Item Report

TO: The Honorable Mayor and City Council

FROM: Lea Alvarez, City Clerk, on behalf of Randall Bentley, Sr., City Attorney

DATE: October 30, 2023

TITLE: Approval of ORDINANCE to amend Article II, "Recognition and Adoption of Standard Codes," of Chapter 18, "Buildings and Building Regulations," of the Code of Ordinances to enact a local amendment to the Georgia State Minimum Standard Plumbing Code.

Summary:

The City points to state law for all standard codes, including building, mechanical, plumbing, electrical, etc. The Metropolitan North Georgia Water Planning District required the City to adopt an amendment to the plumbing code that it follows, the International Plumbing Code, which is in essence the State Minimum Standard Plumbing Code. In Section 18-15, language was added to clarify that the City is now pointing to the International Plumbing Code, as amended. Section 18-132 articulates those amendments. These amendments will go into effect on January 1, 2024. Legal has reviewed. This public hearing was advertised in the Marietta Daily Journal on October 27, 2023 and will be advertised again on November 3, 2023.

Recommendation:

The City Attorney recommends approval.

ORDINANCE NO. 2023-____, 2023

AN ORDINANCE TO AMEND SECTION 18-15 (ENTITLED GEORGIA STATE MINIMUM STANDARD CODES) OF ARTICLE II (ENTITLED RECOGNITION AND ADOPTION OF STANDARD CODES) OF CHAPTER 18 (ENTITLED BUILDINGS AND BUILDING REGULATIONS) AND TO AMEND ARTICLE VIII OF CHAPTER 18 TO ADD A NEW SECTION 18-132 TO BE ENTITLED “AMENDMENT TO THE STATE MINIMUM STANDARD PLUMBING CODE” IN ORDER TO ENACT A LOCAL AMENDMENT TO THE GEORGIA STATE MINIMUM STANDARD PLUMBING CODE

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF KENNESAW, GEORGIA, effective January 1, 2024, the Georgia State Minimum Standard Plumbing Code has been amended by the City of Kennesaw as follows:

That Section 18-15 of Article II of Chapter 18 of the City Code of Ordinances Kennesaw, Georgia is hereby amended by adding the underlined language to subparagraph (a)(4) to read as follows:

(4) International Plumbing Code, as amended as set forth in a new section: Chapter 18, Article VIII, Section 18-132;

That Article VIII of Chapter 18 of the City Code of Ordinances of Kennesaw, Georgia is hereby amended by adding a new section 18-132 to read as follows:

18-132. - AMENDMENT TO THE STATE MINIMUM STANDARD PLUMBING CODE (the following is to be read, applied, and enforced in conjunction with the Georgia State Minimum Standard Plumbing Code, as amended from time to time).

“Chapter 2, Section 202 General Definitions. Add in alphabetical order and revise, as applicable, the following definitions:

KITCHEN FAUCET OR KITCHEN FAUCET REPLACEMENT AERATOR. A kitchen faucet or kitchen faucet replacement aerator that allows a flow of no more than 1.8 gallons of water per minute at a pressure of 60 pounds per square inch and conforms to the applicable requirements in ASME A112.18.1/CSA B125.1.

LAVATORY FAUCET OR LAVATORY FAUCET REPLACEMENT AERATOR. A lavatory faucet or lavatory faucet replacement aerator that allows a flow of no more than 1.2 gallons per minute at a pressure of 60 pounds per square inch and is listed to the WaterSense High Efficiency Lavatory Faucet Specification.

LANDSCAPE IRRIGATION.

Flow sensor. An inline device in a landscape irrigation system that produces a repeatable signal proportional to flow rate.

Lawn or Landscape Irrigation system. An assembly of component parts that is permanently installed for the controlled distribution of water to irrigate landscapes such as ground cover, trees, shrubs, and other plants. Lawn and Landscape Irrigation System refer to the same system.

Master shut-off valve. An automatic valve such as a gate valve, ball valve, or butterfly valve) installed as part of the landscape irrigation system capable of being automatically closed by the WaterSense controller. When this valve is closed water will not be supplied to the landscape irrigation system.

Pressure regulating device. A device designed to maintain pressure within the landscape irrigation system at the manufacturer's recommended operating pressure and that protects against sudden spikes or drops from the water source.

Rain sensor shut-off. An electric device that detects and measures rainfall amounts and overrides the cycle of a landscape irrigation system so as to turn off such system when a predetermined amount of rain has fallen.

WaterSense irrigation controller. Is a weather-based or soil moisture-based irrigation controller labeled under the U.S. Environmental Protection Agency's WaterSense program, which includes standalone controllers, add-on devices, and plug-in devices that use current weather data as a basis for scheduling irrigation.

WaterSense spray sprinkler bodies. A sprinkler body with integral pressure regulation, generating optimal water spray and coverage labeled under the U.S. Environmental Protection Agency's WaterSense program.

SHOWER HEAD. A shower head that allows a flow of no more than the average of 2.0 gallons of water per minute at 80 pounds per square inch of pressure, is listed in the WaterSense Specification for Showerheads, and meets the US Department Definition of Energy definition of showerhead.

Chapter 6, Section 604.4 Maximum Flow and Water Consumption. Revise Section 604.4 to read as follows:

Consistent with the general approach taken in Georgia, these Maximum Flow and Water Consumption requirements and related definitions in Section 604.4 of the plumbing code shall apply to all plumbing systems, including those in one- and two-family dwellings. The maximum water consumption flow rates and quantities for all plumbing fixtures and fixture fittings shall be in accordance with Table 604.4.

Exceptions:

1. Blowout design water closets having a water consumption not greater than 3½ gallons (13 L) per flushing cycle.
2. Vegetable sprays.
3. Clinical sinks having a water consumption not greater than 4½ gallons (17 L) per flushing cycle.
4. Laundry tray sinks and service sinks.
5. Emergency showers and eye wash stations.

TABLE 604.4
MAXIMUM FLOW RATES AND CONSUMPTION FOR
PLUMBING FIXTURES AND FIXTURE FITTINGS

PLUMBING FIXTURE OR FIXTURE FITTING	MAXIMUM FLOW RATE OR QUANTITY ^b
Lavatory faucet and replacement aerators, private	WaterSense Labeled & 1.2 gpm at 60 psi ^f
Lavatory faucet, public (metering)	0.25 gallon per metering cycle
Lavatory, public (other than metering)	0.5 gpm at 60 psi
Showerhead ^a	WaterSense Labeled & 2.0 gpm at 80 psi ^f
Kitchen faucet and replacement aerators	1.8 gpm at 60 psi ^{f, g}
Urinal	0.5 gallon per flushing cycle ^f
Water closet	1.28 gallons per flushing cycle ^{c, d, e, f}

For SI: 1 gallon = 3.785 L, 1 gallon per minute = 3.785 L/m,
1 pound per square inch = 6.895 kPa.

a. A hand-held shower spray is a shower head. As point of clarification, multiple shower heads may be installed in a single shower enclosure so long as each shower head individually meets the maximum flow rate, the WaterSense requirements, and the US Department of Energy definition of showerhead. However, multiple shower heads are not recommended for water efficiency purposes.

- b. Consumption tolerances shall be determined from referenced standards.
- c. For flushometer valves and flushometer tanks, the average flush volume shall not exceed 1.28 gallons.
- d. For single flush water closets, including gravity, pressure assisted and electro-hydraulic tank types, the average flush volume shall not exceed 1.28 gallons.
- e. For dual flush water closets, the average flush volume of two reduced flushes and one full flush shall not exceed 1.28 gallons.
- f. See 2014 GA Amendment to Section 301.1.2 'Waiver from requirements of high efficiency plumbing fixtures'.
- g. Kitchen faucets are permitted to temporarily increase the flow above the maximum rate, but not to exceed 2.2 gpm (8.3 L/m) at 60 psi (414 kPa) and must revert to a maximum flow rate of 1.8 gpm (6.8 L/m) at 60 psi (414 kPa) upon valve closure.

604.4.1 Clothes Washers. Residential clothes washers shall be in accordance with the Energy Star program requirements.

604.4.2 Cooling Tower Water Efficiency.

604.4.2.1 Once-Through Cooling. Once-through cooling using potable water is prohibited.

604.4.2.2 Cooling Towers and Evaporative Coolers. Cooling towers and evaporative coolers shall be equipped with makeup water and blow down meters, conductivity controllers and overflow alarms. Cooling towers shall be equipped with efficiency drift eliminators that achieve drift reduction to 0.002 percent of the circulated water volume for counterflow towers and 0.005 percent for crossflow towers.

604.4.2.3 Cooling Tower Makeup Water. Water used for air conditioning, cooling towers shall not be discharged where the hardness of the basin water is less than 1500 mg/L. **Exception:** Where any of the following conditions of the basin water are present: total suspended solids exceed 25 ppm, CaCO₃ exceeds 600 ppm, chlorides exceed 250 ppm, sulfates exceed 250 ppm, or silica exceeds 150 ppm.

604.4.3 Landscape Irrigation System Efficiency Requirements. The requirements in Section 604.4.3 apply to all new landscape irrigation systems connected to the public water system except those (a) used for agricultural operations as defined in the Official Code of Georgia Section 1-3-3, (b) used for golf courses, and (c) dependent upon a nonpublic water source. Nothing in this

Code or this Section 604.4.3 is intended to require that landscape irrigation systems must be installed at all premises. The landscape irrigation efficiency requirements in this Section 604.4.3 apply only when someone voluntarily chooses, or is otherwise required by some requirement beyond this Code, to install a landscape irrigation system on premises.

604.4.3.1 Avoiding Water Waste Through Design. All new landscape irrigation systems shall adhere to the following design standards:

1. Pop-up type sprinkler heads shall pop-up to a height above vegetation level of not less than four (4) inches above the soil level when emitting water.
2. Pop-up spray heads or rotary sprinkler heads must direct flow away from any adjacent surfaces and must not be installed closer than four inches from impervious surfaces.
3. Areas less than ten (10) feet in width in any direction shall be irrigated with subsurface irrigation or by other means that produces no overspray or runoff.
4. Narrow or irregular shaped landscaped areas, less than four (4) feet in any direction across opposing boundaries shall not be irrigated by any irrigation emission device except sub-surface or low flow emitters with flow rates not to exceed 6.3 gallons per hour.

604.4.3.2 Landscape Irrigation System Required Components. All new landscape irrigation systems shall include the following components:

1. A rain sensor shut-off installed in an area that is unobstructed by trees, roof over hangs, or anything else that might block rain from triggering the rain sensor shutoff.
2. A master shut-off valve for each controller installed as close as possible to the point of connection of the water but downstream of the backflow prevention assembly.
3. Pressure-regulating devices such as valve pressure regulators, sprinkler head pressure regulators, inline pressure regulators, WaterSense spray sprinkler bodies, or other devices shall be installed as needed to achieve the manufacturer's recommended pressure range at the emission devices for optimal performance.
4. Except for landscape irrigation systems serving a single-family home, all other systems must also include:
 - (a) a WaterSense irrigation controller; and
 - (b) at least one flow sensor, which must be installed at or near the supply point of the landscape irrigation system and shall interface with the control system, that when connected to the WaterSense controller will detect and report high flow conditions to such controller and automatically shut master valves. The flow sensor serves to aid in detecting leaks or abnormal flow conditions by suspending

irrigation. High flow conditions should be consistent with manufacturers' recommendations and specifications.

Chapter 13 NONPOTABLE WATER SYSTEMS, Section 1304 Reclaimed Water Systems. Revise Section 1304.3.2 to read as follows:

1304.3.2 Connections to water supply. Reclaimed water provided from a reclaimed wastewater treatment system permitted by the Environmental Protection Division may be used to supply water closets, urinals, trap primers for floor drains and floor sinks, water features and other uses approved by the Authority Having Jurisdiction, in motels, hotels, apartment and condominium buildings, and commercial, industrial, and institutional buildings, where the individual guest or occupant does not have access to plumbing. Also, other systems that may use a lesser quality of water than potable water such as water chillers, carwashes or an industrial process may be supplied with reclaimed water provided from a reclaimed wastewater treatment facility permitted by the Environmental Protection Division. The use of reclaimed water sourced from any new private reclaimed wastewater treatment system for outdoor irrigation shall be limited to golf courses and agriculture operations as defined in the Official Code of Georgia Section 1-3-3, and such reclaimed water shall not be approved for use for irrigating any other outdoor landscape such as ground cover, tree, shrubs, or other plants. These limitations do not apply to reclaimed water sourced from existing private reclaimed water systems or from existing or new, governmentally-owned reclaimed wastewater treatment systems.

Appendix E, Section E101.1.2. Revise Section E.101.1.2 to read as follows:

Because of the variable conditions encountered in hydraulic design, it is impractical to specify definite and detailed rules for sizing of the water piping system. Accordingly, other sizing or design methods conforming to good engineering practice standards are acceptable alternatives to those presented herein. Without limiting the foregoing, such acceptable design methods may include for multi-family buildings the Peak Water Demand Calculator from the IAPMO/ANSI 2020 Water Efficiency and Sanitation Standard for the Built Environment, which accounts for the demands of water-conserving plumbing fixtures, fixture fittings, and appliances. If future versions of the Peak Water Demand Calculator including other building types, such as commercial, such updated version shall be an acceptable design method."

BE IT ORDAINED THAT all ordinances, parts of ordinances, or regulations in conflict herewith are repealed as of the effective date of this ordinance.

BE IT FURTHER ORDAINED THAT should any section of this ordinance be declared invalid or unconstitutional by any court of competent jurisdiction, such declaration **shall** not affect the validity of the ordinance as a whole or any part thereof which is not specifically declared to be invalid or unconstitutional.

BE IT FURTHER ORDAINED THAT this ordinance shall become effective on January 1, 2024, and after its adoption and execution by the mayor, pursuant to Section 2.11 of the City Charter of the City of Kennesaw.

- A. Consideration to approve a Land Use Permit application for the property located at 2800 Dominion Lane submitted by applicant Ali Jackson. Case #LU2023-02.

Zoning Administrator Darryl Simmons presented a land use permit application for the property located at 2800 Dominion Lane submitted by applicant Ali Jackson. Mr. Simmons explained that Ms. Jackson would like to bake and decorate cookies in her townhome. During the Planning Commission meeting on October 4, 2023, residents of the development spoke at the meeting regarding internal issues with their Home Owners Association's communication. Mr. Simmons explained that the city could not get involved in those issues. The HOA submitted a letter of approval for the proposed use. Mr. Simmons concluded all public notification requirements have been met.

- B. Approval of an ORDINANCE to amend the Unified Development Code, Appendix A, Chapters 4 and 5. Case #MISC2023-08

[Councilmember Jones arrived at 6:34 p.m.]

Zoning Administrator Darryl Simmons presented an ordinance to amend the Unified Development Code, Appendix A, Chapters 4 and 5. Mr. Simmons clarified that Chapter 4 was regarding additional language for the home occupation and business license process and Chapter 5 was a proposal from staff to amend the sign ordinance primarily giving exemptions to religious institutions for temporary signs. After legal review, there were issues with the proposed language, so Chapter 5 amendments will be withdrawn.

Councilmember Ferris saw the Planning Commission meeting last week, and the Commissioners brought up several issues. He asked if Mr. Simmons had done something to address the issues. Mr. Simmons replied there was some confusion regarding the two categories (Category A and Category B) in the Chapter 4 amendments and how the requirements will be regulated. The language talks about prohibiting a certain amount of deliveries. The question was raised as to how the city could regulate the amount of deliveries. Mr. Simmons responded the city would have to look at the volume of deliveries. There is a difference between getting a Rooms-To-Go delivery versus large, raw materials being delivered. Further, a question was raised about regulating the visiting hours for businesses that fall under Category B, such as a counselor or piano teacher. There is a set time for visitation from 8:00 a.m. to 8:00 p.m.

Councilmember Ferris said the term "deliveries" is too broad of a term for the Type A category. He asked Mayor Pro Tem Viars for some insight on how the deliveries are handled for Revival. Mayor Pro Tem Viars said Revival has a package room and every carrier knows how to get to the package room. She said she has never seen anyone

get an obscene number of deliveries. She is excited for Kennesaw to be so progressive. There is no other municipality that is doing this. She called and tried to find language and it did not exist. Mayor Pro Tem Viars stated that from a virtual office standpoint, deliveries are not a part of their business. She stated if you have to touch inventory, it needs to be coming from a warehouse somewhere, with you being in between, but it should not be coming to your house.

Mayor Easterling mentioned "bulk delivery" to describe the broad term "deliveries".

Mr. Simmons stated he would get with legal and come up with a term that is measurable.

6. Public Comment/Business from the Floor

JONATHON BOTHERS [City Resident and Candidate for City Council, Post 1]: Mr. Bothers has been living in the City of Kennesaw for two decades and has seen a lot of change during that time. He mentioned Swift-Cantrell Park did not exist when he moved here. There are great changes that have happened and will continue to happen in the city, and Mr. Bothers would like to be a part of them. The reason his family moved to the city was because it had a small town feel. Mr. Bothers is running because he believes he is able to help the city move forward. He believes the city can still be great despite the large number of apartments and traffic here. He believes in putting the city and our citizens first. He told the audience if they believe the same, they can visit jon4kennesaw.com and vote for him on November 7, 2023.

ANTHONY GUTIERREZ [City Resident and Candidate for City Council, Post 2]: Mr. Gutierrez stated because this will be the last time he can address the Council on air, instead of wasting time in reintroducing himself or giving a long-winded story about the campaign trail, he will be spit-firing what he believes and what his campaign is built upon. The first issue he mentioned was term limits. Mr. Gutierrez believes the age of the career politician needs to end from the federal level to the local level. He stated being a politician is supposed to be an act of civil servitude, not a career. He shared a three-term limit for the mayor and city council is a necessity. His second issue was regarding energy independence. Mr. Gutierrez believes Georgia Power is a monopoly and what they say goes. The city pays all of their investments and Georgia Power reaps all of the benefits. The citizens' reward at the end of the month is a higher bill. He stated our city should help its citizens to invest in renewable energy through a tax credit and help them save an average of \$1,500 on their electric bills.

Mr. Gutierrez' third issue was instant runoff voting. He said our last city council election had a candidate win despite only receiving 18% of the vote. A system where 82% of the vote does not go to the winner is outdated and flawed. Instant runoff elections would prevent this from happening again. His fourth issue was regarding the end to luxury apartments. Mr. Gutierrez believes these so-called "luxury apartments" only crowd our roads, increase our rents, raise our costs of living, and ultimately, lead our government resources to run thin, which then raises our taxes. Instead of investing in bringing new people to Kennesaw, he asked the Council to focus on the ones already living here. Mr. Gutierrez addressed the public and stated if they do not like the direction Kennesaw is heading, there is only one way to stop it, and it is to use their vote. Further, he shared that if they are as tired and upset as he is, go tell their friends about his campaign. He concluded by saying this is how they can get their Kennesaw back. To learn more, visit anthony4kennesaw.com.

MADELYN OROCHENA [City Resident and Candidate for City Council, Post 1]: Ms. Orochena shared that there were 25 people that voted early today, so she hopes it picks up a little bit more. Further, she hopes the city turns out the vote this time. She reminded people that election day is November 7, 2023. If the public would like to learn more about her, she encouraged them to visit madelyn4kennesaw.com.

Zoning Administrator Darryl Simmons presented a land use permit application for the property located at 2800 Dominion Lane submitted by applicant Ali Jackson. The applicant has submitted the application for the decoration of cookies within the residential unit utilizing regular household supplies and appliances. The applicant followed all of the public notification requirements. Staff received approval from the Homeowners Association regarding this proposed use application. On October 4, 2023, the Planning Commission voted to approve the land use permit application with conditions as outlined in the staff analysis. The use of the residential unit is in compliance with current home occupation standards.

- B. Approval of an ORDINANCE to amend the Unified Development Code, Appendix A, Chapters 4 and 5. Case #MISC2023-08

Zoning Administrator Darryl Simmons presented an ordinance to amend the Unified Development Code, Appendix A, Chapter 4 and 5. The legal ads that ran for these amendments noted Chapters 4 and 5 of the Unified Development Code. Chapter 4

deals with home occupation and Chapter 5 deals with amendments proposed by staff for temporary banners. Upon review, Mr. Simmons requested withdrawing the amendments proposed for Chapter 5 due to potential legal challenges; however, because it was advertised, a public hearing on Chapter 5 will still need to be had. Moving on to Chapter 4, Mr. Simmons mentioned one of the words was not stricken from 4.04.05(B)(1). The code section should read as the following, "In Type A home occupations, resident(s) use their home as a Virtual Home Office only. Employees, clients, or customers are prohibited from coming to the residence." What was removed was the term "delivery personnel." Including this term would be counterproductive to what the city is trying to accomplish due to delivery personnel visiting every residence within the city.

Staff have noted that since COVID, people have been using their homes as administrative offices. Because of that, there have been many inquiries into how the city was going to document this use properly. The proposed amendments went before the Planning Commission on October 4, 2023, which included discussions on how the city defines "deliveries" and "delivery personnel." Staff spent the last week reviewing these questions with the city's legal team and the conclusion by all parties was that it would be indefensible to prohibit delivery personnel from coming to residences. Since the city cannot differentiate personal delivery from home office delivery, it is impossible to enforce that. Mr. Simmons concluded that the best option is to eliminate any reference to prohibiting deliveries at the home as it pertains to Type B of the home occupation definition.

Motion by Councilmember Sinclair to divide item 10.B. Seconded by Mayor Pro Tem Viars.

Vote taken, motion unanimously approved 5-0. Motion passed.

Motion by Mayor Pro Tem Viars to approve [ORDINANCE NO. 2023-17, 2023](#) to amend the Unified Development Code, Appendix A, Chapter 4, as presented, including striking "delivery personnel" from 4.04.05 (B)(1) and the entirety of 4.04.05(D)(2) as requested by Councilmember Ferris. Seconded by Councilmember Jones.

Councilmember Jones asked if we have a Department of Development Services as referenced in 4.04.05(C)(8). Mr. Simmons replied that it had been removed and replaced by the Business License Department and Code Enforcement.

Councilmember Ferris stated he talked about his concerns regarding deliveries last week. He referenced 4.04.05(B)(1) and 4.04.05(D)(2) and finds them unenforceable.

Councilmember Ferris understands that the Type A business license is meant to be restrictive, but what is being proposed as far as delivery is too restrictive. How can we tell the United States Postal Service you cannot make deliveries to residences? Mr. Simmons said those requirements are being removed.

Mayor Pro Tem Viars stated she was the one who brought this idea up. Kennesaw is a university town and an incubator for start-ups and entrepreneurs. She has called other cities and no one has an ordinance in place that addresses this topic. Mayor Pro Tem Viars stated this language is progressive and that it is how a majority of people are working today. She appreciates Mr. Simmons' efforts and the work he did to accomplish these text amendments.

Vote taken, motion unanimously approved 5-0. Motion passed.

- A. Mayor and Council (re)appointments to Boards and Commissions. This item is for (re)appointments made by the Mayor to any Board, Committee, Authority, or Commission requiring an appointment to fill any vacancies, resignations, and to create or dissolve boards and commissions, as deemed necessary.

21. Council Reports & Discussions

Councilmember Sinclair commends Mayor Pro Tem Viars for the home occupation ordinance amendments as well as the speed at which Darryl and staff moved from the idea to the execution. Sometimes, local government gets a bad reputation for being slow, but these changes were incredibly fast.

Councilmember Jones has found out he and his wife are expecting twins. He is excited about the Life in the Cemetery event this week as it was a wonderful event last year.

Councilmember Burnette is running for reelection to City Council Post 1. She is excited to serve over 34,000 citizens here in the city. Councilmember Burnette is looking forward to using her business experience to make decisions for the city and to continue to see Kennesaw grow and prosper. Kennesaw has great things coming.

Councilmember Ferris said Dr. Drobney stole his thunder. He loves this time of year with all of the city's events. He recognized the high-quality staff and all the planning that went into them.

Mayor Pro Tem Viars is running for reelection to City Council Post 2. She mentioned a candidate forum that was held last week. Approximately 20 people attended the forum. The organization that ran it said without a state governor or presidential candidate on the ballot, we could expect 8% participation. She said we needed to do better than that. City elections are non-partisan. The team we all play for is Kennesaw, and the policies we pass can impact your life greatly. She implored everyone to get out and vote and not let someone else decide for them. Early voting started today! She exclaimed Vote Viars!

22. Executive Session

Pursuant to the provisions of O.C.G.A 50-14-3, the City Council could, at any time during the meeting, vote to close the public meeting and move to executive session to discuss matters relating to litigation, legal actions and/or communications from the City Attorney; and/or personnel matters; and/or real estate matters.

23. Adjourn

Mayor Easterling adjourned the meeting at 7:12 p.m. The next regularly scheduled meeting will be held Monday, October 30, 2023 at 6:30 p.m. in the Council Chambers. The public is encouraged to attend or view via Facebook Live.

KENNESAW HISTORY

Kennesaw, c. 1893-1901

Right: Downtown
Kennesaw, from GSU

Below: The 1901 *General*
Monument

The photograph above on the right, from Georgia State University, is often used to represent early Downtown Kennesaw. The fascinating image was taken from Main Street looking across the railroad tracks towards the depot. Interestingly, the photo shows how much the tracks have been built up over the years. The photographer was J. C. Stokely of Acworth, but there are some questions as to when the photo was made. Several clues, however, offer insight.

On the right is the current Kennesaw Depot, which according to newspaper accounts was built in 1893. Behind it, the earlier 1870s depot is shown, which was moved away from the tracks when the current depot was built. The water tower shown on the left was constructed by the Nashville, Chattanooga, and St. Louis Railway at the same time the current depot was built. All of these details mean the photo was taken after 1893.

Not shown on the left of Stokely's image is the monument to the *General* that was erected by the railroad in 1901 and is now a part of Commemorative Park. Because the monument is not depicted, the photo must have been taken before 1901.

TO: The Honorable Mayor and City Council
FROM: Darryl Simmons, Zoning Administrator
DATE: October 30, 2023
TITLE: Amendment to approved Public Art Exhibit #PA 2023-02

Summary:

The Mayor and City Council approved the location of the Bell Tower Art Exhibit #PA 2023-02 on April 17, 2023. The approved site was at Commemorative Park located at 2870 North Main Street. City staff determined through additional site analysis that the approved location would create challenges during installation, as well as not having the maximum visibility of the Bell Tower for the general public.

Recommendation:

City staff recommends the alternative site as presented in this agenda item. The new proposed location is identified as 2829 Cherokee Street. This parcel is owned and maintained by the City of Kennesaw and is located on the corner of Cherokee Street and North Main Street. This plaza contains 0.11 acres. The new location is highly visible and allows easier access for installation, display and maintenance.

The applicant presented a mural art exhibit application to staff for the subject location. The proposal is to install mural art on the boarded-up windows and door opening facing Main Street. The property was the former location for the Whistle Stop Restaurant. The building is currently vacant. The applicant submitted the art concept for the location. The required approval process involves public meetings before the Art and Culture Commission on April 6, 2023, the Historic Preservation Commission on March 31, 2023 and Mayor and City Council on April 17, 2023. The Historic Preservation Commission must reschedule their meeting due to lack of quorum on March 31, 2023. The city staff followed the public notification procedures as per adopted code by posting signs at the subject property and mailing of letters to the adjacent property owners.

Planning and Zoning Administrator Darryl Simmons presented a public arts exhibit submitted by Sean Mills for property located at 2871 North Main Street. This exhibit is a temporary mural installed on existing plywood used to board the windows and doors on the former Whistle Stop restaurant building, which will help beautify the property, particularly in time for the upcoming Big Shanty Festival. Mr. Simmons made it known this temporary installation will be on display for six months, which is the scope of the

submittal. All public meeting and notice protocols were followed. The required approval process involved public meetings before the Kennesaw Art and Culture Commission (KACC) on April 6, 2023 and the Historic Preservation Commission (HPC) on April 17, 2023, in lieu of the HPC meeting that was cancelled due to lack of quorum on March 31, 2023. Art and Culture Commission recommend approval with the following optional recommendations: a QR Code, for the public to get additional information about the exhibit as well as more male faces present within the artwork.

Motion by Mayor Pro Tem Viars to approve a public arts exhibit application submitted by Sean Mills for property located at 2871 North Main Street for a period of 6 months, including the recommendations by Historic Preservation Commission and Kennesaw Art and Culture Commission to add a QR code and additional male faces, as presented. Seconded by Councilmember Jones.

Mayor Pro Tem Viars posed the question if the artist were to change the gender of the people in the panels, would that affect the approval process that has already been set into motion. Mr. Simmons replied no, the intention behind changing the gender in some of the panels was to help represent everyday people. He also noted that KACC was walking a fine line between satisfying code and allowing for artistic expression. The artist would have to be willing to make the changes to the work as well. The artist, Sean Mills, then came up and spoke about how he is open making the suggested changes and welcomes the opportunity to collaborate with the community.

- B. Consideration of approval for a public arts exhibit application submitted by The City of Kennesaw for property located at 2870 N Main Street. Case #PA2023-02.

The City of Kennesaw in collaboration with the Kennesaw State University Master Craftsman program, solicited the art students to present concepts that would be considered for a single selection for approval, fabrication and placement within the veteran's memorial park located on Main Street. The city staff identified two possible locations for the selected sculpture within the veteran's memorial park property. The required approval process involves public meetings before the Art and Culture Commission on April 6, 2023, the Historic Preservation Commission on March 31, 2023 and Mayor and City Council on April 17, 2023. The Historic Preservation Commission must reschedule their meeting due to lack of quorum on March 31, 2023. The city staff followed the public notification procedures as per adopted code by posting signs at the subject property and mailing of letters to the adjacent property owners.

Planning and Zoning Administrator Darryl Simmons presented a public arts exhibit application submitted by the City of Kennesaw for property located at 2870 North Main Street. Mr. Simmons explained this application was a collaboration with students in the Kennesaw State University's (KSU) Master Craftsman Program. The location for the

proposed artwork would be in the Veterans' Memorial Park on Main Street. An internal panel reviewed the proposals for things such as liability, maintenance, and appropriateness. Five pieces were considered. Mr. Simmons went through each piece and its unique materials, shape and dimensions. He highlighted the two recommendations that were given by the Historic Preservation Commission (HPC) and the Kennesaw Art and Culture Commission (KACC).

The first recommendation was regarding the location of the art within the park. HPC and KACC both recommended location A within the park for any piece that was selected. The second recommendation was regarding which proposal to install within the park. The KACC recommended the Bell Tower piece as the selected work with the second option piece to be the Fallen Poppies piece. If the Bell Tower is selected, the KACC recommended the height be changed from sixteen feet to ten feet in addition to a rope or interactive element for the bell, a color coordination with other works, and instructions on when to ring the bell. If the Fallen Poppies is selected, the recommendation would be to raise this piece an additional ten feet to discourage touching by the public as well as add a plaque with poetry. Mr. Simmons noted this is a permanent installation under the protocol and guidance of the city once installed. The HPC recommendation was to follow the recommendation of the KACC. Mayor Easterling asked about a remote operated ringer for the Bell Tower. Planning and Zoning Administrator Simmons said that the HPC and KACC would leave that up to the City's discretion.

6:55 P.M. Floor Open for Public Comments

The Mayor briefly conversed with the city attorney to make sure his order of parliamentary procedure was correct before allowing the rest of council to speak on their thoughts about the projects presented. City Attorney Randall Bentley, Sr, swore in citizen Tanju Bayramoglu during public comment to lend his support to the Willow Tree Design. Artist Sean Mills gave some background on the group of pieces selected, noting which pieces were done by students and which were done by professors. Mayor Easterling brought up Mr. Simmons to reassure the public that the selection of a piece for this location was just the beginning and they will be considering the pieces not selected to go elsewhere in the city. Councilmember Jones selected the Bell Tower, suggested that there be a QR code with the lives and stories of veterans, and praised the use of other art being used around the city. Councilmember Ferris stated that he was not in support of any of the artwork presented and that he would like to place something in Depot Park instead. Councilmember Burnett chose the Bell Tower. Mayor Pro Tem Viars loved the Tree and the Fallen Poppies pieces, but she went with the Bell Tower because it felt more appropriate. She also asked about the lower height being too accessible to the public. Mr. Simmons replied that it would be at the discretion of the artist depending on the space that was selected in order to be as safe as possible. Mayor Easterling then clarified if Council agreed on location A and then Councilmember Sinclair agreed that he liked the Bell Tower piece in location A. Mayor Easterling noted Councilmember Ferris' opposition.

Mayor Pro Tem Viars made a motion to approve a public arts exhibit application submitted by The City of Kennesaw for property located at 2870 N Main Street, which is the permanent installation of the Bell Tower in location A to be between 10 feet and 16 feet in height, as presented. Seconded by Councilmember Burnette.

Vote taken, motion approved, 4-1. (*Councilmember Ferris Opposed*). Motion carried.

The City of Kennesaw proposes to relocate an existing sculpture from the present location at Smith Gilbert Gardens to the proposed location at the Depot Park. This sculpture was purchased through the Art and Culture Commission as part of the City of Kennesaw's initiative to promote art and education in public places. The required approval process involves public meetings before the Art and Culture Commission on April 6, 2023, the Historic Preservation Commission on March 31, 2023 and Mayor and City Council on April 17, 2023. The Historic Preservation Commission must reschedule their meeting due to lack of quorum on March 31, 2023. The city staff followed the public notification procedures as per adopted code by posting signs at the subject property and mailing of letters to the adjacent property owners.

Planning and Zoning Administrator Darryl Simmons presented a public arts exhibit application submitted by the City of Kennesaw for property located at 2820 Cherokee Street. Mr. Simmons shared this piece will be permanently relocated from Smith-Gilbert Gardens to the Depot Park. The exhibit was purchased originally through the Art and Culture Commission (KACC) from the artist. This would be the Depot's first art installation but can be moved in the future to accommodate other pieces. The sculpture will stand five feet and four inches and is made of moving steel parts that is activated by wind.

The Kennesaw Art and Culture Commission worked in collaboration with the administration at Pine Mountain Middle School to propose a music themed mural to be located on the existing retaining wall. The required approval process involves

public meetings before the Art and Culture Commission on April 6, 2023, the Historic Preservation Commission on March 31, 2023 and Mayor and City Council on April 17, 2023. The Historic Preservation Commission must reschedule their meeting due to lack of quorum on March 31, 2023. The city staff followed the public notification procedures as per adopted code by posting signs at the subject property and mailing of letters to the adjacent property owners.

Planning and Zoning Administrator Darryl Simmons presented a public arts application by Pine Mountain Middle School for property located at 2670 Summers Street. This exhibit is a collaboration with the Art and Culture Commission (KACC) and Pine Mountain Middle School. One of the KACC Commissioners, Erin Light, is a teacher at the middle school and helped to spearhead this project. The piece will be a whimsical music themed mural to be painted on the retaining wall on the property's parking lot and will be visible from Summers Street. The property owner has acknowledged the importance of keeping the art piece properly maintained and well kept. The students and teachers will be assisting with the creation of this piece. Mr. Simmons explained the exhibit would need to be completed this month as to not interfere with school getting out for summer. The students will be coming together for two Saturdays, April 21st and 29th, to finish it before the summer starts. Mr. Simmons noted that all four of the aforementioned proposals had the proper notification, postings, and letters sent out to all adjacent property owners.

RANDY STEWART [City Resident]: Mr. Stewart made the Council aware of his displeasure about the rezoning of a historic house next to his 2975 N. Main Street residence. He moved his family to Kennesaw due to the historic and small town appeal.

He noted his fears about rising crime, the loss of historic credibility in the area, increased traffic, and his inability to have a say in this rezoning and other changes in the housing around him. He urged Council to keep Kennesaw historic.

ANDREW BRAMLETT [City Resident]: Mr. Bramlett spoke about the history of Adams Park (**See Exhibit B**).

MARTY HUGHES [Assistant City Manager]: Mr. Hughes read a summary of an email submitted to kennesawcouncil@kennesaw-ga.gov by Brittany Haugen who lives near 2971 N. Main Street. She is highly opposed to the rezoning and stated there are other unused properties in the area that can be used for commercial purposes instead (**See Exhibit C**).

MADELYN OROCHENA [City Resident]: Ms. Orochena expressed support for the consolidation of the central business district, but noted the property being considered for rezoning is a residential home and the historic portion of her street would be encroached upon, leaving a small historic portion left.

MARY KLIEN [City Resident]: Ms. Klein shared she owns an acre of land not far from the proposed rezoning area and expressed her concern that all of the historic elements of the area will slowly start to disappear. She suggested using other unused areas for commercial use instead.

Hello,

I've heard about the awesome idea to have an "Everyday People" themed mural downtown and think this is a great idea! Our hometown in Michigan did something similar and it brought lovely, positive vibes to the downtown area. This is such a great way to demonstrate what a great community Kennesaw is!

Good evening,

I wanted to take a moment to share my excitement for the "Everyday People" mural in downtown, to be installed on the old Whistlestop Cafe.

As a new resident of Kennesaw, and a long term resident of northwest Cobb, it excites me to see beautiful art that represents everyone in the community.

I look forward to your approval of this important installation.

Thank you,

Dear Council members,

As a resident of the city of Kennesaw for 17 years, I am writing in support of the art project scheduled to be installed in the boarded up windows of the old Whistle Stop Cafe. I want to keep this short, because frankly I think it's ridiculous I even need to send this email. If the city is taking the stance that private property owners can do what they want with their properties, why is this even an issue? You're fine with the look of Wildmans but unsure of a mural that depicts residents enjoying the city of Kennesaw? I'm deeply concerned about my city's ability to embrace love and acceptance.

My name is Kristin Thomas and I live at 2976 N Main St, Kennesaw GA 30144. I am excited to see the new Art installation that will be going on some of our empty & boarded up buildings. Dear Kennesaw Council Members,

Please support Sean Mills and the Whistle Stop Mural Project. This is a public arts project that will bring art to the public in settings that provide a broad diversity of people access to experiencing art. Many people do not have access to museums. Bringing art to the people via public murals such as Sean Mills is proposing is an outstanding way of democratizing accessibility to visual art. Art can be uplifting, can beautify public spaces, can lead people to think in new ways about their own lives and the world around them. I urge the Kennesaw Council to approve the Whistle Stop Mural Project.

KENNESAW HISTORY

Adams Park

Adams Park, 1969

Image from the
Kennesaw Neighbor

Adams Park has been the home to Kennesaw's baseball fields since the 1950s. It was originally known as the Kennesaw Recreation Area. In 1957, plans were announced for the park that included a picnic area, clubhouse, playgrounds, and a lake. Except for the lake, all of these plans came to fruition.

In 1966, the park was renamed Adams Park in honor of the family of Mayor James "Johnny" Adams, whose family had given the land for the park. Throughout the 1970s and 1980s, more fields were added to Adams Park for baseball, softball, and football.

The Ben Robertson Community Center was built in 1972 as Food Giant, a grocery store. After being used as a SuperValu store and Dollar General, it was purchased by the City of Kennesaw in 1999. It was renovated into a community center and reopened in 2004. The building was named for Charles "Ben" Robertson in 2007. The most recent addition to the park is the Kennesaw Recreation Center, which opened in 2022.

Good afternoon,

It has been brought to our attention that 2971 N. Main St NW is applying to be rezoned commercial. As a neighbor on the street I would like to HIGHLY oppose this request. Where is the line if we allow this property to become commercial. There are plenty of unoccupied commercial properties in downtown that could be used instead. Let's keep Main Street historic and not turn it into Cherokee Street.
