant, more particularly, the outdoor side patio. However, it will also be able to be seen from the public right-of-way. The mural contains an image of Frida Kahlo who was a Mexican painter known for her self-portraits as well as iguanas and butterflies with a rainforest/tropical background theme. This public art application will go through the following public hearing process: the Kennesaw Art and Culture Commission on August 17, 2023, the Historic Preservation Commission on August 18, 2023 and the Mayor and Council on August 21, 2023. The subject property is located within the Central Business District and contains approximately 0.885 acres and lies on Land Lot 167 Tax Parcel 24.

Recommendation:
The Zoning Administrator recommends approval of the public art exhibit application.

2.03.05 Review and approval process of public art exhibits

A. All public art exhibits shall be required to submit a written application on forms provided by the City of Kennesaw Planning and Zoning Department for a site plan permit. A complete permit application will include an artist rendering or visual representation of the art work proposed, owners affidavits, photos of existing conditions on the property including location on permanent structures or buildings, description of materials to be used in association with art work, maintenance agreement and schedules of maintenance, a rendering or visual representation of the plaque or image of acknowledgements and titles, and permit fee as adopted in the City of Kennesaw fee schedule. A complete application packet will be submitted to the Planning and Zoning Administrator or designee.

B. The Planning and Zoning Administrator or designee will process the application and forward for review to the City of Kennesaw Art and Culture Commission on their prepared agenda within thirty days of receipt of application. The Planning and Zoning Administrator upon receipt of application, will review property for issues dealing with traffic issues and other city ordinances prior to processing for Art and Culture meeting agenda. The Planning and Zoning Administrator or designee will implement the following procedures for public notification: 1. Post a sign at the property alerting public of the time, date and location of the meeting where application will be considered; 2. Post application information and meeting information on the City of Kennesaw website; 3. Mailing of letters to property owners listed on the Cobb County Tax assessors records whose property are adjacent or about the property that is referenced on the application. Said letter will provide application information, time, date and location of the Art and Culture Commission and Mayor and Council meetings. After the application has been reviewed, a written recommendation is rendered by the Art and Culture Commission. The application will then be forwarded to the Mayor and Council for final review and action by vote.

C. The commission will review and render written recommendations to the Mayor and Council by vote on all submitted site plan permit applications during a scheduled meeting. The property owner(s) or an official representative must be present at all meetings. The commission will provide a findings document in the form of minutes that will provide the basis of decisions. Permit applications will reflect the recommendation of the commission to the Mayor and Council with the appropriate signature from the chairperson of said commission.

D. Any proposed locations in the Central Business District, Historic Preservation District or other historic districts will require a written recommendation from the Historic Preservation Commission.

E. The applicant shall be required to attend all scheduled meetings of the commission and all scheduled meetings of the Mayor and Council.

F. All approved site plan permits for permanent art exhibits will be in effect for seven years from the date of approval. The commission will accept a renewal application if art exhibit is to continue.

G. All site plan permits for temporary and rotating exhibits shall have expiration dates based on the time period scheduled for the exhibit.

H. All proposed changes to public art exhibits, including acknowledgement and titles, shall be submitted to the commission for review and approval.

(Ord. No. 2013-15, 9-16-13; Ord. No. 2014-09, 7-21-14; Ord. No. 2015-03, 2-16-15)

Briefly describe your artist rendering and submit a visual representation of the art work:

Location for the art exhibit:

TITLE: Appeal Hearing for Edson Macedo located at 3101 Old 41 Highway (also known as 3101 North Main Street) (parcel number 20012700180) regarding denial of his site plan for chickens.

Summary:
On August 1, 2023, the Planning and Zoning staff reviewed and denied Mr. Macedo's concept to have chickens located in the backyard of his property. After reviewing the site plan, Mr. Macedo's plan does not meet the requirements defined in the Unified Development Code (UDC) under section 1.09.02 for "Livestock, Nondomestic and Wild Animals, and Poultry: Animals, nondomestic and wild animals, and species of the aviary family which are or may be raised for the purpose of providing food, transportation, or being resold or bred (excluding only dogs, cats, rabbits, fish, pet mice, hamsters, gerbils, parrots and parakeets)." There are four requirements for non-domesticated animals and they are as follows: #1) shall only be permitted on a lot containing not less than two acres; #2) all buildings used for animals shall be set back not less than 200 feet from any property line; #3) all animals shall be maintained at least 25-feet from any residential property line; and #4) there shall be not less than 5,000 square feet of fenced lot area not covered by the principal structure for each animal, unless the property is a bona fide farm. Pursuant to section 10.05.01, Mr. Macedo has submitted a letter of appeal regarding the Zoning Administrator's decision of administration and enforcement of the UDC to the Mayor and Council. The property is zoned R-20 (single-family residential) and contains 2.6 acres and lies on Land Lot 127 Tax Parcel 18.

Recommendation:
The Zoning Administrator recommends denial of the site plan for chickens.

August 10, 2023

The Honorable Derek Easterling
Mayor of Kennesaw

Dear Mayor Derek Easterling,

Greetings!

We are writing this letter of appeal and reconsideration in regards to the denial of the city planning and zoning, over the request of raising chickens for personal use as food consumptions. The way the code is written, it requires that the residents should have at least two acres to raise poultry, in our specific case our land located at 3101 Old 41 Hwy Nw Kennesaw, Ga has 2.6 Acres.

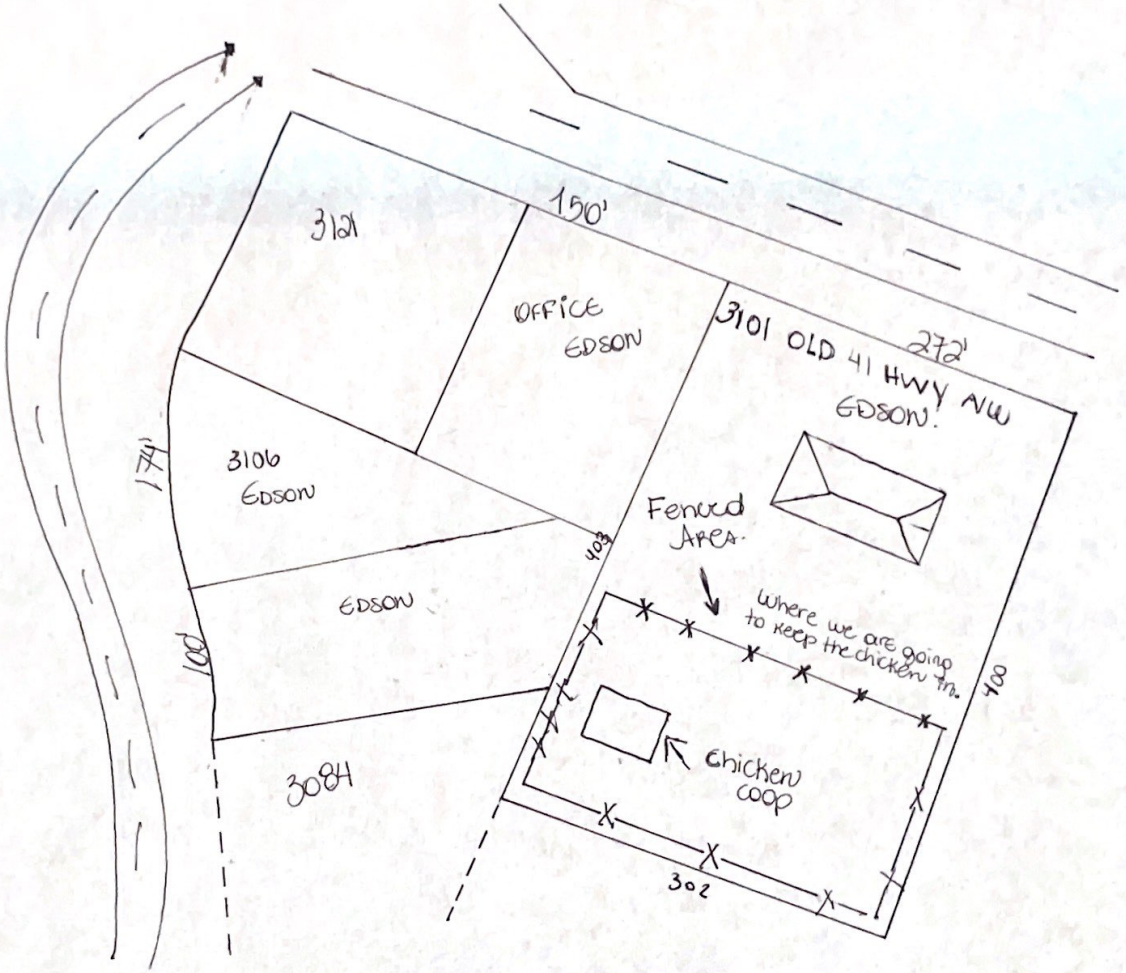

Our intention is to raise 20 chickens. The code also says that if you are raising poultry you need to keep them at least 25 feet from the property line. In order to house them you have to stay 200 feet from any property line. To me it makes no sense that you can have the chickens loose on your land as long as you do not let them get closer to any property line less than 25 feet. Whenever these animals go to sleep and they are inside their coop, or their little house, they need to stay at least 200 feet from any property line. In my case specifically, the northside of 3101 meets with the south side of 3106 vacant lot, planning space.

Going back to 3101 the space where I want to raise the chicken is over 30,000 square feet . What we are kindly requesting here, is that if you have more than 2 acres you should be able to have chickens. Also as long as you stay 25 feet from the property line and you house them, about 55 feet away from the property line. As we all know a chicken only needs 2 square feet to survive, and we have way more than that. Cobb county has adopted a similar rule, Marietta has adopted a similar rule, Woodstock, and Acworth has adopted a much more flexible rule when it comes to the housing of chickens.

With this request we are sending an annex with the property plot, the size of the fenced area, and the distance from neighbors and primary residents. If we are allowed to have chickens on our land, they will be kept in a fenced area measuring 45 feet by 75 feet. The chicken coop will measure 12 feet by 20 feet.

Best regards,

Edson Macedo.

Review #1 - completed on 07/25/2023 by AT

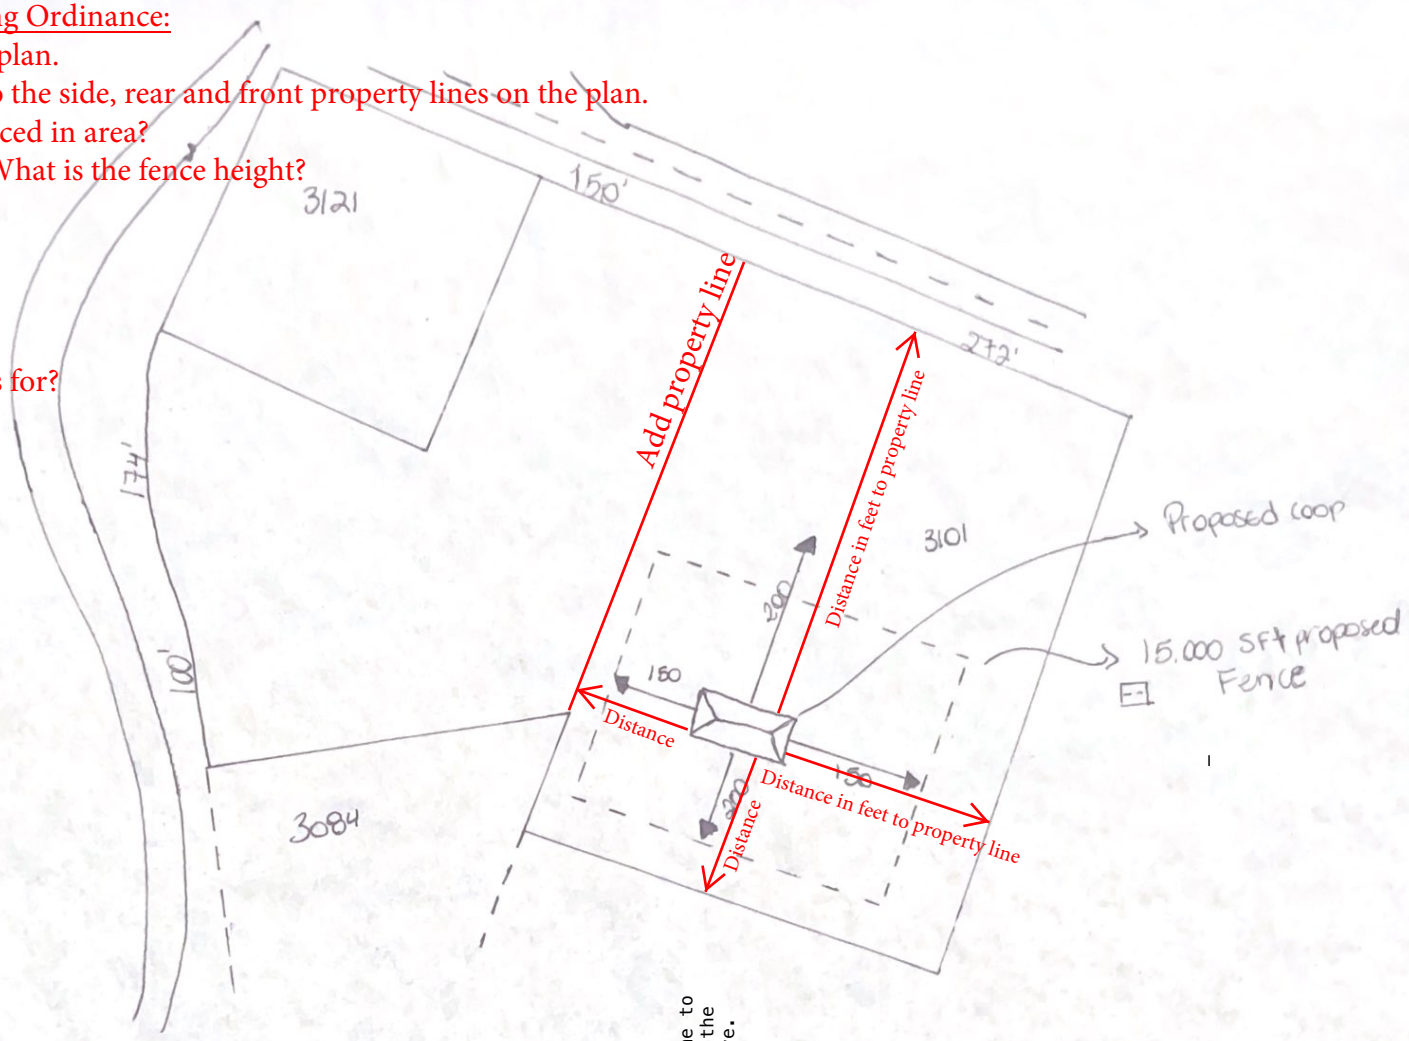

1. Missing distances (in feet) from proposed coop to side and rear property lines
2. Show where the 5,000 SF fenced in area will be

Regarding the Chicken Coop Plan, I am still unable to verify if you meet the Zoning Ordinance:

1. Still missing a property line on the plan.
2. Still missing distances from coop to the side, rear and front property lines on the plan.
3. What are the dimensions of the fenced in area?
4. What is the material of the fence? What is the fence height?

Regarding the free-range idea:

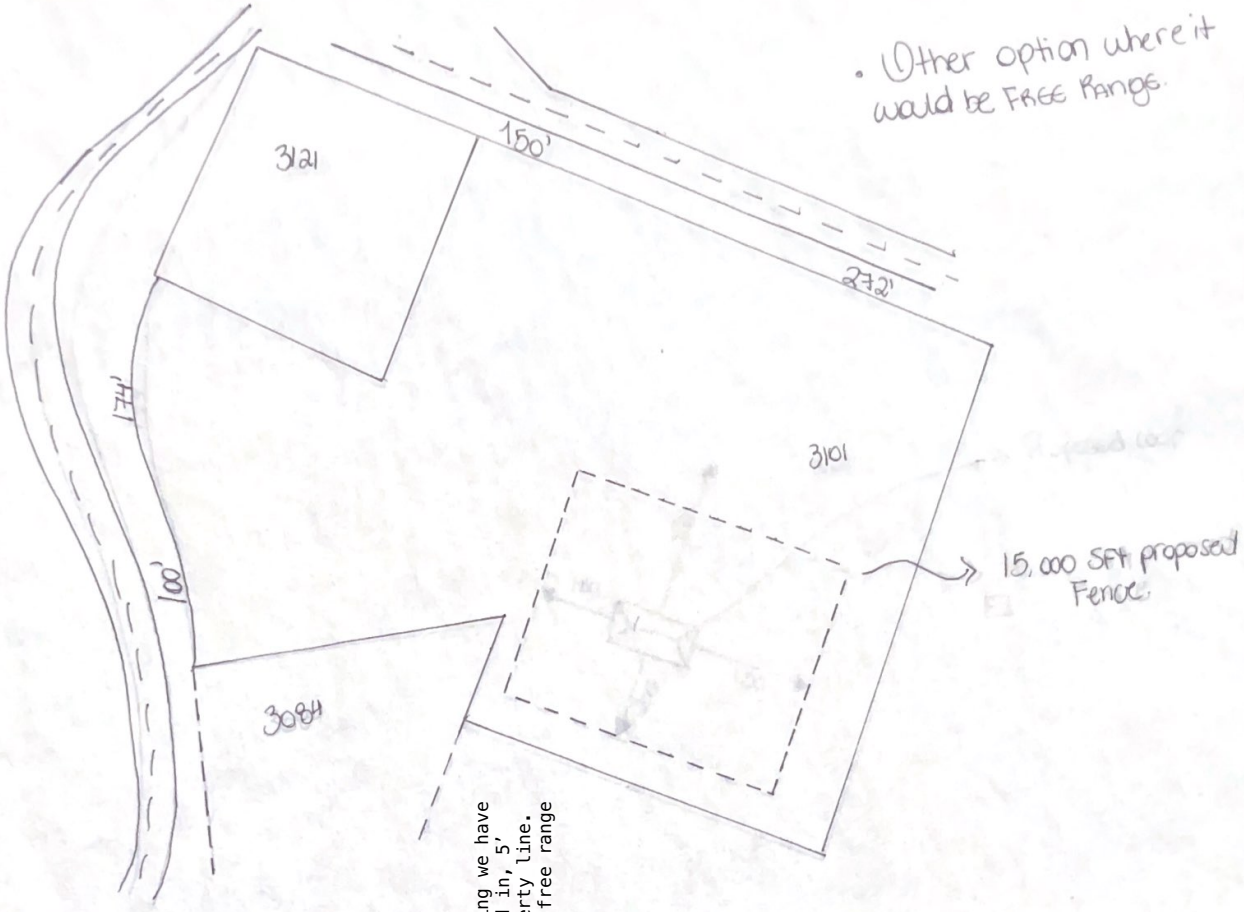

1. How many chickens will you have?
2. What will you be using the chickens for?
3. Where will the chickens nest?
4. Where will the chickens roost?
5. Where will the chickens get water?

In case you guys allow me to build the coop, this is the measurements that we have.

Review #2 - 7/28/23 - Denied by AT

see notes on page 1

In this other drawing we have 15,000 sq ft fenced in, 5' away from the property line. To raise them on a free range type.

1. There will be 20 chickens.
2. Food
3. Inside the fenced area.
4. Inside the fenced area
5. Water pan filled daily.

Does not meet standards within 1.09.02
Zoning denies site plan for review #3

Good morning,

After a third review of your proposed site plan for chickens located at the above subject property, the Planning and Zoning Department has denied this plan because it does not meet the standards as identified in section 1.09.02 for "Livestock, Nondomestic and Wild Animals, and Poultry."

An appeal to this decision may be done in accordance under section 10.05.01.

Thank you,
